

## My Disciples 981

Chapter 981 The spirit of the saint, beyond the six realms!

Jin Wuwu and the others looked at Xiao Hei and frowned slightly.

"You have a way?"

Jin Wuwu asked: "You must not go forward. If you go the wrong way and reach a dead end, I'm afraid there will be no turning back."

Xiao Hei shook his head and said, "If my guess is correct, then there is no need to go in."

Um?

Don't need to enter the two roads?

Then how to distinguish whether it is a way of life or a way of death?

Among the puzzled eyes of the three.

Xiao Hei came to the intersection of two roads.

Here is the place where the Dragon Qi is the most violent.

After all, the dragon energy gushing out from the two roads converges here!

Standing in the midst of the dragon aura, Xiao Hei spread his hands, allowing the dragon aura to spray across his body.

Immediately, under the horrified eyes of the three of Jin Wuxing, they began to frantically absorb the dragon energy gushing out from the two roads!

"You are crazy!" A clansman shouted in shock: "Without dragon blood, absorbing such a large amount of dragon energy will cause the blood to rupture and explode to death!"

"Quickly get out!" Another clansman also persuaded.

Jin Wuwu shook his head with a stern expression at this time, waved his hands to stop the two, and said, "Stop talking, he doesn't look like the simple-minded type."

"I have told him the seriousness of the matter before, but if he is still sure to absorb it, it means that the other party is really sure."

Maybe the other two clansmen don't know Xiao Hei's identity.

Jin Wuwu knows it!

The last demon master, who was that?

is the only character in the entire high-latitude boundary that allows two major god-level forces to attack at the same time.

At the same time, he managed to escape under the encirclement and suppression of the two great gods!

How could such a generation of heroes have no brains?

Moreover, if it were him, Jin Wuhen would really have a feeling.

Even without dragon blood, he can conquer dragon spirit!

Back to Xiao Hei.

The dragon energy between the two paths was crazily sucked into Xiao Hei's body!

When the dragon gas is inhaled into the body.

Xiaohei can clearly feel the changes in the body.

The strength of the physical body is increasing at a speed visible to the naked eye.

At the same time, a dragon's roar came out from the blood vessels!

The sounds of these dragon chants seemed to be resisting the power of the blood in Xiao Hei's body.

want to break it, and then take it as their own.

Dragons are born domineering.

The same is true of blood energy.

If it is not the blood of the dragon, how could the domineering dragon blood be willing to merge with the blood of other races?

So, from the moment the dragon energy entered Xiao Hei's blood, an endless riot began!

A riot in the blood.

Ling Xiaohei also frowned slightly.

The blood vessels seemed to be crushed by this violent dragon energy!

The surface of the flesh body has begun to turn red!

Bloodshots are like vines, covering Xiao Hei's whole body, even covering Xiao Hei's facial features and seven orifices!

Streams of hot white air continuously seeped out from his sky cap.

Outside.

The two members of the Golden Feather Army also turned slightly pale when they saw this scene.

"Or not!"

"Young patriarch, take him out forcibly. If this continues, I'm afraid he will really explode and die!"

Although Xiao Hei is the deputy commander of the Golden Feather Army who was airborne by the patriarch.

But he conquered the entire Golden Feather Army with his strength and talent!

Watching such an arrogance fall here.

It's a pity!

Jin Endless also began to hesitate.

Could it be that this devil is really such a reckless person?

However, just as Jin Wuxiu was hesitating whether to use a secret method to forcibly pull Xiao Hei out.

Suddenly, an extremely dull roar, centered on Xiao Hei, began to spread towards the surrounding area!

This voice was released from Xiao Hei's body.

The three of them looked in horror.

Could it be possible that there is still a turning point?

As they thought.

I saw Xiao Hei looking inwardly at him, seeing the rioting dragon energy in his body, gathering into a giant dragon, galloping continuously among his limbs and bones.

Xiao Hei snorted coldly: "Dragon Clan, who has been dead for so many years, can you really let you suppress my blood?"

Speak.

The blood vessels all over Xiao Hei's body burst out with endless black energy at this moment!

It's not just the dark demonic energy, but a ray of golden light began to emerge above the intricate and intertwined blood vessels.

When the golden light shone, strips of golden ancient script emerged on the surface of the blood vessel, extremely mysterious and difficult to understand.

The dark demonic energy turned into a phantom of the demon god, and began to fight the \*\*\*\* dragon in Xiao Hei's body.

The ancient golden text turned into circles of light, wrapping around the \*\*\*\* dragon!

The \*\*\*\* dragon, which was still rioting, stopped struggling in an instant under the entanglement of the halo.

Or rather, unable to struggle.

The original domineering aura was reduced to nothing under the suppression of the golden ancient script.

I only heard the roar of the \*\*\*\* dragon, "What kind of blood is this?! Why does it have the spirit of a saint!"

Aura of a saint?

Xiao Hei was puzzled, but he didn't delve into it, but said indifferently: "You don't need to know what blood it is, give up struggling and integrate into my blood."

The blood-colored giant dragon wanted to struggle, but under the shackles of the golden halo, he couldn't move at all, so he could only speak angrily: "It is impossible for the aura of a saint to appear in the six realms! Who are you!"

Six Realms?

It seems that the dragon clan, the ancient mythical beast clan, knows quite a lot.

It seems that besides the six realms including the mortal realm and the fairy realm, are there other more powerful realms?

This can't help but ignite Xiao Hei's fighting spirit.

Revenge from the original Recover Demon King Domain.

After arriving, one will become the strongest in the mortal world and even in the fairy world.

Now...he wants to take a look at the beyond the six realms that the blood-colored dragon said.

"Beyond the six realms, what is it?"

The blood-colored dragon didn't answer any more. Instead, it looked terrified, as if it had touched some kind of taboo.

Seeing this, Xiao Hei stopped talking, and the power of the blood burst out!

The golden halo directly crushed the blood-colored dragon, turning it into majestic blood energy, which merged into its limbs and bones.

Constantly strengthening Xiao Hei's physical body.

At the same time, from the moment the dragon energy melted into Xiao Hei's body.

He also successfully discovered that one of the roads contained a strong dead energy.

It seems that that road is a dead end...

Outside.

Jin Endless and the three looked at Xiao Hei's body, and the blood color began to slowly disappear.

breath is also constantly strengthening.

While pleasantly surprised, I couldn't help being a little appalled.

Can absorb dragon energy without dragon blood?

Jin Wuwu said solemnly: "I'm afraid... the power of his bloodline is stronger than the bloodline of our Golden Winged Roc clan... no, it is even much higher than the bloodline of the dragon clan, and it is not even at the same level..."

Chapter 982 Eighty-one scales, one of which is an inverse scale! (12)

After absorbing dragon energy.

Xiao Hei's physical strength has also broken through to the peak of the gods.

After the bloodshots all over the body melt into the surface of the body.

Xiao Hei opened his eyes.

Turning his head, he looked at the three of Jin Wuhe who were full of surprise.

Xiao Hei was a little puzzled, and asked, "What are you doing?"

Speaking of this, Xiao Hei pointed to the road on the left, and said, "This road, as expected, will be a way of life."

Jin Wuwu and the other three reacted, and hurriedly asked: "Are you sure?"

Hearing this, Xiao Hei pointed to the road on the left and explained: "There is no dead energy in this road. On the contrary, there is endless dead air hidden in the road on the right."

"how did you do it?"

Xiao Hei thought for a while and said: "It's very simple. After absorbing the dragon's energy, you can feel other breaths in the dragon's energy, and you can easily find it."

Easy...

Just found out?

The faces of the three of Jin Wuxing turned dark after hearing Xiao Hei's inappropriate words.

What words?

What is this nonsense!

A thing that none of the three of us could do anything about, and even started to retreat.

But it is so easy as you said.

Where does this put our face? ?

"Okay, okay, let's go, don't you want to get the points quickly?"

Under Xiao Hei's reminder, the three of Jin WuWu and Xiao He walked towards the passage on the left.

Dragon Qi continued to spew out, so that the three of Jin Wuwu, except Xiao Hei, needed to resist with spiritual energy in order to maintain their speed.

Only Xiao Hei can move forward without pressure while absorbing dragon energy to strengthen his physical body.

...

on the other hand.

There is a waterfall falling from the sky.

Under the waterfall, there is actually a scale, shining brightly!

Among them, there is an extremely domineering dragon breath revealed.

is reverse scale.

A dragon with a total of eighty-one scales all over its body.

