

My Disciples 691

Chapter 691 It's time to make up for Huang Qian...

People on the fourth floor say more, not more, and say less.

Since there is no limit here.

Some people who want to learn more, or who have thought about addicting their eyes.

I still come here occasionally to have a look.

Jin Gongzi, who is a frequent visitor here.

Everyone is still very familiar with it.

Also familiar with his strength and the terrifying forces behind him!

When they saw that a child dared to stand in front of Mr. Jin and speak like this, they raised their brows.

At the same time, I mourn in my heart.

"It seems that this child and the family behind him will be destroyed..."

"For sure, this guy Jin Dan will take revenge on weekdays. Even if there is a slight verbal offense, he will be retaliated crazily. He has extremely small minds!"

"Speak carefully! Do you want to be exterminated too?!"

On the other side, two men in expensive clothes watched this scene and couldn't help laughing.

"Oh? It's rare, to let your own children be so presumptuous in front of that guy Jin Dan."

"However, I have to say that this Jin Dan's eyes are really sharp, such a superb product, he can see it at a glance."

"Hehe, when the time comes, shall we also get involved?"

"That's natural. When the time comes, it will depend on one's ability to see who can win this woman."

While they were talking.

Jin Dan directly slapped Xiaoshi's Tianling cover with his palm!

With a sinister smile on his face, his eyes were full of killing intent!

"Remember to vote for a reliable family in your next life!"

On the palm of his hand, the strength of the False God Realm is undoubtedly revealed!

Obviously, Jin Dan wanted to kill Xiao Shitou directly!

Didn't hold back the slightest hand!

Seeing this scene, there was no trace of fear in Xiao Shitou's eyes.

On the contrary, it was full of mockery.

When the little stone is about to make a move.

There is a cluster of flames, which suddenly rises in the palm of Jin Dan!

Under everyone's horrified eyes.

Jin Dan's entire arm was burned by this cluster of flames!

Let out a scream, fell to the ground, and kept yelling: "Help me! Save me!"

No matter how Jin Dan used his aura to save him, or rolled over, he couldn't extinguish the flame on his arm!

And this cluster of flames continued to spread towards Jin Dan's whole body.

Who shot this?

Everyone looked at Huang Qian.

Huang Qian turned around, looked indifferently at the gold sheet lying on the ground, and said nothing.

As if looking at a dead person.

And at the moment Jin Dan fell to the ground.

An old man suddenly appeared beside Jin Dan, intending to use his aura to extinguish the flames on his body.

But still unable to stop the fire!

The old man's face was ugly, he looked at Huang Qian, and said: "Your Excellency, we are members of the Jin family, and we hope to show some face."

"If you don't let go, maybe you still can't bear my golden armor's revenge."

In the entire barren realm.

Except for the very few forces.

That is, outside the Caotang, Qingyun Sword Sect, Yunhuang Empire, and the study.

Almost no force in the world can resist Jin Jia's revenge.

This is why Jin Dan is so arrogant and domineering.

"Revenge?"

Huangqian's complexion remained unchanged, her arms did not move, but her fingers slightly curled up.

The flames on Jin Shan instantly covered Jin Shan's whole body!

It was just a scream that lasted for a moment.

Jin Dan's body and soul were burned to death under the fire of Nirvana!

The old man was stunned.

The people around were also stunned.

They didn't expect that this fairy-like woman would actually dare to do something.

Moreover, there is such a powerful strength?

The two men in expensive clothes also let out a long breath with lingering fear.

Fortunately, they didn't step forward to tease her.

Otherwise, it is very possible that they will repeat the end of the golden order now...

but...

Although this woman is strong, does she have the backhand to resist the Jin family's revenge?

The old man looked at this scene with an extremely ugly expression, pointed at Huang Qian and said, "Okay! You are fine!"

Immediately, he took out a sound transmission talisman and transmitted the matter to Jin Jia.

Huang Qian didn't leave either.

Little Shitou asked suspiciously: "Sister Huangqian, should we go first?"

Huang Qian asked back: "Have you forgotten what your master taught you? When you encounter threats, you must first eradicate the threats."

In an instant, the small stone was messed up in the wind.

He wanted to say it.

Isn't this the case of helplessness that Master said?

There is not a paragraph in front of it.

"Don't you want to get into trouble..."

"It's not the same." Huang Qian shook her head and said, "They took the initiative to find trouble."

Xiao Shitou was taken aback when he heard this.

Seems to make sense!

Not for a while.

An extremely tyrannical aura came here!

Of course, I think so for everyone except Huang Qian and Xiao Shitou.

The roof of the attic was blown apart!

I saw seven people in the sky above, looking down with extremely ugly faces.

When their eyes fell on Huang Qian, they narrowed their eyes slightly.

"You killed Shan'er?"

Huang Qian did not answer, but asked instead: "Have all the so-called strong men of your family come?"

The seven people in the sky were all taken aback.

What's the meaning?

Only Huang Qian said calmly: "If not all come, I can wait a little longer, lest I have to go find them one by one."

One of them laughed angrily: "Could it be that, you mean that with your strength, you have full confidence to kill us all here?"

Huangqian didn't answer, just pointed out.

Suddenly, a fire whip was thrown directly at this person.

Extremely fast!

Before he could react.

This person was chopped into pieces!

Immediately, the flames howled, burning those fragments to death!

The faces of the remaining six people all changed drastically when they saw this.

The strength of the few of them is at the top of the Jin family, and the difference in strength is even smaller!

But the woman in front of her was just such an easy blow.

then kill it.

Obviously, the strength of the opponent is far superior to them!

"Your Excellency... who are you?"

The person headed by asked with a horrified expression.

Huangqian thought for a while, then said: "Thatched cottage."

Hear these two words.

Everyone was terrified!

No wonder there is such a terrifying strength!

This kind of monster can only appear in thatched cottage!

"It turned out to be thatched cottage, but we are blind, please let us go..."

Huang Qian shook her head and said: "That person said that if there is already a feud, it must be resolved as soon as possible."

Say it.

The fire of Nirvana turned into a fire whip, covered with the power of golden thunder, and threw it at the remaining six people.

Mouth just opened.

The first word is still in the throat.

was directly swallowed by the flames!

Everyone was a little dazed.

No, you already said that you are from thatched cottage.

Who else will be right with you!

Even if there is hatred between life and death, they will smash their teeth and swallow it in their mouths!

Little Shitou couldn't help giving Huang Qian a thumbs up.

It seems that it is not me who should make up the lessons.

It's Sister Huangqian...

Chapter 692 Wait? Why are you humming?

The name of thatched cottage once again resounded throughout the wild world!

Of course, in a way that Lu Changsheng was least willing to see...

After this.

Huang Qian and Xiao Shitou didn't stay any longer.

Instead, they took the rings from the seven old men of the Jin family and the so-called Young Master Jin.

After erasing the soul mark on it, he threw it to the maid at will.

Immediately, he picked out a few more clothes that closed his eyes.

Among them, there was also a white robe with emerald green willow branches patterned on the corner, Huang Qian took a second look and put it away.

Then he and Xiaoshi left the place.

The maid did not stop her.

just stared blankly at this scene.

Not to mention that Huangqian is from thatched cottage.

Even if they are not from thatched cottage, these eight rings are enough to remove all the clothes in their attic!

It can be said that it is.

These eight rings are already enough for half of the Jin family's property...

The two expensively dressed men looked at Huang Qian's so free and easy back.

Can't help but sigh with emotion: "As expected of a member of thatched cottage, there must be extremely valuable treasures among these few rings, some of which are even priceless!"

"That's for sure, thatched cottage doesn't like these things either."

"Right."

...

Returned to the world of longevity.

Lu Changsheng looked at the two of them nervously, and asked, "Nothing happened, right? No hatred?"

Even directly ignored Huang Qian who had put on new clothes.

Liu Ziru couldn't help covering her face, and sighed.

Such a charming woman is standing in front of you, showing you new clothes, obviously she wants to show you admiration!

In the end, it's okay if you don't watch it, and you are still concerned about whether you have provoked anything.

