

## My Disciples 901

### Chapter 901 Crazier to myself!

Immortal Emperor Order.

With this token, you can enter and exit the Immortal Emperor Palace at will.

This also represents.

Those who have this token can seek help from the Immortal Emperor.

On the way back to Burning Flame Valley.

Fang Qiong looked at the Immortal Emperor Token in his hand, still a little dazed.

He never thought about it.

One day I will be so close to the Immortal Emperor.

Actually got the legendary Immortal Emperor Token!

Lu Changsheng glanced at Fang Qiong, and said helplessly, "Since you worship me as your teacher, then I will teach you the first lesson."

Fang Qiong woke up when he heard the words, and quickly looked at Lu Changsheng: "Master, tell me."

"Always consider both sides of the coin."

Fang Qiong was taken aback.

"Every advantage has its corresponding disadvantages." Lu Changsheng said patiently: "For example, with the Immortal Emperor's Token, you may be able to use the Immortal Emperor's Token to do many things, and even make people who looked down on you before Those Immortal Palace disciples shut up, change their previous attitude, and respect you!"

"But the downside is that the Immortal Emperor also took a fancy to something in you, such as talent? When the Immortal Emperor begs you, do you have to help him? Or, as a master, I, to help him?"

"This is equivalent to an exchange of favors."

Hearing this, Fang Qiong understood.

This Immortal Emperor Order was actually not for him, but for his master Lu Changsheng.

"In the future, don't accept the benefits offered by others, do you understand?"

Fang Qiong nodded: "I see, Master."

Seeing this, Lu Changsheng nodded in satisfaction.

Well, children can be taught.

It seems very stable, and finally accepted a disciple who can make people feel at ease.

"Your senior brothers and sisters are all in Fenyan Valley, and I will take you to meet them later."

Fang Qiong looked forward to it.

But there are also some worries.

Since Master can sit on an equal footing with the Immortal Emperor.

Even the Immortal Emperor gave him the Immortal Emperor Order in order to get closer to his master.

For such a strong man, the disciples under him must be extremely talented.

Then he...

Will you be looked down upon?

But.

When I came to Burning Flame Valley and saw them.

Fang Qiong's worries disappeared.

I saw Lu Changsheng pointing at Fang Qiong, looking at Ye Qiubai and the others in front of him, and said, "Hey, your junior brother, Fang Qiong."

Ye Qiubai, Hongying and the others were taken aback for a moment.

Immediately said happily: "Master has accepted disciples again?"

Afterwards, after a few people introduced each other, they gradually became familiar with each other.

Huang Qian and Liu Zirui stood on both sides of Lu Changsheng, watching this scene.

Liu Zirui asked: "Senior, what is the origin of this Fang Qiong?"

Huang Qian also looked sideways, obviously quite curious.

Lu Changsheng thought for a while and said, "People from the fairy world."

Then he told Fang Qiong's story.

Huangqian and Liu Zirui were slightly surprised.

"It seems that I have taken in another good student." Huang Qian chuckled: "With this level of willpower, under your training, even if the talent is not good, the achievement may not be low."

Liu Zirui also nodded in agreement.

Back then, Shi Sheng was also talented without Ye Qiubai and the others, okay?

But later with the help of Lu Changsheng's teaching.

Isn't it also a talent and evildoer now?

After hearing what the two said, Lu Changsheng couldn't help smiling: "You are wrong, Fang Qiong's talent is not weak, it's just that the group of elders in the Immortal Palace didn't notice it."

"According to his talent, he is not much weaker than Ye Qiubai's group of boys."

Heard the words.

Liu Ziru took a deep breath.

"With this kind of outstanding willpower, combined with this kind of talent, it's amazing, Fang Qiong."

Lu Changsheng did not answer, but asked instead: "How is Ye Qiubai's situation?"

Huangqian smiled and recounted the things of the past few days.

Ye Qiubai, Hongying, Mu Fusheng, Mu Wan'er, Shi Sheng, and Xiao Shitou have completely transformed the spiritual energy in their bodies into fairy energy.

At the same time, after transforming the immortal energy, he went to the disciples of Fenyan Valley to compete on the Fenyan Terrace again.

The result is.

People of the same realm are no longer their opponents.

Even if they surpass a small realm, they can only cause a little trouble to them, but they can still win by a narrow margin.

Lu Changsheng nodded: "Where is Xiao Hei?"

Huang Qian and Liu Ziru shook their heads.

"It seems that he is still competing with Fen Yan every day."

"I'll take a look." Lu Changsheng got up and headed towards the place where Xiao Hei was sparring.

...

At the moment.

In the place where Fen Yan practiced.

A flame storm swept Xiao Hei's body inside as if it was about to burn the sky and destroy the city.

Immediately, Xiao Hei's body was also blasted away in an instant.

There is no complete part of the whole body. The wound is so deep that the white bones can already be seen.

Although it seems to be a one-sided situation.

Ke Fenyan's eyes were full of horror.

You know, this blow is already 30% of his strength.

From the very beginning, Xiao Hei could only withstand 10% of Fen Yan's strength, but now he can withstand 30% of it!

It's only been a few days!

Looking at Xiao Hei's body that is constantly recovering at a speed visible to the naked eye.

A strand of power from the blood of the Demon God continuously wound around Xiao Hei's body.

The strength of the physical body is constantly rising at this moment!

Today's Xiao Hei already has the strength to compete with the middle stage of the Heavenly Wonderland!

Seeing Xiao Hei get up from the ground again, Fen Yan was a little moved, and then persuaded: "Take a rest first, I'm afraid you won't be able to bear it mentally if this continues."

Although the physical body can rely on the power of blood to recover.

But he was constantly seriously injured.

Even sometimes get a fatal blow!

Over time, the frequency increases.

It is a great burden for a person's spirit!

But Xiao Hei shook his head, looked at Fen Yan fiercely, gritted his teeth, and squeezed out his serious and tough voice like a roar from his throat!

"I must improve my strength quickly! There are still many things waiting for me to do!"

Fen Yan watched this scene and fell silent.

Sure enough.

Fenyangu's disciples were not wrong in their evaluation of Xiao Hei.

Crazy...

Not just crazy about other people.

To myself, even more crazy!

if you can.

Fen Yan would never think of provoking such a lunatic.

If you can't kill the opponent 100%.

will become my confidant's big trouble!

At this time.

Xiao Hei shouted: "Come again!"

A voice came over lightly.

"What come again? If you come again, your incomplete soul will have problems."

As soon as the words fell, Lu Changsheng's figure also appeared here.

"Don't be in a hurry to practice, rest first, and just go to meet your new junior brother to get to know each other."

really.

Xiao Hei's spirit is not complete.

It can be said that the current spirit is assembled piece by piece.

Under so many consecutive fatal injuries, the mental oppression has made Xiao Hei's spirit bear to the limit...

Chapter 902 Fortune Formation Spirit Body

These days, during the confrontation with Fen Yan.

Although Xiao Hei has always been the one who gets beaten.

But the strength has increased extremely rapidly.

It can be said that in terms of the physical realm, Xiao Hei has completely surpassed other senior brothers and sisters.

Has been able to compete with the mid-stage powerhouses of the Celestial Wonderland.

After Xiao Hei recovered from his injury this time, his strength improved even more.

At this time, Xiao Hei followed Lu Changsheng and left.

When the two left.

Beside Fen Yan, the owner of Fen Yan Valley suddenly appeared beside him, asking, "How is it?"

Hearing this, Fen Yan looked at the direction Xiao Hei was leaving with a serious expression on his face.

"This person's ability is too against the sky, I am afraid that if he is given a period of time, he will be able to compete with me."

"Oh?" The owner of the valley was surprised, and said: "More evil than the Immortal Fire Nine Profound Body?"

"It's even more monstrous than the Immortal Fire Nine Profound Body." Fen Yan nodded with great certainty.

Got an affirmative answer.

Master Gu sighed slightly, and said: "But it's normal, even if I am a strong person like Senior Lu, I can't see through the depth at all, and the disciples under my seat will definitely not be simple."

Speaking of this, Master Gu glanced at Fen Yan and said, "Fen Yan, you should try your best to get closer to the disciples of Senior Lu, do you understand?"

Fen Yan nodded: "Of course I know."

...

the other side.