And at the position of the throat, there is a scale that grows backwards.

This scale is called the reverse scale.

Once it touches the Nilin, it will be furious and start killing!

This is also the Dragon's Reversed Scale, which touches and angers.

And each piece of reverse scale is also the place where a dragon is the strongest, and where the breath and blood cover the largest proportion.

This also leads to the fact that Nilin is extremely important, and it is also a rare treasure!

Whether it is used for cultivation, or as the foundation of a large formation.

Or a refiner.

can play a great role, greatly improving its level and power!

It can be said that the reverse scale is one of the most important parts of a dragon.

is also one of the most precious.

The appearance of Nilin also means that the secret dragon treasure here has at least reached the earth level!

And now.

On both sides of the waterfall, two forces are confronting each other.

are Tianchenzong and Chiyanzhai respectively.

Tianchenzong's team leader, Deng Zhun, who is at the peak of the Divine King Realm, looked at the opposite side of the waterfall, shrugged his shoulders and said, "Earth-level secret treasures, it's hard to be eaten by one family alone. It seems that we are going to join forces?"

On Chi Yanzhai's side, Wu Heng, the team leader who is also at the peak of the God King Realm, also nodded with a smile: "We can join forces, but there is only one piece of Nilin, how will we distribute it then?"

Inverse scale cannot be cut by ordinary methods, and even if it is cut, its effectiveness will be greatly reduced.

Deng Zhun smiled and said: "How about, the points belong to you, and the reverse scale belongs to us?"

Points can be robbed in the future, or more dragon treasures can be obtained.

But Ni Lin really only has this one piece.

This thing has entered the Dragon Vein so many times, but I have only seen it this time.

Its preciousness can be imagined.

Wu Heng still had a smile on his face, but after hearing Deng Zhun's words, there was a slight coldness in his eyes.

"Deng Zhun, do you think I'm a brainless person?"

The smile on Wu Heng's face seemed to never disappear, and he continued: "When you take the dragon scales, although I don't think that Chi Yanzhai will be so easily planted in your Tianchenzong's hands, but when the time comes to design , wouldn't it be good to just take away the points?"

Deng Zhun shrugged his shoulders noncommittally. He had known Wu Heng's reaction for a long time, and that was all he said.

But this Ni Lin, it is impossible to give up.

"Let's do it this way, the old way." Deng Zhun said: "After killing the guardian of the secret treasure, shall we distribute it based on the victory of the team battle?"

Secret Treasure Guardian.

is the guardian spirit of the secret treasure of the dragon. No matter what level the secret treasure of the dragon is, it must be guarded by the guardian of the secret treasure.

At the same time, the higher the level of the secret treasure, it also means that the strength of the secret treasure guardian will be stronger.

"Yes, prevent deliberately releasing water to preserve strength, and recover from injuries before going to war."

Deng Zhun also nodded in agreement.

While the two forces are discussing.

Among the two groups of people, there are two men staring at each other.

Naturally, Mu Fusheng and Fang Qiong joined Tianchenzong and Chiyanzhai respectively.

See this scene.

The two of them were also a little dumbfounded.

Didn't expect that they would meet so early, and they were still hostile to each other.

Originally, they thought that they would only meet when they were fighting for points at the end.

For this reason, Mu Fusheng also thought of a series of methods. If they meet at that time and have to fight, they will use the method Mu Fusheng thought of to act.

In case they find out the clues.

At this time.

Deng Zhun looked at Mu Fusheng at the side, and said with a smile: "Brother Priest, your talisman power will overwhelm the formation at that time. Your level is still a little low, so don't join the battlefield head-on."

On the other hand, Wu Heng's words were also surprisingly consistent with Deng Zhun's.

"Junior Brother Fang, you can use formations to cover us from the sidelines, or in other words, keep an eye on the opponent's talisman master."

Is there such a good thing?

Both Mu Fusheng and Fang Qiong nodded.

this moment.

At this moment, the forces of both sides rushed towards the direction of the waterfall at the same time!

That is, when both forces stepped into the vicinity of the waterfall.

In the lake below, there is a huge wave, which is divided into two parts, and it is slapping towards the people of the two forces at the same time!

Wu Heng and Deng Zhun said solemnly at the same time: "Here we come!"

Immediately, each showed their magical powers and resisted the waves.

The moment when the waves fall and return to the lake.

In the middle of the two forces, there is a huge blue dragon, which catches the eye!

Jiaolong is not enough.

However, two bulges have grown under the dragon.

It can be seen that beside Ni Lin, Jiaolong has already been contaminated with some dragon blood.

If there is an opportunity, completely replace the bloodline.

Perhaps this flood dragon will be able to leap over the dragon gate one day, transform into a dragon, and travel nine days!

Look at this dragon.

Wu Heng and Deng Zhun's faces were extremely serious, and they said softly: "Sure enough, Ni Lin's secret treasure guardian will not be simple."

In their perception, this flood dragon has reached the early stage of the God Emperor Realm!

Chapter 983 Mu Fusheng: Sometimes it is a sin to be smart (22)

Flood dragons often have a trace of dragon blood power.

However, if there is no great opportunity, Jiaolong cannot transform into a dragon.

However, even so.

That has something to do with dragons.

The strength of this flood dragon is also extremely strong!

Wu Heng and Deng Zhun said solemnly: "Find the right opportunity and attack together!"

Say it.

Wu Heng and Deng Zhun took out a circle of silver rings at the same time.

Immediately, they threw them together towards the sky above the Jiaolong.

I saw two silver rings falling on the sky above Jiaolong at the same time, rising against the wind!

Streams of suppressive air began to cover Jiaolong's body!

Suddenly, Jiaolong twisted its huge body continuously, opened its mouth wide, and let out an ear-piercing roar!

Breath was also partly suppressed at this moment.

Beam dragon ring.

The name sounds like it restrains dragons.

But in fact, it can only have an effect on creatures such as Jiaolong whose dragon blood is not strong.

If it is a complete dragon blood, this bundle of dragon rings will lose its effect.

After all, all creatures in the dragon veins are related to dragons.

The beam dragon ring will still have some effect more or less.

However, while Jiaolong was restrained, he also became furious.

That huge body was sweeping towards the two forces at the same time!

There are bursts of howling, although it has been weakened, it still has the strength of the God Emperor!

Just this breath, some people have to deal with it with all their strength!

Wu Heng drew out a long sword with a smile on his face, and Deng Zhun held a long spear, using all his strength at the peak of the God King Realm, and pierced towards Jiaolong's body!

Seeing this, the rest of the disciples also attacked together!

At this moment, no one dared to hold back.

Keeping your hands in front of a dragon in the God Emperor Realm, isn't that courting death?

Behind, Mu Fusheng seized the right time and threw one after another talisman towards Jiaolong.

Around the Jiaolong, the talisman erupted, and thunderbolts began to strike down towards the Jiaolong!

It's like a thunder prison!

Seeing this scene, Deng Zhun shouted loudly: "Brother Priest, the timing is good!"

Immediately, he glanced at Wu Heng at the side, as if he was demonstrating.

Look, how monstrous the new disciples of our Tianchen Sect are.

At this time.

Fang Qiong also released the Annihilation Killing Formation, and the annihilation breath began to surround Jiaolong's body.

Kill the body of Jiaolong.

Seeing this, Wu Heng also looked back at Deng Zhun and raised his eyebrows.

The talismans and formations of the two of them have restricted Jiaolong to a certain extent.

You know, both of them have the strength of the gods!

Both sides were a little horrified when they saw the strength of the two.

It is really not easy for someone who can be accepted as a disciple with an exception, and who can become a core disciple as soon as he enters it.

As everyone knows, Mu Fusheng and Fang Qiong are not paying attention to these at the moment.

Instead, they were quietly communicating via sound transmission.

Fang Qiong: "Brother Pastor, this reverse scale looks good."

Mu Fusheng also nodded and replied: "Yes, it seems quite suitable for Brother Xiao Hei."

However, when he finished speaking here, Mu Fusheng suddenly realized that something was wrong, and he had a bad premonition...

Sure enough.

Hearing Fang Qiong's frightening voice through sound transmission, "Then why don't you steal this Ni Lin? By then, Brother Xiao Hei's strength should be greatly improved."

Mu Fusheng was speechless for a while.

Is this a bad lesson from the big brother?

Steal?

With so many people, how could they steal in full view!

It's better to say grab!

"...can you take a long-term view?"

Fang Qiong said: "If this thing falls into their hands, I'm afraid it will be difficult to get it later."

