

## 135 Chapter 135 It's just for the show

Author's POV **1**

"Wait for me!" Grandpa Cruz yelled running, or better said walking like an agitated snail with his fluttering eyes, "I am coming too!" And all this time Auntie Jen laughed.

"I've never been to a hockey game! I am so excited," she said making grandpa happy.

"How did you get so many tickets when they were all sold out?" Vivi asked, looking at Meredith.

"Are we telling her, grandpa?" Meredith's asked and started to laugh.

"Better no!" Grandpa said with a funny face.

"This will be my secret" but the truth is that the old man is a big fan and he has his own private box at the Rogers Arena, but all this time he went there alone.

"I can't wait to go there and see all those muscular and yummy boys!" Vivi said, rubbing her hands.

"What muscular guys?" Luke asked in horror.

"You know, love, those ones with a stick and a

puck. Hello!!! You are going to watch a hockey game and know nothing about this sport?" Vivi asks with a frowning, quizzical expression.

"I know what hockey is, but since when are those players YUMMY? Helloooo?" Luke asks slapping her ass in front of everyone while she give him an ugly look.

"You!" Vivi pointed her index finger to Luke , and then looking around she saw Leia coming in her fan T-shirt. "I will go with Leia and ask for some autograph. And I will have to sign on my breas.." but Luke slapped her ass again.

"Hey, I am pregnant here!" she yelled at him and gave him a foot in his ass, moving him from his place.

"You don't act like one!" And this time he just leaves and Vivi runs after him but she stumble and lands directly on her stomach.

"Oh my goddess!" everyone yelled in panic, and Luke turns his head and seeing her in her stomach with a pale and scared face he runs directly to her.

"Oh my goddess !" he yelled "Oh my goddess !"

And he starts to tremble while Vivi can't stop from crying, even if nothing hurts.

He takes her in his arms and everyone runs to

the hospital.

"There is nothing wrong with our little gamma boy" the doctor said. "But I would advise you to be more careful with your activities. If your pregnancy would have been more advanced this would have ended in a very tragic way."

"I will," Vivi said, wiping her tears.

"This will never happen again" Luke said, taking her in his arms.

Tears began to surge up into her eyes, and when she spoke her voice could hardly be heard.

"I want to go home, Luke"

And he took her in his arms.

"No more yummy bad boys in the picture?" and he just kissed her red nose from so much crying.

"No, I have my own bad and yummy man!" Vivi said.

"Let's go to that fucking game. You are fine, and I will let you watch those men just to see that I am more muscular and attractive than they are."

And he took her in his Audi A9, while Leia went to the back seat.

Sam and Cara drove with their Lamborghini Urus, and took grandpa and Auntie Jen with them and Max and Meredith just looked at

Carter and Lisa, who were holding Theo.

"Are you sure you won't come with us?" Max asks Carter.

"No, I want to spend time with Theo." he said, laughing at that little princess who starts to be more and more active.

"Call us if anything happens" Meredith said waving her hand at them.

And as soon as they arrived to the arena, the reason of all her struggles is just two rows in front of Grandpa's private box, and she said through their mindlink:

"Hubby! Are you ready for the show?"

"I can't wait for it!" and Max starts to laugh because she calls him hubby every time when she acts like a little brat.

"What is going on?" Everyone asked and Meredith just pointed to the main display of the arena where a big love declaration was suddenly illuminated.

"Francois Cassel, I love you to the moon and back! Levi"

And all the cameras went straight on Franchoise whose face is red like some lava that just flowed from a volcano. And he is online folks and all the internet and the arena and even the whole

fucking world knows that Francoise Cassel has a male fan, and starts to raise some questions about his preferences.

"Come with us, Francoise!" Vivi yelled at him. "Here no one will see you!" And the poor man ran from his seat in grandpa's private box.

"What the hell was that?" Vivi asked him, a little bit upset. "All your life you hide this from me! You should have told me! I would have never judged you for this!" she continued looking sadly at him.

Leia just looks disappointed at him but Meredith asks her through their mindlink:

"Do you want him back?" and Leia flinched from her thoughts and looked into Meredith's eyes.

"Yeah, I want him but it seems that I have no chance with that" and she has tears in her eyes, but that was enough to be seen by Francoise.

"He is not what you think he is. That was just my work of art to make him react, but you better be there when he won't be able to take it anymore. I will make him recognize that he still loves you. He is a Frenchman. Those guys have a big heart and they were raised to spread the love that lays in their heart. Is that Latin ardent spirit, very passionate and emotional that they have inside their heart and mind."

"So he is not..?" Leia asks, looking in Meredith's eyes.

"He is not, and he loves you but he still thinks that you are hating him so he is given you some space, while I am sure he stays at home and cries all night. "

And Leia just looks at him and thinking at the way she acted with him starts to cry for good.

"What's wrong with her?" Francois asks and Luke also goes to her.

"I am fine, ignore me!" she said and right then a new message appeared on the gigantic display.

"Francoise, will you marry me? L "

"Holy fucking shit!" the poor Francoise said, looking around while everyone started cheering. Even the players are hitting with their sticks on the ice, because the entire world knows he's the biggest designer in life!

He is young, he is rich, he is handsome and he is single! Now everyone thinks that they know the reason.

"Don't worry Francoise!" Meredith tells him. "It is alright to be you. There is nothing wrong with showing your true feelings."

"Are you crazy? I love women!" he said and looked in Leia's eyes who still has some lost

tears in the outer corner of the eye.

Seeing her crying he is so furious. He looks around and everyone is with his own mate, he can't touch any of the women in this box without dying in the next second, killed by her mate. Leia is the only one single so he goes straight to her and says:

**"Help me! Or every man in this town will follow me!"**

**"Help you with what?" she asks and her heart trembles in anticipation.**

**"Help me with this!" and he kissed her directly, making the whole audience sigh. Leia feels like melting in his embrace and she feels all those tingles that she missed so much, and she kisses him back, shocking him.**

**And when she was on the throes of passion she heard him whispering in her ear , while he kissed her earlobe.**

**"It's just for the show, don't worry ,this will never happen again!"**

**And Meredith heard the scoundrel and said it in her heart:**

**"That's what you think! Let me prove you the otherwise."**
