

My Disciples 771

Chapter 771 Mu Fusheng is on the way...

The sun sets.

The bright moon rises.

In the sky domain, under the light of this ray of moonlight, it is even more depressing.

But this depression was torn apart by several tyrannical auras!

People who were originally walking on the street with solemn faces, and kept silent when they saw acquaintances, just nodded to each other and left.

Everyone looked at the sky in surprise at this moment.

what happened?

So many breaths of fairyland, would you choose to do it in this special period?

The return of Infernal Purgatory, the rebirth of Qi Shadao.

The entire mid-latitude boundary has fallen into a period of silence.

Those who have experienced it will recall the fear of being dominated by the endless purgatory.

Those who haven't experienced it yet, but have heard of it, will also be horrified by the deeds of Infernal Purgatory and the amazing strength displayed.

Extremely brutal.

Bloodthirsty like life.

For the sake of their own realm, they are constantly slaughtering ascetics in the mid-latitude realm.

Take all the talented talents of the major forces for cultivation.

Aroused the encirclement and suppression of many top forces in the mid-latitude boundary.

In the end, under the siege of more than a dozen powerhouses in the Celestial Wonderland, Qi Shadao escaped with a ray of soul.

Such a prestigious record.

How could it be possible for others not to feel panicked?

Although some forces choose not to enter the game.

Choose to sit on the mountain and watch the tiger fight.

But they also worry that what happened in the past will happen again, which will affect them.

This is normal.

This is also the bad nature of those who are in power.

But.

Under such circumstances, someone started a life-and-death struggle on the streets of the Firmament Realm?

What kind of guts is this?

Aren't you afraid of provoking wars between various forces?

Even Mu Fusheng, who had already left the Saint Talisman Sect, was slightly taken aback when he felt this breath.

This breath...

Why does it feel a little familiar? !

Hey Hey hey.

Mu Fusheng had a wry smile on his face, and said, "It can't be like this?"

After finishing speaking, Mu Fusheng still mobilized all his strength, and even used the power of his soul, raising his speed and perception to the extreme, and rushed in that direction.

...

At the moment.

Looking at Hongying holding a spear and wearing a gold-patterned red robe, she automatically moves without wind.

The jet-black long hair fluttered around with the power of the emperor and the power of the rules.

Like a female God of War, she rushed towards Yuan Xianzhi and the other four law enforcement elders of the Hehuan Sect!

Shi Sheng held the Ming Emperor Xuan Axe and wanted to follow behind Hongying to help.

But Ning Chenxin held her back.

I saw Ning Chen shook his head and said calmly: "Don't be impulsive, the second senior sister didn't let us take action, and she must have wanted to solve this matter by herself."

"After all, the realm is advancing so fast, and the senior sister also needs a hearty battle to adapt."

Hear here.

Shi Sheng nodded.

Put away the Ming Emperor Xuan Axe.

And Mu Wan'er who heard Ning Chenxin's words at the side.

also quietly took back the elixir held in the palm of his hand.

At this moment,

The center of the battlefield.

Yuan Xianzhi looked at Hongying rushing towards them with a calm expression, and couldn't help frowning slightly.

"Although your strength is outstanding, we don't intend to abide by the so-called morals of warriors and fight you one-on-one."

"In the face of me and other four people who are at the peak of the fairyland, you are a little too big, aren't you?"

Hongying, who was rushing forward, heard these words, slightly raised the corner of her mouth, and smiled faintly: "Is it too big? I don't think so."

The voice just fell.

Hongying held the spear with both hands.

At this moment, whether it is the power of rules, the meaning of reincarnation, or the aura of emperor, all surround the spear!

Sharp guns go through the sun!

This gun, in this dark night, is like a ray of rainbow light.

Break through the space, tear up the night!

Incomparably sharp, and like an emperor coming, thousands of people surrendered, piercing towards the four of Yuan Xianzhi!

The gun has not arrived.

But the gun that seemed to be able to mobilize the power of the rules of heaven and earth to use it had already rushed towards his face.

Attracted the four of Yuan Xianzhi to strike out with palms at the same time.

The pale pink aura condensed into a huge palm print and moved towards Hongying to suppress it!

One time.

The streets and floors of the entire Sky Domain were lifted by the aftermath.

The surrounding shops, inns, and restaurants turned into broken tiles, flying in all directions!

Looking below, the ascetics with horrified faces.

The weaker ones were either thrown out and seriously injured, or they left the place ahead of time and watched the scene thousands of miles away.

Only those ascetics in the fairyland can still stay in place, use their spiritual energy to resist the aftermath, and watch this scene with solemn faces.

"The four elders of the Law Enforcement Sect are all outstanding among the peaks of the Earth Immortal Realm, and their combat power is very strong."

One of them said with a serious face: "Although this woman is strong, with the strength of the late stage of the Earth Wonderland, she has released a power that can rival the peak of the Earth Wonderland."

"However, there are four people on the other side, I'm afraid it will still be a disastrous defeat..."

An old man next to him, after listening to this person's analysis, nodded in agreement: "I just don't know what kind of power this girl is from."

"It's okay if the power is low. If it's a second-rate power like Hehuan Sect or higher, I'm afraid there will be a battle between the sects."

after all.

Hongying's strength.

Even if they are placed in the first-class forces, or the top forces are all extremely talented.

Once this kind of person is said to be killed by other forces.

Then how could it be possible to let it go?

It's just what happened to this incident, it has nothing to do with them...

The palm prints released by the four of Yuan Xianzhi at the same time.

Not only has extremely strong power.

The breath in it exudes.

It also has the function of disturbing the enemy's mind.

If you are in an unstable mood, you may be directly affected by this breath, making it impossible to exert your full strength.

but.

At this point.

Hongying, who is the empress, is obviously an exception.

If it was before the Yunhuang Empire had yet ruled the entire low-latitude boundary, there might still be some influence.

But now?

Hongying led the Yunhuang Empire and ruled the entire low-latitude boundary.

The air of the emperor, the geometric multiples increase?

Under the protection of the emperor's spirit, even a strong man in the fairyland releases a mind-disturbing exercise.

I'm afraid it will have no effect on Hongying!

Emperor's will.

Emperor heart.

If you are so easily disturbed, how can you call yourself emperor?

There was no trembling in Hongying's eyes.

With a long spear in his hand, the forward momentum has not decreased but increased!

The aura seemed to be soaring into the sky, as if it wanted to pierce the sky of the night!

It pierced directly on the palm print!

Boom!

There was a loud noise, like thunder on the ground.

With this place as the center, it will be affected by the aftermath tens of thousands of miles away!

Even the four of Yuan Xianzhi's faces sank slightly.

The palm of the four of them did not directly suppress the opponent?

Chapter 772 Zongmen War? you are not worthy

The sky domain in the dark night.

On weekdays, except for a full moon and thousands of lights.

Now above the sky, there is a fiery red color that is as dazzling as the scorching sun.

This fiery red color.

Like a sharp gun, the momentum is like a rainbow, trying to cut through the night.

It's like overturning the sky!

The ascetics under the fiery red all looked up at the sky solemnly.

This breath.

Who actually emitted it?

The spirit of the emperor, the meaning of reincarnation.

And the power of rules that seems to be hidden in this world, everywhere, and few people can comprehend.

Even looking at the entire mid-latitude boundary, there is no such a person!

In the mid-latitude boundary, there is also the royal family.

But under the pressure of colorful sects, no matter how well these royal families get along, they are only second-rate forces.