Indeed it is.

A treasure like Nilin will definitely be properly protected.

Mu Fusheng suddenly felt a little headache...

"Then what can you do?"

Fang Qiong looked at Mu Fusheng with a bewildered expression, blinked his eyes and said via voice transmission: "Isn't this what Brother Priest thinks?"

???

Mu Fusheng: "..."

Okay, okay, play like this, right?

Still blinking? ?

At this moment, Mu Fusheng really wanted to give Fang Qiong a knife.

Coolie work, brain work.

Let me do all the finishing work, right?

Mu Fusheng suddenly wanted to go home...

With so many seniors and seniors at the stall, Mu Fusheng felt like he was about to get drunk...

However, it's all like this, so I can only find a way to steal it.

While throwing away the talisman in his hand.

While pretending to be dignified, he stared at the movements of Jiaolong, Deng Zhun and others.

Avoid suspicion.

While thinking of a way.

After a while, Mu Fusheng sent a voice transmission: "Junior Brother Fang, can your illusion formation work against Wu Heng and Deng Zhun? Also, they probably don't know you can illusion formation, right?"

Fang Qiong was taken aback for a moment, then nodded slightly after thinking about it, "There should be no problem, they won't be prepared for me to attack them now, when the time comes, after killing the dragon, they will also enter a period of weakness, and then use the Immortal Fate Magic Formation, It should be able to hold five breaths."

"As for the Immortal Fate Magic Array, they don't know."

Mu Fusheng nodded and said: "The time of five breaths... that's enough."

"Afterwards, when you use the phantom formation, I will take Nilin away with the Heavenly Thunder Escape Talisman, and then escape back."

"At that time, they will definitely suspect us. As long as there is no flaw in the expression, there is a high probability that there will be no problem."

However, in order to prevent flaws from being exposed.

Mu Fusheng still kept an escape talisman for self-defense...

"As for the reason, just say that you don't know when the time comes."

After all, Fang Qiong is the only one here who can use formations, so he will naturally be questioned.

However, if they are even in the God King Realm, they will fall into the illusion.

How could Fang Qiong, who is in the realm of the gods, not fall into it?

Although I doubt it, it is reasonable to say that I don't know.

Fang Qiong nodded, "I understand, brother, as expected of you, you have a really good brain!"

Mu Fusheng: "..."

Sometimes being smart is a sin...

...

The battle with Jiaolong lasted for three full days.

Wu Heng and Deng Zhun almost played all their cards.

Even, among the two forces of Tianchenzong and Chiyanzhai, there was a strong man in the late stage of the God King Realm who was accidentally seriously injured and lost any combat power!

After an extremely difficult battle.

At the end, Wu Heng and Deng Zhun were attacked at the same time.

Only then did Jiaolong be killed.

After Jiaolong died in battle, Nilin from the waterfall also floated out, suspended in front of several people.

this moment.

Several people breathed a sigh of relief, and their tense nerves began to relax at this moment.

But, it was at this moment.

Under Mu Fusheng's reminder.

Fang Qiong quietly released the prepared Immortal Fate Magic Array!

In an instant.

Deng Zhun, Wu Heng and others were all drawn into the illusion!

Mu Fusheng also shot like lightning, put Nilin into the space ring that shielded the breath with talisman seals, took it away with the Heavenly Thunder Escape Talisman, and then used the fixed-point Sky Thunder Escape Talisman to return to the original place.

At this time, there are still two breaths left.

The two of them took the initiative to enter the Immortal Fate Magic Array at the same time.

Make the illusion that you are also trapped in the illusion...

Everything looks so seamless...

#### [Chapter 984: The holy maiden of Yaochi, she rides the dust!](#)

no more, no less.

After the time of five breaths has passed.

Both Wu Heng and Deng Zhun broke free from the illusion.

After breaking free, he immediately looked in Nilin's direction.

Before the waterfall, it was empty.

See this scene.

The expression was extremely ugly, and waves of murderous intent fluctuated, constantly releasing from the bodies of several people!

They tried their best, exhausted their strength and hole cards, and finally killed Jiaolong.

However, at the last moment, when Ni Lin was able to be taken away by just stretching out his hand.

Being caught by the praying mantis, the oriole is behind?

No one can stand this on anyone's body!

Deng Zhun roared angrily, "Who did it!"

The tyrannical breath burst out suddenly at this moment, and the lake began to shake!

Countless waves are constantly beating in all directions!

At this time, the smile on Wu Heng's face was restrained, he looked at Deng Zhun coldly, and said suspiciously: "Could it be that you are calling for a thief?"

Hearing the words, Deng Zhun suddenly turned his head to look at Wu Heng, and shouted angrily: "The thief shouted to catch the thief? In the end, we fell into the illusion formation, right? How many of us, or the entire Tianchen Sect, know the formation?"

"But you Chi Yanzhai, don't you have a formation master?"

Wu Heng snorted coldly: "Our formation mages in Chiyanzhai are mainly fire-type killing formations, and there are very few who are proficient in magic formations."

"To be able to trap so many of us present with the phantom formation in an instant, the opponent's phantom formation must not be too weak. We Chi Yanzhai have such people, but they are all elders. How could it be possible to enter the dragon vein?"

Deng Zhun sneered and said: "Who can say for sure? Perhaps, just for this moment, you deliberately hid a magician in the team..."

Speaking of this, Deng Zhun was slightly taken aback, and then slowly shifted his gaze away from Wu Heng, and came to Fang Qiong who was standing there with dull eyes, obviously still in the illusion.

This is naturally Mu Fusheng's arrangement.

Only when you become a victim yourself can you eliminate suspicion to the greatest extent.

What's more, the realm they showed was already much lower than Wu Heng, Deng Zhun and the others.

It is normal to be unable to break free from the illusion.

Wu Heng also frowned, looked over, and seemed to have a little doubt in his eyes.

Then he came to Fang Qiong's side, and pointed his fingers at Fang Qiong's eyebrows, a surge of spiritual power forced Fang Qiong to break free from the illusion.

Fang Qiong "woke up" from the illusion, then looked around blankly, and said, "What happened? Whose illusion?"

Wu Heng stared at Fang Qiong with suspicious eyes, and said slowly, "Ni Lin was stolen."

"Ni Lin was stolen?!" Fang Qiong said in surprise, "Have you found out who it is?"

Wu Heng shook his head and said, "You really don't know anything?"

Fang Qiong's eyes were blank and he didn't speak.

Sometimes, the more you say, the more mistakes you make.

also represents a ghost in the heart.

On the other side, a divine king of Tianchenzong also pulled Mu Fusheng out of the illusion.

Immediately, Deng Zhizhi sneered directly: "The newly recruited disciple doesn't know the details, Wu Heng, why don't you just search for the soul? If you can't do it, then I will do it!"

Wu Heng looked at Fang Qiong's expression, although he was a little suspicious, but he was also caught in the illusion.

What's more, with his strength, although he has shown an extremely powerful talent in formation.

Even, when he entered the Scarlet Flame Formation, he came to the third floor for the first time, which was countless times higher than his initial score!

However, after all, it still didn't grow up.

Even if they know how to use formations, it is impossible to use formations against them who are in the God-King Realm, and it took them five breaths of time to break free in the phantom formation!

Thinking of this, the suspicion in Wu Heng's heart gradually dissipated, he looked at Deng Zhun coldly, and said, "Search for the soul? This will cause irreversible damage to the soul of a cultivator!"

"The array mage also needs the power of the soul, are you trying to destroy my Chi Yanzhai array mage?"

"It's a new disciple of your Tianchen Sect, isn't it also possible?"

Deng Zhun was so angry that he laughed loudly: "He is a seal talisman master, Wu Heng, are you already in a hurry to cover up? Can you come up with such a clumsy reason to get out?"

Now, the two forces are at war again.

Seeing this scene, Mu Fusheng and Fang Qiong also heaved a sigh of relief.

It seems that there will be no doubts about them for the time being.

At this time, one of the people in the God King Realm said: "Could it be from other forces?"

"It has been hidden by the side for a long time, and it has been condensing the phantom formation very early, waiting for the moment when we kill the dragon."

Another person nodded and said, "It's not impossible."

The person in the God King Realm on Chiyanzhai's side also frowned and said: "There is no point in arguing about this now, the more important thing is to find that person as soon as possible."

Deng Zhun and Wu Heng could only snort when they heard the conversation.

"If I find out that you Chi Yanzhai did it, you should understand the consequences." Deng Zhun stared at Wu Heng.

