

My Disciples 911

Chapter 911 Ji Chengfang is defeated! (twenty three)

On the burning flame stage.

I saw Ji Chengfang charged towards Ye Qiubai with a spear in his hand.

The spear intent swirled around, coiling around the spear in Ji Chengfang's hand.

The long spear pierced through the wind, and at the same time it pierced towards Ye Qiubai, it made a burst of screaming sound!

Ye Qiubai watched this scene, but didn't step back and dodge.

Instead, holding the Hunyuan Immortal Sword, he slashed at Ji Chengfang who was coming towards him!

Boom!

Under the confrontation of guns and swords, the spear intent and sword intent continued to spread toward each other!

In the sky.

Spear Intent and Sword Intent competed against each other, dividing the sky into two, each occupying one side!

The surging air current caused the spectators below the Fenyan Terrace to frown.

Just look at this pairing.

It is enough to see that Ye Qiubai is not as weak as they imagined.

With this level of strength, even if it is placed among the first-class forces, it is still the arrogance of the first echelon!

at the same time.

Fenyangu's disciples also recognized Ji Chengfang's strength.

Those who have this kind of spear realm, in Fenyan Valley, there are not many people who can do it under the same realm.

After Ji Chengfang was hit by a shot, he didn't choose to continue fighting with Ye Qiubai. He took a few steps back, changed an angle, waved the spear in his hand, and slashed towards Ye Qiubai!

Because he knows.

My spear realm is not as good as Ye Qiubai's sword realm.

If he fights for a long time, he will not have any chance!

Instead, he will be suppressed by Ye Qiubai, thus finding an opening and killing him with one blow!

Only in this way can Ye Qiubai's weakness be found!

But.

Ye Qiubai has already guessed Ji Chengfang's movements and thoughts, and his perception has always been on Ji Chengfang.

The sword intent has also locked onto Ji Chengfang.

While he retreated with one blow.

Ye Qiubai's body also moved accordingly.

Since you choose to dodge, it will not be as you wish!

To know.

In terms of actual combat, after countless battles with Lai Qingyun and the others, as well as training in Fenyan Valley.

Ye Qiubai's actual combat experience has increased a lot again.

When you have an advantage, you must take advantage of it and expand it!

Ji Chengfang also frowned slightly when he saw Ye Qiubai following him like a shadow.

The speed of the two sides is actually not much different.

However, the advantage of a sword over a spear is that it is more flexible.

On this basis.

Ye Qiubai would have chased him in the first place.

Ji Chengfang cannot escape successfully.

In desperation, I had no choice but to forcibly fight back!

Clang clang!

On the burning flame stage.

The sound of guns and swords intersecting can be heard endlessly.

In other words, there is no pause at all, and it keeps ringing!

The challengers below looked at the stage with solemn faces.

Originally thought that Ji Chengfang's going up would be enough to defeat Ye Qiubai and take away the spot.

But now it seems.

Ji Chengfang was the suppressed party instead!

"Ji Chengfang is at a disadvantage..."

"That's right, after Ji Chengfang found out that his gun skills were not as good as the opponent's, he wanted to retreat, but Ye Qiubai didn't give Ji Chengfang a chance to retreat at all, and used his flexibility advantage to keep fighting with him."

"If this continues, Ji Chengfang may be defeated..."

"Under the same realm, if Ji Chengfang is defeated, then maybe there really is no chance..."
after all.

Among them, Ji Chengfang is already a very powerful talent.

"However, if someone who is also a sword repairer goes up to challenge, maybe there is a chance of winning?"

Overheard the conversations of these people.

The sword cultivator disciples of Fenyan Valley all frowned.

The sword cultivators went up to fight the monster Ye Qiubai...

That is, there is really no chance at all...

These sword cultivator disciples have all sparred with Ye Qiubai.

In that sword domain, Ye Qiubai is like a king of swordsmanship, in front of him, all swordsmen's swordsmanship will be suppressed!

Under the same realm, there is no chance at all!

"But Ji Chengfang is really good."

"It's not bad, it's not bad, the defeat is already settled."

"Well, I guess I have to put all my eggs in one basket, otherwise I won't be able to keep up with Ye Qiubai's attack speed, and I will be caught."
as expected.

Under the analysis of Fenyangu disciples.

Five breaths of time have passed.

Ji Chengfang gritted his teeth.

Standing still, holding a long spear, the meaning of gun way began to condense towards the tip of the long spear crazily!

A faucet slowly emerged above the tip of the spear!

Roar!

The sound of dragon chant resounded throughout the Fenyan Terrace!

Ji Chengfang said with a solemn face: "You are indeed qualified to have this quota. If you can take this blow, then I can only admit defeat."

Ye Qiubai felt a little speechless.

With your current aura, you can only swing this shot.

He also said to admit defeat... It's pretty cool.

I think so.

However, Ye Qiubai did not underestimate the enemy. In the sword field, the sword intent of the fairy sword also began to gather.

The Hunyuan Immortal Sword in his hand gave out wisps of huge aura!

Seeing this, Ji Chengfang no longer hesitated.

roared.

The spear in his hand came out!

It was thrown in the direction of Ye Qiubai!

In mid-air.

The spear turned into a giant dragon, and with the dragon chant, it hit and went away!

Ye Qiubai watched this scene and took a step forward.

whispered in his mouth.

"The Fourth Sword of the Sword Classic of the Beginning...Breaking Demons!"

With Ye Qiubai's current strength, he can already use the fourth sword of the Taichu Sword Classic many times!

One word fell.

Ye Qiubai swung his sword towards the giant dragon!

The moment of swinging the sword.

Day rises!

Slashed on top of the dragon!

Boom!

ton time.

The breath on the Fenyan platform surged wildly!

The surrounding space also trembled violently at this moment!

The spectators in the audience, those who are low-level, or those who are in the same level, have released a barrier of immortal energy to resist the aftermath of the shock!

Attack by two people.

The power is too terrifying!

For a while, it was impossible to see what happened on the stage with the naked eye!

But.

But it can be clearly seen.

That giant dragon was brutally suppressed under the broad daylight!

The head of the giant dragon has a series of cracks, which began to spread gradually!

Ji Chengfang looked extremely ugly when he saw this scene, pale and bloodless.

From the corner of his mouth, blood began to trickle out slowly.

This sword is no longer a sword that can be released in the late stage of the fairyland!

The person in front of me.

The realm of swordsmanship has exceeded his imagination!

When the disciples of Fenyan Valley saw this scene, they shook their heads helplessly.

"Okay, this monster is going to win again."

"Although there was nothing unexpected, but seeing this sword again, I still couldn't help being surprised."

It seems like a long time has passed.

In fact, it is only the time of five breaths.

The dragon is completely broken!

The spear was thrown out directly.

At the same time, Ji Chengfang's face turned pale in an instant, and blood gushed out wildly.

Staring at Ye Qiubai who was still standing calmly, he smiled wryly: "You won."

then fell down directly...

Chapter 912 Xiaohei's arrogance!

The spectators below the Fenyan Terrace watched this scene.

are all horrified.

From the beginning, I thought Ye Qiubai would definitely lose to Ji Chengfang.

Halfway through, Ji Chengfang was ruthlessly suppressed.

And now, Ye Qiubai smashed Ji Chengfang's strongest shot with his sword.

It wasn't just Ye Qiubai who defeated Ji Chengfang.

They were amazed at Ye Qiubai's strength!

"Is he only in the late stage of Wonderland?"

"That's right, but when I saw this sword, I was also a little confused. Is this really the power of a sword that can be slashed in the late stage of the fairyland?"

"I'm afraid even if it's a half-step fairyland, it's nothing more than that?"

Although the disciples of Fenyangu were a little surprised, they were within their expectations.

What was surprising was that Ye Qiubai's kendo strength had improved again.

It was Ye Qiubai who played this battle too beautifully.

Whether it is the grasp of opportunities, or the struggle with Ji Chengfang.

Fantastic!

As expected, Ji Chengfang will definitely not be Ye Qiubai's opponent.

Although Ji Chengfang's strength is also very good.

But when encountering such a monster, how can the same realm win!

Unless it is Asgard or the few arrogances on the list...

On the other side, among the crowd.

There were also a few immortal cultivators with plain faces watching this scene.

"Heh, I still have some strength..."

"The strength is indeed good, but even so, there shouldn't be so many places."

