

## My Disciples 721

Chapter 721 Soldiers approach the city!

Ye Qiubai stepped into the turbid fairyland, which was expected by Mu Fusheng.

After all, although the speed of progress of the senior brother is considered the slowest among the Caotang brothers.

However, on Daoji.

No one can compare to Ye Qiubai.

This advantage, the higher the realm, the more obvious it will be.

For example, now, Ye Qiubai broke through to the initial stage of the turbid fairyland, without any obstacles!

Its breath of breakthrough will be stronger than others.

At the same time, within the same realm, in Mu Fusheng's opinion, there is no one who can match Ye Qiubai so far.

After Ye Qiubai broke through, he opened his eyes, saw Mu Fusheng in front of him, and asked with a smile, "What's the matter?"

Mu Fusheng smiled, and then a golden thunder appeared on the palm of his hand.

When this small cluster of thunder power appeared in Mu Fusheng's palm.

Lin Zhiyan and others on the side subconsciously took a step back!

There was a frightened expression on his face!

Although it was only a small group, the sense of destruction brought about by them, even if they did not attack them, still gave them a sense of palpitation!

It seems that as long as you touch the power of this thunder, you will be killed directly!

Ye Qiubai saw more things than them.

This golden thunder, compared to the Xuanyin Zilei before Mu Fusheng, has the power of heavenly punishment!

Not so much Thunder.

It is better to say that it is a punishment from heaven!

Mu Fusheng sounded into his ears: "The ninety-nine Hongmeng Divine Lightning Technique given by the master has now broken through to the second thunder, the Heavenly Punishment Thunder."

Sky Punishment God Thunder, this name is apt.

"What floor have you reached?"

Mu Fusheng said: "The sixth floor, if you go up, I decided to absorb the aura in the wooden sign before going up."

This also echoed Mu Fusheng's character.

"I don't know what floor that kid Xiao Hei is on."

While speaking, Ye Qiubai raised his head to look at the tower, and then smiled slightly.  
as expected.

In the eighth layer, there is only one point of light.

No one went back to question the identity of this spot of light, only Xiao Hei could reach the eighth floor so quickly.

Obviously, Xiao Hei's physical strength has also made a good breakthrough in the constant battles.

"Okay, you can practice first." After saying that, Ye Qiubai got up and walked towards the training tower.

Now that the injury has recovered, it is natural to go to the seventh floor.

But look at it, now the realm of swordsmanship has stepped into the realm of half-step fairy sword.

How many layers can one break through in one breath.

...

Time passes day by day.

From the closure of Absolute Soul City, there is not much left.

Only seven days, it will be completely closed!

After seven days, no matter whether there are people who rule the three cities, and whether they get the final reward, they will be rejected by Juehun City.

Why has no one got the final reward of Absolute Soul City?

The ascetics who can enter the center of Juehun City are all top-notch existences.

When these top talents and top casual cultivators from all major forces are competing on the same stage.

The gap can be said to have not widened too much.

The situation of ruling the three cities only happened once from the beginning to the end.

And the only time, thousands of years have passed.

Of course, that time, the person who ruled the three cities still didn't get the final reward.

Someone once asked.

The man just said: "The final reward of Absolute Soul City is too harsh to obtain."

"Almost no one gets it."

Everyone can only let it go.

However, the inheritance among them, the treasures of heaven, materials and earth, still attracts countless arrogance.

Those who were able to successfully come out of Absolute Soul City and reach the final step at the same time, all of them had their strengths greatly improved.

this day.

Pan Xie and the others finally found the location of Xingyun City.

When Le Zhengchi felt the movement outside the city wall.

Immediately ended the training with Su Muyou and others.

"The Infernal Purgatory has been found here." Le Zhengchi said with a serious face, "Let's go and circle around first."

At this time, Le Zhengchi had broken through to the late stage of the Chaotic Immortal Realm.

Chen Hui, Su Muyou also broke through.

After all, the three of them have stayed in the middle of the turbid fairyland for many years. Now, the aura they got in the tower of cultivation is enough for them to break through.

Lin Zhinan and Miao Bangdao also broke through to the middle stage of the turbid fairyland.

Miao Bangdao frowned and said: "With our current strength, I am afraid that the other party will still be unable to stop them from entering the fairyland using secret methods."

"How about calling Ye Qiubai and the others out?"

Lin Zhinan immediately shook his head and said, "If we want to solve Purgatory City, we must rely on Ye Qiubai and the others."

"They are now at a critical moment, and they cannot be called out until it is absolutely necessary." at this time.

Xiao Hei has reached the ninth floor!

is the last layer.

On the eighth floor, there are two light spots, obviously Ye Qiubai and Mu Fusheng.

Le Zhengchi nodded in agreement with Lin Zhinan's statement.

"That's right, let's hold each other down first."

At this time.

Outside the training tower, three figures appeared.

Le Zhengchi waited for others to look.

It is the three people from Xianyuan Village!

Among them, the ape-man asked: "What happened?"

Lin Zhinan recounted the matter.

The ape man immediately said: "Don't disturb them, we will go with you first."

Everyone nodded.

...

At this moment, outside the walls of Xingyun City.

Pan Xie looked at Qiu Genyin who was at the side, and asked, "How is it? Is there any breath in it?"

After learning the location of Nebula City.

Pan Xie immediately called the four people from Biluo Huangquan Hall.

After all, this action must be foolproof!

If it fails again, the ancestor will definitely blame it!

Pan Xie didn't even dare to think about the consequences at that time.

Qiu Genyin nodded and said lightly: "It's already here."

The voice just fell.

Above the city walls.

The figures of Le Zhengchi and others appeared on it!

Pan Xie swept across these people with a sinister smile, but finally frowned slightly.

"Why, what about those three people? They are hiding behind and dare not come out?"

Lin Zhinan and everyone naturally knew who the three people Pan Xie was referring to were.

So he responded with a smile: "What if you are not there, so what if you are here?"

Hearing this, Pan Xie sneered and said, "You guys are not qualified yet."

In Pan Xie's eyes.

The secret technique is reserved for Ye Qiubai and the others.

After all, Ye Qiubai and the other three are the biggest troubles in their Infernal Purgatory.

The talent and strength are too strong, so strong that it makes them palpitate!

If the three of them were not around, Pan Xie would never use the secret technique.

Seeing this, Chen Hui took out his spear, and breath burst out!

shouted violently: "Why, are you so sure that you can beat us?"

Late stage of the turbid wonderland?

Pan Xie sneered and said, "Why, but after breaking through to the late stage, you feel that you are my opponent?"

"Since they don't come out, let's take you first!"

Chapter 722 Dangerous city!

The soldiers approached the city.

At this moment, outside the walls of Xingyun City, the atmosphere began to become tense and anxious.

The aura of Le Zhengchi and the others exploded out!

With Ye Qiubai absent, Lin Zhinan naturally acted as the conductor.

With Lin Zhinan as the conductor, Le Zhengchi and others will not feel dissatisfied in the slightest.

After all, this is a person known as a think tank.

I only heard Lin Zhinan say seriously: "There is a trap in the Biluo Huangquan Palace, which will definitely delay a few people to enter, and they will be handed over to everyone in Xianyuan Village."

Hearing this, the three ape-man nodded.

With their strong bodies, they can protect themselves from retreating unscathed.

Immediately, Lin Zhinan looked at Le Zhengchi and said, "You guys, just deal with Pan Xie and the others, but I guess, their target must be Ye Qiubai and the three of them. When the three of them don't show up, they definitely won't open it." Mystery."

"This is also our chance. First, attack vigorously and force them to use secret techniques. After Ye Qiubai and the others finish their training, we may be able to keep them outside the Nebula City!"

Heard the words.

Le Zhengchi and the others also nodded.

I have to say that Lin Zhinan still has two brushes.

There is nothing wrong with guessing.

After all, if it were them, they would definitely put the primary target on Ye Qiubai and the others.

This talent is too enchanting.

If you don't get rid of it for a day, you will feel uneasy!

At the moment.

The three apes and men have already rushed towards Qiu Genyin and the others first!

Seeing this, Qiu Genyin also smiled slightly.

Target us?

After finishing speaking, a compass appeared in the hands of the four people in Biluo Huangquan Temple, and a barrier appeared around the three ape and man!

Block it inside!

At the same time, above the city wall.

Le Zhengchi's knees were slightly bent, and his right leg rested on top of his left knee.

The guqin is placed on the right calf.

Slender hands directly sweep the strings!

