

My Disciples 881

[Chapter 881: The seven great gods are coming!](#)

Everyone looked in horror at the spatial barrier that separated the shattered void above.

Able to withstand the simultaneous full-force attacks of six half-step God Master Realm powerhouses.

Not even the slightest crack was born.

Just set off a few ripples.

What level is this space barrier?

One can imagine.

Only a god-level defensive barrier can withstand this level of attack.

Obviously.

Fu Yun and others also realized this point.

Immediately took out the sound transmission jade pendant.

To know.

When competing for the heart of space, the seven god-level forces all have a consensus.

Then there will be absolutely no dispatch of God Master Realm powerhouses.

after all.

Once the powerhouses in the Divine Master Realm intervene, the nature will change.

If the competition is likened to war.

Then the strong in the Divine Master Realm are the strategic weapons in the war.

Once shot, it will have a huge impact on the surrounding area.

Not to mention the destruction of the realm, even with the protection of other strong men, those ascetics with a slightly lower level cannot survive the aftermath of the battle of the strong men in the God Master Realm.

so.

Under normal circumstances, it is an unwritten rule for the strong in the Divine Master Realm not to take action.

So far, it has been tens of thousands of years that no one from the God Master Realm has made a move.

certainly.

If there is a God Master Realm powerhouse who breaks this rule first, then other God Master Realm powerhouses will also enter the arena one after another.

Those first-class forces saw this scene.

His face also changed in surprise.

"Quick! Under the God Emperor Realm, leave the Ancestral Emperor Realm immediately!"

"Evacuate this place as quickly as possible!"

One time.

Countless ascetics began to gallop towards Zudi's domain in a panic!

Yaochi Immortal Palace, the elder also hurriedly said to Ji Qian Yao: "Saint, you should leave first."

Ji Qian Yao shook her head and said, "It doesn't matter, I want to see how the battles between the Divine Master Realms are fought."

"But..."

"I am now able to resist."

the other side.

Jin Wuwu also made such a choice.

Nothing more.

Ji Qian Yao's real purpose is to worry about Lu Changsheng.

Jin Wuwu really wanted to see the battle in the Divine Master Realm.

After all, this level of battle, let alone whether you can understand it.

Just the side experience can greatly improve one's path of cultivation.

However, the premise is to be able to resist the aftermath that is enough to destroy a boundary.

Ding Wei also had a solemn face when he saw this scene.

also took out the sound transmission jade pendant.

the other side.

Lu Changsheng has already started to travel through the space storm.

Liu Zirui and Huang Qian were on the other side of the barrier to help Lu Changsheng keep an eye on him.

Saw this scene.

Liu Zirui frowned slightly, and her heart tightened involuntarily, "The seven masters of the God Master Realm...can you stand it?"

Huangqian said without thinking: "If it's just me, it will be a bit difficult, but with this barrier, there is no pressure, or... I don't need to take action at all."

Heard the words.

Liu Ziru was also slightly relieved.

Think again.

yes.

With Senior Lu's unfathomable strength and extremely cautious character.

This space barrier is naturally not simple.

Even if it is a strong God Master Realm, it is bound to be unable to break through this barrier.

Boom...boom!

Under everyone's horrified eyes.

With strands of mysterious and majestic aura slowly filling this space.

This breath.

It's like rumored in ancient times.

is the purest power of rules in this world!

Doesn't seem to be the slightest threat.

But it has a mysterious power that people can't resist.

At this time.

On the side of Hunyuan Sword Sect, Fu Yun took the lead in kneeling on one knee, buried his proud head, and respectfully said to the space in front of him: "Welcome to the Lord God!"

Rear.

The disciples of the Hunyuan Sword Sect also knelt down and shouted: "Welcome to the Lord God!"

The disciples of the Yin-Yang Sect, the Sky Temple, the Eight Desolation Sect, the Chunyang Tianhuo Valley, the Futian Sect, and the Haotian Sect also knelt down one after another!

At the same time, he shouted loudly: "Welcome to God Lord!"

The tone is respectful and pious.

Following everyone's voice fell.

In this violently shaking space.

The earth covered with yellow sand also began to tremble constantly!

The entire Ancestral Emperor Domain seems to be about to collapse!

Seven figures, like a **** descending.

fell into the Ancestral Emperor Domain!

Every figure, the surrounding aura, and the power of rules seem to have turned into substance.

For example, the Hunyuan sword master, the kendo has condensed into a long sword of nothingness around him!

Yin and Yang gods, one yin and one yang, the air on the left condenses, and the space on the right melts!

every moment.

Every breath.

All seem to drive Zudiyu's every move.

Even those ascetics who quit the Ancestral Emperor's Domain can feel a huge sense of oppression!

Not to mention those ascetics who are in the domain of the ancestors?

God Emperor Realm powerhouses are a little bit better, at least they can resist this aura that changes the pattern of the realm with all their strength!

Gold is endless, relying on its own blood of the Golden Winged Roc and its strong physical body, it can barely do it.

Unexpectedly, it was Ji Qian Yao.

With her previous strength, Ji Qian Yao might not be able to resist this aura!

But.

Now Ji Qian Yao is surrounded by a purple aura.

This breath was under the simultaneous oppression of seven divine masters.

There was no trembling at all, and it was still flowing very smoothly and guarding Ji Qian Yao's surroundings.

Hongmeng Ziqi!

After activating the blood art, Ji Qian Yao has been able to initially grasp this small ray of primordial purple energy.

Although it has not been fully absorbed...

At this time.

Hunyuan Sword Master glanced at the space barrier lightly, and said: "Oh? It really is the handwriting of the God Lord."

The Lord of Yin-Yang looks like a petite woman, but she is extremely old when she speaks, and said: "I don't know who is a hidden master, don't you know the rules of this latitude?"

The Lord of the Vault of Heaven also said loudly: "Competing for opportunities with the juniors? If you feel like doing it, why don't you show up?"

Only God Lord Haotian understands that this is definitely his masterpiece.

But in this case.

God Lord Haotian is not easy to speak out and help directly.

Otherwise, with the brains of these old monsters, they must be able to guess something from it.

For example, who secretly helped him break through to the peak of the God Master Realm?

The Heavenly Fire Lord of Chunyang Tianhuo Valley has the most violent temper.

A head of red hair fluttering in all directions, with endless flames burning all over her body!

I just heard him yell angrily: "Huh, if that's the case, then smash this turtle shell!"

God Master Futian nodded lightly: "Let's do it together..."

At this moment, the six great gods are simultaneously operating the power of rules.

The space of Zudiyu began to collapse continuously!

I am afraid.

Under the simultaneous attack of the six great gods.

This Ancestral Emperor Territory will also be directly destroyed.

Holy Lord Haotian had anxious eyes. In desperation, he had no choice but to think to himself, no matter what, he must stop this blow with all his strength!

But at this moment.

The space of the entire Ancestral Emperor Domain suddenly stabilized.

A moderate voice spread throughout the Ancestral Emperor Domain!

Chapter 882 Mysterious old man

God Master Realm is powerful, and the degree of destruction it brings is unpredictable.

One side of the realm, under the full force of the shot, I am afraid there is no possibility of surviving.

And now.

The six divine masters shot at the same time.

Now that it has long been dilapidated, how can the barren Zudiyu withstand such a devastating blow?

Above.

Huangqian also stretched out her hand, and in the palm of her hand, a ball of Divine Phoenix fire was floating with the wind, and then rose against the wind!

A phantom of the Divine Phoenix spread its wings behind Huang Qian!

The hands-on actions of six experts from the God Master Realm.

Obviously, Huang Qian felt a sense of oppression.

"A small barrier, even if it is at the level of a **** master, how can we resist it under the joint attack of our six **** masters?"

The Lord of Yin-Yang let out a sneer.

The laughter was full of disdain!

But.

Just as the attacks of the six began to gather together.

The entire Ancestral Emperor Territory trembled unbearably, on the verge of extinction.

A voice spread throughout the entire Ancestral Emperor Domain!

"The Ancestor Emperor's Domain, as the center of the mortal world, has fallen, but future generations of glory should remember it in their hearts."

"Wait, do you want to bury this glory with your own hands?"

The old man's voice sounded ordinary, even twilight.

But.

It is in the ordinary voice, but it reveals the simplicity of the road!

this moment.

The power of heaven and earth rules released by the six divine masters at the same time suddenly dissipated!

