

## My Disciples 71

Chapter 71 The Land of Hundred Refinements!

The main courtyard of Tibetan Taoist Academy is located in Zhongyu Tibetan Taoist Mountain.

And Tibetan Daoshan, it is said that it was handed down in ancient times.

According to the rumors, there are artistic conceptions everywhere in the Tibetan Dao Mountain, and as long as there is enough opportunity, you can understand it.

The first dean of the Tibetan Taoist Academy obtained the Tao in the Tibetan Taoist Mountain, and was born from the central region in one fell swoop!

Thus founded the Zangdao Academy.

Coming with Ye Qiubai is Jian Chaomian from the Northern Territory.

Shi Sheng from the Eastern Region, and Zhang He from the Western Region.

The four of them gathered again.

Jian Chaomian looked at Ye Qiubai, and said, "Are you at the Qi Sea Realm? Let's compete again then?"

Now, Jian Chaomian has also fully comprehended the sword intent.

It has reached the late stage of Qi Sea Realm.

Naturally want to compete with Ye Qiubai.

Ye Qiubai smiled and nodded.

Shi Sheng laughed at the side: "We are all angry at the sea level, and we probably won't be your opponent."

Zhang He was still smiling and did not speak.

However, since the four-domain exchange, the breath has become more restrained.

At this moment, a man walked over in front of him.

The man looked indifferently, looked at the four of them, and said, "He came from the branch? Come with me."

The tone is extremely indifferent!

The four of them didn't care.

Follow the man forward.

The man said as he walked: "In the general courtyard, the rules may be different from yours, you should pay attention, there are two forbidden places in the general courtyard that are absolutely forbidden to enter without permission.

The first one is Ancestral Mountain, which is the place where the elders of the Taishang practiced.

The second one is Qiudao Mountain, where you can only enter if you have enough points. "

Shi Sheng asked curiously: "Where is Qiudao Mountain?"

The man glanced at him, seemed a little impatient, and explained: "Qiaodao Mountain is a place for asking immortals to ask questions. After breaking through the Qianyuan Realm, you can feel the meaning of Dao in it. I don't know more about it."

Hearing this, Shi Sheng and the others were a little surprised.

Artistic conception can greatly enhance a person's combat power.

For example, the sword intent of Ye Qiubai and Jian Chaomian!

These are all things that can be encountered but not sought after.

And in the mountain of seeking Tao, there is a chance to realize it.

Shi Sheng felt emotional in his heart.

It is worthy of being the Central Academy of Sciences, with such a profound heritage!

The man continued: "Next, you can choose each hall to join, in addition to the discussion, there are three trial places.

Refine the spirit, refine the body, and refine the body.

Refining the gods is to refine the soul, while refining the body is to exercise the body, and the place of hundreds of exercises is the place of actual combat.

At the same time, there will be a list in the trial place, the top ten can get points, and the points can be exchanged for items, and can also be exchanged for the opportunity to enter Qiudao Mountain. "

As he spoke, he came to the residence.

Jian Chaomian's cave is similar to Ye Qiubai's and belongs to the Sword Hall.

Shi Sheng and Zhang He are in Wutang.

Several people take a rest.

They gathered together.

Shi Sheng looked at Ye Qiubai and said, "Zhang He and I are going to see the body training place first, how about you two?"

Ye Qiubai and Jian Chaomian looked at each other.

Jian Chaomian said: "I'm going to the land of hundreds of refinements, brother Ye, together?"

Ye Qiubai nodded, he also had the same intention.

Immediately afterwards, Jian Chaomian drew out his sword, and said with a smile, "Let's have a sparring before we go? I want to see how far I am from you now."

Ye Qiubai nodded, and took out the wooden sword.

Shi Sheng and Zhang He retreated consciously.

Jian Chaomian squinted his eyes, then held the sword and slashed at Ye Qiubai!

Sword intent also pervades this cave!

Nowadays, Jian Chaomian's sword intent is different from the past. Compared with before, it is much stronger!

The strength of the late stage of the Qi Sea Realm is undoubtedly revealed!

After all, facing Ye Qiubai, one cannot take it with common sense!

Shi Sheng looked at this scene and couldn't help sighing: "Jian Chaomian's strength has improved a lot. I'm afraid I can't take his sword anymore."

Zhang He still had a smile on his face, and said, "My Buddhist vajra body probably won't be able to bear this sword."

Seeing this, Ye Qiubai's complexion did not change, and the sword intent rose above the wooden sword.

Immediately swiped the sword and cut out.

The sword intent turned into strands of sword light, cutting towards Jian Chaomian's sword intent!

It may seem ordinary, but the sharpness contained in it will surprise anyone!

Jian Chaomian was like this, feeling the sharp sword intent, his face changed slightly!

Immediately, he still did not dodge or dodge, and slashed over!

The collision between sword intent and sword intent!

However, Jian Chaomian's sword intent is like rotten wood, vulnerable to a single blow!

Was directly cut by Ye Qiubai's sharp sword intent!

Jian Chaomian stepped back slightly, and Ye Qiubai stopped in time.

Seeing this, Jian Chaomian smiled wryly and said: "I thought that I would be able to shorten the gap with you by understanding the sword intent and stepping into the late stage of Qi Sea Realm, but I didn't expect it to become bigger and bigger."

While Jian Chaomian was making progress, Ye Qiubai had made even greater progress.

Moreover, Ye Qiubai's sword intent has already reached the level of a great sword master, so how can it be compared with Jian Chaomian, who is just getting started.

Shi Sheng said with emotion: "Who would have thought that the Southern Territory, which we looked down upon at the beginning, would have an astonishingly talented and gorgeous generation like Brother Ye."

Zhang He also nodded in agreement, and said: "I really want to meet Brother Ye's master, who can train such an excellent disciple as Brother Ye."

Hearing this, Ye Qiubai smiled, and said: "My master? It looks like I have nothing to do, but his ability is the most top-notch person I have ever seen, not one of them."

"Brother Ye will recommend it for us then!"

"It depends on Master's mood."

"Okay, okay, let's go, go to the place of trial, and see what makes the talents of the General Academy so special!"

After finishing speaking, Shi Sheng and Zhang He went to the place of body training.

And Jian Chaomian followed Ye Qiubai to the Land of Hundred Refinements.

The Land of Hundred Refinements is located in a mountain rift.

Around the rift valley, many disciples stopped to watch.

What they were looking at was a black stele in front of them!

On the stone tablet, ten names are engraved. Obviously, this is the so-called ranking.

First place, engraved with the words Guan Zongyan!

Behind Guan Zongyan's name, the 47th floor is engraved.

"What does the 47th floor mean?"

Jian Chaomian asked doubtfully.

Someone nearby heard it, and out of enthusiasm, he explained: "A new disciple, right? The land of hundreds of refinements here is divided into 50 floors. The lower you go, the stronger the monsters that appear in it!"

Someone next to him said: "No one has set foot on the last three floors for a hundred years. I don't know if it's possible, Brother Guan..."

"However, since you are new disciples, it is best to go to the first five floors to practice. After the fifth floor, the strength of the monsters will be very strong, so do what you can."

Jian Chaomian smiled and nodded: "Thank you."

After speaking, the two looked at each other and walked towards the rift valley.

Chapter 72 Fight alone!

In the land of hundreds of refinements.

Divided into fifty layers.

And among these fifty floors, monsters are everywhere!

The monsters on the first five floors are all in the Purple Mansion Realm.

If you want to get to the sixth floor, you must defeat the guards at the peak of the Zifu Realm!

The first five floors are so powerful, so how far will the next Warcraft reach?

Ye Qiubai and Jian Chaomian jumped into the rift now.

Come to the first floor.

I don't know whether this place was created artificially or formed naturally.

The first layer is a huge boulder protruding from the cliff, and there are rocks all over the boulder.

Like a rocky jungle.

There are not many people in the first floor at this moment.

Obviously, in the main courtyard, the first floor is not enough to trap other people.

Jian Chaomian looked at Ye Qiubai, and said with a smile, "Why don't you compete with whoever has more floors?"

Ye Qiubai shrugged, indifferently said: "Yes."

After finishing speaking, the two rushed forward!

The monsters here are mostly in the early stages of the Zifu Realm.

There is no way to stop the pace of the two of them. A sword energy can sweep across the area.

When the people around saw it, they couldn't help looking at Ye Qiubai and the others.

"Those two are newcomers? Why haven't I met them before?"

"Probably, but is the new disciple so strong this time?"

The two swept all the way and broke into the second floor.

Immediately, the third floor.

Fourth layer.

until a hole on the fifth floor.

As long as you pass through this hole, you can enter the sixth floor.

At this moment, in front of the cave entrance, there is an elder sitting here.

"Which one of you will come first?"

If you want to pass through the cave entrance, you must defeat a magical beast at the peak of the Purple Mansion Realm!

Jian Chaomian took a step forward.

Seeing this, the elder took out a token, and in the depths of the cave, a black lion walked out slowly!

Roaring at Jian Chaomian, a burst of sound waves swept towards Jian Chaomian!