Although the little stone looks small, it is struggling in various boudoirs these days.

He is no longer the innocent little boy he once was.

Seeing Master's appearance, he also rolled his eyes and turned his head.

No eyes, no eyes!

Huangqian didn't expect Lu Changsheng to say anything good, but just smiled helplessly and told what happened.

to the end.

Huangqian asked: "Is this the right way to deal with it?"

Is it right?

When he heard halfway, Lu Changsheng's face turned bluer and greener.

until the end.

I was afraid that no one would know, saying that I belonged to thatched cottage!

Lu Changsheng hurriedly pinched him among the people to ensure that he did not faint from the anger.

I saw Lu Changsheng leaning on the wooden chair beside him, and said tremblingly: "When the time comes to give Xiao Shitou a lecture, you will listen to me too!"

After finishing speaking, he turned into a streamer and left the world of longevity!

Huang Qian asked, "What are you going to do?"

"Go clean up the mess!"

...

Then, half an hour passed...

In the wild realm, a top force named the Jin family disappeared into this world inexplicably.

Later, when someone came to search for clues, they thought it was someone from thatched cottage who came to take revenge.

But when they realized that the place where the Jin family perished was full of evil cultivators.

Only then did he no longer suspect Cao Tang.

Of course, this is what Lu Changsheng did on purpose.

When he came to provoke your thatched cottage, he was wiped out.

This idiot will place the number one suspect on Cao Tang!

However, if there is an aura that does not belong to the Caotang, it can be used as a smoke bomb to remove the suspicion of the Caotang, right?

...

After returning to the thatched cottage.

Huangqian looked at Lu Changsheng who was tired and tired, took out the prepared white robe, and handed it to Lu Changsheng.

"I bought too much, and they gave me one."

Lu Changsheng was slightly taken aback when he heard the words, and then said, "For me?"

"Otherwise? Are there other men here?"

Liu Ziru on the side: "???"

Am I not a man? ? ?

Little Shitou patted Liu Ziru's leg while gnawing candied haws, shook his head and said pitifully, "Uncle Liu, you are so miserable."

Liu Ziru glared at Xiaoshi: "Are you not miserable?"

Little Shitou looked at Liu Ziru as if he was looking at an idiot.

"I'm still a child, called a boy, understand?"

Liu Ziru's face was covered with black lines.

"That's right, I didn't hurt you for nothing." Lu Changsheng put on his clothes, looked at them with satisfaction, and said, "But the taste is still not as good as mine."

Hearing the previous paragraph, Huang Qian originally showed a smile.

As a result, after hearing the second half of the sentence, he immediately went dark.

"Hmph, I didn't pick it in the first place. If you think it's not good-looking, I'll burn it."

snort?

Where did this arrogant come from?

Personalization, even character?

Or are you just like this, hiding it? ?

Lu Changsheng clutched his clothes and said, "It's a pity to burn it, I barely use it to wear it."

Immediately, he looked at Xiaoshishi and said, "Okay, the training plan has been arranged. If it is not completed, the daily candied haws will be cancelled."

Little Shitou, who was teasing Liu Ziru, immediately shrugged his immature face when he heard these words.

It's over.

The good times are over.

...

In these days.

Absolute Soul City has also undergone tremendous changes.

Countless ascetics, their souls were extracted during the process of obtaining inheritance.

Not only that, but there are also news that people of the same clan are killing each other.

Some people think that it is for the sake of inheritance and will do whatever it takes.

After all, this is also normal.

None of the inheritances in Absolute Soul City are simple.

certainly.

This is also the news that Ye Qiubai got after arriving at the central city of Juehun City.

When Ye Qiubai came here.

Dozens of people have already arrived here.

Among them, Xiao Hei and Mu Fusheng were included.

Su Family Su Muyou.

Ling Xian Gong Lin Zhinan, Gu Xi.

On Tianjian Peak, Chi Bing is the only one.

All four people from Xianyuan Village arrived.

And, Biluo Huangquan Temple and Infernal Purgatory...

The rest of the casual cultivators are also Zongmen cultivators.

Ye Qiubai didn't know him.

Not for a while.

Mu Fusheng and Xiao Hei stepped forward.

"Brother, I didn't expect you to come so slowly?"

Ye Qiubai nodded and said, "I was delayed on the road."

Along the way, Ye Qiubai saw those corpses, and spent some time looking for the rest of Tianjian Peak.

This slowed down the progress.

"However, why are they not moving here?"

Mu Fusheng shook his head.

"I don't know." Immediately, Mu Fusheng pointed forward, where there was an invisible light curtain.

"No matter how you attack, you can't break through the light curtain. It must be the same rule as before. If you don't have all the people, you can't pass through."

Xiao Hei scratched his head and said, "But there shouldn't be many people left, it's been so long."

Both of them nodded.

Ye Qiubai looked around.

There are tens of thousands of ascetics who came into Juehun City.

However, until now, there are only a few hundred left...

It can be seen how cruel it is.

At this moment, Pan Xie approached with the other three people from Infernal Purgatory.

Chapter 693 Form an alliance?

"Congratulations, you have made it this far."

With an evil smile on his face, Pan Xie said as he approached Ye Qiubai and the others.

Ye Qiubai and the three looked at Pan Xie in unison.

For Infernal Purgatory.

The three of them have no good impressions.

First, the method is too cruel, the heart is too vicious, and it is a complete evil cultivator!

Second, the intention to kill them was for the enemy.

"Why, so impatient, can't wait to show your fangs here?"

Pan Xie waved his hand and said, "Don't get me wrong, I'm not here to find fault this time."

Didn't come to find fault?

Mu Fusheng took a step back, with one hand behind his back, and between his two fingers, there was a killing talisman.

This position can not only hide one's purpose, but also ensure that the opponent is within the attack range of this talisman.

Pan Xie, who had suffered at the hands of Mu Fusheng, frowned when he saw this, and said, "Mu Fusheng, I didn't come to fight with you, put away the talisman behind you."

to be honest.

Among Mu Fusheng, Ye Qiubai, and Xiao Hei.

What Pan Xie fears the most is not Ye Qiubai, who can unleash the power of a fairy sword, nor Xiao Hei, who has a strong bloodline.

It's this Mu Fusheng who seems to have countless masters!

Mu Fusheng smiled, put his hand back in front, and put away the talisman in front of Pan Xie.

However, another talisman has long been suspended behind Mu Fusheng...

A filament of the soul that is difficult for others to notice is drawn on the talisman, and it can be detonated at any time with just a thought!

Pan Xie said with a smile at this time: "That's right, it's not yet time to go to war, and it's right to save your energy to deal with the crisis that will follow."

Mu Fushengxu and persuasively said: "That's right, that's right, you're right."

Ye Qiubai and Xiao Hei on the side were speechless.

In the future, you must never believe in the nonsense of this kid Mu Fusheng!

"So, the purpose of my coming is to discuss something with you."

"What's the matter?" Ye Qiubai asked.

"Make an alliance."

Alliance?

To be honest, Ye Qiubai and the others did not expect this result.

It is a road that has never been imagined!

Pan Xie spread his hands, and said with an evil smile: "Your strength, after so many battle performances, cannot be viewed with common sense, so as long as we join hands, there will be no force in this Absolute Soul City that will be our opponent !"

Hearing this, Ye Qiubai asked with a smile that was not a smile: "Oh? If we form an alliance with you, what good will we gain?"

"There are naturally many benefits." Pan Xie smiled and said: "Our purpose is only for one thing, as long as we get one of the things we want, the rest of the inheritance or treasures of heaven and earth are yours. "

"Our Infernal Purgatory will never fight for it."

"Don't mistrust us, Infernal Purgatory, even though we are evil cultivators."

"But because it is an evil cultivator, the distribution of spoils is simpler and fairer, and everything is distributed according to strength!"

Speaking of this, Pan Xie sneered and looked at the powerful cultivators behind him, "It's not like those self-proclaimed upright people who look dignified and speak uprightly, but they are extremely ugly when they act. "

This sentence is true.

Some respectable ascetics do.

Mu Fusheng smiled and said, "It sounds quite tempting."