A series of melodies turned into thousands of horses and horses, and rushed towards Pan Xie and the others with half a step of extraordinary sword intent!

Chen Hui also yelled violently, stomped his feet, and the wind and thunder swept over the spear, fixed his eyes on Pan Xie, and swung the spear wildly!

Su Muyou also took out a tripod and pushed the tripod body with both hands.

The tripod appeared above the four of Pan Xie, and the force of suppression permeated above the four of them in Infernal Purgatory.

Miao Bangdao, Lin Zhinan naturally also contributed.

Seeing this, Pan Xie had a sneer on his face.

"You don't think you have made a breakthrough, and you are my opponent?"

Pan Xie and the others also got the inheritance, and under the short-term training of the Patriarch of Purgatory, their strength also improved.

I saw four people making prints at the same time!

Among the bodies of the four people, the sound of howling came out one after another!

As if the soul howled!

With the sound of wailing everywhere, the meaning of blood rose to the sky!

Above the four of Pan Xie, a huge cloud of blood appeared.

Among the blood cloud, there is blood and evil, making people palpitate.

Watching Le Zhengchi and the others attack.

Pan Xie sneered, under the condensed blood cloud, there was actually a blood-colored giant condensed with soul power and \*\*\*\* evil intentions, appearing above everyone!

Immediately, both fists blasted out at the same time!

Under this punch.

Chen Hui frowned, and there was no room for resistance when the spear clashed with him!

Blood spurted wildly, and on the two arms, there were thin blood lines gushing out.

Immediately, it flew upside down and smashed into the city wall of Xingyun City.

The power of the tripod that Su Muyou displayed was also sent flying by the scarlet giant's punch.

Su Muyou, who was standing on the city wall, immediately fed back the force of backlash, blood overflowed from the corner of his mouth, and his face turned pale in an instant!

As for the thousands of troops that Le Zhengchi swept the strings to unleash, they were even more vulnerable to this punch.

Destroyed!

Lin Zhinan and Miao Bangdao even stepped back directly.

Everyone looked at this scene with astonishment.

What kind of skill is this, so powerful?

You know, they have already broken through to the late stage of the Chaotic Wonderland!

Now, the four people from Infernal Purgatory who didn't use the secret method unexpectedly beat them so that they have no room to fight back?

Seeing this, Pan Xie and the others all had grim smiles on their faces.

This trick was also given by the ancestor.

It was the heyday of Infernal Purgatory at that time, and it was also a long-lost exercise.

This exercise requires many people to use it.

Although with the strength of Pan Xie and the others, they are still unable to display the full power of this technique.

But it was more than enough to deal with people like Le Zhengchi.

I saw Pan Xie sneer and said: "Why, Ye Qiubai and the others don't plan to show up yet?"

"If it doesn't appear, then, I'm afraid your lives will also fall here!"

Lin Zhinan and the others looked ugly.

In a hurry.

Haven't had time to deploy policies yet.

Under such circumstances, Pan Xie and the others are so strong that they have already exceeded the strength they can resist!

Looking back at the three apes and men, under the delay of the trapped formation, they couldn't get out at all!

It's just that their situation is slightly better.

Qiu Genyin and the four of them have the spirit of the underworld, which is not very useful to the three of the ape and man, and cannot cause substantial weakening or damage.

But it is also impossible to get out of this trap!

Lin Zhinan said solemnly: "The secret method cannot be forced to use, but we have to delay until Ye Qiubai and the others come out!"

Everyone nodded.

After adjusting his breath, Chen Hui also returned to the city wall.

See this scene.

Pan Xie snorted and said contemptuously, "Even if you stick to the city wall and don't take the initiative to attack, what's the use?"

The voice fell.

Pan Xie, as the leader of the Scarlet Giant, controlled the Scarlet Giant. With huge steps, he approached the city wall in two steps!

Immediately, a punch was directed downward, and Le Zhengchi and others on the city wall punched it out!

See it.

Le Zhengchi and the others exerted all their strength to resist this blow!

But the result is still the same.

The previous blow had already injured several people.

Now this punch makes everyone's blood surge, and blood spurts wildly!

The long spear in Chen Hui's hand even came out directly!

The tiger's mouth split open!

After one blow, Pan Xie and the others did not stop their attack.

The blood-colored giant raised its foot and kicked towards the wall of Nebula City!

Boom!

this moment.

The walls of Xingyun City burst open!

Immediately, a foot stepped on the weak Le Zhengchi and others again!

Just then!

A slash directly passed through the scarlet giant's leg.

ton time.

The leg of the blood-colored giant was directly split into two!

turned into blood, scattered in this space.

Lin Zhinan and others were all happy when they saw this.

Pan Xie and the others frowned slightly.

this moment.

Three figures appeared beside Lin Zhinan and others at the same time.

One of the sword-wielding men said indifferently: "It took a while to break through, so leave the rest to us."

#### Chapter 723 Fighting

Those who came were Ye Qiubai, Mu Fusheng and Xiao Hei.

When you see the figures of three people.

For some reason, Lin Zhinan and the others breathed a sigh of relief.

Perhaps, during the days of fighting side by side with Ye Qiubai and the others.

They have subconsciously regarded Ye Qiubai and the other three as the backbone of this small group.

At this time, Pan Xie looked at Ye Qiubai's figure, and said with a smirk, "Why, finally stopped hiding?"

"Hiding?"

Ye Qiubai held the Jiuchi Xingyun sword in his hand, turned his head to look at Pan Xie, and said with a faint smile, "I don't want to hide, at least, no one can let me hide yet."

In addition to the master when he was angry, and the second junior sister who let him take the blame...

Hearing this, Pan Xie was not angry, but sneered: "No matter what, since you are here, then this battle, between you and me, will definitely be a winner."

While speaking, Pan Xie and the others wiped their fingers between the eyebrows, and a \*\*\*\* soul power emerged from the four people's eyebrows at this moment!

Intense spiritual fluctuations surged out from the bodies of Pan Xie and the others.

"Look, I already have a lot of respect for you."

Pan Xie felt the power constantly filling his body, and there was a murderous intent in his eyes, but there was a smile on the corner of his mouth.

"We didn't use secret techniques when dealing with so-called geniuses like Le Zhengchi and Su Muyou."

"And just facing you, a little person in the blood-changing state, in order to completely eradicate the three of you, I directly used all my strength."

"So, you should be able to die here without regret."

Hearing this, Ye Qiubai smiled, stepped forward and said: "If you are really still in the blood-changing state, maybe you are not your opponent, but..."

After finishing speaking, the Nine-Foot Star Meteor Sword in Ye Qiubai's hand trembled slightly.

Suddenly, under the astonished gazes of the four of Pan Xie, aura surged out!

See this scene.

Pan Xie's face gradually sank, and the unbelievable expression in his eyes gradually replaced the killing intent.

"The middle stage of the turbid wonderland?"

Thinking about why Le Zhengchi and the others also made breakthroughs.

"In this Xingyun City, it seems that there is an excellent place for cultivation?"

Behind Ye Qiubai, Xiao Hei also took a step, and six lines began to appear on his body!

The strength of the physical body has skyrocketed unprecedentedly at this moment!

Mu Fusheng took a step back, pinched a few talisman seals with one hand, and with the other hand, there were golden thunder and purple thunder beating faintly at the fingertips!

Seeing this, Lin Zhinan, Su Muyou and Le Zhengchi all looked horrified.

Breakthrough again?

How long has it been?

"But..." The four of Pan Xie, who performed the secret technique, had already stepped into the fairyland.

Following Pan Xie's yell, Jiang Chen and the others followed closely behind Pan Xie, and rushed towards Ye Qiubai and the others!

"Even if your strength has improved, you still can't cross the heaven of the fairyland!"

The turbid immortal is not an immortal.

When you reach the land of immortals, you are truly in the realm of immortals.

Why is there such a saying in the monastic world?

Because when an ascetic enters the earth fairyland, his strength will be far behind those in the muddy fairyland!

The gap in strength is extremely huge.

Seeing Pan Xie and the other four coming towards them.

The cloud of blood above the sky also kept following Pan Xie and the others as they advanced.

The smell of blood pervades Xingyun City!

Seeing this scene, Ye Qiubai didn't dodge or evade, holding the Nine-foot Star Meteor Sword, he rushed directly towards Pan Xie!

"How will you know if you don't try?"

He stepped into the middle stage of the turbid fairyland, and urgently needed a battle to verify his current strength.

