

143 Chapter 143 We need to be authentic

Author's POV 1

"This is Paradise!" Vivi yelled looking at the place where the local alpha, Matt Wheeler, suggested to stay.

Inn of Cannon Beach is 2 minutes walk from the beach, has a private garden full with wild flowers and in the middle of the garden a beautiful pond is placed. The best thing is that the place where the wedding will be held, Haystack Rock is 15 minutes' walk away so Matt Wheeler was right, the place is perfect.

Every couple has its own room. And for Max, Alpha Wheeler reserved the most spacious studio , with a flat-screen cable TV, a seating area and a fireplace, and the cherry of the top, a big hot tube, that reminded Meredith of their nest love in Tofino, that now is history because of Michele Manganiello.

The grooms also received similar room with the one Max and Meredith have, while the rest of the gang received some classic rooms with king sized beds , but everything look luxurious and perfect, so everyone is happy.

Max installed the crib for Theo and as soon as

she fell asleep took Meredith and put her in the middle of the hot tube, leaving the door open to her the baby if she would wake up and end their fun.

“I missed having you in a hot tube” he whispered in her ear while he caressed her body, and lifted her a little so that now she is riding him.

“So our funny games from home are not enough for you?” she said, pouting her lips at him.

“Those are perfect, but this reminds me of those moments when in this world it’s just the two of us, it reminds me about Tofino, about our Paradise.”

“The Paradise is where we are together Max. Is not a place, for me Paradise has a name and that name is Maximillian Cruz. So it doesn’t matter that we lost our nest, what’s important is that I have you.” and she put him inside her and whispered.

“Will you let me be in charge tonight?” and she started to move her hips, with a rotation making Max moan and let his head on his back.

“I am all yours” he said, enjoying the sensation that Meredith creates in him. She rode him all the night making him cum countless times and for the first time Theo slept without interruption all the night. Maybe because of that fresh ocean

air, but she let her parents enjoy each other, and next morning when they walked to have breakfast they were barely walking because of the great effort they had all the night.

There was only a single room where no one was having sex and that room was Leia's and Francois' room.

"We need to talk" Francois said.

"You don't want to marry me anymore?" Leia asked, a little bit panicked.

"What?" and Francois took her hands in his hands. "We had a deal, remember? We are friend with benefits."

"Then what's all about?" she said, calming a little.

"Tomorrow we will get married and we can't look like we are now. We need to be authentic." Francois told her.

"I agree" Leia said.

"If it is not too much for you I would like for you to sleep in the same bed with me." Francois said and looked at her.

"If you don't want to.."

"I want to. My wolf calms down when you are closer." Leia said and placed his hand on her heart. "I can sleep when you are closer, I don't know why. Do you have other rules?"

“Yes.” And François said: “I need to show the world that I love you and for that I need to be able to kiss you whenever I want, especially in public.”

“I don’t mind,” Leia said “I can cope with that!”

“Are you sure?” he asked her again.

“Yes, I am alright with the kissing part, holding hands, cuddling, touching my body...it’s no problem.” and François just looks at her because he was talking about kissing but she said that she is ok with a lot of things so he will start to do it.

“And..” he said , trying his luck” If we are doing this I want exclusivity.”

“I want that too,” Leia said. “I don’t like drama and don’t want to see any woman at my door claiming to be your mistress.”

“What if I will have some needs?” Francois asked, excepting to die in the next second, but Leia just looks at him.

“I suppose that you can come at me for that too.” she said after some time. “I will have my own needs too so we can use each other for that too. Do you agree?” she asked, looking in Francois’ eyes.

“We have a new deal in this case.” and they shake their hands.

"What about now?" Leia said, looking around.

"You can undress yourself" and Francois took off his shirt and his shorts and now he stays in his boxers in front of Leia, and man! Even if when he wears his clothes he seems thin and delicate, undressed he is just perfect. The man has a perfect abdomen and he is full of muscles, and the bulge from his boxers made Leia to almost faint imagining how big he is.

"You said that you are sleeping naked" Francois said without leaving her a way out.