"Well, what's more, they don't seem to have joined any party. How did they get the quota?"

"Let's not talk about it, the next person will come up, let's see how strong this person is."

The voice did not fall.

On the burning flame stage.

A tall, dark-skinned man jumped up.

When landed on the Fenyang Terrace, there was a deafening boom!

Of course Xiao Hei!

After Ye Qiubai won, Xiao Hei couldn't wait to rush to the Fenyan Stage before Ye Qiubai came down.

This scene made Ye Qiubai and the others helplessly smile.

"He's really a battle madman..."

And Xiao Hei also looked directly down, grinning, "Who wants to challenge, come up."

As soon as these words came out, the challengers under the Fenyan Terrace frowned slightly.

This is too arrogant.

But after watching the battle between Ye Qiubai and Ji Chengfang.

They didn't dare to underestimate the man on the stage.

In their view, although Xiao Hei doesn't have the slightest trace of immortality on him.

But that physical strength brought them a more intuitive feeling!

is a physical trainer!

And it's a physical trainer comparable to the Heavenly Wonderland!

Seeing that no one came to the stage for a while, Xiao Hei frowned slightly, why are there so many ink stains.

So he said: "In the fairyland, anyone can come up."

That is to say.

Even people who are at the peak of the Heavenly Wonderland can challenge Xiao Hei on stage!

Hongying smiled and shook her head: "Why do you feel that Xiao Hei's character is getting more and more crazy?"

Ning Chen held an ancient book in his heart, and said with a light smile, "Don't feel it, it has indeed changed. In the past, Xiao Hei was very restrained under normal circumstances, but when it came to fighting, he would become very crazy. "

"Even if you don't enter that special fighting state now, you will still be crazy."

Mu Wan'er pouted, "It's just that Brother Xiao Hei's blood is too special, and now he can heal his injuries on his own, making my elixirs useless..."

Mu Fusheng sighed beside him.

"I still prefer the former Brother Xiaohei, at least he won't take the initiative to solicit hatred. In this situation, Brother Xiaohei will probably be the same as Senior Brother in the future."

Ye Qiu paled and turned black.

Damn it, why is all the black water pouring on me now...

No matter what, you can lie down with a gun.

In the attic, Lu Changsheng's body shook when he heard Xiao Hei's declaration.

He raised his head and covered his forehead.

Ah, mother...how did Xiao Hei become like this...

How will I live after this...

Recalling lying on a wooden chair in the Longevity Realm, bathed in the warm sun, with three liang of wine and a stack of side dishes beside me.

Water the vegetable garden.

Fertilize the willow tree.

Such a day.

seems to be getting farther and farther away from me...

Think here.

Lu Changsheng suddenly wanted to cry.

The challengers below were all furious when they heard what Xiao Hei said!

Start pointing towards the little black finger.

Fenyangu's disciples covered their faces.

"They don't seem to understand this madman yet..."

"It's okay, you'll know after one fight. As long as this lunatic doesn't die, his fists won't stop."

"Immortal? Hehe, even at the moment when the soul is completely extinguished, I will bite a piece of flesh off of you!"

"really."

as expected.

A challenger in the late stage of the Immortal Realm jumped up directly.

said directly: "Your physical strength should be in the early or middle stage of the Heavenly Wonderland, right?"

Xiao Hei nodded.

The man sneered: "Then don't blame me for bullying the younger, the quota of Xianyuan Tongtian Mountain is too precious, I can only blame you for being too arrogant!"

When the last word falls.

The man grinned and rushed towards Xiao Hei!

In the process of rushing out, a double-edged ax suddenly appeared in his hand, and with the sound of a tiger roaring, he slashed towards Xiao Hei's head!

See this scene.

How could Xiao Hei retreat?

A smile of excitement appeared on his face.

The eyes were filled with fighting spirit and black devil energy almost in an instant.

at the same time.

There are six lines emerging on the body, and the strength of the physical body soars instantly!

Eternal Magic Physique!

The moment when the double-edged ax approached.

Xiao Hei was under everyone's horrified eyes.

It was a direct punch, and it went straight towards the double-edged axe!

Carry the double-edged ax with the flesh!

You know, the level of this double-edged ax is not low!

Even if one is a body trainer, isn't this a bit too confident in the strength of his physical body?

But.

When Xiao Hei's fist hit the double-edged axe.

Their views have changed.

His eyes also changed from horror to horror.

I saw that although Xiao Hei's fist burst out a lot of blood in an instant!

Even the **** was directly bent.

The sound of broken bones is endless!

But.

At the same time, the man also felt a huge irresistible force from his double-edged axe, which was fed back to his hands!

This force made the man feel that the body repairer in front of him was not human.

It's more like a prehistoric beast that got out of trouble!

Boom!

Under the loud noise, the sound of Xiao Hei's bones being broken was covered.

The man roared in pain.

He was thrown back directly, and retreated to the edge of the Fenyan Terrace!

But.

What surprised them even more was not this.

Xiao Hei did not choose to rest when his hand was seriously injured.

Instead, he directly chased after the man, raised his other hand, and punched out again!

This...what a crazy way of fighting?

Chapter 913 Xianyuan Tongtian Mountain, open!

The man looked at Xiao Hei who continued to rush forward without any pause, and a trace of fear flashed across his face.

I want to raise the double-edged ax in my hand to meet it.

However, when he raised the double-edged ax in his hand, he found that his hands were trembling uncontrollably!

It's not just fear.

It was more about Xiao Hei's punch just now.

The terrifying power was transmitted from the double-edged ax to his hands!

The man thought, if there is no double-edged ax to offset part of the force.

Could it be that his hands have been smashed to pieces?

The moment I thought of this.

Xiao Hei's figure is approaching.

The arrogant smile on that face, as well as the huge fist, gradually enlarged in his pupils!

It's too late to resist...

And the rear is still outside the Fenyan Terrace.

If so, two punches are defeated.

That would be too embarrassing!

What's more, my realm is still higher than the other party's!

The man gritted his teeth and roared angrily.

The immortal energy all over his body burst out suddenly!

unexpectedly threw the double-edged ax at Xiao Hei!

It's just that the double-edged ax seemed to be lost, and it passed Xiao Hei's side.

The man who discarded the double-edged ax also exploded with amazing speed in an instant.

Dodged from the side, avoiding Xiao Hei's punch.

Afterwards, in an avoiding position, he directly caught the thrown double-edged axe, and slashed wildly away from Xiao Hei's back!

It seems that I have a premonition long ago.

Xiao Hei suddenly stepped on the Fenyan Platform.

Boom!

There was a loud bang.

Xiao Hei's forward figure stopped forcibly, turned around suddenly, and kicked out!

Another confrontation with the man's double-edged axe!

The man's face changed drastically, the strength of this kick was actually stronger!

Moreover, at this moment, Xiao Hei's whole body has been covered by black armor at some point!

Monstrous devilish energy, blooming on the Fenyan Terrace!

The man was no accident, and flew out again!

Xiao Hei's legs also had the sound of bone cracking.

But this still couldn't stop Xiao Hei's offensive.

This hand is broken, then continue to attack with the other hand.

Your left foot is injured, so use the other foot to charge!

On the burning flame stage.

The two continued to confront each other.

In other words, the man was constantly being chased and beaten by Xiao Hei.

Such crazy fights.

It is really hard to see.

Countless challengers watched this scene, and were too horrified to speak.

Among the crowd, those immortal cultivators who were calm at first were also slightly dignified at the moment.

"Physical strength is very strong, and a person who refines his body will indeed be more aggressive in actual combat."

"Well, and this kind of desperate style of play, under the circumstances that life and death are not limited, I am afraid that it can explode with palpitating power."

"This child... is indeed eligible for the quota."

The disciples of Fenyan Valley also looked like they had seen a ghost.

Although they have seen Xiao Hei's style of play before.

But seeing it again now, I can't stop my heart palpitations.

At some point, Fen Yan also came to the audience.

Seeing this scene, he couldn't help but smile wryly.

Since he has been sparring with him, Xiao Hei's fighting style has become more and more crazy.

It seemed that he didn't care about his injuries at all.

It seems... desperate to improve his own strength.

As if there was something chasing him behind.

certainly.

This is not something he can ask.

I am nothing more than a training partner at best.

Time passed for a stick of incense.

On the burning flame stage.

Under Xiao Hei's crazy offensive.

The man became more and more overwhelmed.

finally.