But it has never been heard that any royal power has an emperor who is proficient in the meaning of reincarnation.

At the moment.

Ning Chenxin smiled and said: "Second Senior Sister's latitude power is quite powerful. If you master it thoroughly, you don't know what kind of realm you can reach."

To know.

Today's Hongying, the power of latitude is sealed by Lu Changsheng.

The power of latitude that is invoked now is only a little bit.

But it is already able to have such a great power.

One can imagine.

Dang Hongying completely refined all the power of latitude.

At that time, how strong will Hongying be?

Unimaginable.

Facing Hongying, Yuan Xianzhi and other four law enforcement elders looked at the center of the palm print.

That is, the place where Hongying's spear pierced, there are actually tiny cracks starting to form!

Can't help feeling a burst of horror in my heart.

The realm is behind the four of them.

And it was under the condition that the four of them shot at the same time.

Can you still compete with it?

Who is this person?

If it is said that this kind of person does not have a powerful force behind him, or a tyrannical master, they probably won't believe it!

Think here.

Yuan Xianzhi and the four of them all wanted to scold their mothers.

In this tense period, how did Xie Hongyi, a prodigal boy, provoke such a difficult enemy again?

Moreover, the suzerain is extremely protective of Xie Hongyi, a direct disciple.

I don't know how many times I wiped his ass.

I don't know how to restrain myself a bit!

At that time, Yuan Xianzhi mentioned it vaguely.

If Xie Hongyi is allowed to act like this, sooner or later it will bring big troubles to the Hehuan Sect.

Even a catastrophe is not an exaggeration!

But.

Things have happened.

It is already irreparable.

Yuan Xianzhi could only sigh slightly in his heart.

Bite the bullet and said: "Everyone, do your best."

The other three law enforcement elders also had the same intention, so they slightly retracted their palms.

In an instant, the elbow suddenly collapsed.

The palm print, which was already full of cracks, unexpectedly exploded in power at this moment!

Hongying also frowned slightly.

Her body was forced down several meters in midair by this huge palm print.

Yuan Xianzhi pointed out again.

A breath condensed with light pink aura turned into a sharp sword and pierced towards the center of Hongying's eyebrows!

Micro-sweep from the corner of the eye.

Hongying immediately made a countermeasure.

The spear in his hand turned into a stab.

At the same time, the aura in the dantian burst out suddenly.

The palm print completely exploded at this moment.

At the same time, Hongying's body was also directly pushed back hundreds of meters by the force of the aftermath!

Yuan Xianzhi's pale pink sharp sword also missed.

See this scene.

The two people from the Immortal Realm, who had previously believed that Hongying would be suppressed by the four of Yuan Xianzhi and had no chance of winning, also showed surprise in their eyes.

"Who exactly cultivated this kind of strength and practical experience?"

"Not to mention these things, in the late stage of the Earth Wonderland, I fought against the four peak powerhouses of the Earth Wonderland with my own strength, but I lost the wind, but I didn't suffer too much injury."

"This kind of strength, looking at the entire mid-latitude boundary, even among those top forces, how many people can do it?"

"Couldn't she be a direct descendant of a top hidden power?"

"That shouldn't be possible. Didn't you say that this person doesn't even know the location of the Saint Talisman Sect or the Infernal Purgatory?"

The old man nodded when he heard the words, "If that's the case, then it really can't be those people from the hidden world forces."

In the aspect of information circulation.

No force will be the opponent of the hidden world forces.

Hidden forces, although they are said to be hidden.

However, they know everything about the entire mid-latitude boundary!

It can be seen from this that Hongying is naturally not a person of hidden world forces.

At the moment.

Yuan Xianzhi looked at Hong Ying who was standing tall and straight on the broken ground, holding a spear, and his breath was only slightly dazzled.

He couldn't help but said with a serious face: "I want to know, if we temporarily stop the truce, would this be a good way?"

These words shocked everyone present!

The law enforcement sect of the Hehuan Sect handles things extremely ruthlessly!

For them, they will never bow their heads in the outside world!

After all, they represent the face of Hehuan Sect.

But now.

Four Law Enforcement Elders, the rulers of the Law Enforcement Sect of the Hehuan Sect.

But in front of this woman, he lowered his proud head!

This is summation!

Also admit defeat!

And heard these words.

Hongying also smiled faintly: "Stop the truce, will you not be held accountable?"

Yuan Xianzhi nodded, and responded: "In this period, with the return of Infernal Purgatory and the rebirth of Qi Dao, it is really inappropriate to continue fighting."

"After all, I'm afraid it will cause a sect war between the two forces. This is not good for anyone, isn't it?"

Hongying finally understood, and said with a smile: "That is to say, you are afraid of the forces behind me, right?"

Yuan Xianzhi's face was ugly, but he didn't respond.

Obviously there is no room for refutation.

That's exactly what they thought.

"You people, first molested my junior sister, and then tried to force my junior sister into a furnace."

Hongying's eyes were full of coldness, and she said coldly: "Now, we can't fight anymore, but we have called the old man, who wants to kill us."

"Now, you feel that there are forces behind me that you can't afford, and want to ask for peace?"

Hear here.

Yuan Xianzhi and the other four had increasingly gloomy faces.

Hongying sneered and said, "All good things have been taken by you, how can this be done?"

Ning Chenxin on the side also smiled and said: "Senior sister is very protective..."

Yuan Xianzhi said with an ugly face: "Then you mean to continue fighting, even if it triggers a sect war?"

Hongying shook her head and said, "Sect War? You are not worthy of my master's action."

"As for summing up? That's absolutely impossible."

When it comes to this.

Mu Fusheng has arrived.

He also heard what Hongying said.

For a while, Mu Fu wanted to die...

Chapter 773 Whetstone

What happened?

Not to mention, senior sister, you got into a fight with a second-rate faction as soon as you came, which caused such a big commotion.

Why is it still involved in the Zongmen War?

If Master hears it, don't you vomit blood?

Then, he will probably be beaten up by the master directly...

I just told you about it.

In the blink of an eye, in less than a night's sleep, you caused me such a big trouble?

Thinking of this, Mu Fusheng could only cry in his heart: "It's not that our army is weak, but that senior sister and the others are too capable of causing trouble!"

Mu Fusheng could only sigh.

However, he did not show up immediately, but hid in a location thousands of miles away.

Since it has already started fighting.

With the characters of the senior sisters and the others, they will definitely not let it go.

Not to mention, from the conversation between the two.

Mu Fusheng also learned the reason for the conflict between the two.

Junior Sister Wan'er was provoked by that Xie Hongyi of the Hehuan Sect?

if it is like this.

Mu Fusheng will not show any mercy.

It's just that there may be deviations from the brothers and sisters in the way of handling things.

If the senior brother and the second senior sister are able to do it, they will do it directly.

Then Mu Fusheng will hide in the dark without being exposed, and the other party will fall into a certain trough.

Or when he stepped into the trap that Mu Fusheng had arranged in advance, he would use all his strength to completely kill the opponent at the fastest speed!

Leave no trace.

Although the process is different.

But the result is the same, this is what Mu Fusheng did.

So, while Mu Fusheng was observing in the dark, he had already quietly walked around behind Yuan Xianzhi and the others.

Take out the holy talisman Xuanlei pen, and quietly arrange the talisman seals behind it, cutting off the opponent's retreat!

...

At the moment.

Hearing Hongying's words.

Not only Yuan Xianzhi and others.

The ascetics who were watching were also shocked.

Zongmen war, you are not worthy?

The opponent is the Hehuan Sect!

