

My Disciples 951

Chapter 951 Enchanting Powder

The sword intent of the fairy sword soared into the sky.

Sword field turned across the sky!

covered the entire western city wall!

At the same time, a piece of talisman fell on the city wall, strengthening the defense of the city wall.

One after another the power of thunder began to sweep.

The surrounding soldiers were also taken aback when they saw this scene.

Mr. Zhong Chang, Zhong Yan, and Qi Wen were furious when they saw this scene.

"What are you doing! What are you doing!"

Changgong Zhong roared: "What we should do now is to wait for the opportunity and save our strength to deal with those two general-level monsters!"

Ye Qiubai said lightly: "If the city wall is breached, it will be even more difficult to deal with."

"You are the captain and I am the captain?" Zhong Changgong laughed back angrily: "Why, don't you want the task reward?"

Besides, Qi Wen also sneered: "Even if you want to resist the beast tide and prevent the city wall from being breached, with your strength and the current degree of damage to the city wall, you can only struggle for a while."

Zhong Yan also said: "If the city wall is broken, it will be broken. Wouldn't it be better to concentrate on killing those two general-level monsters?"

"If the city wall is broken, the general-level monsters will have no targets and will be even more difficult to deal with." Fang Qiong said coldly, "You don't understand this truth?"

"It doesn't matter." Zhong Changgong said coldly: "Since that's the case, then you should follow your own terms. When we kill the monster and complete the task, you won't have any rewards."

At this time.

Zhong Yan said via voice transmission: "Brother Zhong, without them as bait, it may be difficult to kill those two general-level monsters. After all, with the blessing of dark magic energy, the physical strength has become higher."

Mr. Zhong Zhang sneered: "It doesn't matter, even so, they can be used as bait, I brought that thing."

Hearing this, Qi Wen also sneered: "That's naturally good. Since they don't know what's good and what's wrong, they could still save their lives. Now that Brother Zhong has used that thing, I'm afraid they won't be able to save their lives."

Why do you want to find Ye Qiubai and the others who are familiar faces?

Instead of looking for familiar people, find someone with a higher realm to form a team?

is very simple.

When Zhong Zhanggong learned that Ye Qiubai and the others came from the Haotian God Realm, it was a hundred and eight thousand miles away from the Godfall Star Realm.

What's more, they are still only inner disciples of second-rate forces.

Even if they died, how could they find trouble with them?

If the realm is too high, it is possible to share the mission rewards with them after surviving to complete the mission.

But the Divine Weapon Realm can serve as a bait, even if they are not given task rewards, they will have to give in under the pressure of background and strength!

This is the real purpose of Mr. Zhong Zhang looking for Ye Qiubai and the others.

Otherwise, how could you find someone with a lower realm than yourself to form a team for no reason?

In this world, there are not many saints.

Ye Qiubai saw that Zhong Changgong and others ignored them, so he didn't bother.

Instead, he looked at Mu Fusheng and said, "Brother Priest, how long can your talisman support the city wall?"

Mu Fusheng looked down.

A large number of talisman seals were pasted all over the city wall.

The continuous wave of beasts kept hitting the city wall.

Under the blessing of the talisman seal, it still made a deafening loud noise, accompanied by continuous vibrations.

Looking at this scene, Mu Fusheng frowned: "At most one day."

"The internal structure of the city wall has been damaged, and the defensive formations within it have also been dilapidated."

The monsters in the beast tide are basically at the level of heaven and earth, and there are even magic beasts.

If it weren't for Mu Fusheng's talisman, I'm afraid it could only last for half a day.

Ye Qiubai nodded: "Junior Brother Fang, prepare the formation."

"Cooperate with my sword domain to attack together."

Fang Qiong nodded, and a breath of annihilation came out of his body!

After the half-stick incense time has passed.

Fang Qiong shouted: "It's done."

Ye Qiubai nodded, and swiped the Hunyuan Immortal Sword forward.

Absolute Beginning Sword Sutra, break the devil!

At the same time, following Ye Qiubai's sword strike.

In the sword field, countless immortal swords and sword intents were mobilized, and they were actually condensed into a giant sword with sword intent.

Slashed down towards the beast tide below!

This is the result of Lu Changsheng promoting Ye Qiubai.

Sword domain, can also apply sword skills.

The power is several times higher than before!

At the same time, Fang Qiong suddenly pointed forward.

Annihilation and killing formation spread out in an instant!

A gray palm print blasted towards the beast tide below!

Mu Fusheng is not to be outdone, Xuanyin Zilei, Heavenly Punishment Thunder, Sixty-Nine Heavenly Thunder.

Three different powers of divine thunder condensed into a giant lightning ball at this moment!

Slammed down towards the bottom!

One time.

The sword intent is raging, the air of destruction, and the thunder liquid are scattered!

In front of Ye Qiubai and the others.

The beast horde was actually torn to create a huge gap!

Relieved a lot of pressure for the surrounding soldiers.

Seeing this scene also made all the soldiers feel depressed and desperate, and boosted their morale a lot.

With a loud roar, continue to counterattack!

The three Zhong Changgong and the others who saw all this in their eyes had horror on their faces.

Ye Qiubai, Mu Fusheng was only in the mid-stage of the Divine Weapon Realm.

Can display such a mighty power?

Fang Qiong was at the late stage of the Divine Weapon Realm, and the array he had arranged made even Duke Zhong fearful!

Could it be that with their strength, they can really hold out until the beast tide subsides?

Think here.

Mr. Zhong's face darkened.

If the tide of beasts is really resisted, then the god-level monsters will naturally leave.

By then, the blue ocean may have completed the task!

Can't wait any longer.

"Zhong Yan, Qi Wen, get ready!"

Mr. Zhongchang transmitted his voice into the secret.

Hearing this, Zhong Yan and Qi Wen both nodded.

The breath of the half-step **** general suddenly exploded!

at the same time.

Mr. Zhong Zhang came to Ye Qiubai's side in a blink of an eye, and a sachet exploded beside Ye Qiubai!

Clusters of yellow powder fell on Ye Qiubai's body.

Seeing this, Mu Fusheng's expression sank: "Demonic powder, what do you mean?!"

This thing, Mu Fusheng knew something about it in the mid-latitude boundary.

Can attract the attack of monsters!

Of course, it can only attract magical beasts without intelligence.

However, under the influence of the dark demonic energy, the monster has already lost its intelligence!

Mr. Zhong Zhang sneered: "Since you don't obey the command, you can't blame me for being ruthless. Try to survive."

The voice fell.

Mr. Zhong Chang flew directly out of the city wall!

Throw another sachet over the general-level monster!

The demon-repelling powder was sprinkled all over the body of one of the general-level monsters in an instant.

Suddenly.

The tiger-shaped monster, whose eyes turned red in an instant, roared in Ye Qiubai's direction, stretched its limbs, and charged towards Ye Qiubai like a wild horse running wild!

"A general-level monster, I'm afraid you have no chance of surviving."

Mr. Zhong Chang looked at this scene and sneered.

Ye Qiubai said slightly in a low voice: "That's not necessarily true."

[Chapter 952: The battle of trapped beasts!](#)

Under the blessing of dark demonic energy, although the general-level monster lost its intelligence, its physical strength and various attributes have been greatly improved.

It can be said that a monster at the early stage of the general level, under the blessing of dark magic energy, at least has the strength of the middle stage or above.

so.

Mr. Zhong, Zhong Yan, and Qi Wen will take it for granted that Ye Qiubai and others are not the opponents of this magical beast.

Even if they showed impressive strength before!

You must know that Zhong Changgong is not absolutely sure that he can kill a monster in the middle of the general level in a single fight.

And the soldiers saw this scene.

They all looked horrified!

The general who defended the city wall on the west wall also changed his face in surprise, "Stop it with all your strength! The city wall can't withstand the impact of this beast!"

Watching the tiger-shaped monster move its limbs and charge towards the city wall like a wild beast.

Once the monsters hit the city wall.

This dilapidated city wall will come crashing down!

At that time, the beast horde will drive straight in, and Xingning City will be devastated!

And this.

Ye Qiubai and others obviously thought of it too.

"We can't let him attack the city wall." Ye Qiubai immediately said decisively: "The battlefield must be transferred, and this monster must be dealt with!"

Speaking of which.

The Hunyuan Immortal Sword in Ye Qiubai's hand began to shake continuously, making bursts of sword sounds.