Wu Heng was not to be outdone, and said: "Not to mention whether you, Deng Zhun, have the means and ability, if I find out, it's your Tianchen sect thief calling for a thief, so don't blame Chi Yanzhai for being rude."

After the two sides put down their harsh words.

They could only leave each other in two different directions aggrievedly.

As for points.

Only after getting Nilin and injecting the dragon energy into the jade pendant can the jade pendant be able to count the points.

So, not only did the two parties fail to get the Dragon's Secret Treasure, they couldn't even get points.

This dragon was killed for nothing.

Before leaving, Fang Qiong tapped the corner of his mouth slightly towards Mu Fusheng.

Mu Fusheng didn't even look at it, and immediately turned his head and left.

Hey Hey hey.

Was discovered at this time, isn't that a disaster?

Can't learn from me, be more cautious?

Mu Fusheng has decided that when the time comes, he must give Fang Qiong a private class.

Senior Brother and Brother Xiao Hei are hopeless.

Fang Qiong has just joined the thatched cottage, so he must not be allowed to be led farther and farther away by the elder brother and the others!

Be sure to bring him upright!

Otherwise, in the future, there will be one more thing to force.

Wouldn't Mu Fusheng have a headache to death?

...

So far.

Except that Tianchenzong and Chi Yanzhai did not get points.

The Silver Dragon Villa side got a Mysterious Dragon Secret Treasure and got five points.

The Golden Winged Peng Clan also used Xiao Hei's special bloodline to suppress the Dragon Qi during these three days, thus obtaining an Earth-level Dragon Secret Treasure and ten points.

Among them, the most outstanding one is Yaochi Immortal Palace, which got a mysterious treasure and an earth-level secret treasure, which earned fifteen points.

This is also due to Ji Qian Yao's outstanding performance.

It's not just the extremely hard training over the years.

And the mastery of the primordial purple energy.

Let her stand out among all the talents in the Milky Way Starfield!

#### [Chapter 985: Mu Fusheng: How could Master provoke Ji Qian Yao?](#)

Another seven days have passed, and there are still five days before the forced transmission of the dragon veins.

During this period of time.

The five major forces are frantically looking for the secret treasure of the dragon.

Not only for points, but also for the secret treasure itself.

Gold-winged Roc clan.

After obtaining the earth-level secret treasure, the three of Jin Wuxing gave the secret treasure to Xiao Hei.

After all, it was possible to obtain the earth-level secret treasure so smoothly.

Xiao Hei's contribution is indispensable.

For this, Xiao Hei did not refuse.

After all, he urgently needs to improve his strength now.

And that earth-level secret treasure did have a great effect on Xiao Hei, allowing Xiao Hei to directly rise to the half-step god-king realm.

this day.

The four members of the Golden Winged Roc clan also won another mysterious treasure.

Including the previous ones, the total points reached twenty-five points.

It was at the time when this mysterious treasure was won.

Suddenly, in the north of them, there was a colorful glow, suddenly rising into the sky!

Dragon Qi instantly filled the sky, permeating the space continuously.

The four of Jin Wuxing suddenly turned their heads to look, their expressions horrified.

"A heavenly secret treasure has been born!"

"It's been many years since I've seen a heavenly secret treasure. I didn't expect that someone would find a heavenly secret treasure this time."

Heaven-level secret treasure is more precious than Ni Lin.

One can imagine how outrageous the heaven-level secret treasure is.

And the last time they got a heaven-level secret treasure, they were from the Golden Winged Roc clan.

Now, the person who won the heaven-level secret treasure has become the current commander of the Golden Feather Army.

It is precisely because of this heaven-level secret treasure that the commander of the Golden Feather Army has stabilized his current position.

Even, there is an extremely high upper limit to speak of.

All of this was brought about by heaven-level secret treasures.

Jin Wuwu said: "With the birth of a heaven-level secret treasure, a family of forces will definitely not be able to eat it, so let's hurry up!"

After finishing speaking, he led the three of them towards the north at the fastest speed.

And the other forces also immediately put down what they were doing and went to the place where the colorful glow broke out!

A heaven-level secret treasure, it is worth letting go of anything.

...

At the moment.

The place where the colorful glow bursts out.

The remaining four major forces came one after another.

And when they came here.

Then I discovered that the four people from Yinlong Villa had been waiting here for a long time.

Jin Wuxian stood up directly and asked, "Do you know what the Dragon's Secret Treasure is?"

Yin Qi, the team leader of Yinlong Villa, shook his head and said, "I don't know, but the Dragon's Secret Treasure seems to be located in the colorful glow."

Tianchenzong and Chiyanzhai also fell by Yinqi's side.

Deng Zhun said solemnly: "I'm afraid the strength of the guardian of the secret treasure is beyond our imagination."

Wu Heng also nodded and said: "The dragon energy in it is too strong, and it exceeds the earth-level secret treasure by many times."

Finally, the four women were as light as catkins, and fell to the side lightly.

Everyone looked at the leading woman obsessively.

That is Ji Qian Yao, the saint of Yaochi.

Known as the number one beauty in the high-latitude boundary.

Almost, no one doesn't want Ji Qian Yao.

Facing these naked eyes, Ji Qian Yao was displeased, but on the surface she turned a blind eye.

After all these years, she has gotten used to this kind of gaze.

Ji Qian Yao asked: "How about joining forces and redistribution later?"

Yin Qi looked at Ji Qian Yao with a smile, nodded and said: "Of course, but what is Ji Shengnv's plan to do?"

Ji Qian Yao shook her head, and said coldly: "Before seeing the guardian of the secret treasure, I can only adapt to the situation."

Deng Standard laughed and said: "If our Tianchen Sect obtains this heaven-level secret treasure, then we will pay Ji Shengnv with both hands. I wonder if Ji Shengnv will become a Taoist partner with me?"

Ji Qian Yao cast a cold gaze on Deng Zhun, "This kind of joke should be avoided, Qian Yao already has her own heart."

Hearing Ji Qian Yao's words.

The rest of the people, including Deng Zhun, were shocked.

"I don't know if Ji Shengnv can tell who it is, and I don't know if she can be worthy."

"Maybe not as strong as me?"

Ji Qian Yao stopped talking.

It's not that I don't want to talk, but that there is no need to say more.

This is a form of contempt.

After all, in her heart, no matter what she thought or the fact, they were not even qualified to carry Lu Changsheng's shoes.

The four of Ye Qiubai were also transmitting voices to each other.

Fang Qiong said with emotion: "This season's saintess, even among the Qiongxian seven daughters, is probably unique, and I don't know who will be cheaper."

Ye Qiubai smiled and said: "Why, Junior Brother Fang has taken a fancy to it?"

Fang Qiong shook his head and said with a smile: "I don't care about this, it's more important to practice."

Mu Fusheng was earnest, admonishing like an old lady: "Don't listen to the big brother, women like this are all troubles for women, if you provoke them, there will definitely be endless troubles!"

"Look, before she revealed her sweetheart, she was hated by this group of people. Will she have it in the future?"

"So, it's better to practice hard."

Hearing this, Xiao Hei interjected: "The pastor's brother was taken by the master?"

Mu Fusheng: "..."

He was already speechless to his conspicuous Brother Bao.

At this moment.

Jin Wuwu also knew who Ji Qian Yao was thinking about, so he couldn't help but helplessly said: "Okay, don't think about Ji Qian Yao's sweetheart, even if it's you, with all your power background, it's not that person opponent."

"Even my father can't see through the opponent's strength."

"That man's strength is like the stars and the sea, boundless."

Hear Jin Hentai's words.

Ye Qiubai suddenly tilted his head: "Have you noticed that what he said is a bit like a master."

Mu Fusheng sneered: "Who is the master? How could he go outside to stir up trouble? Seeing a woman of this level, the master may have to run away immediately."

The voice fell.

Lu Changsheng, who is far away in the longevity world, is sipping wine.

As a result, he sneezed and sprayed it all out, and the spicy wine sprayed out from the nostrils and mouth at the same time.

"Which little guy is scolding me??"

...

Hearing Jin Wuwu's words, everyone was stunned.

It is probably true that the proud Jin Wuhe could say such a thing.

Several people didn't say anything anymore.

Instead, look into the colorful glow.

Jin Wuwu took a step forward and said solemnly: "Let's go together, let's force the secret treasure guardian out first."

Several people also nodded.

Immediately.

Gold is endless, and Ji Qian Yao and the five of them unleashed attacks into the colorful rays of light at the same time!