Under Xiao Hei's last punch.

The double-edged ax in the man's hand was directly blasted out.

A mouthful of blood spewed out from the mouth, and flew upside down out of the Fenyan Terrace!

This battle.

Xiaohei wins!

Moreover, the success silenced these challengers.

Recall that Xiao Hei just came to power.

said those words.

In the wonderland, anyone can come up.

At first, they thought it was nothing more than raving.

Can now.

This body trainer beat this man in the late stage of the Heavenly Immortal Realm from the beginning to the end.

and.

Xiao Hei's fighting style is even crazier than Ye Qiubai's before...

At the moment.

Xiao Hei stood on the Fenyan Terrace. Although he was wounded, the smile full of fighting spirit on his face did not diminish at all.

"Who else? Keep going!"

See this look.

All the challengers felt palpitations.

this moment.

Fen Yan outside the Fen Yan Terrace seemed to have heard a sound transmission, and was also slightly taken aback, then glanced at Lu Changsheng on the attic, and nodded slightly.

With a slight movement of footsteps, he came to the Fenyan Platform.

Everyone was taken aback when they saw this.

"Isn't this the pride of Fenyan Valley, Fenyan?"

"Well, he is also on the Immortal King List now."

"What is he doing here, isn't there already a quota?"

Fenyangu's disciples also looked bewildered.

At this time, Fen Yan smiled and said: "Let's go here, Xiao Hei has already proved that he has the strength to get the quota, and he has already been injured, so there is no need to continue fighting."

Xiao Hei frowned slightly, just about to speak.

But I heard Fen Yan's voice transmission: "Your master told you not to reveal too much."

Xiao Hei was taken aback for a moment, then nodded obediently.

See it.

Burning flames.

Sure enough, only Senior Lu can suppress this group of people.

Fen Yan continued to laugh and said: "Okay, you can continue to challenge other people, but only for one challenge, and I hope you will give us Fen Yangu a face."

Hear here.

Although the challengers are unhappy, after all, the opponent is injured, and now is the best time to win the spot.

But because of Fenyangu, he had no choice but to give up.

Next, Hongying, Ning Chenxin, Mu Fusheng, Shi Sheng, Mu Wan'er, and Xiao Shitou took turns.

Under the same realm, no one is their opponent at all!

And what surprised them the most was.

That alchemy woman actually has such a powerful fighting ability!

Mu Wan'er used a pill furnace to explode extremely powerful power.

Such as the flame in the pill furnace, and all kinds of strange medicines.

Make challengers hard to guard against.

There are also small stones.

Obviously still looks like a child.

The realm and strength are so high.

One of the most difficult Taoisms to cultivate, the space Taoism.

It is also used superbly in the hands of small stones.

Can't lock his position at all!

Now, these challengers have no choice but to leave Burning Flame Valley dejectedly.

As for those cultivators, their faces became more serious after watching the battle.

They don't seem to have gotten the places by luck...

But really powerful...

Despite their individual strength, only Xiao Hei surprised them.

However, they all seem to be from the same faction.

One faction can get so many places.

Even except for the top forces of Asgard, it is impossible!

Didn't you see that there are only two places for Fenyangu?

Wait until three days after the incident.

Xianyuan Tongtian Mountain.

is always on.

Chapter 914 Lu Changsheng: I will be lighter

Xianyuan Tongtian Mountain, not those who have a quota can enjoy the baptism of Xianyuan Tianchi.

There are three stages in total.

The first stage is to climb Tianshan Mountain.

Tongtian Mountain is extremely towering, from the halfway up the mountain, it has been hidden in the clouds.

Climbing Tianshan is to walk upwards at the only place leading to the halfway up the mountain, which is a straight ladder.

Of course, there are restrictions on Tongtian Mountain, so it is impossible to control the sky.

At the same time, around the stairs, there is an extremely ancient but mysterious suppression formation.

Once you step on both sides of the ladder and want to climb from other places, you will be directly killed!

There is no chance to resist.

And each step of the ladder has different tests.

The way of fire, the way of wind, the way of thunder, the way of water, and the illusion in the last paragraph.

Just this first level, at least half of the people will be wiped out over the years!

At this moment, the cultivators who have quotas have gathered at the foot of Xianyuan Tongtian Mountain.

Those who do not have a quota will be rejected by Xianyuan Tongtian Mountain.

Ye Qiubai and others were naturally among them.

Look around.

Everyone's breath looks very difficult.

But there is no need to worry about the gap in realm.

After all, from the moment you step into it.

The realm will be suppressed by Xianyuan Tongtian Mountain to the middle stage of the earth fairyland.

Of course, people with higher realms still have an advantage in background.

Fen Yan stood beside Ye Qiubai and the others, with a dignified look on his face, "This time, the Xianyuan Tongtian Mountain has caused so many monsters to come out..."

Xiao Hei asked from the side: "How do you say it?"

Ye Qiubai and the others also looked over.

I saw Fen Yan pointing to the person directly in front, and said: "For example, he, Xiangong Qiu Jing, was originally the strength of the Immortal King Realm, and at the same time he occupied the second place in the Immortal King Ranking."

Then point to another woman.

"One of the seven daughters of Qiongxian, Hanlu, is the fourth on the list of immortal kings."

"The most unpredictable thing is this Yang Feng. Although he only has the strength of the early stage of the Celestial Immortal Realm, but in a battle, one against three, all three of the opponents are immortal cultivators in the late Celestial Immortal Realm!"

"After this battle, Yang Feng's name began to spread among various forces, but no one was able to find out his origin..."

After Fen Yan's introduction.

Ye Qiubai and others also had a preliminary understanding of this group of people.

In general, the cultivators who can come here are basically in a higher realm than them.

Then the talent and background are stronger than previous competitors.

Even the current Fenyan, the number one pride of Fenyan Valley.

Put them among them, maybe they are a bit overshadowed.

However, the Immortal Fire Nine Profound Physique has not been awakened for a long time, presumably after a while, Fen Yan will be able to shine in the fairy world.

Xianyuan is beyond the Tianshan Mountain, a hundred miles to the east.

There is a courtyard surrounded by bamboo forests.

A small hill stands, and a small waterfall flows down the hill and merges into a crystal clear stream.

And beside the stream, there is a small wooden table.

On both sides of the wooden table, there are two men sitting.

If the elders of Asgard Palace watched this scene, they would probably turn pale with shock.

One of the men is the Immortal Emperor!

I only heard the emperor smiled and said: "Guess, these apprentices of yours can go to the end and enter the Xianyuan Tianchi."

The other man was Lu Changsheng.

Originally planned to wait in Fenyan Valley.

In the end, he was tricked by the Immortal Emperor.

What did you say that Xianyuan Tongtian Mountain may be dangerous, and you come here to sit in the town, and it is also an extra guarantee for your disciples.

Lu Changsheng said unhappily: "How do I know?"

Seeing Lu Changsheng's appearance, the Immortal Emperor shook his head helplessly and laughed.

He had never seen someone with Lu Changsheng's personality!

It is so powerful that even he can't tell the depth.

But extremely cautious.

Treating disciples, on the surface, they seem to be indifferent and ruthless.

Actually caring extremely.

At this time, Lu Changsheng looked at the **** of the Immortal Emperor and asked: "The disciples who gave me so many places and exposed this matter to the public, what is your intention?"

The Immortal Emperor shook his head with a smile, and said: "The quota of Xianyuan Tongtian Mountain is not just given by me."

Hearing the Immortal Emperor's denial, Lu Changsheng was also taken aback.

Didn't the owner of the Burning Flame Valley say it was you?

Why is the party denying it now?

Reached the realm of Immortal Emperor.

There is no need to lie at all.

The Immortal Emperor turned his head, looked towards the direction of Xianyuan Tongtian Mountain, and said faintly: "Xianyuan Tongtian Mountain has spirits."

"Even if it's me, I can't influence the decision it makes."

"You mean, the quota is determined by that Tongtian Mountain?"

Then what Tongtian Mountain...

The Immortal Emperor was already unable to complain.

He had no choice but to nod and said: "That's right, it's just the public's perception that makes them think that the quota is determined by me."

"But why did you choose those **** under my seat..." Lu Changsheng was a little puzzled.

The Immortal Emperor said directly: "A person with a destiny."

"Xianyuan?"

