

45 Chapter 45 I'm addicted to your lips!

Author's POV 1

At the restaurant Meredith looks around and sees Cara, she goes straight to her and takes her hand and pulls her after her.

"What happened, Mer?" Cara asks, seeing how agitated she is.

"Maximillian Cruz, it happened!" she said.

"What did he do this time?" Cara asks, her face flushed with nerves.

"He is everywhere and he is like an abandoned puppy, with those big, black eyes looking at me and pleading all the time "take me home!". I can't stand it anymore! "

And Cara just starts to laugh in tears.

"This is an image that I want to see with my own eye. "And seeing something shining on her hand, Cara asked.

"Did he give you the bracelet back?"

"Grandpa Cruz did it, not him!" but looking at her bracelet she said "But I really like it. I would lie to say that I don't like this bracelet. "

"You will be fine, just let Max be and ignore him if you don't want him but if you have any feelings for him..." Cara tries to say but immediately Meredith stops her.

"I can't have feelings for him, because he is not worthy of my trust. Just before Castellano's party, just after he gave me this bracelet I found him kissing Veronica. He is not worth trusting "

"In this case, make him pay. You are the greatest woman I've ever met, Meredith Quinn. Mark my words. As a human you are stronger than a lot of werewolves and I don't know how it is possible but it is. If you want, you can stand in front of any alpha, believe me! "

"You are right, I am the daughter of Landon And Olivia Quinn! I am an alpha through the alliance! " says Meredith, laughing.

"I like how it sounds. Alpha through the alliance. Go and make that scoundrel alpha to submit to your wish! "

But as soon as they return to their table, Max immediately gets up and pulls Meredith next to him, putting her in his lap.

"I will stay near Cara" she said and ignoring him she goes and stays near her friend. Luke stays on her other side and he is talking to Sam but in two seconds Max mindlinks him:

"Move on another chair, please."

Looking around him, Luke sees Meredith and he makes his own plan.

"Meredith!" he calls her in a happy voice. "Would you like to dance with me?"

And Max's face falls to the ground. His own man! His own gamma is fooling around with his mate? But when he sees Meredith's hand in Luke's hand, going together to dance, his heart stops.

"Luke Navarro!" Max said through the mindlink
"What are you doing with my mate?"

"Nothing, just take a dance with the most beautiful woman in the room. I am the happy winner tonight!" he said and that's it! Max gets up and walks over to them to grab Meredith's hand and snatch her from Luke's arms.

"What are you doing?" She asks. "You just ruined my dance!" and she tries to leave the dance ring.

"Get lost!" Max said to Luke, making him laugh and telling him before he went back to the table:

"I am leaving Max, but just remember, I danced with her before you!" and Max leaves Meredith's hand and wants to beat Luke, but in a second Meredith catches his arm and in just a second Max is calm.

"You are not allowed to dance with another man.

Never again!" Max said.

"Who entitles you to say that?" Meredith asks him as he takes her hand and starts dancing lightly with her.

"I am entitled to myself!" Max replies, trying to be convincing.

"And what do you recommend you give me orders that I should obey?" Meredith asks, staring into his eyes.

"The fact that I am your husband!" he says.

"You are not!" Meredith gives him the answer.

"Your man!"

"You're not like that either!"

"Your fated mate!" Max tells her, this time very calmly and without letting her say anything he kisses her in front of everyone present in the restaurant until Meredith's feet are like jelly.

And when he separates easily from her, Meredith is all red.

"Will you stop kissing me, please?" she asks. "We are divorced and if you were not able to do it when we were married, now you have no right to do it!" she told him angrily.

"Would you have liked to kiss you when we were married?" Max asks.

"This is not the point!" Meredith said. "Stop kissing me or people around will start talking about this!"

"Let them talk, I don't care!" Max said, catching her in his arms again and pulling her delicate body close to his muscular body.

"Maybe you don't care," said Meredith. " But everyone knows how manwhore you are and I don't want to be associated with you! "

"Darling," he said, "You wound my heart!" and when she tries to detach herself from him, Max catches her in his arms again, lifting her off the ground and kissing her with pathos.

"Mr. CRUZ!" someone from the restaurant yells. "Should we expect a wedding?"

But Max continues to kiss her, putting his hand under her ass to support her and as soon as Meredith wants to scream at him he takes the opportunity and slips his tongue into her mouth. And she tried to oppose him but in the end she stopped fighting against him and involuntarily kissed him back.

"Shit" she thinks to herself. "He just stole my first real kiss!"

"Mr. Cruz, is she your fiancé?" another voice can be heard.

"Is she your new girlfriend?"

And the question continues to arise until Max finally lets Meredith breathe.

He just looks at the people in the restaurant and said:

"She is my wife!"

And they all stood with their mouths open. Wife? But wasn't Maximillian Cruz divorced? When did a new wife appear in the landscape?

"Maximillian Cruz!" Meredith said, looking at him with tears in her eyes. "You just put a price on my head!"

"No, darling, I just took what was mine!" and he takes her again in his arms, kissing her by force.

And everyone took out their phones and started to take pictures of the hottest kiss of the year.

Letting her breathe Max whispers:

"I will make up for all the years I was supposed to kiss you!"

"Stop kissing me!" she said furiously, still in his arms.

"No, I'm addicted to your lips!"

And the brat kissed her again.