As for the attacks of several people, when they fell into the colorful rays of light, there was a huge dragon head formed by the condensed dragon energy, which directly swallowed these attacks!

Immediately, the dragon energy began to condense.

A phantom of a giant dragon is slowly taking shape!

[Chapter 986: The blood burst out, Ji Qian Yao was startled!](#)

The secret treasure guardian of the earth-level secret treasure has already reached the early stage of the \*\*\*\* emperor level.

Now, a phantom of a giant dragon is slowly forming from the colorful rays of light.

I saw blood-red blood vessels crawling continuously in the phantom of the giant dragon. Gradually, they covered the whole body and finally converged at the heart.

Blood vessels began to intertwine and weave into a heart!

Boom!

Boom!

Heart began to beat like thunder.

The entire land is vibrating rhythmically with the beating of the heart!

The dragon aura, like Mount Tai pressing down on the top, descended on this space!

Everyone looked at this scene solemnly, resisting this tyrannical coercion with spiritual energy, and saw the phantom of the giant dragon slowly crawling out from the colorful rays of light.

The huge figure, although it is a phantom, blocks out the sky and the sun!

The sunlight in the sky couldn't fall down, and the shadows shrouded everyone, without a shred of brilliance.

As the giant dragon opened its mouth, a hot breath turned into white steam, gushing out along the gap around the mouth, and a huge dragon chant resounded through the entire dragon vein!

Dragon chant bursts.

Cause the wind!

Actually made everyone back again and again!

Only Ji Qian Yao, Jin Wuwu, and Yin Qi could still stand in place without moving at all.

When Deng Zhun and Wu Heng saw this scene, their expressions sank.

Although they are both at the peak of the God King Realm.

But is the actual gap so big?

At this time, Yin Qi restrained the smile on his face, and said solemnly: "Ji Shengnv, Jin Wuwu, how should we do it?"

Jin Wuwu also frowned, and said: "It's impossible to retreat. It would be a pity to leave directly with the heavenly secret treasure."

Ji Qian Yao also nodded, and said: "The beam beam ring may not be effective for this level of dragons, even if it is just a phantom formed by the condensation of dragon energy."

"When you don't know the flaws, you can only check first."

Rear.

Ye Qiubai held the Hunyuan Immortal Sword, frowned slightly at this scene, and said via voice transmission: "I'm afraid I have reached the middle stage of the God Emperor Realm. I'm afraid I can't kill this phantom dragon with ordinary methods."

Fang Qiong also nodded, and said: "And we can't reveal too much strength, otherwise it will easily arouse suspicion."

After all, Fang Qiong and Mu Fusheng stole Nilin.

If too much strength is exposed.

Then the drama they acted before will be full of flaws!

Wu Heng and Deng Zhun are bound to find out that they stole Ni Lin!

Mu Fusheng said via voice transmission: "If there is really no other way, then we can only hold back and watch how they fight."

Immediately, he glanced at Xiao Hei at the side.

Xiao Hei didn't speak, but stared at the blood vessels and the beating heart of the giant dragon phantom, as if thinking about something.

"Brother?"

Mu Fusheng's words woke up Xiao Hei.

"I may have a solution, but I still need to try it in actual combat."

Hearing this, Ye Qiubai nodded: "In this case, then proceed with caution."

At this time.

Jin Endless roared: "Here we come!"

I saw the phantom of the giant dragon flicking its tail, and the whistling sound like a gust of wind swept across the earth and rushed towards everyone!

See it.

No one dared to have the slightest reservation.

Gold Endless directly stimulates the blood of the Golden Winged Roc, his whole body is surrounded by golden feathers, and even his two pairs of feet turn into giant bird feet at this moment!

Yin Qi drew out a three-foot green blade that shone with a dazzling cold light, swung his sword across, and nine long swords suddenly appeared around him.

Deng Zhun and Wu Heng broke out the strongest offensive at the same time.

Ji Qian Yao also took out a piece of silk and satin. On the silk and satin, there was a purple halo that circulated continuously, and the aura of the three thousand grand roads suppressed the eternity!

At the same time, the disciples of the various sects were unwilling to show weakness, and did not dare to hold back the slightest hand, for fear of being whipped to death by the tail of the giant dragon.

Countless different auras, Dao Ze, kept blasting towards the tail of the dragon at this moment.

Ye Qiubai holds the Primordial Immortal Sword in his hand, and the sword field rises, and the meaning of sword immortality condenses into countless long swords, like ten thousand swords returning to their ancestors, slashing towards the dragon's tail in all directions.

Mu Fusheng continued to sacrifice talismans, while Fang Qiong released annihilation and killing arrays.

And Xiao Hei.

The Demon God Profound Armor covers the whole body, and the dark devil energy condenses into a ghost image of the Demon God.

The strength of the physical body has skyrocketed!

For a while, he was no weaker than those strong men in the late stage of the God King Realm.

The other sects also looked at Xiao Hei in horror.

Half-step \*\*\*\* king, can burst out this kind of power?

Moreover, the demonic energy revealed was to make everyone believe that this person is a person from the Demon King's Domain.

And, the black armor he was wearing...

According to the intelligence they have heard recently.

Needless to say.

This person is the famous Demon Lord.

No wonder, there is such strength.

Now I can understand it.

I saw that Xiao Hei passed through the crowd's attack and came to the dragon's tail together with Jin Wuwu.

Jin Endless grinned when he saw this: "It is my honor to be able to fight side by side with that legendary demon lord!"

The deeds of the devil.

For the character of the Golden Winged Rocs, they are the most respected.

Xiao Hei didn't speak, just punched the dragon's giant tail!

The phantom of the demon \*\*\*\* behind him was also wearing the mysterious armor of the demon god, and he punched it out!

Jin Endless is not to be outdone, between flapping huge wings, stretched out his feet, and rushed towards the dragon's giant tail!

Boom!

Countless attacks fell on the dragon's giant tail.

However, the strength gap is still too large.

Whether it was Xiao Hei or Jin Wuwu, they all turned into a black shadow and were blasted out like cannonballs!

smashed into the ground!

The rest of the god-king realm powerhouses also groaned, receiving injuries of varying severity!

See this scene.

Deng Zhun said with an ugly face: "Can I just give up..."

Wu Heng also restrained his smile, "The gap in strength is too great..."

Even Yin Qi frowned deeply.

Perhaps, with their current strength, they can't set foot in heaven-level secret treasures at all!

But.

At this time, Xiao Hei crawled out from the falling ruins, and his injuries were recovering.

At the same time, the power of blood is continuously covering Xiao Hei's whole body!

"I have a way, you guys, just follow my command."

Everyone looked over in horror.

Do you have a solution?

Even if you are the rebirth of the devil.

Under the situation of such a disparity in realm, there is no way, right?

And this moment.

In full view.

The color of black and red, with a golden halo in it, erupted from Xiao Hei's body!

The power of the blood, burst out at full strength!

The suppressed Longwei in the sky seemed to have completely disappeared at this moment!

See this scene.

Everyone was shocked.

However, it was Ji Qian Yao who was most surprised.

Ji Qian Yao stared blankly at this scene, and murmured: "Why... in this blood power, there is an aura so similar to him?"

Chapter 987 The power of essence and blood, suppressing dragon energy!

Everyone's breath and blood power are different.

Even if it is the same bloodline, or the bloodline inherited by a family or race, it will still have countless changes in different people.

For Ji Qian Yao.

She has already engraved the aura released by Lu Changsheng in her heart.

Now, the power of the blood that Xiao Hei erupted.

There is actually a breath of blood in it, which is exactly the same as Lu Changsheng's breath.

Well, the only thing that can explain it.

It means that in Xiao Hei's blood, there is a ray of power from Lu Changsheng's blood.

This is not inherited, but acquired.

Think here.

Ji Qian Yao is even more sure that this demon lord has an inseparable relationship with Lu Changsheng!

Thinking of this, Ji Qian Yao looked at Xiao Hei and asked, "Senior Lu, who is it to you?"

Hearing Ji Qian Yao's words.

Whether it was Ye Qiubai, Mu Fusheng Fang Qiong, or even Xiao Hei himself, they were all stunned.

Fang Qiong even looked at Mu Fusheng with strange eyes.

seems to be asking.

Brother, didn't you say that Master would not be able to provoke such a beauty?

Mu Fusheng saw Fang Qiong's eyes and guessed the meaning.

also helplessly spread his hands.

How did he know!