The Immortal Emperor nodded and said: "You must have heard that as long as you reach the Tianchi of Xianyuan, you will have a chance to get Xianyuan."

"As for Xianyuan Tongtian Mountain, it is actually choosing the person who bears the most immortal fate."

"Of course, after being chosen by Xianyuan Tongtian Mountain, it will still increase luck, but it will also bear some responsibilities."

Hear here.

Lu Changsheng couldn't sit still anymore.

Dare to feel this pinch is to implicate cause and effect, right?

The cause and effect of this demon domain has not been resolved yet, another one?

"No, I have to bring them out." Lu Changsheng got up and wanted to leave.

The Immortal Emperor quickly stopped: "If there is indeed a fairy fate among your disciples, even if you take them out by force, they are still more or less related to their fate."

"Why not strengthen their strength through this experience?"

Hearing this, Lu Changsheng immediately sat down with a look of wanting to die.

Then he looked at the Immortal Emperor, and said quietly: "How about you stretch your face over and let me give you a palm?"

Immortal Emperor: "???"

"I will try to be as light as possible, so as not to hurt you."

Immortal Emperor's face was dark.

"You don't have to..."

...

Xianyuan Tongtian Mountain, there is no reminder, and there is no abnormality of the seal being opened.

In front of Ye Qiubai and others, the stairs leading to the mountainside have already appeared, and they can climb up at any time.

However, it seems that everyone is not acting rashly, but is investigating the situation.

Maybe waiting for a pioneer to appear.

Sudden.

A man looked at Ye Qiubai and the others, and suddenly smiled and said, "You are the ones who have taken several quotas, right? I don't know what kind of power you are, and your original level is so low, why don't you go up and have a look first?" ?"

Chapter 915 Rotation of Forwards

Among those present.

Only Ye Qiubai and others are currently unknown and powerless.

What's more, the realm before being suppressed was only that of the earth fairyland and the sky fairyland.

In front of this group of fairy kings and generals, it is really not enough to see.

Although the Fenyan Valley challenge has already been known.

but.

Even if you can be invincible in the same realm, even if you can fight across the border.

so what?

Isn't it the same as a mere earthly fairy?

In the eyes of their group of Immortal King Realm powerhouses, they are nothing more than an ant.

Although the realm was suppressed to the late stage of the fairyland.

But the foundation is still there. The understanding of the principles and the application of actual combat have already been engraved in the soul. How can they compare?

so.

It is normal for Ye Qiubai and others to be targeted by others.

In other words, if they were not targeted, it would be abnormal for no one to let Ye Qiubai and the others be cannon fodder.

Obviously, Ye Qiubai and the others were not surprised by this.

Looked at the man with a very calm face.

Fen Yan's face on the side was dark, and he said softly: "Zhuocai, the Tianjiao of the first-class force in the Broken Soul Palace, ranked seventh on the Immortal King List."

Zhuo Cai also looked at Fen Yan, and said with a sneer, "Why Fen Yan, this group of people belongs to you Fen Yan Gu? Then, did you Fen Yan Gu live more and more and go back? People in the fairyland, could it be that they can't produce any disciples anymore?"

"Then it seems that it's not too far away for you Fenyan Valley to fall to the second-rate forces."

Before Fen Yan solved the fire poison problem of Immortal Fire Nine Profound Physique, Fen Yan was not Zhuo Cai's opponent, but now, he may have overtaken him.

However, other people don't know about this matter.

So Zhuo Cai didn't have any psychological burden when facing Fen Yan.

Facing Zhuo Cai's ridicule, Fen Yan's face was gloomy, and he said in a cold voice: "They are not my disciples of Fen Yan Gu, but...you will one day regret what you did today."

He is well aware of the talents of Ye Qiubai and others.

Especially in the sparring with Xiao Hei, it shocked him even more.

Not to mention, the master behind them, Senior Lu.

Even his father couldn't see through.

Moreover, the quota of Xianyuan Tongtian Mountain was handed over to Senior Lu by the Immortal Emperor himself.

This kind of treatment just proved the terrifying strength of Senior Lu.

"Heh." Zhuo Cai sneered and said, "You mean, let me flatter these little dolls in the fairyland?"

"Whether I regret it or not, here, you should follow my words first, or do you want to discuss with me first?"

Hear what Zhuo Cai said.

Fen Yan took a step forward, and the Jiuxuan Immortal Fire burst out immediately!

A monstrous fire swept across this space, making the entire sky red!

"I will be afraid of you?"

However, at the moment when Fen Yan was about to make a move.

Ye Qiubai patted Fen Yan on the shoulder, and said with a smile: "Brother Fen, let's keep our strength here. Since they want us to be the striker, then let's do it. Whether it is cannon fodder is still unknown."

Fen Yan opened his mouth to speak, but was interrupted by Ye Qiubai again.

"Don't you see that other people want us to do this striker too?"

Hearing this, Fen Yan turned his head to look at the others, and found that there was approval and acquiescence in their eyes.

"If you act at this time, you will only make yourself the target of public criticism."

Fen Yan was silent.

Ye Qiubai smiled, looked at Zhuo Cai, and said, "As you wish, but maybe we won't become cannon fodder."

Zhuo Cai sneered.

As far as the first level of Tongtian Mountain is concerned, even they will be extremely afraid, and even nearly half of them will be eliminated.

You know, they are all strong in the Immortal King Realm and Immortal General Realm.

On the other hand, what about Ye Qiubai and the others?

How could it be possible to pass this first level?

Ye Qiubai turned his head and looked at Hongying Xiaohei and the others.

Without waiting for him to speak.

Hongying smiled and said: "You want to say, as a senior brother, you should try it first and let us stay here?"

Xiao Hei muffled: "Let's go together."

Mu Fusheng spread his hands and said: "Indeed, if you go together, the probability of success will increase a lot, after all, there is a support for each other."

Ning Chenxin, Shi Sheng, Mu Wan'er, and Xiao Shitou, Fang Qiong also nodded with a smile.

See it.

Ye Qiubai laughed, "In that case, let's go."

After finishing speaking, several people walked up the stairs together.

Beside Qiu Jing, Han Lu asked lightly: "How far do you think they can go?"

Qiu Jing folded her hands on her chest, her face was cold, and her eyes were extremely flat, as if nothing could shake her.

"Those who have a quota are bound to be outstanding."

"But the background is too low, the second stage, that is, it will fail after two hundred floors."

"What's more, Fang Qiong's talent is not good."

Qiu Jing was also present when she was accepting apprentices in the Immortal Palace.

So Fang Qiong's deeds, he is still very clear.

Talent might be acceptable in a second-rate force, but it would be mediocre in this Heavenly Fate Mountain.

The first level, the mountain road leading to the middle of the mountain has a total of a thousand steps.

Every two hundred floors is a stage.

Someone chuckled and said, "Qiu Jing, your evaluation is too high, right? In my opinion, this group of boys can't survive the first stage!"

Zhuo Cai nodded with a sneer: "If we can see which kind of principles will appear in the first stage, then they have already played their role, and the requirements don't need to be too high."

However, Han Lu smiled and said, "But, how do I feel that they can step into the third stage?"

Everyone couldn't help looking at Han Lu.

Han Lu chuckled and explained: "Why can they get so many places, can't they go through the back door?"

No matter how bizarre things are, there will always be a corresponding truth in them.

This is the same.

To be able to get so many places, in Han Lu's view, it was no accident!

...

At the moment.

Ye Qiubai and the others stepped onto the first step together.

And the moment they stepped on the first flight of stairs.

In an instant, above them, there were countless thunder powers, which turned into beams of thunder beams and shot towards them!

It is full of destructive force!

The first stage is the law of thunder!

Seeing this scene, Ye Qiubai and the others looked slightly condensed.

Shot at the same time.

Sword will cross the sky, stars and meteorites, the way of reincarnation, physical power, God will come...

Disperse all these thunder beams!

Although this first step does not seem to be difficult.

However, there are two hundred steps in the first stage.

The first layer has such strength?

Sure enough.

Xianyuantongtian Mountain is well-deserved.

No wonder they were able to eliminate so many people in the first level.

At this time, Xiao Hei suddenly said: "Thousands of stairs, if you go down like this, you may not be able to reach the top smoothly."

"Rotate forwards, how about I go ahead first, and when I can't hold on, I will change."

Chapter 916 The power of thunder!

"At the same time, when I stand up, I have to take the opportunity to realize the power of the Tao, so that the best effect can be achieved."

