

134 Chapter 134 Go Canucks!

Author's POV 1

"What took you so long?" Max asks from his hospital bed as soon as Meredith comes into his ward holding Theo in her arms, but Meredith just smiles at him.

"Let me hold her , please!" Max said, stretching his arms to take Theo, but after a vigorous move he just gritted his teeth in pain.

"Are you sure that you are alright?" Meredith said coming near his bed.

"I am, please, just let me hold her."

Meredith takes Theo and puts her on his chest, so that now she stays with her little head over the place where Max's heart is.

"I love you princess and daddy missed you so much. Did you miss me too?" he asks her , kissing her little fingers.

"Your daughter just received her first invitation for a date from a young man."

"Who was it? I will break his legs!" Max said in panic "No one is taking my little girl away from me!"

"Oh, but this guy is reliable, and he is handsome

and has a lot of money. Is the perfect match for her." Meredith mocks him.

Max looks at Meredith in horror and holds Theo on his chest.

"Who was it! I will ban him from this pack!" and if he could, how would he get out of bed and go to fight with the one who dares to invite Theo for a date.

"Max!" Meredith asks looking at him "Did you smoke something wrong?"

"I never smoked in my life!" he said looking at her perplexed. She knows that he is not a smoker. Why is she asking something like this?

"Maybe you should start doing it because it will calm your nerves. Theo is four weeks old and I am telling you that someone wants to date her and you are acting like this?" and she puts her hands on her hips looking at him questioningly.

"Of course! I am acting like this. It's amazing what children can do nowadays. This snot-nosed kids know a lot of things and if I do not watch over my daughter, one of them will steal her from me in the blink of an eye."

"Francoise invited her to a hockey game" and Meredith bends over and takes Theo from him, leaving him with his mouth open.

"That scoundrel!" Max said, squeezing his eyes and thinking of ten ways to kill a human and get away with it.

"I will go with him too" Meredith said as if it was nothing and lay in bed near Max.

"That's it!" and he tries to get out of bed in a hurry, but yells in pain.

"Oh my goddess, you are too much Maximillian Cruz!" and she starts to laugh.

"I am?" he asks her and looks a little bit taken aback. "Are you mocking me, darling?" he asks her, looking at the way she is laughing with all her heart.

"Of course I am! You are too adorable when you are jealous." and she kisses his lips while Theo is just giggling something from her arms.

"I think she wants a kiss too" and Meredith lifts her so Max is able to kiss her little cheeks.

"Leia brought some tickets for Francoise" she finally said "And he fooled her that he will go with his girl to see the game. And invited Theo to see some bad boys on ice"

"Keep talking. He collected a lot of black balls today. He's not going to escape from my hands when I grab that stupid little human's ass of his!"

"You will leave him alone, I have plans with him. I

must make him forgive Leia and accept her.”

“Are you sure he is not stealing my daughter?”

“You are impossible!” and she wants to get out of his bed but right then the door opens and surprise!

“What are you doing here?” Veronica asks, looking at Meredith.

“Oh my goddess! I can’t stand it anymore!” she looks at Max and says. “Hold the girl. I need to finish this. I am not in a good mood today.” and she starts to walk to Veronica and mindink Vincenzo.

“Where the fuck are you?”

“I am having lunch with Craig.” he said, a little bit panicked.

“Enjoy your meal! When you finish come in Max ward to take you stupid mate, I just suppress her shitty will again and she is laying fainted on Max’s ward floor. Please come and take her until I am not strangling her.”

And Vincenzo and Craig are in Max’s ward in two minutes taking Veronica out, murmuring some apologies.

“Didn’t Luke and Sam put some cameras on her ward? How the hell did she escape again?”

"I don't know, but I am going to find out right now!" Max said furious, because he is sick of being disturbed by Veronica. She is reminding him about his mistakes and he is so afraid that this will affect Meredith.

"I searched for the record that should have been made , but I didn't find anything. I don't understand what's going on." Luke said as soon as he came in Max's ward with Sam .

" I was there too when the cameras were set up. This has no logic for me." Sam said in Luke's defense.

"Who was with you?" Max asked, looking at Meredith immediately.

"My three best warriors." And Luke just stares at Sam and then at Max.

"Were they with you today? When you came to save us, were any of them with you? " Meredith asks him and she is really furious.

She knows those three. They are always in her house and they are Max's friends too.

"Only two of them. The third was left at home to keep this place safe"

"Who are they?" Max said, boiling.

"Pete Silverstone and Mark Dickens" Luke whispers. His own men are betraying him? Pete

guarded Leia when she was in coma. He trusts him. And with Mark is the same.

“Don’t tell them anything. Just verify the cameras and set them up again, but keep it for yourself. We need to find out if Pete or Mark are the ones who are fooling around us.” Meredith said.

Her plan was simple and was perfect, excepting the fact that one of their most truthful people were the traitors.

“I will kill them!” Max yelled.

“No, we will use this to our advantage, Both Mark and Pete are loyal to us even if one of them is the traitor. I know it is nonsense but I need to find the story behind all this shit. They are werewolves for the goddess' sake, while the hunters are humans. Werewolves rarely are betraying their alpha, something is not right here if they will really prove doing it.”

“Go Luke, and you too Sam” Meredith said. “ put those cameras back without anyone knowing. You know what? Put some new cameras too, maybe they will check the old cameras. Let’s think smart this time”

And Luke and Sam just nod their head in respect and leave.

“You are a genius!” Max whispered in her ear.

said smiling sweetly at him.

"Does it imply any striptease?" Max asked her, making some big eyes in anticipation."

"No hubby," Meredith said and he knows that she gets something brewing in her head, and suddenly his smile goes away.

"It implies a divorce and full custody." and she just wink at him while he shits in his pants.

"What happened to you?" she asks him, seeing him like a mute.

"Did I tell you how much I love you?" Max asks her.

"You did, but not today" she said and put her head on his shoulder.

"I love you so much, I can't wait to see that hockey game!" Max tells her even if he hates hockey. Who has ever seen a wolf on ice? Let's be serious!

"You do?" Meredith asks him, smiling. "You see hubby! Effective communication solves any problem!" and she takes Theo little hands kissing it and she say in a quiet voice:

"Go Canucks!"