Who would have thought that the Master would be messing around outside? ?

It's like...

The sow climbed the tree.

The iron tree is blooming.

Master provoked a woman...

Xiao Hei looked up at Ji Qian Yao, and asked in doubt, "Who are you?"

He knows the character of Master very well.

Doesn't like to reveal her identity.

Ji Qian Yao heard the words, under the veil, the corners of her mouth curled up slightly, like Bai Meisheng, "Senior Lu once helped me, don't worry, I have no malicious intentions."

When talking about Lu Changsheng, Ji Qian Yao's eyes clearly revealed a kind of obsession, and even the star-like pupils were like crescent moons, evoking a pool of autumn water.

Almost no one has seen Ji Qian Yao show such an expression.

It's so breathtaking, soul-stirring.

Even Yin Qi, Deng Zhun, and Wu Heng were fascinated by it.

Even if they are facing life and death crisis now...

See this scene.

Mu Fusheng sighed in his heart.

Master!

you've changed!

Minmingly said that he can't mess with flowers and grass outside, and involve women in trouble.

What do you say, beauty will only affect your own cultivation, will only involve more karma, and will only increase your own mortality and troubles!

Unexpectedly, you broke the precept yourself first!

Seeing this appearance, Xiao Hei was sure that Ji Qian Yao really seemed to have an inexplicable relationship with his master.

So he said via voice transmission: "He is my master."

Heard Xiao Hei's voice transmission.

Ji Qian Yao looked happy, but also a little emotional.

Happily, she finally found people and things related to Lu Changsheng again.

What makes me feel emotional is that even the devil has now become Lu Changsheng's disciple.

As the arrogance of a first-class force.

Although Xiao Hei did not belong to her era, how could she not have heard of it?

That is a character who can resist two major god-level forces by one person!

Think here.

Ji Qian Yao sighed slightly in her heart.

Sure enough, the gap between myself and Senior Lu is still so big...

"Let's talk about it afterwards." Ji Qian Yao looked at the phantom of the giant dragon, his face gradually became serious, and said: "Do we need to hold it back?"

Xiao Hei nodded.

See it.

Ji Qian Yao didn't speak any more, but looked at the three Yaochi Immortal Palace disciples behind him, and said coldly, "Shoot with all your strength."

The three disciples all nodded.

Following Ji Qian Yao's voice fell.

His hands spread out, the light gauze fluttered, strips of satin began to dance around Ji Qian Yao's body crazily!

this moment.

Ji Qian Yao's eyes turned into purple pupils!

A purple halo erupted from Ji Qian Yao's body in an instant!

This breath.

Let everyone be horrified!

It seems that the Taoism he cultivated has been completely suppressed under this purple aura!

This purple energy is like the origin of the Three Thousand Ways.

Hongmeng Ziqi.

A gift from Lu Changsheng to Ji Qian Yao.

Now it has been continuously refined and mastered.

Ji Qian Yao's mastery of the primordial purple energy has been perfectly applied to actual combat!

Under the blessing of the primordial purple energy.

Ji Qian Yao's realm is to break the shackles!

Reached the early stage of God Emperor Realm!

On the silk and satin, purple air is entwined.

See this scene.

Whether it's Jin Wuwu or Yin Qi, they all looked shocked!

Ji Qian Yao, has she reached this point?

I'm afraid that none of them will be Ji Qian Yao's opponent today!

The giant dragon phantom also seemed to feel a sense of crisis.

Opened his mouth wide, and a dragon roar burst out!

On the huge dragon body, the thick blood vessels can clearly see the blood flowing crazily, converging towards the dragon's mouth!

Hoohoo...

Heat waves appeared in space out of thin air.

Wisps of flames began to condense in the dragon's mouth!

After a while, the dragon spit out.

The flaming dragon's breath turned into a sea of flames that covered the sky and covered the sky, sweeping towards everyone!

Along the way, the giant trees on the dragon veins were covered by the sea of flames, collapsed, and turned into ashes.

It's like purgatory!

Seeing this, Ji Qian Yao flicked her fingers.

Around his body, strips of silk and satin entwined with majestic purple aura flew towards the sea of flames.

Immediately, on the route of the sea of fire rushing forward, the silk and satin began to be knotted continuously, criss-crossing in mid-air!

Formed an airtight wall!

It seems to divide this space into two!

The sea of flames hit the silk wall!

Boom!

The heat wave hits and runs through the world!

However, at this moment, not a single bit of flame penetrated the satin wall!

the other side.

Jin Endless was not to be outdone, his blood erupted, as if he had transformed into a real golden-winged roc, soaring into the sky, and then suddenly blasted towards the head of the giant dragon phantom!

Yin Qi and others also launched an attack!

And in the rear.

The power of blood around Xiao Hei's body, that golden halo began to slowly fill his surroundings.

Immediately gathered in the phantom of the demon \*\*\*\* behind him.

The phantom of the Demon God wearing the Demon God Profound Armor began to shimmer with golden light as the golden halo gathered.

With the condensation of golden light.

Xiao Hei shouted coldly: "It's ok."

Heard the words.

Jin Endless and others retreated quickly.

Ji Qian Yao also loosened her fingers slightly, the wall disintegrated, scattered into silk, turned into an attack, and entangled towards the dragon!

Xiao Hei also made a dodge, and came in front of the dragon phantom.

Immediately, he shook his hand.

The phantom of the demon \*\*\*\* behind him made the same movement.

The huge arm with golden light directly held the body of the giant dragon phantom!

Boom!

Golden Light Bloodline.

That drop of blood essence from Lu Changsheng exploded with its power at this moment!

Dragon blood energy.

At this moment, instantly suppressed!

[Chapter 988: The secret of the bloodline, Xiao Hei doubts](#)

Giant dragon phantom.

The dragon body is condensed from dragon energy.

In his body, there are thick blood vessels that coagulate the heart, thus ensuring the dragon's actions.

In that blood vessel is the dragon blood.

It can be said that the dragon phantom is able to unleash attacks and burst out of coercion, all because of the power of blood.

Even strength is provided by the power of strong blood.

If it is said that Xiao Hei's blood of the demon \*\*\*\* is still unable to achieve the effect of suppressing the blood of the dragon.

Then, after adding a drop of Lu Changsheng's blood essence.

Even if it is of dragon blood, it will be suppressed on the spot.

When the phantom of the dragon began to condense, Xiao Hei watched the blood vessels gather to form a heart.

had this idea.

Since the strength of the opponent is provided by the power of blood.

Then, if its blood power is suppressed, will its strength drop sharply, or... lose its combat effectiveness directly?

When ideas are turned into reality.

When the giant dragon launched its first attack, Xiao Hei used the power of his blood to suppress the aftermath of the opponent's attack.

Only then did I discover the feasibility of this idea.

There is now this scene.

I saw Xiao Hei condensing the phantom of the demon god, and above the phantom, a golden halo filled the air.

The huge arm covered with golden light directly grabbed the dragon's body, making him unable to move for a moment!

Everyone watched this scene.

Pupils are shocked!

Those pupils are full of unbelievable colors!

They all know that the blood of the former demon lord is extremely powerful.

Compared to the blood of all the people in the Demon King Domain, it is more special and even more against the sky!

However, he never thought that his bloodline could go against the sky to such an extent that he could suppress all the bloodlines of the Dragon Clan!

In the sky, bursts of dragon power permeated, like falling from the sky from the beginning, suppressing everyone.

Situations that make it hard for them both to breathe.

Up to now, these dragon powers have suddenly dissipated, replaced by an extremely sacred and all-encompassing blood power.

It seems that all the principles in this world can be contained by this force.

In other words, this power is like the ancestor of the Dao Sanqian, and all the rules come from this power!

This is an inexplicable power.

Although they can't fully feel the mystery, or they don't feel the slightest feeling of being suppressed.

However, they know the extraordinary power of this bloodline.

It seems... It's not a level anymore... No, it's not a dimension anymore.

It seems that it doesn't belong to the blood power of this high-latitude boundary at all.

I saw Xiao Hei's expression was indifferent, and while his eyes were filled with black, there were also dots of golden light in the black.

Control the ghost of the demon god, holding the dragon body tightly.

The dragon phantom's tail kept shaking, and the dragon's mouth kept roaring unwillingly.

The virtual eyes are full of disbelief and fear!

However, no matter how much the dragon body struggled, it couldn't break free from Xiao Hei's shackles!

At this moment, Xiao Hei said, "What's in it?"

This sentence is obviously asking the dragon phantom.