As if the voice of the old man is a giant mountain capable of suppressing everything!

This scene.

Let everyone fall into horror!

Even the faces of the six **** masters became solemn at the same time!

"Dare to ask who is the senior?"

Hunyuan Sword Master clasped his fists with his sword in both hands, and asked tentatively towards the void.

With a single sentence, someone who can suppress their condensed attacks.

Its strength is unimaginable...

Huangqian and Liu Zirui were also taken aback.

At this time.

The voice sounded again.

"You don't have to know who this old man is."

"Time has passed, it seems that you have forgotten the glory of the mortal world and the glory of the Zudi domain."

The glory of the mortal world, the glory of the Zudi domain...

Several **** masters looked at each other with solemn expressions.

The former high, middle and low latitudes are collectively referred to as the mortal world, they know it.

It was also recorded in ancient books.

At that time, the cultivating civilization of the mortal world and its prosperity!

The power of the God Lord, who can dominate one side now, could not be called the peak at that time.

In ancient books, it is only recorded in general.

After preventing a catastrophe, the mortal world went into decline.

The voice of the old man continued to come out.

"That's all..."

The four words seem to be full of embarrassment and disappointment.

It's more about remembering...

"If you don't remember it, you can't remember it. However, if you juniors dare to do something in the Ancestral Emperor's Domain and cause the Ancestral Emperor's Domain to be completely destroyed, then there is no need for you to continue living in this world."

The people below.

Hearing these words, everyone was shocked!

In the entire high-latitude realm, who dares to speak to the God Lord like this?
not to mention.

Still in the presence of all the seven great gods.

At this moment.

God Master Tianhuo shouted violently: "Hmph, I don't see him, he hides in the dark, and his tone is arrogant! How are you going to kill us all?"

Hunyuan Sword Master frowned slightly, trying to stop God Lord Tianhuo, but stopped again.

After all, he also wanted to see if the other party was bluffing.

Although the old man just said a word before, let the attack of the six gods be forcibly interrupted.

But.

What if some method is used?

And it can also be heard from the words of the old man.

The other party must be a person from ancient times.

The characters at that time, who else is alive?

Whether it is a human or a ghost, we have to say something else!

"The current juniors are really disappointing."

The words just fell.

Above the head of God Lord Tianhuo, a huge mountain appeared out of thin air!

Mountains are like substance.

However, once I perceive the past, I am deeply shocked!

This mountain was actually formed by the power of the Dao!

Incomparably rich power of the avenue.

It seems to be the origin of this world.

Heading towards Tianhuo God Lord to suppress it!

Sky Fire God Lord naturally felt it.

Besides being frightened, I had no choice but to resist!

I saw both fists blasting towards the top of the head suddenly.

The way of fire was used to the extreme by the **** of fire in a moment!

The entire space of Zudiyu seemed to be melted in this sea of flames!

Boom boom boom!

The sea of flames created by the pair of fists covered the entire original giant mountain!

But.

The speed at which the giant mountain was suppressed did not attenuate in any way!

Surrounded by a sea of flames, he still slammed down fiercely towards Lord Tianhuo!

Not affected in the slightest!

The expression of Lord Tianhuo changed, and he was about to say something.

The giant mountain is already oppressing his fists!

Only for a moment.

In the midst of a roar that resounded through heaven and earth.

Sky Vulcan God Lord was instantly suppressed to the ground!

Both fists struggled to support.

His face was extremely pale!

Under everyone's horrified eyes.

The Lord of Heavenly Fire roared loudly: "Senior, Chunyang Skyfire Valley promises not to step into the Ancestral Emperor's Domain again!"

The moment the voice fell.

The giant mountain disappeared.

The voice of the old man came out again: "If it was the past, you would not have any possibility of surviving."

"Today's mortal world can no longer tolerate any lack of combat power."

"So, save your life."

God Master Tianhuo was panting heavily, his face was pale and ugly, and now he could only say like a bereaved dog: "Thank you, senior."

Afterwards, the people who brought Chunyang Tianhuogu left in embarrassment.

The old man's voice sounded: "What about you?"

The Lord Yin-Yang glanced at the heart of space, and said unwillingly: "Then he is also a strong God Lord, why is he able to make a move?"

The old man said lightly: "He didn't hurt Zudiyu, and the old man won't care about it."

The Lord Yin Yang tentatively asked again: "So, as long as you are not in the Zudi domain?"

"The old man won't care about the affairs outside the ancestor's territory."

Hear here.

The gods were relieved.

Fortunately, they are not their helpers.

"In this case, then senior, we will also take our leave."

At this point, the other six great gods also left this place one after another.

It's just that after leaving the Ancestral Emperor's Domain.

But they didn't go far, but set up an impenetrable line of defense outside the Zudi domain!

Waiting for Lu Changsheng and others to come out!

...

A dark place in the Zudi domain.

An illusory figure looked at Lu Changsheng in the direction of the heart of space, nodded and said:
"It seems...the cultivating civilization of the mortal world can still be saved..."

And this scene was naturally seen by Lu Changsheng.

He took a long breath in his heart.

I'll just say it.

In the dark, there must be someone stronger than those so-called divine masters!

However, originally they shot here, and they could slip away without anyone noticing after they took the Heart of Space.

Now the Zudiyu is surrounded.

Many methods have to be scrapped...

This old man is really a scam...

Chapter 883 Two days soon?

Maybe in the eyes of others.

The Heart of Space hides in this void space, behind the endless space storm.

It will be a little troublesome to seize it.

But for Lu Changsheng.

Based on Lu Changsheng's mastery of space.

After finding out the direction of the space storm.

can easily approach the heart of space.

At the moment.

The heart of space that seems extremely distant and small to others.

But it was so huge in front of Lu Changsheng's eyes.

It's like a hill.

But this hill-sized heart of space is filled with extremely rich and condensed to the extreme pure space power!

A heart of space formed by the power of space condensed to the extreme has such a size.

One can imagine.

Why are all major forces, even god-level forces, vying for the Heart of Space?

This is a huge improvement for any sect!

I saw Lu Changsheng sticking out his hand.

However, at the moment of probing.

In an instant, the Heart of Space seemed to sense danger.

A series of blade-like powers of space shot out from the center of space!

Like a heavy rain, it pierced towards Lu Changsheng!

Seeing this, Lu Changsheng stretched out his palm and grabbed it forward.

It seems to be grasping the entity.

The entire space was grasped by Lu Changsheng in the palm of his hand.

Those spatial sharp blades, as expected, shattered directly!

See this scene.

On the left side of the heart of space, a crack appeared.

And the heart of space, at the moment when it wanted to escape into the crack.

Lu Changsheng's figure had already appeared in front of the crack, and he just raised his hand slightly.

A force of space was shot out, and the crack was instantly repaired!
at the same time.

Lu Changsheng's hand, like Wuzhishan, was placed on the heart of space.

"Still want to escape?"

As soon as the voice fell.

The huge suppressive power enveloped the heart of space heavily.

No matter how hard the heart of space struggles, it cannot escape from this encircling net.

Afterwards, Lu Changsheng raised his finger slightly.

The huge body of the Heart of Space began to shrink visibly with the naked eye under Lu Changsheng's forcible compression.

In the mouth, it turned into a small ball, spinning in the palm of Lu Changsheng's hand.

Subsequently, it was collected into the ring.

Go to this step.

The Heart of Space is finally available.

Afterwards, he also joined Huangqianliu Ziru.

"Get it?"

Lu Changsheng nodded, then sighed, and said, "This time, I'm still not fully prepared. I didn't take into account the resistance of the Heart of Space. I wasted so much time and attracted so many people."

Huangqian: "..."

Liu Ziru: "..."

have to.

I'm afraid I can't change this temper in this life.

"However, those **** masters are waiting for you, senior, outside the Ancestral Emperor's Domain."

Liu Ziru said with a slightly dignified expression: "I'm afraid, the surrounding area of Zudiyu has already been besieged."

The six god-level forces teamed up with one side of the latitude, and it can still be easily blocked.

Huangqian also glanced at Lu Changsheng, and asked lightly: "What should I do? Why don't you just type it out?"

Liu Ziru on the side heard this sentence.

Involuntarily wiped the sweat from his forehead.

Type out...

I'm afraid this aunt is the only one who dares to say such things in the high-latitude boundary.

"Shoot out?" Lu Changsheng glared, and said, "Shoot for what? How can I prevent such common plots as killing people and stealing goods?"