Xiao Hei, who had finished his training, also got to know Fang Qiong for a while.

After a few people greeted each other for a while.

also understood Fang Qiong's experience.

Of course, Fang Qiong didn't say all of that hatred.

After all, we just met each other.

Even if he is a disciple of the master, it is impossible for Fang Qiong to trust him so quickly, which is unreasonable.

after.

Ye Qiubai and others continued to find someone to discuss and stabilize their strength.

Fang Qiong was kept by Lu Changsheng.

The square vault today.

In blood-changing state.

But in the fairyland, there is no such thing as a turbid fairyland.

The immortal energy in the fairy world is too pure, there are almost no impurities, and it is extremely pure.

So, if he breaks through, Fang Qiong can directly break through to the realm of the earth fairy.

Lu Changsheng said: "I won't ask you what you have in mind, you want to tell me and then talk to me yourself."

In Asgard Ladder, Fang Qiong can have such a strong willpower.

Naturally, it was because of the obsession in my heart.

Fang Qiong was taken aback when he heard the words, then nodded.

"However." The conversation changed, and Lu Changsheng said seriously: "Before you are not strong enough, you must not try to solve the problem by force, otherwise this will not only fail to solve the problem, but may also implicate other people, understand?"

Seeing Lu Changsheng's expression, Fang Qiong nodded: "Master, I understand."

He felt warm in his heart, he didn't expect Master to care about him so much...

Um...

Caring is caring.

But what's more, Lu Changsheng is using this matter to teach him that he must be cautious and cautious...

"okay."

Lu Changsheng sat on the side, and said: "When your elder brother and the others were apprentices, I also gave them some gadgets. Now that you worship me as a teacher, I naturally can't favor one over another."

Finished speaking.

Lu Changsheng tapped Fang Qiong's eyebrows with his fingers.

Fang Qiong was slightly taken aback, but he didn't resist, and let go of his mind.

ton time.

Information rushed towards his mind like a stormy sea!

Holy Array Prison Physical Skills!

The amount of information is extremely large.

Use arrays to train your body!

Form an array with bodies!

Simply put.

This is an extremely special exercise that shocks the world outside!

As long as the practice is successful.

Fang Qiong itself is a formation, and as its strength increases, the power of this formation will also become stronger.

At the same time, when arranging other formations, it will also have unique advantages.

It is not impossible to reach the level of Lu Changsheng, form a formation at will, and see through the formation at a glance.

Lu Changsheng's voice entered Fang Qiong's mind at this time.

"Your talent is not weak. Because of your physique, ordinary cultivation methods will only make you look like an ordinary person."

Lu Changsheng said slowly: "The spiritual body of the fortune formation, while absorbing the immortal energy, uses the spirit of the formation as the basis of cultivation, and absorbs the spirit of the formation, so that its strength can continue to rise."

"Of course, it can also complement each other with the prison body skills of the holy formation. The formation is used to refine the body. While using the body as the formation, it can absorb the spirit of the formation and improve the realm of cultivation."

Simply put.

Formation, physical body, Taoism.

Three repairs!

Fang Qiong opened his eyes in horror.

The amount of information in Lu Changsheng's words made him unable to fully digest it for a while.

It's not just an understanding of one's own physical talents.

This heaven-defying skill was given to Lu Changsheng!

Holy Array Prison Physical Skills!

The flesh is in formation.

Just these four words are enough to shock everyone.

After reacting.

Fang Qiong's face was full of sadness, he looked at Lu Changsheng with a wry smile and said, "Master... But I have never learned a formation method..."

Haven't learned it?

Lu Changsheng waved his hand indifferently, and then casually threw a thick scroll to Fang Qiong.

"It's better if you haven't learned it before, and you will learn from it in the future. It's best if you don't have any questions, and don't ask me if you have any questions."

Fang Qiong felt question marks at Lu Changsheng's words at first.

Then he looked at the scroll in his hand, engraved with four gold-rimmed ancient characters.

Holy Formation Scroll.

Just turned over the first page, and there was a formation that he had never heard of.

Annihilate the killing array.

Beginners can use this to get started with the formation method.

The level of this formation will continue to increase with the practitioner's attainment of the formation.

However, when Fang Qiong saw the steps of the layout, although it looked very complicated.

Fang Qiong was able to find out the key point at a glance.

Could it be that this has something to do with my physique?

Lu Changsheng looked at Fang Qiong's eager expression, and said, "Okay, I'll take you to practice the Holy Array Prison Kungfu first, and you should remember it well, understand?"

Fang Qiong nodded, and quickly sat down cross-legged.

And Lu Changsheng who has the eye of surveying the sky.

Just glanced at the cultivation method of the exercises casually, and then understood.

Half a day.

took Fang Qiong to practice again.

can be regarded as an introduction.

at the same time.

The realm is also at this moment, directly breaking through to the early stage of the fairyland!

aside.

Huang Qian and Liu Ziru watched this scene.

Liu Ziru couldn't help but asked with a wry smile: "Sometimes I really doubt myself. Why do the disciples of Senior Lu, as long as Senior Lu guides them a little, break through the realm like playing?"

"Why isn't the effect so obvious when you beat me up?"

Huang Qian mercilessly attacked: "Face yourself, if you don't have enough talent, you don't have enough talent. There's no need to make such an excuse."

Poof!

Liu Ziru felt a sharp blade pierced directly into his heart.

My heart is throbbing and throbbing...

"No, Senior Lu hurt my body, you came to hurt my heart, right?"

Chapter 903 Restoration of the Zhentian Pagoda!

Holy Array Prison Physical Skills.

After getting started, there are nine levels.

Each weight represents the body part of the practitioner.

respectively, silver skin, blood muscle, jade bone, five internal organs, six internal organs, seven orifices, medulla oblongata, prison body, and body array.

At first glance, it looks like a body training method.

However, if you want to form a formation with your body, you must have a physical body that can withstand the power of the formation.

While cultivating the physical body, slowly transform Fang Qiong's physical body into a formation body.

This allows Fang Qiong to release a devastating high-level formation at will!

Why do you say that Fang Qiong is extremely suitable for practicing the Holy Array Prison Kung Fu?

It is because of the existence of the spirit body of the formation.

It allows Fang Qiong to directly cooperate with the prison body skills of the holy formation, use the formation to refine the body, and at the same time form the formation with the body, absorb the spirit and power of the formation, and improve his own realm of cultivation.

Simply put.

It was time for Fang Qiong to use formations to refine his body and practice the Holy Array Prison Kung Fu.

It is equivalent to cultivating immortals, refining the body, and cultivating formations at the same time!

It's not just that the efficiency of cultivation is faster.

Three types in one can make the fit of the three extremely high, and when they erupt at the same time, they will release a stronger power!

After getting started with Fang Qiong and mastering the cultivation path.

Lu Changsheng also let him practice for the time being.

And now, there are more important things.

Lu Changsheng walked into a quiet room.

Waved his hand, and laid out many formations around the room.

Huangqian frowned slightly when she saw that there were more defensive formations and isolation formations than usual.

So he quietly came to a high point in the room, with his perception fully open, sensing his surroundings.

Liu Ziru watched this scene.

also disappeared in place very naturally.

But people who are stronger than it can also find that there is a faint breath, wandering around here...

scouting around.

All these actions seem to have been engraved in Liu Ziru's heart...

When Liu Ziru realized it, he couldn't help showing a wry smile.

I seem to be more and more like a member of thatched cottage...

Lu Changsheng, who was in the room, took out all the materials given by the Immortal Emperor.

The current Lu Changsheng possesses the Eye of Surveying the Sky.

There is no need to ask willow anymore, the use and effect of these materials can be seen at a glance.

Now to do.

It is to analyze the effectiveness of these materials, when to use them, and when to connect them to maximize the effect of these materials.

And then.

It's an old routine... Arrays, pills, talismans, etc. all come to a million points.

...

Half a day has passed.

After finishing all this, Lu Changsheng removed the formation and walked out of the room.

After finding Shi Sheng.

Said to Huangqian Liu Ziru: "Follow me to the fairyland passage."

Huang Qian and Shi Sheng nodded directly.

Liu Ziru asked, "What are you doing there?"

Lu Changsheng said angrily: "You talk too much? You'll know when we get there."

Liu Ziru: "..."