"Yes" Leia said remembering what she said and she just took off her clothes and stayed naked in front of him. He saw her naked, in Meredith's house but now he took time to admire her perfect body, and seeing her like that he hardened so much that it hurts.

"Come here" he said and took her in his arms, cuddling with her.

"Take off those boxers, Francois" Leia commands "It annoys me"

"Are you sure, Leia?" and he starts to take them off. This must be a beautiful dream, he thinks.

"Take them off, they are itching me on my back!" she lied, when in fact she was curious to see him and she wanted to do the so-called measuring eye.

And man , when he took off his boxers Leia remain with her mouth open, while her hands caught him , almost scaring him.

“It’s yours or you have two dicks in one? Shit! You will break me!” she said, making him look at her like she just grew another head on her shoulders.

“There is no need to use it.” he said feeling sorry for being naked and scaring her.

“Are you crazy , Francois?” she asked him. “Let me tell you. I have a new rule! You will use this on me every day, at least twice per day or this friend with benefits ends here!” she stated.

“I think I can do that!” he said and his heart beat so hard that he was a little and faint.

“You know what!?” Leia said. “Let’s try it now!” she said and rode him directly, pushing him on his back.

“Leia, are you sure? This is a one-way trip. I will not be able to stop.”

“I am sure!” Leia said. “I want to try this !” and he bent a little and took him in her hands starting to move her hands around the length of his enormous dick.

“You have a lot of meat here, Francois” she said, making him laugh hard while she is enjoying the

way his dick feels in her hands and just before being able to say another word, she takes him in her mouth, swallowing him.

She starts to suck on him and he is on the peaks of ecstasy, and he takes her arms and pulls her over his body kissing her, while he taste himself in her mouth.

"I will cum if you continue like this." he whispered.

"I don't mind it" she said blushing.

"I would rather cum inside your pussy" he whispers, testing her reaction.

"Well, what's keeping you from doing it?" Leia asked him and turn with him in the bed, using her force, and now she is on her back, while Francois sits between her legs.

"I want to see who we will work together during this marriage" she said "so continue"

Francoise puts himself at her entrance and he starts to slip inside her pussy but feeling a barrier he stops.

"Leia!" he exclaimed "You are a virgin?"

"Is this a problem?" she asked in return, sweating in anticipation.

Francois just looked in her eyes and he has

drawn away for a little, making her think that he will not fuck her, but in the next second he implanted himself deep inside her pussy with all his super long and thick dick, while Leia yells in pain.

“Are you alright?” He asked her, seeing her all red and with some teary eyes.

“Please, Francois , continue, please move inside me. I need you” she said, crying in pleasure. She never felt something like this and all her pussy is tingling.

Francois started to move harder and harder until Leia screamed, riding her first orgasm, so hard that it was clear that the whole inn heard her yelling Francois name, who just cum inside her pussy wave after wave.

And Leia asked for another round and another round, asking Francois to fill her again and again with his cum, because she simply can't get enough of it.

And when in the morning she was finally tired and the poor Francois almost raw from so much friction, he took her in his arms in a spoon position and kissed her neck.

“I think that this marriage is going to work. Don't you think so?” Leia asked him.

“I think it will,” he said, putting himself back

inside her pussy. "Now let's sleep, because from tomorrow we will need to perform this daily to satisfy those needs we talked about."

Leia just closed her eyes and moved her ass a little so she could take Francois deeper, but she is so sore that that single move made her have an orgasm and Francois, hearing her calling his name again, like an incantation just cum inside her pussy again.

"Now, I think I am ready to sleep," she said, turning in his arms and kissing him.

He closes his eyes and smiles hearing her, but in just a few seconds he hears her again.

"Francois, do you think that we should use sweet names or declare something to each other, to get used to the marriage thing?"

"We could try," he tells her, opening his eyes and watching her. She gave him everything she had. She is his woman!

"I love you, Francois!" she whispered and Francois's heart skipped a beat.

He kissed her and just said.

"I love you more, my love!" and pulled her in his embrace and both of them finally fall asleep, waiting for tomorrow.