Rotation.

Obviously, under normal circumstances, the method proposed by Xiao Hei is feasible.

And it is more efficient than rushing together.

Ye Qiubai and the others nodded immediately after hearing this.

"You can try."

Seeing this, Xiao Hei stepped out first, directly onto the second floor!

Ye Qiubai and the others continued to stay on the first floor.

Seeing this scene, everyone was slightly taken aback.

Qiu Jing frowned slightly, and said: "Oh? Do you want to take turns to withstand the power of Taoism? But in this case, all the power will be borne by one person, and the pressure on the person who bears it will be doubled."

"For cultivators with insufficient background, it may not be possible to complete."

As the pride of Asgard.

Qiu Jing still has some sharp eyesight.

It's not just Qiu Jing.

Han Lu, Zhuo Cai and the others also saw what they were doing.

This approach can work, but few people try it.

After all, the immortal cultivators here want to have fewer competitors, so that they have a greater chance of obtaining immortality.

So I don't think about being a striker and making wedding dresses for other people.

Zhuo Cai sneered, and said: "One person bears it? With this level, how can it be possible to bear it? It is estimated that it is not bad to be able to walk twenty or thirty steps."

Fen Yan who was not far away gave a chuckle.

Zhuo Cai was attracted by the sarcasm, and slightly lowered his brows: "What are you laughing at? Did I say something wrong?"

"It is indeed wrong." Fen Yan nodded and replied.

He is well aware of the innate strength of Xiao Hei, an evildoer, and the role of that perverted blood.

As long as the soul is not destroyed, you can rely on the power of blood to continuously restore the physical body, and while restoring the physical body, enhance your physical strength.

Coupled with Xiao Hei's extremely abnormal toughness, he must be able to withstand the pain brought about by the power of Taoism.

And it will only get stronger...

Therefore, it is the most reasonable and feasible choice for Xiao Hei to stand at the forefront to bear most of the power of the Tao.

Fen Yan looked at Xiao Hei on the stairs and said with a smile: "His strength is beyond your imagination."

Hearing Fen Yan's resolute words, Zhuo Cai's expression was extremely gloomy.

Han Lu and Qiu Jing also looked back.

Being able to have a quota, the people standing here are more or less not easy.

They are all the existence of the first echelon in this fairy world.

Since Fen Yan can say such words.

Naturally, it will not be groundless.

"Then we'll wait and see!" But Zhuo Cai still didn't believe it, how could those people with such a low level be able to withstand the power of a thousand layers of Taoism!

...

Under the spotlight.

From the moment Xiao Hei stepped onto the second floor.

Countless thunderbolts have turned into monstrous lightning dragons, charging towards Xiao Hei!

Xiao Hei raised his head, and the thunder in the sky was reflected in his pupils.

Under this destructive power, I have no intention of retreating!

Following the thunder and lightning dragons, they shot down on Xiao Hei's body.

Xiao Hei didn't even have the slightest resistance, he just used his body to resist the thunder and lightning dragon!

While defending, he tempered his physical body!

At the same time, Ye Qiubai and the others were not idle, and also assumed 50% of the power of the Tao for Xiao Hei, so as to adapt to the intensity of the Tao and feel the rhythm of the Tao!

See this scene.

Yang Feng, who had been silent for a long time, finally moved his eyes.

said softly: "Not bad..."

Zhuo Cai's expression also changed, although he was in physical training.

But let go of the defense, let Lei Tingdao fall directly on his body.

Now I can bear it!

This is not something that ordinary body refiners can bear.

But that wasn't what shocked them.

At this time, Xiao Hei still had the power of the Thunderbolt attached to his body, but he still raised his head and looked up, grinning.

Raise your right foot and step forward.

Up ten more steps in succession!

The power of countless thunders turned into endless lightning at this moment, falling on Xiao Hei's body!

At this time, look from below.

The naked eye can no longer detect the existence of Xiao Hei, but can only see that there is a looming figure in the shining thunder light!

Ye Qiubai and the others followed closely behind.

this moment.

Xiao Hei's physical body finally showed damage, blood seeped out from the surface of the skin, muscles burst out, forehead and neck, and blue veins surged.

In the body, there are constantly clicking sounds.

However, this still did not stop Xiao Hei from moving forward.

On the contrary, in this injured situation, he did not choose to adapt to the prestige of the Tao here, but continued to move forward!

See this scene.

Han Lu chuckled lightly: "It seems that my hunch was right, it really isn't simple."

Qiu Jing also nodded: "This realm has such physical strength, and the physical cultivation in the same realm is not as good as him."

Sudden.

Someone pointed at the top and exclaimed.

"Look! Is the physical body recovering?!"

Under the reminder of this person.

The people below were stunned for a moment, then took a closer look, released their perception, and plunged into the endless thunder.

I saw that Xiao Hei was still climbing up one level at a time.

A series of hideous wounds appeared on the body.

But, in the next moment.

Those wounds will be repaired at a speed visible to the naked eye!

Zhuo Cai's face changed drastically!

"What kind of ability is this?"

Yang Feng's expression also moved slightly, and he said slightly loudly: "And the physical strength seems to have been strengthened after recovering from the wound..."

Fen Yan laughed after seeing this scene.

This is why he is not worried about Xiao Hei being a striker.

This kind of abnormal blood ability, even he feels extremely envious.

Ye Qiubai and the others also followed steadily.

Bear the remaining 50% of the Thunder Power for Xiao Hei.

Mu Fusheng even inhaled the power of thunder into his body!

For Mu Fusheng, who practiced the Nine-Nine Hongmeng God Thunder Art, this kind of Thunder Dao is the best training resource for him!

And when everyone was surprised.

Xiao Hei's pace is still going up.

When I reached the 100th floor, I finally slowed down.

At this moment, above their heads.

A sea of thunder has emerged!

Lei Hai seemed to have turned into the sky.

The sky just fell from top to bottom!

Xiao Hei looked up at the sky, his face slightly solemn.

Although under the ability of blood, my physical ability has improved a lot.

But in the face of this level of power of the law.

Even Xiao Hei felt a little palpitation!

Think here.

Xiao Hei's whole body is covered with black armor!

Six lines appeared on the body!

With a roar, he stepped on the hundred steps, and his body soared into the sky!

Actually submerged into the endless sea of thunder!

The people who saw this scene all looked horrified and dignified.

My mind is thinking.

Is this person crazy?

Chapter 917 Rotation, Mu Fusheng!

The one hundred and fiftieth floor, above the stairs.

Above the sky, thunder light bloomed wantonly, covering the entire sky.

The endless thunder sea is like the end of the world, the sky roars, as if it is venting its dissatisfaction with something, and madness pours down towards this land.

The destructive dao rhyme aura filled the entire Xianyuan Tongtian Mountain.

Facing the endless sea of thunder pouring down.

Among the horrified eyes of everyone.

Not only did Xiao Hei not back down, he didn't choose to carry it with the others. Instead, he rushed directly from the ladder, and rushed straight towards the endless sea of thunder that fell from the sky!

"crazy?"

Below, Zhuo Cai raised his head slightly, his pupils were full of surprise watching this scene.

Even if it was him, he definitely didn't dare to be so impulsive when his realm was suppressed.

Although his comprehension of the principles of Tao would not be directly annihilated, he would still suffer serious injuries.

You know, there are still eight hundred more stairs!

If you don't keep your strength well, how can you pass this level?

Han Lu stood behind Qiu Jing, looking at the endless sea of thunder above the sky, her eyes flickering constantly.

"If it were you, would you do this?"

Qiu Jing shook her head directly: "Even if I go, I will lose my strength when I am suppressed, and I am not rational for the subsequent climbing."

Han Lu also smiled and said: "Yes, we all think so, but this body repairer is so reckless, or...he has other plans?"

Qiu Jing was taken aback for a moment, took a deep look at Xiao Hei who rushed into the sea of thunder, and didn't say much.

Only Fen Yan knew.

The reason why Xiao Hei did this.

Xiao Hei's body was constantly injured in the sea of thunder, his skin was torn apart, and under the surge of dark devilish energy, the wound would slowly heal again.

Blood still dripped from the black magic armor.

The speed of recovery cannot keep up with the speed of injury.

See this scene.

Zhuo Cai's suspended heart instantly relaxed.

Sure enough, it still doesn't work.

