

## 70 Chapter 70 Broken ribs, legs, arms

Author's POV 1

"Luke and Leia?" Meredith asks as soon as they get to her apartment. "Did their parents have some obsession with Star Wars?" and she started laughing.

"You can say that, but the names fit them. She is a warrior princess, my best female warrior and Luke is devoted and strong. Their parents died when they were sixteen and they care for each other since then. After Sarah died, Luke recovered because of Leia, she was his shield."

"Don't tell me that they are twins!" exclaimed Meredith, laughing. "They are not alike"

"Yep, they are twins!" he said "And Leia will beat any woman that hurts him, so your Frenchie friend is in danger."

"You'd better be afraid for Leia's safety. I've never seen Vivi like that, it's like she can't accept that Luke is disappointed in her."

"He is not the man who whores around. That was my specialty, and Sam's too." Max said, easily ashamed. "But Luke believes in true love and he never fools around. Seeing her flirting so easy

made him take a step back ”

But looking at her Max put his hands around her waist and said.

“You did well today while training. I am impressed, for a human you are strong. And you even put me down when I was distracted, there was a lot of force in that hit ”

“But?” Meredith asks him.

“But nothing. Tomorrow we will train again and I will show you some moves in which strength doesn’t matter, it’s all about opportunity. You will find it useful ”and he pulls her to him and pecks her lips.

“I was very tempted today to let you beat me,” he laughs.

“Don’t be it!” Meredith said. “A deal is a deal, alpha Cruz” and she smiled at him dragging him to the kitchen.

But just near her condo Sam and Cara are sitting at the table with Sam’s parents.

He took her hand in his hand and let his parents know that they are married.

“So it’s true!” his father said.

“Doctor Carter said that you took her to the hospital and said that she is your wife”

"Yes, father!" Sam said he felt a little uncomfortable because of the tone David Jackson used. "She is my wife and more than this she is my mate"

"And she is pregnant?" his mother asked, looking contemptuously at Cara who feels she has little left and collapses.

"Yes, you will be a grandma if this is your question" Sam said, caressing Cara's hand.

"They did something to her!" Leo said. " Cara's hand is shaking, Sam. She is afraid of them "

"Make her abort the baby, and reject her!" Marion Jackson said. "She's just an omega, she's not proper for a beta female" and at this moment Sam's heart stops and looking at his hand that is holding Cara's hand in it, he feels something wet on it. It's a tear. Cara's tears. She is crying.

And this is a no returning moment in his life. He lost his sister because of her stupidity, and she is somewhere where only the goddess knows, and now his parents disappointed him in a way that broke his heart.

He looks at Cara, who trembles knowing that he will never choose her.

And she thinks for herself that she is just an omega, he can't choose her to the detriment of his parents. They are his family. And she puts her

hand over her tummy, which is already visible and says:

**"I will never abort my pup. I will never hurt my own flesh and blood, because right now the only thing that is sure in my life is the fact that this baby will be my home. It's ok if you don't want him, you will never be a part of his life "**

**And she tries to leave but Sam holds her hand tight. making her stay.**

**"I love her!" Sam said.**

**"So what?" his mother said. "Love is circumstantial. Reject her, make her accept your rejection and that's it. You can find a better woman. "**

**"Like you daughter?" Sam asks clenching his fists.**

**"What's wrong with Veronica? She is perfect! Marion said but this time Davis Jackson looks at her as if she just said the biggest stupidity in the world.**

**And Cara tries again to get her hand out of Sam's hand, but he shakes her hand even harder and tells her through the mindlink.**

**"Stay here or I'll beat your ass after they leave!"**

**And she immediately held his hand.**

**Sam points to the exit and tells them.**

"I will tell you only one thing. Cara is my choice. She is my mate, she is my wife and the mother of my pup. She is strong and sweet, and she has no trace of evil in her heart and even if I hurt her so badly in the past, she loves me and I LOVE HER!"

"You just think so!" Marion said.

"I LOVE HER! Now get the fuck out from my house!" he yells at his mother.

"Son, you can't be serious." David Jackson said "let's talk about this. We can reach a compromise. You can keep that pup but she is not for you."

"Get out!" Sam said and leaving Cara's hand he goes to the door and opens the door signaling them to leave.

"And one more thing father!" Sam said "You have time until tomorrow to pack up and leave our packhouse. I will live there with my mate in the future and I don't want you there!"

"Are you choosing her against us?" Marion asks angrily.

"I will always choose her. You can consider that you have no son from today and if Max will find Veronica you will have no child soon." And yells at them "Get the fuck out of my house!"

As soon as they leave he goes straight to Cara

who cries her heart out.

"It's ok, I'm here!" he said, kissing the top of her head. "I am here and I am staying"

"I thought that you would leave me, that I will lose you." and she can't stop from crying.

"What did they do to you?" he asks but she is silent.

"Cara, I asked you something," he said, commanding her.

"Your father didn't do much except the contempt he always showed me but your mother and your sister beat me almost every day." she said looking with shame in his eyes as if she is the culprit in this story.

"How bad?"

And she lowers her head.

"How bad she was beating you, Cara?" he said clenching his claws because now he understands everything.

"Broken ribs, legs, arms. Every time she was furious she was looking for me and I was her beating bag. She threatened me that if I told anyone she would kill me. When Lisa Cruz asked me why I was always wounded, I told her I had fallen down the stairs. "

And Sam can't stand it anymore and takes her in his arms.

"I didn't know!" he said, crying. "I'm so sorry!"

"Nobody knew," Cara said, sighing and putting a hand over her little bumping tummy she felt a little fluttering in her stomach, making her heart stop.

"Sam," she whispers "give me your hand" and placing his hand over her tummy he felt it too.

"Is that what I think it is?" he asks her letting his tears flow down and he sits on his knees and lifting her shirt he kisses her little pregnant belly.

"Mark my words Cara. In this world all it counts it's you and our pup, and then my devotion to Max and his family. Except this is nothing. Did you understand me?"

And she just looks at him.

"I love you" she said, caressing his head while Sam continued to kiss her belly, and her heart now is still still. He is hers!
