

My Disciples 831

Chapter 831 Supernatural powers manifest, evil spirits emerge!

Under the synergistic addition of Fu Zhuan and Mu Wan'er's elixir.

Mu Fusheng's strength has directly reached the peak of the Heavenly Wonderland!

On the outskirts of Dragon Blood Demon Abyss.

Mo Qixun, Qingchuan Yeyao, and Gu Xiao had a panoramic view of the scene at the center of the battle.

Mu Fusheng's realm breakthrough is naturally known.

All three of them have miniature pupils.

This method is amazing.

It was originally considered a one-sided situation by them.

I'm afraid Mu Fusheng will launch a counterattack from here!

"If this son is on our side, maybe the plan can be completed more easily."

Gu Xiao nodded slightly: "It's a pity that people with such monstrous talents will not give in so easily."

Qingchuan Yeyao also nodded and said: "Then we can only find a way to get rid of them, should we do it now?"

Mo Qixun shook his head and said: "It's not the time yet, our identities and purposes cannot be exposed yet, once they are exposed, I'm afraid we will be the first to become the target of public criticism, but..."

Qingchuan Yeyao and Gu Xiao both looked sideways.

"but?"

Mo Qixun looked indifferent, and said in a flat tone: "This method of breaking through the realm will not last for too long. When they both lose, it is the time for us to take action."

Hearing this, Qingchuan Yeyao and Gu Xiao both nodded.

Their target is not just one or two people...

...

Qi Shadao looked at this scene, his eyes filled with disbelief.

At the same time, he also became very interested in the talismans and pills used by Mu Fusheng.

No, it should be said to be greed.

If you have this kind of talisman and elixir.

Strength goes a step further.

Cooperate with your own many secret methods.

I'm afraid I don't need the help of others.

and restricted by other forces.

will be able to kill those so-called top forces.

Dominate the entire mid-latitude frontier?

Think here.

Qi Shadao stood between the brows of the blood-colored giant, looked down at Mu Fusheng who was surrounded by white aura, and said lightly, "Although you won't accept that."

"However, if you give me this talisman and elixir, and are willing to provide it to me forever and ever."

"Not only will I not kill you, but I will also provide you with talisman materials, but you must plant the imprint of my ancestor's soul."

Plant a soul imprint.

Then, Mu Fusheng's life will be controlled by Qi Shadao.

Once against Qi Shadao's will.

Only one thought is needed, and the soul imprint will explode on Mu Fusheng's soul!

At that time.

Mu Fusheng's soul will also be completely destroyed!

certainly.

The spirit can also be removed when it reaches a certain strength.

But how could Qi Shadao make Mu Fusheng's strength beyond his control?

Mu Fusheng said lightly: "I won't accept everything you said, so why bother to say it?"

Qi Shadao shook his head slightly, and said with a sneer: "My ancestor, I just cherish my talents. Since you don't want to accept it, then I have no choice but to make this latitude less of an evildoer in terms of talismans."

"It's too early to say this now."

Speaking of which.

Mu Fusheng looked at Elder Baibeard at the side, and said: "Please also ask the elder to stand up for me."

Elder Baibeard nodded with a serious face.

Immediately.

Throwing talisman seals one by one, towards the Scarlet Giant!

Incomparably thick branches are wrapped around the blood-colored giant!

at the same time.

The boulders from the bottom of the endless sea are constantly besieged around the scarlet giant!

These talismans of Elder Baibead are all control type, they are only for helping Mu Fusheng win the opportunity to attack!

And Mu Fusheng who saw this scene.

also shot decisively.

There was a momentary white aura on his body.

directly skims the space.

At a speed that is hard to see with the naked eye, it appeared above the scarlet giant in the blink of an eye.

Immediately punched out!

In this punch.

The two thunders of Xuanyin Purple Thunder and Heavenly Punishment God Thunder, one purple and one gold, keep shining!

Like a thunderstorm descending into the world.

As if God's punishment had come, with devastating attack power, it shone in this space and fell on the scarlet giant's head!

The compass formation of the Biluo Huangquan Palace can't limit the power of thunder at the level of Xuanyin Zilei and Tian Punishment Thunder...

Even Qiu Genyin looked incredulous.

The compass formation, one of the treasures of Biluo Huangquan Temple, actually lost its effect on Mu Fusheng!

And when the Xuanyin Zilei and the Heavenly Punishment Thunder descended at the same time.

The moment it landed on the scarlet giant's head.

In an instant!

Boom!

The roar suddenly started!

Two types of thunder force directly envelop the huge, towering body of the blood-colored giant!

Qi Shadao, as well as the three Heavenly Immortal-level powerhouses inside, all turned slightly pale.

And the other twenty-three people from the fairyland spurted a mouthful of blood!

A dozen of them were killed inside the Scarlet Giant on the spot.

See it.

Qi Shadao immediately shouted: "Feed the sacrificial banner with the power of the soul!"

The voice fell.

Everyone in the Infernal Purgatory released their soul power at the same time and poured it into the sacrificial banner.

The sacrificial banner is like a bottomless pit, crazily devouring these huge soul powers.

All comers are welcome!

At the same time, the evil soul that was released seemed to have gone berserk, and its arms kept dancing.

The extent of the mouth opening has also become larger.

On the surface of the blood-colored giant's body, it continuously devoured the power of these thunders, in order to resist the devastating attacks brought by the Xuanyin Purple Thunder and the Heavenly Punishment Thunder.

but.

Qi Shadao will not sit still, only defend but not attack.

Pinch and print with both hands.

Blood energy and murderous intent continue to soar and condense!

One punch hit Mu Fusheng in mid-air!

at the same time.

Countless blood-colored giant claws cut through the space, tearing towards Mu Fusheng in all directions!

Seeing this, Mu Fusheng didn't pay attention, but rushed directly towards the scarlet giant's brow.

When those **** giant claws were about to fall on Mu Fusheng.

Elder Baibear appeared beside Mu Fusheng in an instant.

The talisman in his hand was thrown out.

The power of Heavenly Wonderland surged wildly at this moment!

It resisted these **** giant claws for it!

at the same time.

The three elders stopped before the giant fist of the scarlet giant.

Block it with all your strength!

Let Mu Fusheng rush to the center of the scarlet giant's eyebrows without hindrance.

It is also the place where Qi Shadao is located!

To capture the thief, first capture the king.

As long as Qi Shadao, who is the core of the Scarlet Giant, is defeated or killed.

So.

Difficulties will be solved!

Nothing more.

Qi Shadao is such a cunning person, how could it be so easy for Mu Fusheng to succeed?

I saw Qi Shadao with a sneer on his face.

While opening its mouth, the blood-colored giant also opened its **** mouth!

in.

Countless evil souls rushed towards Mu Fusheng with screams and screams!

Overwhelming and overwhelming!

Mu Fusheng looked slightly startled.

Make fists with both hands at the same time, holding two thunderbolts in your hands!

turned into a thunder spear and threw it forward.

Chapter 832 Six or nine days of thunder!

The battle in Wonderland is heaven-shattering.

Can affect a huge range.

This also led to.

Around the dragon blood demon abyss, under the full force of the bursts of breath between the multiple heavenly fairylands, the space is constantly shattering.

The violent waves of the sea of blood are like mountains and mountains.

What is even more shocking to others is.

It is around the battlefield between Mu Fusheng and the Scarlet Giant.

It seems that all the colors in the world have been forcibly stripped away.

The whole space is gray.

After the space is broken, an extremely dark black hole is revealed.

After the blood cloud condensed, the blood-colored giant who raised the sky.

And the sea of blood gushing out of the Dragon Blood Demon Abyss.

All in this moment.

Lost the color it should have.

Only the gray that represents extinction.

At the moment.