"Then your choice?"

Mu Fusheng and Xiao Hei both looked at Ye Qiubai.

After all, Ye Qiubai is a big brother.

Going out, if the master is not around for some important matters, it is natural to ask Ye Qiubai, the senior brother.

Ye Qiubai smiled, without any consideration, and said decisively: "I think you are also quite ugly."

The benefits promised by Pan Xie are tempting.

But the other party's style and deeds have proved that they are not a reliable partner.

"Are you sure?" The evil smile on Pan Xie's face gradually sank.

"If you don't agree to form an alliance, I'm afraid... you won't be able to get out of Absolute Soul City alive..."

The smile on Ye Qiubai's face grew stronger.

"With your words, I feel relieved."

"how do I say this?"

Ye Qiubai touched the Hunyuan Immortal Sword at his waist, narrowed his eyes slightly: "This way we won't have to bear the burden when we brothers attack you."

"The tone is not small?"

"Did you win the Wanyu Grand Competition before?"

"Don't mention the past, in Absolute Soul City, it is different from before."

Xiao Hei took a step forward, and said lightly: "In Absolute Soul City, you can't beat me."

Pan Xie's face was ugly.

Pointing to Ye Qiubai and the others, he said: "The background and means of Infernal Purgatory are beyond your imagination. When the time comes, I will see the real chapter."

"I hope you will not regret your decision at this time."

After finishing speaking, he left this place with Jiang Chen and the others.

On the way, Jiang Chen asked: "Senior Brother Pan, why did you find them to be an ally? When we arrive at the center of Absolute Soul City, plus Biluo Huangquan Palace, how can they be our opponents?"

"And, when the time comes, don't we still have to kill them and extract their souls?"

Pan Xie smiled sullenly and said: "Their strength may indeed become a variable, so I thought about recruiting them first, and then solving them at the end."

"But now these three people don't know good from bad, so let's solve it together."

...

After the four people from Infernal Purgatory left.

Lin Zhinan, Gu Xi, and Su Muyou from Lingxian Palace all came over.

Chi Bing and the ape man from Xianyuan Village also came together.

I saw Lin Zhinan asking: "Why, those guys from Infernal Purgatory want to trouble you?"

Ye Qiubai smiled and nodded: "They said they wanted to form an alliance with us, but I refused."

Alliance?

This made several people slightly taken aback.

Su Muyou nodded coldly and said: "Rejection is the right decision. Now, we have started to form an alliance in the dark and gather people. As long as we find the hinterland of the sect of Infernal Purgatory, we will take action after the end of Absolute Soul City!"

After the Wanyu Grand Competition.

All major sects and hermit forces have begun to make connections secretly.

After all, the malignant tumor of Infernal Purgatory grew again.

Once it erupts, it will be a disaster for the entire mid-latitude boundary!

Rise up before it's fully grown!

Ye Qiubai looked at Chi Bing and asked, "Isn't Chu Lan with you?"

Chi Bing shook his head and asked, "Where's Brother Zhuang?"

Ye Qiubai told what happened.

Chi Bing just nodded silently.

His face was slightly gloomy.

Ye Qiubai also sighed lightly, then Chu Lan is probably in danger...

"However, the number of people should be coming soon, right?"

Another half day passed.

There are three people walking from a distance.

When the three came, the barrier began to shake!

And among the three.

One of them is Le Zhengchi!

There were two people left, and Chu Lan was not there.

Chapter 694 After the gate of hell, three cities

When the barrier in front of everyone began to tremble and become illusory.

It also means that the ascetics who are qualified to reach the center of Absolute Soul City have arrived.

The rest of the people who did not come, either returned the same way, or died on the way. certainly.

If they hadn't come here, most people would have died in the process.

No one knows what is hidden in the center of Absolute Soul City.

However, there is such a strong inheritance in Zhongwei.

Then how can the things in the center of Absolute Soul City be bad?

Few ascetics can resist the temptation.

According to Chu Lan's personality, she is naturally one of them.

And he wasn't in the crowd.

That also means that he is already in danger...

Now, Tianjianfeng, Zhuang Zidong and Chu Lan have all been killed.

Chi Bing was silent, his face heavy.

Ye Qiubai patted Chi Bing on the shoulder, and said consolingly: "Now is not the time to think about these things, just finish the rest of the road in Juehun City, get the inheritance, and improve your own strength, so that the people of Tianjian Peak The younger generation is not too weak."

"At that time, I will leave it to you to support the sect."

Chi Bing looked up at Ye Qiubai and asked, "Didn't the suzerain entrust the sect to you?"

Ye Qiubai is the sword hand-picked by the suzerain Huo Zhengheng.

After Huo Zhengheng abdicated, Ye Qiubai was the indisputable new generation of Tianjian Peak suzerain.

Ye Qiubai smiled and said: "Senior Huo and I have already agreed that we will not take over the sect."

Chi Bing nodded.

"Elder brother, stop talking."

Mu Fusheng was suddenly beside him, pointing to the front, and said solemnly: "Look over there."

Hearing this, Ye Qiubai looked in the direction Mu Fusheng pointed.

Suddenly, his eyes slowly widened.

His eyes were full of astonishment!

It's not just Ye Qiubai and the others.

Lin Zhinan, Su Muyou, Gu Xi, Le Zhengchi and others.

They all have serious faces.

Only the Infernal Purgatory where Pan Xie was, and the Biluo Huangquan Palace where Qiu Genyin was, looked at this scene with dull expressions.

It seems that this situation has been known for a long time.

After the barrier disappeared.

Into the eyes, there is actually a huge door!

The door is wide open, and above the door, there is a sculpture of a ghost.

If you look carefully, this evil ghost seems to be screaming at you with its mouth open, sucking your life essence.

Click, click, click...

Suddenly, the big mouth of the evil ghost sculpture slowly opened.

There was an ear-piercing sound of forcibly opening as if it had rusted due to being untouched for a long time.

A sound that seemed to come from the depths of **** resounded in everyone's ears.

Like a ghost calling back the soul!

"The gate of **** is closed, ten people go, nine will not return."

"Entering the gate of hell, dying every step of the way, retreat now, maybe you can save your life safely."

"If you want to enter the real center of Absolute Soul City, then go through this door..."

Hearing this terrifying voice, everyone frowned slightly.

However, no one wants to leave!

Those who can come here are all the proud sons of various sects and forces.

There are also top figures among casual cultivators.

Among these people, which one is not a proud person?

What's more, we have already reached this point, and we are only one step away from the end. How can we be frightened by a sentence, a sculpture of an evil spirit?

The first move is the Infernal Purgatory headed by Pan Xie.

Before the four of them stepped into it, they glanced at Ye Qiubai and the others with murderous eyes.

As if to say, you will regret your previous decision.

Regarding this, Ye Qiubai and the others ignored it.

have to say.

They are not surprised to see this kind of look.

I never regretted it once.

Immediately afterwards, there is the Biluo Huangquan Hall.

When the two forces entered, the rest of the people also began to squeeze in.

Including Le Zhengchi and other casual practitioners.

Lin Zhinan smiled and said: "Brother Ye, Su Muyou, how about we form an alliance for the rest of the road?"

Su Muyou nodded slightly.

After this ghost gate, I don't know if there is any crisis. Forming an alliance is also a good choice now.

Ye Qiubai and the others didn't mind, and agreed.

The three parties brought people from their respective sects, and they also passed through the gate of hell.

Just, at the moment of stepping into the gate of hell.

A black light fell on the back of everyone's hand!

As they pass through it.

Look down at the back of your hand.

I found the outline of a skull on the back of the hand!

In the outline, there should have been a word or image to fill it, but now it is empty.

Presumably it will also be related to the later tests and the like.

After the gate of **** is closed.

is a lengthy dark passage.

I don't know how long I walked.

There is light shining on everyone.

is the starlight illuminated by the bright galaxy in the sky.

However, the scene in front of them surprised everyone again.

There are actually three roads ahead.

In front of each road, there is a stone tablet.

On the stone tablet, there are ancient characters.

On the left is the city of Purgatory.