"In the past two days, I prepared more than just those talisman pills for you in Mortal Village."

Then.

Lu Changsheng took out a scroll.

Under the suspicious eyes of Liu Ziru and Huang Qian, slowly spread it out.

Then.

A series of spatial powers surged out crazily!

Liu Ziru's eyes slowly widened, filled with disbelief.

before his eyes.

These powers of space slowly condense into a huge space teleportation array!

Lu Changsheng pointed to this space teleportation array, and said casually: "Okay, although you can't teleport to other places at will, you can still reach Mortal Village."

Liu Ziru stared blankly at the huge space teleportation array in front of him, and said in a daze, "You mean...during those two days, you not only helped us make so many pills, talismans, but also the portable array. method, and also made a directional teleportation array?"

Think about the mountain-like pills in the kit, stacks of talismans, and scrolls of formations.

Think again about the long distance between Mortal Village and Zudiyu.

In two days, all this was done.

Lu Changsheng asked innocently: "Is two days fast?"

Two days...

Is it fast? ? ?

Liu Ziru completely stopped in Bengbu.

Huang Qian couldn't help but smile helplessly.

For an evildoer like Lu Changsheng, it's really not too fast.

But for Liu Ziru or other ascetics.

This is simply impossible.

"Okay, what are you making such a fuss about?" Lu Changsheng curled his lips, pointed to the space teleportation array, and said, "Go in quickly, leave this place early, there are other things to do then."

Other things?

Huangqian said: "Is it time to take them to the fairy world?"

Lu Changsheng made a tired and hopeless expression, nodded and said: "It's time to reach the fairyland, they are really evil... Ever since taking in these stinky boys, there has been no peace."

Liu Ziru pursed her lips and said, "You're a good boy when you get a cheap price..."

Lu Changsheng immediately shot over with killing intent in his eyes, "I have figured out some new moves, let's practice them then."

Liu Ziru's face turned pale in an instant, and she slapped her mouth with a slap.

Make your mouth cheap!

Make your mouth cheap!

...

At the moment.

Beyond the domain of the ancestors.

Countless ascetics have besieged this place!

And the seven **** masters are sitting here in person!

How many years has it been since this happened?

The seven great gods besieged one person at the same time...

At this time.

Hunyuan Sword Master suddenly opened his eyes.

His eyes pierced through the Zudi domain like a sword, and said: "The breath of the heart of space has disappeared."

The Yin-Yang God Lord on the side supported his petite body, but made a cold voice that was extremely inconsistent with it, "Then it should come out soon."

"However, how do we divide the heart of space?"

"Get it first and then talk about it."

But.

Waited for seven full days.

Lord Tianhuo frowned and said, "Why haven't you come out yet? Could it be that you are afraid?"

The Lord of the Vault of Heaven shook his head and said, "I shouldn't have stayed in the Ancestral Emperor's Domain for so long. You must know that there is no spiritual energy or the power of the rules of heaven and earth."

"Could it be possible..."

Sudden.

Except for Divine Master Haotian, the expressions of the other divine masters all changed!

Immediately ordered people to enter the Zudi domain.

Not long after.

The message is out.

In the Ancestral Emperor's Domain, it was empty and there was no one.

When the six gods heard the news, their faces were gloomy.

The rest of the ascetics looked horrified.

There is actually someone in the presence of the seven great gods.

Escape without anyone noticing?

Chapter 884: Want an explanation? Then let's fight! (1/3)

The seven great god-level forces, and the god-lords all ended in person, still failed to win the heart of space, and even the siege failed.

Even.

They didn't even see the face and true strength of the person who won the heart of space.

Once this news spreads, I am afraid that the face of the Seven Great God Master-level forces will be lost.

Nothing more.

The faction and sphere of influence of the god-level forces are so huge, how can these things that lose their face happen?

Immediately.

The first thing the six great divine masters did when they returned was not to find the whereabouts of Lu Changsheng and the three of them, as well as their affiliation and identity.

Instead, the news blocking started directly.

Those first-class forces who went to the Ancestral Emperor's Domain to get a share of the pie also collectively remained silent.

Even if it is Yaochi Xiangong.

Also under the oppression of those god-level forces, they did not disclose this matter.
certainly.

This is because Ji Qian Yao knows that Lu Changsheng is a person who doesn't like publicity and is extremely cautious.

That's why I discussed with Ji Liuzhi and the others, don't release this shocking news.
certainly.

The elders were also oppressed by the six god-level forces and dared not confront them head-on.

Nothing more.

The news was only suppressed for a day.

On the second day.

This news, like a plague, quickly spread throughout the entire high-latitude boundary!

The speed of the spread is unbelievable!

At the same time, it is unbelievable that there are six great god-lord forces.

They were outraged by the spread of the news!

When they joined forces to suppress the news, they found that no matter what, they couldn't stop the speed of the news from spreading.

A barren and uninhabited dilapidated realm.

The projections of the seven great gods reappeared here.

The Lord of Yin-Yang took the lead in shouting gloomily: "Who is it that released the news! Is this a blatant confrontation with our seven God Lord-level forces?"

The God Lord of Skyfire was even more furious. Although it was only a projection, the heat wave was still raging in the entire barren realm, and the city was burning with fire!

"After you find it, you must destroy it!"

Although God Lord Futian is the most calm God Lord, his face is as sinking as water now.

"Under our joint suppression, we are still not afraid to spread the news, and while we hinder the continued spread of the news, it has no effect at all."

"This shows that the other party is not afraid of us, and has the same background as us."

"This is only possible if they are both god-level forces."

When it comes to this.

All the **** masters looked at the other **** masters with gloomy eyes.

At this time.

Hunyuan Sword Master crossed his arms, glanced at Divine Master Haotian, and said, "Master Haotian, is this the work of your Divine Sect of Haotian?"

When Hunyuan Sword Master said these words.

Except for God Lord Haotian himself, the other **** masters all stared at God Lord Haotian suddenly.

See it.

God Lord Haotian smiled softly, but did not hide it.

Because he knew that if these people were determined to find out the truth, they would definitely not be able to hide it.

So he simply admitted and nodded openly: "That's right, it was my order."

The Lord of the Vault of Heaven shouted loudly: "Why did you do this? Could it be, isn't this slapping your Haotian Shenzong in the face?"

Hear what the other person is saying.

God Lord Haotian looked at God Lord Sky with deep eyes, and asked, "Oh? As your strength has increased, you have to hide the truth for the sake of face? Could it be that this is not the driving force to make yourself and your sect stronger?"

Hunyuan Sword Master has a sword-like gaze, as if he can see through Haotian Divine Lord at a glance.

"I'm afraid this is not what you really think?"

"Or, the person who won the heart of space is the person behind the scenes who made your breakthrough?"

God Lord Haotian frowned slightly, but returned to his original state in a moment.

But it was still noticed by the sword-sharp Hunyuan Sword Master.

"Hehe, it seems that we didn't lose wrongly." Hunyuan Sword Master shook his head and laughed, his eyes full of irony.

Then he said: "It is possible for a strong man in the late stage of the Divine Master Realm to break through to the peak of the Divine Master Realm, and the opponent's strength may not be low. Haotian Divine Master, can you tell me what state the opponent is in?"

What realm?

Holy Lord Haotian raised his eyes.

"I don't know either."

God Lord Tianhuo and God Lord Bahuang roared at the same time: "How could you not know?!"

If it is the general case.

When the other party asked such a question, God Lord Haotian couldn't help but fight.

But now he really has no temper.

Because he really doesn't know!

I really can't see through the depth of Senior Lu!

Then what the **** can I do!

For the first time, God Lord Haotian felt a sense of being wronged but powerless...

God Master Futian also didn't believe it, but he said: "If you don't want to say it, then don't say it. Now is not the time to ask about this, but you, Haotian Shenzong, want to wait for an explanation for me."

But I don't want to.

God Master Haotian spread his hands, looking rather rogue, said: "Explanation? What explanation do you want? If you are unhappy, you can go to war directly."

As soon as the words came out.

The surrounding space seemed to freeze.

The air, the breeze, the floating clouds, all stopped...

The six great divine masters frowned and their pupils condensed slightly after hearing the words of Divine Master Haotian.

Go to war?

Although they knew that God Lord Haotian had the strongest personality present, and was called a lunatic by everyone.

But I didn't expect the other party to be so crazy!

