

## 41 Chapter 41 You promised!

Author's POV 1

"But, but ..." Cara said. "I can't marry you!" she said, looking at Sam as if he was some alien.

"Why? You wanted to marry Luke! Why don't you want me?" Sam asks angrily.

"You didn't even ask me!" Cara said.

Sam looks around and sees that Queen Elizabeth Park is just a minute away and he drives straight to the park, takes Cara out of his car, throws her on his shoulder again and starts walking through the park without caring that everyone looks at him.

"Put me down you brute!" Cara said. "People are looking at my ass!"

But he keeps walking searching for something, and when he sees the perfect spot he goes straight to the middle of Quarry Gardens. In the middle of a small lawn surrounded by flowers he puts Cara down and looks into her eyes and asks her.

"You want everything done the way you want, don't you?"

"What the hell are you talking about?" Cara asked with her heart beating hard but she

doesn't get to say anything as Sam immediately kneels in front of her and taking her hand in his hands asks her:

"Cara Lewis. I know that I fucked up, but please will you marry me? " and he is looking at her waiting for her answer.

Is he really proposing to her in the middle of Vancouver, in front of so many people?

"Shit!" Cici said. "Let's take him!"

"Not yet!" Cara said to her and looking at him she asks.

"Is that all?"

And Sam just looks at her with his mouth open. Should it be more than that?

"Cara Lewis!" Sam said. "Are you kidding me?" he asks her, almost crying.

But Cara doesn't even blink.

"No declaration of love? And where is the ring?!?! How can I marry you without a ring? "

And Sam's heart can't take it anymore and he bursts into tears.

"I will give you ten rings if you want, just accept me. I can't stand it anymore! I am going crazy knowing that you are fooling around and that I can't stay with you. "

"What about all your women, Sam?' Cara asks the thing that tormented her the most.

Sam had a history. He and Max almost ticked through their bed all the female werewolves in Vancouver and around Vancouver .

"Since I decided that I want you, you were the only one in my mind, Cara, please believe me," Sam said crying hard.

"How do I know I'm not going to wake up with women at the door with children in their arms, claiming that they are yours?" she asks him.

"No, I was always protecting myself. I kept this for my mate, only my mate will have my pups. I swear to you! "

"I don't want to live in a packhouse!" Cara said. "There are too many sad memories."

"I will buy a house for us, you will choose the place, just please take me!"

"You don't have a ring!" and looking at him gravely, she said to him, "Where is the ring, Samuel? Are you just acting impulsively now? What if you change your mind tomorrow? "

"I swear I'm not changing my mind!" and looking around he takes a long leaf and spins it on Cara's ring finger. " Now you have the ring. I will buy you a real ring after we get married. Just say yes!

"

"I am not sure. I will not let you mark me until I will trust you. If you disappoint me, I will divorce and marry Luke Navarro!" she said.

"I will kill him first!" Sam says, clenching his fangs and making her laugh.

"Will you take him, please?" Cici asks.

Cara just looks at him and kneels in front of him, and now both of them are kneeling. From this position she barely reaches his shoulder. She lifts her hand and wipes his tears and smiling at him, she said.

"You have one chance, Samuel Jackson. If you will hurt me again I will leave this place forever. I had a hard life and when you rejected me I realized that I deserve more, but you came and destroyed everything."

And letting her tears flow down her face she said.

"If Meredith didn't show up, I probably wouldn't be here now. I was so depressed and sad that no one cared about me."

"I promise," Sam said. "I promise that I will fight to make you happy."

"Remember," Cara says seriously. "You promised."

"So will you marry me?" Sam asks.

"Yeah, I'll take you because the way you look now if I don't take you no one will take you anymore. Who ever saw a beta crying , full of mucus and puffy eyes, in the middle of a public place! ?!?! Or maybe I should think about it... "

"No! You don't have to think anymore! " exclaims Sam. "You already said you were taking me!" and getting up he takes her in his arms and carries her in a bridal style back to his car.

Cara just looks at him. He finally came to her crying and asked to be taken back by her.

She looks at his gorgeous face. At the way his long trimmed blond hair falls on his forehead, at his blue eyes and most at his fleshy lips and all she wants is to kiss him, but she is afraid that if she does it, she will wake up realizing that is just a dream.

As soon as Sam arrives at the car, he opens the door and puts her on her seat. Her seat, which is right next to him, as his mate!

He starts the car but in the second he pushes the brakes and stops the car.

"Did you change your mind?" Cara asked, looking at him and feeling that she wants to die and let the earth swallow her.

"No, I forget something," Sam said, pulling out her seat belt and pulling her toward him as if

weighing nothing and placing her on his lap, letting her say over his body, over his very active friend from his jeans and looking at her he smiles and says:

"I forgot to kiss you!"

And catch her neck with his hand bringing her closer and catch her lips in a tender kiss.

For minutes he kissed his woman the way he just dreamed in the last weeks, since she proved him how much he was wrong about her.

When he finally manages to let Cara breathe, he lets his head down so that his lips could kiss her neck, making her shiver under his kisses attack.

"Don't worry," he said. "I will mark you when you will be ready, but you must promise me that no matter what will happen you will never leave me."

"If you keep your promises, I will never leave you," Cara said, smiling as he put kiss after kiss on her neck.

"Are we going?" she asks. "You have a little time left and your hour it's over, and I'll let Meredith beat you if we're late."

"Let's get married and then go back!" and they went and took the tickets for the journey of their life, saying a simple "I DO!"
