

161 Chapter 161 It's a pinky promise!

Author's POV 1

"What's with your face?" Meredith asked, seeing Max frowned.

"MaxLine!" he said grumbling. "What can be so hard to have a proper secretary who can deal with my business!?!?"

Meredith just looks at him and she knows exactly why he is acting like this but she can't help it and says.

"We can ask James to send Veronica back if you want to."

"Meredith Cruz!" Max screamed like a panicked woman and Meredith can't hold it anymore and she is laughing her head off.

"Why are you screaming like that, hubby?" She continues mocking him. "Did you just remember something about her?" and Max got up from his office, closed his laptop in a hurry and came directly to the sofa where Meredith stays making jokes about him.

He lifts her in his arms and slips under her slim and fit body, so that now he is sitting on the sofa and Meredith lays in his lap and in his arms.

**"One!" Max said and kissed his mark on her neck.
"Call James and I will punish you!"**

"I can't wait for it!" Meredith blinked at him.

"Ohhoho, not in that way sweetheart. No more vigorous activities for you for one month!"

"You wouldn't dare!" Meredith said, looking at him as if another head just grew up on his shoulders.

"Believe me that I will. I will have blue balls and probably I will walk as if a carrot would be stuck in my ass, but I will do it! Mark my words. If Veronica comes back, you will suffer from my wrath!"

"You are not funny, Max!" and Meredith is relaxing in his arms.

"And you are?" but Max is far from being amused by her.

"Two. She was the stupidest secretary I ever had. I let her work for me for Sam's sake because she was causing problems everywhere. She wasn't even able to sort my emails. I WAS HER SECRETARY!"

"Oh, poor, alpha!" Meredith said caressing his cheek and in a split second she pulled him by his ear .

"Stop it, woman!" Max cried. "I will look like a

brown long-eared bat!"

"You scoundrel!" she said looking at him. "I just remembered my first day here, when I came back. You worked for her? I bet that you worked inside her most likely!" and she wanted to walk from him but Max caught her and thinned his arms around her.

"That was before I met you. After that day I never touched her. I only wanted you and only you."

"He's lying," Stark said. "He was undecided and he was upset that you are a human. But he's right about not touching that stupid!"

"Traitor!" Max growled.

"Suck it!" Stark said laughing in his mind, while Meredith just squeezed her eyes at him.

"Is there more that I should know?" and she just watches him and he is sweating trying to explain himself.

"Three. Mr. Smith is looking for us and I don't feel like going to MaxLine. He wants to see you too, it seems that a big deal came in the picture and your dress from the contest went viral."

"That was the perfect dress!" Meredith said
"That dress even made our gamma to accept my crazy human Frenchie friend as his mate. Of

course it went viral." but then looking at him she whispered. "I made that dress thinking of us, at the way in which I would like to look if one day you will be mine for real."

"I am yours!" Max said, pulling her closer to him and kissing her neck again. "For real and forever!"

"You owe me a wedding, Maximillian Cruz!" and Meredith said that looking in his eyes.

"We are legally married, and we had my Luna ceremony...but you still owe me that wedding."

"We have been married for some time, Mer, and we already have a child." Max said and kissed her.

"I suppose that I can live with that in the end..."

Is not about the wedding but deep in her heart Meredith remembers how all the world was talking about her. The ugly woman, the unworthy woman to stand beside someone like Maximillian Cruz. Of course now everyone knows that the truth was different, but deep inside her heart that still hurts.

And seeing that she remained fixed and thinking about something Max stated:

"Four! I don't care about what Mr. Smith wants to say, I want to be at home with you and our

daughter!"

"Max, we will go together to MaxLine and discuss with him." and Meredith wants to stand up but Max growls at her.

"No!" and puts his arms around her like a koala.

"With those jerks after you, you will go nowhere!" but right then Artemis took the lead and starts:

"One! She can go wherever she wants" and her eyes start to sparkle.

"Two! I can defend her! and she touches Max in his heart area making him feel a little bit dizzy.

"Four! You need to calm down. There was never heard about werewolves with high blood pressure and I don't want you to be the first one suffering from this !"

"You skipped three" Max said and Artemis started to laugh. "That part was Meredith's part and she kissed Max's nose and let Meredith back.

"What's three?" Max asked, completely lost under her touch.