The six great divine masters are going to war against Haotian Shenzong at the same time, and most of the entire high-latitude realm will be destroyed.

Holy Lord Haotian saw the solemnity of the six people, and couldn't help sneering in a low voice: "Oh, I gave the explanation, but you dare not go to war. You really are going back as you practice."

Hunyuan Sword Master frowned slightly and said: "Are you so confident? If your backhand is the person behind the scenes, can he really resist our joint attack?"

One can imagine.

They now believe that God Lord Haotian said so easily to go to war, the source of confidence is the people behind the scenes who help him improve his strength!

otherwise.

Their six great divine masters attack at the same time, and Haotian Shenzong will definitely be destroyed!

Holy Lord Haotian chuckled lightly and said, "Stop doing this, you want to get me to talk?"

"Even without the help of seniors, I can still bite off a piece of meat from your six great **** masters, believe it or not?"

If someone else.

Perhaps the six gods all sneered.

It can be said that the person who said this was the God Lord Haotian, and he was the God Lord Haotian who had broken through to the peak of the God Master Realm.

Its strength, in the Divine Master Realm, can be said to have reached a peak.

"Okay, it's really hard to talk to you." God Lord Haotian laughed sarcastically, "It's still the same sentence, I will continue to spread the news. Whether it is to block the spread of information or directly start a war, I will continue!"

Say it.

The projection of God Lord Haotian disappeared in this barren realm...

Chapter 885 Absorbing the Heart of Space (23)

Palace of the Dead Souls.

The soul master sat at the head with a gloomy face, and asked: "Is it true that the other party's position cannot be found?"

An elder said helplessly: "Soul Master, there is really no clue, unless you can enter the Zudi Domain and conduct a thorough search in the Zudi Domain."

"Otherwise, we won't be able to find even those who the God Lord forces can't find!"

Hearing this, the soul master said solemnly: "You can't enter the Ancestral Emperor's Realm. There is an existence there that even a strong person in the Divine Master Realm can't provoke."

The elder was shocked.

Can't even provoke the God Master Realm?

Then the other party, could it be that he is in the legendary realm?

"Then I can only give up..."

...

After the spread of Haotian Shenzong.

The news has been completely unstoppable, and it has spread throughout the high-latitude boundary!

The major forces and countless ascetics were shocked by it!

Shocked, but also accompanied by speculation.

"Being able to take away the Heart of Space from the seven great god-level powers, even the powerhouses in the god-lord realm, and even make them helpless, what kind of realm has this reached..."

"I don't know what kind of state it is, but after this incident, the seven god-level forces that are considered invincible may not be able to wipe off their face, and their prestige will also be greatly affected."

"For a long time, God Lord has been ranked at the peak of the high-latitude realm, no one can shake it, no one can provoke it, but the higher you stand, the harder you fall..."

"Hahaha, it's really satisfying. Those Shenzong disciples are usually arrogant, their eyes are higher than the sky, and they don't pay attention to anyone from other forces. Now, I'm afraid they will bow their heads and behave like men?"

"Hush! Be careful! Although the reputation of the god-level forces is damaged, it is not something we can provoke!"

"What are you afraid of, the other party must be busy dealing with this matter, so why bother with us?"

After hearing these words, some disciples of the god-level forces around heard these words.
are all gloomy.

However, there is nothing to do about it.

After all, the entire high-latitude boundary is now being discussed in this way.

Even if you kill one or two, what's the use?

How can you stop the long talk?

Once this incident causes murder, it may also cause a rebound.

The damage to the reputation of the god-level forces is even more serious.

If the news is not widely spread, if there are such remarks, they will be killed.

But.

Now the ascetics in the entire high-latitude boundary know it!

...

But the person who has attracted the most attention has already returned to the Mortal Village.

At the moment.

Mr.'s courtyard.

Lu Changsheng, Huang Qian, Liu Ziru, Mr. and Xiao Shitou are all here.

at the same time.

Around the courtyard, even the entire Mortal Village.

Lu Changsheng put up a double barrier.

This is to prevent the heart of space from being absorbed at that time, causing the breath to be too large to be noticed by other forces.

After Lu Changsheng took out the Heart of Space.

Mr. nodded slightly and said: "As expected, it is the heart of space formed by absorbing the essence of countless spaces. The power of space in it is really immeasurable."

"However, such a huge power of space cannot be absorbed by a small stone in one go."

Although Xiao Shitou's physique is extremely against the sky in terms of space, there is no one more suitable for practicing the way of space than him.

but.

In today's realm, it is still intentional but insufficient to accommodate so much space power.

Lu Changsheng nodded, "I've already figured out a solution for this."

When he first wanted to win the Heart of Space, Lu Changsheng had already thought of more than ten ways.

Let the small stone not have too much risk when absorbing the heart of space.

At this moment.

Little Shitou scratched his head and said, "Master, will I become very strong after absorbing this?"

Without waiting for Lu Changsheng to answer, Liu Ziruo rolled his eyes and said, "This is a fetish that even the gods and lords steal, and it will definitely become very strong!"

was answered.

Little Shitou's eyes lit up immediately!

"Then what are you waiting for?!" Xiaoshi hurriedly said: "Master, Master, let me absorb it!"

Looking at Xiao Shitou's eyes, Lu Changsheng felt an inexplicable sense of familiarity in his heart.

It feels like in the previous life, an old color critic saw several study materials...

"You kid, you'd better take it easy, don't do that kind of thing after you become stronger, or you will have to kill your relatives righteously as a teacher!"

Little Shitou looked at Master's fierce eyes, shook his body, then quickly ran behind Huangqian, buried his head in his dress, and said aggrievedly: "Sister Huangqian, look at Master!"

Just after saying this.

Lu Changsheng clearly heard a faint inhalation sound.

I couldn't help being short of breath again!

Huangqian was also protecting the little stone, and said: "He is still young, why are you so fierce?"

Lu Changsheng couldn't help rolling his eyes, and looked at the gentleman beside him.

seems to be asking.

Is this the student you teach?

It seemed that he understood the question in Lu Changsheng's eyes.

Mr. eyes and nose, nose and heart.

Ignore it.

Knowing that you are wrong.

I also feel a little puzzled...

How did this kid become so greasy after going out?

"Okay." Lu Changsheng took a deep breath, suppressed the unhappiness in his heart and the feeling of wanting to do something to Liu Zirui, and then said: "Sit down."

Little Stone heard the words.

Only then nodded, Xing hurriedly sat down cross-legged, and circulated the power of space in his body.

The moment when the power of space is used.

Around the small stone, the space began to fluctuate!

See this scene.

Mr. also couldn't help but nodded: "The Eucharist of the Void really lives up to its reputation..."

The affinity for space is simply too outrageous.

Just operating the power of space in the body can cause changes in the surrounding space.

Sudden!

The heart of space in Lu Changsheng's hand rushed directly towards the small stone!

directly rushed into Xiaoshi's dantian!

Seeing this, Mr. Huang Qian and Liu Zirui were slightly taken aback.

And Lu Changsheng stepped forward even more, and immediately put his hand on the small stone's celestial spirit cover, sensing the movement in his body, so as not to be hurt by the heart of space!

But.

Unexpectedly.

After entering the dantian of the little stone, the heart of space did not riot.

On the contrary, it is extremely gentle.

Instead of exploding the power of space with all its strength, the purest power of space was continuously integrated into its limbs and bones, bit by bit, to the extent that small stones can now accept.

Help him improve his strength and physique!

Mr. also saw the clues at this time, and said: "It should be the cause of the Holy Body of the Void, causing even the Heart of Space, which possesses the purest space power, to be attracted by its physique."

this moment.

With the assistance of the Heart of Space.

The realm of the little stone has also begun to climb continuously!

It only takes a short time for a stick of incense.

It made the little stone reach the realm of the earth fairy!

Chapter 886 Get ready, go to the fairyland (33)

The heart of space is after entering the dantian of the small stone.

In an extremely fast and affordable way, the power of space continuously nourishes the limbs and bones of Xiaoshi, improving his strength.

This also makes the realm of the little stone continue to rise all the way.

At an incredible speed, in just one day.

Breakthrough from the blood-changing state to the peak of the fairyland.

After reaching this step.

The breakthrough speed slowed down.

until the half-step heavenly fairyland.

This stopped.

It's just that, as long as he is practicing, the space heart in Xiaoshi's body will slowly integrate the power of space into his dantian, helping him to break through faster and more efficiently.