And, stabilize the current realm with battles!

Xiao Hei rushed towards Jiang Chen.

There are two people left?

Mu Fusheng looked at Lin Zhinan helplessly, and asked, "Do you still have the ability to fight again?"

Le Zhengchi pondered for a while, then nodded and said: "It may be possible to hold one person, but the time will not be too long."

After all, Le Zhengchi and his party are all seriously injured.

Mu Fusheng threw out a few talisman seals and distributed them to Le Zhengchi and the others, saying: "If there is danger, use the talisman seals, as long as it can hold one of them back."

After finishing speaking, Mu Fusheng looked at Hanhua, and threw out a few talismans towards Hanhua!

Here comes the moment.

The real fight begins here.

In this battle.

Infernal Purgatory or Ye Qiubai's side, someone will definitely die in battle!

Qiu Genyin watched this scene from the other side, his eyes wrinkled slightly.

The strength of Ye Qiubai and the others really broke through too quickly.

It was so fast that they all had an unheard of feeling.

And Qiu Genyin's focus is naturally Xiao Hei.

At this time, Xiao Hei's physical strength is more than ten times stronger than that at the time of Wanyu Grand Competition!

If there is no compass trapped in the formation, and I face it again, do I have a chance to defeat the opponent?

the answer is negative.

Qiu Genyin thought with a gloomy face.

At that time, he was no match for Xiao Hei, but now, although his strength has also improved.

Compared to Xiao Hei?

Obviously not enough to watch.

"It seems... we must inform the Hall Master about this matter, otherwise, it will really ruin the big event of my Biluo Huangquan Hall..."

...

this moment.

Ye Qiubai and Pan Xie started a head-to-head confrontation!

Pan Xie smiled grimly and said, "How do you stop my attack?!"

As soon as the voice fell, a palm suddenly came out!

Suddenly, the blood cloud in the sky surged like a storm!

A series of \*\*\*\* meanings, thick to the extreme, gathered in Pan Xie's palm.

It condensed into a huge blood claw, as if it wanted to shatter the space and tear the soul, and grabbed Ye Qiubai suddenly!

Ye Qiubai ignored Pan Xie's words.

Holding the Nine-Foot Star Meteor Sword in one hand, the sword intent soared into the sky at this moment!

There were bursts of sword chant.

A stream of fairy charm filled the Sword Domain!

Le Zhengchi, who was recovering, noticed this fairy charm, and suddenly turned his head to look in the direction of Ye Qiubai, with a horrified expression, and lost his voice: "Immortal sword? No, no, half-step fairy sword realm?"

Even if it is only half a step into the realm of the fairy sword, it is also the threshold of stepping into the realm of the fairy sword!

But it is this "small" threshold, but I don't know how many sword cultivators are stuck!

But what about Ye Qiubai?

The realm is no more than the turbid fairyland, but the swordsmanship has already reached the half-step fairy sword realm?

What kind of abnormal kendo talent is this?

Among all the sword cultivators in the entire mid-latitude realm, there is only one person who can stand shoulder to shoulder with him!

That person, few people know.

However, Le Zhengchi knew about Tianjian Peak after all.

And that person is the founder of Tianjian Peak...

After showing the short-lived enchanting swordsmanship talent, he completely disappeared in the mid-latitude realm.

Those who know the existence of this person speculate that they may have fallen, or offended a certain force, practicing in seclusion...

Chapter 724 Even top and bottom!

Not only has the realm broken through to the middle stage of the turbid fairyland, but the realm of swordsmanship has reached the half-step fairy sword realm.

How did Ye Qiubai do it?

Le Zheng had no time to think about it, so he started a confrontation with Su Muyou Chenhui and Yu Huang.

And at this moment.

The Nine-foot Star Meteor Sword in Ye Qiubai's hand gathered sword intent, and slashed towards the blood claw in front of him!

At the same time, the star meteor sword technique, which has not been used for a long time, is also the first sword!

Boom!

Immediately.

Between the heaven and the earth, the \*\*\*\* intent and the sword intent turned into aftermath and scattered in all directions!

Ye Qiubai, holding the Nine-Foot Star Meteor Sword with both hands, took two steps back under the attack of the blood claw!

However, they still resisted the blow abruptly!

Immediately, the sword was drawn at an extremely fast speed, and the second sword of Xingyun swordsmanship was slashed out again!

The third sword.

The fourth sword!

It wasn't until the seventh sword that the blood claw in front of him was chopped into pieces!

Looking at this scene, Pan Xie's face was gloomy.

He didn't expect that Ye Qiubai resisted the blow of stepping into the fairyland!

Zhuo Wonderland, does it really have the strength to fight Earth Wonderland?

Generally speaking, even if it is a highly talented Turbid Wonderland, shouldn't it be crushed when facing the strong in the Shangdi Wonderland?

However, Ye Qiubai is a living exception...

I saw Ye Qiubai holding the Xingyu sword, with a faint smile on his face, looking at Pan Xie and saying, "If it is a real strong man in the fairyland, maybe I will still be hard to stop."

"But...you are just a person who forcibly stepped into the earth fairyland with a secret method. How can an evil cultivator who takes shortcuts be compared with the real earth fairyland powerhouse?"

Ye Qiubai has naturally seen a strong man in the fairyland.

A real powerhouse in the fairyland, whether it is the quality or intensity of the aura, and the power it creates when it strikes, is beyond Pan Xie's reach.

Pan Xie naturally knew this.

But...

"Even so, it's still a fairyland, but it's just that I have a palm under my crotch, so I'm so arrogant?"

I saw Pan Xie raised his hand, pointed his finger at the blood cloud in the sky, and stared at Ye Qiubai, saying with murderous intent: "Even if you can withstand my first blow, then the second time, even What about the third time?"

"You, can you still prevent it?"

The voice fell.

Following Pan Xie's volleying finger, suddenly, in the cloud of blood, \*\*\*\* ghosts turned into \*\*\*\* ghosts, and with howling sounds, they kept sweeping towards Ye Qiubai with bared teeth and claws!

The howls of every blood-colored ghost covered the entire Nebula City!

Whether it is Le Zhengchi, Lin Zhinan, or Su Muyou and others, they have all been affected!

This howl.

It directly affects the soul!

Mu Fusheng, but Xiao Hei has no problem at all.

Mu Fusheng's soul power is extremely powerful.

Xiao Hei is the soul of the demon master. Although it is still incomplete, a small soul attack still cannot affect it in any way.

As for Ye Qiubai?

Although there is a slight influence, under the resistance of the sword intent, it is not harmful.

Seeing \*\*\*\* ghosts attacking him one after another, with their teeth and claws open.

Ye Qiubai slashed out with a sword!

Star Meteor Sword Art!

And when this sword collided with the \*\*\*\* ghost, although the ghost dissipated, the powerful impact made Ye Qiubai's figure stop, and he stepped madly towards the back!

Pan Xie didn't give Ye Qiubai any time to adjust his posture, and with a grin on his face, he continued to direct the \*\*\*\* ghost to charge towards Ye Qiubai.

Ye Qiubai was forced to swing his sword.

One sword after another.

The impact made Ye Qiubai's mouth start to overflow with blood.

Although Pan Xie's strength did not reach the real fairyland, he only relied on secret techniques.

However, after all, it has the shape of a fairyland!

but.

The characteristic of Xingyun swordsmanship is that every time a sword is cut, it will be stronger than the previous sword!

When the twentieth sword is cut.

Ye Qiubai would no longer be blown away by this powerful impact. Instead, with the increase in the number of slashes, Ye Qiubai began to suppress the \*\*\*\* ghost, slashing in the direction of Pan Xie while bullying him!

See this scene.

Pan Xie's face was ugly.

This also cannot kill Ye Qiubai.

When he thought so, Ye Qiubai's figure had already arrived in front of Pan Xie.

I saw Ye Qiubai holding the hilt of the Nine-foot Xingyun Sword with both hands, raising it above his head.

The sword intent in the sword field condensed towards Xingyun Sword like a whirlwind!

Looked at Pan Xie coldly, and said a few words: "The forty-ninth sword..."

Feel the power of Ye Qiubai's sword.

Pan Xie's face was extremely ugly, his palm stretched out, and a cloud of blood wrapped around Pan Xie's arm!

Immediately, he greeted Ye Qiubai's sword with a palm!

Boom!

The collision of the sword and the blood claw.

At this moment, it seems that the whole world is trembling!

The walls of Xingyun City began to shake continuously.