...

Immortal World Passage.

When Lu Changsheng came here again.

The demonic aura in the passage has become more and more intense, and the demonic aura released from the endless darkness like the abyss has also spread wider and wider!

See this scene.

Lu Changsheng frowned slightly.

Huangqian said from the side: "It seems that the seal can hardly be suppressed."

Liu Ziru also understood: "Strengthen the seal?"

Lu Changsheng ignored this talkative thing, looked at Shi Sheng and said, "At that time, I will seal the Tiantian Buddha Pagoda, and at the same time, you need to release the star spirit and try to establish contact with the Zhentian Buddha Pagoda, understand ?"

Shi Sheng nodded, and then asked: "Suppressing the Heavenly Buddha Pagoda?"

Hearing Shi Sheng's question, Lu Changsheng briefly talked about Zhentian Buddha Pagoda.

"In short, it seems that this Heavenly Buddha Pagoda is somewhat related to the Essence of the Stars."

"As long as you establish contact with Zhentian Pagoda, it will be of great benefit to you and the matter of sealing."

Shi Sheng nodded: "I understand."

"Okay, then Huangqian, Liu Ziru, pay attention to your surroundings, and prevent the remnants of the evil realm from coming out to attack."

Speaking of which.

Lu Changsheng unfolded the formation, and the defensive formation surrounded the four of them completely!

itself, the barrier thickness of the formation is thinner than paper, and now after stacking it like this, it is like three or four thick books stacked together!

Just tell me how many layers of formations were used!

This is not over yet.

Scatter a piece of talisman seal on the four sides of the formation barrier.

Let the array be filled with destructive forces to deal with foreign enemies.

At the same time, some talismans exude the meaning of endless life, which are used to repair the formation in case of emergency.

Watching this scene.

Huangqian: "..."

Liu Ziru: "..."

Shi Sheng: "..."

So many... It's a bit of a waste of resources...

And Lu Changsheng also took out those materials one by one and placed them on his chest.

Using his holy energy to envelop the materials, he slowly sent the materials into the abyss, the only small tower shimmering with light.

Like a helpless star in the dark night...

And in the process of feeding the material.

The demonic energy released from the abyss seemed to sense the threat.

There were bursts of whistling sounds, condensed together, like huge black vines, rushing towards those materials!

Seeing this, Lu Changsheng snorted coldly, and threw out one after another talisman!

The talisman appeared around the material in an instant.

Boom!

Following Lu Changsheng's formula, the power of the talisman broke out!

A series of thunderbolts shone like rays of light, and like a wrathful thunder god, they emitted bundles of world-destroying thunderbolts, dispelling those evil spirits!

The power of thunder.

This is the nemesis of the power of demons and spirits.

The reason why Lu Changsheng wanted to wrap the holy air around the material.

It is for the thunderous power of the talisman, which will not dispel the original soul power in the material...

at the same time.

Shi Sheng was also signaled by Lu Changsheng's eyes.

Hands out.

The power of the stars exploded vigorously in Shi Sheng's body!

At the same time, at the Dantian.

Actually, a starry sky appeared faintly.

Above the starry sky, the ninth dazzling star slowly floated out of the starry sky.

landed on Shi Sheng's hands.

The moment when Shi Sheng dragged the star essence.

Tiantian Pagoda trembled slightly at this moment!

The magnitude is small.

However, Shi Sheng also felt that there was a phantom in the shape of a small tower, slowly appearing in his dantian in the starry sky!

But I don't feel connected to it...

Shi Sheng asked the question.

Lu Changsheng nodded, with a purple-gold halo in his eyes!

The Eye of Surveying the Sky!

A purple-gold divine light directly penetrated the miasma of evil spirits, and landed on the Zhentian Pagoda!

Chapter 904 Dark Demon Dragon!

Under the Eye of Kantian.

Able to see through the essence of everything.

I saw a purple-gold halo in Lu Changsheng's eyes, and a purple-gold divine light pierced the space and landed directly on the small tower in the abyss!

The situation of the Zhentian Pagoda, the degree of damage, how to restore the original source, and the broken souls in it.

and the solution appeared in Lu Changsheng's eyes.

And this moment.

Those broken souls actually sent out a message.

fell on the Zijin Shenguang.

Lu Changsheng was slightly taken aback.

These old men still have the strength to speak?

"Are you repairing our soul?"

"Do you want to use this to suppress the Demon Realm for a while longer?"

"Hey, it has been suppressed for so many years, and you still want us to come, can't you fight a bit and kill them..."

Lu Changsheng frowned continuously.

These human ancestors are really old and not ashamed.

"Then why can't you kill them?" Lu Changsheng said angrily, "Standing and talking won't hurt your back."

"Okay." One of the slightly serious voices said: "Even if part of the original source is restored, the Demon Realm will eventually break through the seal, and then you must be prepared, if there is no countermeasure, the Six Realms will really be over. "

"As for that little friend who has the soul of the stars? He has also cultivated the power of the stars, so he is quite suitable for the Zhentian Futu Pagoda."

"After all, the one who forged the Heaven-Suppressing Pagoda mainly used the power of the stars."

"After you restore some of our origins, we will take action at the same time to open up part of the perception of the Zhentian Buddha Tower, so as to connect with that little friend."

Lu Changsheng nodded.

Start to restore the source.

But.

When each material releases its power.

In the demon domain, there seems to be a sense.

There was a sound of dragon chant, roaring out of it!

Roar! !

The roar is earth-shattering!

It seems that the entire fairyland channel is trembling at this moment!

"Who dares to block the pace of my Demon Realm!"

For a moment, the demonic aura was overwhelming!

Swept towards Lu Changsheng and the others.

See this scene.

Huang Qian and Liu Ziru's faces froze.

"It seems that the seal is on the verge of breaking..." Liu Ziru frowned and said.

Huang Qian also frowned slightly, and said, "Dragon?"

In her opinion, the Dragon Clan had already been destroyed in the war against their Phoenix Clan in ancient times.

There shouldn't be any left alive.

But now this dragon roar.

Although it is full of demonic energy, the strong blood energy and blood power unique to dragons cannot be covered by this demonic energy.

Lu Changsheng also saw this scene.

Slightly frowned between the brows, and flicked his fingertips.

Suddenly, a piece of talisman seal appeared in front of the surging evil spirit.

"Revelation."

With a word down.

The talisman burst out beams of thunder!

As if piercing through the sky and the earth, tear this piece of demonic energy apart!

But.

The moment when the demonic energy was torn apart.

There was a huge figure, like an island in the sky, appearing in front of everyone.

Huang Qian's pupils shrank suddenly.

This huge figure turned out to be a giant black dragon!

Every dragon scale on the dark dragon slowly opened and closed as if it could breathe.

During the opening and closing, a fiery red viscous liquid like magma will be exposed.

A wave of dragon power suppresses the entire fairyland passage!

Heading towards the direction where Lu Changsheng and the others are, they are overwhelmingly enveloped!

Really Dragon Clan?

Liu Ziru has stayed in the thatched cottage for so long, and is a five-star deacon in the dark domain, so he naturally knows the news that the Dragon Clan has been destroyed.

At that time.

When he learned that Huangqian was actually Shenhua, he was very surprised.

Now, the Dragon Clan actually has remnants?

Can't help but glance at Huang Qian.

And with the Longwei bursts.

The blood in Huang Qian's body also began to surge.

It's not just the anger of the Divine Phoenix bloodline.

Also has the resonance of the blood of the five-clawed golden dragon.

In a short time, the fire of the Divine Phoenix surrounded Huang Qian's body, and finally condensed on Huang Qian's back, giving birth to two wings of the Divine Phoenix covering the sky and the sun!

At the moment.

In the fairyland passage.

One side is dark, the other side is fiery red.

Seems to be two extremes!

"Dragon?"

Huang Qian frowned and asked, "How did you survive?"

"Oh?" The dark dragon phantom looked at Huang Qian, with a scorching breath exhaling from the huge dragon's mouth, as if showing a sarcastic smile.

"Phoenix family? Are there any descendants?"

"As for how I survived, you don't deserve to know."

Huangqian snorted coldly: "You will know soon whether you are qualified or not."

Say it.

Huangqian rushed directly towards the dark dragon!

