

95 Chapter 95 Let me come home!

Author's POV 1

"I don't want to leave you alone," Max said, taking Meredith in his arms and staying glued to her.

"Max, stop it!" she said, pushing him lightly. "In two hours we will have our ceremony and you will have me just for yourself, but right now I need to change."

"No!" Max said again.

"You are annoying Maximillian Cruz!" Meredith said, looking him in the eye and frowning.

"But you love me!" he whispers in her ear and starts to kiss her neck.

"I wonder why?" she said and immediately Max walks away from her and looks at her scared just to see her laughing.

"You can't change your mind!" Max said very firmly. "We have already been married for six years, you are my mate, I marked you and you marked me. You can't wonder why. "

"If you say so" Meredith tells him and he has a little and shit in his pants.

"She isn't serious, you moron!" Stark said. "Let

her take her dress or she will have her luna ceremony in her leggings and that tiny sports bra."

"I promised you that I will take care of your dress for today" Max said and this time he is not clingy anymore and goes to his closet and brings a huge white box, with a silver bow, and puts it in front of Meredith, on their bed.

"Open it" he said looking all the time at her reaction.

"Is it my dress?" she asks him with emotion and he just nods.

Meredith caresses the beautiful box and she lifts the top part of it and her heart just stops.

"You didn't," she said, putting her hands on her mouth.

"I did it!" he said laughing, knowing that she was happy with his choice.

"Maximillian Cruz? You are out of your mind? Tell me that you didn't spend 1.5 million dollars on my luna ceremony dress!"

"We also won 10 million because of this dress, and it's about us. The dress is a piece of you, a piece of me... a piece of us" he said, taking her hands in his hands and Meredith starts to cry."

"I was lucky enough to buy it only with this

money. Good thing you thought about letting that Vivienne dwarf wear it, "he said jokingly again. "I just couldn't let anyone have it. Even if it would have cost one hundred million I would have to buy it! "

"And I would have beat your ass!" she said laughing but then looking in his eyes she said:

"I love you, Max. And for this "she said pointing to her dress. "I love you even more"

"Then it was worth it!" he said and lifted her in his arms kissing her madly.

"Hey!" Suddenly Cara, Vivi and Lori yelled. "Let her breathe!" but he is still kissing her.

"You have in the box all you need for this dress, " he said looking at her.

"Just wait for me at the end of the alley" Meredith said, sending him a blowing kiss and Max "caught" it and put it on his lips.

"Just don't be late!" he said and left the room.

"Did he buy your own dress?" Vivi asked, looking in the box. "Shit! Luke is not romantic at all! " she said, pouting.

"Then I should let you stay with Sam if Luke is not romantic," Cara said laughing.

"James is the sweetest mate!" Lori said. "And he

Everyone must be envying me for being with you right now. I'm the luckiest man in the world and you know what? It is said that luck does not knock on your door twice, but it knocked on my door. I've lost you once, but I found you again and the whole universe worked for that. The universe and our perv grandpa but I will ignore that part ".

And Meredith starts to laugh.

"I love you, and I am waiting for you. I just want to wrap my arms around you, and let the world drift away. To make you my home, because let me tell you. Every time I wrap my arms around you, it's like coming home to where I belong.

Let me come home! I love you!

Your crazy alpha! "

"Oh my goddess," Cara yelled. "Was that a note written by Maximillian Cruz that I know?" and she starts to laugh.

"It seems so," Lori said and looked at Meredith, who had tears in her eyes.

She takes the dress in her arms and looks at it. Now, knowing that she will wear it, it seems even more beautiful. The girls helped her to put the dress on and she realized that this is not the original and is a dress made special for her, after her drafts. The train is even longer and more

crystals and diamonds are caught in the broderie.

Max put a pair of Jimmy Choo Ivory Satin Pumps with Crystals and Mesh Fascinator Bows, that are really beautiful and made Meredith smile. Also he put for her a matching set of hair pins, a Moon Flair - Hair Clip and some starts from white diamonds.

The girls arranged Meredith's hair, waving it lightly by catching it in a Half Up Braided Pony, her makeup was simple but at the same time perfect, making her look like an angel. She wore grandma's bracelet and the jewelry that Max gave her when he took her to Washington to meet Mr. Smith for the first time.

"Oh my goddess!" Lisa and Olivia said as soon as Meredith put her foot out of her room.

"This" Lisa said, taking Meredith's hand and putting a diamond ring on her middle finger "Is something borrowed. But after this day will be yours. Is your luna ring" she said and kissed Meredith's cheeks.

"And this," Olivia said, giving her a box of jewelry. "Is a gift from me and your father for your wedding day. We wanted to give it to you six years ago, but that wedding was a fiasco" she said laughing " But today we can finally put it in your hands ". She opens the box and Meredith's

eyes are full of tears. Is her mother engagement ring. She saw that ring all her childhood and always told her mother that when she will marry she wants to be her that "something blue".

Olivia takes the blue diamond ring and puts it on her daughter's finger.

"Now you are ready" she said kissing her forehead, and taking her hands, Lisa and Olivia led her to where her "home" is.
