

55 Chapter 55 I will move with you!

Author's POV 1

Looking straight in Sam's eyes, Meredith asks him:

"On my sofa, Sam? Really?" but Sam starts to laugh.

"When the need arises, you don't take into account time and place. My sweet mate is the culprit here. I saw her walking from the kitchen and that was! I needed to have her right at that moment. I am addicted to her!" But hearing him Cara is all red and even her ears are so red that you could say that someone painted her.

"Sam" she whispered. "They don't need all the details"

"Sam!" Meredith also said "This need will be satisfied in your bedroom. I can't even touch this sofa without thinking that maybe you lose some "little Samuels" on it. Clean my sofa!"

And looking at Cara she said.

"No more sex outside the bedroom my dear, or I will start to have nightmares" but Sam starts to laugh.

"I assure you that what we were doing will not give you any bad dream, maybe some lessons" but he doesn't even finish what he wants to say that Max looks at him in horror.

"Beta Jackson!" he said with an angry look. "If you want to walk on two legs in the future, I advise you to find a house soon, if your mate insists on not living in the pack house. Hearing Max's words, Cara felt it like a reproach and her heart tightened and mindlinking Sam she said.

"I didn't think that Max will be upset about this .If I caused problems for you I will move in the pack house but....." and she has tears in her eyes.

"Alpha" Sam said, looking very serious and somehow affected by Max words. "This will never happen again." And feeling frustrated he took Cara in his arms in bridal style and closed the door of their bedroom, behind them.

" Cara" he said putting her on bed. "Get your stuff done. We are moving. We stayed too much here and we need a place just for us."

"But it's two in the morning, where are we going at this hour?" Cara asked looking at his as if he was some madman.

"To our home" he said smiling. "I found a place, is not ready yet, I didn't intend to tell you like

this. I wanted to preapare the place first and making look like a real home, but we will make it look like home together. " And he stays between her legs and bends down and kissed her.

"Will you follow me? It will be hard for a few days but we will live alone, as it should have been from the beginning" Sam said looking in her eyes and hoping that Cara will agree. He really need her just for him.

"I will...I am just worried to let Meredith alone." Cara said.

"Do you trust me?" he asks her looking straight in her eyes.

"I do" Cara said. "I trust you with all my heart." and for the first time since they accepted each other she really trust him.

"Then let's go" Sam said and helped her to take her things, and also his clothes.

"Where are you going?" Meredith asked while she exits the kitchen with a coffee in her hand, seeing them near the entrance door.

"We are moving to our house!" Cara said with a big smile on her face. "I will have my own house, Mer! Can you only imagine that?" she asks with a visible happiness on her face.

"What?" Meredith asked looking at Max, who is

sitting on the couch in the living room ,staring at them.

"Sam" Meredith said. "Don't listen to what this alpha of yours tells you. You can stay here as much as you want. I don't want you to leave!" she said almost crying.

Since she came back she lived with Cara and now she will stay alone. She really loves Cara 's friendship, and now she is used even living with Sam.

"It's a must!" Sam said. "And in addition we're not too far from you, "Sam continued, laughing.

"What do you want to say?" All three ask him at the same time.

Sam takes Cara's hand, opens the door, and goes to the door across from Meredith's apartment.

"Are we living in the same building?" Cara asked looking at him like a child in front of the Christmas tree.

"Yes, my love. You two are neighbors. " He said laughing.

"I love you!" Cara tells him and immediately jumps into his arms and kisses him.

"You will not love me anymore, when you will see that there is no furniture" said Sam looking at her.

"I don't care!" Cara said. "You are enough for me!" and she melted in his arms, making Sam shiver and thanking the goddess for putting his brain back in his head to accept Cara. She is the most perfect thing that happened in his life.

And they exist Meredith house and enter the apartment that Sam brought. Three bedrooms, a living room similar with the one that Meredith has, a large kitchen and two bathrooms. And Cara is at the peak of her happiness and she doesn't care that in the apartment there is only a bed mattress in the middle of the house and nothing else. This is perfection for her. She never had a place to call it HOME. But Sam gave her a home.

But meanwhile in her apartment Meredith just looks at the door.

"It is your fault that they moved from here and left me alone." And she almost crying.

"It is better for everyone" Max said taking her in his arms. "And it seems that Sam already had in plan to move"

"But now, I am alone again." She said looking at Max. "I don't like to live alone. It reminds me of Paris, where I was more than lonely"

"I will move with you!" Max said.

"You will not!" and Meredith points her index

finger to Max. "You will be all the time clingy and with your hands on me, and I need to focus and work, and so do you. And I already told you that I can't move with you."

"That's why I am moving with you" Max said smiling at her.

"No!" Meredith said.

"I will!" Max said.

"Maximillian Cruz!" she yelled at him.

"Yes, my darling" he said and took her in his arms calming her in a instant. Meredith just looked at him and knew that this is one of the fights that she will lose it and she squeezes her eyes at him and said.

"You are sleeping in Cara's former room!" She frees herself from Max's arms and wants to go into her bedroom, but Max takes her in his arms and enters her room , standing in front of her bed , hugging her from behind.

"What are you doing!?!?!?" she asks panicking.

"I made my own plan so that you will not dream anything bad tonight." he whispers in her ear and starts to trail kisses on her neck, sucking from the place where his mark will stay one day.

Meredith feels every tingle that Max create where he touch her.

"Max" she says with her voice trembling. "I think I feel some tingles and I don't know how to describe them, but what you are doing is very pleasant..." she said and a soft moan escapes from her mouth making Max startle.

"Shit!" Stark said. "The mate bond is working, Max! Is working!" He yells. "Keep doing what are you doing know!"

And Max continued what he was doing but at the same time he put his hand on the back of her dress and unzipped her beautiful black dress.

"Max, no.. I am not ready" she said but again a soft moan is heard.

"Don't worry" Max said. "We will not have sex tonight, but the mate bond starts to work and I need to touch you, Meredith, I need to feel you as much as I know that you want me. If you feel the tingles, we are very close to the fulfilling of this bond, so close that you can't even imagine" he said and let her dress to fall at her feet letting her in her bra and in in her panties.

"Shit!" he said feeling how his cock starts to pulsate in his pants. She is so delicate, and perfect.

"I don't know ...Max..." Meredith said and turned with her face at him, letting him see her breast that are popping out from her bra.

Max is just mesmerized and looking at her breast he touches them softly, more caressing them and falls in his knees in front of Meredith, putting his face on her abdomen.

“I just want to hold you tonight, my sweet luna, will you let me? I promise that I will not force you to do anything that you will not want to.” He said, kissing her abdomen.

“You can't force me, Max. It is always my choice.

“And she takes off his tuxedo and starts to unbutton his shirt.

And when he is only in his boxers she tells him.

“Let's sleep. I am very tired, and tomorrow we are busy” and she let him to lay her in bed while Max puts his hands on her waist and drags her to him, making her lay over his body.

“I love you, Meredith” he said and kissed the top of her head and caressing her back with his hands he let her sleep.
