

142 Chapter 142 Getting married is not a joke

Author's POV 1

"Pete Silverstone?" Max asked. "Really Luke?"

And he is just confused. Pete is the best warrior they have in this pack. Everyone loves him and he is a great guy, always polite, ready to help the pack members.

"Something doesn't suit here!" Carter said and looking at Grandpa Cruz asked:

"What do we know about him?"

"He has been in this pack since he was little, and if I am not wrong he has been here for eighteen years." Grandpa said. "I found him a few months after I found Meredith. At that time I even made a joke saying that I am the stork that brings children to this pack."

"One of the hunters said that Manganiello had a child with a female werewolf, that he kept the child and killed the mother." Meredith said, looking at Carter. "Maybe he is that child sent here to spy on us."

"Not on us, sweetie," grandpa said. "On you. All this time he looked for you."

"But he lied to his father today," Luke said. "I've heard him talking with him and he didn't tell him anything, I think that he is not doing this because he wants to. He was loyal to this pack until Meredith transformed into a werewolf."

"Because all this time he looked after her wolf!" Max said, clenching his teeth.

"Let's act as if we didn't find anything. At least now we know who the traitor is." Meredith said, shocking everyone.

"Mer I love you but let me ask you. Did you hit your head?" Max said, jumping off his chair.

"How the fuck to let him walk away after all he did?"

"Just like that moment when we first met and you assumed that I was ugly and unworthy to be your Luna, you are jumping to conclusions, Max. I'm only suggesting that we really don't have all the facts yet. I am asking you to wait. If he betrayed us willingly he will pay for it, but what if it is more? I saw him and he is a good guy. "

"She is right, son. We will be watching him!" Carter said.

"I told you that she will be a great Luna!" Grandpa Cruz said, rubbing his palms. "Just look at her, she is smarter than you are, sucker!"

And Max just looks at the old man.

"One more word , grandpa , and I will ban you from this pack!" and looking at him, Max continued "And I will keep Auntie Jen here!"

"And you, son, are the most handsome man in the universe!" grandpa said, rolling his eyes.

"Good try, old man!" and Max took Meredith and placed her in his lap.

"I don't like this at all. I would prefer to ban Pete directly, because it is about your safety, darling" he whispered.

"If it was someone else I would have said the same thing but Pete is that sweet guy that anyone will be happy to have him in his pack"

"When he is not a traitor" Max said frowning.

"When he's not the traitor but yet let's see what's next in his plan." and Meredith kissed him.

"I still don't like this!" Max said and kissed her back.

"When are we leaving for Oregon?" Meredith asked, looking at Luke.

"Tonight." and he just smiled at her ."Your father will take us with his private airplane at seven o'clock and we will stay at the Inn at Cannon Beach for three nights. It's like a short vacation for all of us. I can't wait to be there!"

"Let's go Max! We have three hours to prepare!" Meredith said jumping from his lap and making Max grumpy, but she mindlink him.

"Let's go to our room. I want to kiss you and do a lot of things with you!"

"What things?" Max asked back with glowing eyes and he took her in his arms , putting her legs around his body.

"I could tell you" she mindlink him "But I would rather show you!"

"They will have sex!" Sam said laughing, but Max just showed them his middle finger.

"They surely will!" Luke said, laughing hard.

"I'll go to my room to have some sex too" grandpa Cruz said walking out and making all of them to look at him with their mouth open.

"Don't mind him!" Carter said. "he will probably use his cane!" but grandpa Cruz hit him with his cane in his head.

"Brat! Just because you are tired it doesn't mean I am too!" and he walked away making them perplexed.

"He is really going to have some activity?" Sam asked.

"Shit! I will go to find Vivi! That old man is

annoying!" and he runs directly to Vivi who is always prepared for some mating sessions.

"I think I am going to find Cara too," Sam said and left Carter alone and he just mindlinks Lisa.

"Where are you?" he asked his mate.

"In the bed just as you said, waiting for you. Did you mock the old man again?" she asked and she started to laugh.

"It was needed, my love, or he would have stayed with us until Landon would have come for us."

"You are so mean to your father!" Lisa said.

"No, he is just an old perv. And he likes to be provoked!" and he ran directly to his condo.

And this way, when Landon and Olivia came the collective moaning just stopped and everyone was happy and blushing.

"What a happy pack you have here, son!" Landon said looking at their blush faces. "What's your secret?"

And Meredith and Max just looked into each other's eyes and started to laugh.

"What's going on?" Landon asked, not understanding what's going on.

"Let it go, dad!" James said knowing exactly why they are all glowing.

"No, I want to know their secret!" he insisted and Olivia just palmed her face.

"A lot of sex, father!" Max said and Landon become pale.

"Shit!" he whispered.

"Sex not shit!" Max winked at him.

"Are you ready or do you have some more questions for them, father?" James asked and started to take Meredith's luggage, helping Max, while she was carrying her baby girl and right then Francois and Leia appeared, walking side by side.

"They are not glowing!" Landon said and watching them he asked knowing exactly that they will become pale in the next second.

"You didn't bang your woman, Francois?"

"What?" the poor man asked. All he does is to sleep with Leia in his arms, and he just did it once at Meredith's old house. He will marry a woman that he never touched but at least she will be his and maybe knowing that he is her husband will make her want to take him back. This is his plan.

"We are saving our energy for our wedding night!" Leia said, saving Francois." Don't worry about us. We are just fine!"

And Vivi can't keep her mouth closed and said:

"And horny enough to give me a little nephew or niece?"

Am both Leia and Francoise looked at each other, they didn't even kiss more than twice and she asked something like this?

"They will not!" Meredith saves them. "This wedding is just for appearances, to help Francois escape from his suitors."

"WHAT?" Landon asked, looking at them, because he is a man who believes in holy matrimony. "What will you do after you get married? What if Leia finds someone to love, or Francois? Getting married is not a joke."

And Francois took Leia's hand in his hand.

"We are doing this because we both want this , alpha Quinn. And maybe there is no love, even if it should have been, because we are mates and we rejected each other. Now we are just friends and we are helping each other, but who knows what the future will bring?" and Francois just smiles looking at Leia.

"Maybe I will love her so much in the future that I am going to ask to help me become a wolfy too, as Vivienne said" and all of them started to laugh.

"Or maybe Leia will hate being with me so much

that she will ask for divorce the next day. Nobody knows how the future will look. But you know what?"

And this time he kissed Leia's hand.

"I want to try this with her. We have a tumultuous past, maybe our future will be brighter."

"That's so sweet, Francois!" Olivia said. "Landon, leave the kids alone. Let's go to that fantastic Inn."

Happy weekend here they come!