Even the mansions in the city began to collapse under the influence of the aftermath!

Everyone was shocked when they saw this scene in their spare time.

Qiu Genyin was also quite surprised.

With this sword, Ye Qiubai was on par with Pan Xie who stepped into the fairyland?

In the middle stage of the turbid fairyland, contend with the earth fairyland.

They never dared to think of such a thing!

The long-term facts have made them form a fixed thinking, and the earth fairyland is a watershed from the muddy fairyland.

Those who step into the earth fairyland can easily crush the ascetics who look at the muddy fairyland!

Can now.

Ye Qiubai, with his strength in the middle stage of the Immortal Realm, was evenly matched with Pan Xie!

Pan Xie, who had just started to occupy the top score, at this moment, the balance gradually began to level off.

This also made it difficult for Pan Xie to accept.

All use the secret method.

They have all stepped into the fairyland, but they still can't easily kill people like Ye Qiubai!

How can this be? !

Feeling the aura in the body, it began to fluctuate. From the soles of the feet, there was a wave of backlash force, and it began to slowly spread towards the body.

Pan Xie understood that the time for the secret technique was almost over.

If the time of the secret method passes.

I am naturally a dead end!

Even if he survived by luck, the punishment of Patriarch Purgatory will probably kill him...

After all, so many failures in a row.

The cruel ancestor, how could he let them go?

thought of this.

Pan Xie gritted his teeth.

"Fight..."

Immediately, between his brows, the scarlet imprint of soul power started to burn!

Jiang Chen and the others were horrified when they saw this!

Even Qiu Genyin was slightly surprised.

"It seems that Pan Xie has also been forced into a last resort..."

"After using this trick, the backlash force can destroy his monastic career..."

However, who is more important, the little life or the subsequent backlash?

Pan Xie obviously chose the former.

Where there is life, there is hope...

#### [Chapter 725: Use two distractions, Mu Fusheng is one against two!](#)

Life is the most important thing for a person.

Of course, under certain circumstances, some people will give up their lives.

However, this situation obviously does not include Pan Xie.

For him, Ruo still failed this time.

Let's not mention whether he will be killed by the evil swordsman in front of him.

Even if he ran back in embarrassment, he would only be killed by the Patriarch of Purgatory!

The mind of the ancestor, even if he is no longer in the Infernal Purgatory, has been spread throughout the sect.

Vicious and bloodthirsty, ruthless, and extremely cruel!

Even facing the people of this sect, the same is true, as if they don't have the seven emotions and six desires.

If you lose your life here.

So what if the talent is still there?

In Pan Xie's thinking, as long as he survives, there will definitely be an opportunity to recover his talent in the future!

When a \*\*\*\* mark appeared between Pan Xie's eyebrows.

That imprint actually started to burn.

Suddenly, Pan Xie's body underwent a huge change!

The skin all over his body was filled with bright red blood.

And on the blood-colored skin, there are black lines covering it.

What is even more noticeable is that in Pan Xie's pupils, there is a cluster of small \*\*\*\* flames burning.

It seems to be burning Pan Xie's life and soul...

this moment.

Pan Xie's aura, which had started to weaken, burst out again at this moment!

Even, the aura that exploded around his body was actually bloody!

It seems to be the combination of blood in Pan Xie's body and spiritual energy.

saw this scene.

Jiang Chen, Yu Huang and Han Hua all looked tense.

They also fell into a bitter battle.

Under the confrontation between Mu Fusheng and Xiao Hei.

Also did not occupy any top points!

Only Yu Huang was able to suppress Le Zhengchi and the others, but he was under their talisman attack.

It is also impossible to get out easily.

Now, the time of the arcane will pass.

Driven by Pan Xie, the soul mark also started to burn!

Breath soared!

Everyone looked solemn when they saw this.

These \*\*\*\* auras burst out.

Not only restored their strength in the fairyland, but even more prosperous than before!

Immediately, each rushed towards their opponent!

Le Zhengchi and others rushed to meet him, but Yu Huang was in this state.

Really didn't have the slightest ability to resist, and was directly blown out!

Even if you throw the talisman given by Mu Fusheng.

While the thunder was raging, Yu Huang's figure didn't stop at all, he rushed out of the area where the talisman erupted, and continued to rush towards Le Zhengchi and the others!

And Mu Fusheng frowned slightly.

The role of talisman and seal is not enough at this moment.

In the center of Absolute Soul City, the talisman seals of the Immortal Realm have no effect on them!

Now, I have to abandon the talisman seal first.

I saw Mu Fusheng's hands, and his left hand was entwined with purple Xuanyin and purple thunder.

On the right hand, there is a golden Heavenly Punishment Thunder flow!

Immediately, both hands were stretched out at the same time!

Suddenly, in front of Yu Huang, Xuanyin Zilei turned into a ball of thunder and swept towards him!

Only then did he resist Yu Huang's advance.

At the same time, the Heavenly Punishment Thunder directly surrounded Hanhua.

Immediately said: "You take action immediately and hold him back!"

Just relying on music to slow them down, it is no longer possible to compete with Yu Huang.

Mu Fusheng could only use his mind to relieve their pressure with Xuanyin Zilei.

Then he set his eyes on Hanhua.

Hanhua stood in the encirclement of the Heavenly Punishment God Thunder, looked at this scene, and said solemnly: "I have to say, your strength is very monstrous, if you don't have the blessing of the secret method, I'm afraid you really are not your opponent."

Under this situation, he can still use it distractedly to restrain Yu Huang who is using the secret method.

Its strength is self-evident.

"But... distracted at this time, you are looking for your own death!"

After finishing speaking, Han Hua slammed into the encirclement net of Heavenly Punishment Thunder!

The \*\*\*\* aura merged into the blood cloud.

The power in the \*\*\*\* palm print is not a little bit stronger than before.

Under this palm, the Heavenly Punishment God Thunder was blown out of a gap!

Hanhua's figure turned into a blood shadow and swept out of it!

Another palm strike towards Mu Fusheng!

Seeing this, Mu Fusheng frowned slightly, and the power of the soul swept out, forming a barrier in front of him.

Holding his right hand upwards, in the palm of his hand, the Heavenly Punishment Thunder condensed into three golden thunder spears.

The palm waved down.

Three lightning spears pierced towards the blood shadow!

The spear roared in this space.

The golden thunder seems to destroy this space!

It was as if the heaven had sent down a punishment!

Seeing this scene, Hanhua had a sneer on his face.

Both palms moved towards the golden spear at the same time.

He actually directly grasped the spear condensed from the Heavenly Punishment Thunder in his hand!

The remaining spear was thrown out with one kick, and the \*\*\*\* aura covered the heel, and it was kicked away with one kick!

At the same time, the golden spear between the hands was also crushed by it!

Seeing this scene, Mu Fusheng showed an invisible smile on the corner of his mouth.

At the moment when the three golden spears shattered.

The Heavenly Punishment Thunder, condensed to the extreme, surged out of it!

Boom!

With Hanhua at the center, countless golden thunderbolts continuously fell towards him!

Cover it up!

The power of destruction makes everyone look sideways!

Is this the strength that a person in the fairyland can display?

Qiu Genyin's face was serious.

Why are these three people so enchanting in every field?

Behind them, where is the sacred place?

Chen Hui was sent flying after one blow, and when he noticed this scene in the spare time, he frowned.

His attainment in the meaning of wind and thunder can be described as a top existence among the younger generation in the entire mid-latitude boundary.

However, when seeing the power of thunder released by Mu Fusheng.

But he was surprised in his heart.

My own thunder, under the power of Mu Fusheng's thunder, there is no comparison at all!

Moreover, whether it is the purple thunder surrounding Huang Zhou, or the golden thunder that is erupting now.

Among them, he faintly felt the power of the Great Dao!

However, in the mid-latitude boundary.

Even those who are strong in the Heavenly Immortal Realm, there are very few people who have touched the level of Taoism.

Not to mention knowing the existence of Taoism.

At this moment, Mu Fusheng's Xuanyin Purple Thunder and Heavenly Punishment Thunder have already touched the threshold of the law of thunder!

This is under the circumstances that Mu Fusheng is unable to use the full power of these two thunderbolts...

However, Mu Fusheng didn't take it lightly when he saw Yu Huang who was surrounded by the Heavenly Punishment Thunder.

I saw his hands slightly closed.

Two thunderbolts, one purple and one gold, are slowly merging...

Look at the other side.