A transparent soul body rushed out of the fairy sword and merged into the sword domain.
is Soul of Sword.

But the moment when the sword soul merged into the sword domain.

Wisps of immortal sword energy roared continuously in this space, criss-crossing.

Gathered three-foot blue blades one after another, floating in the sky in front of Ye Qiubai.

Ye Qiubai frowned, and pointed forward with a finger.

The three-foot green blade was like pear blossoms falling in the rain, densely packed towards the beast tide that was eating!

Boom!

There was a loud bang.

Accompanied by the rise of dust, countless monsters fell under the blade!

at the same time.

Under the signal of Ye Qiubai's eyes, Mu Fusheng nodded, and immediately soared into the sky.

Above the hands.

Each hand has the power of thunder.

One purple and one gold.

Xuanyin Purple Thunder, Heavenly Punishment God Thunder.

Mu Fusheng moved his hands towards the edge of the sword field attack range, and suddenly suppressed it!

Immediately.

The two thunderbolts actually formed a thundercage, directly surrounding the temporarily emptied area of the Sword Field!

Leading to the endless tide of beasts, it is impossible to fill in the loopholes in time.

Even if it hits the Thunder Cage, it will only be blasted into pieces by the destructive thunder force.

Black blood spilled on this land!

See this scene.

Ye Qiubai stepped straight into the Thunder Cage.

Attracted by the magic powder crumbs, the **** turned the super monster and rushed towards the Thunder Cage instead of the city wall!

Seeing this, Mu Fusheng, while maintaining the Thundercage, said to Fang Qiong: "Junior Brother Fang, cooperate with Senior Brother to deal with this general-level monster as quickly as possible."

Fang Qiong nodded, and also entered the Thundercage.

The actions of Ye Qiubai and others undoubtedly attracted a lot of firepower.

Not only was the general-level monster targeted, but a large number of monsters around were also rushing towards the Thunder Cage like moths to a flame.

Although shocked by Mu Fusheng and Ye Qiubai's methods.

But now is a rare opportunity.

Think here.

Zhong Zhanggong did not stop to watch how Ye Qiubai and the others dealt with it, but greeted Zhong Yan and Qi Wen who were on the same plate, and shouted loudly: "According to the previous plan, the two of you will cooperate with me to solve the other end. Already!"

Wait until Ye Qiubai and the others are dealt with by the magic beast.

Not only the general-level monsters, but also those endless monsters will also point their fingers at the three of them because of Zhong Zhanggong rushing out of the city wall!

Hearing Zhong Changgong's command.

Both Zhong Yan and Qi Wen took out a formation scroll, and followed Zhong Changgong towards another magical beast not far away.

...

At this moment, the god-level monster roared, and its blood-red eyes stared at Ye Qiubai, full of riots.

When the moment is approaching.

Without Ye Qiubai's reminder, Mu Fusheng raised his hand.

A gap instantly appeared in the Thundercage, allowing the super general monster to rush in, and then closed it again.

Provide Ye Qiubai and Fang Qiong with a perfect battlefield environment, which will not be affected by other monsters.

Xiao Hei looked up at this scene.

In this battle, if you don't make a move, you don't make a move.

Once the bloodline power is used, it will be discovered by those in the Demon King's Realm.

Then it will be troublesome.

Ye Qiubai and Fang Qiong stood opposite the general-level monster.

This tiger-shaped monster didn't stop at all, as if the target hadn't been eliminated, it would never stop, and continued to rush towards Ye Qiubai!

See it.

Ye Qiubai frowned, lifted the Hunyuan Immortal Sword in his hand, and rushed towards the tiger-shaped monster!

Immortal energy burst out in the body at this moment!

Surrounded on the fairy sword together with the sword intent.

The meaning of endless life spewed out from the sword body.

Slashed towards the head of the tiger monster!

The sword wind roared, making a series of sounds in the space!

"Kill demon!"

A strand of intent to destroy demons surrounded Ye Qiubai.

at the same time.

Fang Qiong was not watching the show either, strands of silver light suddenly appeared on the surface of his body!

Under the silver light, blood-colored light faintly leaked out.

Holy Array Prison Physical Skills, Silver Skin, Blood Muscle Activated!

When it was opened, one after another annihilation breath also gushed out from the body!

Annihilate and kill!

Immediately, together with Ye Qiubai, they punched the tiger-shaped beast under the chin!

A powerful breath erupted in the Thunder Cage at this moment.

While guarding the city, the soldiers watched this scene nervously.

If Ye Qiubai and the others can't deal with the tiger-shaped monsters, then the west city wall may not be able to resist the attack of the beast horde!

Under the eyes of the defenders.

Ye Qiubai took the lead in slashing the head of the tiger monster!

Click!

On the hard skin, under Ye Qiubai's sword, a huge **** mouth was drawn!

Deep visible bone!

The tiger-shaped monster suddenly let out a miserable howl, and its head was pushed down by Ye Qiubai's sword.

However, at the moment when I lowered my head.

Fang Qiong also appeared on the chin of the monster.

The fist wrapped in the aura of annihilating the killing array, smashed out from bottom to top!

Boom!

Punch down.

The tiger-shaped monster's jaw collapsed visibly to the naked eye!

Black blood spewed out from the mouth of the tiger monster!

The sound of broken bones is endless!

And when the general defending the city beheaded the few monsters in front of him.

saw this scene.

looked horrified.

The two of them are only in the Divine Weapon Realm, so they have such a majestic immortal energy.

Moreover, the god-level monster under the blessing of dark magic energy worked together to sink the serious injury!

Where is this evildoer!

Is there such a character in God's Descend Starfield?

Chapter 953 In the cage, the battle is getting fiercer!

One in the early stages of the Divine Weapon Realm, and one in the middle stage of the Divine Weapon Realm, but abruptly caused substantial damage to a tiger-shaped monster of the general level and under the blessing of dark magic energy!

This scene obviously terrified the defenders.

Seeing this scene, the general who defended the city was horrified, and seized the opportunity to integrate aura into his voice and roar out.

"Everyone, as long as they persist for a while, they will have a chance to finish off that god-level beast!"

"When the time comes, it's time for us to counterattack!"

heard the words of the general who defended the city.

All the soldiers reacted from the horror, and they all roared, their morale was high!

The originally hopeless breath was washed away a lot under this situation.

And at this moment.

In the lightning cage.

The tiger-shaped monster let out low growls, backed up constantly, and kept shaking its head after standing still.

Black blood dripped from the corner of his mouth.

Obviously.

Ye Qiubai and Fang Qiong's attack caused a lot of damage to it.

But.

Under the erosion of dark demonic energy, the tiger-shaped monster did not choose to retreat, nor did it choose to preserve its strength, or observe the opponent's weaknesses.

It has no intelligence, and there is only one choice, or one goal, in its mind.

That is to smash the person in front of you!

Either you die, or I live!

As long as you don't fully understand the life of the tiger monster, even if it only has one breath, it will continue to charge towards the target.

At this time.

The tiger-shaped monster moved its limbs and rushed towards Ye Qiubai and Fang Qiong again!

Seeing this, Ye Qiubai and Fang Qiong looked at each other and nodded.

Continue to use the same trick.

But.

Just when the tiger monster was about to charge forward.

Between the eyebrows of the tiger-shaped monster, a huge group of dark magic energy began to surge crazily!

The wounds on the head and jaw began to heal at a speed visible to the naked eye.
at the same time.

The physical body also grew larger at this moment.

The speed of the impact was several times faster than before.

So much so that, in just an instant, they rushed in front of Ye Qiubai and Fang Qiong!

The huge palm was raised, and it suddenly slapped Ye Qiubai and Fang Qiong!

From the perspective of Ye Qiubai and Fang Qiong, it seemed that a large shadow enveloped them.

The huge palm, like a mountain falling from the sky, blocked all the light.

The sound of howling wind ruthlessly hit the bodies of the two of them.

After all, there is an extremely heavy feeling.

Space is constantly distorted for it!

Seeing this scene, the expressions of Ye Qiubai and Fang Qiong changed slightly.

The sudden acceleration made neither of them react immediately.

The original offensive posture, forced to twist the shape, hasty defense.

Ye Qiubai put the Hunyuan Immortal Sword in his hand across his chest, and the scope of the sword domain suddenly narrowed at this moment, gathering more concentrated sword intent on the Hunyuan Immortal Sword, forming a Great Wall of Sword Intent!