In Mu Fusheng's hands, the purple Xuanyin Purple Thunder and the golden Heavenly Punishment Thunder were condensed into two spears, one purple and one gold Thunder spear, at this moment.

...

The Thunder Spear is surrounded by the power to destroy Thunder.

Like a thunder dragon swimming, climbing on the spear!

At this moment, the Scarlet Giant opened its mouth wide open under the urging of Qi Shadao.

In the **** mouth, Qi Shadao descended from the center of his eyebrows, and his position was in the center of the deep mouth of the scarlet giant.

I saw Qi Shadao holding the sacrificial banner, and pouring the soul power of himself, the other three heavenly fairyland powerhouses, and even those who survived the earth fairyland into the sacrificial banner.

The surface of the sacrificial life flag, in the **** mouth, fluttered wildly in Qi Shadao's hands automatically without wind!

In the center of the flag, in the black vortex, countless evil souls gushed out at an even crazier speed at this moment!

Like a mass of darkness, it swept towards Mu Fusheng overwhelmingly from the **** giant's **** mouth!

Seeing this, Mu Fusheng didn't have any surprises.

An old fox like Qi Shadao who is extremely cautious and counts all possible things in it.

It is absolutely impossible not to have other backers.

Mu Fusheng's face was dull.

Throw it with both hands at the same time!

Two thunder spears turned into a thunder-destroying dragon at this moment, sending out a devastating roar!

Charged towards the terrifying army of evil souls that gathered together and bared their teeth and claws!

Boom!

The sea of blood roared.

The entire sky seems to be shaking at this moment!

It seems that it is about to fall.

Two thunder dragons slammed into the evil soul like a mass of darkness!

Although the power of thunder has a natural restraint effect on evil souls.

But at this time, it doesn't seem to work.

There are too many evil souls!

Each evil spirit with its fangs and claws, its ferocious expression, and its mouth wide open devoured the Xuanyin Zilei and the Heavenly Punishment Thunder with all its might!

After devouring, although the evil soul will dissipate instantly.

But the next group of evil souls will immediately make up for it.

Continue to devour!

Gradually, Xuanyin Zilei and Tian Punishment Thunder turned into thunder spears.

At this moment, the power of thunder is slowly being weakened.

As visible to the naked eye, the body of the brontosaurus is slowly shrinking!

See this scene.

The white-bearded elder had a solemn expression.

The remaining three elders of the Saint Talisman Sect looked even more helpless.

Is this useless?

Ming Ming Mu Fusheng used such heaven-defying talismans and pills.

Forcibly raised his strength to the peak of the Heavenly Wonderland.

But.

The sacrificial flag in Qi Shadao's hand is too heaven-defying!

Seeing this scene, Qi Shadao couldn't help laughing and said, "Even if you have a talisman, what if you have reached the peak of the Heavenly Immortal Realm?"

"The hundreds of thousands of years of precipitation, how can you, a mere junior, be able to make up for it with a talisman and a pill?"

In Qi Shadao's opinion.

Although Mu Fusheng is extremely talented and evil.

Give him another few hundred years, maybe he really is no longer his opponent.

But.

It is still too tender now.

Face-to-face alignment with various means of killing.

Facing the background of the entire Infernal Purgatory.

How can one or two foreign objects make up for it?

The gap is like an insurmountable horizontal ditch.

At least.

Qi Shadao thinks so.

but.

Mu Fusheng doesn't have any backup?

If Mu Fusheng has no backup.

There is only one case.

That means the donkey is at the end of its rope and has reached a dead end.

If it wasn't so, then Mu Fusheng wouldn't be Mu Fusheng anymore.

He will not be the disciple who is most similar to Lu Changsheng in character.

But obviously.

Qi Shadao still can't push Mu Fusheng to this desperate situation.

I saw Mu Fusheng standing in midair.

Surrounded by silence.

The thunder that surrounds the whole body, as well as the substantial white aura.

Let Mu Fusheng feel like a **** descending at this moment.

Mu Fusheng had a slight smile on his face.

Spread your hands slightly.

Xuanyin Zilei and Tian Punishment Thunder disappeared at the same time!

The one purple and one gold destructive thunder power that hovered around Mu Fusheng also disappeared.

See it.

Qi Shadao frowned slightly.

Could it be that the other party has a backup?

If that's the case.

The son of Mu Fusheng was too terrifying.

Qi Shadao's intuition is correct.

The moment when the two thunderbolts around Mu Fusheng disappeared.

Suddenly!

Mu Fusheng clasped his hands together!

this moment.

The aura that turned into substance around him is constantly rioting!

The talisman on the chest.

It was as if he was ignited by the violent aura.

On the texture, the fire is born!

Immediately after.

Among the horrified eyes of everyone.

Mu Fusheng clasped his hands together, and streaks of crimson thunderbolts, driven by the aura, continuously emerged!

味啦...呵啦...

Every flicker of the crimson thunder will cause the surrounding space to tremble and shatter!

at the same time.

A series of dark clouds actually overwhelmed the blood clouds that were releasing monstrous ****
aura, and enveloped the Dragon Blood Demon Abyss!

far away.

Mo Qixun, Qingchuan Yeyao, and Gu Xiao watched this scene.

All of them turned serious.

The crimson thunderbolt swimming in the dark clouds brought them an extremely palpitating sense of crisis.

This kind of feeling is even when facing the strong in the Heavenly Wonderland alone.

Never had before!

What kind of thunder is this? !

Look at Mu Fusheng.

I only heard Mu Fusheng say indifferently: "Nine-Nine Hongmeng God Thunder Art, the third thunder, six-nine sky thunder..."

He spit out these words calmly.

next moment.

Mu Fusheng folded his hands slightly apart from the two sides.

A red ball of thunder appeared out of thin air in the center of both hands!

The moment this ball of thunder appeared!

The constantly surging evil soul seemed to have encountered something extremely terrifying.

Suspended in mid-air, stagnant!

No matter how Qi Shadao waved the sacrificial flag in his hand, he seemed to be disobedient, without any follow-up actions.

Mu Fusheng held Liujiu Tianlei in both hands, lowered his eyebrows and looked at Qi Shadao.

Like Thunder God descending into the world, he said lightly: "If you can catch the last blow, there is no other way."

but.

When Ye Qiubai and the others heard Mu Fusheng's words.

are ten thousand disbelievers...

Chapter 833 Six or nine days of thunder!

There are only three minutes left before the full activation of the Giant Spirit Aegis.

...

Overwhelming.

Around the Dragon Blood Demon Abyss, waves of blood wave after wave, making huge blood-colored waves.

The dark clouds in the sky have completely covered up the blood clouds.

The crimson thunder power in it kept flashing in the dark clouds.

Shoot down from time to time.

The entire Dragon Blood Demon Abyss is in a destructive atmosphere.

Killing intent.

evil intentions.

At this moment, they were completely covered up by this destructive aura!

Qiu Genyin was holding a compass, watching this scene with a solemn expression.

Understanding of Mu Fusheng.

Qiu Genyin is limited to talismans.

Mu Fusheng's attainments in lightning attribute talisman can be said to be unique.

The talent is so evil that it makes people palpitate.

According to their information about Mu Fusheng.

It has not been a year since Mu Fusheng and others entered the mid-latitude boundary.

But.

After gradually emerging, Mu Fusheng has been able to seal and carve heavenly-level talismans by himself.

Just ask.

Looking at the entire mid-latitude boundary, how many people are there who can engrave heavenly-level talismans?

Almost all the Celestial Talisman Masters with this ability are already in the Saint Talisman Sect.

If Mu Fusheng wanted to.

Even in the Saint Talisman Sect, its status can be compared with the Supreme Elder.

But now?

Mu Fusheng not only showed his amazing talent in talismans.