The strength of the peak of the Divine Master Realm is undoubtedly demonstrated under the overwhelming release of the fire of the Divine Phoenix!

The dark dragon sneered: "Awakened the blood of the Divine Phoenix, it seems that the blood of that guy still exists in the body, right? Although I don't know how you did it, but..."

When it comes to this.

The dark dragon opened its mouth like an endless abyss, and a cluster of extremely black flames turned into a flame storm, sweeping towards Huangqian!

See it.

Huangqian flapped her wings violently!

Clusters of divine phoenix fire turned into flaming meteorites, smashing down towards the flaming storm!

Very dense.

Like a storm!

However, looking at this scene.

The dark dragon's eyes were full of irony.

"It seems that the Phoenix family cannot be revived from your hands."

The voice just fell.

The flame meteorite has fallen on the dark flame storm.

But.

What surprised Huang Qian.

Every time a flame meteorite falls on the storm.

swallowed it in an instant!

Can't stir up any ripples.

Even, the speed of the storm was not affected in any way.

Directly blast towards Huang Qian!

Liu Ziru and Shi Sheng on the side all had horrified expressions.

Huang Qian, who has completely transformed the immortal energy of the fairy world, and has reached the peak of the God Master Realm, is not the opponent of the dark dragon in front of him? not to mention.

This dark dragon is just a phantom!

At this time.

Lu Changsheng's faint voice came over: "Come inside the barrier."

Although Huang Qian was not reconciled, she could only grit her teeth and back away.

Liu Ziru also hurriedly followed.

The dark dragon sneered: "Is it okay to hide in the turtle shell?"

At this moment, the black flame storm bombarded the barrier instantly!

Boom!

Black flames covered the barrier!

Lu Changsheng and the others in the barrier saw that the barrier in front of them was completely covered by black flames.

But.

But it can't shake the barrier at all!

Even the first layer did not break any cracks!

Immediately, Lu Changsheng said softly: "I can't just watch your performance..."

Finished speaking.

Fingers slightly raised.

Accompanied by a roar.

The talisman seals and formations above the barrier were simultaneously lit up at this moment!

Destructive breath, pressing across the spot!

Chapter 905 In the beginning, the sword of reversal!

Arrays, talismans, or pills.

are all prepared for this moment.

When Lu Changsheng activated the formation talisman.

The entire passageway in the fairy world is filled with a destructive atmosphere!

These auras can even suppress those demonic auras.

The phantom of the dark dragon looked at this scene, his expression was shocked!

A fear of death welled up in my heart.

To know.

He is but a phantom now.

However, the feelings in my heart are common.

When a phantom descended, he felt a life-and-death crisis.

Then, these formation talismans of the other party must be existences that even his own body is afraid of!

"Who are you!"

The two huge pupils of the Dark Demon Dragon are constantly shrinking, and they open their mouths to question loudly!

It's just that, it can be vaguely heard that there is a slight tremor in the voice.

Lu Changsheng looked at the Dark Demon Dragon indifferently, "You don't need to know who I am, but since you want to stop me, then naturally I can't keep you."

"And, now you also know part of my strength?"

Speaking of which.

Lu Changsheng didn't wait for the dark dragon to answer.

The palm of the hand is slightly suppressed towards the dark dragon.

Following Lu Changsheng's movements, he fell.

ton time.

Thunder and lightning flashed throughout the fairyland passage!

Countless thick and incomparably thick thunder beams are constantly frightening in the passage, or they are shooting towards the dark dragon!

this moment.

The entire passageway in the fairy world trembled!

It seems that it will fall apart at any time!

The Dark Demon Dragon looked at the thunder and lightning in front of him, attacking him, so naturally he would not choose to sit and wait for death because of fear.

Do nothing, and you must be destroyed.

If you try your best to resist, maybe you can still fight for a chance!

Although this way of life is a bit narrow, so narrow that it may not allow anyone to pass through, it is at least a way...

I saw the dark dragon glaring, and opened its mouth. In the abyss-like mouth, there was a sphere formed by the condensed dark flames, which gradually grew larger in its mouth, and then rushed towards the beam of light Leihai in front of it!

The dark flame sphere seems to be very large.

However, in the sea of light beams and thunder, it is only a drop in the ocean.

When the sphere rushed out, it was directly swallowed by Lei Hai!

Immediately after.

There seems to be some turmoil in the sea of thunder.

But it lasted only two breaths, and there was no movement.

From the appearance of the dark flame sphere to the present, it seems that no waves have been stirred up.

just drowned in it silently.

The dark dragon watched this scene in horror.

Is the strongest blow of my phantom, but that?

Before he could speak, the beam of light, Lei Hai, was already like a long spear that could pierce the sky, piercing through every part of the body of the Dark Demon Dragon Phantom one after another!

From side to side, through!

Nailed it in mid-air!

The wide-open dragon's mouth was also forcibly penetrated by the thunder beam, and the seam was closed!

Lu Changsheng looked at this scene indifferently, and said: "I asked you before, you should know some of my methods."

"Since this is the case, it will not keep you alive."

The voice fell.

From Lu Changsheng's pupils, two beams of purple-gold divine light rushed out!

shrouded in the body of the phantom of the dark dragon!

this moment.

There is still a trace of consciousness left by the magic dragon, feeling the purple-gold divine light all over his body.

It was as if everything about him, including his body, had been seen through!

Sudden.

Lu Changsheng stretched out his hand, probed into the void, and grabbed in the direction of the dark dragon.

The dark dragon's pupils were instantly filled with fear!

A pitch-black soul body was slowly pulled out from the phantom of the magic dragon.

The soul body screamed in horror: "What are you going to do?!"

It seemed that he had predicted in advance what Lu Changsheng would do next.

The soul and body are constantly struggling, trying to break free from the big invisible hand that binds him!

The result can be imagined.

has no effect.

Even Huang Qian, Liu Zirui and Shi Sheng looked at Lu Changsheng suspiciously.

What is this for?

The opponent is just a strand of soul body.

Even if it is destroyed, it can only cause harm to the dark dragon.

And the next scene.

But it made several people turn pale with shock.

Lu Changsheng's face was dull, and he held his other hand in the air, and a transparent long sword appeared directly.

With the appearance of the transparent long sword.

Huangqian and the others were slightly surprised.

This is... the law of reincarnation?

No, this is not just an ordinary law of reincarnation.

It seems to be mixed with this force, which can reverse Yin and Yang, and reverse the power of the rules of this world!

I saw Lu Changsheng holding the long sword, and said softly: "This is the first time I use this move, of course, it is also for this situation..."

"Yin-yang, reincarnation, as long as it can be reversed, it is enough to kill the soul of the body from the air..."

Speaking of which.

Nor did he look at the expression of the pitch-black soul body that gradually became terrified.

Throw out the long sword in your hand.

The long sword penetrated directly into the dark soul body!

this moment.

The pitch-black soul roared out a roar of horror, fear, and death!

"How can it be!"

"How could there be such a move in the world!"

"Who are you...?!"

The drop of the last word.

The dark soul body was also completely annihilated at this time...

At the same time, in a wild, blood-red land, and an evil place with a black sky.

A dark dragon whose stature can be compared to a city, also let out an earth-shattering roar!

Immediately, the soul is shattered!

The dark dragon's eyes lost their focus, their luster...

...

Under the eyes of Kantian, Lu Changsheng also learned that the dark dragon was dead.

"Well, it looks like it worked."

Lu Changsheng looked at his hand and said, "Let's call it the Sword of Reversal..."

Huang Qian and Liu Ziru couldn't help smiling wryly.

This outrageous move.

It was really successful...

but.

I am afraid that only Lu Changsheng can perform this trick...

What they thought was not wrong.

Thanks to the primordial beginning, these various forces that control the rules of the world can be perfectly integrated.

At the same time, only Lu Changsheng has practiced Taichu.

...

Afterwards, Lu Changsheng restored the origin of the Zhentian Pagoda.

In the tower, there was a voice.

"Okay, let that kid come over, we will help him connect the Buddha Pagoda together."

Lu Changsheng looked at Shi Sheng.

Shi Sheng understood.

Floating in the direction of Zhentian Futu Pagoda.

around it.

Lu Changsheng wanted to release the array protection.

However, I heard that voice.