Fang Qiong used annihilation to kill the formation, using offense as defense, and blasted out with one punch!

But.

After all, it was too hasty.

The two of them didn't react immediately.

When the mountain-like palm of the tiger monster fell down.

Slapped **** the defense of the two!

Accompanied by a huge roar.

The heavy offensive made the two of them fall from the sky in an instant!

Like a cannonball, it hit the ground!

Boom!

The ground is instantly dented and cracked!

Cracks like spider webs, with the depression as the center, spread rapidly in all directions!

Seeing this scene, the general who defended the city felt tense again.

Zhong Yan and Qi Wen in the distance felt a little relieved when they noticed this scene.

Sure enough, it is still too reluctant to deal with this monster of the general level with the strength of the magic soldier.

Really kill.

How powerful and evil is that talent and actual combat ability?

Such a character.

I'm afraid there are only top monsters in the sect.

Even, only the top geniuses in this high-latitude boundary can do it.

If that's the case.

their approach.

It is possible that there will be a war between the two cases!

after all.

Two such talented and evil characters died here.

Even if they are far apart, the sect will not let it go.

This is a very realistic thing.

When you don't have enough talent, the forces behind you won't pay for you to seek justice.

When you have enough talent, then the sect will move for you!

On the city wall, the hearts of the soldiers sank when they saw this scene.

Xiao Hei frowned, took a step forward, and a striped road was about to appear on his body.

Fortunately, Mu Fusheng immediately shouted: "Brother, don't act rashly! There will be no problem."

Heard Mu Fusheng's reminder.

Xiao Hei finally relaxed, and the lines began to disappear under the skin.

Seeing this, Mu Fusheng heaved a sigh of relief, frowning and looking into the lightning cage.

Eldest Brother and Junior Brother Fang's vitality is still very strong, but the breath is a little unstable, and it seems that they have been injured.

And at this time.

The tiger-shaped beast let out a roar, without stopping at all, and rushed towards the depression frantically!

The two forepaws suddenly pressed down!

See it.

Mu Fusheng pointed forward.

In the thunder and lightning cage, countless thunder powers instantly turned into chains, winding around the body of the tiger-shaped monster.

The huge body of the tiger-shaped monster was stagnant in mid-air.

only.

The stagnation time is not long.

When the tiger-shaped monster exerted its strength again, the chains began to shatter!

Continue to smash towards the depression below!

Boom!

There was a loud noise like thunder on the ground!

The originally sunken ground also became more sunken at this moment, and the cracked ground also began to collapse!

It was as if the entire plate began to vibrate!

When the soldiers saw this scene, they all sighed in their hearts.

It seems that there is still no chance...

Zhong Yan and Qi Wen were even more delighted, and shouted at Zhong Zhanggong: "Brother Zhong, they are dying, we have to solve this end quickly, otherwise the other end will lock us, and it will be difficult to deal with!"

Mr. Zhong Chang fought with another magical beast, holding a scroll of formation to suppress it.

Hearing what the two said, Mr. Zhong nodded: "I know."

But at the moment when they thought that Ye Qiubai and Fang Qiong had died.

Sudden.

Mu Fusheng once again pointed out.

Countless thunder chains entangled the tiger monster again!

At the same time, the tiger-shaped monster roared and wanted to break free.

Two figures suddenly appeared on the cap of the tiger-shaped beast.

It was Ye Qiubai and Fang Qiong!

The sword field suddenly condensed!

With the assistance of Sword Soul, it was compressed to the extreme!

The Hunyuan Immortal Sword has also become longer and sharper under the convergence of the Sword Domain sword intent!

Fang Qiong stretched out his hands.

The annihilation and killing array is ready.

directly surrounded the tiger monster!

The huge annihilation aura filled the Thunder Cage!

Chapter 954 Checks and Balances

Among the disciples of thatched cottage.

Ben could sense each other's breath.

It is even more able to find the most suitable timing for cooperation in terms of the timing of the shot.

As it is now.

Mu Fusheng was at the moment when the tiger-shaped monster shot Ye Qiubai and Fang Qiong into the ground.

Borrowing the blockage of the naked eye by the lingering dust and mist, the tiger-shaped monster was trapped with the thunder chain in time for a moment.

It gave Ye Qiubai and Fang Qiong enough time to prepare for the next round of offensive.

If you slow down.

The tiger-shaped beast's attack might interrupt Ye Qiubai and Fang Qiong's preparations.

If too fast.

Warcraft will also detect Ye Qiubai and Fang Qiong's offensive in advance.

Therefore, the cooperation required in this is extremely delicate, and it is also something very human can do.

At this time.

The soldiers on the city wall saw this scene when they had a gap, and they didn't think about why the terrifying blow just now didn't kill Ye Qiubai and the others.

I just want to see if this blow of the two of them can kill this general-level monster!

In the Thunder Cage.

The sword intent is not filled in it as imagined, but completely restrained to the Hunyuan Immortal Sword!

Under the control of the soul of the sword, it completely merged into the body of the sword.

Even, no one else could feel the slightest bit of sword intent revealed!

Beside, Fang Qiong arranged an annihilation formation!

Today's Fang Qiong, under the promotion of Lu Changsheng, can control the power of the annihilation and killing array to a certain extent.

Used with silver skin and blood muscle, compared to before, the power of the annihilation and killing array has increased several times!

The two hit with all their might.

The moment the tiger-shaped monster broke free from the chain of thunder, it suddenly fell towards the sky cap!

With one sword strike, all demons will be destroyed!

Immediately following it was the annihilation formation that completely surrounded the tiger-shaped monsters.

One after another of annihilation breaths turned into world-destroying spears, madly shooting towards the tiger-shaped beast!

In just an instant, Ye Qiubai's sword landed on the tiger-shaped magic beast's Tianling Gai.

At this moment, the sword intent exploded wildly from the Hunyuan Immortal Sword!

Continuously swept over the concentrated point on the tiger-shaped magic beast Tianling cover!

Roar!

The tiger-shaped monster let out a huge roar of pain, and hot blood suddenly pumped out from its head!

Splashed all over Ye Qiubai's body, and his white clothes were also dyed black and red!

The world-destroying spear also came at this moment!

It was directly inserted into the huge body of the tiger-shaped monster!

Immediately, the annihilation breath followed the world-destroying spear and began to erupt directly in the body of the monster!

Inside out.

At this moment, no matter how strong the surface of the physical body is, it cannot resist this level of explosion!

Ye Qiubai's sword intent erupted from the tiger-shaped monster's sky cap.

Fang Qiong's annihilation and killing array, the annihilation gas continuously erupted from the flesh.

The whole body of the tiger-shaped monster began to have cracks and cracks.

In that crack, black blood gushes out like a fountain!

The roar of anger and pain gradually became smaller and smaller at this time.

The movement of struggling also began to become smaller and smaller.

At this time.

Mu Fusheng said: "Eldest senior brother, Fang junior brother, back off!"

Heard Mu Fusheng's voice.

Ye Qiubai and Fang Qiong exited directly.

See it.

Mu Fusheng's eyebrows were serious.

The Thunder Cage begins to riot!

At the same time, the palm of the hand suddenly fell in the direction of the tiger-shaped monster!

Tai Chi, Yin Yang, Righteous Qi, Divine Thunder condensed into a thick thunder beam!

smashed down hard!

Thoroughly involved the tiger monster!

Boom!

This space seems to have lost all its colors.

It was pitch black all around, only the thunder beam exuded a huge thunder light!

The Thunder Cage, also under Mu Fusheng's control, exploded like a thunderbolt!

Kong Kong Kong!

On the ground, a ray of thunder turned into a circle of air waves, sweeping towards the surroundings.

Among the beast tide, a large area was swept in, without even making any resistance or struggling movements.

was directly hit by Mu Fusheng, and died in this world!

Of course, what disappeared at the same time was this general-level tiger-shaped monster...

This scene stunned the guards.

Three people's attack, three people's cooperation.

Not only killed this general-level monster, but also cleaned up nearly 40% of the beast horde!

How exactly is this done?

After casting Thunder Cage.

When Ye Qiubai and Fang Qiong were fighting with a tiger-shaped monster in the cage.

Mu Fusheng continued to condense the power of thunder.

in order.

It was a sudden explosion at this moment!

Suddenly, the city guards reacted.

No matter what, this blow from the three relieved them of a huge pressure!