How could it be possible to be so perverted, to fight against the power of Thunder Dao with one's own strength?

But just when they thought Xiao Hei was going to die.

Mu Fusheng looked up.

At this moment, on Mu Fusheng's body, the power of thunder of three different colors suddenly appeared!

It is the Xuanyin Purple Thunder, the Heavenly Punishment God Thunder, and the Sixty-Nine Heavenly Thunder!

And the moment when these three thunder powers appeared.

The endless sea of thunder above paused slightly, and the destructive power released continuously retreated slightly at this moment!

"How can it be?!"

Below, someone was shocked when they saw this scene!

"Can this person's thunder power actually make the Thunder Dao of Xianyuan Tongtian Mountain retreat?"

Qiu Jing's eyes were also slightly cold, and she said: "If it is these three kinds of thunder, it is indeed not comparable to the power of other thunder."

Han Lu also nodded. At this moment, she had completely lost the relaxed look on her face.

"In ancient times, the Nine Great Thunders, the Xuanyin Purple Thunder, the Heavenly Punishment God Thunder, and the Sixty-Nine Heavenly Thunder, these three kinds, actually appeared on the same immortal cultivator. It is indeed a bit inconceivable..."

After hearing Qiu Jing and Han Lu's explanation, everyone also reacted.

These are the nine thunderbolts recorded in ancient books!

Isn't it already lost?

far away.

In the mountains and forests.

The Immortal Emperor also naturally noticed this scene, and couldn't help but glanced at Lu Changsheng in front of him, and said: "Your disciples really don't have a simple one, so there is no need to talk about the power of blood in physical cultivation."

"Now, there is actually another disciple who has gathered three of the nine thunderbolts."

Lu Changsheng waved his hand and said, "I don't know, they all practiced it themselves. My idea of cultivating disciples is to free them."

Lu Changsheng did not lie.

He really didn't know the origin of Mu Fusheng's thunder powers.

How could the Immortal Emperor believe what Lu Changsheng said?

He couldn't help saying angrily: "Even if it is this emperor, there is no way to get the nine gods of thunder from the ancient times, and there are still three!"

"You can't say that he got it by chance through his own experience, can you?"

"And even if he got it, it is absolutely impossible to use his own strength to gather these three kinds of divine thunder. After all, his current state is not enough."

Lu Changsheng: "..."

Well, okay, I'm too lazy to explain.

I don't know how many times this kind of situation where no one believes the truth has happened.
So be it...

...

At this moment, around Mu Fusheng's body, three kinds of divine lightning kept surging. He looked up and said, "Senior brother Xiao Hei, come out to recover from your injuries first, let's take turns, and I will be the striker."

Seeing this, Xiao Hei didn't show his strength, nodded, and under the cover of Mu Fusheng, escaped from the endless sea of thunder, and came to Ye Qiubai and the others.

But Mu Fusheng took one step forward, stepping up to the next level!

"Did you change someone..."

The people below watched this scene, all staring at Mu Fusheng closely.

They want to know to what extent he, who possesses three kinds of divine thunder, can exert this power.

At this time.

The endless thunder sea above seemed to have reacted, and seemed to be ashamed of being suppressed by Mu Fusheng's divine thunder.

Suddenly, the sea of endless thunder roared wildly!

A series of incomparably thick thunder beams burst out from the sea of thunder!

Shoot towards Mu Fusheng!

See it.

Mu Fusheng used Xuanyin Zilei to form a thunder barrier around his body.

Guaranteed not to be hit by sudden attacks.

At the same time, Mu Fusheng pointed at the thundering beam that came.

Shen Punishment Thunder and Liu Jiu Tian Lei turned into two thunder dragons!

Crash towards the thunder beam!

Boom!

A head-to-head confrontation between the two thunderbolts.

It made the top of Xianyuan Tongtian Mountain look like a doomsday thunder prison.

The atmosphere of destruction filled the entire space!

"Resisted..."

"Sure enough, it is the ancient nine gods..."

However, Mu Fusheng's actions didn't stop there.

I saw Mu Fusheng climbing up again.

On his physical body, there are mysterious ancient characters like lines of talisman seals appearing between Mu Fusheng's eyebrows!

This striped road, each ancient character, exudes a wave of divine thunder!

And the moment when the ancient characters of grain appeared.

The beam of thunder scattered by the Heavenly Punishment Thunder and the Sixty-Nine Heavenly Thunder.

The power of thunder that scattered down was actually sucked into Mu Fusheng's body at this moment, along the ancient lines of the lines!

Ninety-Nine Hongmeng God Thunder Art.

Can absorb all the power of thunder in the world.

It is used to improve the mastery of the power of thunder...

It was useless before, because the power of thunder encountered was too weak.

Now, this incomparably pure Thunder Dao can undoubtedly become the nourishment of Mu Fusheng!

Chapter 918 Mu Fusheng: Want to see my cards?

No doubt.

For Mu Fusheng, the Dao of Thunder in the first stage cannot be said to be a threat, it can only be said to have completely become the nutrient of Mu Fusheng.

The endless sea of thunder was suppressed by Mu Fusheng's Xuanyin Zilei, Tian Punishment Thunder and Liujiu Tianlei.

Mu Fusheng used the ninety-nine Hongmeng God's lightning technique, and continuously used the way of thunder to improve his own strength!

At this moment, Mu Fusheng was bathed in the sea of thunder, and around his physical body, there were crackling sounds of ancient divine thunder with three different powers and colors.

One step after another, although the climbing speed is not as fast as Xiao Hei's, the legs are extremely stable every time he takes a step, and there is no trembling at all!

The great power of the Dao of Thunder.

Even the levels below that the arrogant do not dare to underestimate.

In front of Mu Fusheng, he seemed extremely relaxed.

It seems to be strolling in the backyard of your own home, leisurely and leisurely.

The contented expression on his face, so happy!

Seeing this scene, everyone was speechless.

Are you treating the assessment as your private training ground?

Time passed slowly.

Finally, Mu Fusheng came to the 200th floor!

The moment Mu Fusheng stepped on this floor.

Suddenly, in the endless sea of thunder, there is a unicorn with dazzling lightning that is slowly gathering together!

When Mu Fusheng saw this scene, he didn't make a move directly.

Instead, with a serious face, he raised the Holy Thunder Mysterious Talisman Pen in his hand.

Throw out a piece of talisman paper in front of you.

Everyone was slightly taken aback when they saw this scene.

Is this person still a talisman master?

However, under such circumstances, even if one can seal talismans, it is impossible to carve effective high-level talismans, right?

Zhuo Cai also laughed mockingly: "At this time, seal carving talismans? I'm afraid it's too late."

Yang Feng stroked his chin, and analyzed with a serious expression: "If you want to use talismans to resist the next Qilin Thunder Beast, then the level of talisman seals you need must be of extremely high quality, at least at the peak of the Celestial Immortal."

"According to this person's background, there is absolutely no possibility of success in seal carving in a short period of time, unless..."

unless?

Everyone looked at Yang Feng suspiciously.

I want to see what kind of vision this sudden rise of Yang Feng has.

Yang Feng raised his head slightly, looked at Mu Fusheng who was facing the Qilin Thunder Beast alone, his face was slightly solemn, he opened his mouth, and said word by word: "Unless he hides his own strength."

Hearing this, everyone was slightly taken aback.

I have to say that Yang Feng's statement is a bit whimsical.

But it seems to make sense.

Zhuo Cai sneered: "Hiding his strength? If he hides his strength, wouldn't everyone present see through it?"

At this time, Han Lu also covered her mouth with a light smile and said, "Then what if he has some kind of mystical method, or is there a strong person who hides it and helps him?"

Qiu Jing echoed: "It is true that this possibility is not impossible."

Heard several people's conversations.

Everyone shut their mouths tacitly and stopped discussing.

Having said so much, it is not as certain as seeing it with your own eyes.

They raised their heads one after another, and continued to lock their eyes on Mu Fusheng.

...

At this moment, Ye Qiu, Bai Hongying and the others looked at Mu Fusheng in front of them, without any worry on their faces.

Instead, he laughed and said: "Look at how much this kid Mu Fusheng has hidden."

Hong Ying chuckled lightly: "The pastor is the most like a master among us."

Xiao Hei's injury has fully recovered, and now he is looking at Mu Fusheng and said: "This time I probably won't be able to force out the real strength, and we will know in the next fight."