Although it is not as good as those first-class forces and top forces.

But looking at the entire mid-latitude boundary, how many can become second-rate forces?

You must know that among the Hehuan Sect, there is also a strong mid-stage Celestial Immortal who sits in charge.

Dare to say such a thing.

The power behind Hongying is at least a second-rate top power, or a first-rate power, right?

Yuan Xianzhi's face froze for a moment, and then he became extremely ugly.

"Even if we launch a Zongmen war, will we not hesitate?"

"You have to know that even if the sect behind you is stronger than our Hehuan Sect, if you use up the power of the entire sect and exhaust the sect's background, even if you are a first-class force, you will be torn off by us, right?"

Yuan Xianzhi is actually gambling.

If the opponent's sect is stronger than the Hehuan Sect, but in the Infernal Purgatory, Qi Shadao is reborn.

The opposing sect is definitely unwilling to launch a sect war during this period.

This is not something that one or two disciples can decide.

Could it be possible, for such a small matter.

The sects behind these ascetics will launch a sect war at all costs under such circumstances?

You know, this is no small matter.

But Hongying smiled lightly and shook her head: "Tear off a piece of meat? A frog at the bottom of a well."

After finishing speaking, Hongying didn't say anything more.

Also unwilling to argue with the other party.

During the battle just now, Hongying could clearly feel that her control over the power of latitude was becoming more and more handy.

The strength that will erupt in the future must be even higher!

Under Yuan Xianzhi's ugly expression.

Hongying is holding a spear, and the three powers blend with each other.

The reincarnation spear turned into a container at this moment.

The power of latitude, the meaning of reincarnation, and the power of the emperor turned into dragons and phoenixes, making roars!

With a monstrous gun force, he swung his gun at Yuan Xian!

Clay figurines also have three points of anger.

Seeing that the other party is so aggressive, I don't know what to do.

Even their Hehuan Sect had bowed their heads, but it didn't have the slightest effect.

This made Yuan Xianzhi's anger rise, and the volcano in his heart was ready to go!

Under a roar.

Yuan Xianzhi interlaced his hands, and streaks of light pink aura began to condense crazily!

Wait until the moment when Hongying rushes forward.

The condensed light pink aura turned into a giant tower.

Pushing with both hands, he spun and bumped towards Hongying!

Seeing this, Hongying didn't have the slightest intention of retreating.

As an emperor, how can she retreat when fighting?

Each step back will weaken the emperor's air and heart a lot.

If you move forward, it will also have huge benefits for the imperial aura and the imperial heart.

null!

Accompanied by a loud bang.

The reincarnation spear in Hongying's hand suddenly collided with the giant tower formed by Yuan Xianzhi's pale pink aura!

The originally bleak environment, at the moment when the two collided.

Under the collision of the aura and artistic conception of the two sides, a fierce white light actually bloomed!

Suddenly tore through this bleak night!

But only in the moment of this fight.

Yuan Xianzhi's complexion changed.

He can clearly feel that the opponent's strength and control over power are obviously stronger than before!

This made Yuan Xianzhi extremely frightened and angry.

Could it be that the other party has not fully grasped the power she released?

The blow just now was just using them to practice.

Treat them as whetstones?

This can be described as a great shame!

But at the same time, she was also shocked by Hongying's natural strength.

Earth Immortal Realm Late Stage, before fully mastering this power, they were able to withstand the simultaneous blows of their four Earth Immortal Realm peak powerhouses.

If the other party is in the same realm as them.

So, what will be the result?

The answer is obvious.

In the realm of the fairyland, even a small realm will bring about a huge improvement.

Yuan Xianzhi's face was serious, and he said in a serious tone: "Come and help quickly, and attack at the same time, but you must be careful, don't kill her!"

The other three law enforcement elders naturally also saw this.

They all nodded.

Since the other party doesn't want to let it go.

Then, we can only use strength to persuade the opponent to retreat first.

As for killing?

After Yuan Xianzhi and the others determined that the power behind Hongying might be extraordinary.

They naturally didn't dare to kill again.

after all.

If you just hurt the other party.

One disciple is injured, even if it is a very important disciple.

During this period, Zongmen wars will not be launched because of such a small matter.

But if you die.

Then maybe.

Under the simultaneous attacks of the four law enforcement elders, Hongying was repelled again.

The opponent's attack dissipated at the same time.

But Hongying didn't intend to stop.

After being repelled, he raised the reincarnation spear again and rushed towards the four of them!

The more you fight, the more frightening you will be!

Mu Fusheng looked at this scene, and said with emotion: "If the senior sister makes the elder brother take the blame, judging from the current strength of the senior sister, I am afraid that she will not be able to resist even if she wants to..."

Chapter 774 Riding the wind, or falling into the abyss?

What Mu Fusheng said was not wrong.

With Ye Qiubai's current strength, he faced Hongying who had already stepped into the late stage of the fairyland.

I'm afraid there is really no chance of winning if we really want to fight...

Mu Fusheng suddenly began to feel sorry for senior brother.

It was originally the second senior sister's blame target.

it's good now.

Even if he is dumped, the big brother has no room to refute.

I feel sorry for the big brother for a second.

Mu Fusheng pretended to shake his head and sighed, and then began to arrange the talismans.

In just this short hour, dozens of talisman seals have been carved, connecting them into a line to form an encirclement net.

Now, when Yuan Xianzhi and the others leave, step into this encirclement net.

It would be best for the second senior sister to beat them to serious injuries. Then relying on these talismans, they can be left here completely.

...

The battle of both sides.

It has been going on for an hour now.

During this hour.

It has attracted the attention of many forces in the firmament domain.

After all, it is a special period.

Every force is tense.

All intelligence outlets were dispatched to monitor the situation outside.

Once there is any disturbance, the Zongmen will be notified immediately!

Therefore, the fight between the four law enforcement elders of the Hehuan Sect and a young ascetic in the late stage of the Earth Immortal Realm has already spread to the ears of many forces in the Sky Realm.

Even the Saint Talisman Sect is no exception.

One time.

All major forces in the firmament domain sent people to the place where the battle took place.

Watch what the situation is.

At the moment.

Among the Saint Talisman Sect, when the suzerain heard the news, he couldn't help saying: "Where did that woman come from?"

"At such a young age, he has already reached the late stage of the fairyland, and with his own strength, he can fight four people at the peak of the fairyland?"

And the other party is the four elders in charge of the law enforcement sect of the Hehuan Sect.

In the level of the fairyland, the strength is quite good.

As for why she knew Hongying was young.

At a certain level, at least one has eyesight.

If it wasn't for the other party's special hidden method or treasure.

Or the realm is too high.

Either through some kind of natural treasures or exercises, the bones of the physical body have been changed.

can easily see the approximate age of the other party at a glance.

The Great Elder of the Saint Talisman Sect shook his head and said: "I have never heard of the girl's aura and the exercises she used."

"Maybe it's a hidden force, or a disciple taught by a hidden power?"

The suzerain of the Shengfu sect shook his head with a soft smile, and said, "It's possible, but this era is interesting, and there are many arrogance."

The Great Elder also nodded and said: "Su Muyou from the Su Family, Lin Zhinan from Lingxian Palace, or Le Zhengchi who entered the way of swordsmanship with rhythm."

"There are even more surprising Ye Qiubai, Xiao Hei and Mu Fusheng..."

The Sovereign sighed: "Tianjiao comes forth in large numbers. This is an era of opportunities and risks. No one knows whether to turn into a dragon and phoenix and ride the wind... or turn into a ghost and fall into the abyss of the Nine Nethers."

