

## 144 Chapter 144 Their true feelings

### Author's POV 1

"Explain to me" James said looking at Francois.  
"How does it work this thing that you call  
"friends with benefits" because it kept my Luna  
awake all the night."

Leia's face blushed in the next second and all the  
eyes were on Francois and her, because the  
entire inn heard them last night.

"I don't know what you are talking about"  
Francois said and took a piece of bacon, chewing  
on it, as if they were talking about weather.

"Man, you were grunting like a pig." Max said and  
he took Meredith in his lap, who is holding Theo  
in her arms. "I am so glad that I gave that house  
far enough from my condo because I don't want  
to hear you every night making those sounds."

"The longest orgasm in mammals is that of the  
domestic pig" Francois said "On average, its  
orgasm lasts 30 minutes, but it can last for as  
long as 90 minutes. So I should say that you envy  
me?" and he looks at Max who stays with his  
mouth wide open.

"That is not true!" Max said. "A pig is a pig, he

can't be so good at doing it!"

"Thank you!" Francois said, taking another piece of bacon in his fork.

"My love," Leia said. "We should go on our room and start to prepare, you didn't even show me that dress you said that I would wear at our wedding."

"My Love?" Luke asked, looking at his sister in shock.

"Yeah, we made a set of rules last night . What to do to look authentic. In this way nobody would doubt our marriage."

"Believe me, Leia" Meredith said "after last night I am not doubting at all, that seemed very authentic." and she starts to laugh while Max puts a hand under her mini skirt, right between her legs and slips a finger inside her.

"What are you doing?" and she is afraid to talk even through this mindlink "our parents are here, Max!"

"I can't help it!" Max said. "I want to be a pig too" and he starts to laugh and puts another finger inside her body and she just looks at Theo who giggles in her arms , while magical things start to happen between her legs.

"Francois" Max said while he caress Meredith's

walls with his fingers and holds her tight with his other hand "Tell me about those rules of yours" and right then Meredith juices starts to flow over his fingers and he is smiling , feeling her trembling in his arms.

"You are the biggest pig in the world , Max. I was holding our daughter and you did that!" and she can barely breathe.

"Next time I will use my di.." but Meredith cuts him.

"Don't you dare!" and she stands up and leaves the room with Theo, yelling through their mindlink "PIG!"

"We will kiss, cuddle, hold hands, be intimate, use sweet names and declare love in public. We need to get used to this thing" Francois said.

"So you will be married for real." Max said.

"Oh, not for real. We are just acting" Leia said.

"So last night was just acting?" James said and started to laugh.

"Of course it was!" Leia insisted, but James took out his phone and started the player and in the whole dining room everyone heard Leia:

"Francois, one more time! You are fantastic! Again, Francois! You are the best!"

"There is more if you want to listen" James said and Leia just looks at him and wants to strangle him, but she has no chance with James being an alpha, so she starts to cry and runs outside.

"You are so mean, James!" Lori said giggling "They were just pretending didn't hear the girl?" and all of them start to laugh.

"Francois" James said when he saw that he in on his feet ready to run after Leia. "Don't be a stupid. Tell the woman that you love her, that you want this for real, let the bullshit!"

"What if she will reject me again?" Francois asks.

And James starts the player again:

"Francois, I want you and only you in this world!" and they hear her crying and yelling his name again.

"That was authentic, that was not a lie. So I suggest you to make things clear before you marry her and start this marriage by telling the truth, not playing games. Are we clear?" And James looked him in the eye.

Francois just looks at Vivi and Luke, who are smiling. Max stand and before going after Meredith to finish what he started during the breakfast he said:

"Tell her that you love her for real." and he runs upstairs.

"And that was the pig number two leaving the room," James said, laughing hard as soon as Max left.

"Go ,Francois! Go until she will not have some puffy eyes from crying so much." Lori tells him and he goes back to his room where he finds Leia crying, just as Lori said.

"Damned werewolves with their super hearing!" he said in his heart.

"My love" Francois whispered and pulled her in his lap. "Why are you crying?"

"I just enjoyed last night. It was the best night of my life and James just make it looks like something stupid!" she said completely annoyed.

"He did it to make me realize something." Francois said and turned her so now she is in his lap with her leg circled around his waist.

"I will tell you something and I want you to listen to me" he tells her, making her heart become small like a flea.

"What if he changed his mind?" Leia asks herself.

"I didn't change my mind," Francois said , shocking her. "But just listen to me for a few minutes." and he pecks her lips.

"I've been loving you since the day of the attack." and Leia's eyes are full of tears, tears that

Francois wipes with his fingers.

“When I held your heart in my hands, I realized how stupid I was to reject you. I thought at that moment, that the only animal from our story was me, because you were so human that it scared me. It took you weeks to come back, but from that moment I couldn't stay away from you.” and he kissed her again.

“I prayed to human gods, to werewolves gods, to unknown gods to help me be with you again and I promised myself that this time I will be the perfect mate. I will love you with everything I have, and that I will make you happy.”

And Francois stands on his feet and puts Leia in bed, while he opens the closet doors and takes a huge box.

“When you told me that you hate me” he said “ I collapsed”

“I lied,” Leia said, looking in his eyes. “I lied . I never hated you.” but Francois just looks at her.

“That night I drew this dress, and I did it thinking of you. I dreamed about this day for weeks. I stayed alone in Meredith's house dreaming of you, looking at this dress and imagining you in it.

Francois opens the box and Leia just looks at the most beautiful dress she has ever seen. This is

why he is the greatest designer in the world.  
Because he creates perfection.

Who said that less is more was perfectly right.

In front of Leia he put a pure white chiffon V-neck evase wedding dress with long sleeves and lace back. The dress will give Leia a contemporary princess look created in transparent chiffon and fine lace, with semi-transparent back, sleeves and waist, and flattering plisse bodice.

The dress is so simple and yet so perfect that Leia is not able to find her words. She just touch the material and whisper :

“Is so beautiful!”

Francois takes out from his pocket a black velvet little box and starts to laugh.

“I kept this, and the plan was to give it to you after our wedding, to make everything look authentic, but things went differently.” And he kneels before Leia and asks:

“Leia Navarro, will you take me back, and accept me as your mate? Will you marry me for good, because I really love you and I really, really want to have you as my wife?” and he opens the box and he takes out a splendid platinum ring with diamond from Cartier Destinée Solitaire. The ring is platinum 950/1000, set with an

emerald-cut diamond 5.99 carats and is set with brilliant-cut pavé diamonds.

"Really Francois? Cartier?" she asks laughing.

"I am French, and they are the best. And for you I want the superlative!"

And looking in her eyes he asks.

"Will you take me back, my love? Will you marry me?"

"Of course I will!" Lela said, throwing herself in his arms and crying her heart out.

"I was so scared that I will need to play this friends with benefits game forever, when the truth is that I love you so much that it hurts!"

And Francois put the ring on her finger.

"How much time do we have until our ceremony?" he asks her.

"Four hours. Why are you asking?" she whispers, and she looks at her splendid ring.

"I want to be a pig again. It's highly addictive to be with you!" and she let him ravish her again and again.

"What was that?" Max asked, almost falling out of bed when he was acting like a pig in heat as well.

"That should be Francois, grunting again "

Meredith said. "They revealed their true feelings."

And seeing Max and Meredith , as well Francois and Leia and the others, just as Jane Austin said " There could have been no two hearts so open, no tastes so similar, no feelings so in unison"