Mu Fusheng was in the front, so of course he could hear the undisguised words of the senior brothers and sisters.

Speechless and dead!

Hey, hello, I'm here to protect you from the wind and rain, if you don't appreciate me, forget it.

As a result, you still want to see my cards?

My hole cards are so easy to see?

Besides, there are so many outsiders below!

How can it be possible to expose too much in this case.

Thinking of this, Mu Fusheng still couldn't help shaking his head and sighing secretly.

Still too young...

At this time, the Qilin Thunder Beast above has slowly taken shape.

Mu Fusheng's hands also started to move.

Holding the Holy Lightning Mysterious Talisman Pen, he kept waving it on the talisman papers in front of him!

Afterimages continued to emerge, under Mu Fusheng's manipulation.

The Holy Thunder Mysterious Talisman Pen danced back and forth between the talisman papers like a dancing elf.

Either touch the water like a dragonfly, or move like a dragon.

Inadvertently, those incomparably mysterious lines appeared on those talisman papers!

With the injection of Xuanyin Zilei, Heavenly Punishment Thunder, and Sixty-Nine Heavenly Thunder.

A series of destructive auras are constantly plundering from it!

See this scene.

The faces of all the people couldn't help but slowly become serious.

Although they are not talisman masters.

Without exception, all of them have come into contact with or used talismans!

This breath, this level of texture.

They are very clear that the general framework of the talisman has been formed!

And this aura is no weaker than those fairy-level talismans they have seen!

obviously.

Mu Fusheng hides his own strength.

In terms of talisman masters, he has an extremely monstrous talent!

Now, many people have begun to admit it.

Whether it is the previous body repair, or the current Thunderbolt Talisman Master.

All are eligible for the quota of Xianyuan Tongtian Mountain.

not through other means.

Mu Fusheng's movements did not stop.

And the Qilin Thunder Beast in the endless thunder sea above his head has been fully formed!

An earth-shattering roar spread throughout the entire Xianyuantongtian Mountain!

The last layer of each stage will have a corresponding guardian beast.

And this layer is the unicorn thunder beast that represents the law of thunder!

Qilin Thunder Beast, in the eyes is like a piece of lightning and thunder in the end of the world.

Stepping on the void with four feet, carrying thousands of thunders on his back, he rushed towards Mu Fusheng!

At this moment, Mu Fusheng also made the last stroke on the talisman paper!

When everyone was horrified that Mu Fusheng had really completed the heavenly level talisman.

Mu Fusheng urged it to move.

Pause, accompanied by the clang of metal.

Thunder chains burst out from the talisman!

Shoot towards the Qilin Thunder Beast!

The Qilin Thunder Beast seems to have spiritual intelligence, and it seems to see the threat to it from this talisman.

The huge body is also extremely flexible, and it can be dodged in a few seconds!

Ke Mu Fusheng raised the corners of his lips slightly at this time.

As a man recognized as a dog god, how could he not take all possible accidents into consideration?

I saw Mu Fusheng urging the remaining talisman, and for a moment, a huge barrier surrounded the Qilin Thunder Beast in an instant!

At the same time, he stretched out his right hand and clenched it in the direction of the Qilin Thunder Beast.

The lightning chains all turned around at this moment, and the chain ends swept away from the Thunder Beast's back!

And those chains were when the Qilin Thunderbeast avoided it.

I don't know when, it has already formed a surrounding network around it...

Chapter 919 Taiji Yin-Yang Righteous Qi God Thunder!

Those thunder chains, at some point, have already surrounded the Qilin Thunder Beast.

Make it absolutely no room to escape!

Everyone looked at this scene with solemn faces.

They are bystanders, and they themselves are strong at the level of Immortal Kings. Although the realm has been suppressed, there is only Earth Fairyland now.

But the vision still exists.

In this short period of time, Mu Fusheng has accomplished countless things.

Such as releasing the Thunder Chain, such as urging the Thunder Barrier to trap the Qilin Thunder Beast.

Although the Qilin Thunder Beast avoided the Thunder Chain.

But while Mu Fusheng was releasing the Thunder Barrier on one hand, the other hand was always controlling the flight trajectory of those Thunder Chains.

Although the chain head did not hit the Qilin Thunder Beast.

But the chain body has already surrounded the Qilin Thunder Beast under Mu Fusheng's control.

It's like a huge birdcage!

At this time, Mu Fusheng also smiled slightly: "Now, the net can be collected."

Having said this, Mu Fusheng clenched his right hand, and then suddenly pulled behind him!

Immediately.

Those chains of thunder began to gather towards the Qilin Thunder Beast, and the chain ends were swaying, crazily entwined around the huge body of the Qilin Thunder Beast!

Ho Ho Ho!

While the Qilin Thunder Beast roared, its huge body kept twisting and struggling left and right.

When twisting, there will be a huge thunder force all over the body, trying to smash the thunder chains and get out of trouble.

However, when Mu Fusheng saw that the Qilin Thunder Beast only had the Thunder attribute, how could he not have some special preparations?

Under Mu Fusheng's talisman transformation.

These thunder chains can absorb the power of thunder attribute!

Therefore, unless the Qilin Thunder Beast has the strength to directly break through these chain talismans.

Otherwise, as long as the power of thunder is released, it will be instantly absorbed by the chain.

Not just does nothing.

It will also countersupply the chain itself, so that the binding power of the chain will gradually increase.

seems to be aware of this.

Qilin Thunder Beast finally calmed down.

No longer struggling, but quietly watching Mu Fusheng.

When the people below saw this scene, their faces were already solemn.

Yang Feng and their guess were right.

Mu Fusheng must have something foreign, or let an expert take action to hide his strength for him.

Otherwise, how could it be possible to have such strength?

Actually suppressed the guardian beasts!

Although there may be reasons for the restraint of thunder attributes.

You should know.

From the time Xianyuan Tongtian Mountain appeared in the fairy world, no one has ever suppressed the Guardian Beast!

Of course, no one thought of it that way...

Zhuo Cai also had an extremely ugly face.

I thought it was just cannon fodder.

As a result, it has such monster-like strength...

However, why is a person with such strength unknown and never heard of?

It was Fen Yan, who was also extremely frightened this time.

Among all the disciples of Senior Lu.

The thing he can't see through the most is Mu Fusheng.

At that time, he thought that Mu Fusheng might be the most unremarkable student among Senior Lu's disciples.

Looking at it now, this guy is hiding really deep!

It seems to be somewhat similar to Senior Lu's character...

However, since he has a similar personality to Senior Lu, is there a possibility...

Mu Fusheng hasn't fully exposed his strength yet?

Think of it here.

Fen Yan couldn't help shaking.

These disciples of Senior Lu...

It's all too scary!

At this time.

Mu Fusheng looked up at the Qilin Thunder Beast.

But there was a dazzling light of greed in his eyes!

This Qilin Thunder Beast.

Not so much a guardian beast.

It is better to say that it is the energy body of Taoism condensed from extremely pure and thick Taoism of Thunder!

If so, is it possible to absorb it?

Perhaps...can open the fourth level of Jiujiu Hongmeng Divine Lightning Technique.

Think of it here.

Mu Fusheng decided to give it a try.

Of course, at first, Mu Fusheng just stepped forward and pulled out one of the Qilin Thunder Beast's front paws to absorb it.

If it cannot be absorbed, there is still a chance to save it with a smaller amount.

In case the energy is too much and too pure, so that I can't bear so much pure thunder energy at this stage.

That can also be stopped in time.

Seeing Mu Fusheng's movements.

Everyone was also puzzled.

But when Mu Fusheng absorbed the front paw, and then showed surprise eyes.

Everyone's face froze...

His pupils were full of unbelievable expressions!

What is... what is he doing now?

Is this...absorbing the power of the guardian beast?

Can you still do this?

That's right, after Mu Fusheng was sure there was no threat, he could absorb it.

Then he began to **** the Qilin Thunder Beast into his body.

The huge and pure Dao of Thunder kept rushing into Mu Fusheng's limbs and bones.

On the body of Mu Fusheng.

Xuanyin Zilei, Heavenly Punishment God Thunder, Sixty-Nine Heavenly Thunder, all began to flicker continuously!

The power of thunder burst out towards the surroundings!

Like a thunder prison, Mu Fusheng was surrounded in it!

At this moment, it seems that the perception of the people watching below is covered, and it is impossible to penetrate the perception into the Thunder Prison.

