

71 Chapter 71 Everyone will pay

Author's POV 1

But while in the New Moon Pack the world is fighting for love somewhere in Semiahmoo Park, right next to the US border with Canada, in a poor house, Vincenzo Castellano throws in front of a woman a blister of contraceptives.

"Use it! I don't want to hear that you are pregnant!" he tells her and pulls on his pants, closing his zipper.

"It's like I want to have a baby with you!" Veronica said. "You are just a good fuck, in this hell. I need to relax," she said, not wanting to admit that he made her feel good even if they rejected each other. The tingles are still there, and the rejection does not cancel everything until at least one of them is marked by someone else.

Vincenzo as well likes the sensation that Veronica's body offers to him and even if he doesn't want her, until he will catch Meredith he will just use his former mate.

He exits the bedroom and going to the living room he watches the news that Federico and Craig, his beta, are watching.

"I still can't believe that she is his fucking wife!"

Federico said. "If I knew, I'd have killed her right away."

"No. She is mine!" Vincenzo said. "To kill her is too little to make him pay for the fact that I lost everything because of him. Nobody wants to do business with me anymore, and everyone is looking for me to put me in jail. "

"What do you dream of doing about that?" Craig asked.

"To fuck his mate, and to mark her because from what I am seeing now she is still unmarked."

"You promised me that you will kill her!"
Veronica yelled in her shrill voice.

"When your opinion will matter, I'll ask you too, but until then shut the hell up and get out of here. We are talking and you bother us!"
Vincenzo told her without looking at her.

"Can I use her?" Federico asked, looking at Veronica. "I need a good release! I didn't touch a woman for more than a month. "

"Take her!" Vincenzo said making Veronica almost die.

"No!" she yelled in panic and ran to a spare room closing the door behind her but Federico followed her and started to hit the door.

"She is your mate Vince" Craig, his beta said. "As

rejected as she is, she is still your mate, it is not a good thing to let Federico touch her. You know him, he is insane ”

"Shit!" Vince said and immediately ran upstairs where Veronica screamed and struggled under Federico's urge to satisfy his needs. Right now he is beating her to make her stay still.

Vincenzo grabs him by the neck and throws him off her.

"I changed my mind. She is only for my use "he tells his brother looking at Veronica who is full of bruises and scratches and is crying.

"What about me?" Federico asked, still looking at Veronica.

"Use your hands, but she is out of limits for you!" and he takes a blanket and throws it over Veronica.

"Cover yourself or I will let him finish what he started" he tells her authoritatively, but looking at her from this position, so vulnerable, he is not feeling comfortable, and his wolf is agitated.

Vincenzo grabs Federico by the back of his neck and pushes him out of the bedroom, closing the door and leaving Veronica alone.

"You are a jerk!" Federico said but Vincenzo punched him directly.

“Watch your mouth or I will kill you, brother or not. I am sick of your tantrums! Vincenzo said and went to Craig.

“When is that fucking contest?” he asks.

In the last month his men watch over every move of Max and Meredith and he knows every step that they are taking. And since he heard that Meredith is Landon's Quinn daughter he is even more interested to make her his.

“In four days. Do you think this is a good time to attack?” his beta asked in return.

“It's a good opportunity. We must find a way to get to Washington without being detected, but I can't postpone the moment. I will take his woman this is the first opportunity in the last month”

“Is she worthen of all this trouble?” Craig asked.
“She is not even your mate Vince, and she is just a human.”

“She intrigues me, man. I must have her and after I will taste her and I will get bored of her ,it doesn't matter anymore, but I can't take her out of my mind. ”

And Veronica hears him, while she is standing hidden behind a door.

“That Meredith Quinn is taking every man that is

related to me” and she bursts into tears. “Even my fucking mate doesn’t want me because of her.”

She puts a hand over her abdomen and feels how her unborn baby moves.

Contraceptives are useless. She’s been sleeping with Vincenzo Castellano for more than over a month and she doesn’t know when this happened but she is one month pregnant.

“He will kill me if he finds out that I am pregnant,” Veronica says, stroking her belly.

“ I must help him to take that damned woman and then I will run from here.”

She doesn’t want the pup but at the same time this pregnancy is useful so she made her own plan.

She goes to her own room and opens the TV and searches for a Canadian channel. And she sees the happy family, and she feels the hatred in her heart grow more and more, but when she sees her own brother with Cara , holding hands ,she can’t even breathe.

She takes her untraceable phone and calls her mother.

“Mom,” she whispers.

“My sweetie!” Marion said, almost crying.

"Mom, why is Sam with that omega?" she asks, full of hatred.

"The bastard married her, my sweetie. I tried to talk to him but he chose her and made us move from the packhouse. And that bitch is even pregnant with a bastard pup. Since you left everything we tried to build collapsed. You must come back, and make things right again."

"I will come back mom" Veronica said crying. "I will come back and kill anyone who stands in our way"

"Come back soon," Marion said in her madness.

"I will, mom. I will and everyone will pay for every tear that ran down my cheek."

And when she ended the call she had a new plan.

Not only Meredith Quinn will pay.

Everyone will pay...
