

77 Chapter 77 Make her silent!

Author's POV 1

Max didn't sleep all night.

He just couldn't. After Meredith fell asleep in his arms, after several passionate "matches" in which each of them took everything he could from the other and satisfied all his needs, Meredith almost fainted exhausted in his arms.

"She was a virgin!" Stark said. "She was untouched and perfect in all the ways!"

"And she is ours, Stark," Max said, watching her sleep peacefully, staying with his cock still inside her pussy. He is already hard again but he just stays there without moving, letting her sleep because her pure body has not withstood more.

He took her six times last night, cum deep inside her, raw and without protection because this was never planned. He never came to Washington thinking that he would live this moment.

After last night the mark is just the last piece of the puzzle, and right now their bond is beyond imagination. He feels her emotions, he almost hears her thoughts and all they don't have right now is the mindlink but the rest is there. All pieces together.

He stayed like this, caressing her back and kissing her face.

"Max" Meredith whispers without opening her eyes.

"Yes, my love," he said smiling.

"Why are you inside me?" she asks, opening one eye and looking at him strangely.

"I am?" He asks laughing as she moves a little to take him even deeper inside her pussy.

"Are you sore?" He asks, fearing she might be too tired.

She just looks at him and remembers all the things he did last night. His tenderness, his care for her, the skill with which he made her scream until she hoarse.

And she also remembers his grunts. She made him grunt. It was a joke but he yelled and cried and grunted at the same time so hard that if NASA had been around they would probably have thought they were extraterrestrial signals.

Everything was unreal.

Max, puts her on her back without taking out his cock from her pussy and starts to move a little. He exits just until his cock tip almost comes out of her pussy and then enters again, harder and harder until he feels that Meredith is totally

relaxed and can take him completely.

He starts to rotate his hips and Meredith, learning the move, comes to meet him, increasing the power of the impact between them.

"Shit!" he said, feeling how his balls contract but Meredith puts her hand on his balls and clenching them in her little fist, she tells him.

"Harder, Max!" she said laughing. "Today we have a free day until the evening.

"Don't you want to go see your friends anymore?" Max asks her laughing and kissing her neck.

"No, last night I just made a new friend." and she starts to tremble when Max picks up the pace and taking one of her breasts in his hand starts sucking on her nipples.

"Max!" She yells feeling how her pussy walls constrict around his thick and long dick but Max doesn't stop and continues to hit her inside so hard that when she comes almost as she absorbs him into her, making him cum with force deep inside her womb.

"Again!" Stark said "Please, take her again."

And seeing her blushed face and her plummy lips he starts again.

All day they stopped just to eat in bed and then continued.

And in the evening when they returned to the contest venue, dressed in what Sam had brought for them and left at the hotel reception, they were glowing. Both of them.

"But what do we have here?" Vivienne asks, looking at Meredith and pointing at her with her finger.

"I don't know what you're talking about!" Meredith said, hiding her face in Max's chest.

"No, I know what I'm talking about. "And looking in Luke's eyes she asks him. "You didn't fucked me last night!" and everyone burst in laughter, even Leia who can no longer resist.

"All you did was to sleep with me in your arms. What kind of mate are you?" she asks him, making him feel that he will die soon.

"Look at her," she says, humming, "She's full of cock!"

"Luke Navarro!" Max yelled. "Make her silent!"

But seeing him so irritated, Vivienne can't help but ask.

"Is that threesome offer still available? I changed my mind!"

"That's it!" Luke said and lifting her he threw her on his shoulder, with her ass in the air and left the room.

"She is crazy!" Max said.

"No, she's a sweet girl!" Lori said laughing "But those Europeans are not as chastity as we are. They talk about everything. "And then, looking at Meredith's face even Lori couldn't help but say.

"And Vivienne is right, her face looks like she just had a good sex!"

"Lori!" Meredith bursts out, however, seeing that everyone is smiling, she calms down.

"You are mates," James said. "When I met Lori we stayed in the bedroom for two weeks, we had her luna ceremony the next week and went to Turks and Caicos acting like humans in a honeymoon, where we just fucked until our brains came out."

"And the point is?" Meredith asks James, unable to believe that he is talking about such a free thing.

"The point is that I am happy that he is the one who has you. Now you are stronger together. You will see. You will master his power and when he will mark you, everything will be perfect "

"I will just go and see if my brother is alive after

not satisfying Vivienne's needs," Leia said laughing.

"Sam" Cara asks. "Do you think I should be angry too?" and she looks at Sam who is overprotecting her since he found out that she is pregnant, and is afraid to touch her so as not to hurt the pup.

And right then Luke returns to the room with Vivienne and Leia.

"Did I hear it well?" Vivienne said, putting her hands on her hips and looking ugly at Sam.

"You are not touching this beautiful woman for fear of hurting the baby?"

"I am huge!" Sam exclaims nervous.

"Are you an elephant or a blue whale to have a penis of 5-8 ft long?" she asks him.

"How do you know that?" Sam asks her, pointing at her with his finger.

"I am a vet, idiot!" Vivienne says with a laugh. "So I know that you are just a wolf, so take care of your woman and don't let her have cravings." And remembering their first encounter, when he was telling her how good looking Luke was, she said.

"Or maybe I was right and you are gay!"

"I will kill her!" Sam said but Cara took his hand

and said.

"Shut up, Sam" and she refrains from laughing.

"You are my little elephant"

"Why are we talking about this?" Sam asks, annoyed.

"Because Mer had sex!" Cara said.

"Holy shit!" Vivienne says, rubbing her hands happily. "Werewolves are so funny!"

"Did she smoke something?" Max asks Luke through a mindlink.

"No man, she is just..." and looking at her, about how happy she is right now, he said. "She is just my sweet Frenchie mate!"