On the right, Nebula City.

In the middle is the Demon King City.

Every road leads to a city?

Gu Xi frowned slightly, and asked in confusion, "What does this mean?"

"The meaning is very clear." Lin Zhinan pointed to the sky.

I saw that above the three roads, there was a starry light curtain.

On the light curtain, words are engraved.

Everyone needs to choose their own city, and there is no limit to the number of people in the city.

When you choose to be in a city, the people in it will become an alliance.

After everyone has made their selections, the three cities must attack each other, and the last city will receive the final reward of the City of Absolute Soul.

City battle?

Lin Zhinan smiled lightly: "This is interesting."

Su Muyou and Gu Xi both looked at Lin Zhinan.

If the city is the center of the attack on other people, this is Lin Zhinan's home field.

After all, he is a person who is called a think tank.

"How about it, brother Ye, the alliance continues?" Lin Zhinan looked at Ye Qiubai with a smile.

Ye Qiubai asked: "Which path do you not choose?"

Lin Zhinan spread his hands: "There are no clues, no clues, you can choose either one, but in the case of Purgatory City, Infernal Purgatory and Biluo Huangquan Palace should have passed."

Wait until he finishes speaking.

Le Zhengchi suddenly walked towards the road of Xingyun City.

Behind him, followed by a group of casual cultivators.

These casual cultivators are also well-known and tyrannical existences in the mid-latitude realm!

"It seems that these casual cultivators are ready to form an alliance."

And at this time.

Xiao Hei walked out suddenly, pointed to the middle, the road leading to the Demon King City, and said, "I'm going here."

Hearing this, Ye Qiubai didn't think too much, and nodded with a smile: "Then let's choose this path."

Mu Fusheng said indifferently: "As you like."

Xiao Hei rarely stands up to make decisions.

Once he makes a decision, it means he has his own ideas.

Wait until the decision is made.

Alignment is also determined.

Ye Qiubai and the others are all heading towards the road of Demon King City.

Chapter 695 Start deployment

Until now, the alliance has also been clarified.

Purgatory City: Infernal Purgatory, Biluo Huangquan Palace.

Xingyun City: A group of casual cultivators headed by Le Zhengchi.

Demon King City: Ye Qiubai, Xiao Hei, Mu Fusheng, Lin Zhinan, Gu Xi, Su Muyou, Xianyuan Village, Chi Bing.

It seems that Ye Qiubai's alliance team has the advantage.

Whether it is the number of people or superficial strength.

Then there is the Loose Cultivator Alliance represented by Le Zhengchi, whose strength is not bad, and their personal strength is comparable to the existence of those top-notch talents!

Purgatory City has the fewest people.

on the way.

Lin Zhinan thought of this question, rubbed his chin and thought, "How will they make up for the disadvantage in numbers?"

"If it's a city battle, if the gap in strength is not too large, the advantage of numbers will be fully reflected!"

When there are too many people, whether it is outflanking, direct frontal attack, or multi-faceted defense, there is a natural advantage.

Ye Qiubai was also thinking about this question: "At that time, the rules stated that there was no limit to the number of people in each city, so if they all happened to choose to be in one city, wouldn't they win without fighting? Received a reward?"

Mu Fusheng shook his head and said: "This is the most strange point. According to what others have said, Absolute Soul City is an extremely dangerous place, as can be seen from the previous two tests."

"Then this last step will definitely not be easy."

"Will..."

Suddenly, Lin Zhinan and Mu Fusheng said at the same time: "If we both choose one city, Absolute Soul City will never allow us to pass the test so easily. There will definitely be other complements in the other two cities!"

Ye Qiubai nodded: "That is to say, the side with fewer people may enjoy the supplies from Juehun City?"

When I heard this.

Everyone looked stunned.

This is the only statement that can explain what is said in the rules.

On the road, there is no special scenery along the way.

Through the forest, there is a desert with concave and convex.

Finally, they came to a plain full of black magic energy.

Even the soil is completely black.

And come here when.

Ye Qiubai and the others could already see the outline of a small city.

After walking in.

There is nothing special about the city.

It's just that there are three stone pillars in the center that reach the sky!

Filled with the power of seal suppression.

The suppressing force of the seal here is many times stronger than the suppressing force in the periphery.

The entire city is in the shape of a square.

The walls are all around.

In every direction, there is a city gate.

When Ye Qiubai and others walked to the northward city gate, the city gate opened automatically.

"go in."

Ye Qiubai and others stepped into the city gate.

The moment they stepped into the city gate, everyone found that the outline of the skull on the back of their hands was filled with the word "magic" in the center of the outline.

Obviously.

This mark is used to record the sign of the city to which you belong.

At this time, Lin Zhinan said: "There are some things we should agree in advance."

Everyone turned their heads to look at Lin Zhinan.

Lin Zhinan explained: "If it is a city battle, then we must choose a lord, an army, without a leader, and if we fight on our own, it will be a mess, and it will be easy for the opponent to catch weaknesses and break them one by one!"

Su Muyou squinted and asked, "Do you want to be the team leader?"

"No, no, no." Lin Zhinan quickly waved his hands and smiled, "Miss Su, don't hurt me, make me want to fight for power."

"Then who will do it?"

Lin Zhinan looked at Ye Qiubai with a smile, and said, "Brother Ye, how about you?"

This is not flattery.

Lin Zhinan explained: "Brother Ye is the senior brother of Brother Xiao Hei and Brother Mu, and you have also defeated us before."

"Strength is also recognized by all of us."

"So, what is Brother Ye's intention?"

Ye Qiubai looked at the others.

The rest of the people all set their eyes on themselves.

There is no objection at all.

Seeing this, Ye Qiubai nodded and said: "In this case, I will temporarily take the position of team leader. If you think there is anything wrong, you can bring it up at any time."

Lin Zhinan smiled and said, "Okay, Brother Ye, start assigning tasks."

Ye Qiubai thought for a while, and then began to say: "Lin Zhinan, you will be the military advisor."

"Mu Fusheng, as the rear support, you will seal the seals and build the defense of the city first."

Both Mu Fusheng and Lin Zhinan nodded.

These are all areas they are good at.

"Su Muyou, lead some people to check the east gate."

"Xiao Hei, you..."

When Ye Qiubai looked at Xiao Hei.

But found that Xiao Hei was staring straight at the three stone pillars in the center, fascinated.

Seeing this, Ye Qiubai said: "Xiao Hei, if you have something you want, you can go and see it first."

Xiao Hei didn't refuse, and immediately rushed over there.

Under the suppression of those three stone pillars.

He can feel that there is something he needs below!

It seems to be pulling his soul!

In the process of advancing, the closer you get, the more you can feel the memory fragments in your sea of consciousness flickering frantically!

Probably.

One of the soul fragments.

Right in the center, under the suppression of the three stone pillars!

Xiao Hei needs to find out the truth of the matter urgently.

Ye Qiubai was arranging tasks.

First of all, it is to understand all the structures in the Demon King City.

After all, they still don't understand the structure of the Demon King's Castle.

The structure of a city is not fully understood.

Then how to defend?

At that time, if the enemy finds a loophole, wouldn't it be game over if they break it in one fell swoop?

Mu Fusheng was looking for a quiet mansion.

Prepare seal carving talismans.

The choice of this place must also be a place that can take care of the city walls in the four directions of southeast, northwest and north in time.

All tasks have begun to proceed steadily.

the other side.

Xiao Hei has also come under the three stone pillars.

Here, there is a huge grotto!

And outside the grotto.

Three stone pillars suppressed at the same time, blocking the entrance of the grotto!

Xiao Hei can see clearly.

In the grotto, wisps of black magic energy continuously flowed out of it.

Although under the suppression of the stone pillar.

The magic energy could not be completely rushed out, but a little bit was still revealed.

Xiao Hei can feel a breath of the same source with just a little contact.

This breath can make one's blood boil!

This also made Xiao Hei more certain.

Under the grotto.

Suppressing another piece of his soul!

But.

But now it is still unable to break the seal of the stone pillar.

Ye Qiubai came over and asked, "Is there something you want down here?"