"I want to live a normal life, Max. Not fearing and watching over my shoulder at every step or staying hidden in my house. After everything that happened with Mark Dickens and Pete, I

think that you should already know that shit can happen no matter how much you try to keep things in order.”

“And your point is?” Max asked but he already knew what she will say.

“I will not hide anymore in this pack. In the end they will come here and our dear ones will be hurt because we were scared to face Manganiello and his hoard.”

“But...”

“We don't know the future Max. I can die or I can live, everything is unpredictable. My parents died, but I am more than they were and I want to believe that I am not what I am for nothing.”

“So we are going to MaxLine together?” he asked looking in her eyes.

“Of course we will. What if you just hire a new secretary in secret and she will try to steal you from me?” She jokes with him, because she knows that he will never hurt her again. She knows his mind and his heart.

“You are impossible!” He laughed and stood up, and took her in the bridal style.

“Where are we going?”

“To our bedroom” and he winked at her. “If I am going to punish you , I must take you until I will

feel intoxicated with you, to be enough for at least a month. My poor balls...they will miss you!" and he made a funny face, looking like a broken man.

"My poor, hubby" she whispered in his ear. "Don't worry I will ask James to hold Veronica in his pack. There is no need for such a punishment. In the end the only one punished here will be you!"

"What do you mean?" Max asked, stopping in on his way to their condo.

"Five!" Meredith whispered in his ear. " You can't friendzone me for a month"

"And why's that?"

She touched his arm , making him shiver under the millions of tingles and then she ran her hand up his leg and then there was definite direction between his legs and only imagining what's next Max moaned.

"See..." she said laughing "That's why!"

"I get it..." he said and bent to kiss her but she walked away from him.

"But I am a good wife and I support my husband even with impossible goals. " Meredith said without looking at him and started to walk in the opposite direction from their condo.

"Where are you going?" and he ran after her.

"I will give you space to survive to this unhappy mouth" and she keeps going away from him to Max's horror.

He pulls her hand, throws her over his shoulder and ran directly to their bedroom with her.

"Lucky that Theo is with mom" he whispered in her ear.

"Mr. Smith is waiting for us." Meredith whispered while Max was already with his face between her legs.

"He can wait" he laughed from that position and mindlinked Sam.

"Man" and he kissed Meredith's entrance. "I need you to go to MaxLine and keep Mr. Smith busy until I will arrive there."

"I can't man...I am in the middle of..." and Max hears him moaning.

"Samuel Jackson!" he growled but he cloed the mindlink in a instant.

"Shit, I will have bad dreams about this" Stark laughed. "Should we mindlink Luke?"

"It's at risk" and thinking about MaxLine, he mindlinks Francois.

"Can you go to MaxLine and keep Mr. Smith

from the fashion contest busy for me?"

"Hmm...I am in the middle of something,"
Francoise said.

"If you are having sex too, why the fuck did you
answered to me?"

"WHAT?" Francoise exclaimed and he took his
phone out and sent Max a picture.

"What's this?" Meredith asked showing Max his
phone display and making him growl for making
him to take his head from his favorite place.

"What are you doing in a baby store?" he asked
Francois and Max unzipped his jeans and took
Meredith without losing another minute...

"I just felt the need to buy a crib, I want to sleep
in it tonight" Francois said very serious.

"You have two minutes to call Smith and tell him
that I'll be late. Then meet with him somewhere
in the next two hours."

"You call him..." Francois said, looking at Leia
and putting a hand over the flat abdomen.

"I can't. I am super busy right now!" and he
started to do his number.

"Doing what?" Francois mocked him.

"Making a baby for that furniture you chose" and
he ended the mindlink leaving everything

behind.

"You are so mean, Max..." Meredith giggled and she escaped a moan. "But you know what?"

"Tell me, sweetheart" he whispered, kissing her abdomen and imagining how it would be to see her tummy growing like a normal pregnancy and enjoy all the process. He envies Sam, Luke, James and now Francois.

"When everything will be over. Let's make another one."

"You promise?" Max asked and stopped for a second.

"It's a pinky promise!" And Meredith rolled over with him in their bed, and now she is riding him in all her splendor.

"In this case I can't punish you..."

"Now, that's more like it, Mr. Cruz.!" and that's the last thing Max knows because from there Meredith took him to seventh heaven.