At the same time, it also increased their morale!

At this moment, the morale of the defenders has reached its peak!

In this case.

Morale is the most important thing.

the other side.

Mr. Zhong Chang, Zhong Yan, and Qi Wen also suddenly turned their heads and saw this destructive thunder halo.

I also saw Ye Qiubai and Fang Qiong beheading a god-level monster.

This made them look extremely horrified!

Why.

Obviously they are only three people in the Divine Weapon Realm.

It was a character they pulled over to make up the number, used as bait, and discarded at will.

Now it has exploded with astonishing strength.

Beheaded a god-level monster under the blessing of dark magic energy?

And, faster than them?

Who is the bait!

Mr. Zhong Chang's face was ugly, but now he has no spare time to think about it.

He could only kill the dying general-level monster in front of him.

Even he relies on the cooperation of the three formation scrolls, and only with the help of external force can he have full confidence...

The defense of the city is still going on.

After half a day.

Mr. Zhong and the other three finally killed the monster.

With an extremely ugly face, he returned to the city wall.

Looking at Ye Qiubai and the other four who were helping the city defenders to defend the city and constantly killing the beast hordes on a large scale.

"How did you do it?"

Ye Qiubai smiled lightly: "Did you disappoint?"

Thinking of this, Mr. Zhong Chang's expression froze for a while, and then he turned to smile and said, "Brother Ye, I'm too happy for you to be able to kill a general-level beast!"

The speed of face-changing is not unpleasant.

But this kind of person is the most difficult to deal with.

Can bend and stretch.

Fang Qiong looked at Zhong Zhanggong with a half-smile and said, "That's not what you said at the time."

"One moment is not the other moment." Mr. Zhong spread his hands and said, "After all, we are still a team. What's more, you also want more information and mission rewards so that you can practice better, right?"

"Then, you should also have heard about my background, so continuing to cooperate with me should be a better choice, right?"

It is clear.

Mr. Zhong Chang is very smart.

After tearing the face apart, it is the best choice to check and balance with what the other party wants.

Ye Qiubai also smiled and said: "I can choose the side of the blue ocean. I must know our strength, and the other party will not accept it."

Mr. Zhong Chang cursed in his heart, then smiled and said immediately: "What news do you want?"

[Chapter 955: Magic Li guessed, let's start the layout!](#)

Mr. Zhong Zhang was able to get into this position in the Divine Body Sect not only because his father was an elder of the inner sect of the Divine Body Sect, with a high position and authority.

At the same time, it is also because there are some means to deal with things.

Following the elders to do things, under the condition of being swayed by the ears and eyes, the methods cannot be too naive.

After tearing faces with Ye Qiubai and others.

Mr. Zhong Chang was also able to accurately find what Ye Qiubai and the others needed.

For example, experience is nothing more than improving strength, so the rewards given are also needed.

At the same time, by inquiring.

And these days, Ye Qiubai and others inadvertently asked him for information.

It can also be seen that what they need is information.

So, under such circumstances, if Master Zhong wants to keep Ye Qiubai in the team, complete the mission with them, and provide them with conditions that can give them enough information, naturally there is a high probability of maintaining this team relationship.

At least, until this mission is complete.

The reason why Ye Qiubai and the others agreed.

That's because the team has already been formed, and at the same time, in order to maintain the team relationship between them, it will be much more convenient for Zhong Changgong to ask for information.

So, he accepted Zhong Changgong's proposal.

...

the other side.

In the depths of dark magic.

There are more than a dozen figures in black carefully pressing forward.

Among them, the leader is the magic hat.

After continuing forward for hundreds of meters, suddenly, a strong man in the God King Realm from the Demon King Domain behind him let out a miserable howl!

Countless dark demonic energy began to pour into the body of the strong man in the God King Realm.

The body also swelled more and more at this moment, like a puffer fish.

Gradually, it floated into the midair!

Under everyone's dignified gaze, the body of this God-King Realm powerhouse exploded!

Torn apart, countless blood spilled all around!

Which includes internal organs fragments and broken bones...

It looks extremely bloody.

Mo Li also had a serious face, and said, "How many people have we lost here?"

Behind the magic hat, there was an elder who was in the early stage of the God King Realm and said solemnly: "We have lost more than seventy people... It seems that at this point, even if we are from the Devil King Realm, the limit is still at the late stage of the God King Realm."

The people in the Demon King's Realm have already cultivated the dark magic energy.

So, in this environment, you can be much better than others.

If someone from the Divine Body Sect or the Divine Array Sect came, I'm afraid it would take someone from the Divine Emperor Realm to barely resist.

After hearing what the elder said, Mo Li's face gradually became a little ugly.

Then look forward.

The dark demonic energy here is already as substantial as it is, even so thick that it is in a viscous, liquid-like state!

Every drop of black liquid condensed from the dark magic energy weighs ten thousand catties!

Like a mountain, pressing on the bodies of everyone!

Here is already the depths of dark magic.

It is probably only a few hundred miles away from the center point.

But for them, this distance, which they might be able to reach in a short while, is now like a horizontal ditch!

because.

Under the suppression of these dark demonic energy.

Even the magic hat in the late stage of the God Emperor Realm cannot run.

It seemed as if something was suppressing the demon energy in his body!

This demonic energy, although similar to that of the Demon King Domain.

The magic hat has also been able to confirm that the things in it must have an inseparable relationship with the Demon King's Domain.

but.

Obviously, the dark demonic energy emitted by this mysterious thing is much higher than theirs!

So many that they couldn't run.

Even if you don't have enough strength, you will be crushed to death!

at the same time.

Thinking that the devil is still alive.

Think of that.

Mo Li had a guess in his mind.

The thing in it is probably related to the previous, that amazingly talented demon lord...

Because only his breath, his blood.

Can cause such absolute suppression to him!

if it is like this.

Magic Li even had an idea in his heart.

That is, is there a possibility that the former demon master has reached the high-latitude boundary.

So it triggers a connection with what he left before?

That's why it appeared here at this kind of timing?

Think here.

Mo Li's face became serious, and he said directly: "I'm afraid even if I go forward, I won't be able to resist."

The elder of the God Emperor Realm was shocked when he heard this.

Can't even the magic hat resist?

"Let's go back first, I need to send a message to the devil."

That is the current Demon Lord, Mo Ji.

Hear here.

The rest of the people also nodded, and at the same time they breathed a sigh of relief.

This is good news for them.

After all, these days, one by one companions are beside them, and they are directly suppressed to death by the dark demonic energy under their noses.

The death was extremely miserable.

Not even the spirit remained.

They have already started to retreat in their hearts!

...

Stay until after going out.

The magic hat didn't pay attention to the high-level officials of the Divine Body Sect and the Shenzhen Sect who were stationed here to wait for the situation.

Instead, he returned directly to the room.

Take out the formation scroll and wave it out.

The shielding formation immediately surrounded the entire room.

Then he took out the jade pendant and started sound transmission.

Not for a while.

Moji's figure appeared on the jade pendant.

"What's the matter, got it?"

Mo Li shook his head, "No, I can't bear the heavy pressure any further."

Afterwards, Mo Li recounted his conjecture.

After listening to Mo Ji, he pondered for a while, his brows and eyes twisted into a word, "I will send someone to come, there are still some things that need to be dealt with in the Demon King's Domain, and I can't move lightly."

Magic hat nodded to show understanding.

"Then shall we garrison here? Wait for that person to appear?"

Mo Ji nodded and said: "It is necessary to send people to garrison, but also try to break through. If we know what is in it earlier, there may be clues, and we can even force the whereabouts of that person."

"But, I can't enter the central place." The magic hat looked ugly.

Mo Ji pondered: "I will ask someone to bring that thing over."

Hear here.

Magic Li nodded in surprise: "That's great!"

"Okay, I will sit here for a few days. If there is any news, even if there is something wrong, I have to report it to the owner immediately. Do you understand?"

Magic hat nodded.

The scene disappears.

The light emitted by the jade pendant also dissipated.

After getting the instruction.

Mo Li also immediately assigned the task to the rest of the elders and disciples.

At the same time, he also said to the senior officials of Shenzheng Sect and Divine Body Sect: "Report the people who come in these days, no matter which star field they come from, to me, not verbal information, but video, understand?"

After listening to the two high-level officials.

I don't know why.

However, due to the need to rely on Demon King Domain, he could only nod in agreement.