In the process of cultivating Taoism, Qi Shadao is the main force, three strong men from the Heavenly Immortal Realm of Infernal Purgatory, and more than a dozen people from the Earth Immortal Realm jointly cast the Scarlet Giant.

In Mu Fusheng's hands, he didn't have an advantage!

At least it seems so now.

next to.

The white-bearded elder of the Holy Talisman Sect and the three elders looked even more horrified.

The combat power that Mu Fusheng displayed at this moment is really too appalling.

Not only using a talisman seal, but also a pill.

Forcibly raised his own strength to the peak level of the Heavenly Wonderland.

Even with his own strength, he fought against the blood-colored giant on the side of Infernal Purgatory!

Zishan, who was activating the Giant Spirit Aegis, naturally noticed this scene.

The Xuanyin Zilei and the Heavenly Punishment God Lei had already startled her.

This level of thunder.

Even if it was her, she had never seen it!

Not to mention the current Liujiu Tianlei.

The power is too terrifying.

This level of thunder power.

Even in the upper realm, those who use the power of thunder cannot have it.

this moment.

Zi Shan became even more curious about the forces behind Mu Fusheng.

Who is it that can use this kind of thunder power to cultivate a monster?

However, when Ruomu Fusheng entered the high-latitude boundary, he was noticed by those strong men who used the power of thunder.

I'm afraid there will be a lot of trouble.

Everyone is innocent and conceives his crime.

This truth is understood by children.

Without the support of a strong background, these three kinds of peerless thunder powers may not be able to be retained.

the other side.

Mo Qixun, Gu Xiao, and Qingchuan Yeyao also looked solemn.

The power of the three thunderbolts made them shudder.

The huge soul body in the body.

are constantly trembling.

Thunder is the nemesis of all souls.

Mo Qixun said slowly: "Maybe, it's really not easy to kill them."

Gu Xiao also nodded with a serious face.

Qingchuan Yeyao even said: "It must be killed, otherwise we will not be able to complete the task, and our situation will be extremely dangerous."

I thought of that person.

The expressions of all three of them became extremely gloomy.

His strength is something they cannot resist.

If the task cannot be completed, there is only a dead end.

...

At the moment.

Between Mu Fusheng's hands, a crimson thunder ball rioted!

At this moment, Mu Fusheng was surrounded by endless crimson thunderbolts.

Like a thunder god.

I saw Mu Fusheng's face was indifferent, and he lowered his eyebrows to look at the blood-colored giant below.

To be precise, he looked at Qi Shadao in the giant's big mouth, and said lightly, "Can you take this blow?"

Don't wait for Qi Shadao's answer.

Mu Fusheng threw the crimson thunder ball between his hands towards the **** giant's **** mouth.

The crimson thunderball slowly advanced along with the flicker of Destroyer Thunder!

Qi Shadao watched the crimson thunderball attack slowly, with a serious expression on his face.

My heart is extremely angry!

Before, he was suppressed like a dog by those strong men from the upper realm.

It's fine without the slightest dignity.

Today.

In front of a junior, do you have to suffer such humiliation?

He is the Patriarch Qi Shadao of Infernal Purgatory!

At that time, there was a **** top existence in the entire mid-latitude boundary!

He is also a super strong man who can escape under the siege of more than a dozen powerhouses at the top of the Heavenly Wonderland!

The humiliation he endured before exploded at this moment!

The veins in Qi Shadao's neck were constantly wriggling.

With a loud roar.

The sacrificial flag in his hand fluttered wildly!

The stagnant evil soul seems to be driven by Qi Shadao.

Showing a ferocious look of baring its teeth and claws, it rushed towards the red thunder ball desperately!

only.

It's all just moths to a flame.

When the overwhelming evil soul enveloped the crimson lightning ball.

Endless crimson thunder exploded towards the surroundings at this moment!

Was enveloped by a dark army of evil souls.

Crimson thunderbolts bloom from within!

Break through gaps!

Lasing towards the surrounding area!

The devouring power of the evil soul is obviously unable to completely swallow the six or nine sky thunders.

Powerful killing and destructive force.

The army of evil souls is on the verge of collapse at a speed visible to the naked eye!

Even if the sacrificial flags flowed continuously, countless evil spirits were released overwhelmingly.

At this moment, it is impossible to make up for the loopholes that were blasted out by the Six or Nine Heavens Thunder!

this moment.

The Giant Spirit Aegis in the rear, the breath is getting more and more solid!

A mysterious atmosphere is slowly permeating this space.

noticed this scene.

The three senior executives of the Tianjin Chamber of Commerce all showed surprise on their faces.

Immediately yelled in the direction of Qi Shadao: "Quickly solve it! Time is running out!"

Although Qi Shadao heard the reminders from the three senior executives of the Tianjin Chamber of Commerce.

But even so.

Qi Shadao has used all his strength.

But still unable to break through Mu Fusheng's restraint!

Even, he can already clearly feel it.

Relying on the power of the Sacrifice Banner, it may not be able to stop Mu Fusheng's footsteps!

The crimson thunder ball in front of me is constantly breaking through the impact of the evil soul army, and it is getting closer!

This scene.

Qi Shadao couldn't think of it.

The plans are already so perfect.

The other party also fell into his conspiracy perfectly.

The combat power is so well prepared.

But so what?

Facing Mu Fusheng who is like a god, there is no way!

But.

slowly.

Feeling Mu Fusheng's aura around him, Qi Shadao suddenly became happy.

The breath of Mu Fusheng's body, as well as the power of the talisman.

is slowly weakening!

Chapter 834 The first stage, successful resistance

The power of the good fortune talisman.

It has been brought to the extreme at this stage.

Combined with a pill.

Ling Mu Fusheng's strength has directly reached the peak of the Heavenly Wonderland.

It has lasted for such a long time, which is already extremely against the sky.

This kind of talisman is unheard of.

but.

This is also because with Mu Fusheng's current strength, he cannot seal and carve a complete talisman of good fortune.

Even now.

It is only 30% of the lucky charms carved out of seals.

It is only because of the particularity of the good fortune talisman that it can still be used when the seal cutting is not completed.

Qi Shadao felt the changes in Mu Fusheng's aura, and his face was happy.

The breath is constantly weakening!

This is undoubtedly good news for them.

Even the power of the Sixty-Nine Heavenly Thunder is slowly decreasing.

Mu Fusheng noticed this scene, and frowned slightly.

Originally, with his strength, it was impossible to condense six or nine thunders.

Relying on the power of the good fortune talisman and Mu Wan'er's elixir, she was promoted to the peak of the Heavenly Wonderland.

It was only then that six or nine days of thunder were forcibly condensed.

Today.

The role of the good fortune talisman is slowly failing, and its strength is weakening at a speed visible to the naked eye.

It is naturally extremely difficult to maintain six or nine days of thunder.

The crimson thunder ball that fell into the army of evil souls, its power to destroy thunder is also slowly weakening.

The thunder that shot out was losing its brilliance.

Qi Shadao sneered and said, "Do you have any other means?"

The voice just fell.

Qi Shadao immediately waved the sacrificial flag in his hand.

At the same time, he yelled violently: "The Infernal Purgatory belongs to it, let's do it with all our strength!"

Boom!

Along with the powerhouses of Infernal Purgatory, they burst out with all their strength at the same time!

The blood-colored giant raised his giant hand that was shining with blood-red light and burning with blood-colored murderous intent.

Grab a stack of waves in the sea of blood, and throw it in the direction of Mu Fusheng!

In an instant!

The waves rolled, countless evil souls rushing out of the sacrificial banner, stepped on the **** waves, and devoured towards Mu Fusheng!

Seeing this, Mu Fusheng wanted to continue using Liujiu Tianlei.

But.

When the ninety-nine Hongmeng God's Lightning Technique was operating in his body, a strong sense of weakness quickly filled his limbs and bones!