Hearing this, the Great Elder cupped his hands and said, "My Saint Talisman Sect will definitely be a dragon and a phoenix."

The figure of Mu Fusheng appeared in the mind of the suzerain, and he couldn't help but smiled lightly: "I hope so too."

...

On the streets of the Sky Domain.

Among the terrified eyes of everyone.

From the beginning, Hongying was repelled countless times.

Now, Hongying can no longer be repelled.

Even.

Even the four of Yuan Xianzhi teamed up and tried their best to stop Hongying's attack!

Under every attack, the four of Yuan Xianzhi will take a few steps back!

At this time.

Hongying stood in mid-air with a calm face and indifferent eyes.

I saw her holding a reincarnation spear in one hand.

The other hand squeezed out the seal, the meaning of reincarnation, the power of latitude, and the aura of the emperor were crazily condensed in the hand that squeezed out the seal!

Yuan Xianzhi and other law enforcement elders changed their expressions even more when they saw this scene!

This blow is bound to be stronger than before!

Immediately shouted: "Shoot with all your strength!"

Immediately, the four of them burst out with monstrous aura and began to gather in front of them!

Gradually, a solid pink peach blossom was formed!

Below.

Ning Chenxin, Shi Sheng and Mu Wan'er did not go to see Yuan Xianzhi and the others.

The eyes of the three of them fell on Hongying the whole time.

Shi Sheng murmured: "Senior sister should have fully grasped the power of latitude, right?"

Ning Chenxin nodded with a smile, and said, "It should be like this. The next blow, I'm afraid the other four cannot resist it."

Mu Wan'er even admired her eyes.

After that, she exclaimed even more coquettishly: "Sister Hongying is so handsome!"
the other side.

Mid-air.

Hongying pinched the Yin Jue with one hand, when the power of latitude, the meaning of reincarnation, and the aura of emperor were completely condensed.

Actually wiped his finger directly over the tip of the reincarnation spear!

On top of that gun point.

Three different lines, extending on it!

Gradually.

It actually covered the entire reincarnation spear!

The power suddenly skyrocketed!

Like a strong wind, sweeping across the entire space!

In the gust of wind, countless sharp guns were condensed, causing the surrounding space to tear out cracks of distinct sizes!

this moment.

Hongying stepped slightly, holding the reincarnation spear, and disappeared in the same place in an instant.

turned into a ray of red light, cut through the dark space, and pierced straight towards the four of Yuan Xianzhi!

See it.

The four of Yuan Xianzhi shouted loudly at the same time!

Eight hands strike at the same time!

The pale pink peach blossoms condensed in front of them, and the petals left the peach blossom itself.

Flying towards Hongying!

at the same time.

When these peach blossom petals are flying.

exudes a breath of light pink.

These pale pink scents contain a strong aphrodisiac gas.

Even ordinary people in the fairyland smell it and inhale it.

will cause restlessness in the body!

And the crazy shake of mood!

But.

These things seemed to have no effect on Hongying.

During the forward rush, the moment the pale pink aura was about to touch Hongying's body, it would be ruthlessly swallowed by the imperial aura.

at the same time.

Hongying shot through the petals.

It pierced directly on the body of Peach Blossom!

Boom, boom, boom!

One time.

The remaining petals on the peach blossom body started to scatter in all directions!

Keep dissipating!

The four of Yuan Xianzhi were also directly swept away by the force of backlash, retreating hundreds of meters!

His face was pale!

However, Hongying didn't stop, and stabbed out again!

The peach blossoms directly turned into a light pink breath, completely dissipating in this space!

Immediately afterwards, he took another step forward, chasing the four of Yuan Xianzhi.

See it.

Yuan Xianzhi gritted his teeth, his breath was extremely confused, obviously he was seriously injured.

His complexion was abnormally ugly.

Then he turned around and said, "Go!"

After finishing speaking, the four of them fled in the direction of Hehuanzong!

Seeing this, Hongying had no choice but to stop.

Although the opponent is not his opponent.

However, the opponent's four experts at the peak of the fairyland wanted to escape, and Hongying alone couldn't stop them.

But whatever, they were seriously injured anyway.

It's just...the direction they're running from...

Chapter 776 Talisman kills!

In the dark night.

Originally, there was only a full moon hanging in the sky, and the cold white light shone on the land.

Can now.

The thunder light kept flickering, causing the world to add a violent purple color.
certainly.

In order not to be discovered by others.

Attracted the attention of the eyeliners of the major forces, as well as those ascetics who like to watch the excitement.

Mu Fusheng specially arranged countless isolated atmospheres and moving and static talismans around here...

Even Mu Fusheng, who had completed the arrangement, couldn't help but nodded in satisfaction.

Self-promotional bragging.

Am I **** wise?

However, this was a catastrophe for Yuan Xianzhi's four elders of the law-enforcing sect of the Hehuan Sect.

Even if you use the distress signal in the Hehuan Sect, you can't do it.

They were horrified to find out.

These lightning chains can not only restrict their actions.

The power of thunder that invaded the body can even suppress the movement of aura in their body!

And for various exercises, even the means of calling for help cannot be used!

After all, Mu Fusheng doesn't want to kill these elders, and then there will be a great elder, suzerain, and supreme elder.

There are also some past suzerains who crawled out of the coffin boards of the tomb.
certainly.

Acacia sect has none of these.

Mu Fusheng is unknown.

Just in case, if the other party has such a person, wouldn't he be exposed?

That's not okay.

Do things and consider the consequences.

Also consider the next consequence that comes from the consequence.

Only by isolating these possible things can you ensure your own safety to the greatest extent.

Or rather, out of trouble...

to some extent.

Mu Fusheng's originally cautious personality became more and more serious, and he became closer to Lu Changsheng...

At the moment.

Yuan Xianzhi and the four heard the response from the space, and their faces changed drastically.

Provoked the wrong person?

No need to ask!

It must be those young people just now!

Hearing this old and late voice, Yuan Xianzhi said with a terrified expression: "Senior, our Hehuan Sect no longer intends to trouble those people any more!"

"Even, I will make satisfactory compensation to them for this matter!"

"So please, senior, hold your hand high and spare our lives!"

But.

Yuan Xianzhi's words were like disappearing into the sea, and there was no echo.

Yes, it's just the talismans in the air, starting to riot!

Feeling the two talisman seals in the air, Yuan Xianzhi's four elders at the peak of the fairyland were all palpitated!

Although the number of talismans in the air is the least, there are only two.

However, it is these two talismans that bring them a sense of crisis that cannot be compared with other talismans!

When the two lightning talismans began to flow in the surrounding space.

The full moon was suddenly covered by a dark cloud.

The white light has disappeared.

There are, but the purple thunder that keeps rioting!

Among the dark clouds.

Thunder began to surge in it.

Although it is not as violent as the power of thunder released by the talismans below them.

However, the restrained purple thunder in the dark clouds made them even more frightened!

This sense of fear.

It cannot be brought by an Earth Wonderland Talisman.

What level of talisman is this?

The answer is obvious!

A fairy-level talisman!

Yuan Xianzhi roared in shock: "Heavenly Immortal-level talisman? This kind of talisman can only be carved by the master of the Talisman Tower and the Supreme Elders of the Holy Talisman Sect in the entire mid-latitude boundary. Who are you!"

"Senior said just now that he is not a member of the Saint Talisman Sect. Could it be that you are the master of the Talisman Tower?"

Futa tower master?