The magic hat looked up at the direction where the dark magic energy erupted, where the black mist filled the sky, covering the sky and the sun.

"If it is really what I think, then as long as you come, what awaits you is a lore encirclement..."

[Chapter 956: Each has a ghost \(13\)](#)

Another two days passed.

At the moment when the sun rises, when the sun breaks through the clouds.

The dark demonic energy slowly gathered towards the center.

The tide of beasts also gradually faded as the dark devilish energy gathered.

The west city wall is already dilapidated.

However, compared with before, the loss is not too much.

With the support of Mu Fusheng's talisman.

Ye Qiubai's Sword Domain and Fang Qiong's Annihilation Killing Formation both have a large-scale killing effect.

At the same time, Mu Fusheng's thunder power has a special lethal bonus for the blessing of dark magic energy.

As for Xiao Hei, since he can't explode his strength, he can only kill the monster when it climbs the city wall.

However, this also prevents the city wall, which was destined to be broken, from being damaged.

The defenders of the city only died 30% on the original basis.

In this state, it is quite unexpected to be able to guarantee such a record.

this moment.

All the defenders began to cheer.

Even if you are extremely tired, even if you are scarred.

Under such circumstances, he would still roar out loudly while dragging his broken body.

As if to dispel all the previous aggrieved and despair from the body.

And at this time.

No one organizes either.

No one gave orders either.

A city guard stood up and faced Ye Qiubai, Xiao Hei, Mu Fusheng, and Fang Qiong.

Even if a leg is broken, he will stand up with the support of his partner.

Immediately, they all put away the joy on their faces, and bowed to Ye Qiubai and the others with serious expressions.

It also includes the general who defended the city.

This is their paltry acknowledgment.

Because of Ye Qiubai and the others, they were able to defend the western city wall.

Only then can there be no living beings in Xingning City.

At this time.

Mr. Zhong Chang came over and said with a smile, "How does it feel to be a hero?"

During the process of defending the city, the three of Zhong Changgong did not contribute much after killing the general-level monster.

Fang Qiong glanced at this person, and said with an unceremonious cold face: "There is no need to be so hypocritical."

Hearing the words, Zhong Zhanggong's expression froze, and then he put away his smile, and said: "Now let's see what's going on on the other side of the blue ocean. If they kill all the three general-level monsters on that side, then the mission rewards will belong to them."

"Why don't you tell me what you promised first?" Ye Qiubai said with a smile.

Mr. Zhong Chang nodded immediately, "It's natural. Since I promised you, I will definitely do it. Ask, as long as I know it, as long as there are no secrets about the Divine Body Sect."

"We're not interested in your Divine Body Sect." Mu Fusheng took the words, shook his head, and then said, "Tell me, what's in the dark devilish energy."

The reason why Mu Fusheng was asked to answer was that Mu Fusheng was more cautious, let alone revealing their purpose.

And they also know that the Divine Body Sect has invited the Demon King Domain, and so far, they don't know what it is.

The reason for asking this is just a smoke bomb.

Otherwise let the other party know that their purpose is to investigate the Demon King Domain, then it will be over.

"We don't know either." Zhong Changgong shook his head, "The Divine Body Sect and the Shenzhen Sect jointly invited the Demon King Domain as a helper, but so far, the people in the Demon King Domain have no clue about the things in the dark demonic energy."

"Oh?" Mu Fusheng pretended to be puzzled and said, "Then the Demon King Domain doesn't consider asking for help anymore?"

"After all, the Demon King's Realm also cultivates dark magic energy, and the things in it should be very attractive to them."

Qi Wen on the side frowned and said, "Are you asking too many questions?"

Ye Qiubai's sharp eyes swept over directly, and said: "I believe Lan Hai is willing to tell us more news."

"You!" Qi Wen looked angry, and took a step forward but was stopped by Zhong Zhanggong.

"Don't be impulsive, it's just some news." Zhong Changgong smiled and said: "What's more, Brother Ye and the others are so powerful, they should know the news."

However, when saying these words.

There was a slight chill in Zhong Zhanggong's eyes.

This was also keenly sensed by Ye Qiubai.

Mr. Zhong Zhang continued: "Back to the topic, not long ago, I did get the news that the Demon King Domain has not only sent additional support, but is on the way to the God's Descending Star Domain, and let our people strengthen the surveillance of outsiders."

"Of course, including you." Zhong Chang joked openly and laughed: "But Brother Ye, you are only here to practice, how can you have anything to do with the Demon King Domain? Hahahaha!"

Mu Fusheng said with a calm expression: "The Demon King's Realm is so far away from our Haotian Divine Realm, but we would like to go there to practice and experience if we have the opportunity."

Looking at Mu Fusheng's micro expression.

Mr. Zhong Zhang did not find the slightest flaw, so he withdrew his gaze.

"Several, do you need any more information?"

Mu Fusheng smiled and said: "Give us a map of the God's Descend Starfield, as well as the secret realm, the division of forces, and some basic information. As the son of an elder, you should have it?"

This sentence is also a smoke bomb, to emphasize that they are only here to experience.

Master Zhong Chang heard this, and naturally he would not refuse, he took out a scroll from the interspatial ring, threw it to Mu Fusheng, and said, "It's a small matter, you can easily get this at any cost."

"Of course, mine is more detailed than the ones outside."

After Mu Fusheng took it, he smiled: "I won't say thank you, it's mutual benefit after all."

Master Zhong nodded and said: "Of course, as long as you can help me complete this task before Lan Hai and the others, intelligence is indispensable."

But Xiao Hei, who was behind, frowned after hearing the news.

Since the Demon King Domain has strengthened its defense at this time.

Is it already certain that he will not let go of this opportunity and go here?

Or do they already know that they are in the God Descended Starfield?

Seemingly seeing what Xiao Hei was thinking, Ye Qiubai stepped forward and patted Xiao Hei on the shoulder, and said via voice transmission: "Don't worry, since they are still strengthening surveillance, it means they haven't found you yet. We can go there to see what's going on after we get enough information."

Xiao Hei nodded.

...

after.

Mr. Zhong's side also returned to the City Lord's Mansion.

The Santo, and Lan Hai also returned at the same time.

When he saw Ye Qiubai and others, the city lord couldn't help laughing and said: "Hahaha, you are really heroic boys. I have already heard about your deeds from the general of the western city wall. We Xingning City will never treat you badly!"

After hearing about Ye Qiubai's deeds.

The blue ocean side also looked gloomy.

They didn't think of it either.

This group of outsiders from the Divine Warrior Realm was able to kill a general-level monster!

To know.

They tried their best to kill two of them with enough generals!

And he was injured, and he paid a big price!

Chapter 957 Mo Ge Comes, Black Gold Wooden Box (23)

at first.

The city lord and the blue ocean side don't think that Zhong Changgong's side can kill many god-level monsters.

It's the sky, only one end.

After all, on their side is Zhong Changgong, a strong man at the level of a god.

But.

Who would have thought.

Through the report of the general guarding the west city wall, they learned about Ye Qiubai, Mu Fusheng, and Fang Qiong.

Three ascetics at the level of divine soldiers were able to work together to kill a magical beast at the level of a general?

How is this done?

You must know that under the blessing of dark magic energy, the physical strength and strength of Warcraft have been greatly improved.

Even if they are, they have exhausted their minds to kill both ends!

At this time, Lan Hai stepped forward, came to Ye Qiubai and the others, spread his hands and said with a smile: "I remember you are from Haotian God Realm, right?"

Ye Qiubai nodded.

"Then you and Mr. Zhong should not be relatives, or else, I promise you double the conditions he promised you, how about you join us?"

Hearing Lan Hai's words, Zhong Zhanggong's expression sank.

If this is the case, there is really no chance of winning this bet.

Ye Qiubai also smiled and turned his head to look at Zhong Changgong.

Mr. Zhong Chang's heart sank, he understood that this was beating him.

"Lan Hai, Brother Ye's team formation record has already been bound to us, so what if you let him join you? They still won't get the mission reward."

Lan Hai sneered: "It seems that if you follow you, you will definitely be able to get mission rewards. Besides, wouldn't it be good for me to give them my share of those rewards?"

Speaking of this, Lan Hai turned his head to look at Ye Qiubai again, and said, "How about it, should you consider it? Our Divine Body Sect knows the character of Mr. Zhong."

Heard the words.

Ye Qiubai shook his head unexpectedly, and said: "Forget it, if you change teams casually for a little benefit, your reputation with the outside world will also disappear."