"It's best not to do this. Even though we can't see through your strength, if you use means to protect it, it will affect the connection between the two."

Lu Changsheng frowned slightly when he heard this, and was just about to say something.

But Shi Sheng laughed lightly beside him and said, "Master, it's fine."

"Opportunities and risks coexist, but this seems to be able to help Master, and maybe it can also enhance my strength."

"For this reason, I also have to try."

For Shi Sheng.

Already regarded Lu Changsheng as his relative.

To treat relatives, Shi Sheng can give up everything...

Chapter 906 Bearing the Qi of Demons

No protection whatsoever.

Shi Sheng walked alone towards the shimmering Tower of the Heaven-Suppressing Buddha in the endless abyss.

Looking at this scene, Lu Changsheng looked calm.

But the muscles of the whole body are already tense, and a hidden force circulates in the palm of his hand.

Once Shi Sheng had a life-and-death crisis.

Even if the Heaven-Suppressing Pagoda is not wanted, Lu Changsheng will rescue Shi Sheng.

At the moment.

In front of Shi Sheng's eyes, there was only endless darkness.

Among them, the demonic energy kept swirling in the abyss, washing over Shi Sheng's body, trying to occupy his heart and even his soul!

Seeing this, Shi Sheng waved his hand, and in the dantian, there were countless majestic stars rushing out!

The power of the stars condensed into a starry sky in this endless darkness!

Although in the endless darkness.

This starry sky looks very small, and the shimmering light is not enough to illuminate the darkness.

However, one can see the tenacity in it, constantly struggling in this darkness.

Guard Shi Sheng's heart and soul from being eroded by evil spirits.

Behind, Liu Ziru said with emotion: "Even here, I can feel that my mind is constantly being corroded by this evil spirit, and I can only forcibly resist it."

"But this little guy, Shi Sheng, has already gone so deep..."

Huang Qian nodded slightly, but did not speak.

But the admiration in his eyes grew stronger.

Shi Sheng's talent may not be the top among the Caotang disciples.

Even started later than other disciples.

Regardless of talent or background.

He doesn't seem to talk much, but he is the one with the toughest mind.

That's right.

At this point.

Maybe Ye Qiubai and the others are all inferior.

Because of the purity of Dao Xin.

Because of the relentless pursuit of what you want in your heart.

That's why Shi Sheng has such an astonishing tenacity.

certainly.

Shi Sheng himself understood.

My own lack of talent was originally improved through the help of my master.

However, even if the talent has been improved.

Then you should work harder to cultivate, and this can prove that Master's help is not useless.

Shi Sheng was not moving fast.

It took a full day to reach the vicinity of Zhentian Pagoda.

"Come in, kid."

Shi Sheng heard the words, nodded and entered.

Inside the tower.

The entrance is in ruins.

But before Shi Sheng had time to observe the whole picture of the surroundings, he was supported by an irresistible force and went directly to the top of the tower.

There are nine floors in the Zhentianfutu Pagoda.

However, every floor is a dilapidated scene.

The black demonic aura exudes a screaming sound, whistling in it continuously.

until the top of the ninth floor tower.

Only then did this wave of demonic energy disappear.

obviously.

The Zhentian Buddha Pagoda has almost been completely corroded by the evil spirit.

I'm afraid, when the demonic energy completely corrodes, even engulfing the ninth floor.

It's time for the Demon Realm to break through the seal suppression.

At this moment, in front of Shi Sheng.

There are four remnant souls.

Each remnant soul, although it looks extremely illusory, has the ancient aura in its body.

Only one person.

It made Shi Sheng feel that what he saw was a sea of stars.

"Cultivating the power of the stars... It seems that that person finally has someone to inherit."

"Hehe, if this was placed in that era, I am afraid that this young man would have to be forcibly accepted as an apprentice."

"Let's not talk about this, we don't have much time now."

At this time, one of the old men looked at Shi Sheng and said with a kind smile: "Listen to the next thing."

Shi Sheng nodded seriously.

"If you want to inherit the Zhentian Buddha Pagoda, it means that you have a heavy responsibility on your shoulders."

"The things in the Demon Realm will become closely related to you."

"Are you sure you can bear it?"

Shi Sheng was taken aback when he heard this.

Thinking in his heart, since Master is so concerned about the affairs of the Demon Realm, he naturally wants to take care of this matter.

Think here.

Shi Sheng also nodded.

"Very good." The old man said: "Having this intention is the first step. If you want to inherit this tower, you may not have to suffer a little bit of pain. If you can't bear it, you will be completely swallowed by the evil spirit below. You ...Have you thought about it?"

Shi Sheng thought for a while and nodded again.

Now that you have come here, you are naturally ready.

See here.

The four old men looked at each other and didn't talk nonsense.

I saw them pointing at Shi Sheng at the same time.

In an instant.

A mark appeared directly in Shi Sheng's starry sky dantian!

This imprint seems to be the shrunken appearance of the Zhentian Pagoda.

The moment this mark appeared.

Before Shi Sheng took a closer look.

Below the ninth floor.

It's still the demonic energy in the other eight layers, and it's starting to roar wildly at this moment!  
rushed towards Shi Sheng's body!

Shi Sheng lowered his eyebrows and saw this scene, his face changed in shock.

It was too late to dodge, so I had to run the Chaos Star Record immediately, and the starlight in the dantian of the starry sky completely bloomed at this moment!

Bunches of starlight enveloped Shi Sheng, forming a protection.

But.

Xingguang seemed unable to resist the demonic energy, and could only watch helplessly as the demonic energy rushed into Shi Sheng's body crazily.

washed Shi Sheng's mind and soul.

this moment.

Shi Sheng's mind and soul began to vibrate uncontrollably!

Not only is there a huge tearing pain in the soul, but at the same time, in the bottom of my heart, it seems that countless evils are beginning to take root!

Corrodes the mind.

Occupy the soul.

This is where the evil spirit is the scariest.

The four old men looked at Shi Sheng struggling to support, their faces were pale, but they didn't make a sound.

Can't help nodding slightly.

One of the old men said: "If it was before, I am afraid there is no need to suffer so much."

"But now the Zhentian Futu Pagoda has been eroded by 90% of the evil spirit. If you want to inherit this tower, you must first bear the evil spirit..."

"Let's see if he can pass this level..."

And in the outside world.

Time passed slowly.

Half a day later, Lu Changsheng and the others heard it.

In the town of Tianfutu Pagoda, Shi Sheng's extremely painful roar came!

"Ahhh!"

This roar of pain is like a beast.

It's hard to believe that this is the roar that a human can make...

Lu Changsheng also frowned instantly, just about to make a move.

But there was a voice coming from the sound transmission jade pendant.

"Master, I... I can carry it!"

Hearing this, after Lu Changsheng frowned, the power of Peng Bai in his hand suddenly disappeared.

Huang Qian patted Lu Changsheng on the shoulder, and comforted in a soft voice: "You, a master, don't know Shi Sheng's tenacity? Trust him, if it doesn't work, do it again."

However, at the same time, I was also surprised and uncertain.

Even Shi Sheng could hardly bear the pain.

How far has it reached?

Chapter 907 The Road to the Peak (13)

Shi Sheng's tenacity is beyond all imagination.

During the day.

Shi Sheng's painful roars can be heard from the town's sky pagoda.

Although the roaring voice will become weaker and weaker.

However, there is still no call for help.

Even the four ancestor remnants in the tower were very surprised.

"This level of pain has already surpassed the limit of his own physical body?"

"It's long overdue."

"What's more, this is not just as simple as pain, but also needs to bear the crisis of being occupied by the evil spirit and taking the soul. This kid is not bad."

It can make people's ancestors praise it so much.

Not more than one hand.

When they reach their level and experience, they say that one is one, and they will not falsely praise them just because of a little bit of human sophistication.

Because it is no longer necessary.

At the moment.

In Shi Sheng's body.

Limbs and bones have been completely corroded by the evil spirit.

Only the soul and the dantian in the starry sky can still resist in front of them.

It can be under the erosion of evil spirits.

Shi Sheng still cannot help but have evil thoughts!

Why do you want to practice Taoism?

What is the purpose of cultivating Taoism?

In Shi Sheng's heart, in order to be able to protect his parents well, they can live long as ordinary people.

This idea was gradually polluted by the evil spirit.

