

31 Chapter 31 I need to find my wife

Max's Cruz POV 1

I am damned furious right now! She is my fucking wife?

"Ex-wife" Stark said, short and right to the point ,annoying me even more.

"Shut your mouth Stark!" I yelled so hard at him that my brain hurts. And looking around I see Cara, and that's it . I need to blame someone:

"You!" I yell at her and rush to her but Cara stays still without blinking for a second. Where the hell does this little and poor omega have so much courage?

Sam immediately jumps in front of her trying to protect her, but Cara doesn't even make the slightest gesture.

"You knew, didn't it!?!?" I ask her angrily, pushing Sam to get past him, but he still gets in front of me to protect Cara.

"SAM!" I say, looking him in the eye. "If you don't want me to hurt you, I suggest you stand aside. That's none of your business! "

"Is it not my business?" Sam asks me in horror.

"She is my mate, everything about her is my business," he replies, and right now I see a reaction on Cara's face. She turns her head and looks at him with her mouth open.

"I command you to stay away from this!" I yell using my alpha command and he can no longer intervene.

He's so panicked, like I've never seen Sam, but right now I don't care.

"You knew it all the time, and you didn't say anything!" I tell her and come in front of her angrily and I expect her to cry, to tell me she's sorry, to do anything to persuade me to leave her alone but no. Cara Lewis defies me.

I am 6.3. I am like a tower beside her, and my weight is at least threefold.

She just looks at me from her height of 5.6 and raising her head and putting her hands on her chest she says to me:

"You are a jerk, you know?"

And I want to slap her so hard, but immediately my father jumps in front of me and tells me.

"That's enough Max! What is the purpose of this quarrel? "

But Cara has other plans and still looking at me she asked:

"And if I knew, what? She was all yours for six months and all you've done was to sleep around like a heated teenager. And now you have the audieny to try to look hurt about the fact that we didn't tell you about her? You didn't even recognized her, you idiot! "

"That's enough, Cara," my father said.

"No alpha, is not" Cara said, answering even to my father. "Your son is just a selfish jerk. Right now Meredith is who knows where, probably suffering and he's sitting and shedding his nerves here because, what can I say? He couldn't see that the woman sitting next to him and who was his fated mate was his ex-wife! "

I just stay and look at her. I know that she is right but this doesn't change the fact that at least Cara, James, my family... all knew who Meredith is and they fooled me.

Now everything makes sense.

Why she hated me, why she wanted to resign, why James was so familiar with her.

They made fun of me!

"Will you shut up?" Stark asked in fury. "Cara is right. My mate is missing and you stay here looking for culprits for your frustration? They are right! You didn't deserve to know anything! She could be ours from the beginning! And right

now she is somewhere, while we are not doing anything for her. ”

“This is not over!” I say looking at Cara and then to my father and I go straight to my car and run away from here.

“Let’s go, Stark! I need to find my wife. ” I tell him trying to calm me down.

“Ex-wife!” he said and closed the link between us.

“You’re just a shitty wolf!” I say and he opens the link and I expect some apologies but he said again:

“EX-WIFE!”

He gets me crazy!

I drive straight to my office and opening my laptop I start to look around.

She can’t be in Vancouver. This is my territory, no one will try to hide something here without me knowing. And if this damn restaurant had been in Vancouver, none of this would have happened.

Searching over and over again the map, after some time the door opens and I see Luke with Sam and dad.

“Go away!” I tell them. “If you came here to make

fun of me, I suggest you leave."

"You need help!" my father said. "Let us stay. James and London have already started their own search. Landon will let me know if I find anything. "

I would like to ask him a lot, but now that I'm calmer, I know that Cara is right. It's not the time to talk about what's bothering me. Right now I need to find my wife.

"Ex-wife!" said...you know who...the jerk of the century.

"You know what?" Suddenly Luke says. "You may say I'm crazy, but nothing is connected. "

"What do you mean?" My dad asks, motioning for him to continue.

"Alpha Carter, you said that Veronica and Vincenzo are mates, but where the fuck did they met?" he asks. "He was here a few days ago and if he saw her and accepted her as his mate, We would have stopped. Why did they just fall in love tonight, just when Meredith disappeared? "

Sam looks at me and I could tell that if Veronica is quilt he won't look in my eyes anymore, even if it's not his fault.

"Can you access the footage since Castellano was here?" dad asks.

I open the surveillance app and go exactly when I know he was here. And there it is.

"Shit!" Luke said. "Did he reject her and she didn't even blink? Are they insane?" he asks in horror, but the following makes me crazy:

"She mesmerized you too, didn't she? The human, Meredith Quinn. "We hear Veronica saying.

"Yes, she did. She is a pretty little thing, and I want her," Castellano said.

And they were blabbering about something when Castellano asked, "Are they really together?"

"They are more than that," Veronica said. "They are mates."

Smiling sinisterly, Castellano said:

"Not for long."

I put the footage on repeat.

"I will kill him!" I scream and immediately pull everything off the desk. He fooled us. He took her from under my nose.

"I'm sorry Max," Sam said, lowering his head. "I didn't think she could do that."

Dad goes outside to call Landon and tell him what I found, while Luke takes the laptop from

the ground and says, as if he just ignored all I did at the last minute.

"Castellano is from Seattle. He couldn't cross the border on land with Meredith. He can't risk that much. And the party was in Surrey. "

"Where do you want to go with this idea?" I ask, knowing he has something in mind.

"Castellano is not stupid to bring her to the south, where he knows we will wait for him. The only way to get back to the US is on water. And to get around Vancouver he should choose the road to..." and I see him fixing a dot on the map.

"It's a nightmare. White Rock is full of tourists and is not a werewolf territory. We can't move in and search for her easily.

Sam comes near us and after he analyzes the situation he says,

"I will bring her there too if I were Castellano."

And I take my phone and look for James' number while Luke exits the office to call for our warriors help, but Sam looks at me and says,

"When you find her, please let Veronica into my hands."

I just look at him. Is my fault for this situation. If I hadn't encouraged her to sleep with me, we wouldn't be here today.

"I don't care about her, Sam. She is all yours.
Come on!" I say and together we exit the office.

I call James number and say to Sam.

"Help me Sam, help me bring my wife back."
and then I hear him.

.

. . .

"Ex-wife?"
