

69 Chapter 69 Mate not man!

Author's POV 1

"Up!" Max says "Right!" and immediately he avoids Meredith's punch "Left!" and starts laughing.

"At this rate I will never mark you!" He said, frowning at Meredith. "You've got the right moves but you lack strength!"

"In this case, that's it! If you can't do it and train me to beat you it seems to me that you will die with blue balls!" and Meredith smiles at him as if this is not a problem.

"Poor wolfy!" Vivienne said from the edge of the training room. "It's a shame, such a gorgeous specimen! I am here to help you with your blue problem if she can't ." and she winks at him, causing Max to have a heart stroke.

"Are you insane!" he said. "What can I do with you? To make all my neurons to suicide? In this life I just want her! Go and fuck yourself!" he said pointing with his finger at her, while Meredith laughed holding her belly.

"But I am here and I am so lonely," Vivienne said, pouting her lips.

"Leave me alone woman!" Max says and

immediately goes to Meredith and whispers to her.

"Don't let her get close to me!" but Meredith starts laughing even harder.

"Let's try again!" she tells him, taking his hand. "Until I let her attack you. She seems to be in a horny mood today"

Max looks at Vivienne who waves her hand at him and immediately feels his skin flutter on him.

"Max!" Stark said "If she touches me even with one finger, not a finger, even with a nail, I swear that I will die!"

"I'll break that finger as soon as she does it!" but he doesn't even get to say anything that immediately Meredith kicks him and knocks him to the ground.

"What the hell are you doing!" she yells at him, helping him to sit on his feet.

"I'm sorry, my mind was wandering around," Max says, slightly embarrassed. "But that was a good hit. Do it again!"

"You were thinking about me?" cried Vivienne.

"You wish, slut!" Max said in French.

"Oh, but our little wolfy learned a word in

French? You are an idiot!" She says also in French and points her middle finger at him smiling sweetly.

"What did she say? I am sure she just insulted me!

"Oh, no she just said she will visit you tonight and scratch your back with her nails!" Meredith lied to him and he is already pale.

But as soon as they start to train again from the entrance someone laughs and when they look at the door they see Luke entering with a beautiful woman. She is in her twenties and is somewhere 5.9 feet tall, very athletic. Her chocolate brown hair reaches to the waist. She has green eyes, fleshy lips, the right amount of voluptuous parts and the most important thing is that she holds Luke's hand.

Meredith looks at Max with her open mouth but Vivienne has a little and dies of a stroke.

"Max" Meredith whispers "What is he doing? Wasn't Vivienne's mate? Did he reject her? "

"No, definitely not, I will explain everything later but let me see this. Her face is priceless. "

Vivienne looks at Luke with great contempt in her eyes. She knows how the mate bond acts. Meredith explained to her in detail what feels a werewolf when he finds his mate and yet this

scoundrel of Luke Navarro stays in front of her holding hands with another woman?

She can't stand it. And leaving any shame aside, she gets up from the bench she was sitting on and goes straight to Luke who is shocked to see her here.

"You!" she yelled at him. "Are you cheating me?"

And Luke looks at her and then at the woman who looks at Vivienne in horror and clings even tighter to Luke's arm.

Max whispers in Meredith's ear.

"Wait a minute, it's coming. This is so gorgeous!" and both Meredith and Max sit down in the middle of the gym and watch Vivienne's show.

"To cheat you, he must first have a relationship with you," the woman says before Luke can say anything.

And looking at Luke she asks:

"She is the bitch she said that she doesn't want you because you are not a bad wolf?"

"Bitch" Vivienne yelled and tried to hit the beautiful woman but Luke steps between them and Vivienne slaps him in his face.

Her slap is like a mosquito bite for Luke, but his own mate slapped him twice. Yesterday in the elevator and now in the training room?

"Luke!" the woman he came with tells him. "Let me break her legs. She is too much. You should thank the goddess for not staying with her!"

Vivienne has a little more and starts to cry. So this is why he ignores her, because he found someone else? He is too handsome to let him go and she changes her mind. It doesn't care if he is a good guy and he will bore her to death. He can't just choose not to want her anymore. He is her mate!

"Miss Cassel," Luke said. "What are you doing here?"

"I came here to train and I found my mate cheating on me!" Vivienne yelled in his face, shocking him.

"Mate?" Luke asks, smiling at her and looked at the woman who accompanies him.

"You can't be his mate!" the woman said. "He will accept you only over

my corpse! I will never let him accept you and leave me alone with this attitude!"

"Do you want me to beat you?" Vivienne asks again and tries to hit the woman again but Luke steps between them again and surprise! Vivienne hits him with her little punch in his nose.

Max can't hold it anymore and getting up he takes Meredith by the hand and walks towards them, lifts Vivienne up and throws her over his shoulder, carrying her like a sack of potatoes and letting her scream.

"Put me down you fucking jerk! I want to beat her! She took my fated man!"

"Mate not man!" Max said laughing while Meredith just looked at Luke and at the woman who was still holding his hand.

"I don't care! He can't choose another woman just because I didn't want him from the beginning. I changed my mind!"

"Too late!" Max laughs winking at Meredith and as soon as he gets to his car he motions for Meredith to get in and huddles Vivienne in the back seat.

"You can't come here and slap my pack members, Vivienne Cassel. You are a guest here and if you want to come here again you must accept the reality" he tells her.

"Which is?" Vivienne asks, squeezing her eyes and making him smile because she looks just like Meredith when she is angry.

"Which is the fact that you lost a good man because you are crazy!"

"No!" Vivienne said.

"Oh...but you did!" and he starts the car and approaches Meredith, while behind him Vivienne strings all the curses she knows in French, and he tells Meredith in a whisper.

"That was Lela Navarro, Luke's sister and Vivienne just offered us a big show for nothing!"

Meredith looks back at Vivienne who is completely red and has little left and makes foams at the mouth as she swears.

"Holy goddess, that was priceless!"