The sword did not dodge or evade towards the crown, but it actually carried the sound wave and slashed towards the black lion!

The sword glow turned into a long sword, continuously cutting towards the huge body of the lion!

Just the blink of an eye.

The body of the male lion is covered with blood holes!

With a howl of misery, he fell down!

The elder didn't show any surprise when he saw this, and nodded calmly: "Okay, let's go in, the next one will come."

Jian Chaomian didn't go in, but waited for Ye Qiubai.

Ye Qiubai stood forward with a wooden sword in his hand.

The elder also took out the token again, and at the entrance of the cave, a magical beast at the peak of the purple mansion rushed out again!

Ye Qiubai took a step forward and landed on the ground.

Suddenly, a burst of sword energy shot out!

directly penetrated the eyebrows of Warcraft!

The monster's eyes lost focus and fell to the ground while running wildly!

"That's right, let's go in."

Seeing this, the elder nodded slightly, turned around and sat down on the chair.

The two bowed slightly to the elder, and walked into the entrance of the cave.

The hole goes all the way down.

On the sixth floor, there are almost no light sources.

Covered in layers of rock.

Ye Qiubai and Jian Chaomian continued to sweep.

The lower the number of layers, the higher the strength of the monster.

During this period, Ye Qiubai's combat experience became more and more abundant, and his control over the Demonic Nine Swords also became more and more advanced.

During the period, Jian Chaomian said with emotion: "It's no wonder others say that the resources of the General Academy are much better. Just this place of hundreds of refinements is not comparable to other four-region branches."

Ye Qiubai also nodded, this place is indeed an excellent training ground.

The two kept going down.

When reaching the 31st floor, Jian Chaomian stopped.

The monsters here have reached the late stage of Qi Sea Realm.

Moreover, the monsters here are no longer alone, they already have wisdom and will fight against the enemy together!

"I'm here, Brother Ye, you should still be able to go down?"

Ye Qiubai looked at the hole ahead and nodded slightly.

He wanted to know where his current limit was.

All the way down.

Two days passed.

Ye Qiubai has reached the 34th floor.

At this time, there are already half-step Qianyuan realm monsters haunting here.

Here, Ye Qiubai already felt a bit strenuous.

When Tian Pin was beheaded before, after all, he used Qingyun Sword and Tian Pin's own underestimation of the enemy.

Now, facing the half-step Qianyuan Realm Demonic Beast, Ye Qiubai is after all at the early stage of Qi Sea Realm.

At this time, two monsters with half-step Qianyuan realm appeared!

One of them looks like a cow, with four horns on its head and extremely long hair, as if wearing a coir raincoat.

The other one has the head of a leopard and the body of a tiger, with extremely sharp fangs!

And these two monsters have extremely powerful auras!

Ye Qiubai did not back down, the wooden sword in his hand had already been replaced by a dark magic sword, and he went up to meet the two monsters!

At this moment, there are people from the academy around, watching this scene, they are all slightly surprised.

After all, Ye Qiubai is only at the early stage of Qi Sea Realm.

At this moment, he is alone fighting against two monsters who are half a step away from Qianyuan?

Two monsters roared, one left and one right rushed towards Ye Qiubai!

For a moment, the momentum was extremely terrifying!

Two huge forces pressed directly on Ye Qiubai!

Ye Qiubai didn't dodge, and the dark magic sword in his hand gushed out with magic energy!

Sword light surrounds the whole body, and the sword intent roars even more!

"Sword intent?!"

"Not bad, being able to comprehend the sword intent seems to be a good talent."

"No wonder you are so proud that you dare to challenge two monsters who are half a step away from Qianyuan."

In the middle domain.

Although there are not many people who comprehend the sword intent, that's all.

However, the next scene surprised everyone!

Ye Qiubai stepped forward, and the sword intent turned into a river of sword energy!

Swept towards the two monsters!

"Sword will turn into a river?"

"Sword Intent Great Achievement, Great Sword Master!"

"Qi Sea Realm has reached the level of a great swordsman?!"

Everyone looked sideways at him!

There are not many masters of sword intent in Zhongyu!

What's more, Ye Qiubai is only at the early stage of Qi Sea Realm!

At this moment, in the river of swords, there are long swords with sword energy, extremely sharp!

Lasing away!

The two monsters roared one after another, bursting out with monstrous momentum!

It seems to be fighting against Jianhe!

Ye Qiubai didn't just sit still and get closer!

The dark demon in his hand suddenly slashed at the four-horned bull demon!

The sixth sword of the Heavenly Demon Nine Swords!

The monstrous demonic energy erupted, shocking the soul!

There was a trace of wavering in the eyes of the four-horned bull demon!

But it was this moment of shaking that Ye Qiubai stood on the corner with a sword!

Suddenly, the four corners directly broke the triangle!

The four-horned bull demon howled miserably, and kept backing away!

At the same time, Ye Qiubai turned around and slashed out!

The sword energy gushed out and turned into a huge slash, cutting towards the tiger and leopard!

The tiger and leopard roared and opened its \*\*\*\* mouth, and those two huge fangs bit on the sword light!

The weapons that tigers and leopards rely on for survival are those two huge fangs!

The sword light shattered suddenly, and the tiger and leopard took a few steps back!

This scene surprised everyone.

A person in the early stage of the Qi Sea Realm, fighting against two monsters that are half a step up from the Qianyuan Realm, how can they not lose the wind?

Chapter 73 The stele is famous!

At the moment.

The deeds in the Land of Hundred Refinements have already spread.

At this moment, on the 34th floor, there is a sword cultivator at the early stage of the Qi Sea Realm who is fighting against two half-step Qianyuan Realm monsters alone!

Moreover, the sword intent has reached the level of a great sword master!

This obviously made everyone extremely interested.

In the main hall.

A middle-aged man looked at Qin Tiannan and said with a smile: "He is a good seedling, why don't you let him stay in the General Academy to practice? After all, the conditions here are better."

Qin Tiannan smiled and said: "I'm afraid it's not up to me to decide, and Qiubai probably won't be willing either."

"oh?"

The middle-aged man was quite surprised, and said: "In the General Academy, there are not only three trial sites, but also the Mountain of Seeking Tao and various resources. It is only beneficial to practice here. How could he disagree?"

"It can't be that you don't want to let people go?"

Qin Tiannan shook his head and smiled: "That's not the case. If he didn't have a master, I'm afraid I would persuade him to stay here, after all, he is very talented."

Master?

The middle-aged man wondered: "Who is his master? Could it be that he is also from Zhongyu?"

Can teach such apprentices.

Could it be someone from Hidden Sword Mountain?

Thinking of this, the middle-aged man immediately shook his head.

If you are from Yinjian Mountain, why do you need to join the Tibetan Taoist Academy?

That is the most suitable place for sword repair.

It is also a holy place in the minds of all sword repairmen in Central Region!

"Could it be some hidden sword cultivator?"

Hearing this, Qin Tiannan couldn't help laughing.

Hidden?

Expert?

Although Qin Tiannan didn't know what Lu Changsheng's strength was, he just had that lazy look of lying on a chair every day.

Really doesn't fit the appearance of a hidden sword cultivator...

Looking at Qin Tiannan's expression of wanting to laugh, the middle-aged man was a little confused.

...

At the same time, in a yard.

A woman is sitting in a courtyard.

White hair scattered on the ground, wearing a sky blue skirt, without any embellishment.

It seems that every bit of embellishment is superfluous.

Eyebrows are dark like distant mountains without drawing, lips are vermilion if painted with sand.

Like a hibiscus in clear water!

At this time, a maid said from a distance: "Miss, I heard that a swordsman has come to the academy."

It's not that the maid doesn't want to move forward, it's that she doesn't dare!

Around the woman, if you look carefully, you can find that frost is everywhere!

If you are not strong enough, you will turn into an ice sculpture if you approach a woman!

The woman's red lips parted lightly.

There is a weakness in the voice.

People can't help but feel the desire to protect.

"Sword repair? What's your strength?"

The maid thought for a while and said, "I seem to have heard from them that they have already reached the level of a great swordsman."

Great swordsman?

The woman nodded and said nothing again.

For her, it seems that she has lost interest in anything.

Seeing this, the maid also looked sad for a while.

Miss is extremely lively, and she treats people kindly on weekdays, but it is because of this physique that she has to be alone.

...

At the same time, there were many people standing in front of the stele outside the Hundred Refining Land.

"Then who is the sword cultivator?"

"When did our academy have such a powerful swordsman? Even senior brother Sun in the sword hall has only reached the level of a great swordsman, right?"

There was a man with a complex expression, and said: "He is from the Southern Region Branch."

If Jian Chaomian and the others were here, they would definitely be able to recognize this person as the man who led them.

"Southern Region Branch?"

Someone was surprised: "Isn't the southern region called a wild land? How can there be such a talented swordsman?"

"I have heard that there is a man named Jian Chaomian in the Northern Territory, who is called the number one sword cultivator of the younger generation."

The man shook his head and said: "I read the information, and the person from the Southern Region branch is called Ye Qiubai. Before that, he was unknown."