What is Longevity?

Why do we want to live longer?

Wouldn't it be good to live forever?

Why do you want to embark on this road that is a thousand times harder than your own longevity?

Amidst the roar, Shi Sheng's originally clear eyes were slowly eroded by the black evil spirit at this moment...

saw this scene.

The four human ancestor remnants all frowned.

"It seems... still not working..."

"After all, there are too many evil spirits... If this continues, I am afraid that I will be swallowed by evil thoughts and become a member of the evil realm."

"Do you want to force it out?"

"And look again..."

Outside the Tianfutu Pagoda in the town.

Lu Changsheng has been observing the situation of Shi Sheng in Zhentian Pagoda with the Eye of Surveying Sky.

When Lu Changsheng discovered this scene, he also thought about pulling it out forcibly.

But seeing Shi Sheng's eyes, although the evil spirit has already eroded half of the pupil, but when he wants to erode it again, there is always an invisible force fighting against it.

Seeing this scene, Lu Changsheng stopped thinking of rescuing Shi Sheng.

Maybe.

If Shi Sheng can rely on himself to survive this hurdle.

After passing this test, Shi Sheng will transform again...

...

Longevity?

Stop joking, the monastic world is prey to the weak, save yourself first, and then worry about such meaningless things, what are you talking about reaching the top?

A villain polluted by black air said so in Shi Sheng's sea of consciousness.

Shi Sheng looked at this villain, and said with a gloomy face: "This is my goal of cultivating Taoism. If I forget my original intention, why are I talking about cultivating Taoism?"

The filthy villain sneered: "Look at those who stand at the top, such as these human ancestors, which one didn't grow up with a mountain of corpses and a sea of blood?"

"The birth of a peak powerhouse is always to step on the luck and lives of countless people to climb up."

"At their level, which one is concerned? Only when there is no concern can one reach the peak."

Shi Sheng struggled in his eyes.

And it was at this moment that the evil spirit eroded one or two again.

"But... if you have no relatives or friends around you when you reach the peak, will you feel a little lonely?"

Hear here.

The filthy villain smiled contemptuously: "The road to the top is already lonely, besides, if you set foot on the top, what do you want?"

"Come on, don't hesitate anymore, let go of your soul that is bound by traditional concepts, and join us. With your potential talent, then you will reach the pinnacle and have everything."

Set foot on the top?

Have...everything?

Shi Sheng repeated these words in his mouth.

The confusion in his eyes became more and more intense.

It seems that this scene also slowly emerged in Shi Sheng's mind.

Alone, standing on the top of the mountain, no one can beat him, even if he is reincarnated in heaven, he cannot take his own life.

When the filthy villain saw this scene, the corner of his mouth twitched, revealing a sinister grin.

"That's right, you with this amazing talent, with our help, what things will not be at your fingertips then? Do you need to worry about what other people do?"

Shi Sheng raised his head with confused eyes. Now he seems to have forgotten the endless pain in his body.

He stopped screaming, and stared blankly at the front.

The four human ancestors looked at this scene and felt something bad in their hearts.

"Get ready to shoot."

"Well, if this continues, I'm afraid it will be irreparable."

"Oh, it's just a pity. If you can withstand this test, this kid will definitely be able to surpass us."

"Perhaps even us at that time, at his level, couldn't do this."

But.

Just when they thought so.

Shi Sheng's confused eyes seemed to move.

In his mind.

He stepped onto the peak and looked around blankly.

A sense of loneliness and sadness that has nowhere to rest swept over me like never before.

Parents have been born, aged, sick and died.

Master, the brothers and sisters of the Caotang.

are no longer by his side.

Looking down, there are only mountains of corpses and seas of blood.

Is this really what I want?

Shi Sheng's eyes moved, those dull eyes seemed to be shining with light at this moment!

See this scene.

The filthy villain's face changed in shock.

Shi Sheng's eyes became more and more clear!

yes.

Isn't my original intention of embarking on this path just to let my parents stay by my side longer?

Isn't it possible to prevent them from being affected by the rules of reincarnation?

If you forget your original intention.

If so, get to the top.

What is the use of such a peak?

Shi Sheng didn't want this kind of peak.

If you have to go to the top, you can only be alone, so why go to the top.

Such longevity, what else is there to do?

At that time, life will be worse than death, right?

thought of this.

Shi Sheng is no longer confused, the darkness in his heart seems to be dispelled at this moment!

In the dantian of the starry sky, endless stars began to bloom in all directions!

Blowing the horn of counterattack, forcing out all the evil spirits!

See this scene.

The remnants of the four human ancestors all showed kind smiles.

"This kid is incredible, incredible."

"The future achievements will surely surpass those of us old guys."

"Hehe, from now on, this little guy will never have anything that can shake his heart."

The heart of the Tao is the foundation of Taoism.

Without a foundation, how can you build a towering building?

Outside the tower.

Lu Changsheng saw all this in his eyes.

Can't help but also laughed out loud.

"This brat...is worthy of being my apprentice."

Chapter 908 No, they're not interested

Black sky, \*\*\*\* earth.

In a dilapidated wilderness, but also filled with the screaming sound of evil souls in the Demon Realm.

At this moment, several gloomy voices floated out of a black palace.

"The Tiantian Pagoda is still inherited?"

"That's right, that kid's Dao Heart is too strong, even with the blessing of so much demon energy, he can't shake it."

"The devil dragon has also fallen, but the body should still be useful, let's take it back."

"Perhaps, we should speed up..."

...

The evil spirit has been completely dispelled.

Next, it is only a matter of time before Shi Sheng gets in touch with Zhentian Futu Pagoda.

That's it.

Lu Changsheng was finally able to breathe a sigh of relief.

Beside, Huang Qian asked: "Successful?"

Lu Changsheng smiled and nodded, "Let's say it's a success."

Hearing Lu Changsheng's affirmation, Liu Ziruo also praised: "It can be successful under such circumstances, Shi Sheng is not ordinary."

But think about it again.

How can Senior Lu's apprentice be average?

After thinking of this, Liu Zirui couldn't help being speechless for a while.

All the disciples of this subordinate are so perverted, how will other forces play in the future...

I just hope that the dark domain and the Liu family won't provoke them...

No, just in case, you still have to remind them when the time comes.

Such people can only befriend, not offend!

"Okay, pay attention to your surroundings, and don't let the remnants of the Demon Realm take advantage of it."

...

During these three days.

The people from the Demon Realm did not show up to harass them again.

Shi Sheng also successfully got in touch with Zhentian Futu Pagoda.

The four remnants of human ancestors didn't say much, they just said, let Shi Sheng take a good look at the Zhentian Futu Pagoda, although the pagoda itself is still here to suppress the demon realm.

But the Dao Yun in it, as well as the trace left by that person, should be able to help you.

After paying respectful obeisance, Shi Sheng left Zhentian Futu Pagoda and came to Lu Changsheng's side.

"nailed it?"

Shi Sheng nodded with a smile: "I live up to Master's expectations."

Lu Changsheng was not stingy with his praise this time, "I didn't lose face."

Then he looked sideways at the fairyland passage.

Originally, tens of passages that had been occupied by demonic energy have now returned to their original appearance.

The evil spirit returned to the endless abyss below.

Looking at this appearance, it also bought a lot of time.

But still can't be careless.

Lu Changsheng turned around and said, "Okay, let's go, and see what's going on with those bastards."

After finishing speaking, he ran towards the direction of Fenyan Valley.

...

The Immortal Emperor's bedroom.

The Immortal Emperor's gaze has been set on the Immortal World Passage.

Seeing this scene, he also smiled and shook his head: "I don't know how great a supernatural power is, but he really did it to restore the original source of human ancestors."

"Three years of fighting for time...It actually gave us some breathing room."

Immediately, the Immortal Emperor looked to the east, and said lightly: "However, it should be time to open that place, right?"

...

Burning Flame Valley.

Lu Changsheng returned with Shi Shenghuangqian and Liu Zirui.

During this period of time.

Ye Qiubai and the others seized the opportunity and kept catching up with the disciples in Fenyang Valley to compete.

After recovering for a day, Xiao Hei couldn't help but go to Fen Yan for unilateral abuse.

It can be said.

These days.

Fenyang's disciples were tortured by Ye Qiubai and the others.