Xiao Hei nodded.

"Don't worry, presumably, as long as the other two cities are broken, the seal here will naturally dissipate."

Chapter 696 kicks off

【City battle restriction: The level of borrowed foreign objects cannot exceed the Earth Wonderland, including Earth Wonderland】

That is to say, Mu Fusheng can only use the talisman seals of the turbid fairyland at best.

Ye Qiubai also couldn't use the Hunyuan Immortal Sword in his hand.

Su Muyou also couldn't use the Shulong Taotie Cauldron.

...

The deployment of Demon King City is proceeding in an orderly manner.

After inspecting the whole city, it was found that there were no redundant loopholes. There were only five entrances to the Demon King City.

The gates of the four city walls in the southeast, north and west.

and Yukong enter the Demon King Castle.

During the deployment meeting, Mu Fusheng brought it up and said, "If there is no means to restrict the air, then the city wall will be useless."

"After all, the opponent's realm is not weak. You don't need to force your way through the city gate from the ground, but you can attack the city from all directions!"

"In this way, it will be meaningless for us to strengthen the defense of the city wall."

This point made.

Everyone nodded solemnly.

Although this final test is urban warfare.

But the city battle here is different from other large-scale city battles.

Large-scale city battle, there will inevitably be land troops to attack, and at the same time carry out air offensives.

This is to carry out an all-round attack, so that all attackers can smoothly invade the city without being crowded and thus unable to slow down the attack rhythm.

Because there are more combatants on both sides.

As for the city battle in Absolute Soul City, obviously, the number of people was very small.

You don't need to consider the problem of overcrowding and slowing down the attack rhythm due to too many people when attacking the city, and just attack with all the air defense.

Ye Qiubai patted Mu Fusheng on the back, and said angrily: "Okay, don't be tricky, since you said it, you must have thought of a solution."

Mu Fusheng rolled his eyes.

Can't you let me pave the way for the next pussy?

Pretending to be forceful is a technical job.

If there is no foreshadowing in front, how can the atmosphere be detonated at the moment of pretending?

If you don't come directly, you will be dry.

Mu Fusheng coughed, and said: "Although I can't completely ban the air, at least I can restrict the opponent from entering our ten-mile radius, part of the strength of the air warrior."

Hearing this, Lin Zhinan's eyes lit up, "That's enough!"

Su Muyou glanced at Mu Fusheng with a complicated expression.

Forbidden empty talisman...

This kind of thing can be done, what kind of terrifying level has this talisman attainment reached...

Mu Fusheng said: "However, a lot of materials are needed, and I may not have enough by myself..."

In other words, my money is a little tight right now, so you all need to contribute.

You can't go whoring for nothing!

When everyone heard the words, they also understood.

said one after another: "What materials do you need, as long as we have them, we can give you all!"

Now they are grasshoppers tied to a rope.

Mu Fusheng listed the required materials.

After they watched it, they were slightly silent.

Seems...a bit much?

Mu Fusheng immediately said: "Don't get me wrong, I don't think about corruption. This is not only the material needed for the air-forbidden talisman, but also the material needed for the city wall defense and many talismans that are useful for defending the city."

Ye Qiubai took the lead in putting the materials in a ring, and handed it to Mu Fusheng.

Immediately afterwards, Lin Zhinan, Gu Xi, and everyone from Xianyuan Mountain.

After reading it once, Mu Fusheng frowned and said, "It's still a little bit worse..."

"Adding mine should be enough."

I saw Su Muyou throw out a ring, which landed in Mu Fusheng's hand.

Mu Fusheng took a casual look, and was immediately stunned.

Immediately, he immediately looked at Ye Qiubai and said, "Brother, you really don't think about Miss Su?"

This is a rich woman!

One person holds so many treasures of heaven and earth, not only to make up the remaining materials, but also enough for him to carve a few talismans of the Heavenly Immortal rank!

In other words, as long as the rich woman Su Muyou is taken down, there is no need to worry about the materials after that!

It's just a pity that there are restrictions on city battles, not to mention the talismans of the Celestial Rank, even the talismans of the Earth Immortal Rank cannot be used!

Ye Qiubai's brows kept twitching.

Su Muyou's elegant face didn't change, but the tips of her ears turned red visibly...

Looking at this scene, Lin Zhinan said with a dark face, "Is it too late for me to rebel and go to another city?"

after.

The guards on the four walls have also been allocated.

East facing city gate: Su Muyou, ape-man.

Southward city gate: Gu Xi, Ape Bamboo.

West facing city gate: Ape Tiger.

North facing city gate: Xiao Hei.

Ye Qiubai and Lin Zhinan sit in the center and take supplementary defense during the leadership process.

Mu Fusheng is seal cutting talismans, focusing on air defense.

Of course, this is just a matter of defense.

When all the talismans and seals were carved, Mu Fusheng would be sent out to investigate the surrounding terrain, and by the way, see where the two cities of the opponent are.

Before that, Chi Bing was the scout to scout around.

Information is extremely important in this situation where nothing is known.

Which side has the information first, it will have the initiative in this urban battle.

...

Time passes day by day.

At this moment, Chi Bing, who was wandering among the mountains, was drawing the map in his hand.

Chi Bing will record every time he walks through a place.

This is to record the terrain, which is very useful for urban warfare.

However, at this moment, Chi Bing suddenly put away the pen and paper.

With a slip of his body, he immediately hid under a giant tree.

Take out the talisman given by Mu Fusheng, and hide his aura.

Someone!

I saw, above the mountains, there were two figures passing by!

Chi Bing took a closer look and found that the other party was full of evil spirits!

It is Han Hua and Yu Huang in the Infernal Purgatory!

Chi Bing thought for a while, then quietly followed from behind.

Along the way, an extremely subtle mark was left in a place that was hard to find.

Just like that, followed closely for half a day.

Chi Bing's eyes froze.

Because, there is a city full of killing intent in front of you!

Yu Huang and Hanhua flew directly into it.

found it!

After seeing this, Chi Bing didn't stay any longer, but returned directly to the original road.

He needs to take this information back immediately!

Armed with this information, they are able to make their first attack.

Causes one to be caught off guard.

...

When Chi Bing returned to the Demon King City, he told everyone this information.

Gu Xi immediately laughed when he heard the words: "That's right, if that's the case, we can take the lead!"

"Destroy Purgatory City first, leaving only Nebula City, it must be much easier."

However, Ye Qiubai and Lin Zhinan were slightly wrinkled.

Things don't seem to be simple.

Chapter 697 Trap!

That's right.

Things are not simple.

Lin Zhinan pointed to the map drawn by Chi Bing, frowned and said, "In this city battle, the three parties don't know each other's location, nor do they know the surrounding terrain."

"In this blind situation, information warfare is the most important part."

Hearing Lin Zhinan's words, Gu Xi's excited heart gradually cooled down.

"You mean, this might be a trap?"

Lin Zhinan nodded and said: "That's right, at least 70% of the chances are traps. Infernal Purgatory and Biluo Huangquan Temple are not simple people. Presumably they all know how important information is, and at the same time, how important is it to protect their own information?" importance."

"So, in the scene Chi Bing saw, the two people in Infernal Purgatory were extremely arrogant, flying recklessly in the sky as if they were defiant?"

Speaking of this, Lin Zhinan sneered and said: "This seems to be leading others to a trap they have planned!"

Ye Qiubai nodded slightly: "That's true, but it's also because Chi Bing saw the opponent's city that there is a 30% chance of remaining, and a 30% chance of conspiracy. The opponent deliberately exposed his city."

Hearing this, Lin Zhinan nodded in agreement and said: "That's true, but I really can't figure out why the side of Infernal Purgatory would do this? Could it be that they really have some backhand that can ignore all of our attacks?"

Su Muyou said: "Why don't you send someone to look at it?"

"Sending people is definitely going to send people there." Lin Zhinan nodded and said: "It's just that this time sending people over is not to attack all of them, but to continue to investigate and check all the terrain of the opponent's four-way city gate."

Gu Xi stood up and said, "I'll go."