Oops!

Mu Fusheng's face tightened.

The effect of the Fortune Rune has disappeared.

Not enough to maintain the power of thunder for six or nine days!

Although the side effects of the good fortune rune will not harm the foundation and the rune.

But the strength to forcibly break through, at the moment when the huge aura disappeared.

It will lead to a rapid depletion of aura in the dantian and meridians!

In a short period of time, it cannot be filled with aura.

This also leads to.

From the moment the Fortune Rune loses its effect.

Mu Fusheng will lose combat power for a period of time!

certainly.

Seal characters can still be used.

According to Mu Fusheng's idea, if you still can't deal with the enemy during the period of weakness after using the fortune talisman, you can use the talisman to defend against the enemy, so as to delay until your strength recovers.

But.

Under the compass formation in Biluo Huangquan Temple.

Ninety percent of Mu Fusheng's talismans cannot be used!

In this case.

In the eyes of everyone in the thatched cottage except Ye Qiubai, Mu Fusheng was helpless.

There is no longer any backup.

The evil soul has already stepped on the monstrous waves of blood, bullying Jin Mu Fusheng!

Mu Fusheng felt the movement of Zishan behind him.

Smiling lightly, he put down the finger on the ring.

It can save hundreds of millions of hole cards.

I saw Mu Fusheng standing where he was and didn't move.

The dark clouds in the sky have dispersed.

The blood cloud reappeared.

Under the increase of **** killing intent, the wave of evil souls swept towards Mu Fusheng at an extremely crazy speed!

Qi Shadao saw Mu Fusheng who had no longer resisted.

But there is no joy at all.

Nor did he think that Mu Fusheng was helpless, he resigned to his fate so he stopped resisting.

He can clearly feel it.

Behind Mu Fusheng and others.

Zishan is activating the Giant Spirit Aegis.

The depressions on the shield surface have begun to bloom wantonly!

An extremely mysterious and simple atmosphere spread rapidly in this space!

With the spread of the primitive atmosphere, the Giant Spirit Aegis swelled against the wind at this moment!

Centered on the purple shirt.

A transparent scale shell is spreading towards the surrounding area!

See this scene.

Qi Shadao already knew, and could not stop Zishan's actions.

But at least.

To kill the junior in front of him who uses a talisman, which is enough to threaten him!

Can kill one is one!

Holding this idea.

Qi Shadao even did not hesitate to use the original power of the soul.

I would rather delay the time for myself to recover to the peak again.

Forcibly mobilize the full power of the sacrificial banner!

In an instant.

The overwhelming evil souls, the evil souls stepping on the **** waves, have actually begun to merge!

A gigantic evil spirit with hideous grimaces all over its body, grabbed in the direction of Mu Fusheng!

Space tearing!

The wind is surging!

The entire sky seemed to be torn apart under the claws of the gigantic evil soul emitting endless shrill screams!

The speed also surged at this moment!

Mu Fusheng looked indifferently at the huge ghost claw that was approaching fast.

Without the slightest wavering.

Even the eyes did not change in the slightest.

Just as the huge ghost claw was about to fall on Mu Fusheng's body.

Qi Shadao also showed a ferocious smile at the moment.

Boom!

Accompanied by a loud bang.

The huge ghost claw came to a standstill just one foot away from Mu Fusheng.

It seemed to be blocked by an invisible barrier.

The ferocious smile on Qi Shadao's face also froze suddenly at this moment.

Mu Fusheng's indifferent face, at this time, the corners of his mouth were slightly raised, revealing a sarcastic smile.

"What? There is no way?"

Obviously.

The Giant Spirit Aegis has been fully activated.

On the other side, the three senior executives of the Tianjin Chamber of Commerce also stopped their offensive with extremely gloomy faces.

Immediately.

The three senior executives also looked at Qi Shadao, who was full of anger, and said angrily: "This is your so-called plan? You can't kill the opponent with so much force?"

Qi Sha Dao is also unable to get angry.

What can he do?

The plan has been so flawless.

Calculation has reached the extreme.

Even the force dispatched is so powerful.

Including the Tianjin Chamber of Commerce, there are a total of seven Heavenly Wonderland powerhouses.

Twenty-three strong men from the Earth Fairyland.

There is also the compass formation in the Biluo Huangquan Temple.

But still failed.

was successfully resisted by the opponent.

Isn't this preparation enough?

Qi Shadao looked at Mu Fusheng and his party with a gloomy face, and said in a deep voice, "Even so, how long can you stay in this turtle shell?"

"When the energy of this tortoise shell disappears completely, you will still let us slaughter you?"

Immediately.

Qi Shadao looked at the three members of the Tianjin Chamber of Commerce beside him, and said harshly, "I think the three of you don't want to let Miss Zishan leave safely, do you?"

"Since the matter has developed to this point, then stick to it!"

...

the other side.

In the mortal village.

Chapter 836 The dark tide rises!

Oversee the Temple.

"How about the endless sea?"

"No one has gone into the depths yet, it's just..."

"Just what?"

"The Tianjin Chamber of Commerce seems to be getting involved."

An old man covered in a black robe turned around immediately after hearing the words, and asked, "Oh? We have opened such a big opening for the Tianjin Chamber of Commerce, are they not satisfied?"

"Tell me the specific situation."

Immediately afterwards, the person who reported told the old man in black the situation in detail.

The old man in black frowned after hearing this, and then said: "The heart of space has been born, and the matter of the endless sea is temporarily put on hold. I will go to the Tianjin Chamber of Commerce in person afterward."

"Since no one has entered the depths of the endless sea, let's focus on the heart of space for the time being."

After finishing speaking, the reporter nodded.

...

In the Demon King Domain.

The current demon lord Mo Ji said with an ugly face: "Is there no news yet?"

Mo Ge on the side shook his head and said: "There is no substantial progress, but according to what they say, there may be results soon."

Mo Ji took a deep breath, and he also knew that there was no rush for things now.

After all, there is the existence of the monitoring temple, and they have no way to send more main forces to the mid-latitude boundary to directly attack it.

On the other side, Mo Li reminded: "Devil Lord, the Heart of Space has already been born, should we prepare to attack the Heart of Space?"

Hear here.

Moji's face darkened in an instant, and then he said: "We are destined to be unable to obtain the Heart of Space. If possible, I don't want to bother with the Heart of Space."

From Moji's point of view.

The Heart of Space is also what those god-level forces are bound to win.

Compared with those behemoths, the current Demon King Domain is not at the same level of strength at all.

not to mention.

Although the current Moji is the Demon Lord of the Demon King Realm.

But it was just a puppet of the god-level forces that participated in the strangulation of the demon lord.

"They asked us in the Demon King's Realm to clear some obstacles for them when they are fighting for the heart of space..."

Mohat and Moge both had gloomy faces.

But.

Regarding this matter, they have no way to escape control!

After all, the strength gap is too great.

Mo Ji took a deep breath, suppressed the anger in his heart and said: "According to them, we still need to rely on them now."

"However, you should always pay attention to that person's affairs, do you understand?"

Mohat and Moge both nodded.

...

The white horse is too short.

Twenty days passed quickly.

The forces in the entire high-latitude boundary are preparing their forces because of the matter of the heart of space.

The moment when the heart of space appears.

That was also the time when the major forces stirred up the situation.

And in the mid-latitude boundaries.

In the middle of the endless sea area, Dragon Blood Demon Abyss.

The barrier of the giant spirit shield protected Ye Qiubai, Zishan, the four elders of the Holy Talisman Sect, Zeng Jiyuan, Lai Qingyun, and Xiao Hei who was in the blood pool.

And outside the barrier of the Giant Spirit Aegis.

The Infernal Purgatory led by Qi Shadao, the three senior officials of the Tianjin Chamber of Commerce, and the Biluo Huangquan Palace where Qiu Genyin was located, squatted outside.