"However, during the exchange of the four domains, he defeated the sword and faced the crown, and even helped him understand the meaning of the sword."

At this moment, someone pointed to the stele and said in horror: "Look!"

Everyone looked at the stele, their expressions changed!

The stone tablet that no one has squeezed in for many years, is now forcefully inserted by one person!

Ninth place, Ye Qiubai, 37th floor!

The previous ninth place climbed to the 36th floor!

Now, Ye Qiubai has taken his place!

At this time, Jian Chaomian walked out of the rift in a somewhat embarrassed figure.

When Jian Chaomian was on the 30th floor, he was defeated when he challenged the cave guard.

Immediately, a large crowd gathered in front of the stele.

Following everyone's gaze, he looked at the stele.

Slightly stunned, then chuckled: "Sure enough, even here, Brother Ye belongs to the top group."

Jian Chaomian was not discouraged.

For him, Ye Qiubai is his pursuit target.

The stronger the goal, the more motivated the sword will be!

At this time, Ye Qiubai also walked out of the Land of Hundred Refinements.

After coming out, he looked at Jian Chaomian and said with a smile, "How is the effect?"

"Not bad, I have some insights."

Jian Chaomian looked at Ye Qiubai, and said in shock, "Brother Ye, have you broken through to the mid-stage Qi Sea Realm?"

Ye Qiubai nodded and said: "Let's go, go back to practice and consolidate your realm."

Afterwards, the two left under the eyes of everyone.

After all, at this time, they still don't know what Ye Qiubai looks like.

Only know the name, but not the person.

Only the man looked at Ye Qiubai's leaving back, feeling a little emotional.

At that time, he was extremely proud in front of him.

Think that although they are the arrogance of the branch, they can only be regarded as mediocre when they come to the main hospital.

There is no need to pay more attention to it.

Did you ever think that Ye Qiubai's talent would be so terrifying!

If I made friends with him at that time, I am afraid that I will have a strong ally in the future...

...

At this moment, on the other side, in the thatched cottage.

Lu Changsheng lay on the bench, a little bored.

"System, is there any apprenticeship mission?"

【Not available yet】

"well..."

The days without apprentices are so empty.

Mainly because I am too lazy to cook.

Moreover, when the three disciples were there, it was so lively.

Oh, forget about Ye Qiubai.

This trickster's stuff.

Ye Qiubai, who just wanted to practice, suddenly yawned, rubbed his nose, and said strangely: "Is someone thinking of me?"

【If the host is bored, you can check the information of the disciples to see their current situation】

Hearing this, Lu Changsheng curled his lips, "I seem to miss them... check..."

The mouth is too good!

【Big Disciple: Ye Qiubai】

【Realm: Middle Qi Sea Realm】

[Cultivation method: Taichu Sword Sutra, Heavenly Demon Nine Swords]

【Great Sword Intent, Great Sword Master】

【Practice in the main courtyard of Tibetan Taoist Academy】

"Mid-stage Qi Sea Realm? I heard that kid said it was still in the early stages, right?"

Pretty fast. "

【Second Disciple: Hongying】

【Realm: Early Qianyuan Realm】

[Cultivation method: Nine-turn reincarnation, reincarnation gun\*\*\*\*\* Hui mood, gun mood, fire mood]

【In the Eastern Region, looking for the former part of the Yunhuang Empire】

"The old department of the Yunhuang Empire? What kind of big deal is this going to do?"

Lu Changsheng shook his head, but didn't bother.

【Third Disciple: Ning Chenxin】

【Realm: Mortal】

【The Realm of Confucianism and Taoism: Great Confucianism】

【Cultivation method: Dao Jing】

【Preaching in the South Region】

Chapter 74 The students are stupid

"My three disciples are a bit miserable, have no realm?"

Looking at Ning Chenxin's panel, Lu Changsheng couldn't help but think about it.

Do you need to arrange some pills for him?

Smash the realm up?

【The host doesn't need to worry, Ning Chenxin will break through the shackles and reach a very high level when Confucianism and Taoism are completely integrated into himself】

Lu Changsheng nodded.

Although I don't quite understand, it's just right to nod anyway!

At this time, Qin Tiannan also returned to the academy.

Go straight to the thatched cottage.

Seeing Lu Changsheng, he asked directly: "How did you find these monsters?"

Lu Changsheng let out an "ah".

Qin Tiannan said angrily: "Ah, what, what I mean is, Ye Qiubai, Hongying and Ning Chenxin, where did you find such talents?"

"Forehead..."

What can Lu Changsheng say?

The task of the system is nothing more...

Qin Tiannan told about Ye Qiubai's deeds in the general hospital.

Even the dean of the general hospital was full of praise for Ye Qiubai.

He even wanted Ye Qiubai to join the General Academy directly!

After hearing this, Lu Changsheng became anxious, and said, "This is impossible!"

Seeing this, Qin Tiannan laughed and said, "I still can't bear to part with such a monstrous disciple like Ye Qiubai?"

"The talent is so high, I also don't want to let go."

"But don't worry, I refused for you."

Hearing this, Lu Changsheng breathed a sigh of relief, and said, "That's good, it would be bad if there were no cooks."

"???" Qin Tiannan was taken aback, "Cook?"

Lu Changsheng immediately changed his words: "No, disciple, Ye Qiubai is my good disciple, how could he let him go?"

Qin Tiannan's mouth twitched, "But you are so good at teaching disciples, should you consider going to various churches to preach?"

"Elder Dantang also wants you to go over and tell those disciples about alchemy."

"The elders of the sword hall also asked you to talk about your understanding of kendo."

"The elders of the Confucian Academy also want to talk to you in the past."

After all, Lu Changsheng has already shown his alchemy ability, and Elder Dantang is also ashamed of himself.

In his mouth, Lu Changsheng has obviously been praised as the number one alchemist in the Southern Region!

As for the elders of the Jiantang, seeing Ye Qiubai being so monstrous, he would definitely give the credit to Lu Changsheng.

Naturally, I also want him to give lectures.

Confucian school elder?

Not to mention, Ning Chenxin has been eyeing Lu Changsheng ever since he discussed Taoism in the Confucian Academy.

Ning Chenxin has such a deep understanding of Confucianism and Taoism.

The master Lu Changsheng.

Wouldn't it be more evil?

When Lu Changsheng heard Qin Tiannan's words, he did not show a look of pride like others.

Instead, his complexion turned bitter, as if he had eaten *Coptis chinensis*.

"Uncle Qin, just let me go, look at me, isn't it a mistake to teach those students?"

Qin Tiannan's face turned black.

Misleading the children?

If you can teach disciples like Ye Qiubai, Hongying, and Ning Chenxin.

It doesn't matter if you make mistakes.

"No, you have to go for me today!"

Lu Changsheng touched his stomach and said, "But I haven't eaten yet..."

"I'll let the kitchen in the outer courtyard do it for you!"

In the outer courtyard, there are still some students who have not reached the bigu realm.

"What if it doesn't taste good..."

"Then I'll send someone to buy it from a restaurant outside!"

"..."

What else could he say?

What else can I say!

Looking at Qin Tiannan's posture, he must go today, and he has to go if he doesn't!

If you don't go, I'm afraid you won't give up.

Lu Changsheng had no choice but to nod with a bitter face: "Okay, but don't blame me for not teaching well."

Seeing this, Qin Tiannan was satisfied and said: "That's right, it's alright, then follow me to the alchemy hall first."

What else can Lu Changsheng do?

had no choice but to follow.

...

Came to Dantang.

Elder Dantang had already received news from Qin Tiannan, and had already vacated an open space.

In the center of the open space is a tripod alchemy furnace.

And around the alchemy furnace.

The seats are already full of students.

At this moment, the eyes of the students are full of excitement.

After all, it is Lu Changsheng!

The head of the thatched cottage taught Ye Qiubai, Hongying, and Ning Chenxin such monstrous masters!

How can it be easy to teach such a monstrous character?

And I heard that Lu Changsheng has also made achievements in alchemy.

Even refined a elixir that can break through 100% in Qianyuan Realm!

Elder Dantang can't do this kind of pill!

Being able to listen to the teachings of an alchemy master of this level, how can you not be excited?

At this time.

Qin Tiannan brought Lu Changsheng here.

All the students stood up, respectfully bowed to Qin Tiannan: "See the dean."

Qin Tiannan nodded, pointed to the man behind him, and said with a smile: "This is the master of the thatched cottage, Lu Changsheng. Afterwards, he will explain the knowledge of alchemy to you, so listen carefully."

Everyone excitedly said yes.

Elder Dantang also came over, with a smile on his old-fashioned face.

"Longsheng, what are you going to say?"

Lu Changsheng was a little speechless.

How does he know what to say?

I was forcibly pulled over, and I was not prepared!

Now the brain is blank!

"Why don't I make a potion of medicine?"

Hearing this, Elder Dantang was taken aback, "Are you trying to use actual alchemy to teach them? It's not impossible."

But what the \*\*\*\* is a furnace?

Isn't the pill counted by the pill?

Qin Tiannan retreated to the back, he also wanted to see that Lu Changsheng would teach like this.

