

156 Chapter 156 "What's wrong here?"

Author's POV 1

As soon as their breakfast Max signaled to Francois to follow him to the horror of everyone.

"Please, Max" Luke said, "I will do anything for you just don't kill him. He was stupid he doesn't know how to act in front of his alpha."

"Now, Francois" Max growled seeing that Leia held him and cried.

"Please, alpha" she begs, "We just found each other" but Max turns his back and starts to walk to the training room and Françoise starts to follow him, while Leia falls to her knees and burst in tears.

"Everything will be fine, Leia" Meredith mindlink her. "If he crosses the line, I will stop Max by myself. Trust me. Françoise will not be hurt in this."

"He is just stupid, Mer. Please, I don't want to lose him. He was a fool from the first day I met him." and she continues to cry.

"Come," Meredith said, and looking at Luke she commanded him.

"Help her, I need to go after your proud, arrogant and self-admiring alpha, and stop him from whatever he has in his head." and she starts to run after then , followed by Sam and Cara.

In the middle of the training room, Max is circling Francois like some eagle.

"Fight with me, Francois" Max commands but Francois just looks at him and without knowing that this is not normal at all he said.

"No. I will not attack you. What's wrong with you? I told you that I am sorry, but that jerk hurt my mate, I couldn't just stay and look at him as if nothing happened."

"Attack me!" Max growled and all their friends were horrified.

"No! I will not attack you!" and Francois growls at Max as well.

"What's wrong here?" Max asks through their mindlink, looking at Meredith who just stays perplexed.

"It's impossible!" she said. "I never heard about something like this"

"There is only one way to test this." and Max starts to advance to Francois full of range.

"Don't kill him!" Leia yelled "He is just stupid!" and she collapsed on the ground cried so hard

that scared Vivi and Cara.

"For the last time, Francoise!" Max said using his alpha command. "Attack me!"

"And for the last time, NO! I will not attack you!"

"Attack him you motherfucker!" Luke yelled at him and jumped in the middle of the training room to hit Francoise but Francoise just pushed him and Luke almost flew in the air.

"Shit!" Francois said trying to run to Luke but out of nowhere Sam grabs Francois and using all his beta force he barely budge him, but he yells in pain from the impact.

"Holy fucking shit!" Sam yelled while Cara ran to him to help him sit back on his feet.

"What is he made from?" Sam asks, holding his arms that seems broken.

"I am so sorry Sam!" Francoise said trying to help him but Max let him enough and under the horrified look he jumps in the air and hits Francois with all his force, putting him to the floor.

"You fucking jerk!" he said. "I told you to attack me, but you didn't submit to me. Look what you've done!" and he tries to punch him again but something in Francoise triggered and growling he pushed Max and also punched him in the face putting him down.

"Max!" Meredith cried.

"Max," Stark said. "This is not right. It is impossible for a werewolf to disobey his alpha without becoming a rogue, but he is not disobeyed, he just doesn't want to fight with us. And he is damned strong, never in this life I was put down so easily by another werewolf, or another alpha."

"What's his status?" Max asked, looking Francois in the eye.

"Fuck if I know, dude." Stark said. "He's too strong to be a beta, but it is impossible to be an alpha. A newborn alpha without lineage was never heard."

"Is he a lycan?" Max asked, horrified.

"Is not!" Meredith said.

"How did you know what I was thinking?" and Max just looks at her.

"Another royal bulshit" Meredith said, smiling
"Don't ask. He is an alpha. I am sure. A miraculous alpha, that's why he is not submitting. Is against his nature to do that. Is not his fault."

"An alpha?" and Max just turns his head and faces Françoise, who just looks at him. "Stark," he whispered. "Beat him hard. Let's see what he is able to do!"

And Stark doesn't need a second thought and he transforms and attacks Francoise, who jumps over him and in the middle of his way back to the floor, he transforms and leaves Avi to take control.

"I said that I don't want to fight!" Avi, Francois wolf growled.

"Holy shit!" everyone growled." Avi is just as big as Stark!" and they become mute and just watch in horror what's going on.

Stark attacks again and bite Avi's left paw dragging him on the floor, but with a lot of force Avi 's claws landed on Stark's back and are stuck in Max's body.

"I don't want to hurt you!" Avi said.

"Too late for that!" Stark growls again and even if a lot of blood flows on his back he hits Avi again and with his experience in the end puts him down, making him submit.

"Francois!" Leia cried running to him, while Avi just lay full of blood. "You stupid man! Why didn't you do what he asked for!?"

"I didn't want to fight. I hate fighting without a good reason." he said with a weak voice, while Leia just caresses his fur and cries her heart out seeing her mate so wounded.

"You exaggerate a bit, don't you think?" Meredith asked Max, who transforms in his human form and takes her in his arms.

"Just hold me, Mer" he whispered. "That jerk almost made me shit on me. I never got a punch as hard as he gave it to me." and laughing a little he said " Cassel shook my world literally"

Meredith holds him and looks at his back.

"Your wounds are already healing" and she kissed him. "You will be fafn."

"Cassel!" Max said and Avi gave back the control to Francois who now lay naked on the training room.

"Damned French!" Sam said " That thing has at least 11 inches!" and he covers Cara's eyes while Leia helps Francois to put some clothes on him, but Cara takes his hand from her eyes and smiles.

"Nice...." she whispered, making Sam almost faint.

"Cara Jackson!" he said .

"Yes, sweetheart" she blinks her eyelashes at him.

"Stop looking!" he said being scared that she will not be impressed by him after she saw Francois naked, but Cara just whispers in his ear:

"Just to be clear. You got it thicker than he does" and she kissed him leaving him with his mouth wide open.

"Close your mouth, sweetheart!" she tells him laughing. "The action is in the middle of the training room"

Sam just turns his head to see Francois already wearing some jeans and looking at Max.

"I am sorry Max," he said. "I didn't want to. I am so sorry" and he pulls Leia in his embrace to make her stop from crying.

"It is not your fault." Max said and took Meredith's hand in his hand. "But we need to talk"

"We will, I will do anything you want, just don't put me in a fight with you again, because I will not do it!" and Francoise looks at him very calmly, with authority and dignity."

"There is no need because I already know why you acted like this." and pulling Meredith closer he continues "I should have known since your first transformation. You were bigger than any other newborn werewolf I ever saw." and giving him his hand he smiled and said:

"Alpha Cassel, we need to talk about how to make things work between us."

And I swear to you that the rest of the gang just pee on them, and in the entire training room only one question echoed:

"ALPHA?"