The sacrificial banner keeps fluttering, and it seems that there are endless evil spirits in it, constantly impacting the barrier of the Giant Spirit Aegis.

It seems that they want to quickly consume the energy of the Giant Spirit Aegis.

At this time.

Shi Sheng looked at a plate of purple shirts and asked, "Miss Zishan, how long can this giant spirit shield last?"

Zi Shan said with a solemn face: "With my strength, I can only last for another three days."

If Qi Shadao hadn't used the Sacrificial Banner continuously to bombard the barrier of the Giant Spirit Aegis, it might have been able to resist for a longer period of time.

"If he still can't come out after three days, I'm afraid he will have to think of other ways."

Hear here.

Ye Qiubai and the others looked back at the Demon Dragon Blood Pond with solemn expressions.

In the dragon blood pool.

Monstrous magic and surging blood.

In the center, a huge blood cell surrounded Xiao Hei.

Ye Qiubai sighed helplessly: "If we really reach that step, I'm afraid I can only invite Master to come..."

After all, Xiao Hei cannot be forced to stop his cultivation.

This is a great opportunity!

There must be a huge improvement in Xiao Hei's strength!

Master?

The four elders of the Saint Talisman Sect, as well as Zi Shan, all looked sideways at him.

They were extremely curious about the master behind this group of monsters.

Where the **** is it that can cultivate so many monsters at the same time.

Hongying jokingly said: "It's okay, the big deal is to go back to sweep the mountains, but it's actually not a big deal."

Mu Fusheng added: "No matter how bad it is, let's taste the rice cooked by Brother Xiao Hei."

When Hongying said these words, Ye Qiubai just gave a wry smile.

However, when Mu Fusheng said these words.

Ye Qiubai's face was terrified, and his whole body trembled.

Eat the rice cooked by Xiao Hei?

Back then, he had taught Xiao Hei how to cook, and he had personally witnessed Xiao Hei's black hole-like talent in cooking...

This is the master who can blow up the kitchen by cooking a meal!

ate his meal.

Is there still a way out?

Ning Chenxin, Shi Sheng, and Mu Wan'er couldn't help laughing.

Zishan and the four elders of Shengfuzong, as well as Zeng Jiuyan and Lai Qingyun saw that they were still able to joke with each other under this situation.

Can't help being curious.

Is their master so strong?

Just saying it, so that they can calm down and make fun of each other?

Unable to help, they became even more curious about the masters behind these monsters.

And this moment.

In the dragon blood pool.

The blood cells suddenly rioted!

Blood gas is constantly rising!

In the entire blood pool, countless blood intentions seemed to condense into substance in the sky above.

The extremely viscous blood was pouring into the blood cells crazily at this moment!

The monstrous magic is also surging crazily at this time!

Riot in this entire Dragon Blood Demon Abyss!

The sudden abnormality made everyone look sideways!

Qi Shadao said with an ugly face: "Are you going to leave the customs?"

If Xiao Hei has finished training.

Then the opponent will have no restraints, and can fight or retreat!

Although Qi Shadao can keep the opponent.

But, what if the other party has other means of escape?

The three senior executives of the Tianjin Chamber of Commerce also had serious expressions on their faces.

They know it.

With the method of Zishan, there is naturally a way to get out of trouble without restraint.

But.

Right at this time.

The magic is monstrous!

It actually directly broke through the barrier of the Giant Spirit Aegis!

Rush up to the sky and fill the entire endless sea!

It seems that everything in the world is subject to this magic!

That is the magic.

In the Infernal Purgatory, the nine members of the Demon King's Domain, who were about to move, also suddenly stood up!

Look in the direction of Dragon Blood Demon Abyss!

"It's this breath, that's right..."

Chapter 837 The Demon King's Realm Arrives!

Between the surge of magic.

Flooded in the endless sea!

And this scene was naturally perceived by the ascetics in the endless sea.

Countless people looked in the direction of Dragon Blood Demon Abyss with horrified expressions.

This monstrous magic hovered in their hearts.

A huge black shadow of a demon **** appeared in their sea of consciousness, looking down at them from a bird's-eye view.

The tyrannical magic made them feel a sense of surrender in their hearts!

On the shores of the Endless Sea.

According to the village chief's instructions, Yuan Shou has been waiting here to observe whether there is any change.

The moment when the magic fills the air.

Shou Shou's expression froze, and he looked up at the sky.

This kind of magic, Saruhito is very familiar with it!

"The devil!"

Now, the rebels are very likely to have sent people to the lower realm.

This magic covers such a wide range.

If the other party has really come to the mid-latitude boundary, then he will definitely find the location of the devil!

thought of this.

Yuan Shou didn't think too much, and flew directly in the direction of Dragon Blood Demon Abyss!

At the same time, he took out the sound transmission thing and immediately notified Xianyuan Village of the news!

Under special circumstances.

For the devil master, as long as there is the slightest possibility of danger, Xianyuan Village must prevent it!

...

Lingxian Palace.

Lin Zhiyan looked at this scene with horror on his face.

But he is also very familiar with this breath.

"what happened..."

Su family.

Su Muyou also had a solemn expression.

"This breath...he broke through again?"

...

Dragon Blood Demon Abyss at this moment has been locked by many forces.

Such a huge magic energy.

People who don't know think that there is a super inheritance here.

However, when they came to the surrounding area and used their spiritual sense to detect it, they realized that in the blood pool surging with monstrous devilish energy, there was a body cultivator who was tempering the sea of blood!

Using such a powerful sea of blood to practice, what kind of physique can bear it?

Even Mo Qixun, Gu Xiao, and Qingchuan Yeyao saw this scene in the distance with solemn expressions.

"This method of tempering the body, I am afraid that looking at the entire mid-latitude boundary, there are not many body repairers who can bear it?"

"How exactly?"

"However, after undergoing such body tempering, his physical strength will reach an extremely terrifying level..."

The strength of the dragon blood pool.

Looking at the entire mid-latitude boundary, there are not many people with physical training who can bear it.

If Xiao Hei hadn't absorbed the soul fragments and gained the ability to recover from injuries, he wouldn't be able to get through so easily.

In the pool of blood.

Xiao Hei's body was continuously impacted by the blood energy, destroying all parts of Xiao Hei's body!

And the blood of the demon **** is also constantly playing a role at this moment.

While repairing the body.

Let Xiao Hei's physical body become stronger!

Coupled with the blessing of the monstrous dragon's blood energy in the blood pool.

It can be said.

Xiao Hei tempered his body and practiced in this dragon blood pool, and he could get the effect that one plus one is greater than two!

at this time!

Xiao Hei rushed out of the dragon's blood pool.

Now, Xiao Hei's physical body has undergone earth-shaking changes.

Strains of extremely tyrannical blood flow unconsciously from Xiao Hei's body.

The wisps of blood energy coiled around Xiao Hei's body, as if turning into substance, condensed into a blood-colored dragon, wrapped around Xiao Hei's body!

In the eyes of the blood-colored giant dragon, black light shone.

At this time, Qi Shadao held the sacrificial flag and sneered, "Even if you leave the customs now, is there a way for you to escape?"

"We have seven experts from the Heavenly Wonderland here, how are you going to escape?"

Ke Qi killed Dao, but Xiao Hei didn't pay attention to it.

Instead, his face was cold and resolute, and he looked straight ahead with awe-inspiring expression.

Immediately said in a deep voice: "The next thing, I am afraid that the master will be needed."

Hearing Xiao Hei's dignified tone, Mu Fusheng took out the sound transmission jade pendant without saying a word, and sent a message to Lu Changsheng.

And at the moment when the message was sent.

From a distance, there are clusters of monstrous demonic energy, approaching the area of Dragon Blood Demon Abyss at a speed visible to the naked eye!