The giant dragon phantom seems to have its own consciousness, or a trace of remnants.

I just heard it make a heavy muffled sound, "Who are you? Why are you in this mortal world."

It didn't answer Xiao Hei's question, but asked these three words.

It seems that this problem is more important to it.

Xiao Hei said: "Me? I was originally born in this mortal world."

"No, it's impossible!"

The giant dragon phantom shook its huge dragon head, and said fiercely: "This kind of bloodline, it is impossible to appear in the mortal world."

Xiao Hei frowned, and said, "The power in my blood was given to me by Master."

"No, I'm not talking about the power of the golden blood. That power of blood is no longer available in the Six Realms."

The voice of the giant dragon phantom suddenly appeared in his mind.

Obviously, the next words are secret and cannot be heard by outsiders.

"What this seat refers to is the power of your own blood."

My own blood power?

Is it the blood of the demon god?

Xiao Hei was taken aback.

"I am originally from the Demon King's Realm, how could it be possible that the power of my bloodline does not come from the Mortal Realm?"

But the giant dragon Xuying shook his head and said: "I can be sure of one thing, the power of your bloodline definitely does not belong to the mortal world, because this is the unique bloodline of that family, and the power of your bloodline is obviously that of that family." the superior."

Xiao Hei frowned: "Which clan?"

The giant dragon phantom did not answer immediately, but stared at Xiao Hei closely.

I don't know how long it has been.

Even Ji Qian Yao and other people outside looked at this scene with some puzzlement.

Why did the dragon phantom stop struggling, and why did Xiao Hei stop attacking it?

Obviously now is an excellent opportunity to attack!

Yin Qi frowned and said: "It can't be delayed any longer, and things will change later. Taking advantage of the fact that the strength of the dragon phantom has been greatly suppressed, we directly killed it with the strongest blow!"

Hear here.

Ye Qiubai frowned slightly, just about to stop it.

But Ji Qian Yao yelled coldly: "Wait a minute, they seem to be negotiating, don't act rashly."

Hearing Ji Qian Yao's words, Ye Qiubai, Fang Qiong and Mu Fusheng were slightly relieved.

In this case, they will not reveal their identities in advance.

Deng Zhun said with an ugly face: "Hurry up and kill the dragon!"

Wu Heng also drew out his long sword and nodded.

Yin Qi is also ready to take action.

Ji Qian Yao frowned when she saw this, stretched out her hand, and the thousands of silks and satins wrapped in the majestic purple air fell directly in front of them.

"I know your intentions, but I am afraid that he will seize the opportunity."

"If you dare to disturb, then defeat me first."

Xiao Hei is Senior Lu's disciple, if that's the case, what if he is given a heavenly secret treasure?

If someone wants to attack secretly, Ji Qian Yao will definitely stop it!

Golden endlessly laughed.

He spread his wings and flew in front of several people, grinning and said: "He is our Golden Winged Roc clan, the deputy commander of the Golden Feather Army, if you want to get his idea, you have to ask my Golden Winged Roc clan to agree Bar?"

"You!" Yin Qi, Wu Heng, Deng Zhun and others all looked ugly.

Gold Endless is okay, it can handle it.

But what about Ji Qian Yao?

Ji Qian Yao's current strength, once they go all out, they can't do anything to her!

At this time.

In Xiao Hei's mind.

The giant dragon suddenly realized, let out a cry of surprise, then looked at Xiao Hei with complicated eyes, and said, "I see."

"What do you know?" Xiao Hei was puzzled.

"You are still unable to know these things."

Xiao Hei suddenly wanted to kill the old dragon directly...

If you can't tell me, why are you still saying these things?

Why do you deserve such a beating?

Chapter 989 seems to be making trouble again...

The words of the dragon.

Let Xiao Hei have doubts.

When he was in the Demon King's Realm, his identity was very unclear, and no one talked about his own birth.

It seemed that no one dared to say this in front of him.

At that time, Xiao Hei didn't think so much, he just let nature take its course.

Now that the giant dragon phantom brought up this matter again, he has doubts about his identity, and maybe he also knows some secrets that cannot be spoken.

This reminded Xiao Hei of this matter again.

After thinking about it clearly, the tone of the giant dragon phantom seemed to have changed a lot, only to hear it echoing in Xiao Hei's mind with an extremely complicated tone.

"The current you are not strong enough. When you reach that level and come into contact with higher-level things, you will naturally know what you need to know."

"However, if my main body still exists in this world, and I find you who have not yet grown up..." At this point, the giant dragon phantom looked at Xiao Hei, no longer frightened, no longer afraid, no longer struggling.

But full of killing intent!

Voice transmission to Xiao Hei word by word, "I will choose to kill you directly."

"Your existence will be the greatest catastrophe in the Six Realms!"

Xiao Hei frowned.

"However, since you have successfully grown up in the mortal world, that drop of blood in your veins... seems to have great power to help you and protect your growth."

The giant dragon sighed slightly: "Perhaps, your growth is your destiny. Whether it is a catastrophe or a salvation, it depends on God's will. Today, I... the dragon family can no longer do these things."

"I just hope that after you grow up, you will be exposed to things at that level, know your identity, and will not be affected, and you will be able to maintain your current mentality."

Xiao Hei frowned, and replied very positively: "I am who I am, and naturally there will be no change."

"I hope." The giant dragon smiled melancholy, "I will leave the secret treasure in it to you."

"Since you have come here, the gears of fate will start turning at this moment. This world can no longer hinder your growth."

Speaking of which.

At the center of the dragon body of the giant dragon phantom, a drop of blood floated out of the heart formed by the coagulation of thick blood vessels at this moment.

The blood looks extremely heavy.

Just suspended in this space, the space around the blood began to shatter!

Yin Qi and the others saw this scene and their expressions changed drastically!

They can all feel how much energy and how strong the bloodline power is contained in this drop of blood!

This is a drop of blood that condenses the power of all the blood of the dragon...

Seeing this scene, Yin Qi, Deng Zhun, Wu Heng, and other disciples all showed greed in their eyes.

Someone couldn't help but take a step forward.

A piece of silk satin was killed in front of this person.

The distance is so close, as long as you take a step forward, you will be strangled by the silk and satin!

"I still say that, if you dare to disturb him, I will kill you without mercy."

Hearing Ji Qian Yao's cold voice.

Yin Qi said with an ugly face: "Ji Shengnv, the distribution of the heavenly secret treasure should also be considered in a long-term way? You just let him take it away? We don't even have a sip of soup?"

Ji Qian Yao hadn't spoken yet, but Jin Wuwu grabbed the words and said with a sneer: "What did you do? The ability to defeat this giant dragon phantom depends entirely on Xiao Hei's own ability. Without him, it's good that you can save your life."

Deng Zhun frowned, with a gloomy expression: "If he got it alone, wouldn't you Yaochi Immortal Palace, the senior management of the Golden Winged Roc clan think of a way to get it?"

Ji Qian Yao and Jin Wuwu nodded with great conviction: "No."

What a joke.

Ji Liuzhi knew about Lu Changsun's existence, so naturally he wouldn't go after his disciples.

And gold endless?

Not to mention the character of the Golden Winged Rocs, the current Xiao Hei has a cooperative relationship with their Golden Winged Rocs.

One prospers all, one loses all.

The stronger he is, the more helpful he will be to their Golden Winged Roc clan.

not to mention.

Xiao Hei...the character of the former demon lord, they are not afraid of Xiao Hei's treachery at all.

Wu Heng was slightly taken aback when he heard the words, but he still didn't want to give up, so he had to resort to a countermeasure: "Even so, aren't you afraid that our three sects will join forces?"

Jin Wuwu sneered and said: "You three sects join forces, and our two major forces can also resist your attack."

"Don't you know who is behind us?"

Heard Yin Qi's mysterious words.

Ji Qian Yao's straight nose wrinkled slightly.

Behind them, it seemed that they had the help of mysterious forces when they were able to break into the Tianhe Star Field.

Otherwise, with their two forces joining forces, even if it will be very difficult, they can resist their attack.

after all.

Yaochi Immortal Palace and the Golden Winged Roc clan are originally the local forces of the Milky Way Star Region.

Defending a home is much easier than attacking a city.

However, on second thought, with Lu Changsheng around, surely he wouldn't ignore his disciples, would he?

"Even so, so what?" Thinking of this, Ji Qian Yao said lightly: "As long as you dare to start a war, then we will follow."

Jin endlessly stunned.

This bitch, so rigid?