Looking at the students who were full of expectations, Lu Changsheng said, "Well, I know how to make alchemy now, so watch carefully and study hard."

Heard that Lu Changsheng wanted to make alchemy himself.

Everyone was excited!

It may be the only time in my life to watch alchemy masters make alchemy at such a close distance!

Seeing this, Lu Changsheng didn't say anything, thinking to himself.

What do you want to practice?

Usually give Ye Qiubai their healing pills?

Or a pill to break through the realm?

But with so many people here, it is better to keep a low profile so as not to be pestered by Uncle Qin and the others.

Lu Changsheng has decided, he will refine the elixir that can stabilize his mood!

This should be low-key enough!

Thinking of this, Lu Changsheng chuckled.

Throwing the medicinal materials one by one into the alchemy furnace.

Immediately, a flame swept through the alchemy furnace!

The palm is constantly turning, extracting the liquid medicine in it!

Elder Dantang looked at this scene, he was thinking, what kind of elixir is this?

Why is the combination of medicinal materials so weird?

While refining alchemy, Lu Changsheng thought that he was teaching the students, so he said symbolically, "Look, this is fine here."

"Well, then here, just do it like this and it will be done."

"Basically that's it, can you understand?"

Heard the words.

The trainees are stupid.

this...

Who can understand this?

The medicinal materials are thrown directly into the alchemy furnace?

Extract the liquid medicine together?

Never consider drug conflicts!

This is not a question of whether you can understand or not.

It is impossible to do it at all!

At this moment, the students thought to themselves.

Are they too weak, or Senior Brother Ye and the others are too monstrous?

Can grow up under this teaching method?

Chapter 75 I play myself?

Before.

Some students think that hard work can make up for lack of talent.

Can now.

They understand.

It turns out that talent is really important.

Because I don't have talent, I really don't understand what Senior Lu is doing!

Actually, if you show this to Ye Qiubai and the others, they probably won't understand it either...

Soon, the scent of Danxiang began to spread freely throughout the academy!

Among the colleges.

People who are cultivating, smelling the fragrance of this medicine, actually calmed down in their hearts.

Distracting thoughts are expelled!

The students in Dantang also felt a burst of peace in their hearts.

Even, some pill formulas and exercises that I couldn't comprehend before, all have some understanding!

Elder Dantang is also refreshed!

It's just medicinal fragrance, can it have such an effect?

Then what level is the pill in it?

Everyone looked at Lu Changsheng closely.

At this moment, Lu Changsheng looked calm, and said softly: "Dan Cheng."

Immediately!

In the alchemy furnace, the medicinal fragrance is restrained!

The surrounding Danxiang was actually integrated into the Dan furnace!

Lu Changsheng made a move with his palm, and immediately, one after another, pills fell into the jade bottle!

"Eh, the bottle belt is short, elder, can I borrow some?"

Hearing this, Elder Dantang was taken aback for a moment, and subconsciously handed five jade bottles to Lu Changsheng.

Lu Changsheng smacked his lips and said, "Less."

"not enough?"

One jade bottle can store five pills.

How much practice have you practiced?

However, Elder Dantang gave Lu Changsheng ten jade purification bottles again.

Lu Changsheng then said: "It should be enough..."

After finishing speaking, he tapped the pill furnace, and the pill in it instantly fell into the jade bottle!

Among the astonished eyes of everyone.

The sixteen jade bottles were full!

There was even one left, Lu Changsheng took a look at it, and threw it into his mouth without bothering to pretend.

Kaba Kaba.

Swallowed the elixir like chewing jelly beans.

Everyone was speechless after watching it.

It turned out that what was said at the beginning was true.

Other people's refining medicine is measured in pills.

And you really use the furnace as the unit!

"Okay, do you understand everything?"

Looking at everyone, Lu Changsheng smiled and said, "You must all understand, right?"

Elder Dantang: "..."

Student: "..."

Qin Tiannan covered his face.

He now doubts whether Ye Qiubai and Hongying were taught by Lu Changsheng.

Elder Dantang had no choice but to say: "Then what is the function of this elixir?"

Lu Changsheng thought for a while, and said, "Is it just to refresh your mind? I don't know the specifics. You will share one of them and try."

After finishing speaking, he waved his hand and distributed pills to everyone.

There are not many students in Dantang.

After all, not everyone has the talent for alchemy.

Elder Dantang also picked up one, looked at it suspiciously, and swallowed it.

All the students were ecstatic when they saw this!

After all, how can the alchemy master Lu Changsheng make so mediocre?

When everyone takes it.

All closed their eyes.

sat cross-legged on the ground.

For a long time, no extra breath came out.

Seeing this, Lu Changsheng heaved a sigh of relief, and thought to himself: "Hmph, as long as they think this elixir is useless, they won't come to me in the future..."

Thinking of this, Lu Changsheng looked at Qin Tiannan, spread his hands and said, "I told you not to look for me, look at the broken alchemy I made, it's useless at all."

Qin Tiannan was about to say something.

suddenly.

A breath burst out from among the students!

Someone broke through!

Breakthrough from Jindan Realm to Purple Mansion Realm!

Lu Changsheng: "???"

Isn't it just a elixir for purifying the heart and nourishing the mind, why did it break through?

Lu Changsheng hurriedly looked at Qin Tiannan, and explained: "Uncle Qin, this is definitely an accident!"

Qin Tiannan: "..."

But at this time.

But at this moment, another person stood up and said in surprise, "I know! I know how to make this elixir!"

Immediately, he walked up to Lu Changsheng, bowed respectfully, and said solemnly: "Thank you, Senior Lu! I have been unable to successfully refine that elixir. Now, my thinking is suddenly clear!"

Lu Changsheng: "???"

Not so much, brother?

It's just a elixir for calming the nerves, how come you have a clear mind?

And a clear thinking will make alchemy?

At this time, in the square, a soul force suddenly rose up.

The soul power that was originally weak has now begun to become solid!

Soul power is a must for an alchemist.

The strength of the soul power can directly affect the success rate and quality of the alchemist when alchemy!

Originally, there were few ways to cultivate soul power!

Even in the Tibetan Taoist Academy, only Dantang has it!

And there are even fewer natural treasures to enhance the power of the soul!

"Thank you, Senior Lu!"

The student who broke through with soul power paid respectful respect to Lu Changsheng, his eyes were full of reverence!

Lu Changsheng: "..."

Am I being acted by myself?

And at this moment, Elder Dantang also opened his eyes and exhaled a turbid breath.

There was a gentle smile on that old-fashioned face.

"Longevity, your elixir is really miraculous. I have been studying the elixirs for many years, but I have never succeeded."

"I had already given up, but now I thought of a solution!"

"By the way, what is the name of this elixir?"

Lu Changsheng: "..."

At this time, the surrounding students also woke up from their enlightenment one after another.

Everyone has gained more or less.

Thank you Lu Changsheng constantly!

Lu Changsheng looked up at the sky.

His eyes turned black for a while.

It's over.

My retirement life.

In this way, he was buried in his own hands.

No!

In the end, it's Ye Qiubai, that bastard!

If he hadn't sold out his teacher, he would have let me refine that Podan?

If you don't practice Na Po Dan, what will happen today?

Lu Changsheng can't wait to throw that kid directly into the Jiuyou Huangquan formation.

Send him to the West!

At this moment, Ye Qiubai, who was far away in the central region, yawned again.

"Could it be that Master is thinking about my cooking?"

"Hey, it's better to finish the things here earlier and return to the teacher's gate earlier."

If Ye Qiubai knew what Lu Changsheng was thinking now.

Probably escaped from the division overnight...

At this moment, Qin Tiannan stepped forward.

He patted Lu Changsheng on the shoulder kindly, and said with a smile: "Changsheng, I thought the way you taught was not suitable for them."

"It turns out that you thought a long time ago that they might not understand, so you directly refined this elixir to help them solve their daily problems."

Lu Changsheng's eyes were dull.

"Heh... heh heh... heh heh heh."

Qin Tiannan grabbed Lu Changsheng's shoulder and flew away.

"Let's go, follow me to the sword hall."

Hearing this, Lu Changsheng thought to himself, there is still a chance!

I will teach you blindly later! Just teach one to be scrapped!

Destroy Your Reputation!

Chapter 76 Blame Ye Qiubai, that bastard...

Jiantang.

Because of the existence of Ye Qiubai.

Almost everyone has regarded Lu Changsheng as the strongest sword cultivator in Tibetan Taoist Academy!

It can teach sword masters like Ye Qiubai.

Make it so young to comprehend the sword intent.

Ye Qiubai even led the Southern Region Tibetan Taoist Academy, and won the first place in the exchange of the four regions.

Successfully helped Qin Tiannan keep the position of dean!

All kinds of glory.

make them feel.

Lu Changsheng is really awesome.

At this moment, Xin Hongyi was also among the crowd.

She wanted to see how Lu Changsheng taught Ye Qiubai.

At this moment, Qin Tiannan brought Ye Qiubai to the sword hall.

Similarly, the students in the Jiantang also showed reverence in their eyes.