The old man who gave him the soul nourishment technique appeared in Mu Fusheng's mind hiding in the dark, and he couldn't help being amused.

Unexpectedly, this old man can pretend to be a pig and eat a tiger.

You can even carve heavenly-level talisman seals, but you go to a faction under the Holy Talisman Sect to be a gatekeeper?

Did not hear an answer.

Yuan Xianzhi said with certainty: "Senior, there is no enmity between Hehuanzong and the Talisman, and this junior really never thought that those people are the disciples of your Talisman!" obviously.

Yuan Xianzhi regarded Mu Fusheng as the tower master of the rune tower, and at the same time regarded Hongying and the others as the disciples of the tower master of the rune tower...

Mu Fusheng didn't refute, he could only say sorry secretly.

Old man, take the blame for me once, and I will definitely make it up to you...

And just when Yuan Xianzhi wanted to say something again.

Among the dark clouds, suddenly thunder surged!

Under the urging of those two heavenly-level talismans.

The surging thunder continues to condense!

In the dark cloud directly above the four of Yuan Xianzhi.

Lightning gathered!

Suddenly, the surrounding space began to crack!

The power of thunder continuously tore apart the surrounding space, and cracks continued to extend towards the surrounding area!

Following that thunder light keeps shining!

Suddenly, there was a burst of thunder!

The wind is blowing!

Above the dark clouds, where thunder and light gather!

A real Destroyer Thunder Dragon rolled out of the Thunder Light!

Roar!

I saw that thunder dragon with the power to destroy thunder.

Under the desperate gazes of the four of Yuan Xianzhi, they directly engulfed it!

Boom!

And at this time.

As the Thunder Dragon landed, it was powerful enough to tear apart space.

It has long been impossible for those talisman seals that conceal movement and movement to bear.

One time.

The talisman that hides the movement and breath is broken!

The situation here, as well as the dazzling thunder light, the destructive thunder aura!

At this moment, it spread throughout most of the firmament!

Almost all the forces in the firmament domain cast their eyes on the place where the incident happened in horror.

Even the eyeliners of the major forces rushed to the place where the lightning surged as quickly as possible.

At this time, Hongying, Ning Chenxin, Shi Sheng and Mu Wan'er naturally also noticed this scene.

Ning Chenxin frowned slightly and said: "There... seems to be the direction where the four law enforcement elders escaped?"

Hongying nodded slightly, and said decisively: "Let's go, go and have a look."

Ning Chenxin, Shi Sheng and Mu Wan'er all nodded.

The four rushed over there.

But.

When they arrived.

Although, the power of thunder still remains in those space cracks and the air.

However, the dark clouds have dissipated, and the white moonlight has returned to the world.

Those talismans have long since disappeared.

It can be said, except for the remnants of the power of thunder.

And a little bit of the power of talismans.

The rest found nothing!

"This is... the power of thunder emanating from the Celestial Immortal Talisman Seal?"

Someone said in horror: "The heavenly fairy seal, could it be that those from the Saint Talisman Sect made the move?"

"No, those in the Saint Talisman Sect who can carve heavenly-level talisman seals are not good at lightning-attribute talisman seals."

"Who is that?"

"Why are talismans placed here?"

No one knows.

Only Hongying, Ning Chenxin, Shi Sheng, and Mu Wan'er suddenly smiled.

Because of a sound transmission, it reached their ears.

Chapter 777 Master, I can't do this job anymore!

Eternal Life Realm.

A piece of peace, the four seasons are like spring, and the willow branches are fluttering.

The warm sun fell, covering the whole earth with a layer of gold.

However, it is in this peaceful and quiet environment.

Lu Changsheng's mood was completely opposite.

I saw Lu Changsheng sitting on a wooden chair, beside him, a huge bone-winged snake and tiger lay beside Lu Changsheng like a puppy.

It's just that the Bone Wing Snake Tiger is not sleeping, nor is it messing around.

Instead, there was infinite grievance in the eyes.

Because Lu Changsheng was in the conversation with Mu Fusheng, while chatting, one hand was unconsciously pulling out the few hairs on the body of the bone-winged snake and tiger...

During this period of time, in the world of longevity.

Because the aura is extremely abundant, being beside the willow tree has a huge bonus for understanding the power of the law and breaking through the realm.

At the same time, Lu Changsheng sometimes creates elixir, and when it is refined, he will test the properties of the medicine in advance for the bone-winged snake and tiger.

Simply, although these elixirs sometimes have strange effects, most of them have greatly improved the strength of cultivation!

Today's Bone Winged Snake Tiger, due to various factors, the physical body has been completely transformed, and the blood has also evolved.

More importantly, the realm has broken through to the peak of the God King Realm...

Only one step away, you can step into the God Emperor Realm...

God King Realm, that is, a realm before the God King Realm.

Even if it is placed in a high-latitude boundary, it can become a powerful party.

But now?

But it became Lu Changsheng's plaything.

Lie on the side without daring to move, when Lu Changsheng stretched out and retracted his hand, there was a bunch of hair in the palm of his hand...

Seeing this scene, Huangqian shook her head helplessly, and murmured: "If you pull it out again, the hair will almost disappear..."

Sudden.

Lu Changsheng said loudly: "What? Another trouble?! Look at the time, those little **** have just arrived at the mid-latitude boundary?"

As Lu Changsheng yelled loudly, he used a little more force with his hands.

Suddenly, the bone-winged snake roared.

This pull almost pulled out his skin...

Mu Fusheng trembled on the other side of the jade pendant, and tremblingly said:
"Master...Master, I...just found out..."

"Just found out?"

Lu Changsheng gritted his teeth, the strength in his hand was getting stronger and faster, and the speed was getting faster and faster.

The bone-winged snake and tiger trembled more and more.

"Don't tell me you just found out, Mu Fusheng, Mu Fusheng, how much do you trust me as a teacher to entrust this important task to you?"

Mu Fusheng who heard these words.

Feeling helpless in my heart.

Don't, don't trust me!

According to the speed at which the senior sisters and brothers are causing trouble, I can't stand it no matter how I look at it!

"Don't make any excuses! Wouldn't things be better if you were a little faster?"

"Next time, let Xiao Hei cook, and you eat it all by yourself!"

After speaking, Lu Changsheng threw the jade pendant angrily.

Pinched his palms, turned his head to look, and was startled.

"Huh? Gouzi, why is all the hair on your body gone?"

"Is it time to shed hair? Warcraft also have hair shedding period? But it can't be so violent, right?"

The Bone Wing Snake and Tiger heard this, and glanced at Lu Changsheng with resentment on his face, then flapped the huge Bone Wing, and flew towards the distance without looking back.

It's just that back view, as much resentment as there is...

Lu Changsheng looked at Huang Qian who was at the side, and asked, "What's wrong with him? Someone bullied him?"

Huang Qian rolled her eyes and went to practice on her own.

...

the other side.

Mu Fusheng stared blankly at the jade pendant whose light had dissipated, with a frightened expression on his face.

As if hearing something terrifying.

aside.

Mu Wan'er patted Mu Fusheng on the shoulder, and said, "Junior brother, you are lucky."

Then he couldn't help laughing out loud.

Shi Sheng on the side reminded: "You have to call me brother."

Mu Wan'er immediately stopped laughing.

Mu Fusheng was panicked in his heart.

Looking back at Hongying and the others, he said with a dull expression: "Why don't you... Brothers and sisters, please tell Master that if anything happens in the future, it will be your own fault?"

The meal cooked by Senior Brother Xiao Hei?