Liu Ziru couldn't help but enviously said: "The Heart of Space is really a fetish. It has reached this point, and already has its own wisdom. There is no need for you, Senior Lu, to absorb the Heart of Space for it. The state helps Xiaoshi improve his strength."

Huang Qian also nodded and said: "It seems that someone's preparation was in vain."

Lu Changsheng spread his hands indifferently and said: "Preparation is to prevent accidents, and if an accident happens, if there is no preparation, wouldn't that be bad?"

Speaking of which.

Lu Changsheng looked at Xiao Shitou again, and said with a smile: "This little guy is blessed by nature, and his realm has surpassed his senior brothers and sisters."

"When the time comes, Ye Qiubai and the others don't know what they will think when they see Xiaoshi's strength." Huangqian covered her mouth and chuckled.

At this moment.

Mr. also came over and said: "Since ancient times, the Heart of Space has appeared no more than three times. Every time it appears, it is accompanied by the birth of a chosen child."

"It seems that the empty holy body of the little stone is the opportunity for the appearance of the heart of space this time."

Then he looked at Lu Changsheng and said, "Being able to make the little stone play the role of a space holy body, handing him over to you at that time is not considered burying him."

Hearing this, Lu Changsheng was proud of himself, but on the surface he waved his hands seriously and said, "Hmph, if this kid can keep his head down, I won't have such a headache!"

Hear here.

Both Liu Zirui and Huang Qian couldn't help laughing secretly.

Obviously very happy, but still pretending to be a strict teacher...

"What are your plans for the next step?" The gentleman asked casually.

Hearing this, Lu Changsheng immediately shrugged and said: "I still want to take them to the fairy world...the donkeys of the production team are nothing more than that?"

Fairyland?

Mr. was not surprised after hearing this, but directly guessed Lu Changsheng's intention.

"Do you want to completely transform the spiritual energy in your body into fairy energy?"

Lu Changsheng took a meaningful look at Mister.

he knows.

In the mortal world, few people know the existence of the fairy world.

I am afraid that only the God Lord can touch this level.

Mr. Ke not only knows.

On the contrary, he calmly guessed his intention.

It can be seen that the gentleman in front of him has an extraordinary identity.

"You don't have to guess my identity."

Mr. just felt Lu Changsheng's gaze, and said calmly: "My identity, when the time comes, I will naturally know."

"You just need to know that as long as there is no harm to Mortal Village, I will not be your enemy."

"The mortal village will not be your enemy."

Lu Changsheng spread his hands when he heard the words: "As long as you don't feel hostile to me, I have nothing to do to hurt you?"

Mr. smiled: "That's the best."

"Okay, now that things are done, let's leave earlier."

After speaking, Mr. sat down to drink tea.

Seeing this, Lu Changsheng nodded slightly, and said, "Forget that I owe you a favor."

Mr. smiled and did not speak.

After saying goodbye.

Lu Changsheng took Xiaoshi, Huangqian and Liu Zirui to the mid-latitude boundary.

...

the other side.

In the mid-latitude boundaries.

The disciples of thatched cottage have improved their strength again during this period of time.

The rebuilt Tianjian Peak.

At this moment, two immortal sword intents are constantly surging in Tianjian Peak!

Lai Qingyun and Zeng Jiyuan are practicing swords with Ye Qiubai in the back mountain.

But.

Two Sword Immortals from Heavenly Immortal Realm, in the confrontation with Ye Qiubai, did not get the slightest advantage, but Ye Qiubai took some advantages!

nature.

The three of them did not use aura.

Instead, they are simply sparring with sword intent.

But even so, the two sword cultivators are among the best in the entire mid-latitude realm.

In Ye Qiubai's hands, he couldn't get anything cheap.

If someone else sees this, I'm afraid they will be horrified...

At this time.

The sword intent disappeared, and the three of them stopped exchanging ideas.

Zeng Jiyuan and Lai Qingyun looked at each other, and suddenly smiled wryly.

"Young people are awesome..." Zeng Jiyuan said helplessly.

"How could I have imagined that a junior in the late stage of the fairyland would defeat the two of us in terms of sword intent." Lai Qingyun said.

That's right.

After sparring day and night with Zeng Jiyuan, Lai Qingyun, and Huo Zhengheng, the number one swordsman in the mid-latitude realm, Ye Qiubai has already broken through to the late stage of the Earth Immortal Realm.

At the same time, the sword intent has also made considerable progress.

However, in this mid-latitude boundary, who can have this kind of treatment?

Three top sword immortals as sparring partners?

Ye Qiubai cupped his fists and said modestly: "The two seniors are serious. If it weren't for the teaching of the two seniors, how could Ye have reached this step."

"Don't be humble, kid. Even without us, with your enviable talent, it will be a matter of time."

Huo Zhengheng also rushed over after dealing with the sect's affairs, pointing at Ye Qiubai and scolding with a smile: "I'm afraid that in a while, we three old fellows will really be surpassed by you."

Then.

Huo Zhengheng said again: "Okay, let's get down to business. Now the development speed of the Yunhuang Empire and the study has completely stepped into the first-class power."

Yunhuang Empire, study.

Under Hongying's expansion and Ning Chenxin's preaching.

Or, coupled with the deterrence of Lu Changsheng behind them.

Countless casual cultivators have chosen to join the Yunhuang Empire as guest ministers.

Zeng Jiyuan and Lai Qingyun are now members of the Yunhuang Empire.

At the same time, the Saint Talisman Sect also maintains close cooperation with the Yunhuang Empire and the study.

The two forces are developing at a daunting speed in the mid-latitude boundary.

This also allowed Hongying and Ning Chenxin to continuously improve their strength.

Hongying has reached the half-step heavenly realm.

Ning Chenxin is also able to fight against the peak of the fairyland.

And Xiao Hei, Mu Fusheng, Mu Wan'er, and Shi Sheng.

It seems to be racing.

have had spectacular growth.

...

on the second day.

Ye Qiubai and others also received a voice transmission from Lu Changsheng.

Gather here where the Yunhuang Empire is located.

Lu Changsheng glanced at the crowd, curled his lips and said: "Okay, since we have met the requirements, then get ready and follow me to the fairy world."

"After entering the fairy world, you should take it easy for the teacher, you know? Don't go to a place and harm a place."

"Whatever you look at, it's you!"

Lu Changsheng stared at Ye Qiubai and said bitterly.

Ye Qiubai: "..."

Chapter 887 Heading to Burning Flame Valley

Why does the current mortal world lag behind the fairy world in terms of strength?

To know.

In the mortal world back then, the civilization of cultivating Taoism was extremely splendid, and strong people appeared frequently.

Even if you look at the Six Realms, they must not be ignored. Even the Immortal Realm is a bit weaker, second only to the God Realm.

But why, after a catastrophe, the mortal world was completely reduced to what it is today?

The first point.

Of course, it is because of the fall of the great powerhouses and the disappearance of inheritance, so that future generations cannot fill this vacancy.

Second point.

Even if the inheritance disappears and the strong fall, according to the talents of the mortal world at that time, they can gradually recover the grand occasion after a long period of recuperation.

However, why is the phenomenon of faults getting more and more serious?

It's very simple, because the quality of aura in the mortal world became worse and worse under the ancient six-world war.

This also led to the slower cultivation speed of future generations. At the same time, in the same realm, compared with other five realms, it can be said to be pitifully weak...

The mortal world has thus withdrawn from the historical stage of the Six Realms...

...

At this moment, on the way to the low and mid-latitude barrier, the fairyland passage.

Ye Qiubai looked at Xiao Shitou, and said with emotion: "Young junior brother has already stepped into the realm of a fairy...much stronger than my senior brother."

Hongying joked beside him: "Your senior brother has always been considered the highest realm, isn't it?"

"I mean junior sister, can you stop tearing me down all the time!" Ye Qiu rolled his eyes.

Little Shitou scratched his head, and said with a chuckle: "Master helped me a lot, and that's why I was promoted."

This sounds modest, but the tone is not humble at all...

Ye Qiubai and the others couldn't help but smile.

This little junior is quite proud.

but.

At his age, he has already reached this realm, and he also has the capital of pride.

Who knew, Lu Changsheng immediately poured cold water on it.

"Okay, let's put on this pretense. Although your realm is high, your actual combat experience is far inferior to your senior brothers and the others. If you really want to fight, I'm afraid you are not as good as your senior brothers and sisters."