The elders of the Jiantang were also on the side, obviously wanting to see how Lu Changsheng taught Ye Qiubai.

Lu Changsheng sneered when he saw this.

Wouldn't it be good to just play a set of sword skills at that time?

Qin Tiannan said: "Okay, let's get started, hurry up, there is still the Confucian Academy to go."

Lu Changsheng was a little helpless.

Really regarded him as the donkey of the production team?

Under the gaze of the students.

Lu Changsheng picked up a branch casually.

Stab forward violently!

Immediately, a horizontal chop!

Another vertical cut!

...

Seeing that Lu Changsheng didn't speak, but played swordsmanship, everyone couldn't help being a little puzzled.

Besides, isn't this set of swordsmanship the basic swordsmanship?

The elders of the Jiantang are also a little doubtful?

What is Lu Changsheng doing?

At this moment, Lu Changsheng on the high platform squinted at the doubts of everyone, and couldn't help but feel happy.

It worked.

Unable to help, he repeated the basic sword technique again and again.

One stab!

A horizontal cut!

Under the stage, Xin Hongyi watched this scene thoughtfully.

How could it be possible to teach a monster like Ye Qiubai just to use basic swordsmanship?

Which naturally has a deep meaning!

It's just that they haven't discovered it yet!

Xin Hongyi took out a long sword and used basic sword skills on the spot!

Whatever Lu Changsheng does, she does!

gradually.

Xin Hongyi was immersed in basic swordsmanship.

She is no longer obsessed with what Lu Changsheng is doing, but immersed in her own swordsmanship!

Basic swordsmanship.

It is the practice that every sword repairer starts from the moment he comes into contact with the sword.

It's just that, after some small successes, everyone abandoned the basic swordsmanship.

This is also normal.

This set of swordsmanship is nothing more than the way of making moves.

It is not as gorgeous and powerful as other sword techniques.

Why do you want to practice basic swordsmanship?

Isn't that a brain hole?

However, now Xin Hongyi seems to have grasped something.

Basic swordsmanship.

Base.

The road to martial arts, what is the most important thing?

is Daoji.

The foundation of the road is unstable, and the road ahead is destined to be impossible to go far.

Xin Hongyi understands!

She understood Lu Changsheng's intentions!

Suddenly, from Xin Hongyi's body, a gust of sword energy surged out!

Everyone looked at Xin Hongyi in amazement!

The elders of Jiantang and Qin Tiannan were also attracted to them.

Lu Changsheng also had a bad feeling.

I can't...

And at this time, there was a sense of sharpness in the gushing sword energy!

"Sword Intent!"

The elder of Jiantang stood up suddenly, and said in surprise: "You have actually touched the threshold of sword intent?!"

Everyone was also amazed!

Xin Hongyi touched the threshold of sword intent while performing basic sword skills!

Lu Changsheng: "???"

What did I do?

What did I do!

Just swipe a branch a few times, and someone the \*\*\*\* breaks through again?

Xin Hongyi woke up from an epiphany at this time, and bowed to Lu Changsheng: "Thank you for your guidance, Senior Lu!"

Lu Changsheng: "..."

What did I guide?

Can you tell me no... can I change it?

The elder of Jiantang looked at Xin Hongyi and said, "Xin Hongyi, tell me about the insights you have gained."

Xin Hongyi nodded and began to explain.

Express the feelings in your heart.

and the understanding of basic swordsmanship, I said it again.

After hearing this, everyone couldn't help thinking.

Even the elders of the Jiantang began to reflect.

yes.

Base.

is the origin of all swordsmanship.

All sword techniques are extended from basic sword techniques!

But the power of swordsmanship, in the final analysis, still lies in oneself!

Not relying on fancy swordsmanship!

The elders of the Jiantang sit cross-legged!

Sword Intent makes another breakthrough!

Sword Intent has reached the level of a Great Sword Master!

And the rest of the disciples.

Either the realm has improved, or the sword energy has become more solid.

Everyone has gained more or less.

Lu Changsheng stared blankly at this scene, not knowing what to say.

At this time, Qin Tiannan grabbed Lu Changsheng's shoulder and said, "Okay, it's time to go to the Confucian Academy."

"Can I not go..."

"Why don't you go? Look at how well you teach!"

"..."

...

Then, another period of time passed.

The sun is near sunset.

In the direction of the Confucian Academy, dozens of auras exploded again!

Looking at this scene, Lu Changsheng had already given up.

Anyway, these people can break through whatever they do.

It seems to be a self-guided strategy!

The elder of the Confucian president patted Lu Changsheng on the shoulder kindly, and said with a smile: "Changsheng, you are born to be a master, and you will come to give lectures to the students more in the future."

Lu Changsheng: "..."

Qin Tiannan echoed from the side: "There are also Jiantang and Dantang, so we should go more."

Lu Changsheng: "..."

At this moment, a burly figure hurried over.

"Nephew of Changsheng! Be sure to go to my martial arts hall to teach! We haven't been to the martial arts hall yet!"

is the elder of Wutang!

Obviously, he also got the news.

Envious eyes are turning red!

Lu Changsheng said.

If I am wrong, please use the law to punish me...

Instead of torturing me this way...

My salted fish life is probably gone forever...

The name of Lu Changsheng once again spread throughout the southern region.

I'm afraid, until the next enrollment.

The door of the thatched cottage will be broken down by various forces...

And all of this is due to that \*\*\*\* Ye Qiubai!

Three days later.

Medium domain.

During these three days, Ye Qiubai kept going to the Land of Hundred Refinements!

Continuously fight with monsters in it.

Battle skills, swordsmanship comprehension.

are all improved.

Even the ranking is one place higher, reaching the eighth place.

Everyone clicked their tongues.

In three days, it has risen to another rank. This kind of speed, no one would dare to imagine normally!

After all, the person on this stele has not been replaced for several years!

this day.

Ye Qiubai and Jian Chaomian walked out of the Land of Hundred Refinements.

A figure suddenly stood in front of Ye Qiubai.

"Ye Qiubai?"

Ye Qiubai raised his eyebrows, nodded and said, "Is there something wrong?"

The man grinned and said, "It's not a big deal, I just want to discuss with you."

Hearing this, Ye Qiubai was slightly surprised.

Someone said: "It's Huang Zhengzhan, who was ranked eighth before!"

Emperor Conquest?

Surname Huang?

Chapter 77 Life and death on Yanyun platform!

Emperor Conquest?

Ye Qiubai's first thought was that.

What is his relationship with the Sunset Dynasty.

Jian Chaomian seems to know Huang Zhengzhan, he is also from the Northern Territory after all.

"Huang Zhengzhan, the first pride of the Sunset Dynasty, but he doesn't like political affairs, and focuses on martial arts."

"Relying on my own strength and talent, I joined the main academy of the Tibetan Taoist Academy."

Ye Qiubai nodded slightly.

Huang Zhengzhan looked at Ye Qiubai and said, "I heard Tianming tell you about you. Although I have no enmity with you, after all, the Sunset Dynasty is my home. So, a war?"

After hearing this, Ye Qiubai did not refuse.

After all, it is better to solve troublesome things at once.

"Where?"

Huang Zhengzhan nodded and said: "The academy has a place for people to solve their hatred, come with me."

After finishing speaking, he turned and walked away.

Ye Qiubai and Jian Chaomian followed.

As everyone watched this scene, there was a commotion.

"Huang Zhengzhan wants to challenge Ye Qiubai?"

"It seems that there is a grudge."

"I don't know if Ye Qiubai is Huang Zheng's opponent."

Someone shook his head and said, "Of course not. Huang Zhengzhan is now in the half-step Qianyuan realm, and he can step into the Qianyuan realm with just one step! And Ye Qiubai is only in the mid-stage Qihai realm, how could he be an opponent?"

"Although Ye Qiubai's ranking is now higher than Huang Zhengzhan's, but what about martial arts and martial arts? And combat experience? You know, Huang Zhengzhan is a famous fighting maniac."

In this regard, the people in the General Academy of Tibetan Taoism Academy have the capital of pride.

Gongfa and martial arts, the Southern Territory really cannot be compared with the Central Territory.

What's more, there are three major trials.

The people in the General Academy temper themselves in it all the time, and naturally have more combat experience than the people in the other four domains.

Academy in order to solve the hatred among students.

Yanyuntai was specially set up.

On this, you can set up your own rules.

Can be disabled or even life-threatening!

On this, life and death matter!

Therefore, few people actually go up Yanyun Terrace.

After all, in the land of the academy, there are not many conflicts of interest.

Yanyun Terrace has not reopened for several years.

Now, someone has applied for Yanyun Terrace, which naturally makes the people in the academy very interested, and they all rush here!

Even Shi Sheng and Zhang He heard the news and rushed here to join Ye Qiubai.

Shi Sheng said solemnly: "Brother Ye, the emperor's battle is not easy."

Zhang He also echoed: "Although he is ranked eighth in the Land of Hundred Refinements, he is indeed ranked fifth in the Land of Body Refinement!"

"The physical body is probably stronger than me and Shi Sheng."

Both of them are cultivators.