Chi Bing also stood up at this time, and said: "Then I will take you there, after all, I have already walked through it once."

Ye Qiubai nodded and said, "Since that's the case, I'll be thankful to you."

Gu Xi and Chi Bing both nodded.

walked outside.

...

Lin Zhinan is still studying the map drawn by Chi Bing.

Ye Qiubai went to the mansion where Mu Fusheng lived.

Want to see how it goes.

When walking in.

Then he saw several talisman papers floating in front of Mu Fusheng.

The talisman pen in Mu Fusheng's hand danced continuously on the talisman paper.

One-time, seal engraving several sheets!

If this situation is seen by outside talisman masters, I am afraid they will be shocked.

This kind of approach, even a fairy talisman master may not be able to do it!

Not only the requirements for the soul are extremely high.

He is extremely harsh on his own control!

After Mu Fusheng finished drawing this round, he looked at Ye Qiubai and asked, "What's wrong, big brother."

Ye Qiubai asked with a smile: "How far is it to finish?"

"About three days."

"Okay, it's better to be faster."

Mu Fusheng: "???"

Why do you feel something wrong with what you said?

Like hurting me?

Then, Ye Qiubai told what Chi Bing had detected.

Mu Fusheng also expressed the same opinion as Lin Zhinan.

This must be a trap!

However, Mu Fusheng also suddenly thought of something, and said solemnly: "There is another possibility."

"Among the talismans I know, there is a talisman called Mirage. As the name suggests, it can create illusions and show the enemy what the enemy wants to see."

"It's like a phantom array."

Hearing this, Ye Qiubai was taken aback for a moment, and then his face changed drastically!

If it is true what Mu Fusheng said.

Then it is very possible that what Chi Bing saw was just an illusion!

Now Chi Bing and Gu Xi are in danger!

Seeing this, Mu Fusheng also said solemnly: "We must hurry up to help."

Say it.

The two left the mansion and gathered everyone together.

Said this possibility.

Lin Zhinan's face suddenly darkened.

"In this case, our support is useless."

"Now, Gu Xi and Chi Bing are almost here. With the strength of the other party, they can be killed or cut, and they can be done in a short time."

Ye Qiubai said: "Go outside to meet them first. They have the Thunderbolt Escape Talisman in their hands. Even if they are ambushed, they should have a chance to escape."

...

as expected.

Things were exactly as Mu Fusheng said.

What Chi Bing saw at the beginning was nothing but an illusion!

Now, Chi Bing and Gu Xi are surrounded by Pan Xie, Jiang Chen, Han Hua, and Yu Huang at the same time.

And in the sky above them, Qiu Genyin and other four people from Biluo Huangquan Palace stood on it!

As for the city you saw at the beginning?

The front is nothing but a forest!

There is no city at all!

See this scene.

Gu Xi and Chi Bing both had ugly faces.

Pan Xie sneered loudly at this time: "Sure enough, two fish were caught."

Chi Bing asked with a gloomy face, "How did you do it? I obviously didn't feel any breath of formation."

Jianxiu is extremely sensitive to other auras.

So if it is a formation, even if Chi Bing can't find it in time, he can still detect the slightest trace of breath!

"How did you do it?" Pan Xiexie smiled and said, "It doesn't matter if I tell you."

Speaking of which.

A flag appeared in Pan Xie's hand.

On the banner, there are countless ghosts screaming!

"It's not a formation, but it's just extracting the soul memory of a person who has died to realize it."

Pan Xie showed a cruel smile on his face, and said: "This method is much more realistic than some magic array, right?"

Hear here.

The faces of Chi Bing and Gu Xi were even uglier.

At this moment, Gu Xi whispered, "Ready to use talismans to escape at any time."

Chi Bing nodded.

Both of them drew their swords at the same moment!

And at this moment.

Qiu Genyin took out a compass!

There is a pointer on the compass.

Among them, there was a sense of repression!

"I know that Mu Fusheng belongs to your team, so I will definitely give you some escape talismans."

Qiu Genyin said lightly: "So don't waste your efforts in vain. Escape Talismans cannot be used under my compass, unless you can use Escape Talismans that have reached the Celestial Rank!"

Qiu Genyin had seen Mu Fusheng make a move, so he was naturally ready for it.

Gu Xi and Chi Bing both had ugly faces.

In this case, the possibility of escape is almost zero...

Pan Xie laughed and said: "Okay, I won't talk nonsense with you! Are you going to abandon your cultivation and follow us, or let us take action?"

Gu Xi sneered, and a three-foot green blade burst out with sharp sword intent in her hand!

The sword in Chi Bing's hand is entwined with soul fire!

"Sword repair, there is no occasion where you lose without a fight."

"If you admit defeat, I'm afraid it's not worthy of being called a sword cultivator..."

Chapter 698 Wake up!

Today's cherishment is in the middle of fairyland.

Even adding Chi Bing.

It is absolutely impossible to be the opponent of the opponent...

Pan Xie alone has reached the late stage of the turbid fairyland, not to mention, the other three in Infernal Purgatory are not weak either.

Plus the four people from Biluo Huangquan Hall.

Just relying on Gu Xi and Chi Bing, how can they resist?

Soon, the two were defeated.

Seeing the two of them fell to the ground with injuries, with blood continuously dripping from the corners of their mouths, Pan Xie sneered, and put his hands on the celestial caps of the two.

Gu Xi and Chi Bing looked at this scene and wanted to resist, but they couldn't break free.

He could only let Pan Xie pinch their heads.

"Why do you want to collect spirits..." Gu Xi asked weakly.

Pan Xiexie smiled: "Don't worry, you will know when the time comes, your spirits are much more useful than putting them on yourselves."

After all, a stream of soul power came out from the tops of the two people's heads and was continuously absorbed by Pan Xie!

But for a while.

became two corpses.

Pan Xie didn't take another look, turned around and wanted to leave.

"Okay, let's go back to the city and see if it's enough."

After finishing speaking, several people turned into streamers of light and left this place.

Gu Xi and Chi Bing, the proud sons of the two sects, just turned into two dead bones and stayed here forever...

...

the other side.

Lin Zhinan and others who were supporting the project outside.

over time.

My heart is getting heavier and heavier.

They know that at this time, if they haven't escaped back, it means that Gu Xi and Chi Bing have been killed...

Lin Zhinan's face was gloomy, and he said in a deep voice: "It seems that we have been put together..."

Mu Fusheng frowned.

The Heavenly Thunder Escape Talisman has been given to Gu Xi and Chi Bing.

If you are killed while possessing the Heavenly Thunder Escape Talisman, it means that the other party has the means to restrict the Escape Talisman!

On the other side, Ye Qiubai's face was slightly ugly.

The three people on Tianjian Peak have all died so far.

At that time, it will be really difficult to explain to Huo Zhengheng.

After all, Tianjianfeng owes him a favor.

I also inherited the inheritance of the founder of Tianjian Peak.

"However, the more we are in this kind of time, the less we can mess up."

Ye Qiubai said in a condensed voice: "If you mess yourself up, I'm afraid you will also fall into the opponent's hands."

Everyone nodded.

Immediately, Ye Qiubai looked at Mu Fusheng, and asked, "How long will it be before the seal cutting can be completed at the earliest?"

Mu Fusheng did not hesitate, and said, "Two days at the soonest."

Hearing this, Ye Qiubai nodded and said: "In this case, two days later, I will select someone to go to the place where Gu Xichi Bing's accident happened, and start searching for traces of the Infernal Purgatory."

Since the shot, as long as there is nothing that can be erased, it will definitely leave traces.

Following the traces, it is possible to find the location of Purgatory City.

"The opponent has already launched an offensive first, and killed two of us." Ye Qiubai glanced at everyone's faces, and said in a serious voice: "Then, this war has already begun."

"In this war, either you die or I die. If we want to get the final reward of Juehun City and survive, Purgatory City must be eradicated!"

Hearing this, everyone's eyes showed fighting intent.

Not only for the reward of Absolute Soul City, but also for his own life!

...

the other side.

In Purgatory City.

The entire Purgatory City is full of endless killing intent!