"Also, don't think that you have a high realm and strong talent, so you can be arrogant. There are many people who are stronger than you. This world is very big!"

This character is undesirable.

When the time comes to cause trouble, I'm afraid it will be more ruthless than Ye Qiubai and the group of brats!

Little Shitou immediately lowered his head in aggrieved way, "Oh..."

Seeing this, everyone couldn't help laughing.

Only Master can suppress this bastard.

At this time.

Lu Changsheng suddenly said: "Okay, stop laughing too, get ready, get ready."

The voice just fell.

In front of everyone, an invisible huge barrier appeared in front of everyone.

See the latitude barrier.

I can't help but sigh with emotion.

At the beginning, when they stepped over this barrier, their strength was still very weak.

Now it seems that although time has not passed, a lot of things have happened.

"After entering it later, remember not to step out of my barrier." Lu Changsheng reminded.

Everyone nodded their heads.

The Immortal World is an unknown world they have never known.

The danger in it is naturally self-evident.

Of course, while being vigilant, I am more curious.

I don't know how the ascetics there are different from them in a place that can be called the fairyland.

Following Lu Changsheng waved his hand and broke through the large space formation in the latitude barrier.

Bringing a group of disciples, as well as Huang Qianliu Ziru, entered the passageway of the fairy world.

But.

Right in the moment.

Lu Changsheng frowned.

In the fairyland channel at this moment.

The endless darkness below.

The monstrous evil spirit has begun to overflow!

It's a bit more prosperous than before!

obviously.

The seal has become weaker and weaker.

Lu Changsheng frowned slightly, and thought to himself, "It seems that we need to strengthen the seal soon... Otherwise, with the strength of this group of boys, they won't be able to do it at all!"

Finished speaking.

Then he led the crowd and flew directly towards the bright light above.

But this time.

The big eye did not appear.

only.

The moment everyone left the passage and stepped into the fairy world.

In the endless darkness, a pagoda seemed to tremble slightly...

...

At the moment.

What caught Ye Qiubai's eyes were cities suspended in the clouds!

The city is as endless as mountains and rivers, with no end in sight!

Um.

It was exactly the same as the scene when Lu Changsheng came here for the first time.

Besides, Huang Qian took a long breath, and said slightly startled: "As expected of immortal energy, no matter in terms of richness or purity, it is many times higher than spiritual energy!"

"What's even more frightening is that this immortal energy actually contains the faint power of rules."

Ye Qiubai smiled wryly and said: "There are people beyond people, and there is a sky beyond the sky, but it is fully reflected at this moment."

Hongying also nodded her head and said: "Cultivate here, no matter the realm or the strength of the same realm, it is much stronger than ours..."

Mu Fusheng walked up to Lu Changsheng and asked, "Master, what are we going to do next?"

Lu Changsheng was also thinking about this question.

He is in the fairy world and doesn't know many people.

Asgard definitely cannot go.

Going to Asgard, I'm afraid I won't be able to practice safely, and I will be dragged to deal with the affairs of the Demon Realm.

It is easy to disrupt his plan.

After all, the seal is getting looser and looser.

Then, there is only one place to go...

Lu Changsheng took out a red token.

The token is in the shape of a flame.

There is a burning character engraved on it!

That's right.

It was exactly what Fen Yan, the young master of Fenyan Valley, gave to Lu Changsheng.

This token also represents the most distinguished guest of Fenyan Valley.

By holding this token, you can enter and exit Burning Flame Valley at will.

Made up my mind.

Lu Changsheng led everyone to Fenyan Valley.

its location.

It's not too far away from them.

Or, for Lu Changsheng, it is not too far away.

It's only half a stick of incense.

came to a valley swept by a heat wave.

Lu Changsheng did not deliberately hide his aura.

The moment you step into the valley.

Then the disciple with Fenyang appeared in front of Lu Changsheng and others.

"Who is coming?"

Lu Changsheng directly threw out the token.

When the two disciples saw this, they were taken aback for a moment, then looked respectful, and quickly clasped their fists and said: "I have seen the senior, please follow me into the valley."

Lu Changsheng asked: "They are my disciples, may they go in with me?"

Fenyang disciple heard the words, nodded quickly and said: "Since you are a senior's disciple, then of course you can."

Lu Changsheng nodded, and led Ye Qiubai and others into it.

...

the other side.

Immortal Emperor Palace.

Xian Rusheng stood in front of the Immortal Emperor and said, "Immortal Emperor, Lu Changsheng has gone to Fenyan Valley."

"Fire Flame Valley?"

The Immortal Emperor chuckled and said: "Let him go first, he will naturally come to the Immortal Palace when the time comes."

Chapter 888 Discussion?

Burning Flame Valley.

In a raging valley.

Around the valley, surrounded by heat waves that distort space.

Although it doesn't look like anything, it's just that the space is slightly distorted due to the high temperature.

But.

It is necessary to know that the spatial strength of the fairyland is not that of other ordinary places, not even high-latitude realms.

One can imagine.

How powerful is this heat wave?

Walking in the valley of burning flames.

Except for Ye Qiubai, Huang Qian, and Liu Ziru, they could all feel their skin burning.

The blood in the body is burning!

The Fenyangu disciples on the side watched this scene, and couldn't help but twitch their mouths.

Burning Flame Valley is not so easy to enter.

This is also their pride!

At this time.

Huang Qian waved her hand.

Barriers formed by the flames of the Divine Phoenix fell on Ye Qiubai and the others.

The burning feeling also disappeared at this moment.

When the disciples of Fenyang Valley felt the fire of the Divine Phoenix, they were all shocked!

To know.

Fenyangu is an expert in playing with fire in the entire fairy world.

But.

The fire of the Divine Phoenix, they couldn't see through it.

It's just a feeling of heart palpitations.

Although it is a fairyland.

But Huang Qian, who activated the blood of the Divine Phoenix and merged with the blood of the five-clawed golden dragon, Lu Changsheng's blood essence.

This flame of the Divine Phoenix is probably the top flame in the entire fairy world.

At this time.

seems to have gotten the message.

A familiar figure came quickly.

It is the son of the owner of Fenyan Valley, and he is also recognized as the strongest arrogance in Fenyan Valley today.

Burning flames.

"Senior Lu!"

Fen Yan looked surprised, looked at Lu Changsheng and said, "I don't know what Senior Lu came to Fenyan Valley for."

Lu Changsheng did not directly say that he brought his disciples here for a change of breath.

Instead, he said euphemistically: "Take the disciples to experience it, let these incompetent guys see the world."

Fen Yan glanced curiously at the person behind Lu Changsheng.

Just one glance, and you can tell that Ye Qiubai and the others don't have much immortal energy in their bodies.

"Senior Lu was joking, it should be you who came to let us see the world in Fenyan Valley."

"By the way, father is already waiting in the hall, shall I take you there first?"

Lu Changsheng did not refuse.

"Lead the way."

Along the way.

The ascetics of Burning Flame Valley are either practicing or competing.

The aura on them made Ye Qiubai and others feel a sense of powerlessness.

The quality of immortal energy is much higher than the spiritual energy of the mortal world.

Same.

It was also because Ye Qiubai and his team went so smoothly.

When in the mortal world.

In terms of talent, he can crush people of the same realm.

In actual combat, it is possible to fight across borders.

However, when in this fairy world.

In the Burning Flame Valley, there are also practitioners of the same realm.

But the absolute gap between spiritual energy and immortal energy gave them a sense of gap.

Lu Changsheng seemed to feel their emotions.

said: "Now, do you feel that there is a day beyond the sky?"

Ye Qiubai and the others nodded.

Huang Qian and Liu Ziru looked at Lu Changsheng and smiled slightly.

According to this plot.

Master usually comforts his disciples, saying that your talent is not bad, but you have lost in the cultivation environment.

Cultivate well, and it will be easy to surpass them.

In order to build the confidence of the disciples.

But.

Who is Lu Changsheng?

Huang Qian and Liu Ziru once again underestimated Lu Changsheng.

Just listen to Lu Changsheng attack directly: "Now that you know, then stop causing trouble everywhere, none of you can beat it!"

"Be honest and practice hard for me!"

Huangqian: "..."

Liu Ziru: "..."

Fen Yan: "???"

Um? ? ?

Senior Lu is really their master?

Has anyone hit his disciples like this?