One is born with divine power, and the other has cultivated the Buddhist Vajra Body.

The physical body is not weak!

Now, they all say that they are not as good as the emperor, so naturally they have a reason.

Jian Chaomian did not speak.

With Ye Qiubai's strength, Huang Zhengzhan is probably not an opponent.

He is a sword cultivator.

Only a sword cultivator understands what a great sword master really is.

Ye Qiubai smiled and said, "It's fine, don't worry."

There must be a battle between him and Huang Zhengzhan, it's just a matter of time.

After all, his hatred with the Sunset Dynasty has long been endless.

Either he dies, or I die.

At this time, Huang Zhengzhan jumped up, stood on the Yanyun Terrace, looked down at Ye Qiubai, and said indifferently: "Come on."

Seeing this, Ye Qiubai also jumped up.

"Although I am much higher than your realm, I will not hold back."

Huang Zhengzhan showed a chilling expression on his face, and a fighting spirit soared into the sky!

Fighting heart, form the meaning of fighting!

"This battle is about life and death, how dare you?"

The people in the audience felt the fighting spirit, and their faces turned cold.

"The emperor's fighting spirit seems to have improved again."

"Well, his fighting spirit came from entering Qiudao Mountain, and now he is constantly honing himself in the land of hundreds of exercises, so he is naturally stronger."

"That leaf is Qiubai, it's probably more ominous."

Behind the crowd, a man with long robes and short hair quietly appeared, watching this scene with interest on his face.

On the other side of the crowd, there was a burly man with his arms folded, watching coldly.

At this moment, above Yanyun Terrace, some elders also came here.

They are the law enforcement elders of Yanyuntai.

Use this to ensure order!

On stage.

The opposite of the emperor's campaign.

Ye Qiubai took out the Dark Demon Sword and looked at the emperor to fight, but he didn't show timidity because of the majestic battle!

"Death to death."

Seeing this, Huang Zhengzhan clashed his fists.

Make a loud noise!

Immediately, with a sudden step and a deep drink, his body rushed towards Ye Qiubai like a cannonball!

There were bursts of sonic booms in the space!

Ye Qiubai's hair was blown flying in all directions, a great sense of oppression came oncoming!

It's like Mount Tai is overwhelming!

I want Ye Qiubai to kneel down!

Seeing this, Ye Qiubai didn't take a step back, his waist was still as straight as a sword!

The dark demon in the hand, the monstrous demonic energy ascended to the sky, and the sword intent turned into a river of swords, sweeping towards the emperor's battle!

Everyone watching this scene was also shocked.

"The rumors are true, this person has really comprehended the sword intent, and his level is not low!"

"He hasn't entered Qiudao Mountain before, and his sword intent has reached such a level. He is really a genius."

In the middle domain, they only recognize the strong.

If you are strong, you will be able to gain their approval.

Even the elders on Yanyun Terrace had different expressions.

No wonder the dean asked them to pay attention to this son.

When the man in the robe saw this scene, he was also slightly surprised.

The burly man even grinned: "It's interesting."

The emperor has no intention of retreating from the battle!

The fighting spirit is full of enthusiasm!

Wrapped his body like a golden armor, with terrifying momentum, he crashed directly into the monstrous river of swords!

He actually ignored the sharpness of the sword intent and directly entered it!

In the long river of sword intent, the water flow is like a thin and deadly long sword, piercing Huang Zhengzhan's body!

And all of this did not pierce Huang Zhengzhan's defense, but left white marks one after another on his skin!

Ye Qiubai was not surprised when he saw this.

After all, his physical body is extremely strong, and he has a fighting spirit. At the same time, his realm is so much higher than him.

If it is defeated like this, it is obviously unlikely.

Ye Qiubai pointed at the sky, and the sword intent full of magic energy merged into the long river of sword intent!

For a moment, the river of sword intent turned black.

A wave of demonic energy continued to rise.

To make people surrender!

At this moment, Ye Qiubai is like a sword demon!

And in the long river of sword intent.

Huang Zhengzhan also frowned, this devilish energy actually made his mind tremble?

Looking at the entire academy, even if he can't win, who can make him feel this feeling?

Thinking of this, Huang Zhengzhan roared!

The fighting spirit is even stronger!

It actually emitted a dazzling golden light, and a majestic aura turned into palm prints, grasping Ye Qiubai!

Ye Qiubai saw this, and the Dark Demon Sword came out!

The sixth sword of the Heavenly Demon Nine Swords!

Do not avoid, do not give in, cut through that palm print with one sword!

Chapter 78 Burning Blood Magic Art!

Nine Swords of Heavenly Demon.

Now Ye Qiubai can make the sixth sword at will.

After all, these days, Ye Qiubai's strength has not improved a bit.

Huang Zhengzhan was also surprised when he saw this scene.

If it is an ordinary person in the Qi Sea Realm.

Under that palm print, it must have been crushed into slag.

But Ye Qiubai was not only not defeated, but even cut through with a single sword!

Now, Huang Zhengzhan finally understands Huang Tianming's worries.

Why do you want to get rid of Ye Qiubai so eagerly!

In the long river of sword intent, Huang Zhengzhan roared and stepped out of it!

Fist raised, fighting spirit covered it!

"Breaking Heaven!"

Obviously, Huang Zhengzhan has no intention of holding back!

Half a step of Qianyuan's breath burst out!

The fighting spirit even crushed Ye Qiubai!

The air machine completely locked Ye Qiubai, making it impossible for him to retreat!

As for Ye Qiubai, he never thought of retreating.

The dark magic sword in his hand slashed forward!

There is no flashy sword glow, nor fancy swordsmanship.

Just a simple cut!

But this cut contained Ye Qiubai's swordsmanship!

From the road to simplicity!

This sword is the seventh sword of the Heavenly Demon Nine Swords!

And this seventh sword is called Molin!

It has the meaning of the coming of the demon god!

The demonic energy is monstrous!

Like a demon \*\*\*\* descending into the world!

The people around Yanyun Terrace were all shocked!

A sense of surrender from the soul keeps rising!

"Is this a sword skill that people in the sea of air can display?"

"This level of sword skill is probably a heaven-level sword skill?"

Sword skills of the sky rank are extremely rare even in their main academy!

Looking at the entire Central Region, I am afraid there are not many!

And most of them are fragments!

Even the boxing that Huang Zhengzhan uses now is the low-level boxing in the Tibetan Taoist Academy!

And it took a lot of points to get it.

Huang Zhengzhan was obviously taken aback.

Under this sword, he actually had an extremely strong sense of crisis!

He was forced to this point by a person in the Qi Sea Realm?

However, he can't retreat now.

The qi machines of the two are locked to each other, and there is no way to back down!

If you step back at this time, you will only become a chopping board fish, waiting to die!

Huang Zhengzhan certainly understood this, so he roared angrily.

Fighting spirit screaming!

Fist smashed down!

It seems to have the potential to break the sky!

The space let out an unbearable scream, and there was a faint sense of rupture!

Ye Qiubai's expression was indifferent, and the dark demon was cut out in his hand!

Collide with Huang Zhengzhan's fists!

Under everyone's amazed eyes!

An explosion-like aftermath spread towards the surroundings!

The elders above Yanyun Terrace were shocked when they saw this, and waved a barrier to cover Yanyun Terrace!

The aftermath was surging.

Ripples set off one after another on the enchantment!

When everyone saw this, they were even more surprised.

The power of the two fighting is so great!

And that Ye Qiubai still came from the Southern Region!

A place where martial arts are decadent!

To be able to fight the emperor to such an extent!

Obviously, Ye Qiubai's talent is not weaker than theirs, even worse!

On the other hand, look at Yan Yuntai.

Ye Qiubai's hand holding the sword felt waves of great force at this moment!

This physical strength is extremely terrifying.

It is not at the same level as the people in the Southern Region!

And this fighting spirit kept pressing down on his mind.

Looking back at the emperor's battle, it was also extremely uncomfortable.

It was extremely reluctant to resort to breaking the sky.

After all, he hasn't fully understood this earth-level martial skill yet.

And Ye Qiubai's sword rushed directly into his arm with a sword intent!

Crazy destruction of his body!

Just a touch, there was a slight crack on the arm!

How powerful is the physical body of Huang Zhan.

He is also very aware of his physical strength.

Even so, Ye Qiubai's sword broke through the defense!

Under the terrified eyes of everyone.

That arm was bursting out with streaks of blood!

Huang Zhengzhan let out a muffled grunt, and stormed out!

escaped from Ye Qiubai's attack!

Ye Qiubai also took two steps back, his face flushed slightly.

Obviously, Huang Zhengzhan's punch also affected him, but it wasn't a big problem.

Under this blow.

Ye Qiubai has a complete advantage!

"Using Qi Sea Realm to suppress Qian Yuan for half a step, the physically invincible Huang Zhengzhan..."

"I believe even if he is said to be the pride of the hidden sword."

"I don't know whether he is stronger or weaker than those group of sword cultivators."

At the back, the man in the robe saw this scene and smiled slightly: "It's interesting."

Then, he turned and left.

