

9 Chapter 9 What if she's married?

Author's POV 1

In the evening just before to leave at home, Meredith looks at Cara face and asks her:

"Why don't you take a day off, this wound will look even worse tomorrow."

"I can't, Mer, Alpha Max will be mad if I don't come to work." and she lowered her head.

She knows very well that tomorrow everyone will look at her face and no make-up will be able to hide the marks left by Veronica, but all she has right now is this job. She can't lose it.

"I will take care of this, don't worry. I am your superior and if Maximillian Cruz will try anything against you, he will talk to me. Please stay home tomorrow and take care of you. Meredith said and smiled at her.

"Are you really sure? I don't want to make things difficult for you. " Cara asks, completely overwhelmed that someone wants to help her. Except for Lisa Cruz nobody cared about her, even her parents neglect her.

"You know what?" Meredith asks her. "I will take you home!"

"Meredith, I don't want to bother you!" Cara says shocked.

Meredith looks like a very refined woman and somehow she looks noble. Even if she is just a human, she inspires confidence while Cara knows that she is just a poor omega that struggles every day to survive away from her packhouse. It is impossible for her to stay in the same place where her ex-mate lives like a manwhore.

"Cara, I know that you are alone, and believe me, even if it doesn't look so I am just as you are. My luck is that I have a family that loves me.

"Meredith tells her and smiles.

"Wait for me. I will take my purse and we will go together, and tomorrow after work if you want I will visit you "

"I want to!" Cara said with tears in her eyes. "I really need a friend"

And in five minutes both women were in the company lobby waiting for the driver that James sent after Meredith, because he can't appear here to expose his sister.

But just as the car arrives and the driver opens the door for Cara to enter the car, Sam appears out of nowhere and seeing the scene in front of him freezes.

"Where are you going?" He asks without realizing it, speaking before his brain realizes what he's doing.

Hearing him in her back, Cara whitens her face and immediately panics. She is afraid of him, this is why she couldn't even accept the rejection, because she was so scared when Sam found out that they were mates that she fainted.

But turning her face to him and seeing her face, Sam felt that his heart was pierced with pain. She is beautiful even if she is an omega, and she looks just perfect, and she is all he wants in a woman, but he can't accept someone as weak as his mate.

Her eyes are red from crying and one of her eyes is already bruised.

"Fuck!" he said to himself. "Veronica must be insane if she tried to hit the human with such a force" but looking at Cara's face he can't stand but asks her:

"Are you alright?"

Cara just blocks in track and can't even breath, the smell of Sam, his mere presence makes her suffer.

Why does he come to the company? Ever since she started working here, Sam has been coming every day. Why doesn't he leave her alone? Cara

always wonders.

"I asked you something!" said Sam, starting to get nervous when he saw her looking at him scared, but he immediately realized something.

"Where the hell are you going with this car?" It's an expensive car, she will never have money for such a luxury.

But listening to the whole scene Meredith gets out of the car and looking at Sam swears at him in her heart.

"This fucking scoundrel!" she said.

"Why are you yelling at my colleague?" she asks him knowing exactly who she's talking to.

"It is not your business!" Sam answers angrily.

"Oh but it is. My friend, it seems to me that she doesn't want to talk to you, so I don't understand what's with this attitude? Are you her boss?" Meredith asks him .

Sam clenches his fist and sees black in front of his eyes. He just wants to know where Cara is going. Did she find someone else after he rejected her?

"So you're not her boss," Meredith said. "Are you her lover?" she asks him and Cara is looking at her and goes straight near Meredith and says slowly:

"Mer, let's go. We will have problems." and she grabs her hand slowly.

But Meredith has other plans.

"So you're not even her lover, so what right do you have to hold her accountable?" she asks Sam who looks shocked at her courage. Sam is a head bigger than her and is at least twice her weight. He's all full of muscles and looks a lot like Chris Hemsworth. Why isn't she afraid of him?

"Mer, please .." Cara said again and this time Meredith signals to her to enter the car and they immediately start leaving Sam speechless.

"Did she really steal our mate?" Leo, his wolf asks.

"She's not our mate anymore" Sam said feeling annoyed about this even if he doesn't understand why he feels like this. He was the one who rejected Cara.

"Until she accepts the rejection she is still our mate," Leo said.

"Fuck! How could I forget about that? I will force her to accept the rejection. "He put it in his mind.

And he starts swearing and punches the wall angrily. Why was Cara in that expensive car? Is she going on a date or something like this?

"Fuck! I can't stay like this. I must go after her!" he asks and goes to his car.

"Why are you looking like the train hit you?" Max asks laughing while he comes out of the building.

"Someone stole Cara!" he said, pissed off.

"And why do you care?" Max asks him, looking at him as if he's gone crazy.

"I think she's going on a date or something, because she got in an expensive car with a damned human woman that annoyed me terribly." says Sam, punching the wall again.

"What did she look like?" Max asks.

"Cara, she was really hurt, man. My sister really hit her hard." Sam says regretfully.

"No, the human," said Max.

"Brunet, long and lightly curled hair, blue eyes...I don't know, man. I was looking at Cara."

"Fuck, it's her, Sam. Meredith Quinn" Max said looking straight into Sam's eyes.

"Your mate?" he asks with his mouth watering, completely amazed.

"The one and only." and Max looks at him and asks.

"Are you sure they were going on a date?"

"They got into a Bentley Continental GT, Max. I don't think a designer who studied due to the MaxLine scholarship in Paris can afford such a car." Sam says agitatedly.

"Fuck! How come I didn't think of that! I'm an idiot!" Max says and looking at Sam he says panicked.

"Go to the human resources department and ask for Meredith Quinn's resume. What if she's married, Sam? "

"Shit!" Starks said in a panic. "Tell him to go right now!"

"What happened to you?" Sam asks because he is not understanding Max. "Didn't you say you didn't want her?"

"I said that she is weak and human, and until Stark decides what to do with her, I want her!" he said in a panic.

"Are you stupid, Max?" Stark asks angrily. "What is it about to decide for? I WANT HER! "

"Go, now!" said Max in a very commanding tone.

"This is not good!" he said to himself. "This is not good at all!"