This is just a rhetoric.

After all, if they inquire about intelligence, the less people know about it, the better.

If Lan Hai also knows that they are inquiring about the information of Demon King Domain.

Both of them belong to the Divine Body Sect.

Maybe it will arouse the suspicion of others.

At that time, it will cause unnecessary trouble and the loss will be too great.

not to mention.

Rejecting Lan Hai at this time, maybe he can get more information resources from Zhong Changgong.

After all, with Lan Hai's win over, their value will be higher in Zhong Changgong's heart.

After hearing these words, Zhong Zhanggong was slightly relieved, and at the same time promised: "Don't worry, Brother Ye, I will tell you as long as I can give you what you want."

Here, of course, refers to intelligence.

Lan Hai's expression is slightly gloomy, but after all, there is a city.

Dang even smiled and shrugged indifferently, and said: "It's okay, there will be opportunities to cooperate in the future. After this mission, you will be able to recognize the true face of this guy. When the time comes, our team welcomes you to join."

Ye Qiubai agreed perfunctorily: "There is a chance."

The city lord came over at this time, and said with a serious expression: "Okay, everyone, the crisis is not over yet, and the beast tide will come again in three days, so we should make good preparations first."

"As long as those god-level monsters are killed, the follow-up beast tide will be fine."

Lan Hai looked at Zhong Changgong, and sneered, "It's just that, both of us are still short of a magic beast. It depends on who kills it first after three days."

Mr. Zhong Chang nodded: "That's what I mean."

The city lord was happy to see this scene.

After all, the two sides competed, and the beneficiaries were also their Xingning City.

...

These three days.

Ye Qiubai and the others were not idle, and kept inquiring about the news of the Demon King's Realm.

also learned from it.

In addition to the magic hat, another right-hand man of the current demon lord, Mo Ge, is also here.

When Mo Ge entered the God's Descended Star Field, he was holding something covered by a huge black gold wooden box.

The moment you step in.

The moment Xiao Hei felt the black gold wooden box, the dark devilish energy in his body also surged crazily.

If it wasn't for Mu Fusheng who stopped him in time, I'm afraid Xiao Hei would not be able to suppress the blood power in his body at that time.

The dark demonic energy between the heaven and the earth also rioted at that moment for a full stick of incense.

This also leads to.

The surge of dark magic energy became more intense.

The beast hordes everywhere also started to attack the cities ahead of time!

In Xingning City, the city lord also poured spiritual energy into the voice, which spread throughout Xingning City!

"The horde of beasts is coming ahead of time! The people are hiding, and the soldiers immediately return to the city wall to garrison!"

Meanwhile, under the observation of the outpost.

The remaining three general-level monsters also gathered at the north city wall, as if they wanted to concentrate their strength and break through a city wall!

Mr. Zhong Chang, on the blue ocean side, also walked up to the north city wall.

Looking at the black herd of beasts crushing ahead.

Shake the earth!

After commanding the soldiers, the city lord looked towards this side with a solemn face, and said, "The three general-level monsters depend on you."

Lan Hai laughed and said: "This is our task, the city owner doesn't have to worry."

"The one to worry about is him."

Having said that, Lan Hai set his sights on Duke Zhong who was beside him.

"Don't think that with Ye Qiubai and the others, they can kill them faster than us."

Mr. Zhong sneered and said, "You should still worry about yourself."

After finishing speaking, he looked at Ye Qiubai and the others, "Shall we work together to kill one of them first?"

Ye Qiubai said: "Look at the situation first, it seems that something is wrong."

Um?

Mr. Zhong Chang and Lan Haifang also looked over.

really.

The three general-level monsters seem to be a little different from before.

The general-level monsters surrounding Xingning City are all tiger-type monsters.

In terms of appearance, there is not much difference.

But this time.

Among these monsters, the middle one has wings on its back.

One head on the left, with a huge horn on top of the head.

On the right is the tail, where huge bone spurs were born!

At the same time, the breath has also been greatly improved!

The city lord said solemnly: "It seems that the previous dark devilish energy has greatly improved their abilities."

"Do you have any plan to deal with it?"

Lan Hai grinned grimly at this moment and said, "Plan? Just wait for them to come and kill them hard. Even if they have improved, now we only need to target a general-level monster."

Mr. Zhong Chang didn't speak, but he obviously had the same idea.

The face of the city lord was slightly stern.

Both sides only need to kill a general-level monster.

Then, it means that there is still another end that needs them to deal with.

However, he can't command the two teams, after all, they come from the Divine Body Sect.

"In this case, we will try our best to hold the other end."

Now we can only hope that they can solve it quickly.

Ye Qiubai said at this time: "With your strength, the city lord, you may not be able to hold that end."

The city owner looked over.

Hearing Ye Qiubai's words, Duke Zhong Chang's expression changed drastically.

"We will go to solve the other end, and the city owner will only be able to defend the city."

[Chapter 958: Qingyun sword came out, killing him with one blow! \(33\)](#)

For Zhong Changgong.

What he hopes more is that Ye Qiubai and the others can quickly solve one of them with them.

"Brother Ye, if this happens, the blue ocean will take the lead!"

Ye Qiubai said: "The strengthened general-level beast, the city lord and one other person may not be able to completely restrain it."

"At that time, the walls of Xingning City will not be able to withstand the attack of the general-level monsters."

Mr. Zhong Chang's face was ugly.

Lan Hai laughed loudly: "Brother Ye, what you did was right. Now you can see how selfish Mr. Zhong is? In order to accomplish his goal, he will not care about the lives of other people at all! Even if all the people in Xingning City die, it has nothing to do with it!"

That's what it says.

If it is a transfer of identity, Lan Hai will be like Zhong Changgong.

Ye Qiubai and others can naturally see through this.

Then he smiled and said, "You don't have to worry."

Mr. Zhong was taken aback when he heard the words.

Seeing Ye Qiubai take out the Hunyuan Immortal Sword, said: "I didn't tell you, I will definitely be slower than them."

Hear here.

Lan Hai also slowly stopped smiling.

Among his team, there was also a look of ridicule.

Although you have the ability to kill the monsters of the general level, if you compare the speed with them, the powerhouses of the general level, I am afraid it will be a little whimsical.

The city lord Xingning was also a little surprised.

Are these outsiders in the Divine Weapon Realm really so confident?

You must know that Lan Hai and his team can be regarded as above-average figures in the Divine Body Sect and Shenzhen Sect.

What's more, there are so many gaps in realm...

directly missed a whole big realm.

After Zhong Zhanggong heard these words, he also knew that he couldn't change Ye Qiubai's thoughts.

He could only grit his teeth and said, "Okay, since that's the case, then do as you said."

At the moment.

The beast tide is approaching.

The magical beast of the general level has also completely caught their eyes.

Lan Hai made a decisive decision, took out a pair of gloves, and rushed out.

Behind him, several god-level powerhouses followed closely behind!

Mr. Zhong, Qi Wen, and Zhong Yan are naturally not to be outdone.

Don't dare to waste a minute or a second.

Charge towards the god-level monster on the left!

The city lord looked at Ye Qiubai and the others, and asked, "Should we also go directly?"

Ye Qiubai shook his head, and said: "Wait for that one to come over first, if three general-level monsters appear on the same battlefield, some accidents may happen."

The city lord nodded.

At the same time, he also showed appreciation for Ye Qiubai.

Under such circumstances, being able to maintain such a rational mind can be said to be extremely enchanting.

Wait until the monster with huge spikes on its tail rushes to less than fifty miles away from the city wall.

Ye Qiubai slightly lifted the Hunyuan Immortal Sword in his hand.

The sword field suddenly soared into the sky!

The city lord on the side, as well as another general-level powerhouse, were slightly taken aback when they saw this.

The realm of swordsmanship is so strong, no wonder he has such confidence.
and.

The way of the sword actually made them all feel a threat!

See it.

Mu Fusheng also stretched out his hands.

At this moment, the power of three thunderbolts.

Xuanyin Purple Thunder, Heavenly Punishment God Thunder, Six or Nine Heavenly Thunder burst out at the same time!

Under the horrified eyes of the city lord.

Around the monster, a thunder cage was formed!

When the thunder cage fell, the three kinds of thunder powers condensed into three huge thunder chains, directly binding the monsters!

Let the beast break free.

It is impossible to break free from Mu Fusheng's thunder chains in a short while!

