

64 Chapter 64 Tais-toi !

Author's POV 1

Luke and Sam look at each other and then look at Max sitting in his chair behind the desk and staring blankly.

"Do you think we should call a doctor or something?" Sam asks.

"No, but he's pale and mute for more than twenty minutes, it's like he's not even aware that we're here."

"Max, man! What's wrong with you?" Sam asks again already starting to be very worried.

"That's it!" Luke said and standing up he tells Sam. "I'm calling Meredith, maybe she knows what happened!"

But hearing her name immediately, Max shudders and shouts in panic:

"No, don't call her!" and Sam and Luke don't understand anything anymore.

"Max, what's going on?" Luke asks and sits back in the chair in front of Max.

"She has someone else." Max tells them totally desolate. "He called her in the morning and he is coming here today"

"What do you mean? She is single!" Sam said revolted. "I mean she is married with you!"

"She has someone! I heard her talking and she asked me if I want some threesome with her and that man."

"WHAT!?!?!?!" Luke and Sam asked in unison. "Is she insane?"

"She must know that the mate bond is something sacred! She was raised in a pack. How to ask for something like that?" Sam asks in shock.

"Maybe she was joking" Luke said thinking that something like this is impossible.

"She was serious and she was very happy with the idea." Max tells them and standing up he goes to the window and looks away.

"I thought that she loves me" and he is even more pale.

"But who is this guy?" Luke asks and doesn't understand anything.

"Some French that she met in Paris. She even told him that she loves him." And Max clench his fists.

"Are you really, really sure about this?" Luke asks again.

"Of course he is!" Sam jumps to his defense. "He will never be so affected if he wasn't! What kind of question is this?" and Sam goes next to Max and tapping him on the shoulder tells him.

"Let's kill that French, man. I will help you and then you will have a free way to her heart. "

"I'm not going to kill anyone!" Max said furious. "If she wants to play this game, I will play my game too!" and he takes his phone and calls Meredith.

"Hubby!" she answers immediately laughing, making him soften but in the second two he remembers what happened this morning and he recovers. He is a man with a plan.

"I really wanted to call you!" Meredith says happy. "Will you come with me to the airport?" she asks him.

"For what?" Max asks in a very harsh voice making Meredith to lose her smile. "To take your lover?"

And Sam and Luke looked at him and motioned for him to stop.

"Don't be so hard on her." Luke whispers to him but he is so angry that he doesn't care.

"I will go alone, Max. Forget it!" Meredith tells him and hangs up.

"Alone, my ass!" Max said and takes his tailor from his chair and runs to the elevator, but when he arrives at six floor Meredith's office is empty.

"Where is she?" Max asks Cara who is looking at him with hater.

"To the airport, to take her friend" and then she ignores him making all her colleagues to smile.

"Luke!" Max mindlinks him. "Come with me, and take Sam too. We must find this guy and break his legs, none takes my mate away from me. I will never share her with anyone," Max shouted in jealousy.

And both of them get in Luke's car, a spacious Lamborghini Urus, and drive to the airport waiting for the New York flight to arrive and also looking around for Meredith.

And right when Max thought that he would die because he would blow a blood vessel, he sees her. She stays in the waiting room, with a very sad face, almost crying and she is looking at her hands that are placed in her lap and his heart is tight, seeing her in this state.

"What the hell did you do to her?" Luke asks him. "She has a little and stars to cry in the middle of the airport!"

While Sam just looks at Max and whispers.

"She doesn't look like being happy to meet that French guy. Are you sure that you are right about her?"

And Max couldn't stand it to see her like that and Stark has a little more and breaks his eardrums, screaming in his head to go to Meredith and cheer her up.

He walks to her, humbled but at the same time saddened by the thought that she might love another man and sitting on the chair next to her, he takes her hand in his hand and says nothing.

Meredith just looks at her hand in his hand and tears start running down her face.

"What are you doing here, Max?" she asks him gently.

"I'm sorry," Max said.

"For what?" she asks him. "For doubting about my feeling for you or for the way you talked to me earlier?" And she can't look into his eyes.

"For everything. I was jealous." He said and pulls her to his lap, hugging her.

"I will never cheat on you, you stupid jerk!" Meredith tells him, making Max smile.

"Of course you won't" he whispers, and kisses the top of her head.

"I hate you right now!" Meredith said wiping her tears.

"You don't" Max tells her. "And if you really are, I promise I'll reward you when we get home." But Meredith doesn't answer him.

"So, who is coming? Because right now I know for sure that is not any French lover" he tells her smiling, while Luke and Sam look at him from a distance.

"The only person that cared for me when I was in France. My only friend for five years" and she doesn't even finish that a woman voice can be heard saying with enthusiasm.