Jiang Chen roared angrily after fighting with Xiao Hei: "Hanhua, leave Lin Zhinan and the others alone, help me kill the body repair first!"

Chapter 726 Characteristics of Nine Netherworld

Under the confrontation with Xiao Hei.

Jiang Chen was extremely frightened and furious, even if he used the secret method, he couldn't get any benefits from Xiao Hei's hands!

Even, if he forcibly received Xiao Hei's punch, he would be slightly injured.

And even if he grabbed Xiao Hei's fleshy body with one claw.

It only left a not deep and not shallow wound on its body.

Xiao Hei didn't care about this, and would attack him even more violently.

Punch after punch.

The more they fought, the more frightened Jiang Chen was.

With this physical strength, I am afraid that even the real strong early stage of the fairyland will not be able to kill him!

Now, with the imprint of the soul burned and the strength soaring.

Still unable to exert obvious pressure on Xiao Hei.

If this continues, I am afraid that even if the soul is burned out, it will not be able to kill it!

And under this line.

The main purpose of the Infernal Purgatory is Ye Qiubai and the others.

Among them, Xiao Hei is still the flesh body nominated by the Patriarch of Purgatory!

The ancestor wanted to borrow Xiao Hei's body to reappear in the mid-latitude realm!

As for Le Zhengchi and the others, although their talents are also extremely high, they are obviously not enough to make Infernal Purgatory afraid of them.

Yu Huang on the other side heard Jiang Chen's shout, and immediately turned around, instead of going to Guan Le Zhengchi and others, he flew directly to Xiao Hei!

At the moment.

Pan Xie saw the situation on the battlefield from the corner of his eye, and his brows were full of gloom.

Even if the soul imprint is burned, hasn't this situation been broken?

It seemed that he had guessed what Pan Xie was thinking.

The corners of Ye Qiubai's mouth curled up slightly, and he chuckled lightly and said, "My two juniors cannot be solved by those of you who borrow secret techniques."

Hearing this, Pan Xie snorted coldly, and said, "As long as you are dealt with, when the four of you face off against the two, you will be able to deal with it."

"Fix me?"

Ye Qiubai smiled slightly when he heard the words, and raised the Nine-foot Star Meteor Sword with both hands.

Now, the Xingyun swordsmanship has reached the sixty-fourth sword.

Even Ye Qiubai can feel the weight of this sword!

Xingyun swordsmanship, although the grade is not as good as Hunyuan swordsmanship and Taichu swordsmanship.

However, it is precisely because of his particularity.

Every time a sword is cut, the next sword will be far stronger than the previous sword!

When it came to the sixty-fourth sword.

Its power can be said to not be too far behind the Hunyuan swordsmanship!

this moment.

Ye Qiubai took the initiative to slash at Pan Xie with his sword!

The meaning of the half-step fairy sword converges on the Xingyun sword at this moment.

Ling Xingyun's swordsmanship is even more powerful!

Pan Xie didn't make any more taunts at this moment.

He knew very well that with Mu Fusheng and Xiao Hei, it was impossible to open up the situation in a short time.

You can only forcefully break through from yourself.

If not, the soul will burn out in no time.

At that time, they will die directly because of the burning state of their souls, and their souls will completely dissipate in this world.

Even the chance of rebirth will be gone!

Think here.

Pan Xie's face was extremely solemn, his hands spread out, and \*\*\*\* aura kept gathering on it at this moment!

On Pan Xie's five fingers, the \*\*\*\* aura turned into sharp claws!

Immediately, both claws moved towards Ye Qiubai at the same time!

At this moment, the blade of the Nine-Foot Star Meteor Sword clashed with both claws at the same time.

The aftermath burst into shock waves, spreading towards the surroundings!

The streaks of \*\*\*\* aura turned into fang-toothed ghosts, climbed onto the Xingyun Sword, and attacked Ye Qiubai's hands.

Seeing this, Ye Qiubai was not to be outdone, he used half a step of the Immortal Sword to condense on the Star Meteor Sword, blocking the progress of Fangfang Ligui.

Pan Xie snorted coldly, blood-colored aura surged out, like a stormy sea, behind him, he slapped towards Ye Qiubai!

Seeing this, Ye Qiubai frowned slightly, his eyes narrowed, and in the sword field, the sword intent turned into dense giant swords to meet it!

Under the constant confrontation between the two sides.

Ye Qiubai was at a disadvantage.

At this time, Pan Xie blasted out with another blow.

Blast Ye Qiubai out!

Star Meteor swordsmanship cannot stop attacking.

Ye Qiubai quickly adjusted his breath, and slashed the sixty-fifth sword towards Pan Xie!

This sword is a bit heavier than the last one!

The meaning of the fairy sword extends outward on the blade and tip of the Xingyun Sword!

The Xingyun Sword, which was already extremely long, was extended by a foot at this moment!

Pan Xie's face was extremely ugly.

The power of this sword is stronger than before!

If Ye Qiubai is allowed to continue swinging his sword, he may be the one who loses in the end!

Think here.

Pan Xie took a few steps back and clasped his hands together!

The blood-colored aura keeps skyrocketing!

A huge scarlet claw formed behind Pan Xie!

A cloud of blood covered it at the same time, making countless fang-toothed ghosts keep howling in the blood-colored claws!

"If you can still take this blow, then this battle is over..."

Pan Xie looked at Ye Qiubai and said in a deep voice.

Among these claws, Pan Xie's strongest strike is now.

Ye Qiubai didn't speak, but his eyebrows were more serious.

He could feel the power of this blow.

It is stronger than any previous attack, and it is even more dangerous!

Ye Qiubai paused slightly.

At this moment, Jianyu began to compress continuously!

In the sword field, the meaning of endless fairy swords began to condense on the Jiuchi Xingyun sword!

On the other hand, Pan Xie pushed out with his palm.

The huge \*\*\*\* sharp claws covered with fangs and fierce ghosts behind him also moved towards Ye Qiubai at this moment.

For a moment, with Ye Qiubai and Pan Xie as the center, within a radius of ten miles, there were bursts of howling!

The \*\*\*\* evil intent swept across the whole land like a tornado!

Le Zhengchi and the others in Xingyun City sensed this evil aura, their faces were solemn and their hearts were palpitating.

If it is them.

I'm afraid that even if we join forces, we will die or be injured...

So Ye Qiubai, who has reached the middle stage of the turbid fairyland and stepped into the half-step fairy sword realm, can he take over?

They're not sure.

He could only keep his eyes on the battlefield between the two of them.

It can be said that the battle between Ye Qiubai and Pan Xie will be the key to the victory of this fight.

If they lose, then whether Mu Fusheng and Xiao Hei can resist the attack of the four people from Infernal Purgatory is a question.

Victorious, from the moment Ye Qiubai made a shot.

There will be no more suspense in this fight!

The four people in Biluo Huangquan Hall also stared at this scene closely.

It's just that Qiu Genyin doesn't seem to pay much attention to this victory, and who will win.

After all, no matter what, Xiao Hei would never die in this fight.

The person who can be designated as the low-latitude boundary, the heir of Jiuyou Huangquan, will definitely not die here.

You must know that Jiuyou Huangquan is a very special existence.

It's not like the low mid-high latitudes.

The higher the level, the higher the level of strength.

Jiuyou Huangquan, as the name suggests, is the underworld.

Naturally, the further you go down, the stronger your strength.

Jiuyou Huangquan in the high-latitude boundary is the weakest among the three latitudes.

But Biluo Huangquan Temple can only think about Jiuyou Huangquan joining the high-latitude boundary.

But what about Xiao Hei?

But was designated as the successor by Jiuyou Huangquan in the low-latitude boundary...

The gap can be imagined.

Chapter 727 Sword Slays Pan Xie!

Why is the gap between low, middle and high latitudes, the higher the level, the greater the gap in strength?

The answer is obvious.

Each realm has a heart of the realm, and only with the heart of the realm can one become the way of heaven in a realm.

Same reason.

Latitude also has a heart of its own.

Above it, three latitudes also belong to a bigger heart.

is actually very easy to understand, it is nothing more than the relationship between the upper and lower levels.

The heart of the realm is like the heart of latitude, and at the same time, the heart of latitude is smaller than the heart of the mortal realm.

The heart of the mortal world is located at the top of the mortal world. Therefore, the closer you get to this beating heart, the richer the aura, artistic conception, and even the rules of the Three Thousand Ways, the richer and purer it will be. .

The Jiuyou Huangquan is just the opposite.

