

109 Chapter 109 I've got news

Author's POV 1

"Luke!" Vivi yelled with all her lungs looking for him but he was nowhere to be found.

"Where the hell is Sarah' grave?" Meredith asks, looking around. Is almost night and to be in a cemetery at this hour is really creepy even for a werewolf.

"I believe it's on the ester side, let's go!" Max said and sniffing the air he said "Lela was right, he is here"

"Yes," Meredith approves. "Artemis feels his presence too." and mindlinking Max she said "And he is still alive. I was afraid because he would try something "

"Never. Luke is not that kind of guy. He takes everything with dignity. Fights and tries everything but when he loses, he never stops hoping. Knowing him, tomorrow he will probably have taken the next flight to Paris "

And Meredith smiles at Max.

"I love him even more for that" and Max looked at her but he knew what she meant. She loves these people. They are now her people, her closest people in her life after her family, it is

normal to love them and care for them.

And feeling him near, Max tells Vivienne:

"What are your intentions, Vivienne?" and this time he looks at her with authority.

"I want him back" she said crying "I was a fool!"

"If you ever hurt my gamma again there will never be a place for you in my pack! Are we clear? Max asked with a growl.

Maybe Vivienne is Meredith's friend, but Luke is his gamma and also his friend and he will protect him with everything he has.

"No, I will never hurt him again. I didn't know what happened," Vivienne said, still crying.

"It's not important if you knew or not!" Meredith said this time. "When you love someone you care about his feelings, Vivi. More than you care about your own feelings. There are a lot of things that I don't know about my husband but I love him and I will try to be there and believe in him no matter what."

"I know that now, I know!" Vivienne said, wiping her tears.

"I will go and verify how he is, and if he will want to speak with you I will call for you" Max said and Vivienne just stood with her mouth open.

"I want to go too," she said.

"You lost this right when you left him to go back to Paris!" Sam said following Max.

Vivienne looks at Cara and Meredith for approval but they just disapprove of her moving their heads.

Max approaches Sarah's grave and when he reaches the place he stops and looks around in shock.

Luke lays on the ground almost lifeless while the place is completely vandalized. The memorial square is dug out of the ground and torn to pieces, even the ground from the grave is torn down as if someone wanted to dig a new pit and take Sarah out of the ground. There were some flowers but now they are destroyed.

"What the fuck?" Sam asked, looking around as Max leaned over Luke and checked on him.

"He's alive, he's just drunk," Max said.

"Drunk?" Sam asked in shock. "Luke doesn't drink."

"It seems he does," Max said, and shook Luke lightly.

"Hey" he said lightly "Are you alright?"

And Luke opens his eyes and seeing Max in front of him he tries to raise but he falls back on the ground.

"My head is spinning around" he said trying to focus on Max's face.

"What happened here?" Max asked him and catch his arms and help him to stay on his own feet.

Luke looks around and sighs.

"This was my way to tell Sarah how much I hate her"

"WHAT?" Sam asks, because he knows that Luke loved that woman beyond imagination.

"I hate her. She destroyed my life! His imprint is my existence. I feel like I'm suffering from Stockholm syndrome. I loved my own abuser. Every decision I made was through the prism of what I lived with her. I hate her so much!"

"But you are free now," Max said calmly.

"I am but I have already lost everything again. I freaked out and scared my mate. She left me Max" Luke said looking at his trembling hands.

"She is here and she is waiting for you. Do you want her or do you want me to ban her out of this pack?" Max asked, laughing even if he knows that this is out of the question.

"She's back?" Luke asked, unable to believe what he was hearing.

"Yes, she's crying and she's ugly with her blue and swollen puffy eyes, with that nose full of snot and that redhead disheveled. I think she learned her lesson for what she did. I swear to you, it looks like hell. Are you sure you want her back? "

And Luke starts to laugh feeling how his heart starts to beat normally again.

"Is she alone?" he asks.

"The girls are with her, so she will not make a scene in this place. Do you want to see her? Sam asks.

"Yes, let's go and see her. I want to tell her some things, "Luke said.

They went straight to the place where they left the girls and when Vivienne saw Luke she immediately got to her feet and looked at him without daring to say anything.

She left him. Will he forgive her?

"Let's go home!" Luke said passing Vivienne without looking at her and her heart stopped, her face whitened and the Earth started to spin around her.

Max and Sam looked at him a little bit confused but after some time they said to their mates.

"You heard the man, let's go home" and Max took

Meredith's hand while Sam Cara's hand.

Vivienne just stayed in her place and when she saw that Luke leaves without saying anything she closed her eyes in silence. She tried to breathe but there was no air for her. So this is how you feel when you are rejected by your mate? This was how Luke felt? She just tries to stay silent, she doesn't want to disturb him anymore if he doesn't want her and suddenly everything goes black and she collapses.

"Vivi!" Meredith yelled in panic and ran to her.

Luke takes her directly into his arms. She is so small in his arms, so fragile that she looks like a flake.

"Vivienne!" he whispered trying to awake her but she is even more pale and looking at Max he said:

"I need to take her to the hospital."

"I am with my car!" Max said and they drove directly to the pack hospital where the doctors took care of Vivienne and ran a lot of tests on her.

In a VIP ward, chosen by Meredith for her, Vivienne opens her eyes, and looking at the ceiling she starts to cry directly.

"Shhht" Luke said, coming near her. "I am here"

and he takes her hand in his hand helping her calm.

"Will you reject me?" Vivienne asks, letting the tears flow over her face.

"Will you still leave me?" Luke asked in return.

"No, I stayed in the car all the time. I never went to the airport," Vivienne said through tears. "I love you. I couldn't leave "

"I love you too, stupid woman!" Luke said.

"I'm not stupid!" Vivienne said, smiling with her eyes full of tears.

"You are." He said, frowning at her.

"I am..." and she started to cry again.

"Why are you crying so much?" Luke asks and climbs easily into the bed next to her, taking her in his arms.

"I don't know what's wrong with me. I cry from everything "she said putting her face in his chest and sniffing his fragrance.

"I love you, Luke. I will never leave you. "

"I hope so" Luke said smiling at her "I've got news"

"You do?" Vivienne asked looking in his blue eyes.

"Yeah..you are going to be..." and he kissed her.

"Mrs. Navarro? Vivi asked, hoping that Luke still wants to marry her.

"And that too but you are gonna be mommy Navarro. You are pregnant, Vivi "

And this is the way that day ended. It started with the Navarro's while they were fighting and it ended with them growing in love.

It is said that what doesn't kill you makes you stronger, and their love just went through the fire and realsted.