The killing intent filled the air, causing the air to become extremely viscous.

And on the wall of Purgatory City, there are figures in blood-colored armor, holding spears, standing on the top of the city!

These figures are all faceless.

Similarly, there is no breath of life, just like a puppet formed by gathering killing intent.

Presumably, this is the compensation given by Absolute Soul City.

Because there are too few people in Purgatory City, there are only eight people.

At this moment, in the center of Purgatory City.

There are also three huge stone pillars, which are suppressed here.

It is different from the grotto in Demon King City.

Here, in the center of the suppression of the three stone pillars, there is only this small box.

The box is in the shape of a square. On the black box, there are **** lines, like ropes, binding and sealing the black box.

The eight people from Infernal Purgatory and Biluo Huangquan Hall are currently surrounding the stone pillar.

Qiu Genyin looked at Pan Xie with a gloomy expression, and asked, "Soul should be enough?"

Pan Xie nodded: "Try it."

"If the box is opened and the ancestor is successfully awakened, then the ants in the other two cities will have no room to resist!"

"We are endless purgatory, this time we will rule the entire mid-latitude realm!"

Hearing this, Qiu Genyin sneered: "I hope so."

At this time.

Pan Xie took out the flag.

The remaining three people in Infernal Purgatory also took out a banner.

Among the banners, the power of the soul keeps roaring!

These are the powers of the soul that have been gathered in the Infernal Purgatory these days!

I saw Pan Xie planting the flag on the ground outside the stone pillar.

Jiang Chen and the other three did the same.

Immediately afterwards, Pan Xie continued to pinch out seal formulas with both hands.

A series of blood symbols appeared around the flag.

With the appearance of blood symbols.

The power of the soul in the banner began to howl!

It seems to be tortured!

As the number of blood symbols continued to increase, souls floated out of the flag one after another.

Stay around and be enveloped by the power of the soul.

Pan Xie suddenly opened his eyes, slashed his finger, and cut his wrist open.

Blood flowed out of it!

Jiang Chen and the three made the same action!

The blood of the four people actually surrounded the power of the soul that filled the air and kept howling!

Cooperating with the blood talisman, the **** of soul power were transported around the box.

The blood streaks on the box also began to glow red!

It seems to have noticed a change.

The three stone pillars began to tremble at the same time.

The power of starlight seals began to surge!

Pan Xie shouted in a deep voice: "Qiu Genyin! It's your turn!"

Heard the words.

Qiu Genyin snorted coldly, and made a move with both hands, in the palm of his hand, a small tower unexpectedly appeared.

This small tower was obviously the one used by Pan Xie when he dealt with Su Muyou and the others.

You can mobilize the power of the seal in Absolute Soul City!

And this small pagoda was originally the property of Biluo Huangquan Palace.

At that time, it was only lent to Pan Xie for temporary use.

And the moment when this small tower appeared.

The sealing power released from the three stone pillars was supposed to suppress the movement of the box, but now some of them are attracted by the small tower.

And the **** lines on the box, the red light that bloomed became stronger and stronger!

The mouth of the box opened slightly, and began to devour the power of the soul!

Boom!

Under the excited eyes of Pan Xie and others.

The surrounding space began to tremble.

The box began to be opened slowly!

Chapter 699 Patriarch of Purgatory!

If someone is outside the city of Purgatory, they will definitely be able to see an unforgettable scene.

At this moment, the sky above Purgatory City.

A blood-colored beam of light rushed towards the sky from the center of Purgatory City!

The huge blood-colored beam of light covered the three sealed stone pillars!

Boundless blood light seemed to fill the entire Absolute Soul City at this moment!

Blood gas surged wildly.

Killing intent pervades.

In the air, the smell of blood is everywhere.

In that **** beam of light, there is a soul screaming continuously!

...

Nebula City.

Le Zhengchi and the others looked at this scene with solemn expressions.

"This breath, this coercion...what happened there?"

"And this breath is quite similar to the group of guys in Infernal Purgatory."

"If it is really the breath from the Infernal Purgatory, then our plan will have to be changed..."

"That's right, this aura is not something we can contend with. We must find someone to ally with."

"Has Miao Bangdao returned from the investigation?"

Miao Bangdao is also a casual cultivator.

Its combat power is actually not top-notch.

But his perception ability is unmatched here!

Le Zhengchi was silent for a while, and then said: "Let Brother Miao find the location of the Demon King's City. The Infernal Purgatory is too dangerous. We must form an alliance with the Demon King's City to deal with them."

Everyone nodded.

...

On the other side, the location of Demon King City.

Ye Qiubai and the others naturally also saw the **** beam of light rising into the sky.

"Presumably, this is related to the reason why the group of people in Infernal Purgatory extract their souls."

"Is this some kind of ritual?"

"However, it saves us the effort to find someone. That location is probably where Purgatory City is located..."

...

At the moment.

In Purgatory City.

Pan Xie, Jiang Chen, Han Hua, and Yu Huang.

Kneeling in front of the blood-colored beam of light, his face was full of excitement, his eyes looked at the opening of the box in the blood-colored beam of light, his eyes were full of reverence!

Besides, Qiu Genyin looked at this scene, slightly surprised: "In this state, he can still have such a powerful aura, this ancestor of Infernal Purgatory really has some skills."

Two full days have passed.

An old and gloomy voice came from the box.

"Who awakened this seat?"

falls with the voice.

The **** beam of light was continuously sucked into the box.

Immediately, it turned into streaks of blood mist and released from the mouth of the box.

The blood mist gathered and became a phantom in human form!

It was an old man with sunken eyes and a thin body, as if only bones remained.

The moment I saw this old man.

Pan Xie and the others did not dare to underestimate them.

Immediately buried his head on the ground, and said loudly: "Purgatory disciple of Infernal Purgatory, Pan Xie! Meet the ancestor!"

"Oh?" The old man lowered his brows slightly, looked at Pan Xie, and said, "You awakened me?"

"It is the disciple."

"Lift up your heads."

Hearing this, Pan Xie and the others immediately raised their heads.

The old man said: "Since you are the ones who woke me up and unsealed me from this box, then when the time comes, you will follow my ancestor."

Hear here.

Pan Xie and the four of them all showed surprise!

"Since it is my disciple of Infernal Purgatory who unsealed this seat, it also means that Infernal Purgatory was born, right?"

Pan Xie nodded and said, "Yes, Patriarch."

Ancestor had a sneer on his face: "In that case, when I recover my strength, it's time to find those forces to settle the matter."

"But before that, you still need to find a physical body for me."

"An ordinary physical body cannot bear the soul of this seat."

Pan Xie immediately said: "Old Ancestor, this disciple has already found a candidate before."

Immediately, he took out a jade pendant and threw it in the air.

In the jade pendant, a light and shadow appeared.

Among them, it is the scene of Xiaohei fighting!

After reading it, the old man immediately said, "Then I want this person's body."

"As long as I have a physical body, this stone pillar can no longer seal me here!"

"This seat can also leave this city!"

Having said that, the old man set his eyes on Pan Xie and asked, "Where is the body?"

Hearing this, Pan Xie said cautiously: "I am not that person's match..."

"Huh?" Patriarch Purgatory frowned.

Although there is no physical body, it is just a soul body, and its strength has not yet recovered.

But just this frown made Pan Xie break out in a cold sweat all his life, and buried his head on the ground again!

"Forgive me, ancestor! This person's blood is too strong, and his physical body is also extremely strong! It's just me, it's true that I am not an opponent!"

Hearing this, Patriarch Purgatory snorted coldly: "I didn't expect that the younger generation of future generations will really be inferior to each other!"

"There are two methods for you."

After finishing speaking, Patriarch Purgatory pointed out his hand, and immediately, four **** lights shot directly between the eyebrows of Pan Xie and the others!

"This is the power of the soul of this seat. After using it, within the time of a stick of incense, it can raise your realm to the fairyland!"

"If you still can't get the body, then use the second method to lure them to Purgatory City. At that time, I will take action!"

Today's Purgatory Patriarch, although he broke free from the seal of the box.