Among them, Jiuyou Huangquan does not rely on aura for living.

Instead, rely on Huangquan dead energy.

The birthplace of death energy in Huangquan is the underworld.

The underworld is located directly below the mortal world.

This is also the reason why the Jiuyou Huangquan in the low-latitude boundary is stronger than the middle and high latitudes.

At the moment.

Almost everyone with spare time focused on the battle between Ye Qiubai and Pan Xie.

In that space.

Surrounding Pan Xie was a large group of sharp-toothed ghosts.

Among them, the \*\*\*\* killing intent is like a strong wind sweeping the world, with Pan Xie as the eye of the storm, constantly spinning.

On the opposite side, Ye Qiubai's surroundings did not have such an astonishing aura as Pan Xie did.

Around him, the sword intent has completely disappeared.

Instead, only Ye Qiubai's body and the blade of the Nine-Foot Star Meteor Sword in his hand have the meaning of a half-step fairy sword compressed to the extreme.

However, precisely because of this.

But everyone put away their contempt.

Compressing power to such a degree is not something everyone can do.

This requires a strong ability to control one's own sword intent, that is, the way of the sword.

Even Le Zhengchi, the genius who entered the way of swordsmanship with rhythm, or Gu Xi, the dead No. 1 talent in Lingxian Palace, is unable to do this.

precisely because of being able to do that.

Next, Ye Qiubai's sword will be extremely terrifying!

Pan Xie looked at Ye Qiubai in front of him, his expression was full of solemnity.

This kind of character must be killed in the cradle before it grows up.

Growing too fast.

Kendo talent is too strong!

If you let him continue to practice.

Perhaps in the future, it will really become a serious problem in Infernal Purgatory!

thought of this.

Pan Xie let out an extremely suppressed roar, and pushed his palm forward suddenly!

There seemed to be resistance. Pan Xie's palm pushed as if he had exhausted all his strength. On the whole arm, the blue veins kept surging, like earthworms, wriggling under the skin.

The huge \*\*\*\* sharp claws behind him swept towards Ye Qiubai as if they wanted to tear the world into pieces!

The shadow brought by the \*\*\*\* claws completely covered Ye Qiubai's body.

The \*\*\*\* aura rushing toward the face, and the hordes of sharp-toothed ghosts, screamed one after another, like a thousand waves, wave after wave, slapping towards Ye Qiubai.

About this.

Ye Qiubai's complexion didn't change at all.

Whether it's the \*\*\*\* aura overwhelming the sky, or the screams of ghosts like thousands of waves.

All are protected by the half-step fairy sword intent covering Ye Qiubai's body.

And it was at this moment.

Ye Qiubai moved.

I saw Ye Qiubai clenched the hilt of his sword with both hands, took a step with his right foot, and bent his knees slightly.

At this moment, the star meteor sword technique, and the half-step fairy sword intent compressed to the extreme, are fully integrated.

As a result, the space around the Xingyun Sword has a faint sense of twisting and tearing.

When the \*\*\*\* claws had come to Ye Qiubai.

Ye Qiubai suddenly straightened his legs.

The body is like a spring, violently shooting forward!

At the same time, the Nine-foot Star Meteor Sword in his hand slashed forward!

Boom!

With a loud bang.

The Nine-Foot Star Meteor Sword slashed directly at the palm of the Scarlet Claw.

The huge aftermath swept towards the surroundings!

The mansion in Nebula City keeps collapsing at this moment!

Le Zhengchi and the others on the ground had to stop healing and release the aura barrier to resist the aftermath.

Feel the intensity of this aftermath.

Whether it was Su Muyou, Le Zhengchi, or Chen Hui, they were all shocked.

The aftermath of the two fighting against each other, can actually reach this level?

Then how strong should the two of them be?

I am afraid.

When they faced the current Ye Qiubai.

There is no room for resistance, right?

Even if they broke through to the late stage of the turbid fairyland, it is still the same...

The gap is too big.

This has to be admitted.

Pan Xie, who issued \*\*\*\* sharp claws, also had an extremely ugly face when he saw the scene in front of him.

Originally, he wanted to use this blow with all his strength, the last blow to completely burn his soul, and kill Ye Qiubai directly here!

However, the current blow is inseparable from Ye Qiubai's!

Even, he didn't even suppress the opponent!

And just as he was thinking about it.

Pan Xie's pupils shrank suddenly.

Pupils, like an earthquake, are constantly trembling!

Qiu Genyin also had a dignified expression on his face.

Mu Fusheng, who was not far away, was always paying attention to the battlefield, and also showed a smile when he saw this scene.

Sure enough, the elder brother is still the same elder brother.

None of them had more experience than him in cross-border operations.

It can be said that he is a professional in cross-border operations...

At this time, Pan Xie wanted to make amends.

However, it is no longer possible to make any supplementary strength.

Burn the soul again, then your own soul will be completely burned!

Complete death.

As for the spiritual energy, this was already a blow from Pan Xie's emptying of the spiritual energy.

The backlash force brought by the secret technique has begun to sweep the whole body...

This is Pan Xie's make-or-break blow.

And at this very moment.

The crack in the palm of the \*\*\*\* claws is getting bigger and bigger, extending towards the surroundings!

When Ye Qiubai took another step forward.

The cracks are covered with sharp claws like spider webs.

Click, click, click...

Countless ghosts escaped from it.

The \*\*\*\* killing intent is also constantly released in it.

finally.

Under Pan Xie's pale face.

The blood-colored sharp claws turned into \*\*\*\* spots and scattered in this space.

Ye Qiubai's attack did not stop because of this.

Adhering to the teachings of Master.

Cut the weeds and eradicate the roots.

Take advantage of his illness and kill him!

Ye Qiubai held the Nine-Foot Star Meteor Sword and directly passed through Pan Xie's body.

Poof!

From top to bottom, at the center of Pan Xie's body, blood spurted out wildly!

Immediately, it turned into two halves and fell from the sky...

Chapter 728 Remnant Soul Awakens, Seal Mutation!

Ye Qiubai's battlefield has completely come to an end.

ended with Pan Xie's death.

In this battle.

Ye Qiubai has also benefited a lot, whether it is the realm or the realm of swordsmanship, it has stabilized a lot.

Fighting is the best medicine for cultivation.

This sentence is not without reason.

but.

The other two battlefields have not yet ended.

For example, Mu Fusheng, or Xiao Hei.

However, in Ye Qiubai's view, Mu Fusheng's battlefield is almost over.

As the saying goes, the authorities are obsessed, but the bystanders are clear.

Hanhua, who was fighting with Mu Fusheng, didn't find a fatal point at all.

That is between Mu Fusheng's hands, one purple and one gold, the Xuanyin Purple Thunder and the Heavenly Punishment Thunder are blending!

Among them, wisps of destructive thunder power are being revealed.

If nothing unexpected happens.

The moment when these two types of thunder blend successfully.

is the date of Hanhua's death.

but.

Now I can't hide it anymore.

Hanhua has already felt the aura of destruction coming quietly.

This breath made him feel extremely dangerous.

It seems that the \*\*\*\* of death is holding a sickle and hanging the blade on his neck.

As long as you move a little, your throat will be cut by the sickle!

Seeing the small movements of Mu Fusheng's hands, Hanhua's expression kept changing!

Immediately, he broke out with all his strength, even burning part of his soul at an accelerated rate, and rushed towards the place where Mu Fusheng was!

Watching this scene.

Mu Fusheng smiled slightly, only now did he realize?

late.

Everything is ready.

Mu Fusheng didn't hide anymore, he raised his hands to his chest.

On the two hands, one purple and one gold, the two destructive thunder powers have been completely fused!

Between his hands, it slowly turned into a purple-gold spear!

On the spear, the Xuanyin Zilei and the Heavenly Punishment Thunder turned into two roaring thunder dragons, one purple and one gold, winding around them.

See Hanhua rushing over.

Hold a spear and throw it!

Immediately!

The two thunder dragons wrapped around it roared towards Hanhua!

Seeing this scene, Hanhua didn't even think about it, and no idea came to his mind.

I can't resist this blow!

Almost subconsciously, he dodged directly towards the surrounding area.

But.

The two thunder dragons, one purple and one gold, seem to lock onto Hanhua's figure.

When Hanhua was dodging, his eyes followed Hanhua's movements.

The spear, under the control of the two thunder dragons, also changed its attack direction, and at a faster speed, it turned into a purple-gold thunder light, pierced through the space, and pierced towards the center of Hanhua's eyebrows!

