

153 Chapter 153 Qui? Moi?

Author's POV 1

"Let me see them!" Lori said and she is all smiles from ear to ear.

"Lori, stay calm!" James yelled seeing her with that Speedy Gonzales attitude while she was pregnant. "You will get hurt , stop running all day!" and he has a little bit and collaps seen running to Cara to see baby Elias and baby Isabella.

"Look at them, James!" and she looks at them with some puppy eyes. "They are the sweetest thing I ever saw! They are like angels with that tiny blonde hair and those blue eyes!"

"You must have a lot of kids , Cara. You'll have some beautiful babies!" and she just bends a little and starts to make some funny faces .

"What can I say?" Sam said. "I am a handsome man" and he puffed up like a rooster.

"Keep dreaming," Cara said without looking at him.

"What?" and Sam turns his head from James and he just stays and watches her with his mouth open. "What did you say?"

"She said KEEP DREAMING!" Grandpa Cruz said

laughing hard.

"I heard that, but why, Cara?" Why would you say something like this?"

"I like to keep my mind straight and my head on my shoulders. I am not disillusion like you are" and she just goes at Lisa who smiles at her.

"I am handsome and you know that!"

"I don't know that" she said and stayed on the sofa. "You are like a roster, Sam! Look at me, I am handsome, look at me I have beautiful kids."

"They are not even lookin like you!" Lori said laughing again. "Goddess, Cara is right! Are you sure that those two are your kids?"

"Sweetie" and James come and take her in his arms, keeping her from fussing around anymore.

"No, let me see the babies!" Lori said pouting her lips at James but instead to pull her to him he just kissed her a little and let her go.

"She bribed me again with those lips! Shit!" he said smiling while Stallion is purring in his mind.

"Stop talking!" Sam said and came in front of Cara, on his knees, just between her tiny and fit legs and whispered.

"You don't like me anymore?"

"Oh my goddess!" Max said and started to laugh. "I can't believe it. "Sam. Stand up, now!" but Meredith just takes Theo from his arms and puts the baby in Lori's arms, just to be sure that she will be safe and then she throws the bomb:

"Look who's laughing!" and she turns and looking straight in Max's eyes she simply says: " It seems to me that the pot is calling the kettle black"

"What?" and max becomes pale.

"NOthing, nothing...I was just thinking that in this pack all men think about themselves that they are the center of the universe. You are the most perfect, the most handsome and smart and rich."

"But we are..." Luke whispered and Vivi squeezed her eyes at him. "But of course the women in this pack are even more beautiful , and sweet and smart and good looking.. and..."

"And finally we had here a man who knows the real fact!" Vivi said.

"I love Lukey!" she said and threw herself in his arms and kissed him directly.

"Elias and Bella looks a lot with Cara, you stupid!" Leia said from Francois' lap.

"Now, look!" and he pointed to Elias. "He is just a mini me!"

"A mini Cara!" she insists but just looking at Cara he puts his arms on her knees and asks:

"You really really don't like me anymore?"

But seeing him almost crying in all his might, that softens her heart and she just says.

"Of course I like you, stupid man! But you are so annoying! I worked a lot to bring them in this world and you act like a fucking gorilla that is punching his chest to the entire jungle who is he. The babies are mine too, and they look a lot like me too!" she said, pouting her lips.

"So you like me?" he asked.

"She loves you not like you, Sam," Lisa said .

"Stop teasing her." and smiling at him she stood up and said.

"Stay here in my place. I know that you want to hold her in your arms"

As soon as she goes from there Sam grab's Cara and puts her in his lap, putting his arms around her delicate body and says.

"They look like you. They are just perfect!" and he kissed her until she doesn't have the strength to breath.

"So, this is all about?" Max asked, smiling. "You were just jealous that our daughter really looks like me?"

"No." and Meredith just looked at grandpa Cruz and asked.

"Grandpa, sweet and darling grandpa in the world " and she blinks her eyelashes at him, shocking Max, but making the rest of the gang laugh.

"Who's the most beautiful in this family?" Me or Max?" and she is just mocking him but the full just peed on him seeing her like this. "I think that I should leave him and look for someone more handsome and more sensitive with his woman!"

"MEREDITH CRUZ!" Max yelled at her.

"Is coming!" James started to laugh holding his belly.

"What's coming?" Françoise asked like an innocent man.

"When they thought that they were divorced, I dreamed at this moment with all my heart. That one day they will be together again and Meredith will mock him like this. She's the only one who can do this and get away with this."

Meredith just looks at her nails and she just sighs and winking at Lela she said:

"It's such a loss that Françoise is not single anymore...he is so handsome!"

"Kill him!" Stark screamed. "Now!"

But just before to catch the poor Francoise from his collar and beat him, Meredith sighs again and continues:

“Or Luke. He is so handsome with that Stephan Amell face he has”

“Kill Luke too!” Stark said but hearing her max just stops there.

He looks at her and sees that she is almost laughing.

“You mocked me!” he stated.

“Qui? Moi?” Meredith asked, making Francois and Vivi laugh with all their heart.

“No, grandma!” Max whispered.

“Hel, don't bring your grandma into discussion!” Grandpa Cruz said, pointing his finger at him but he turned to Auntie Jen immediately and kissed her. “Now you are his grandpa” he whispered in her ear, making her blush.

“You really are an old perv,” she said laughing, but she just signals to grandpa to shut up to watch the show.

Max starts to walk to Meredith and when he is in front of her he just says.

“You are the most beautiful , fantastic , smart, strong and damned annoying woman I have ever

met!"

"You don't look sincere" Meredith said and put her hands under her chest.

"What do you think girls?"

"He is trying to bribe you!" Vivi said.

"Yes, She is right. Don't trust him!" Lori laughs.

"What do you think Cara?" Meredith asked.

"Don't ask me. I don't like him at all. He is annoying!" Cara said but Sam stops her from talking, kissing her and putting a hand under her shirt, touching her bare waist.

"Mom?" Meredith asked smiling at Lisa.

"You are my favorite child, sweetheart!" Lisa said, shocking Carter.

"Mom!" Max yelled. "No one supports me here?"

"No," Carter said after some time.

"We all support Meredith" and smiling at him he asks. "And you know why?"

"Shock me!" Max said, waiting to be mocked again.

"because she loves you so much regarding your past. He loves you more than anything."

"Is that so?" Max asks but this time he looks at his Luna and he starts to walk to her.