Is that something people can eat?

The kitchen exploded upon seeing it!

When eating, it is estimated that you have to carry a few detoxification pills with you!

This is even more serious than the senior brother being punished to sweep the mountain!

Hongying smiled and said, "It doesn't matter if you don't say no in the future?"

"Look, if you take the initiative to tell Master, you are not asking for trouble?"

Heard what Hongying said.

Mu Fusheng's face became even more frightened.

What!

after? !

Immediately, Mu Fusheng thought of contacting Lu Changsheng again.

Master, I can't do this job!

Substitution!

Hongying asked curiously at this time: "But Brother Priest, when did you plant the talisman seals behind them?"

Mu Fusheng said helplessly: "I was there when you started fighting before, and when I thought that the other party might escape, I laid down the talisman first."

"After all, with the character of the senior sister, she will definitely not easily reconcile with the Hehuan sect. Instead of doing this, it is better to kill the opponent's strength."

Hongying said with a smile: "You should have heard the reason why we formed an enmity with the Hehuan Sect, and you want to stand up for the junior sister?"

Who is Hongying?

A generation of empresses, in charge of so many people.

How can you not guess what other people think?

Mu Fusheng's expression froze, then he scratched his head and said, "Senior sister, don't tell Master."

If Lu Changsheng found out, Mu Fusheng not only ignored Hongying and the others, but also got involved.

Then guess...

It's not just as simple as eating a meal made by Xiao Hei...

It is estimated that the leftovers from Xiao Hei's learning to cook will have to be given to Mu Fusheng in the future!

"Okay, okay, let's talk about it first, what is the situation now."

Hongying asked: "What is the relationship between you and senior brother, and Xiao Hei and that Infernal Purgatory?"

Heard the words.

Mu Fusheng told the story clearly.

After listening.

Hongying's pretty face turned cold.

"So, Qi Shadao is still eyeing Xiao Hei's body?"

Mu Fusheng nodded.

"Where are Xiao Hei and Big Brother now?"

Mu Fusheng said: "Senior Brother is at Tianjian Peak, and Senior Brother Xiao Hei is at Xianyuan Village, but I have already told them with the jade pendant that you are here, Senior Sister."

"Senior Sister, follow me to the Saint Talisman Sect first, and you will come over after Senior Brother and Senior Brother Xiaohei have finished handling the matter."

...

the other side.

Acacia sect.

Ke Mei learned the news that Yuan Xianzhi's soul cards were broken.

The breath of the mid-day fairyland surged out!

The men beside her were all blown away, blood spurting wildly!

After hearing the news, Xie Hongyi also rushed over immediately, and asked in shock: "Master, Elder Yuan and the others were killed?!"

Ke Mei's charming face was full of killing intent.

"It is said that they were killed by a talisman. Only the talisman of the Heavenly Immortal Realm can kill the four of Yuan Xianzhi..."

And be able to do this?

Ke Mei raised her head and looked in the direction of the Saint Talisman Sect, her face was filled with endless chill!

Chapter 778 The endless sea, the storm is coming

The fall of the four elders in power in the law enforcement sect.

The loss to Hehuanzong is not insignificant.

Ke Mei's face was extremely ugly, she looked at Xie Hongyi, no matter how indulgent and doting on Xie Hongyi on weekdays, but now, she is still very angry.

"Do you know who is behind those people you provoked?"

Xie Hongyi was stunned for a moment, wondering: "They are in the sky domain, and they don't even know the location of the Saint Talisman Sect. How big is the power behind them?"

Ke Mei gritted her teeth, and slapped her in the direction of Xie Hongyi!

In the air, Xie Hongyi was instantly sent flying, and five blood-red finger prints appeared on his face.

Xie Hongyi looked at Ke Mei in disbelief.

You must know that the master pampers and indulges him in every possible way on weekdays. Let alone give him any resources, no matter how big things are caused, he will not do anything to him.

Now, Xie Hongyi is also the first time to see Ke Mei so angry.

Ke Mei shouted angrily: "Not very powerful? A talisman master who can arrange heavenly-level talisman seals, do you think he is not very powerful?"

"Among the entire mid-latitude boundary, how many people are able to engrave heavenly-level talismans?!"

Hearing what Ke Mei said, Xie Hongyi was horrified.

A fairy-level talisman master?

Those who can have this ability are almost all in the Saint Talisman Sect, and there is one person who is the tower master of the Talisman Tower.

And this kind of character, no matter in background or strength, is extremely terrifying.

Even Ke Mei, or a peak powerhouse in the late stage of the Celestial Immortal Realm, would not dare to provoke her easily.

After all, they all know what a celestial-level talisman represents...

Ke Mei took a long breath and said, "You don't need to worry about this matter anymore."

Xie Hongyi's face darkened, but he didn't say much, he nodded, bowed to Ke Mei, then turned and left.

An immortal-level talisman master, if he takes action against the Hehuan Sect, it will be a devastating blow to the Hehuan Sect.

...

When Xie Hongyi left.

Behind Ke Mei, an old woman with a hunched back quietly appeared.

"Sovereign, don't you really want to seek justice for Xie Hongyi?"

"He is your son..."

That's right.

Xie Hongyi is Ke Mei's own flesh and blood. No one knows about this except Ke Mei herself and the old woman.

Otherwise, how could the head of a sect be so partial to Xie Hongyi?

Top resources should be given priority to Xie Hongyi.

If you provoke things outside, you will personally suppress them.

Many people in the sect just think that Xie Hongyi is very talented, so the suzerain is so partial.

However, who knows that there is such a layer of identity in it.

Ke Mei's expression was gloomy after hearing this.

"The opponent is either the Tower Master of the Talisman Tower, the Suzerain of the Saint Talisman Sect, or those three immortal things."

"No matter who it is, it is not a force that Acacia Sect can contend with."

The old woman hesitated for a moment, and said: "How about cooperating with Qi Shadao..."

Heard this.

Ke Mei's eyes struggled.

Cooperating with Qi Sha Dao and with Infernal Purgatory is undoubtedly seeking skin with a tiger.

"I... think about it again."

The old woman nodded slightly, and then disappeared quietly in place like a ghost.

...

the other side.

In a sea area.

At this moment, the sea surface is very calm, and at a glance, it is full of blue color.

The sea level meets the sky, as if there is no end in sight.

Above the surface of the sea, from time to time, huge whales would jump out, biting a few small fish in their mouths.

However, when the whale falls, it will be torn apart by a bigger demonic whale exuding a monstrous aura!

The sea seems to be calm, but the tide is actually surging...

Here, it is known to everyone in the mid-latitude boundary.

But the endless sea that no one dares to go deep into.

Endless sea.

Dangerous.

Every step, there may be a crash.

Even the peak powerhouses of the Heavenly Immortal Realm cannot get out of it after entering it.

can only disappear forever in this sea area...

Although opportunities coexist with crises.

But you have to have a life to get it.

So from the beginning to the present, there is only Infernal Purgatory, and somehow it is located in the front of the endless sea.

Although it is the first stage, it also hides murderous intentions...

And at this moment.

In the deepest part of the Endless Sea, above sea level.

There was a clicking sound in the space.

Huge cracks continue to extend above the sea!

Suddenly, wisps of tyrannical aura leaked out from the crack!

Causes storms around.

The endless sea area that seemed to be calm at first, also set off a stormy sea at this moment!

The huge magic whale that was still looking for food on the sea just now also felt this breath, and its pupils kept trembling, showing a look of fear!

Then he flicked his tail, and immediately fled towards the depths!