See after unable to dodge.

Hanhua had no choice but to grit his teeth, use the full power of the burning part of his soul to strike towards the Zijin spear.

But.

The moment the spear touched Hanhua's palm.

Hanhua did not feel that he had caught the spear, as if he had caught a cluster of air.

And the next moment.

A purple-gold thunder flashed across Hanhua's eyebrows.

On the palm of Hanhua's hand, there is a blood hole that was scorched black by the electric shock.

and the blood hole between the eyebrows formed a series.

Even Hanhua didn't react.

can no longer do any thinking.

Because, Hanhua at this moment.

The soul has been smashed into pieces by the Zijin spear, and then directly wiped out into nothingness by the Heavenly Punishment Thunder...

Mu Fusheng looked at this scene and couldn't help nodding in satisfaction.

Very good, while killing the opponent, the soul of the opponent is also wiped out.

Kill two birds with one stone!

The province has to use another blow to deal with his soul.

Looking at this scene, Su MUYOU smiled wryly in his heart.

Even if there is no reliance on talismans.

Is Mu Fusheng's strength so strong...

It is also an existence that they cannot fight against!

Wait until Mu Fusheng solves it.

Meet Ye Qiubai.

Both of them looked in Xiao Hei's direction.

Different from the horrified eyes of others, the expressions of Ye Qiubai and Mu Fusheng are very calm.

After all, the current Xiao Hei is one against two.

was not suppressed.

Maybe the physical body will be attacked.

However, Xiao Hei ignored the injuries left behind, and counterattacked with more ferocious power!

On the contrary, it was Jiang Chen and Yu Huang, the more they fought, the more frightened they became.

What kind of monster is this body repairer?

After the two of them used the secret method to step into the fairyland, at the cost of burning their souls, their strength skyrocketed again.

Although it is still not as powerful as the real Earth Wonderland powerhouse.

However, its strength has shortened a lot of gap with it!

But even so.

Not to mention beheading Xiao Hei, even suppressing him is impossible!

Mu Fusheng asked aloud: "Senior Brother Xiao Hei, do you need our help?"

Ye Qiubai immediately smiled and said: "Okay, the current Xiao Hei, I'm afraid he can't wait for another person to fight him. Didn't you see that the current Xiao Hei has fallen into a state of rage?"

Sure enough, Xiao Hei laughed loudly and said, "No, I haven't had enough fun yet!"

As soon as the words fell, the two fists carried great physical strength and blasted towards Jiang Chen and Huang!

Ye Qiubai spread his hands and said, "Look."

Mu Fusheng also shook his head helplessly.

If it was him instead, then it would be considered passable.

He will definitely ask Ye Qiubai and the others to help.

Why not use a more efficient method with a higher winning rate?

but.

Brother Xiao Hei's personality is indeed like this.

In a state of berserk, he is like a demon god. If the opponent is not dead, his fists will not stop!

The situation of Pan Xie and Hanhua.

Jiang Chen and Yu Huang also caught a glimpse from the corner of their eyes.

I was also shocked by this.

They understand that they have no way out.

Even if Xiao Hei is defeated, he cannot escape.

Think here.

The two of them couldn't help feeling a little desperate.

However, even so, one person must be dragged into the water!

thought of this.

The two looked at each other, and nodded solemnly.

Also burned part of the power of the soul, and printed at the same time.

The Scarlet Giant is back outside Nebula City!

See this scene.

Xiao Hei showed an excited smile, and said in a low voice: "This is a bit interesting..."

After all, on the body that was originally covered with six lines.

Wisps of black air began to emerge!

The moment when the black magic energy appeared.

Xiao Hei's pupils also became completely indifferent!

The demon armor appeared on Xiao Hei's body out of thin air.

A phantom of a demon \*\*\*\* also appeared behind Xiao Hei at this moment, towering above heaven and earth, with its aura.

It seems to ignore the whole world and creatures!

And from the moment Xiao Hei used the Demon God to Descend.

The center of the Demon King City in the distance, the underground castle.

The castle began to tremble at this moment!

In the center of the castle.

A black figure emerged.

I saw the figure looking in the direction of the burst of breath.

murmured, "Is it finally here..."

After finishing speaking, he raised his hand.

Suddenly, a monstrous soul power swept across the entire castle!

This black castle turned into dust at this moment!

The three stone pillars piercing the sky and the earth were also trembling constantly.

It seems that it will collapse at any time.

It seemed that someone was about to break the seal. The star river above Juehun City suppressed starlight one after another, like a waterfall in the sky, falling into the Demon King City!

Chapter 729 The Demon Lord's Realm is detected!

Changes in Demon King City.

All the people in the center of Absolute Soul City raised their heads in amazement.

All set their gazes in the direction of the Demon King's City.

At the moment.

In the center of Purgatory City, among the three stone pillars, Patriarch Purgatory suddenly opened his eyes and looked in the direction of Demon King City in disbelief.

There, a thick black beam of light rose towards the bright galaxy!

It seems to have directly pierced the galaxy, penetrating the entire Absolute Soul City.

This terrifying breath, and a sense of oppression.

Patriarch Purgatory couldn't be more familiar with it.

After all, he was almost killed by the owner of this breath...

"It's just a remnant soul... After being suppressed for so many years, can it still exert such terrifying power..."

Patriarch Purgatory's eyes were horrified, his face was solemn, and his eyebrows were tightly knit together.

Looked up at the bright galaxy.

This dark beam of light not only broke through the suppressive seal of the huge castle and the three stone pillars.

Now, it caused a strong backlash from Absolute Soul City, but it still broke through and directly penetrated the Brilliant Galaxy...

"Where is the identity of this person..."

Now, Patriarch Purgatory is very sure that the owner of this remnant soul is a top existence in the entire high-latitude realm before him!

Even, it is impossible to be anonymous!

At the moment.

Outside Absolute Soul City.

The leaders of the major forces, as well as the great powers of casual cultivators, all retreated hundreds of feet.

Whether it's the Supreme Elder of the Saint Talisman Sect, the Su family's powerhouse in the Immortal Realm, or Huo Zhengheng, all of them have serious expressions on their faces, releasing spiritual energy barriers to resist the sudden emergence from Juehun City. The ghostly black beam of light!

"What is this beam of light? It can make the soul of this seat tremble?"

Another powerful person also said seriously: "What happened in the City of Absolute Soul? You know, this kind of thing never happened every time the City of Absolute Soul was opened before!"

"I hope those young people in Absolute Soul City will not be implicated by this beam of light..."

There was only one old man with a cane, looking at this dark beam of light with a very solemn expression.

Among all the powerful people present, only this old man and a man beside him knew what this dark beam of light represented!

The old man is the head of Xianyuan Village, and the man is Yuanshou!

Ape Shou looked at the dark beam of light, with reverence in his eyes, and said in surprise: "It seems that there is indeed a soul fragment of the demon lord in Absolute Soul City!"

"If the devil absorbs it, it will be one step closer to recovering strength."

"Don't be too happy." The village chief said with a serious face: "Everything has to look at its bad points. Have you ever thought about the evil spirit that is released now, or after the devil absorbs it later? Will the movement cause the rebels to notice?"

"The soul fragment of the demon master is obviously not ordinary."

The power created is too strong!

Hear here.

Saruhito also put away his surprised expression, and turned serious.

If it is true.

Then the demon master absorbed the soul fragments this time, and I don't know whether it is good or bad.

After all, the current Demon Lord has not yet recovered his strength. If he is discovered, he may not have any chance to resist!

"However, the devil will definitely absorb this soul fragment." The village chief sighed slightly, and said, "It's time for us to prepare."

Ape Shou was slightly startled.

"Do you want to start the ceremony early?"

The village head nodded: "We will start after the demon master comes out of Absolute Soul City."

From the serious tone of the village chief, Ape Shou felt a strong sense of crisis.

So he just nodded.

...

High latitude boundaries.

In a realm shrouded in darkness.

The sky was shrouded in dark devilish energy, impenetrable to the wind, and not even a ray of sunlight or moonlight could shine in.

Whether it is the earth or the buildings, they are all black.

seemed extremely depressed.

However, in the air, in addition to the extremely depressing atmosphere, there was also a hint of violence.

This is not a natural formation of this realm.

It's the people living in this realm, all of whom possess the berserk factor, which causes the berserk factor to become materialized and suspended in the air.

A certain place in the realm.

In the castle.

There are three tall men, dressed in robes with black magic patterns engraved, discussing important matters.