Fang Qiong released the annihilation formation, which condensed into a world-destroying spear at this moment!

Pierce towards the trapped monster!

As for Ye Qiubai, he put away the Hunyuan Immortal Sword in his hand.

The city lord was slightly taken aback when he saw this scene.

However, the next moment, his expression gradually became horrified.

Put away the Hunyuan Immortal Sword.

It was replaced by a quaint long sword with a sheath.

The moment the sheathed sword appeared, although no breath was released.

But the city lord felt an extremely palpitating feeling, as if endless sword intent was locked on his body.

Is this a sword that a monk at the level of divine soldiers can control?

At the moment.

Ye Qiubai put his hand on the hilt of his sword.

Pull it out slowly!

The moment when Qingyun Sword's blade was revealed.

Countless sword energy rushed out like ten thousand horses galloping!

At this moment, the dark devilish energy in the sky seems to have been dispelled!

The soldiers nearby, the city lord and another general-level powerhouse felt this sword intent, and their expressions changed drastically!

Such a powerful sword energy.

It seems to be the purest source of swordsmanship in this world!

Even Lan Hai and Zhong Changgong, who were already fighting with the other two general-level monsters, turned their heads in shock and looked in Ye Qiubai's direction!

"Who is he?!" Lan Hai looked at Zhong Zhanggong and shouted.

Mr. Zhong Chang was full of surprise and uncertainty in his heart at the moment.

Is this really an inner disciple of a second-rate force? !

This breath.

Even if it is the evildoer in their Divine Body Sect, it is impossible to achieve this step in the Divine Weapon Realm!

And at this time.

Ye Qiubai slowly pulled out the scabbard.

As the scabbard was pulled out, the sword energy became even more violent!

When pulling out 40% of the time.

Ye Qiubai's eyes narrowed.

That sword energy condensed into a giant sword, which stagnated in front of Ye Qiubai!

The moment when the giant sword was condensed.

The fluctuation of sword energy caused the monster below to be torn apart!

The city lord and another general-level powerhouse looked horrified, and immediately released the protective barrier to protect the soldiers on the city wall!

Without the protection of the two of them.

I'm afraid this sword energy can tear those soldiers into pieces!

Under the watchful eyes of Duke Zhong, Lan Hai, and the city lord.

The Qingyun sword in Ye Qiubai's hand trembled slightly.

The huge sword in front of him pierced directly towards the struggling God-level Warcraft in the Thunder Cage!

Space trembles violently at this moment!

During the piercing process of the giant sword.

Wherever it passes, all the monsters below will be destroyed!

Boom!

The earth is torn apart, and the space is trembling.

The giant sword directly sank into the Thundercage, piercing into the flesh of the monster!

At this moment, the incomparably hard body of this monster is like paper, and the giant sword pierces into it without the slightest resistance!

When the moment of piercing.

Warcraft's movements stopped.

Among the huge eyes, the pupils began to shrink continuously.

Immediately after.

Countless sword energy erupted from the monster's body!

Countless blood exploded from the inside out!

A general-level monster.

Was killed by Ye Qiubai!

Looking at Ye Qiubai who put away the Qingyun Sword, his face turned pale.

Mr. Zhong and Lan Hai's expressions were serious.

Zhong Yan Qiwen and others were even more horrified.

Just one hit...

Recalling that Ye Qiubai and the others couldn't solve it quickly.

Nowadays, they haven't even managed to injure Warcraft.

Ye Qiubai has already killed it...

Where are these four people?

Chapter 959 Thieves start to kill and seize treasure!

Shen Bingjing, kill a magic beast in seconds.

Moreover, it is not an ordinary general-level monster. Even if it is in the same realm, it needs the cooperation of many people and it takes time to kill a monster.

But was beheaded by Ye Qiubai with a sword?

The moment Ye Qiubai pulled out Qingyun Sword.

The origin of kendo exploded wildly!

This force.

City Lord Xingning, as well as Lan Hai and the people on Zhongchanggong's side, were trembling slightly in their hearts!

There was an idea in my mind at that time.

If Ye Qiubai's sword was aimed at them, would they be able to resist it?

Sometimes, when such thoughts appear in my mind.

The answer is already no.

There is no possibility of resisting the slightest bit!

Now, City Lord Xingning finally understands why Ye Qiubai said those words at that time.

Why do you have such a strong self-confidence, and fight with those god-level powerhouses for killing speed!

only.

Although Ye Qiubai did not try his best to pull out the Qingyun Sword, it was enough.

Four percent.

It is also to the extent that after Ye Qiubai casts this sword, there is still immortal energy remaining.

It's just that his face is still pale, and his breath is still a little sluggish.

Xiao Hei, Mu Fusheng, and Fang Qiong moved closer to Ye Qiubai at the first moment to prevent any monsters or humans from sneaking up on him.

the other side.

Mr. Zhong Chang laughed out loud after he was shocked.

Lan Hai's face was gloomy.

Ye Qiubai is now considered to be in Zhong Zhanggong's team.

So, Ye Qiubai was the first to kill, which means that in the bet, Zhong Changgong has won.

Take the lead in killing the third general-level beast.

Only listening to Zhong Zhanggong surprised and said: "Brother Ye! Then Zhong will have a big thank you!"

After finishing speaking, he continued to rush towards the other magical beast.

Lan Hai snorted coldly, the same.

...

The matter of defending the city is still going on.

Over time.

At the same time, along with Zhong Changgong and Lan Hai, they successively eliminated the general-level monsters in front of them.

The safety of Xingning City also began to slowly lift.

After the dark devilish energy faded again.

The beast hordes began to retreat towards the rear one after another.

Xingning City, to avoid the loss of life.

Even if there is a wave of beasts coming again later, without the charge of the general-level monsters, they are still capable of defending.

After the city lord, a celebration banquet was held for Ye Qiubai, Duke Zhong, Lan Hai and others.

Xingning City at this moment, the rest of the life after the catastrophe, is full of laughter!

Grandpa Zhong came to Ye Qiubai and the others with wine, and laughed loudly: "Brother Ye, you really opened my eyes! I never thought you could control such a powerful weapon."

"I don't know, what level is Brother Ye's sword? Could it be that it has reached the level of a **** master?"

Ye Qiubai shook his head and said, "I don't know."

Master Zhong was taken aback for a moment, and then asked tentatively, "How did Brother Ye get this sword? Your sect probably doesn't have weapons of this level."

is also a second-rate force.

Even if it is placed in the Divine Body Sect and the Divine Array Sect, it will definitely not be able to hold a sword of this level!

It was able to emit such power before it was fully unsheathed.

How could it be ordinary?

Ye Qiubai didn't answer directly, but frowned and asked, "You seem to have a lot of questions?"

"Just curious, just curious." Zhong Zhanggong's eyes flashed, and then he waved his hands and said, "By the way, Brother Ye, we will set off for the Hall of Assembly tomorrow to receive mission rewards. If you want to know anything else, you can also ask me."

Ye Qiubai nodded, and then asked: "We want to know the area covered by the dark magic energy and the map of the coverage level."

Mu Fusheng interjected: "It would be best if there is a map of which area the Demon King's Domain is searching for. We want to go there to practice and prevent them from entering their area by mistake."

Hear here.

Lan Hai, who came over, frowned, and said, "You want to go there to practice? I advise you to get rid of this idea as soon as possible, even if a monk of the general level enters it, he will not be able to go too deep."

Mu Fusheng smiled and said: "Always try, opportunities are reserved for those who are prepared."

Hearing this, Lan Hai and Mr. Zhong looked at each other quietly, but immediately put them aside.

"In this case." Zhong Changgong nodded and said: "Then I will give it to you, but you can only go back to the Hall of Assembly. After all, only the elders can get this kind of map."

"Then leave tomorrow."

"no problem."

Finished speaking.

Mr. Zhongchang and Lan Hai went back to the courtyards where they lived.

Ye Qiubai and the others went back together after exchanging pleasantries with the city lord.

Arrived in the yard.

Mu Fusheng immediately waved and threw a few talismans, shielding the entire courtyard.

Immediately the sound transmission said: "Something is wrong."

Fang Qiong also nodded and said: "I feel that something will happen after returning to the assembly hall. Although Zhong Changgong and Lan Hai hid it well, they also exchanged glances secretly several times."

Ye Qiubai frowned slightly: "The purpose is too obvious. It's possible that it's because I exposed Qingyun Sword."