In just an instant, this mass of monstrous demonic energy has completely surrounded the Dragon Blood Demon Abyss!

This magical power made everyone present palpitate!

Even the powerhouses in the Heavenly Immortal Realm can't help trembling in their hearts, their knees tremble slightly, and they have a feeling of wanting to surrender to this devilish energy!

Whether it is Elder Baibeard, or Zeng Jiyuan, Lai Qingyun and other top powerhouses in the Immortal Realm, they all showed terrified expressions on their faces!

It's hard to imagine that a person who is strong in the Heavenly Wonderland has already stood at the pinnacle of this latitude.

To be frightened by this breath!

What's more, Lai Qingyun and Zeng Jiyuan are sword immortals who have a unique advantage in mood!

"Who is it... why have I never heard that there are such powerful people in the mid-latitude realm..."

Elder Baibeard said with a horrified expression.

Zeng Jiuyan and Lai Qingyun also shook their heads and remained silent.

Even they don't know anyone who can do this.

Even Qi Shadao in his peak period couldn't show this aura!

Qi Shadao looked at this scene with an ugly expression.

He naturally knows who the strong one is among the demonic energy.

At the same time, he also understood that when these people appeared, his plan would fail...

Originally, he wanted to take Xiao Hei's body, and then use Xiao Hei's soul to make a deal with the people in the Demon King's Domain.

Use this to get higher rewards!

But now, if the other party makes a move in person, the deal will naturally fall through.

Zi Shan in the Giant Spirit Aegis also understood who did this cloud of devilish energy.

What does this breath represent!

Just listen to Zishan looking at the nine people in the demonic aura, and said in a deep voice: "When will people from the Demon King's Realm be able to intervene in the affairs of this mid-latitude realm?"

Amidst the demonic energy, the leading man heard the words, looked at Zishan, and said coldly: "Oh? Tianjin Chamber of Commerce? This matter has nothing to do with you. If you want to stop it, maybe you alone are not qualified!"

Zi Shan's face was ugly.

The power of the Tianjin Chamber of Commerce and the Demon King's Domain is not much different.

It is certain that Mowangyu will not be afraid of her.

Immediately.

The man looked at Xiao Hei, who was floating in mid-air, surrounded by blood-colored dragons, and his eyes were full of cold killing intent.

Look at this look, and this breath.

The hearts of the nine trembled slightly.

After all, he was the former Demon Lord.

The existence that rules the entire Demon King Domain!

Although the strength is not there, the suppression deeply engraved in the blood still exists.

The man headed by looked at the little gangster and said: "The devil... No, I can't call you the devil now, the order is hard to disobey, so I can only ask you to die."

Immediately.

Everyone looked at Xiao Hei.

Zi Shan's eyes were filled with horror.

them...

Calling Xiao Hei the devil?

For a while, Zishan remembered the great battle that took place in the Demon King's Realm.

At that time, the famous and powerful demon lord died in battle.

Zishan murmured: "The devil...isn't dead?"

Chapter 838 The ancient ape demon!

In the mortal village.

After receiving the message, Lu Changsheng couldn't help stroking his forehead.

Mr. took a sip of tea indifferently, and said: "At this level of strength, if there is anything that can make you fanciful, it is either power or someone who cares about you."

"You are not the kind of person who seeks power."

If it is greed for power.

Perhaps, when Mr. Lu invited Lu Changsheng to come, he would not go to Tiandao Mountain to get water early, pick tea from his own tea garden, and then brew it and wait for Lu Changsheng's arrival.

"Then there are only people you care about?"

Lu Changsheng rolled his eyes and said, "Listening to what you have to say is like listening to what you have to say."

Mr. asked: "What do you mean?"

"It means you talk a lot of nonsense."

gentlemen:"..."

Then he chuckled.

That's an interesting comment.

It was the first time someone commented on him like this in front of him.

"Since there are afflictions, then go and cut them off."

Lu Changsheng got up helplessly.

After all, he is his disciple...

Thinking of this, he disappeared in place.

...

Zishan itself is a member of the Tianjin Chamber of Commerce in the high-latitude realm.

The Tianjin Chamber of Commerce is also a very powerful chamber of commerce in the high-latitude boundary.

Regarding the matter of the Demon King Domain.

Zishan is naturally known in ancient books.

but.

What Ling Zishan didn't expect was.

Xiao Hei turned out to be the peerless demon lord who was so talented and gorgeous back then, which caused the two **** lord forces to join forces to target him!

I didn't even think of it.

The Demon Lord is still alive and right in front of her eyes!

When I thought of this.

Zi Shan was shocked again.

Such a demon master, who is the master behind him?

Who is qualified to teach such a monster to exist?

I'm afraid that even a divine master can't make such an amazing and talented demon master a disciple, right?

Ye Qiubai, Hongying, Mu Fusheng and others also understood why Xiao Hei suddenly said that he wanted to call Master over.

The strength of the opponent is obviously an existence that cannot be competed in the entire mid-latitude boundary.

Even if the entire Saint Talisman Sect is brought in, it is impossible to fight against it!

Mu Fusheng said solemnly: "Master is currently in the high-latitude boundary, and it will take half a cup of tea to get here."

Half a cup of tea...

That is to say, they have to find a way to delay the work of half a cup of tea.

If it is a lineup like Infernal Purgatory.

It's easy to procrastinate for half a cup of tea.

But the other side.

The strength of these nine people, even the Elder Baibeard, or Lai Qingyun, Zeng Jiyuan, a powerhouse in the fairyland, cannot see through it!

In their hearts, they don't even have the confidence to resist the opponent's blow!

Half a cup of tea, can it really last?

Zishan also shook his head at this time and said: "The nine opponents are all in the God King Realm... let alone half a cup of tea, after one blow, the Giant Spirit Aegis will be destroyed directly..."

"At that time, there will be no possibility of any resistance."

Elder Baibeard asked solemnly: "Girl Zishan, don't you have any other means?"

Zishan shook her head lightly.

If it is in the high-latitude boundary, maybe she has other means.

But when we reached the mid-latitude boundary.

Zishan never thought that there would be a strong man in the divine realm here.

So Djinn Aegis.

It is also the strongest defense method in Zishan's hands.

According to what Zi Shan said.

They don't have any chance?

At this time.

Amidst the demonic energy, the leading man looked at Xiao Hei and said, "Since there is no other way, why don't you just follow us? After all, with your current strength, you may not be able to stop us."

"You don't want these people around you to die, do you?"

Hear the person.

Xiao Hei's face suddenly turned cold.

Because of the hatred imprinted in the soul, he had the intention to kill these nine people.

Today.

They actually threatened the people in thatched cottage?

If possible, Xiao Hei would not kill them easily, but would plunge their souls into endless torture!

"Don't look at us like that, we are just following orders."

The leading man shook his head slightly and said: "But don't waste time, after all, the Lord Demon Lord's order is not to capture you alive. If necessary, just kill you directly."

Say it.

Including the man, the remaining nine people are all entangled in demon energy!

The turbulent magic energy caused the entire endless sea to set off huge waves!

The entire mid-latitude realm seems to be filled with this monstrous devilish energy at this moment!

Those whose realm is not enough.

At this moment, they couldn't help kneeling on the ground.

Kneel and salute towards the center of the magic energy!

To show surrender!

Seeing this scene, Xiao Hei's expression turned ugly, and then he said to Ye Qiubai and the others: "You guys retreat first."

Hear what Xiao Hei said.

Ye Qiubai and the others smiled sassily.

No movement at all.

Xiao Hei didn't say anything at this time.

He understood what the brother and the others meant.

After all, if it was him, he wouldn't turn around and leave.

It's not that you are not afraid of death.

Not because of other interests.