At this time.

Among the cracks, figures emerged with black devilish energy all over their bodies!

Among them, there are nine of them!

"Here, is the so-called mid-latitude boundary?"

One of the tall men frowned and looked around: "The aura is so barren, how could that person be in such a wild place?"

A woman with a rough figure sneered and said, "Since you have doubts, go talk to the devil."

Another man with two horns on his first head said indifferently: "As I said above, the aura appeared in this latitude."

"Hurry up and find it, I don't want to stay in this barren land for a moment."

A man covered his nose and said with extreme disgust: "Why did you only send us so few people down? Isn't this a waste of time?"

"Wasting time?" The rough woman glanced at this person, and said with a sneer: "Why don't you go to negotiate with the Overseer Temple?"

Hearing this, the man's expression froze.

"Okay, stop arguing, and find a local force first. It's too time-consuming for the nine of us to search aimlessly."

After finishing speaking, the nine people flew towards a direction!

But.

The cracks did not dissipate for a long time.

The aura emanating from it has caused the storm to spread in the endless sea area...

The sea is calm, but the stormy waves seem to overturn the sky!

...

Biluo Huangquan Hall.

I don't know where it is, but the surrounding area is full of lifeless energy.

Dead wood, no grass grows.

Even the sky is a dim yellow.

"Qiu Genyin, how is the arrangement?"

Qiu Genyin looked at the figure hidden in the dark yellow robe in front of him, and said respectfully: "We have reached a cooperation with Qi Shadao."

The figure nodded slightly: "Speed up the progress, time is running out."

Qiu Genyin nodded and said: "I will speed up, so please ask the Lord to send more people to me..."

The figure pondered for a while, the robe moved slightly, and a wooden sign carved from dead wood was thrown out.

"Take it, elder disciple, let you use it."

Chapter 779 The storm is surging!

Ape Demon Realm, Fairy Ape Village.

At this moment, the ancestors of Xianyuan Village are outside.

Everyone in Xianyuan Village, including the village head, Yuanshou, and Xiao Hei, gathered here.

Whether they are going out to practice or retreat, the villagers also gather here.

The village chief looked at Yuan Shou and asked, "Is everything ready?"

Shou Shou nodded, still hesitating, and asked, "Are you sure you won't wait any longer?"

"After all, opening the ancestor blood pool now may not be able to fully stimulate other people..."

The village head shook his head solemnly, and said solemnly: "We have no time. After the Lord Demon Lord fused the soul fragments in Absolute Soul City, the aura is so strong and the movement is so loud."

"I'm afraid I can't hide it anymore, and I don't know when I will come to my door."

"Even if some of the realms are not enough to fully stimulate the blood of the ape demon, we can only wait until later..."

Hearing this, Saruhisa could only nod his head.

Besides, Xiao Hei's face was slightly condensed, and he said: "There is no need to go to war for me, just follow your original plan."

"No." The village head shook his head, and said seriously: "Master Demon Lord, I hope you can understand that the fate of the ape demon clan is completely tied to you alone."

"If you can return to the Demon King Realm to take power, then for our ape demon clan, you can return to the top!"

"However, once you fail, the demon lord, there is no need for our ape demon clan to continue to exist, and we will be killed by those rebels one by one!"

This is the first time the village chief has rejected Xiao Hei so formally.

After hearing this, Xiao Hei had no choice but to concentrate his head: "When I regain control of the Demon King's Realm, I will definitely make up for everyone."

Hearing this, the village head, Yuan Shou, and even other disciples of the Yuanmo clan smiled and nodded.

"With the words of the Demon Lord, our ape and demon clan will be satisfied."

"Okay, everyone, enter the ancestors, step into the blood pool of the ancestors!"

Say it.

Everyone nodded.

Even the village chief entered it first!

Xiao Hei looked at the backs of everyone with a serious face.

Countless people have paid the price for him.

Even if it's not for myself, for them, for the person in memory, I still want to take back the Demon King's Realm!

Eliminate all those people who participated in the encirclement and suppression of the Demon King's Realm, as well as that group of forces!

thought of this.

Xiao Hei walked towards the training ground.

The current him is not strong enough...

...

On the other side, Tianjian Peak.

Ye Qiubai got the sound transmission from Mu Fusheng's jade pendant.

"Senior Brother, Second Senior Sister, Senior Brother Ning, Senior Brother Shi Sheng, and Senior Sister Wan'er have arrived at my place."

Ye Qiubai nodded and said: "Okay, I still have some things here, I will come over after I finish."

The light of the jade pendant went out.

Looked at Huo Zhengheng in front of him, and the three elders who guarded the sword.

I only heard Huo Zhengheng say seriously: "Now, Infernal Purgatory is after you brothers, Qiu Bai, you need to speed up your cultivation."

One of the elders guarding the sword also nodded and said: "The enmity between Qi Shadao and our Tianjian Peak can no longer be reconciled. At that time, I, Tianjian Peak, will be your backing."

"However, you need to be strong to forge iron, Ye Qiubai, even if you have stepped into the half-step fairy sword realm, it is not enough."

Ye Qiubai nodded, and said seriously: "I understand."

The remaining sword guarding elder patted Ye Qiubai on the shoulder and said, "Go, go to the ancestral land, maybe you can learn something else from the stone statue of the ancestor."

Hearing this, Ye Qiubai walked into the ancestral palace.

After Ye Qiubai walked into the ancestral land, Huo Zhengheng turned his head and stood on the highest peak of Tianjian Peak.

Looking at the devastated Tianjian Peak, there is a murderous intent in his eyes!

Eyes full of murderous intent, he clenched his fists and said: "Qi Shadao, you dare to do this right after you come out, you really have a wicked heart!"

Today's Tianjian Peak.

Except for the ancestral land and the Tibetan Sword Pavilion, it has not been destroyed.

The rest have been completely destroyed by Qi Shadao!

Even all the disciples on and off Tianjian Peak became mummies.

Some are not even complete bodies.

Among those piles of rocks, collapsed caves, and courtyards.

Broken bones can be seen everywhere.

Blood stained the rubble.

A few days have passed since the time.

The blood had already dyed the gravel dark red.

Bloody aura filled the entire Tianjian Peak!

"Sky Sword Peak, the sect was exterminated in my hands just like that..." Huo Zhengheng clenched his fists tightly, and the sword intent soared into the sky, among which, the killing intent completely enveloped the sword intent!

One of the elders guarding the sword watched this scene, frowned slightly, and put his hand on Huo Zhengheng's shoulder.

"Huo Zhengheng, calm down!"

"As a sword cultivator, you can't let hatred wash away your swordsmanship!"

"In this way, your realm, or the heart of the sword, or even the way of the sword will be irreversibly reversed!"

Huo Zhengheng gritted his teeth and said, "But elder, how can this calm me down?"

"Qi Sha Dao destroyed my sect, and even slaughtered all the disciples and elders of the sect!"

"How can I not hate this?"

Another sword guarding elder sighed slightly, and said: "Now, what you need to do is to calm down, then recover your sword heart, and guard Ye Qiubai well."

"This kid's talent is limitless. As long as he can grow up, what can he do if he is just a purgatory and kills all of them?"

"That's right." An elder guarding the sword nodded and said, "Ye Qiubai is the hope of our Tianjian Peak."

"Don't you think that the aura and swordsmanship of this son are quite similar to the ancestor?"

"Maybe he can't reach the height of the ancestor?"

After hearing these words, Huo Zhengheng calmed down slightly, his sword intent began to dissipate, and his killing intent began to subside.