Xiao Hei said decisively: "It's almost inseparable, the Qingyun sword of the big brother is too tempting for these second-rate forces."

"What's more, our current identity is only the inner sect disciples of the second-rate forces of Haotian God Realm. Let's not say that the gap between the two forces is not big, and God's Descending Star Realm is far away from Haotian God Realm!"

"Even if it is robbed or killed, maybe others will not know who did it."

Mu Fusheng nodded: "Senior brother is right, killing people and seizing treasures is a very common thing."

"Then shall we go tomorrow, or leave here now?" Fang Qiong asked.

"No need." Ye Qiubai shook his head and said, "We must get their map, so that we can better understand the movement of the Demon King's Domain and help Xiao Hei enter the center of the dark demonic energy."

"Doesn't the pastor have a lightning escape talisman? If there is a crisis at that time, just use the escape talisman to escape."

Mu Fusheng nodded and said: "In order to lure us over, they will definitely not prepare false information."

Even Mu Fusheng agreed with this method.

Of course there is a reason.

Now, the Great Elder of Haotian Shenzong is hiding somewhere in the God's Descend Starfield.

If something really happens that cannot be resolved, with the strength of the Great Elder of Haotian Shenzong, it can be calmed down.

"Since this is the case, I will prepare again."

Seeing everyone's decision, Mu Fusheng also immediately devoted himself to making talisman seals.

Although there will be no life-or-death issues, you still have to be careful and be more prepared.

This is the teaching of Master, Mu Fusheng has always kept it in his heart, and carried it forward... the next day.

also arrived in an instant.

Zhong Changgong Lan Haiye Qiubai and his party also rushed back towards the assembly hall.

Along the way, it seemed that the conversation was extremely speculative.

It's just that in these words, it's like a clash of swords...

The dark tide is raging...

Chapter 960 Poor excuses, tear your face!

In the hall of assembly.

At this moment, there is still a lot of voices, ascetics and casual cultivators from all forces are here to form a team to hand over the task.

Mr. Zhong Chang, Lan Hai Liangfang, and Ye Qiubai also returned here.

After handing over the task.

Mr. Zhong Chang looked at Ye Qiubai and the others with a smile, and said, "Brother Ye, do you want to come to my Divine Body Sect to sit?"

"I will help you introduce it. Our Divine Body Sect also welcomes the talents of other forces."

Heard the words.

Fang Qiong, Mu Fusheng, and Xiao Hei all frowned quietly.

Ye Qiubai shook his head, "No need, the purpose of our coming here is to practice, so we won't waste time."

"Just give us the map and the rewards for completing this mission."

Heard Ye Qiubai's words.

Mr. Zhongchang and Lan Hai looked at each other, and then laughed and said, "I've already had someone pick it up. Don't worry, the task reward and map information will be handed over to you."

Ye Qiubai nodded.

Then he glanced at Mu Fusheng, and the two exchanged glances calmly.

Mu Fusheng nodded slightly, and slowly retreated into the crowd, pretending to watch the task, but in fact, there was a power of talismans surging in his hand...

In Fang Qiong's palm, there are also phantom formations brewing.

The purpose of the two is already very obvious, and after reaching the assembly hall, they are a little undisguised at all.

The eye contact between Zhong Changgong and Lan Hai is not covered up like before.

At this time.

Xiao Hei said via voice transmission: "Outside the main hall, there are many strong men surrounding here."

Fang Qiong also said immediately: "There is a space-isolated formation outside, which is slowly forming."

For Xiao Hei, the perception of killing intent is extremely obvious.

So, when there is an undisguised killing intent from the outside world, Xiao Hei can easily feel it.

Fang Qiong has the physique of a spirit body of the formation, and is also extremely sensitive to the breath of the formation.

but.

It's just a formation to isolate the space, but it won't pose a threat to Mu Fusheng and the others.

Tianlei escape talisman is not a talisman that depends on space.

This is also the confidence of Ye Qiubai and the others.

At this time.

An old man suddenly appeared beside Zhong Zhanggong.

People around were slightly taken aback when they saw it.

"Isn't that the elder Zhong of the Divine Body Sect? Why did he suddenly appear here?"

"Shouldn't the elders of the Divine Physique Sect and the Divine Array Sect be dealing with the dark demonic energy?"

"Could it be that there are some important tasks that need to be released by the elders of the inner sect?"

When Zhong Changgong and Lan Hai saw this, they cupped their fists respectfully.

Elder Zhong nodded slightly, then looked at Ye Qiubai and his party, and said, "Is it because you need map information?"

Ye Qiubai nodded.

Elder Zhong nodded, "Since Elder Zhang agreed to you and played a major role in the mission, you all deserve this information."

While speaking, Elder Zhong threw a space ring to Ye Qiubai.

After Ye Qiubai took it, he handed it over to Mu Fusheng.

When Mu Fusheng took it, his eyes froze slightly, but he put it away calmly, and said at the same time: "It is indeed map information."

Elder Zhong nodded and said with a smile: "For those who have made contributions, our Divine Body Sect will naturally not be stingy with rewards."

These words spread throughout the assembly hall, apparently for other people who accepted the task.

"But..." Elder Zhong narrowed his eyes slightly, locking on Ye Qiubai like eagle eyes.

"The things you snatched from the elder should be handed over to my Divine Body Sect, right?"

"That sword was used by me for the Elder Duke's self-defense. Now that the incident is over, you should return it."

"You know, that is one of the treasures of my Divine Body Sect."

Say it.

Everyone around was shocked.

They robbed the treasure of the Divine Body Sect?

In this God Descended Starfield?

Do not die?

The Divine Physique Sect is in the Divine Descending Starfield, except that the Divine Formation Sect can compete with them in a separate court, that is the absolute master!

And heard these words.

Ye Qiubai smiled without any surprise.

"What are you laughing at?" Elder Zhong frowned slightly: "You don't seem surprised at all?"

Ye Qiubai smiled lightly and shook his head: "It's quite a surprise."

"It's just that the accident is not that you have the idea of wanting to **** this sword, but that you will use such clumsy words to **** this sword."

The expression of Zhong Changgong on the side sank, and he shouted: "Stop spitting blood here! If it wasn't for snatching, how could you have such a treasure of this level?!"

Ye Qiubai smiled and said: "I won't argue with you, this kind of clumsy statement, a discerning eye can hear the flaws."

You are a body refining sect.

How can you have the treasure about the sword?

really.

There were also discerning people around who saw this scene.

Can't help but chuckle in a low voice: "It's really clumsy."

"It is estimated that it is a treasure that even the Divine Body Sect can't resist, and I don't know what level it is."

However, even if someone sees it, these people will not choose to expose it on the spot.

After all, the Divine Body Sect is the giant of the Divine Descend Starfield.

They can't be messed with.

At the same time, Ye Qiubai and the others didn't know each other either.

Even if you can afford it, there's no need to help someone you don't know, so as to offend the giant of the Starfield!

This is too much to gain.

Elder Zhong naturally knew this truth.

This clumsy reason is just a reason for their Divine Body Sect to take action.

When you grab it.

Kill Ye Qiubai and the others.

Create a little momentum again.

The voice of opposition from the outside world naturally disappeared.

"It seems that you are unwilling to give it, so don't blame us for being rude."

Elder Zhong just finished speaking.

Around , barriers rose suddenly!

Enclose the entire assembly hall in it!

The entire space is generally blocked at this moment.

at the same time.

There is a famous general, and even a strong man on it, who appeared around the assembly hall.

All the Qi machines were locked on Ye Qiubai and the others.

Everyone looked around.

It seems to be well prepared.

It can make the Divine Body Sect so motivating.

Which level of treasure has it reached?

At least it is at the Emperor level...

Mr. Zhongchang also completely tore his face at this time, looked at Ye Qiubai and the others with a sneer and said, "If I knew today, why bother?"

Ye Qiubai laughed, and said mockingly: "Do you think you guys are hiding it well? When you said it before, we already guessed what you were thinking."

"If you are not sure, do you think we will easily follow you back to this assembly hall and throw ourselves into the trap?"

"What do you mean?" Zhong Zhanggong's face darkened, and suddenly his heart tightened slightly.

Ye Qiubai smiled, but did not speak.

Just beside him, Fang Qiong suddenly stretched out his hand.

A huge and fairy-like illusion array covered the entire assembly hall!