Hearing Ji Qian Yao's words, the three of Yin Qi looked at each other in blank dismay, then nodded to each other without saying anything else.

Ye Qiubai, Fang Qiong, and Mu Fusheng had a panoramic view of this scene.

Just listen to Ye Qiubai's smiling voice transmission: "It seems to be making things worse again."

Fang Qiong nodded: "It seems that it is not so big, it seems that multiple forces are going to fight? For Brother Xiaohei."

Mu Fusheng covered his head, expressing that he was very tired.

Then silently, quietly, took out the sound transmission jade pendant.

"Let's report to the master first... At least let him have some time to prepare, so that maybe when the time comes, he will scold us and punish us less..."

...

At the moment.

The essence and blood drifted into the colorful glow.

Instant!

Among the colorful rays of light, there is a gap opening!

Seeing the increasingly illusory figure of the giant dragon, Xiao Hei looked over suspiciously.

I only heard the seemingly ethereal voice of the giant dragon: "Go, what you want, in this glow, will help you."

Hearing this, Xiao Hei nodded, then cupped his hands, and said in a deep voice, "Thank you, Senior."

The giant dragon smiled and said: "I hope you can maintain your current appearance, this is the best thank you to me."

Xiao Hei nodded heavily.

The phantom of the giant dragon also completely disappeared at this moment!

Seeing this, under the envious eyes of Yin Qi and others, Xiao Hei stepped into the colorful glow!

The entrance of Xianguang.

The moment Xiao Hei stepped into it, it was completely closed...

Chapter 990 The back-and-forth man returns to the rivers and lakes!

"Birds smile at me, flowers make trouble at me."

"Disciples, we're all gone, it's nice to live a leisurely life..."

While humming and whistling.

Lu Changsheng watered the flowers and plants in the garden.

Water droplets slowly flow down along the leaves and along the rhizomes.

The blade is overwhelmed by the water droplets, and then the water droplets flow down, as if stretching the body, and then bounce back.

Looking at this scene, Lu Changsheng smiled comfortably.

No... It should be said that the current Lu Changsheng, as long as it is an ordinary, seemingly small thing, can make Lu Changsheng feel relaxed and happy.

"It would be nice if we could keep doing this..."

Thinking of this, Lu Changsheng even showed an intoxicated smile, as if immersed in his own salted fish... Oh no, in a beautiful fantasy.

On one side, Huang Qian hugged her chest, but couldn't hide its vastness.

Seeing this scene, I couldn't help but smiled and said, "I'm afraid it's a bit difficult..."

Just as Lu Changsheng was about to refute, a gleam of light began to flicker on the jade pendant.

Seeing the shimmering light from the jade pendant.

Huang Qian smiled.

Lu Changsheng's face froze.

No way...

Can't...

How long has it been since I went out...

I was still enjoying life just now, and wanted to confront Huang Qian.

How did Lu Changsheng confront this?

Been slapped in the face before the rebuttal was spoken...

Lu Changsheng's face was as gloomy as water at the moment, his eyes were full of helplessness, but also filled with the urge to curse, and with complicated emotions, he quickly took out the jade pendant.

I only heard a message from Mu Fusheng.

The specific content is.

Master, we may have another major incident.

In the Milky Way Star Region, there are five major forces, and they are afraid that they will fight for the Dragon Secret Treasure that Senior Brother Xiao Hei has won.

I am afraid it will cause a war, and then there will be three major forces behind them, supported by other forces.

These three major forces are first-rate forces, and behind them may be the support of god-level forces.

Hearing this, Lu Changsheng's face froze.

It's just been out for training, and it hasn't been long since I went to the high-latitude boundary.

Just matched with the first-class forces?

Moreover, it has something to do with the god-level forces again?

Hey, hey, I'm sure that you guys will cause trouble, but can your span be a little smaller!

Among the information, Mu Fusheng's conjecture was not wrong.

Behind the first-class forces, there are other backers.

Then, these backers are bound to be of a higher level than first-rate forces.

Only God-level forces have this possibility.

At this time, Huang Qian teased inappropriately by the side: "Do you have to go out and help wipe your \*\*\*\* again?"

Lu Changsheng glanced at Huangqian resentfully, and then disappeared directly on the spot.

Wait until Lu Changsheng leaves.

Liu Ziruo seemed to have thought of something, "The Milky Way Starfield? Isn't that the starfield where the Yaochi Fairy Palace is located?"

Yaochi Immortal Palace, Ji Qian Yao's faction.

As a five-star deacon in the Dark Realm, Liu Ziruo naturally knew that Ji Qian Yao had her own heart.

At the same time, think of Lu Changsheng's previous deeds.

It's easy to guess.

"I'm afraid this trip, Senior Lu's head will hurt..."

After hearing this, Huangqian glanced at Liu Ziruo who was snickering, and said lightly: "You should think about what he will do to you when he comes back."

"After all, you didn't remind him. He will definitely have a headache when he comes back, and he will naturally vent his anger on you when the time comes."

Heard the words.

Liu Ziruo stopped laughing instantly, her expression froze.

Yes...it seems to be such a truth...

Liu Ziruo ran with all his strength and rushed towards the direction of the Milky Way Starfield, leaving behind an extremely mournful cry that echoed throughout the Longevity Realm.

"Senior Lu! Wait for me! I have something important to tell you..."

Huangqian covered her head, shook her head and said: "The five-star deacon who is still in the dark field, with this brain... With your strength, how can you catch up with him..."

...

anyway.

Tianhe star field, beyond the dragon veins.

Sect Master Tianchen said with a smile: "I don't know which sect will win the leader this time."

Chi Yanzhai smiled: "It was your Tianchen Sect last time, and it's time to change this time."

The owner of Silver Dragon Villa also stroked his beard and laughed loudly: "This time, our Silver Dragon Villa is still very confident."

"It's Patriarch Jin, Sovereign Ji, you haven't won the leader for many years, right?"

That's right.

In addition to the Golden Winged Roc clan, a long time ago, relying on the current leader of the Golden Feather Army to win the heaven-level secret treasure, the points far surpassed other sects, after winning the leader.

Then he never won the leader of the dragon vein again.

Yaochi Immortal Palace was even worse, never once.

Obviously, the three major forces are mocking Yaochi Xiangong and the Golden Winged Roc clan.

Regarding this, Ji Liuzhi looked flat and didn't say anything.

No matter what you say now, it has no effect.

Results are the most powerful words.

After all, Ji Qian Yao has passed the experience early now, and can still use the primordial purple energy...

In the realm of God King, almost no one will be her opponent.

Patriarch Jin snorted coldly, but didn't say much.

Seeing this, several people just smiled and shrugged, and ignored it.

...

Looking back at the dragon veins.

The colorful glow still pervades this space.

Yin Qi, Deng Zhun, and Wu Heng, who had been placed with high hopes, could only stare at the colorful rays of light with ugly expressions.

Powerless...

Ji Qian Yao and Jin Wuwu watched the three of them, protecting Xiao Hei.

Fang Qiong looked at Mu Fusheng, and said via voice transmission: "Brother Pastor, have you sent a message to Master?"

Mu Fusheng nodded helplessly, and said, "Of course I told Master, but..."

Speaking of this, Mu Fusheng changed the subject, looked at Ye Qiubai who was silent at the side, and said with a smile through sound transmission: "Eldest brother probably has to be punished to sweep the mountain again."

Ye Qiubai was taken aback, "What did I do? Are you going to blame me again?"

Fang Qiong said: "That's right, this isn't what the senior brother provoked, shouldn't it be the little black senior brother?"

Looking at Fang Qiong with an innocent expression on his face.

Mu Fusheng shook his head, "Junior Brother Fang, you are still too naive. In our thatched cottage, no matter who caused the trouble, regardless of whether the senior brother is present or not, he will eventually put the blame on the senior brother and let him bear the burden." pot."

Then he added: "Who made him a big brother? Big brother, are you right?"

Ye Qiubai's face was pitch black, like black charcoal at the bottom of a pot.

He doesn't want to talk now.

Although I don't want to admit it.

But what Mu Fusheng said is indeed true.

Thinking of this, Ye Qiubai looked up to the sky and let out a long sigh.

When will I be able to get rid of the title of the blame man...

It seems to have seen Ye Qiubai's thoughts.

Mu Fusheng directly dispelled Ye Qiubai's true thoughts, "Don't think about senior brother, it's impossible to get rid of it, just accept your fate."

Ye Qiubai: "..."

I want to be quiet...