Because they are all disciples of thatched cottage.

Master taught them how to seek advantages and avoid disadvantages.

How to avoid cause and effect.

But from beginning to end.

Nor did they teach them to abandon their teachers and brothers in the fire and water!

And at the moment when the opponent is about to make a move.

Sudden!

The clouds are surging!

A powerful force of the body actually smashed the clouds into pieces!

A huge ape demon descended from the sky!

Stand in front of Xiao Hei and others!

Pale white hair covering the whole body.

The constantly rising and falling muscles.

The power released can actually cause huge fluctuations in the surrounding space.

Xiao Hei was slightly taken aback when he saw this scene.

The nine people in the demonic energy also had gloomy faces.

"The ape demons... thought they were dead, but they didn't expect to hide in this wild place..."

The ape demon snorted coldly at this moment.

A puff of white air spewed out from the corners of both lips.

"The devil is not dead, so naturally we can't die either."

The voice is the voice of the head of Xianyuan Village.

But.

This giant ape demon is the power of all the ape demons in Xianyuan Village!

By secret method.

Fusion into the ancient ape demon.

Sacrifice the soul of the ancestor of the ape demon.

Mobilize the blood of the ancient ape demon!

At this time.

The giant ape demon also possesses the strength of the God King Realm!

"But... so what?" The man snorted coldly and said, "You are no longer the ape demons of the past. Today's ape demons still need to be condensed with secret methods to become **** kings."

"How can I be the opponent of the nine **** kings?"

The ancient ape demon did not speak.

Not an opponent?

so what?

In their hearts, as long as they are not dead, then the devil must not die!

If the devil master dies, he will die after them!

At this time.

The corners of Xiao Hei's lips moved slightly.

The ancient ape demon's earlobe moved.

then nodded.

It's half time for a cup of tea.

For the rest of the time, even if you have the blood of the ape demon clan, you have to hold on!

Chapter 839 The mantis is a car!

The ancient ape demon.

A whole body of white hair, with the roots standing on end.

Like a giant troll, with his feet on the ground and his head above the sky!

The strength of the physical body is extremely strong, causing the surrounding space to continuously stir up ripples one after another.

The black and red pupils full of murderous intent stared at the nine people in the black air.

Half a cup of tea.

Just hold on for half a cup of tea.

But.

The other party's nine god-king realm powerhouses.

Can you really stand up to this half a cup of tea?

the answer is negative.

Although I know it is impossible to do it.

But even if you use up your life and the entire Xianyuan Village, you still have to try.

"Even if we forcibly condense the ancient ape demon...I'm afraid there is no chance of winning."

Zi Shan said solemnly.

Now that you know the deeds of Demon King Domain.

Then, of course, they also know something about the ape-monster clan under that amazingly talented demon lord.

"The other party has nine powerhouses in the God King Realm."

Everyone on the side looked solemn.

They all understand this truth.

but.

This is the only plan now.

There is no better way.

And at this very moment.

Not far away, there are countless streamers coming quickly!

in.

Lingxian Gong Lin Zhinan et al.

Su Family Su Muyou and his party.

Sect Master Huo Zhengheng of Tianjian Peak, and three elders who guard the sword.

The suzerain of the Holy Talisman Sect, and the other two Supreme Elders!

and countless sects have come here at this moment.

Whether it was the rush of blood before.

It is still the monstrous devilish energy of today.

And that hugeness caused the entire mid-latitude boundary to shake.

Let these top powerhouses feel the power of being unable to resist the feeling.

It all made them palpitate.

But more of a curiosity.

It can make them, the top powerhouses who have already stood at the peak of the mid-latitudes, still have this feeling when they are so far apart.

They think that it is a inheritance with peerless power.

Perhaps there is a way to break through the shackles of the fairyland, which is why they came in such a hurry.

However, when they saw the scene in front of them, their pupils shrank suddenly.

An ancient ape demon standing between heaven and earth.

Nine figures in the dark devilish energy.

are full of breath that makes them have no resistance.

It seems that just one thought can make them surrender.

One finger is enough to wipe them out!

This is no longer something that people in the fairyland can do...

Above Wonderland...What is it?

Perhaps, the answer is right in front of you.

Su Muyou and Lin Zhinan came to Ye Qiubai and the others.

"What happened? Who are they?"

Lin Zhinan's face was solemn, and his pupils kept trembling as he asked, "I'm afraid he's not from our world?"

Su Muyou looked sideways at Xiao Hei, and said, "Their breath seems to be very similar to Xiao Hei?"

at the same time.

Huo Zhengheng, the suzerain of the Shengfu sect and others also came over.

asked the same question.

Elder Baibear recounted what happened.

Everyone's face is full of solemnity and shock!

What is dignified is Qi Shadao's layout without any flaws.

What shocked me was Xiao Hei's identity...

And these strong men who made their hearts tremble, all came for Xiao Hei.

The suzerain of the Holy Talisman Sect clenched his fists, and said in a concentrated voice: "This level of battle is no longer within my control..."

Huo Zhengheng was also extremely helpless.

"Half a lifetime of cultivation, I thought I could control the things around me, but I never thought that when facing these people, I would still be nothing but ants."

They are the strongest people in this latitude.

Now I can't help at all, I can't get in at all!

This gap made them very uncomfortable.

At the moment.

The dark demonic energy in the sky is constantly surging and changing.

This also indicates that the nine people in the demonic energy have no patience.

I saw the leader punched out with a punch.

The surrounding space was actually shattered inch by inch at the moment when the fist wind swept across!

There are bursts of howling!

As if this world was about to be smashed to pieces by this punch!

The raging demonic energy follows everywhere.

Following the strength of the fist, blast towards the ancient ape demon!

Just talk about this boxing style.

Then the faces of the surrounding powerhouses in the fairyland changed in surprise!

Quickly and fully deploy the defensive barrier!

Use this to resist the aftermath!

Even if it is the aftermath.

must cause them to fully defend.

If this is encountered head-on, I am afraid that it will be wiped out in an instant, and the soul will be scattered.

Is the gap really that big?

Looking at the fist wind in front of him.

The ancient ape demon raised his head and roared!

The roar shook the clouds away!

The sound waves are earth-shattering!

Double fists spread out, crazily hammering the protruding chest.

Immediately, both feet stepped on the ground suddenly.

Clenched hands into fists, from top to bottom, and intercepted this magical fist wind!

The man looked at this scene and said with a sneer: "You are so naive. If it is the ape demon clan at its peak, maybe we still need to be cautious. Now..."

The voice did not fall.

The ape demon's fist, which was like a huge mountain, landed on the wind of the fist!

Boom!

Thunder from the ground!

A series of shock waves, accompanied by a devastating roar, spread towards the surroundings!

Centered on the battle between the two.

The sea surface below unexpectedly swept towards the surroundings at this moment, and a huge pit, like a fault layer, appeared in the endless sea area!

But this shocking scene did not take time to observe it.

All the powerhouses in the Celestial Immortal Realm present at this moment all put out their full strength, and even took out secret treasures.

Continuously resist the shocking aftermath of this terrifying to the extreme!

An ascetic who is under the Heavenly Wonderland and is not guarded by a strong person in the Heavenly Wonderland.

Under the aftermath of the shock, there was no chance to resist.

was directly shattered physical body soul!

God King is angry.

Heaven and earth are destroyed!

The suzerain of the Holy Talisman Sect and the three Supreme Elders took out the heavenly-level defensive talisman without any hesitation!

Huo Zhengheng and the rest of the Heavenly Immortal Sword Immortals all intended to unleash their swords!

Condensed into ten thousand long swords, like a sword screen, resisting first!

But even so.

Still barely incomparable!

And at this time.

A roar of pain resounded through the world!

The body of the ancient ape demon kept retreating at this moment!