...

Burning Yan Palace.

The place where the owner of the Burning Flame Valley lived.

Here is the place where the way of fire is most abundant.

Countless flames are like elves, playing and playing around the Fenyan Palace. Among each flame elf, the way of fire is extremely pure.

If these flame sprites are called to explode at the same time.

Its power is unpredictable.

Fen Yan brought a few people into the palace, and said with a smile: "Senior Lu, father is waiting inside."

At this time.

A hearty voice also came.

"Lu Xianyou, my son has mentioned you more than once or twice around me!"

Accompanied by the sound.

A man who looked rough and tall strode over.

In two or three steps, he arrived in front of Lu Changsheng.

While Lu Changsheng was looking at the owner of Fenyan Valley, the owner of the valley was also looking at Lu Changsheng.

Can't help being slightly surprised.

Sure enough, it was as Fen Yan said.

Can't detect the depth of this person at all!

At first glance, he is just an ordinary person.

However, at their level, people who can enter the Valley of Burning Flames without being corroded by the surrounding flames are ordinary people?

Can't help it.

The owner of the Fenyan Valley slightly restrained the doubts in his heart and the arrogance of being in a high position for a long time.

"Lu Xianyou, the purpose of your coming here, I have already heard from Fen Yan."

"It seems that these disciples of yours are not from our fairy world?"

Lu Changsheng smiled and said: "I don't live in a fixed place, and I like to travel abroad, so the disciples I accept are not from the fairy world."

"I see."

Master Gu smiled and said: "It will take a long time to completely transform the spiritual energy in the body into immortal energy. Why don't you let Lu Xianyou's disciples compete with me, the disciple of Fenyan Valley?"

"Let Xianyou Lu see if we, the disciples of Fenyan Valley, can get into your eyes."

Let's learn from each other...

Lu Changsheng naturally understood.

The other party also wanted to see their own abilities from Ye Qiubai and the others.

but.

Under this kind of discussion and discussion, there will be no drama of killing hands or forming hatred.

at the same time.

It can also make Ye Qiubai and the group of boys fully understand how big the gap is between them and the cultivators in the fairy world.

It can be said that there are advantages and no disadvantages.

So Lu Changsheng nodded in agreement.

Master Gu smiled and said, "Then everyone, rest first, or can we start now?"

This time, without waiting for Lu Changsheng to speak.

Ye Qiubai behind him was the first to answer: "No need to rest!"

Hongying also said: "I also want to see how big the gap is."

Xiao Hei, Shi Sheng and others also nodded slightly.

His eyes are full of fighting spirit!

Lu Changsheng couldn't help but twitched his brows.

Still this bad temper...

"Since this is the case, it will be arranged by the owner of the valley."

Heard the words.

Gu Zhu laughed loudly: "A person who cultivates immortals must have this kind of daring temperament!"

"Okay! Fenyan, go and arrange this matter, it will be held at Fenyan Terrace!"

Fen Yan nodded, and immediately ran out to arrange the matter.

This incident quickly spread throughout the Fenyan Valley!

One time.

Lu Changsheng and his disciples also attracted the attention and discussions of the disciples of Fenyangu...

Chapter 889 Didn't you try your best?

Practice the way of fire, the character will naturally be more irritable and direct.

At the same time, it also made the disciples of Fenyan Valley extremely belligerent.

When Fen Yan was about to compete with Lu Changsheng's disciples, he put the place of the competition on the Fen Yan Terrace.

This surprised everyone but also excited them.

Surprised.

Fenyan Terrace will never be opened easily.

Only if there is any candidate in the sect that needs to be selected by disciples, or if the enmity between important disciples cannot be resolved, the Fenyantai has to be used for a life-and-death battle.

And this time.

It is also the first time that Fenyan Valley has used the Fenyan Terrace for outsiders!

"Senior brother Liao, what do you think they are from? They are so valued by Guzhu."

Liao Ke, personally handed down by the elder of Fenyan Valley.

Among the disciples of Fenyan Valley, his status is also very high, after all, his talent is the third.

And Fen Yan is the number one talent in Fen Yan Valley.

I saw Liao Ke smiled lightly, shook his head and said: "How can we guess Guzhu's intentions, but since the Fenyan Terrace is going to be activated, it proves how much Guzhu attaches importance to this matter."

"We just need to go all out to defeat the opponent and save my face in Fenyangu."

A disciple echoed: "Senior Brother Liao is absolutely right, so shall we go to Fenyan Terrace?"

"go together."

Fenyangu's disciples in the sect all walked in the direction of Fenyantai.

"I want to see how strong these people are."

"I heard from the gatekeeper disciple that there is no immortal energy in those people's bodies, but that kind of inferior spiritual energy!"

"Oh? Do you dare to compete on the Fenyan Terrace?"

"Hehe, it seems that they are people from the outside world. Since we want to increase our horizons, we should use a little bit of strength to let those natives see and see."

...

Fenyantai.

Many disciples gathered here.

In an attic, Lu Changsheng and Ye Qiubai are both here.

Looking down, Liu Ziruo asked with a smile, "How is it, is there any pressure?"

Ye Qiubai grinned and said: "It is obvious that we can see the gap between us and them, but I want to have a good encounter with them!"

Hongying also nodded and said: "In the past, it was only difficult to fight across the border. I have never felt pressure from people on the same border. It is a bit new."

Shi Sheng also scratched his head with a silly smile: "We are also taught by our master, and we will never lose too badly."

Mu Fusheng was surprised and said: "Hmm? Senior brother Shi Sheng has learned a lot from Miss Zishan, and he knows how to flatter?"

Shi Sheng: "???"

Lu Changsheng also turned dark: "What do you mean, the teacher is a horse?"

Mu Fusheng's face froze.

Huangqian laughed beside her.

At this moment.

The owner of Fenyan Valley suddenly appeared beside him, and said with a smile, "Your Xianyou Lu, can I, a disciple of Fenyan Valley, get into your eyes?"

Lu Changsheng showed a professional smile, and said in an extremely official way: "The talents and strengths of Guigu's disciples are all top-notch, so it's natural that scoundrels like me can't match them."

Although I know it's a lie.

The owner of Fenyan Valley couldn't help but smile.

"Then let the disciples of Xianyou go up to one first? Then choose one of the same realm to compete?"

Lu Changsheng nodded: "Yes."

Then, looking at Ye Qiubai and the others, he asked, "Which one of you will go first?"

Ye Qiubai originally wanted to go.

But Xiao Hei grinned, jumped up and rushed to the Fenyan Terrace!

The monstrous fighting spirit, and the raging devilish energy constantly crisscross Xiao Hei's body!

See this scene.

Ye Qiubai and the others couldn't help shaking their heads helplessly.

Sure enough...

Xiao Hei's militant temperament has never changed.

Everyone was slightly taken aback when they saw the devilish energy around Xiao Hei.

My first thought was that the other party was a remnant of the Demon Realm!

However, feel carefully.

The devilish energy on Xiao Hei's body does not have any evil nature, it is extremely pure devilish energy!

After taking the stage, Xiao Hei clasped his fists and said, "Thatched cottage, Xiao Hei."

Thatched cottage?

Fenyangu's disciples were all taken aback.

Which force is the thatched cottage?

"I haven't heard of it."

"It should be a force with little background, otherwise how could we not have heard of it?"

"Well, that's right."

Above.

Lu Changsheng covered his face.

Why did this guy declare himself a family!

The owner of Fenyan Valley glanced sideways at Lu Changsheng, with a meaningful look in his eyes.

At this time.

The disciples under the Fenyan Terrace looked at each other in blank dismay.

"Who will go? The other party seems to be a person who refines the body. This kind of physical strength is probably a half-step angel?"

"Hehe, wouldn't it be better if we were in the late stage of the last Earth Wonderland?"

"Yes, then I will go first."

After finishing speaking, a man in red jumped up and came across from Xiao Hei!

Then cupped his fists and said: "Fenyangu, Yan Mengchang."

Yan Mengchang made a starting gesture and said: "You go first."

After saying that, around Yan Mengchang's body, wisps of huge immortal energy rose into the sky!

Then it turned into flames, dancing around his body.

Seeing this, Xiao Hei was not polite.

A series of lines appeared directly on the body!

Immediately, with the step of footsteps, there was a sudden vibration on the Fenyan Stage!

Xiao Hei's body also disappeared in the blink of an eye.

