

24 Chapter 24 Max Cruz lost his mind

Author's POV 1

Sam talks to Luke in the packhouse's kitchen while they are eating their dinner away from everyone.

"Tell me Luke. You had a mate, what should I do to make her happy if she's upset? What can I do to reconcile her and make her accept me? "

Luke just looks at him and takes a deep breath and says:

"If I were Cara I wouldn't take you back. I would accept the rejection, I would move to a distant country so that you would not find me and I would return after a few years with a rich and handsome man to make in spite of you. "

And Sam just looks at him completely shocked and exclaims:

"Glory to the goddess that you are not Cara!" and he trembled only at the thought that such a thing would be possible.

"But I am not Cara," Luke says with a sigh.

"Do you really want her in your life?" Luke asks him.

"Yes, I believe so." Sam said, looking at his plate.

"As long as you believe so, you don't want her." Luke says bluntly. "Look at me, Sam, at my pathetic life! Every night I go to bed and cry alone because I miss Sara. And I would give anything to have her again in my life. Don't wait until it's too late. Do you want her in your life? Then make her yours. What can she do? To beat you with her little hands? "

"She beat Max!" Sam said, looking into Luke's eyes. "She is ferocious!"

"Because she is not as weak as you thought. Do you think that someone like her can be weak? She lived abandoned, unloved by anyone, in terrible poverty and yet, when you rejected her, what did she do? "

"She left the pack." Sam said.

"Exactly. She chose to start her life again, and her encounter with Meredith Quinn was the best thing that happened to her, she is shining now." Said Luke.

"What shall I do to impress her?" Sam asked because in his whole life he had never run after a woman. It was always the women who tried to impress him.

"Find what she likes, send her flowers, be there when she needs you." Luke said.

"She will never ask for my help" Sam said to Luke but right at that moment he sees that Max is calling him.

"Yes, Max," he said but nobody said anything.

"Max?" He asks and looks at Luke.

"It's me," Cara said and Sam's face is just blank. He looks at the phone number. Max.

"Where is Max?" He asks in a rush.

"I'm sorry for calling you, but I didn't know what else to do. Mr. Cruz came to our house, I mean, Meredith's house and he was drunk. He fainted with Meredith in his arms and cuddled her. Now he is snoring in her face, but he caught her tightly in his arms and she can't get rid of him.

Do you think you can come and get him out of here? "

"Give me the address!" Sam said and after he ended the call signals to Luke.

"Come with me, Max is living la vida loca right now."

"What are you blabbering on, man? "Luke asks as he takes something from his plate and walks after Sam.

"That jerk is drunk and went after Meredith," and smiling at Luke he said "And Cara called me. ME! Because she needed my help. "

"See? I told you. Don't ruin the opportunity." Luke said and entered Sam's car, which is more spacious than his.

"I need one of these too," Luke said, stroking Sam's dashboard. "The new Audi Q9, isn't it?"

"Yep" Sam said but immediately Luke smirked at him and said. "You can put five kids in it. Too bad you don't have anyone to make them. "

"Will you shut up?" Sam said but he started to smile.

Kids? He would like some kids, and suddenly in his heart appeared the idea of some little Cara and little Sam that would bring him joy.

"Little Leo and Little Cici," Leo said. "Let's do it, man! Let's tell her that we have changed our minds. "

And as soon as he finds the address he rings the doorbell and Cara opens the door letting him with his mouth open.

"Let's start making those little Cara and little Sam now!" Leo yelled.

She is staying in front of him, without makeup, just natural as he knows her. She has her hair caught in some braided space buns, which give her a very childish appearance.

With some tiny shorts that let her legs in sight

and a large hoodie and barefoot she beckons Luke and Sam to follow her.

Sam can't take his eyes off this little, perfect creature. He looks at her legs as she moves in front of him, and at her little perfect ass and without wanting he reaches out his hand to touch her but immediately Luke hits his hand.

"Are you stupid?" he asks him through a mindlink.

"Bewitch her without touching her!" and then looking at Cara, Luke asks.

"Where's the drunk?"

But when Cara points to the couch where Max stays wrapped around poor Meredith who is red in the face of anger, Luke starts laughing hysterically, and Sam looks at Cara and asks her:

"Since when is it like that?"

"Since I called you," Cara tells him, moving away from him, because the way Sam looked at her made her feel uncomfortable....in a very good way.

Luke goes to Max and tries to open his hands and immediately Sam comes and helps him.

"No, Meredith!" Max yelled from the world of dreams "Choose me! Don't leave with James!"

"What is he talking about?" Sam asks.

"I have no idea!" Meredith said from Max's grip.

"Get me out of here until I call the police!"

"He is the police" Sam said laughing but seeing
Meredith's gaze he fell silent immediately.

"He has a bruised eye?" Luke asks again and this
time he takes out his phone and starts to take
some photos: for posterity. People need to know
that Max Cruz lost his mind on a cool night of
June 2022.

"Leave the phone and get me out of here!"
Meredith yelled.

And when after 10 minutes they managed to
untie him and lift him off the couch, supporting
him between them, but Meredith suddenly
shouted just before they took him out the door:

"Wait a second!"

Luke and Sam stop and she is coming in front of
Max and looking at him she gives him a knee in
his "jewelers" shocking both Sam and look.

This will really hurt when he wakes up.

"Are you feeling better now?" Luke asks. "Do you
want to do something else to him? Do you want
to shave his head? Get him an embarrassing
tattoo? "

And Sam just looks at Luke with his mouth open:

"Are you nuts?" he asks.

"Just take him from here until I change my mind and let him sleep naked in front of the house," Meredith tells them.

"Can I take a photo if I let you do it?" Luke jokes and starts laughing out loud.

"Just go!" Meredith said smiling and while they push Max into the back seat of the car Luke says:

"I like her. She will be a fantastic June!"