On his fists, there are distortions visible to the naked eye.

White bone spurs pierced out from the twisted fingers.

Strands of black magic energy are entangled on it.

one strike.

The ancient ape demon was seriously injured!

Too late to react.

Do not give the slightest chance to buffer.

Beside the leading man, a stout man stepped forward with a smirk.

"It's just a product of the old age, how can it resist us?"

"Even if you use your life to stop it, it's just a mantis arm, or do you want to delay time?"

While talking.

A long halberd appeared in the man's hand, and he charged towards the ancient ape demon!

However, even if it is delaying time.

They don't think in this area either.

Being able to resist their presence...

The only possible way to stop them is the Overseeing Temple.

Also under the delay of the two divine masters, they temporarily turned a blind eye to them.

Chapter 840 Time of life and death! Lu Changsheng arrives

Half a cup of tea.

How long it seems now.

Under the attack of nine people in the demonic energy.

The ancient ape demon was covered in scars all over his body!

Blood dyed white hair.

The original strong breath also became extremely thin at this time.

But.

This is the state that has reached the limit.

Let others look as if the next attack will be knocked down and beheaded.

However, he withstood the attacks of the nine **** kings again and again, without falling or being killed.

Logically speaking, the physical body of the ancient ape demon has reached its limit.

The support of the secret method cannot be maintained under such circumstances!

But.

When everyone observes carefully.

was able to find out.

At the moment when the ancient ape demon was hit hard every time.

There will be a burst of red blood in the eyes!

Violence and determination are revealed in the blood light!

But fleeting!

Watching this scene.

Xiao Hei's face was extremely heavy.

Lin Zhinan rubbed his chin and asked, "Is this **** light the reason why the ancient ape demon can persist for so long?"

Zi Shan explained beside him: "Every ray of blood represents a blood sacrifice from an ape demon."

Bloodline Sacrifice!

When hearing this vocabulary.

Everyone was shocked.

They are very clear about what these four words represent!

Sacrificing one's own blood undoubtedly costs one's life.

This is similar to Burning Soul.

But there are differences in essence.

Burning the soul is continuous burning, and during this time to improve one's strength.

To sacrifice the bloodline means to sacrifice the power of the bloodline in one's body to others at that moment.

Improve the strength of another person at the cost of his own death.

That is to say.

In the pupils of the ancient ape demon, every time the blood light burns, it represents how many people have sacrificed their own blood!

Amidst the demonic energy, the leading man frowned slightly as he watched this scene, and said, "I want to see how many members of your ape demon clan are left..."

Say it.

Waved slightly with the man.

Beside him, the other eight god-king realm powerhouses shot at the same time!

The long halberd flew across the sky!

Fist blows!

The demonic energy surged, shattering the space!

Nine **** kings shot at the same time.

As a result, the entire space in the mid-latitude boundary made an overwhelmed shaking sound!

Space turbulence, space storm.

descended and swept around in the endless sea.

This kind of devastating attack.

Just drop.

I'm afraid no matter how many bloodlines are sacrificed, the secret technique will be broken!

The ancient ape demon raised his head and looked at this devastating scene.

Without any retreat, step forward.

And it is at this moment.

Under the amazed eyes of everyone.

Xiao Hei's figure suddenly floated up!

Wisps of black magic energy were released from Xiao Hei's brows like a swimming dragon.

Immediately.

Demonic energy condensed behind Xiao Hei!

A phantom of a demon god, his eyes are indifferent, and his eyebrows are lowered to look down at the world!

The Demon God is coming!

Look at the world with disdain!

at the same time.

The blood of the demon **** suddenly exploded!

this moment.

Whether it is the ancient ape demon, or the nine rebels in the black demonic energy.

All of them lost their minds for a while.

The devastating attack also disappeared instantly at this moment.

Looking at the phantom of the demon **** in front of him.

The pupils of the nine kings in the demonic energy all contracted.

There was a look of panic on his face.

Under the suppression of the blood of the demon god.

The blood in the bodies of the nine **** kings was also whimpering constantly.

This is absolute suppression in the blood.

Xiao Hei's bloodline level is too high.

This is irreparable in terms of realm.

At the same time, Xiao Hei waved his hand.

A long halberd filled with demon energy was also held in the palm of Xiao Hei's hand.

The moment when the halberd appeared.

The magic around Xiao Hei seems to be more turbulent and powerful!

Like a big mountain, pressing on everyone!

is forcing them to surrender!

Nine Heavens Demon Halberd.

This is the weapon Lu Changsheng gave him.

Weekdays.

Xiao Hei has not used it a few times.

one of the reasons.

At that time, it was not yet time to use the Nine Heavens Demon Halberd.

The second reason.

Without enough magical support, it seems that the power of the Nine Heavens Demon Halberd cannot be exerted!

And now.

Xiao Hei after absorbing soul fragments.

The bloodline and soul of the demon **** are further strengthened.

It is enough to display part of the power of the Nine Heavens Demon Halberd!

Qiu Genyin in the distance looked at this scene with a serious expression on his face.

Whether it's the magic...

Or the power of this bloodline...

Thinking of Xiao Hei's identity.

All this made him feel that he seemed to have provoked an enemy that he could not bear...

Qi Shadao also looked horrified.

He no longer thinks about such **** rewards.

He only hopes that these nine people can completely kill each other!

At this time.

Amidst the demonic energy, the leading man forcibly stabilized his mood, looked at Xiao Hei's indifferent eyes, and glanced at the phantom of the demon **** behind him fearfully.

Then said in a deep voice: "Even so... such a huge gap in realm, how can it be so easily made up?"

"What's the use of you doing this?"

Xiao Hei said indifferently: "If it doesn't work, then why should I do it?"

Finished speaking.

Xiao Hei raised his arm and raised the Nine Heavens Demon Halberd.

at the same time.

The phantom of the demon ***** behind him is also holding a huge halberd and holding it up.

The tip of the halberd points to nine people.

One time.

The monstrous demonic energy immediately surrounded the nine people!

seems to be forming the field in general.

The power of the bloodline and the monstrous magic under the boost of the Nine Heavens Demon Halberd merged with each other and suppressed the bodies of the nine rebels!

The nine of them all paused slightly.

Both the blood and the magic in the body have been suppressed in all directions!

See this scene.

The ancient ape demon will naturally not miss this opportunity.

Accompanied by an earth-shattering roar, he stepped on the sea.

Step on the stormy sea.

Clenching his fists, he smashed towards the heads of the nine people!

But.

This blow seemed to be blocked by something.

No matter how hard you try, you can't get an inch...

There is a transparent barrier between the fists of the ancient ape demon and the nine rebels.

"It must be admitted that the bloodline of the Demon God and the meaning of the Demon God are the supreme existence in our Demon King Domain."

The leading man lowered his eyebrows and said: "If your realm is higher and you reach the realm of a ***** general, there may be nothing you can do about it."

"It's a pity that the current you haven't even stepped into the divine realm..."

With Xiao Hei's current physical strength.

Even after being tempered by the dragon blood pool, it can only be equivalent to the strength of the peak of the fairyland.

At this time, the leading man raised his palm up.

A sharp golden shuttle shining with faint light appeared in the man's palm out of thin air.

I only heard the man say: "Let's end it..."

Say it.

The man flicked his palm slightly.

Golden Shuttle turned into a phantom and pierced towards Xiao Hei's eyebrows!

The ancient ape demon saw this scene and wanted to stop it, but it was too late...

Ye Qiubai and the rest of the thatched cottage also showed horror on their faces!

Others smiled wryly when they saw this scene.

Sure enough, I still have to fall here...

But this is the moment.

There was a burst of piercing sound in the space!

A voice also came from in front of Xiao Hei.

"Although my disciples don't let me worry about it, they don't just kill you if you want to..."