After all, in his heart, the outcome has already been decided, so there is no need to watch it any further.

The same is true of the strong man.

On the Yanyun platform, Huang Zhengzhan's expression was cloudy and unpredictable.

"I know why Tianming is so worried, you are indeed a future trouble."

"If you are not removed, when you grow up, I am afraid that you can really threaten the Sunset Dynasty."

"For the sake of the dynasty, I will also keep you on Yanyun Terrace."

After speaking, Huang Zhengzhan's body began to turn red slowly!

Like overcooked shrimp!

In the eyes, streaks of blood began to pervade.

Slowly, it filled the entire eyeball!

Among the monstrous fighting spirit, at this moment there is actually blood rising up!

It is extremely viscous, as if it has become blood!

Someone exclaimed!

"Burning Blood Magic Art!"

"Huang Zhengzhan was forced to this point?!"

Beside , Shi Sheng was taken aback, and asked, "What is the Burning Blood Devil Art?"

Someone replied subconsciously: "Burning Blood Magic Art is a secret method of the earth, which burns essence and blood to achieve the goal of extremely increasing physical strength!"

"Under the state of Burning Blood Magic Art, the strength of the physical body is at least twice as strong!"

Hearing this, Shi Sheng and Zhang He's expressions changed drastically!

If a body of this strength is twice as strong, how strong will it be?

They dare not imagine!

Jian Chaomian's face gradually became serious.

The man continued to explain in a deep voice: "However, although it is strong, it also has side effects. In the state of Burning Blood Demon Art, if you don't drink the enemy's blood, it will permanently damage your talent!"

Everyone's face changed, the consequences are not insignificant!

Even the Elder Order on Yanyun Terrace had an ugly expression on his face.

Huang Zhengzhan is the pride of the academy after all!

Nowadays, it's not what they want to see at this level!

Ye Qiubai looked at this scene, slightly startled.

At this moment, Huang Zhengzhan's strength is already able to surpass Qianyuan Realm powerhouses!

The sense of coercion also multiplied!

On the other hand, look at the emperor's campaign.

Constantly panting.

Even the spit out gas is blood red!

The whole person swelled up!

Everywhere in the body, there are blue veins surging!

Looking at Ye Qiubai, Huang Zhengzhan said in a muffled voice: "Next, I will completely smash you to death under my fist!"

Just finished speaking, Huang Zhengzhan's body instantly disappeared in place!

Ye Qiubai didn't dare to neglect, he let out a low drink, and a white breath surrounded Ye Qiubai.

Actually has the meaning of endless life!

This is the Sword Sutra of Taichu!

Chapter 79 Taichu Sword Classic, Ping Shanhe!

In the Sword Sutra of Taichu.

It has the meaning of endless life.

Now, Huang Zhengzhan uses the Burning Blood Magic Art, and his strength has been increased several times, comparable to Qianyuan Realm!

Although, Ye Qiubai has killed the strong in the martial arts list of the Four Regions.

But after all, foreign objects were used.

and surprise.

Now, Ye Qiubai doesn't know whether he is an opponent or not.

But he wants to try.

Seeing Ye Qiubai's body full of fighting spirit, his eyes are even more determined.

Huang Zhengzhan couldn't help being stunned for a moment, and then a stream of blood rushed to his head, washing his sanity, and he was furious!

This is also a side effect of the Burning Blood Magic Art.

Once left unchecked and not suppressed, the spellcaster will be overwhelmed by the monstrous killing intent and become a machine that can only kill.

It can be said that Huang Zhengzhan did not hesitate to kill Ye Qiubai here!

After all, this talent is too terrifying.

If it is not killed in the cradle, the Sunset Dynasty will fall into ruin!

So far, Huang Zhengzhan dare not have any reservations.

Even at the expense of damaging his Dao foundation!

At this moment, Huang Zhengzhan approached him.

That veiny fist slammed down!

Ye Qiubai didn't retreat or evade, raised his sword and slashed away!

The black magic energy on the sword has completely disappeared at this moment.

In turn, there is an endless energy!

Absolute Beginning Sword Meridian is running crazily in the body.

Seeing Ye Qiubai preparing to receive the blow head-on, everyone under Yan Yun's stage was astonished.

Sword and fist collide!

Ye Qiubai did not destroy people with his sword as everyone imagined!

The meaning of endless life on the sword seemed to turn into a sword net, enveloping Huang Zhengzhan's fists layer by layer!

Make it impossible to break through!

Seeing this, Huang Zhengzhan also hesitated slightly.

Ye Qiubai was able to receive his punch?

You must know that Huang Zhengzhan, who uses the Burning Blood Magic Art, already has the strength of Qianyuan Realm.

Immediately after.

Huang Zhengzhan let out a terrifying roar.

The roar turned into substance, forming a \*\*\*\* sound wave, sweeping towards Ye Qiubai!

Ye Qiubai stepped back quickly, and slashed out with a sword!

"Pingshan River!"

This is the sword skill recorded in the Sword Sutra of Taichu!

It is also the only sword skill that Ye Qiubai can display now!

Sword intent whistling!

Sword Qi vertical and horizontal!

That sword light, carrying the power of calming mountains and rivers, cut straight at that \*\*\*\* sound wave!

Cheap!

Just moments!

The blood-colored sound wave collapsed directly!

The sword glows non-stop, and then cuts to fight against the emperor!

Seeing this, Huang Zhengzhan let out an angry shout, and stomped \*\*\*\* the ground!

Yan Yuntai actually shook violently at this moment!

If it was just an ordinary competition arena, I am afraid that it would collapse at this moment.

Immediately, Huang Zhengzhan's body was like a cannonball, facing the sword glow head-on!

Now that he is using the Burning Blood Magic Art, he has already lost his mind!

There are only, must tear the enemy in front of you!

Eat its flesh, drink its blood!

The sword light was getting closer and closer, and Huang Zhengzhan's fist was also covered with blood light at this moment, like being entangled with \*\*\*\* spider silk!

"Roar!"

An infinitely beast-like roar came out of Huang Zhengzhan's mouth!

Punch out!

Like a wild beast, it smashed heavily on the sword light!

Jianmang trembled violently at this moment!

However, Huang Zhengzhan's arms are covered by endless sword intent!

The sword intent was like a sharp long sword, cutting on Huang Zhengzhan's arm!

Puff!

Streams of blood kept pouring out!

Huang Zhengzhan let out a muffled grunt, and stepped back!

But at this time, Ye Qiubai had disappeared in place, turned into a ray of sword light, and chased after the retreating Huang Zhengzhan!

Take advantage of his illness to kill him!

Yanyuntai, life and death!

Facing an enemy, how could Ye Qiubai hold back?

When the opponent is weakest, kill him directly, without leaving any trouble.

This is the most correct choice.

As for the chivalrous demeanor?

What do you want that thing for?

The enmity between life and death has been forged, you die and I die, facing this kind of person, Ye Qiubai will not be like this.

Huang Zhengzhan also saw Ye Qiubai rushing towards him at this moment.

The eyes are covered with blood, and now, the seven orifices are dripping with blood!

Like a ghost crawling out of hell!

Huang Zhengzhan stepped into the ground, forcing his backward figure to stop.

Immediately, both fists were clenched together, and they punched Ye Qiubai from top to bottom!

Seeing this, Ye Qiubai let out a cold snort, his figure fluttered for a while, and his fists landed on the ground slightly to one side!

At this time, Ye Qiubai saw the right opportunity and slashed out with a sword!

Huang Zhengzhan was overwhelmed and retreated quickly, but his hand was still cut off by the sharp sword intent!

The arm fell to the ground.

Ye Qiubai didn't even look at it, he slashed out with his sword, and the severed arm was twisted into powder!

Immediately, the dark demonic energy covered, and Ye Qiubai shouted: "The devil is coming!"

The seventh sword!

The slash that covered the magic energy and sword intent suddenly slashed out!

At this moment, the emperor's campaign has been unable to fight back.

The side effects of the Burning Blood Magic Art have already begun to appear.

Obviously, with his current strength, it is not enough to control it for too long.

Fang Cai was also seriously injured by Ye Qiubai.

Now he can only watch the slash land on his body!

At this moment, Huang Zhengzhan has recovered from the bloodthirsty state, and saw the slash that was infinitely close to him.

A wry smile appeared.

He really didn't expect that he would be defeated so embarrassingly by Ye Qiubai's hands.

It never occurred to Huang Tianming why he wanted to provoke such a troublesome person for the Sunset Dynasty, and why he hadn't got rid of him in time?

But it's useless to think so much, Huang Zhengzhan has resigned to his fate and closed his eyes.

Ye Qiubai also stopped, watching this scene indifferently.

The people below looked at this scene, and they were also extremely surprised.

"Huang Zhengzhan is not his opponent?"

"It's a pity, the name of the Emperor's Conquest will be removed from the list from now on."

"Fighting at the Qihai Realm and Qianyuan Realm, and beheading him, this kid has extraordinary talent."

However, when everyone was discussing.

A figure forcibly broke through the barrier on Yanyun Terrace and came to Huang Zhengzhan.