And at this very moment.

The faces of the three of them changed in shock at the same time.

"This breath?!"

"Huh? Disappeared again?"

"No, absolutely impossible, that person is completely dead, the seven souls and six souls have been broken up by the three of us, it is absolutely impossible to survive in this world!"

"I think so too. After all, the breath is only perceived for a moment. Could it be because the nerves have collapsed too tight recently?"

The narrow-eyed man sitting in the center said seriously, "No, it's definitely not a perception error. How can such a low-level error as a perception error occur in my state?"

The other two nodded their heads when they heard this.

"Is it possible that it is the breath of that person's residual spirit?"

Hearing this, the central man said in a deep voice: "No matter what, we have to investigate this matter thoroughly, even if it's just a wisp of remnant soul, we must find it and destroy it!"

"You guys won't forget the horror of that person, right?"

When the other two heard this, their faces became gloomy.

Of course they won't forget.

At the beginning, if it wasn't for the combination of those god-level forces.

Only relying on the three of them, maybe they really couldn't kill that person.

That person's strength is too terrifying, and his level of terror is close to that of a god-level power!

Even, to some extent, more than...

"So, even if there is even the slightest possibility of bringing it back to life, we must kill it in the cradle!"

The other two nodded.

"Understood, brother, I will send someone to investigate this matter."

The man frowned and said, "You go there yourself! You don't have enough clues, you're just looking for a needle in a haystack, so what's the use of asking those trash under your command to search for it?"

"But...I still have something to do..."

Before the words were finished, the man sitting in the center stood up!

The black spar round table in front of it turned into nothingness!

An extremely powerful momentum surged out uncontrollably.

I saw that the man roared angrily: "Before this matter, everything else is trivial! Now, immediately, let me search for clues to this matter!"

See it.

The man nodded and disappeared in the same place in an instant.

The man exhaled slightly.

Looking at the skylight above, the outside is still gray.

His eyes were serious, as if recalling a bad past.

"Looks like I'm going to see her..."

Chapter 730 Brothers and sisters, the key

Demon King Domain.

is a very famous boundary among the high-latitude boundaries.

The original Demon King Domain.

Under the leadership of the extremely terrifying devil master.

Lay a large area of territory.

At the same time, it is also called by the major forces.

If the next god-level power is born, then, without the slightest surprise, it will definitely be the Demon King's Domain!

Available after the Rebel event.

This reputation has disappeared.

It only remains in the long river of history and becomes a drop in the ocean.

The incident at that time is also very simple to say.

The two major god-level forces suddenly joined forces to launch an attack on the Demon King's Realm.

Launched a war that shocked the entire high-latitude boundary!

At that time, the amazingly talented and extremely powerful Demon Lord led the entire Demon King Domain and was able to resist it.

However, if there is no accident, an accident will happen.

The three deputies beside the demon lord, who were also his companions who practiced together since he was a child, suddenly launched a rebellion, attacked the demon lord from behind, severely injured him, and joined forces with the two external forces of the \*\*\*\* level.

With the help of two major god-level forces, and under the sneak attack of three deputies.

This amazingly talented demon lord, under the pity of everyone, his seven souls and six souls were all scattered.

finally fell...

What a shame.

If the demon lord is not killed, maybe he can really become a new generation of god-level forces...

At the moment.

The man with narrow eyes walked into a downward staircase.

On the walls on both sides of the stairs, there are faint blue flames hanging one after another.

Among the flames, there is an endless chill, which seems to be able to freeze aura.

This is also to provide some difficulty for the jailbreakers.

Go down the stairs.

I don't know how many dungeons I have walked through.

When you come to the last floor.

In front of him, there is a pool.

The whole body of the pool is black.

Among them, there will be two flood dragons swimming from time to time, with bloodthirsty rays of light flashing from their eyes!

These two dragons have more real dragon blood than ordinary dragons.

Its strength is naturally not comparable to ordinary dragons.

If someone robs the prison here, these two half-step dragons of the God Emperor Realm will launch a fatal attack on him!

In the center of the pool, there is a cage floating on the pool.

In the cage, a long-haired woman sat cross-legged.

I don't know how many years have passed, and the long hair has been piled up in the cage for an unknown how long.

Covered his body and face in it.

Only the huge chains extending from the walls around the dungeon, locking his body tightly, can he see how hot his body surrounded by black hair is.

Two lotus arms like suet jade were pulled up by chains and fell to the sides.

The breath of this woman is extremely weak.

In the chain, the strength in the woman's body is continuously drawn.

Suppress its spirit.

But it maintains the basic viability of women.

It can be said.

Women who are suppressed by chains can be killed even by ordinary people.

Just like an old, weak, sick and disabled person.

When the man saw this, he didn't feel sympathetic, but said in a cold voice: "At the beginning, what did you do?"

If it is someone else, they may not understand the meaning of the words.

But the woman is very clear.

What is the man referring to.

When hearing these words.

The woman raised her head slightly.

Under the black hair, an astonishing look seemed to reappear in the eyes.

However, he quickly buried his head again.

Did not speak.

When the man saw this, he was no longer surprised. After all, he had been trapped here for tens of thousands of years.

The woman never said a word.

"It's been so many years, why bother to hide it?"

"Could it be possible, do you think there are still people in the Demon King's Realm who can stand up?"

The man sneered: "In the current Demon King's Domain, all the cronies of that person, or those who believe in him, have been eradicated by me."

"So, you might as well hand over the key to me, let me get that treasure, and let me bring the Demon King's Domain to an unprecedented peak!"

The woman still didn't speak.

However, the man could feel the disdain emanating from his weak soul.

"You are so smart, so you naturally know that even if I get the key, I will definitely kill you. However, if you don't tell me, the rest of your life will be spent here. Why not give yourself a good time?"

The woman still did not speak.

See it.

The man frowned and wanted to make a move, but for the sake of the key, he had to forcefully suppress it.

Then he snorted coldly, then turned and walked towards the stairs.

When he came to the first step, the man stopped and said without turning his head: "I don't know what you two brothers and sisters did to make me feel the breath for a moment."

"But I will definitely find the breath, completely kill that ray of possibility, and cut off any hope for you!"

After saying that, the man disappeared into the dungeon.

It's been a long time.

The woman raised her head.

Because he hasn't spoken for a long time, his voice is extremely dry and hoarse, and he even mutters to himself a little stuttering.

"finally..."

The corners of the mouth are slightly upturned.

Unfortunately, no one can appreciate the stunning smile of the woman covered by black hair...

...

At the moment.

Mid-latitude boundaries.

In Absolute Soul City.

Outside Nebula City.

Xiao Hei and the others naturally also saw the dark beam of light.

Although it has disappeared now.

But it also stopped Xiao Hei's body that was about to make a move.

Staring blankly at the direction of Demon King City.

Lin Zhinan said with a terrified expression, "What was that black beam of light just now?"

Whether it was Lin Zhinan or Su Mu Youle Zhengchi, at the moment when the black beam of light rose into the sky.

That sense of oppression from the depths of the soul.

Let them have a feeling of suffocation!

Qiu Genyin also looked horrified.

He felt the same way.

However, what puzzled him was why the breath in it had the same feeling as Xiao Hei's breath?

Among them, what is the connection?

Suddenly, Jiang Chen and Yu Huang saw that Xiao Hei was in a daze, and they both exploded at the same time!

controls the Scarlet Giant.

Boom towards Xiao Hei with all his strength!

Wants to kill Xiao Hei directly!

Ye Qiubai and Mu Fusheng reacted.

Just wanted to make a move.

but stopped.

I saw Xiao Hei turning his head slightly.

The phantom of the demon \*\*\*\* behind him also looked at the blood-colored giant at this moment.

Immediately, endless black magic energy condensed on the fist.

It seems to be a bit more solid than other parts of the body!

Immediately, a punch blasted out!

at this moment.

The scarlet giant's fist was instantly smashed into pieces!

Jiang Chen and Yu Huang spurted out a mouthful of blood, their expressions horrified.

With one punch, the strongest attack under their joint efforts was resolved?

However, don't wait for them to think about it.

Demon God Phantom punched out again.

It directly hit the scarlet giant's head!

Suddenly, the giant dissipated.

Jiang Chen and Yu Huang also had the power of backlash pouring into their bodies because of the moment the blood-colored giant disappeared.

Soul burns out...

And Xiao Hei didn't care about other things, he turned into a black shadow and rushed towards the Demon King City!