"As long as Ye Qiubai allows him to comprehend the fairy sword and reach the peak of the fairyland, how can he be his opponent?"

Huo Zhengheng nodded.

That's right.

Ye Qiubai's talent is really top notch.

Even in the blood-changing state, they can fight across the border.

Now it's the same in the turbid fairyland.

As long as Ye Qiubai can reach the peak of the Heavenly Immortal Realm and stand at the same level as Qi Shadao, how can the other party be his opponent?

Huo Zhengheng sighed slightly: "It's just, maybe it will take a long time..."

"During this period of time, I don't know if we can resist the impact of Infernal Purgatory and Qi Sha Dao."

"There is no way, let's see if the Saint Talisman Sect and those hidden forces can unite those forces in the mid-latitude realm..."

"Just looking at it now..." Huo Zhengheng hesitated for a moment, and said with a wry smile, "I'm afraid it's a little difficult."

Those forces didn't want to get involved in the first place at all.

Still watching!

But how do they know.

When Qi Shadao recovers his strength, what a disaster it will bring!

Chapter 780 Thirty days, the undercurrent spews out!

Thirty days passed by in a hurry.

And thirty days, for ordinary people, is neither long nor short.

But for ascetics, it's just opening and closing their eyes.

Meditate, practice a little bit, or polish your own realm, watch a book of exercises, and practice a small section of the exercises.

Thirty days passed.

Might not be enough...

but.

It was in this short period of 30 days for cultivators that something unexpected happened.
original.

The major forces believe that Infernal Purgatory and Qi Shadao will keep a low profile during this period of time and keep a low profile.

Waiting for the strength to fully recover before taking any action.

This is why most forces in the mid-latitudes will choose to wait and see temporarily.

is not one of the reasons for direct entry.

But what?

At the Punishment Conference, it has been seven days since Tianjianfeng was exterminated.

The Infernal Purgatory, which was originally silent, began to carry out high-profile operations in various areas of the mid-latitude boundary.

Even, those few weak second-rate forces that participated in the Xiexie Conference and encircled and suppressed Infernal Purgatory have been ruthlessly exterminated!

In the whole clan, no one was spared!

All the disciples, elders, and even the suzerain elders were drained of their souls.

Only one mummy remains!

This made many forces uneasy.

At the same time, under the lobbying of Shengfuzong, Su Family, Lingxian Palace, and Huo Zhengheng and other forces, those forces that had already loosened their hearts and wanted to join the evil alliance.

Also at this moment, I made a thorough decision to join the Alliance of Punishing Evil!

These forces all participated in the siege of Infernal Purgatory.

They were also afraid that Qi Shadao's next target of revenge would fall on them.

Among them are top forces like Xuanyuan Huangzong and Sixiangmen!

As for the forces that did not participate in the original, they still did not take any action and chose to wait and see.

One time.

The entire mid-latitude region is in panic!

And the second thing.

is what happened in the endless sea.

Five days ago.

Suddenly a huge space storm swept across the endless sea!

When the storm was raging, many forces sent strong men to the endless sea to investigate.

Want to know what happened in it.

What is the cause of this space storm?

As for the answer, no one knows.

It's just that those monsters in the endless sea retreated to the depths because of this space storm!

As a result, there are not many monsters wandering in the front stage, or even the middle stage.

Wait until the space storm dissipates.

There are eyeliners and casual cultivators from various forces, who went to the endless sea to investigate.

Surprised to find that the crisis in the front and middle stages has been minimal.

Among them, on the bottom of the sea, on the islands in the endless sea, shocking inheritances, as well as various rare and unusual treasures of heaven and earth have been discovered!

This made the major forces temporarily forget about the Infernal Purgatory.

Thus, various disciples were sent out, led by the elders, to search for treasures in the endless sea!
To know.

The endless sea area has always been envied by all major forces.

Because it was originally a huge treasure house!

However, due to the high degree of danger, the major forces can only look at this treasure mountain, but cannot take any action...

Now the crisis in the front and middle section has been lifted.

Naturally, it will attract the close attention of the major forces.

Sixiangmen, Xuanyuan Huangzong, and even the top forces such as Shengfuzong, Su Family, and Lingxian Palace have already sent disciples and elders to them.

Those hidden powerhouses and old monsters were also born one after another, and went to the endless sea to search for treasures.

Want to find a way to break through that layer of shackles!

Prolong the short life that is left.

...

At the moment.

Ape Demon Realm, Fairy Ape Village.

The mountain where Xianyuan Village is said to be located has been completely sealed off.

In the big formation, the blood is shining, and the blood is surging!

The power of violence spreads across the entire Xianyuan Village!

Now, Xiao Hei has come out of the training ground, and the current Xiao Hei, I am afraid that even the average mid-earth fairyland powerhouse will not be his opponent.

The absorption of the soul fragments of Absolute Soul City awakened his blood talent again.

Under this month of self-mutilation practice.

Physically seriously injured, then repaired, strength increased.

loops continuously.

Let Xiao Hei's cultivation speed be extremely fast.

Outside the ancestors.

The villagers of Xianyuan Village have all completed their bloodline awakening.

Although some villagers whose realm is too low and whose blood concentration is not enough have not reached a fully awakened state, their strength has still increased.

As for the village chief, and Ape Shou and others.

But he can clearly feel the strength of his physical body.

Ape Shou's physical strength may have reached the middle stage of the Heavenly Wonderland!

And what about the village chief?

Just stood there, motionless.

Between one breath and one breath, the slight shaking of the muscles can cause the surrounding space to tremble!

Seeing this, Xiao Hei said: "Village Chief, I should go out."

Before, Hongying had already used the jade pendant to transmit sound transmission and told him what happened in the Endless Sea Territory.

At the same time, it was decided to gather in the Holy Talisman Sect.

Let's go to the endless sea together.

After learning about the situation, the village head nodded and said, "The safety of the devil is very important now. We will take the lead in going to the endless sea to wait for the arrival of the devil."

Then he looked at Yuan Shou and said, "Yu Shou, follow the devil as usual."

Ape-shou nodded.

At this point, Xiao Hei and Yuan Shou went to the Holy Talisman Sect!

...

The former site of Tianjian Peak.

In front of the stone statue of the ancestor of Tianjian Peak.

The sword intent is constantly surging in this palace!

Like a prehistoric beast, rampaging in this cage-like palace!

Abnormal ferocity.

at this time.

Ye Qiubai suddenly opened his eyes, and his eyes met those of the statue of the ancestor.

At this moment, the eyes of the statue of the ancestor seemed to have a ray of gaze, and it fell on Ye Qiubai!

Among them, a ray of sword energy, like Hunyuan, followed this gaze and fell into Ye Qiubai's eyes.

Boom!

This sound does not come from outside.

Instead, it burst out from Ye Qiubai's body!

The wisp of sword energy kept wandering among Ye Qiubai's limbs and bones.

At every joint point and important acupuncture points of the physical body, there are bursts of roaring sounds!

Not too long.

Ye Qiubai raised his head and screamed!

The whistle sounded like a sword, directly breaking through the dome of the palace!

A fairy sword intent with a mysterious aura soared into the sky!

The three sword guarding elders who were waiting outside were all horrified when they saw this.

Surprises follow!

"The Realm of Immortal Sword!"

"In 30 days, you have broken through to the realm of the fairy sword? This son, I am afraid that he can really reach the level of the ancestor!"

"Besides, the aura in this fairy sword seems to be quite similar to that of the ancestor?"