But because it is a soul body, it is still suppressed by Absolute Soul City.

Can't escape the suppression of the three stone pillars!

Pan Xie and the four of them nodded in agreement when they heard the words.

"Okay, go, hurry up."

Say it.

Patriarch Purgatory sat cross-legged in mid-air, ignoring Pan Xie and the others.

Pan Xie and others left.

Qiu Genyin asked from the side: "What are you going to do? We don't know the location of the other party yet."

"We don't need to know where they are."

Pan Xie sneered as he walked, "Whether it was Ye Qiubai and the others, or the group of casual cultivators, they must have seen the **** beam of light just now. When the time comes, they will definitely come to the door by themselves."

"So, there is only one thing we have to do, just wait here quietly."

"Just wait until they come to your door to die!"

Qiu Genyin reminded: "It's better to make some preparations first. You should be very clear about the strength of the opponents."

Pan Xie said disdainfully: "How strong is it? Although they can fight across the border, what if we reach the fairyland?"

"With the soul power given by the ancestors, can they still compete with the four fairylands?"

"Furthermore, there are ancestors sitting here, can they turn the world upside down?"

See it.

Qiu Genyin didn't persuade him any more.

"I'm just reminding you, do whatever you want, I just hope you don't forget your promise."

"Otherwise, I, Biluo Huangquan Palace, can make you perish again!"

Hearing this, an evil light flashed in Pan Xie's eyes.

"Do not worry..."

Chapter 700 Arrival of Nebula City

Following Mu Fusheng's talisman seal carving was completed.

The defensive talisman seals and the killing talisman seals were all arranged on the square walls.

At the same time, use the four corners of the Demon King's City as the base point to arrange the air-forbidden talismans.

The four air-forbidden talismans are interrelated, like a formation.

In the sky with a radius of ten miles from the Demon King City, there is a transparent light curtain covering it!

As long as the enemy Yukong enters it, it will be suppressed by the air-forbidden talisman.

The strength cannot be fully utilized, at least 30% is suppressed!

It can reach the point of 30%.

Using the power of talismans to cover such a wide distance, it almost achieved the effect of a formation.

It can be said that this is already very shocking.

After all, talismans and formations are two completely different forces.

Bias is also completely different.

The talisman seal is portable and can be exploded at a fixed point, and when it is cast, it does not need to consume any other aura.

The threshold of use will be extremely low.

The array is almost impossible to move, guarding in one place, and when it is cast, it needs to consume a lot of natural resources and auras of the people who set up the array.

But the range is much larger than that of Fu Zhuan.

The threshold of use will be greatly increased.

so.

It is not easy for the air-forbidden talisman carved by Mu Fusheng to achieve such an effect similar to a formation.

I would like to add that the ascetics of one's own side will not be affected by the banning talisman.

When all the talismans are arranged.

Suddenly, everyone in the Demon King City received Su Muyou's voice transmission.

That is, in the east facing the city wall.

"People from Nebula City came, and there were three people who said they wanted to discuss alliance matters with us."

Ye Qiubai and Lin Zhinan at the back looked at each other.

Ye Qiubai immediately sent a voice transmission: "Those who are stationed on the walls of other places don't move! Prevent the other party from using the negotiation to break the city from other directions."

Everyone said yes.

Ye Qiubai and Lin Zhinan immediately went to the east wall.

At the moment.

Beyond the walls.

There are three men standing on the wasteland.

Su Muyou looked at the three people in front of him, and immediately recognized the identities of the other three.

One of them, a thin man with a smile on his face, is Miao Bangdao, a cultivator who is famous for inquiring about news among casual cultivators.

Presumably Miao Bangdao found out the location of their Demon King City.

The man with the spear on the left is Chen Hui, who is famous for his wind and thunder and marksmanship, and his realm has reached the middle stage of the turbid fairyland.

In the middle, the man in white robe holding the piano with both hands, is more recognizable, the music that enters the kendo with the melody is late!

"What are you doing here?" Su Muyou asked.

Chen Hui raised his eyebrows, looked at Su Muyou, and said calmly: "Is the Demon King City dominated by you? If so, let's let go of the city gate. We have no malicious intentions, and we are just here to discuss the crusade against Purgatory City."

Su Muyou just wanted to say something.

But saw Ye Qiubai and Lin Zhinan coming hand in hand.

At the same time, they came to the city wall.

Seeing this, Su Muyou said indifferently: "It's not me, but this one."

After finishing speaking, she pointed at Ye Qiubai.

"oh?"

Chenhui and Miao Bangdao both looked at Ye Qiubai, frowning slightly, with some suspicion in their eyes.

As the eldest lady of the Su family who is a top hidden force, she will be the next head of the Su family.

Su Muyou is not the leader of this group of people?

Instead, gave the team leader qualification to another unknown person?

If the position of team leader was given to the think tank Lin Zhinan, then they would all understand.

But both of them did not assume the position of team leader, which made Chen Hui and the two of them a little surprised.

What is the virtue and ability of this person?

This level of breath, even Zhuoxian has not reached it!

Only Le Zhengchi's face remained calm, without the slightest turmoil.

Doesn't seem to be surprised by this.

Ye Qiubai asked: "Do you want to form an alliance?"

Chen Hui reacted after a short shock, looked at Ye Qiubai, and said in a casual tone: "That's right, did you see the **** beam of light at that time? You should also know that it was made by people from Infernal Purgatory. "

"The opponent's methods are cruel and powerful. Presumably, it will be more beneficial for you and me to eliminate Purgatory City first."

Ye Qiubai and Lin Zhinan looked at each other.

It seems that they are right.

After seeing the **** beam of light with a terrifying breath, the other party will also have the idea of an alliance.

It's just that the heart of defense is indispensable.

Ye Qiubai asked aloud: "How can we believe that you really want to form an alliance?"

Heard the words.

Chen Hui frowned slightly: "How do you want us to prove it? What's more, you are a little blood-changing cultivator, don't you need to discuss it with the two people around you?"

"Aren't you afraid that the alliance will fail, and you will face Purgatory City alone?"

Ye Qiubai shrugged and said, "If you don't want to form an alliance, then I have reason to doubt your motives for forming an alliance."

In the case of foreign enemies, the most fearful thing is not that the enemy's strength is too terrifying.

The most worrying thing is that an ally suddenly stabbed them in the heart with a knife in the rear!

This is the most deadly!

Lin Zhinan and Su Muyou also agreed with Ye Qiubai's approach very much, and did not speak a word.

The spear in Chen Hui's hand was slightly clenched, and the power of wind and thunder began to spiral around the spear tip!

took a step forward, just about to say something.

But he saw Le Zhengchi standing in front of him.

"Do not impulse."

Chen Hui frowned slightly, and said, "It's just a blood-changing sword cultivator, what are you stopping me for?"

Le Zhengchi shook his head and said, "This person can't be viewed with realms, he is not an ordinary person."

Chen Hui was slightly taken aback.

Even the extremely arrogant Le Zhengchi said that?

It can be said that there are not many people of the same generation that Chen Hui thinks highly of.

Le Zhengchi happened to be one of them.

Chen Hui put away his spear, and the power of wind and thunder gradually dissipated.

See it.

Le Zhengchi looked at Ye Qiubai, and said calmly: "That **** beam of light, you must have felt the crisis, and now I don't know what the Infernal Purgatory is setting up, but what is certain is that it is not a good thing for both of us. "

"What's more, the methods of the Infernal Purgatory are so cruel, and they are the enemies of the entire mid-latitude realm. Why not eradicate the Infernal Purgatory first, and then we will have a fair confrontation?"

"If you don't believe me, how about I alone come in to negotiate with you?"

After hearing this.

Lin Zhinan said beside Ye Qiubai: "It should be true."

Ye Qiubai nodded slightly, glanced at Le Zhengchi, and said, "Come in."

Immediately, with a wave of his hand, the east gate opened to both sides!

Seeing this, Lezheng stepped in slowly.

"How do you want to form an alliance?"

Le Zhengchi did not hesitate at all, and said directly: "Move out immediately to sweep away the Infernal Purgatory."