This is naturally what Mu Fusheng did on purpose.

because.

After absorbing the thunder power of the Qilin Thunder Beast.

Besides Xuanyin Zilei, Heavenly Punishment Thunder, and Sixty-Nine Heavenly Thunder, under his chest, there is actually a mass of black and white thunder that is slowly rising...

Although it is only a small wisp, its power is extremely terrifying...

It is different from the previous three thunderbolts.

There is a righteousness revealed in it.

The fourth divine thunder of Jiujiu Hongmeng Divine Thunder Technique.

Tai Chi, Yin and Yang, righteousness, thunder!

However, it is not fully formed yet.

Today's Mu Fusheng is just a starter.

But being able to reach this step is also a surprise!

After all, many methods have been tried.

Mu Fusheng did not complete this step either.

At this time.

Thunder Prison also disappeared.

Everyone's eyes fell on Mu Fusheng again.

Qiu Jing and Han Lu frowned slightly.

Although the realm of strength has not changed much.

But the breath seems to have changed a little...

Compared to before, he is a bit more upright.

Fen Yan also stepped forward at this time, looked at Zhuo Cai with a sneer and said, "How about it, do you still think they are cannon fodder? Even if you go up, you can't do what they do, right?"

Hear here.

Zhuo Cai's face was ugly, but he couldn't refute.

Because it is true.

Ye Qiubai and the others also began to move forward.

The second stage is the power of the law of fire!

Hongying originally wanted to be the striker, after all, she also dabbled in the way of fire.

But at this time.

Mu Wan'er said aside: "Senior sister, let me come."

Everyone turned around.

Seeing that Mu Wan'er had a determined face, she repeated it again: "Let me do it at this stage."

The tone is firm.

She didn't want to shrink behind her brothers and sisters anymore.

She wants to fight side by side with them without pill support!

Chapter 920 Fire control, Mu Wan'er's offensive!

Mu Wan'er's determination.

Silence everyone.

from the beginning till now.

Mu Wan'er's position in the thatched cottage has always been the existence of logistics.

Alchemy is extremely powerful, providing them with the resources of pills.

Let them provide protection when practicing and fighting.

But they all know.

Mu Wan'er has always been eager to fight side by side with them.

It's just that I'm afraid that my fighting ability is not strong enough, and I don't want to hold them back, so I have no choice but to stay behind.

So she has been secretly improving her own strength while practicing alchemy.

You must know that while refining alchemy, it is extremely difficult to ensure that one's realm continues to improve.

They all understood how much effort Mu Wan'er had put in to catch up with them.

However, after getting the Dan Bible.

Elevating the alchemy level can enhance one's own cultivation realm.

Enter the sage with alchemy.

Mu Wan'er's strength also began to increase, advancing by leaps and bounds.

After practicing these days, he has even reached the peak of the fairyland!

so.

This time it is not just to test Mu Wan'er's cultivation level.

It is Mu Wan'er who proves herself that she has been able to keep pace with her brothers and sisters and fight side by side!

After seeing Mu Wan'er's determined expression.

Hongying stepped forward and patted Mu Wan'er's head, and said with a light smile, "Since that's the case, I'll leave this stage to you."

Mu Wan'er nodded heavily!

...

The dialogue between the people in the thatched cottage was not covered up.

Everyone heard their conversation.

All are a little speechless.

How do you feel that you take this place as a place to exercise yourself?

Is it a bit too childish?

What kind of place is Xianyuan Tongtian Mountain?

Everyone went to the Xianyuan Tianchi Lake at the top of the mountain. If they didn't reach the top of the mountain, what's the point of practicing here?

Fen Yan couldn't help but smile helplessly.

Maybe they never thought that they would fail this test...

At this time.

Mu Wan'er took a deep breath, then raised her head with firm eyes, looked at the stairs above that were submerged in the clouds, and took a step forward.

Go directly to the 202nd floor.

this moment.

The originally calm space began to heat up and distort at this moment!

In the increasingly distorted space, clusters of flames appeared around out of thin air like ghostly fires.

With more and more flames.

A single spark is like a prairie fire!

turned into flame storms and surrounded Mu Wan'er!

Watching this scene, Mu Wan'er, who was still a little nervous, gradually stabilized her mood at this moment.

I saw her spread both hands at the same time.

Touching towards those flame storms!

Seeing this scene, everyone was taken aback.

Is this trying to use the flesh to carry it hard?

But the next scene left them stunned.

Mu Wan'er's hands didn't touch those flame storms.

On the contrary, those flame storms were actually at a distance of one meter from Mu Wan'er's hands.

stagnated!

How is this going?

And all of this is under Mu Wan'er's control!

When she stepped on this step, Mu Wan'er was thinking.

How should I deal with the law of fire at this stage.

fire.

Invade everything.

Burn the sky and destroy the earth.

is the most aggressive, offensive, and extremely domineering rule among the five elements.

Are you going to carry it with your body like Brother Xiao Hei?

Or is it like Brother Pastor...oh no, Brother Pastor, absorbing the Dao to strengthen oneself?

These two points.

None of which Mu Wan'er is good at.

Or rather, she couldn't do it.

Then what can she do?

Or how far can it be achieved?

Thinking about it.

Mu Wan'er finally determined her position.

Alchemy requires fire control.

So what Mu Wan'er is good at in the Dao of Fire is not attacking and killing.

But control!

In the aspect of controlling the power of Taoism.

Mu Wan'er's advantage is huge, even among Ye Qiubai and other seniors, no one can match her control over a single principle.

Long-term cultivation of alchemy has made Mu Wan'er's control over fire has reached a state of perfection.

so.

This scene also appeared today.

Mu Wan'er didn't absorb it, nor did she forcefully carry it.

Instead, directly follow the eroding flame storm, follow its trajectory, and forcibly control it!

See here.

Ye Qiubai, Hongying, Ning Chenxin and others all smiled.

Junior Sister Wan'er has also grown up.

Under the eyes of everyone.

Mu Wan'er didn't stop walking.

Controlling the flame storm with both hands, continue to move forward.

Every time you step on a ladder.

There will be more flames sweeping through.

But under Mu Wan'er's absolute control over the Dao of Fire.

These flame storms are all used by Mu Wan'er!

Just like the goddess of fire.

Dozens of flame storms swept across the world.

Surround Mu Wan'er's body to protect her!

Soon, they reached the 300th floor like a broken bamboo!

Here we go.

The clusters of flames in the space suddenly disappeared.

Then, above the sky, the clouds suddenly turned red!

Like fire burns clouds.

The entire cloud seems to have turned into a sea of fire magma!

In the magma of the sea of fire, the fiery snake continued to roar and boil, and then, huge flaming meteorites that could destroy a city fell towards Mu Wan'er!

Mu Wan'er raised her head, feeling the power, her heart froze slightly.

The power of the 300th floor has far exceeded the flame storm in front.

If you want to completely control it, you can't do it as easily as controlling the flame storm before.

Think of it here.

Mu Wan'er suddenly grasped the cage with both hands.

Dozens of flame storms around him.

It was at this time that the fusion began!

Centered on Mu Wan'er.

A huge flame storm rose into the sky around Mu Wan'er!

Swept towards the huge flame meteorites!

The flame storm directly lifted up the flaming meteorites at this time, slowing down the falling speed!

at the same time.

Mu Wan'er was not idle either.

Immediately run the Dan Bible.

At the center of Mu Wan'er's eyebrows, there is actually a flame lotus imprint appearing.

With the imprint appearing.

Mu Wan'er's eyes also turned red.

Immediately click upwards with one finger.

On the succulent fingers, a thin, lead-like flame wound towards the huge flaming meteorites.

Cannot be easily controlled.

Then take full control of it!

This is Mu Wan'er's offensive!

With the flame meteorites being entangled by the "lead wire".

Those meteorites are no longer falling!

Instead, they shot towards the flaming meteorites that continued to condense and fall from the sea of flaming clouds!

One time.

In mid-air.

The flaming meteorites continued to bombard each other.

Immediately burst open at the same time.

Looking at Mu Wan'er pointing to the sky amidst the flame storm.

Everyone is horrified!

Even Qiu Jing, Han Lu, Yang Feng and other top talents have slightly solemn faces.

Qiu Jing said slowly: "When her realm continues to improve, there may be no one in the entire fairy world who can compare with her ability to control fire..."