Can't beat the same realm.

As for the disciples who are in a higher state than them, they can't hold back their face. Even if they have been beaten, it is not honorable to say it.

You are a disciple of the fairy world, the realm is higher than him, and the background is better than them. If you beat you, you will go to publicize it.

Isn't this pure clown?

The result is.

Disciples in the same realm were abused not lightly...

After reporting to the elders.

The elder's reply was also extremely ambiguous, and he didn't answer directly anyway.

As everyone knows.

Gu Master has already said hello, don't stop Ye Qiubai and the others from challenging.

This is also a test for Fenyangu's disciples.

After learning about the situation of the disciples.

Lu Changsheng came to the courtyard where Fang Qiong practiced.

At first, Fang Qiong didn't notice Lu Changsheng approaching.

Instead, he was immersed in the Holy Form scroll.

Formation is a field that Fang Qiong has never set foot in.

But when he went to learn the formation.

But I felt an inexplicable familiarity.

Sudden.

Fang Qiong got up, and strands of silver light began to flash on the skin of his body!

Among these silver lights, if you perceive them carefully, you will be able to detect the aura of formations in them!

hard to imagine.

The breath of the formation actually exists in a person's physical body!

This is also unique to the physical exercises of the holy array prison.

It also shows that Fang Qiong has already stepped into the first level of physical skills in the Holy Array Prison, Silver Skin.

Being able to break through so quickly is also due to the cooperation of the spirits of the Creation Formation.

Lu Changsheng didn't make a sound to disturb, but watched quietly to see what kind of situation Fang Qiong had reached.

I saw Fang Qiong's body flickering with silver light.

At the same time, the law of the silver light flashing is actually similar to the annihilation and killing formation in the holy scroll.

A breath that could annihilate everything came out from Fang Qiong's body.

At this time.

Fang Qiong pointed forward, and a beam of gray light rushed out!

It actually directly pierced a hole in the fiery red stone wall in front of you!

The opening of the hole is extremely smooth, without any cracks.

You must know that this fiery red stone wall is not made of ordinary materials.

saw this scene.

Fang Qiong also breathed a sigh of relief, with a surprise smile on his face, but he restrained himself in an instant and became serious.

"No...it's not even close."

At this time.

Lu Changsheng said from the side: "Take it slowly step by step. If you are in a hurry, you won't be able to go very far."

Fang Qiong was taken aback for a moment, and immediately turned his head to look at Lu Changsheng, and hurriedly cupped his hands and said, "Thank you for your teaching, Master!"

Lu Changsheng said helplessly: "Don't play this game with me, relax."

Fang Qiong nodded.

"Okay, let me tell you about our side first."

Fang Qiong said earlier that he would follow them back to the mortal world.

Therefore, Lu Changsheng felt that it was necessary to talk to Fang Qiong about some things in the mortal world.

Low-latitude, mid-latitude, and high-latitude boundary areas, you don't have to be afraid of causing trouble now, but don't take the initiative to provoke it as if you were dying.

Although on the surface, Lu Changsheng already knew that their strength was not as good as his.

However, who doesn't know what kind of hidden masters are there?

Just as Lu Changsheng was explaining to Fang Qiong.

Master Gu walked in suddenly, and said with a smile, "Senior Lu, there is one thing that you...or your disciples should be very interested in."

Without looking back, Lu Changsheng immediately waved his hands and said, "No, they're not interested."

Chapter 909 Xianyuan Tongtian Mountain

???

Master Gu was full of question marks.

No...not interested?

And looking at this posture, there is no hesitation at all. On the contrary, he is afraid of being misunderstood, and wishes to refuse directly when he says this.

not to mention.

Isn't this good for your disciples?

What an experience opportunity!

and...

The owner of the valley spread his hands and asked: "Senior Lu, there is a quota limit in that place, even in our Fenyan Valley, there are only two quotas, and other third-rate or even second-rate forces must pass through the quotas. People challenge, and success can replace them."

"However, His Majesty the Immortal Emperor directly gave the places to all your disciples!"

Speaking of this, Gu Zhu secretly laughed in his heart, must his heart be moved now?

Under normal circumstances, this kind of quota is scarce, and places with harsh entry conditions are the most precious places.

It's that \*\*\*\* of the Immortal Emperor again...

After hearing this, Lu Changsheng frowned.

According to what Gu Zhu said, they got so many places out of thin air, like opening a back door.

Wouldn't it be a living target to attract firepower?

It is not difficult to imagine that there will be countless unconvinced people to challenge.

At that time, it will be too troublesome.

Seeing that Lu Changsheng didn't answer directly.

Maybe the owner of the valley was afraid that Lu Changsheng would refuse again, so he explained again.

"Xianyuan Tongtian Mountain, as long as you can reach the top and bathe in the water of Xianyuan Tianchi, you can get the blessing of Xianyuan."

"With the blessing of immortal fate, whether it is absorbing immortal energy or comprehending the Tao, there will be a huge increase. More importantly, if you can condense the imprint of immortal fate, you can enhance your luck, but..."

but?

The owner of the valley said with a slightly dignified face: "It is recorded in ancient books that people who get the imprint of immortal fate have other more important functions, but after that, all related records have been destroyed, and I am afraid that only the immortal emperor Only by existence will we know a little bit."

good very good.

BUFF is full!

Increasing luck has other important functions, and the ancient records related to it have also been destroyed.

Is this an inappropriate mission for the protagonist?

Lu Changsheng couldn't help scratching his head and sighed slightly, but if that's the case, let them go.

It is an extremely rare opportunity to increase that illusory luck.

What's more, the seal of the fairyland channel can only last for another three years.

During this period of time, they must be accelerated to grow.

If it was before.

Lu Changsheng would never have such an idea.

Although it may be possible in the future, it is still impossible to stop the disciples from going.

But definitely will not agree to nod.

But after going through so many things, Lu Changsheng's cautious character slowly began to change.

Although still cautious.

But you will also start to think about whether it is within your control.

Lu Changsheng nodded and said, "I'll ask them, but I'm sure they won't refuse."

The owner of Fenyan Valley heaved a sigh of relief.

I was also a little puzzled.

If such a good thing happens to someone else, I'm afraid it's too late to be surprised.

But the senior Lu in front of him didn't take it seriously at all, and at first he directly refused!

You know, this is the quota issued to them by His Majesty the Immortal Emperor himself.

what does that mean?

It can already be said that His Majesty the Immortal Emperor wants them to go.

The person who even responds to the wishes of the emperor so flatly, what kind of person is there?

After all, in the entire fairyland.

No one has the will to resist the Immortal Emperor.

At least not on the bright side.

...

Afterwards, Lu Changsheng informed Ye Qiubai and the others about the matter.

Ye Qiubai and others naturally expressed their willingness to go.

After all, it is a rare opportunity to experience and learn more, the strength of immortal cultivators in the fairy world.

Fang Qiong also happened to try first, what kind of situation he can achieve when he has just formed the annihilation and killing array.

"However, according to the past, you shouldn't say this kind of thing. This kind of thing is too risky and will involve cause and effect. Are you unwilling to let them go?" Huangqian on the side asked, leaning against the wall with her arms crossed.

Hearing Huang Qian's words.

Ye Qiubai and others, as well as Liu Ziru nodded.

Fang Qiong looked confused, after all, he hadn't had a deep understanding of Master's character.

Lu Changsheng rolled his eyes, spread his hands and said, "Even if I say I won't let you go, don't you still go? This kind of thing suits your appetite the most?"

"However, it's okay to go, as the old saying goes, don't stir up trouble everywhere, understand?"

Everyone nodded.

...

The opening time of Xianyuan Tongtian Mountain will be three days later.

During these three days, everyone who has the quota to enter Tongtian Mountain has basically been challenged over and over again.

certainly.

Most of them still did not succeed in the challenge.

Those who can enter the first-class forces and have quotas are all immortal cultivators with extraordinary talents.

What's more, with the support of a strong background, how could it be so easy to be defeated by the arrogance of other second- and third-rate forces?

certainly.

There will always be accidents.

Two little-known immortal cultivators turned out to win the places.

One of them is Wei Zhaoyun, an unborn genius of the second-rate forces.

The other person is He Yuan, the son of the Mansion of the Lord of Crane City.

