

114 Chapter 114 The Godfather

Author's POV **1**

"Good morning my love!" Max said, taking Meredith in his arms and cuddling with her.

"It's already morning?" Meredith asked still with her eyes closed, pouting her lips at Max. He pulled her closer to him and kissed her lips immediately.

"Yes, it's already morning, but it's already ten in the morning," he said laughing while Meredith jumped down from the bed.

"What !!!!?" she asks in panic, "I have an important meeting with a client in one hour" but seeing Max's face she just takes the pillow and hits him in the head.

"You are horrible, you know?" .

"Come here" he said and signaled her to sit in his lap.

"Are you alright?"

"I am, Max. I had a tough day yesterday but it is already a new day and I can only hope for better isn't it?" and she put her head on his chest.

"As long as I have you, it's still a good day" and she lifts her head just a little so she can look

straight in his eyes. "

"I love you" Max said "I love you with everything I have."

"It's nice to hear you say that." and she stands up, taking Max with her and goes to the bathroom to do the "refreshing gymnastics" they do together every morning, if you understand what I mean, wink-wink!

But the thing is that as much as they love each other in this pack house they are not alone and just last night Luke was yelling for Max's help. Do you think that in the morning everything was resolved? No. Correct answer.

Sitting in the dining room Leia is boiling.

"What happened this time?" Max and Meredith asked at the same time, which made them look into each other's eyes and snort with laughter.

"That happened," Leia said, pointing to a big bouquet of red roses.

"They are beautiful!" Meredith said, smiling at her.

"Beautiful?" Leia asked and putting a note in Meredith's hand she said:

"Read it! That scoundrel of Francois!" and slams into her chair.

Meredith takes the note and she starts to read it with a loud voice.

"Love alters not with his brief hours and weeks,
But bears it out even to the edge of doom.

If this be error and upon me proved,

I never writ, nor no man ever loved.

" (Shakespeare)

And she starts to laugh with all her heart.

"Really grandpa?" she asks him while Leia looks like she just saw a UFO in place of Meredith.

"What do you mean?" she asks Meredith who can't stop laughing.

"Explain to her grandpa, please, because this is too much for me."

"I am helping Francois!" grandpa Cruz said. "And I will send you flowers and poetry in the account of that poor man with a broken heart until you will forgive him and accept him!"

"Grandpa Cruz, with all the respect but .." Leia starts but grandpa looks at Auntie Jen and ask.

"Am I right, my sweet Jen?" and he looks at her like a puppy.

"Yes, you are doing the right thing helping Franchoise" she said and took his hand in her hand.

"Holy shit!" James said. "Man, your pack is insane!" and he starts to laugh but Lori said.

"I think this pack is really cool. Every day a new drama is around and every day something makes you step out of your comfort zone. This is cool is not insane "

"When will mom and dad arrive?" Meredith asks, looking at James and changing the subject.

"At noon. We will have lunch together," he says.
"Now, if you will excuse us, I need to take my luna and look for some baby clothes. We don't have a day off too often, so I will let her enjoy this day "and he takes her in his arms.

"You are not staying for breakfast?" Meredith asks, looking sad at him.

"No, today will be a pamper day for her!" and he goes out with her.

"Did you hear that, Sam?" Cara asks, squeezing her eyes. "He's going to pamper her!"

"Help!" Sam said through his mindlink but Max ignores him.

"Help!" he also mindlinks Meredith but she looks at Vivienne and says.

"You see Vivi, that's the benefit of having a werewolf mate. He can woo you every day and pamper you when you are pregnant! "

Vivi looks at Luke and his heart stops.

"Did you hear that, Luke?" she asks. "When do you intend to woo me?"

"Holy fucking shit!" Max burst into laughter.

"Today Francoise is the only winner for not having a mate!"

"Excuse me?" Meredith asks.

And let me tell you right now Carter and Lisa and Grandpa Cruz and Auntie Jen just stay at the table and look at those fools who are fighting in vain.

Leia gets up easily. She takes her note, and the flowers that now she loves knowing that are not brought by Francois and disappear immediately.

"Did she just left?" Meredith asks laughing.

"Yeah..." Vivi said. "At this rate she will think that it is better to live without a mate. It seems to me that the mate is a fiction."

"I will show you fiction!" Luke said, getting up from the table.

"Do you want to be woo-ed?" He asks and looking at Max he continues. "Do you need me today?"

"No, no...go and make her happy!" and then looking at Sam he said "And you too. Soon she

will give birth and in two or three month is not enough to prepare for twins. Go with her Sam" and he takes out his no-limit credit card and says.

"Buy everything you need, this is a gift from their godfather!"

Meredith just looks at him and smiles.

"Godfather?" she asks him, giggling.

"Yes, godmother!" Max whispers in her ear and looking at Luke he takes another card and says.

"You better do to come with some names related to me or Meredith or I will kick you out of this house! I am the ultimate godfather of this pack!"

"Shut up, Max!" Meredith said and sitting in his lap she tells them.

"Go and have fun! And buy everything you need. You heard Max, he will pay for everything!" and she just kissed her mate while the rest of their friends left the room.

"So what's the plan for today?" Meredith asks Max through a mindlink while he starts to feed her with his food.

"We will take that meeting that you have, then have lunch with your parents and then..." and he kissed her, making his parents and grandpa Cruz smile.

"And then I will woo you too."

"And how do you intend to do that?" Meredith asks, looking in his gorgeous blue eyes that have sparkles in them right now.

"I intend to be happy with you for the rest of the day. " and he kissed her, pecking her lips forgetting that they are not alone.

"What are you two doing there?" grandpa Cruz asked, pointing with his fork at them.

"What?" Meredith asks, looking at him.

"You just stay and look each other in the eye for ten minutes. Are you fighting?" he asks them, putting a piece of ham in his mouth while the rest look at them with interest.

"No grandpa," Max said "We are doing..." and he winks at Meredith. "LOVE"