In the space, there were sonic booms!

In an instant, he appeared in front of Yan Mengchang, and immediately, he punched out!

Yan Mengchang's pupils shrunk.

"Nice speed."

Immediately, the palm waved slightly.

Several flames around him fluttered in front of him!

Immediately, a huge flaming spear formed, facing Xiao Hei's fist!

Under the spotlight.

The spear collided with the fist!

There were roaring sounds.

From the center of the attack of the two people, it continued to spread towards the surroundings!
at the same time.

What surprised Fenyangu disciples and Yan Mengchang.

Facing this flaming spear, Xiao Hei was not directly knocked out.

To know.

Although he didn't use all his strength, these outsiders who don't even have immortal energy can resist it!

At this time.

Xiao Hei frowned and questioned: "Did you not use all your strength, or is your strength like this?"

"Since I didn't use my full strength, I will force you."

The voice just fell.

Without waiting for Yan Mengchang's face to change.

Xiao Hei stretched out his other hand and grabbed the end of the flame spear.

With a light drink.

Palm hard.

Five textures emit dazzling light at the same time!

Click!

Under Yan Mengchang's horrified eyes.

The flaming spear exploded at the sound!

Immediately.

Xiao Hei stepped closer and punched Yan Mengchang in the chest!

Yan Mengchang's face changed slightly, his hands were placed on his chest, and the flames turned into a flame shield!

But.

Still being knocked out by Xiao Hei's punch!

directly hit Fenyantai.

Yan Mengchang, out!

Under this punch.

All the people in Fenyan Valley put away their contemptuous eyes...

Chapter 890 Tibetan clumsiness

The difference between immortal energy and spiritual energy.

The convenience lies in the purity and quality.

But.

As a body refiner, Xiao Hei doesn't need to borrow spiritual energy to practice at all.

Therefore, in the process of confronting these immortal ascetics, the suppression caused by immortal energy has no effect.

not to mention.

The blood in Xiaohei's body, as well as his physique, even in the fairy world, how many people can compare with it?

certainly.

Ascetics in the fairy world are naturally stronger than those in the mortal world.

But if you want to defeat Xiao Hei as a cultivator in the late stage of the Earth Immortal Realm, that may be too overwhelming.

The disciples of Fenyan Valley also looked a little dull when they saw this scene, as if an earthquake had occurred in their pupils, they kept trembling...

Yan Mengchang may not be the most outstanding disciple of Fenyan Valley.

But he is also a talented inner disciple.

What's more, in their cognition.

Xiao Hei and the others are nothing but mortals from the outside world without immortal energy...

But.

When they think so.

Xiao Hei's punch completely shattered their notions!

As Yan Mengchang in the late stage of the Earth Wonderland, he was defeated by Xiao Hei with one blow!

What's more, when he was punching, Xiao Hei said something coldly.

"Didn't use your full strength? Then force you to use your full strength."

Today.

Looking at the disciples below the Fenyan Terrace, he frowned and said: "It seems that even if you use your full strength, it is nothing more than that."

"The last person who made me happy, don't make me look down on you Fenyan Valley."

Proud!

This is Xiao Hei's character that will only be revealed after entering the combat state!

In the attic.

The owner of Fenyan Valley looked at this scene, but he didn't feel angry because of Xiao Hei's arrogant words.

Instead, he stroked his chin and said with interest: "Your disciple, Lu Xianyou, looks extraordinary. Whether it's physical strength, blood power, or physique, they are all extraordinary."

It is worthy of being the ruler of a major force in the fairy world.

This is the only battle.

I saw Xiao Hei's physical problem!

Lu Changsheng thought helplessly in his heart, what is this kid pretending to be doing?

On the surface, he smiled and said: "It's just a coincidence."

"Hahaha, don't be modest." The owner of the valley laughed and said: "That's right, Lu Xianyou is not simple at all. How can he be ordinary if he can be summoned by the emperor? If this is the case, how can the disciples he accepts be ordinary people? "

Immediately, he turned his head to look at Ye Qiubai and the others, and said, "I'm quite curious now, what will make Lu Xianyou's other disciples stand out."

Lu Changsheng smiled, but did not reply.

At the moment.

Below the Fenyan Terrace, all the disciples of Fenyangu frowned after hearing Xiaohei's words.

What's more, he directly said furiously: "You're so arrogant after just winning one game?"

"How can you imagine the background of Fenyan Valley?"

"Hmph, since that's the case, let me give it a try!"

However, when this disciple at the peak of the Immortal Realm was about to take the stage.

Going to be stopped by a man.

"I come."

Everyone looked over and was overjoyed when they saw it.

"Brother Liao!"

It was Liao Ke, Fenyangu's direct disciple.

Among the disciples of Fenyan Valley, they can be ranked among the top three.

Liao Ke turned into a ball of flames and appeared directly on the Fenyan Platform.

Looking at Xiao Hei, he said with a faint smile, "My realm should be similar to yours in body training, but I'm still bullying you."

Liao Ke is in the realm of a half-step fairy!

In his view, fighting Xiao Hei in the same realm is bullying him.

Xiao Hei grinned: "I really want to try defeat."

Liao Ke slightly raised his eyebrows: "If that's the case, then I will fulfill you."

Say it.

Liao Ke shook Tan Tan's hand.

Instantly!

Around Xiao Hei, flame storms formed in an instant, squeezing towards Xiao Hei!

Liao Ke's blow.

Didn't hold back!

The powerful flame law turned into a flame storm, sweeping the space around Xiao Hei.

Even Xiao Hei's powerful body was burned hot by the bursts of flames, and even his skin began to dry out!

See it.

Xiao Hei frowned slightly.

really.

These immortal cultivators in the fairy world are fundamentally different from the mortal world.

If you are a half-step celestial being in the mortal world, you can't do this kind of damage to Xiao Hei!

As for Liao Ke, the flame storm has not swept Xiao Hei's body yet, it is just some aftermath, which makes Xiao Hei's body make an overwhelmed sound.

"Is this the only ability?" Liao Ke stretched out his hand and said, "If that's all, then admit defeat."

Of course Xiao Hei will not sit still.

I saw streaks of magic energy starting to wrap around Xiao Hei's body.

The wisps of dark devilish energy began to turn into armor.

A phantom of a demon **** also appeared behind Xiao Hei!

Xiao Hei at the moment.

Eyes are extremely cold, indifferent to all living beings!

It's like a demon **** descending!

See this scene.

Liao Ke frowned slightly.

Sure enough, there is still a backup...

Just as he was thinking so, Xiao Hei moved.

I saw that Xiao Hei was striding forward, and rushed directly into one of the flame storms!

The scorching flames followed the demon armor almost instantly.

Corroded into Xiao Hei's body.

The skin cracked almost instantly.

Blood continuously oozes from the cracked skin.

Internal organs.

Musculoskeletal.

Under the extremely erosive flame law, they began to shrink and even coke!

The disciples of Fenyan Valley were slightly taken aback when they saw this scene.

"What is this doing?"

"I thought he rushed in because he was sure to resist Brother Liao's flame storm. Looking at it like this, he might die inside at any time!"

"Hmph, it seems that not only the tone is arrogant, but also the brain is extremely arrogant, thinking that I can resist it."

On stage.

Liao Ke frowned slightly.

This kind of person should not be simple-minded.

There should be other backers.

Otherwise, how could it be so impulsive.

Liao Ke guessed right.

Although Xiao Hei couldn't completely resist this flame storm.

but.

The current Xiao Hei has an extremely powerful recovery ability with the power of blood.

Moreover, after recovery, physical strength will skyrocket again!

Come twice more, it must not be difficult to defeat Liao Ke.

But at this moment.

A voice came from the attic.

"Okay, that's it."

It was Lu Changsheng.

After hearing this, Liao Ke stopped in a hurry.

Lu Changsheng said via voice transmission: "Don't fully expose your abilities, you can challenge the disciples of Fenyangu, but I have a request, you can't fully expose your cards, understand?"

"Only by limiting one's own strength and defeating the opponent can one better improve oneself."

These words were not only addressed to Xiao Hei, but also to Ye Qiubai and the others.

After Xiao Hei heard this, he also put away his magic energy, and went straight out of the Fenyan Terrace.

Fenyangu's disciples all looked disdainful.

However, the owner of Fenyan Valley and Fenyan watched this scene thoughtfully.

this...

It doesn't seem like you're trying your best...