When Fang Qiong accidentally heard this name, his pupils shrank suddenly.

The spirit of the magic formation on his body surged out uncontrollably, and his skin shone with silver light!

Ye Qiubai on the side noticed Fang Qiong's abnormal state, and couldn't help asking: "What's wrong, Junior Brother Fang?"

"Crane... far away." Fang Qiong lowered his head, gritted his teeth, and almost screamed these two words from his throat.

Endless killing intent burst out in Fang Qiong's eyes!

"fine..."

However, under Ye Qiubai's worried eyes, he still forcibly suppressed the killing intent and shook his head.

It's not that I don't trust my brothers and sisters.

But Fang Qiong has already made up his mind that this matter must be resolved by himself!

See it.

Ye Qiubai didn't ask any more questions, but nodded and said, "If that's the case, then I won't ask any more."

"But..." Changing the subject, Ye Qiubai reminded: "If there is anything difficult to solve, remember to discuss it with us. After all, you are already a member of the thatched cottage, and your business is our business."

Fang Qiong nodded gratefully when he heard the words.

...

At the same time, the news that Ye Qiubai and others had quotas gradually spread.

This also surprised countless people.

Why, these people can have so many places at the same time?

And these people don't have any fame, let alone on the list.

How did you get the quota?

Don't want so much.

Many cultivators who did not have quotas also headed towards Fenyan Valley.

At the same time, the person who has the quota cannot refuse the challenger.

Unless the opponent's realm is higher than it.

Chapter 910 Competition for places (13)

Xianyuan Tongtian Mountain will open in three days.

Countless cultivators in the fairy world are crazy about it.

Those who don't get the quota will go crazy to challenge those who have the quota.

Increase luck.

This seemingly illusory thing is something that countless people desperately want to pursue.

The person who has the quota will also be known to others through unknown special channels during this period of time.

And beyond the Fenyan Valley.

Many immortal cultivators also came to the door, wanting to challenge Ye Qiubai and others.  
to this end.

The owner of Fenyan Valley also came up.

"There are a lot of challengers out there, what do you think?" Gu Zhu smiled and said, "If you don't want to accept it, I will help you reject it in the name of Fenyang. Presumably they will also sell me a thin noodle from Fenyang."

Although Ye Qiubai and the others were in the same realm, they couldn't refuse, but if Fen Yang came forward, other forces would have to sell face.

After all, the forces behind these people will never want to be enemies with Fenyang.

Ye Qiubai smiled and looked at Hongying at the side.

Hongying shrugged.

Shi Sheng smiled lightly.

Ning Chenxin, Mu Wan'er, Xiao Shitou, and Xiao Hei also spread their hands indifferently.

Only Mu Fusheng felt helpless.

Looking at their posture, they still want to accept the challenge.

So he just nodded.

Seeing this, Master Gu laughed and said, "As expected of the disciples of Senior Lu! Well, let's challenge on the Fenyan Terrace."

Immediately, the owner of the valley also ordered the people below to bring the challengers in, and at the same time limit their realm.

Only those who are in the same realm as Ye Qiubai and the others can challenge.  
soon.

Fenyan Terrace was surrounded by crowds.

There are disciples of Fenyan Valley, and more challengers at the same time.

Obviously, the news that Ye Qiubai and others accepted the challenge quickly spread throughout the Fenyan Valley.

but.

The disciples of Fenyan Valley did not have the slightest worry. When they looked at those cultivators from other forces, there was pity in their eyes.

"Same realm... even we are no longer opponents, how can these people be opponents of those monsters?"

"Hehe, we can finally rest."

"We were always laughed at before, but now it's not bad to stand here and watch other people's jokes."

As for those who want to take on the challenge, everyone has a look of confidence in their eyes.

Ye Qiubai, Hongying and others are not on the list, let alone famous.

It is estimated that the strength is just like that.

Of course, there are also dignified ones, and they are more clear-headed.

Those who can get the quota, how can there be ordinary people.

They came here just to try their luck.

At this time, Ye Qiubai looked at the junior sisters and younger brothers beside him, and asked with a smile, "Which one of us will come first?"

Hongying smiled and waved her hands: "You are a senior brother, go and make a sample."

Ning Chenxin also smiled and said: "Perhaps after the big brother makes a move, he will retreat after seeing your strength."

"There is no such thing as easy." Ye Qiubai shook his head with a wry smile.

However, he jumped up and came to the Fenyan Stage.

The Hunyuan Immortal Sword slipped into the palm of your hand!

"Who goes first?"

The three words fell.

The challengers were also stunned.

It seems... so crazy...

After realizing the state of Ye Qiubai's late fairyland.

A man jumped up from the crowd and came to Ye Qiubai.

Pointing forward with the spear in his hand, he said coldly: "I want to see if you are qualified to have this quota."

It is also the late stage of the fairyland.

After this person came to power, everyone's pupils also shrank.

"Ji Chengfang... I didn't expect that he came out of that secret realm?"

"Who is Ji Chengfang?"

"The son of the side door of the Ji family, was persecuted by the people in the family in the early years. After escaping, he practiced alone and encountered many opportunities. Now he is invincible in the same realm."

"I've also heard that in the late stage of the Earth Immortal Realm, there are very few people who can compete with it, and there are also many powerful forces who want to take him as a disciple."

"It's a pity that he didn't join the sect, otherwise the quota to enter Xianyuan Tongtian Mountain may really fall on his head."

"Then this person probably has no chance."

Around.

Fenyangu's disciples heard it.

They couldn't help but rolled their eyes.

Earth Wonderland late stage...

The same realm as the monster Ye Qiubai...

Unless it is a level higher than him, otherwise...

Hehe, let's pray that he doesn't lose too badly.

Ye Qiubai naturally heard the discussion below, but there was no sign of retreat in his eyes, but the fighting spirit seemed to be gradually climbing.

Ji Chengfang also said with a cold expression: "I won't tell you to give up, but I hope you will be quicker when you admit defeat, otherwise the spear in my hand will not show mercy."

Hearing this, Ye Qiubai smiled: "Let's do it."

Ji Chengfang nodded, stepped forward with his right foot, and stomped lightly.

In an instant!

An extremely sharp gun intent shot up into the sky, piercing the sky!

The gun has not been released yet.

Ye Qiubai's clothes were pierced several corners by the sharp spear intent.

Sure enough.

The arrogance of the fairy world is not so simple.

Compared with the mortal world, it is much stronger.

but...

Ye Qiubai's mouth slightly lifted.

The Hunyuan Immortal Sword in his hand was slightly mentioned.

Jian Yusheng!

The sword intent of the fairy sword, which has been tempered many times, surged out at this moment!

Like a stormy sea, it hit Ji Chengfang's gun intent.

Wei Wei suppressed it all at once!

When everyone saw this scene, their faces changed slightly.

This realm has reached the realm of Immortal Sword. Although they are already regarded as top geniuses in swordsmanship, they still can't surprise them too much.

However, Ye Qiubai's Immortal Sword Realm is obviously not comparable to ordinary Immortal Sword Intent.

Sharpness.

The density of sword intent.

And strong.

It is not comparable to the general realm of fairy sword.

Fen Yan under the stage.

Hongying smiled and said: "Senior brother's kendo has improved again."

Mu Fusheng spread his hands: "After all, I have been honing the sword these days. With the talent of the sword, it is not surprising that my brother has been promoted to this level."

Mu Wan'er bouncingly said: "Brother, beat him up! Don't let other people underestimate us!"

Xiao Hei curled his lips: "I don't want to make senior brother show off too much. If people in the future dare not come up to challenge, it will be boring."

After the constant sparring with Fen Yan.

Xiao Hei's physical body has improved again, and now, it is obviously not a problem to kill a strong man in the middle of the Celestial Wonderland.

Lu Changsheng also came to the attic at this moment. Looking at this scene, he said helplessly: "I just hope this kid doesn't show off again and expose the identity of the person who has the quota. Obviously he wants to make things bigger... When the time comes, troubles will come again." There are more."

On stage.

Ji Chengfang's face was solemn, he put away his relaxation, and said in a deep voice: "My spear intent is no match for your kendo, but I don't think I will lose so easily."

Speaking of which.

Ji Chengfang held a spear in both hands, and with a soft drink, he shot directly at Ye Qiubai!