"Ma'Edith!" and she runs to them and pushes Max, making him to remain perplexed and takes Meredith in her arms.

"I missed you so much!" she tells her almost suffocating Meredith.

"I missed you too, Vivienne!" she tells her and both women start to cry,

Max looks at them and them at Sam and Luke, but something is not right.

Luke comes closer and closer and when he reaches Meredith and her friend he just looks at them and says like an incantation:

"Mine!"

"WHAT?" Max asks and Sam has a little bit and faint hearing him.

Meredith detaches herself from Vivienne and looking at him asks:

"What did you say?" but she can't say anything because when Vivienne turns her head and looks at Luke she sees a man with his mouth wide open, with teary eyes and trembling hand.

"Holy shit!" she yells "He will have a heart stroke!" and in a second she knocks him down and try to resuscitate him, giving him cardio massage and artificial respiration making everyone laugh.

"Why are you laughing" she asks seeing that Sam and Max giggle.

"He's not dying," Meredith tells her. "He is just shocked. Let the man breathe"

Vivienne walks away from Luke slightly embarrassed, and Sam extends a hand to Luke and helps him to his feet.

"You were fast, man! This little human knocked your world! "

"Human?" Vivienne asks looking at Sam. "And what are you? "

"Vivi!" Meredith whispers. "Do you remember what I told you about my family?" She asks

smiling.

"Fils de pute! (Son of bitch!)" she said looking at Luke. "He is a werewolf?" and this time she said it lowly.

"Of course he is!" Sam said trying to come to Luke's aid. "Do you think a normal man could be as perfect as Luke Navarro is?"

"Are you gay?" Vivienne asks Sam making him to shut his mouth, while Max starts to laugh with tears.

"Holy fucking shit!" Max said. "You were talking to her in the morning?" he asks Meredith and she just smiles at him and nods her head.

And seeing her doing that he just takes her in his arms and kisses her.

"Merde! (Shit!)" Vivienne said pointing to Max. "Tu es son ex-mari! (You are her ex-husband)" and then looking at Meredith she asks her. "What is he doing here?"

"I am her husband, not her ex-husband and you are crazy!" Max said pointing his index finger to her.

"Et vous t'as pas de couilles !! (And you have no balls!)" Vivienne yells in his face making Meredith laugh.

"What did she say?" Max asked.

"This will be so funny" Meredith said and taking Max hand in her hand she tells:

"Max she is Vivienne Cassel. She was my only friend for five years, while I lived in France, and yes she knows about werewolves and she knows that we were married." And then looking at Vivienne she smiles at her and says:

"Vivi, he is Max Cruz, and he is my husband not my ex-husband. It seems that fate has played a funny joke in our lives. And more than this he is my mate"

"Tais-toi ! (Shut up!)" Vivienne said, "Girl! You live intensely!" she says putting her hand to her chest, but then looking at Sam and Luke she asks.

"And these two boobies? What about them?"

"As you know, Max is an alpha and they are his beta and his gamma. Sam is married to my friend, Cara and Luke" she said smiling at him. "He is the good guy from this story and I am sure that you two will get along well, I asked him to be your guide here, when I am not available to do it. "And Luke just smile at Meredith.

"She is an angel, man!" Luke tells Max.

"She is" Max said now feeling bad for his reaction earlier.

"Do you need a drive? Luke asks Vivienne.

"I will stay at Wedgewood Hotel & Spa, and yes I need a ride" she tells Luke and winks at him , making him feel like the ground is slipping under his feet.

"Ride?" Kodi his wolf asks. "What does she mean by ride, she wants to ride us or a ride with our car" and he starts to howl.

Luke immediately runs and takes her luggage from her hand and while he stays only with his eyes on her and feels alive for the first time after so long. She is like a doll. She is maximum 5.5 feet and very slim. Has a long straight strawberry blonde hair and a very sexy bangs that gives her a childish aura, blue eyes, a small and sharp nose and the most sensual lips that Luke has ever seen.

"Are we going or do you want to take a look at me for a few more minutes?" Vivienne asks Luke, making him laugh.

"She's sassy!" Kodi said. "I already love her!"

"She will bleach our hair!" Luke says opening the front door for Vivienne to climb, while Max sits in the back seat with Meredith in his lap and Sam takes a taxi because he goes back to his office to take Cara.

Kissing her neck, Max whispers in Meredith's ear.

"I change my mind, I want that threesome!" and he hardly refrains from laughing, but Meredith just looks at him and smiling she tells Luke.

"Luke? Are you free tonight? Max has a proposal for you. " and Max just shit on him again.

"You moron." Stark said "Don't put with her, or we will sleep in that couch tonight!"