Immediately pointed out.

The black slash directly collapsed at this moment!

Dissipated between heaven and earth!

Ye Qiubai's pupils shrunk.

Everyone was taken aback when they saw this.

"He is the head of the Law Enforcement Hall!"

"I heard that Huang Zhengzhan is the apprentice of the master of the Law Enforcement Hall."

Huang Zhengzhan was also slightly surprised, and then said weakly: "Thank you, Master."

The head of the Law Enforcement Hall saw this and nodded slightly.

Then he looked at Ye Qiubai and said, "Let's stop here?"

Ye Qiubai frowned slightly, not afraid of his identity, and said coldly: "It seems that the rules of Yanyuntai do not allow others to intervene, right?"

Seeing Ye Qiubai refute him, the master of law enforcement became more cold in his eyes, and said, "That's enough, his Dao foundation has already been damaged."

"Then if he wants to kill me? You will also help me, is that enough?"

The head of the Law Enforcement Hall seemed to have lost his patience, snorted coldly, and swung out his palm!

Chapter 80 You are destined to Buddha

In the eyes of the head of the Law Enforcement Hall.

Ye Qiubai is just a student of the Southern Region Branch.

So what if he is arrogant again?

In his life, how many Tianjiao has he seen fall?

What's more, Huang Zhengzhan is his disciple, so he naturally wants to protect his shortcomings.

It is impossible to watch him die at the hands of others.

The move of the head of the Law Enforcement Hall also caught everyone by surprise.

Yanyuntai is a place to resolve hatred and fight for life and death.

It is a place supervised by Law Enforcement Hall.

As the head of the Law Enforcement Hall, it is a big taboo to be so biased.

Ye Qiubai's eyes also turned cold, and he struck out with a sword!

This sword directly used Ping Shanhe!

The Sword Sutra of Taichu is fully released!

Sword intent crosses the sky!

After all, the other party is a genuine Qianyuan Realm expert.

He is also the one on the Four Regions Martial Arts List.

Ye Qiubai did not dare to underestimate him.

However, even so, the sword glow was still shattered by that palm print, and landed directly on Ye Qiubai's body!

Puff!

Spit out a mouthful of blood and fly out backwards!

Obviously, if Qingyun Sword is not used, it is still too reluctant to fight against the strong players on the Four Regions Martial Arts List.

The head of the Law Enforcement Hall is still ranked 21st in the Four Regions Martial Arts Ranking!

Ye Qiubai looked coldly at the head of the Law Enforcement Hall, and said with a sneer, "This is the Law Enforcement Hall? The rules can be broken if you want to, and what kind of Law Enforcement Hall is set up?"

Hearing this, everyone gasped.

Although he was not convinced, he would choose to hold back his breath in the face of such a powerful Law Enforcement Hall Master, who is also a strong player in the Four Regions Martial Arts List.

But Ye Qiubai doesn't seem to have any worries at all.

If you want to say something, you say it.

The head of the Law Enforcement Hall heard this, frowned, and slapped again!

Although killing Ye Qiubai here would be bad for his reputation.

However, it will be fine after a while.

After all, in this world, the strong are respected.

Rules?

That was founded by the strong.

It is also broken by the strong.

Seeing this, Ye Qiubai's eyes turned hard, and he wanted to pull out Qingyun Sword again!

It was at this moment.

A sword light came from the sky!

came to Ye Qiubai.

Immediately, a finger stuck out.

Refers to strengthening sword energy!

Directly crush that palm print!

The head of the law enforcement hall looked at the person in front of Ye Qiubai, his eyes fixed.

Jian Chaomian was even more pleasantly surprised: "Master?"

The person who came was none other than the number one sword cultivator in the Northern Territory, the Supreme Elder of the Tibetan Taoist Academy in the Northern Territory, Dinghaishenzhen.

Similarly, Yunjing ranked sixth in the Four Regions Martial Arts List!

is a swordsman!

Now Ye Qiubai is a great swordsman, and above the great swordsman is Jianzong.

Above the sword sect, Fang is the sword master!

"Yunjing? You don't sit in the Academy in the Northern Territory, what are you doing in the Central Territory?"

The head of the law enforcement hall narrowed his eyes slightly, and his tone was full of dissatisfaction.

Yun Jing looked expressionless, looked at the head of the Law Enforcement Hall, and said coldly: "Zhou Shizhong, it seems that your character is still unchanged. Being so arrogant will bring disaster to the Tibetan Taoist Academy sooner or later!"

Zhou Shizhong sneered and said, "What? You want to protect him?"

"What crime has he committed?"

Yun Jing asked back, "The rules on the Yanyun platform were set by your Law Enforcement Hall, but now you want to break it with your own hands?"

"Zhou Shizhong, Zhou Shizhong, aren't you afraid that my Tibetan Taoist Academy's first-ever Qing name will be abandoned by outsiders?"

Yunjing's words are heartbreaking.

Zhou Shizhong's face was extremely ugly, but there was nothing he could do.

After all, Yunjing's strength far exceeds him!

His status is far from being comparable to that of a master of law enforcement.

Yun Jing looked back at Ye Qiubai, and said, "You can do whatever you want."

"The sword of a sword repairer cannot be bent, and the heart of a sword repairer cannot be blocked!"

Yunjing saw Ye Qiubai's talent.

In Yunjing's view, he has a chance to become a Juggernaut.

You know, in this world, there has been no Juggernaut for tens of thousands of years.

He wanted to witness the birth of the Juggernaut.

Ye Qiubai nodded and looked at Huang Zhengzhan.

Immediately, he drew out the Dark Demon Sword and walked towards him step by step.

Each step!

The power of the sword will continue to increase with the pace!

The momentum is getting stronger and stronger at this moment!

Huang Zhengzhan watched this scene and knew that Ye Qiubai would definitely come and kill him!

Can't help but look at Zhou Shizhong in front of him.

Zhou Shizhong's face was ugly, he looked at Ye Qiubai, and said ruthlessly: "Do you really want to do everything right?"

Hearing this, Ye Qiubai didn't reply.

The breath is still increasing rapidly!

Seeing this, Zhou Shizhong had no choice but to take a step forward, ready to make a move!

However, at this moment, Yun Jing also came to Zhou Shizhong, pointing at his forehead.

The cloud scene at this moment, the face is like ice, and the voice is like Jiuyou, which makes people feel cold and afraid!

"If you dare to move, Zhou Shizhong, I don't mind beheading you on the spot, and clean up the black sheep for the Tibetan Taoist Academy!"

Zang Taoist Academy is originally the responsibility of preaching and teaching.

There are many rules set up.

If the rules of Yanyuntai were broken at will, wouldn't the students question the academy?

Once a college is not trusted by its own students, how can it preach to the world?

If you don't sweep a house, how can you sweep the world?

Zhou Shizhong's actions undoubtedly touched Yunjing's bottom line!

Feeling the killing intent in Yun Jing's eyes, Zhou Shizhong believed that as long as he dared to move, the sword sect in front of him would kill him without hesitation!

So, he could only helplessly watch Ye Qiubai step by step towards the imperial conquest!

At this moment, Huang Zhengzhan was already unable to move due to the side effects of the Burning Blood Demon Art. Seeing Ye Qiubai approaching with a sword, he just wanted to say something.

But he also shut his mouth.

Now he knows that what he says is useless.

After all, the two are opposites.

The two sides are in an endless situation.

I had to close my eyes.

Ye Qiubai walked up to Huang Zhengzhan with a monstrous sword intent, and slashed down with his sword.

Without any hesitation.

directly pierced through the eyebrows of Huang Zhengzhan!

No breath at all!

The emperor fights, dies!

Zhou Shizhong looked at this scene with an extremely ugly face, snorted coldly, and flew away directly!

Seeing this, Yun Jing also put down his hands, looked at Ye Qiubai, and said, "Practice hard."

After finishing speaking, he glared at Jian Chaomian.

Sword facing the crown: "..."

He knew what his master's eyes meant.

Look at Ye Qiubai, and then at you.

Unbelievable guy!

At this moment, in mid-air, beside a middle-aged man, Yunjing appeared.

"I didn't expect you to be so optimistic about him?"

Yun Jing looked at the middle-aged man, nodded and said: "This son is a natural swordsman, he is the only one who can step into that realm, let alone a person from my Tibetan Taoism Academy, I naturally want to protect him."

"However, Dean, you came here just now, right? Why didn't you stop Ye Qiubai?"

The middle-aged man smiled and said: "Zhou Shizhong is indeed too much, he is no longer suitable to be the head of this law enforcement hall."

Moreover, the middle-aged man is even more afraid of the people behind Ye Qiubai.

The mysterious master.

To be able to teach such disciples, what kind of person is that?

"Yunjing, why don't you come back to the General Hospital and be the head of the Law Enforcement Hall?"

"Forget it, I still want to relax."

"You..."

...

at the same time.

In a large mountain village in the southern region.

Ning Chenxin was about to leave the village when a bald donkey suddenly appeared in front of him.

"The benefactor has a predestined relationship with my Buddha, do you want to go to Qingxin Temple with Lao Na?"
