

My Master 1561

Chapter 1561:

At first glance, he was completely stunned.

"What's going on? Ruo Yun actually has two Mid Grade Yellow Level treasures! Her Immortal Mountain is so high, she was hiding her strength all along!

And that Linghu Gudu is even stronger than Ruo Yun! The two of them actually defeated the eight people from the Weeping Blood Demon Sect!"

After his surprise, Hao Sword was filled with deep regret. Why did he run away? Why did he flee so decisively? If only he had waited a little longer, he could have witnessed a reversal.

By then, if he ventured with Linghu Gudu and Ruo Yun in the Fourth Dangerous Terrain, it would undoubtedly be much safer.

But now, he could only escape!

He had just fled during the heat of the battle, and Linghu Gudu and the others were busy dealing with people from the Weeping Blood Demon Sect, having no time to care about him. Once they freed up time, they would certainly come after him.

Escape!

Run as far as possible, never to be encountered by them again!

Without turning his head, Hao Sword fled into the distance, while the three from the Weeping Blood Demon Sect hadn't yet escaped, and they caught up.

"You three won't escape."

Cao Zhen blocked the three people in front of him, retracted the sharp sword in his hand, and took out the Unknown Immortal Demon Bead from the Qiankun Bag. Looking at them, he said: "Didn't you want us to help you open the Unknown Immortal Demon Bead? Now, I also offer you an opportunity, whoever of you helps me open it, I will spare that person."

Cao Zhen then looked to the side at Linghu Gudu and Immortal Ruo Yun and said: "The Unknown Immortal Demon Bead belongs to me, and you have no objections, right?"

Linghu Gudu heard this, immediately nodded and said, "The Unknown Immortal Demon Bead was snatched by you, so it has nothing to do with me."

He had just cursed Linghu Gudu, and now there was a chance to take a stand, so he hurriedly expressed his agreement. Was he really going to wait for the opponent to take action and teach him a lesson?

The three from the Weeping Blood Demon Sect, seeing the approaching man, none of them stepped forward.

Cao Zhen immediately frowned, unhappily saying, "What? Do you think I am like you, untrustworthy?"

The three didn't answer, but their expressions clearly showed they thought so. To be honest, after they agreed before, they didn't plan to leave anyone alive.

And the opponent probably thought the same.

After all, once the Unknown Immortal Demon Bead was opened, if any treasure appeared, the opponent certainly wouldn't want it to be leaked. Who is best at keeping secrets? Naturally, it's dead people.

Seeing the three still unmoved, Cao Zhen stepped forward and his voice turned icy, "I stand by my word, believe it or not. Besides, do you think you have any other choice? Refusal means certain death, while not refusing..."

Before he finished his sentence, a sturdy demonic cultivator among the three suddenly rushed out, loudly shouting, "I'll do it! I'll open the Unknown Immortal Demon Bead for you."

Not opening the Unknown Immortal Demon Bead would mean certain death, while opening it was the only chance to survive.

If there's a chance, he would naturally try.

Even if the chance to survive was extremely slim, it was still a chance.

"Drawing Blood!"

"You, you..."

The other two were furious when they saw their companion running over. It's not clear if they were angry because he betrayed them, or because he snatched their only chance of survival.

Cao Zhen nodded slightly, but his gaze moved to the other two, golden thunder appearing in his hand.

Moments later, there were already two more corpses on the ground.

After exterminating the other two, Cao Zhen then handed the Unknown Immortal Demon Bead to Drawing Blood Demon.

Drawing Blood Demon looked at the Unknown Immortal Demon Bead, which used to belong to them, with a complex expression. Who would have thought retribution would come so quickly? Clearly, it was left here by them to find someone to help them open it. But now, the Unknown Immortal Demon Bead fell into the hands of others, and he had to open it for someone else.

And this was his only chance to survive.

Cradling the seemingly weightless Unknown Immortal Demon Bead, he kept praying internally, hoping it wouldn't contain any offensive spell or power.

Also hoping it wouldn't be a top-tier treasure, like a Mysterious Rank or Earth Level treasure.

If it truly was such a treasure, the opponent would definitely kill him to silence him.

Hopefully, it'd be a Yellow Grade treasure, not enough for the opponent to kill him for, yet valuable enough not to make them too disappointed or angry at him.

There were accounts of such things in the sect's rumors.

For example, there was once a master from the True Immortal Realm who caught someone from the Immortality Regainment Realm to open an unknown bead for him, but it merely turned out to be a Common Low Grade treasure.

That True Immortal Realm master thought the person from the Immortality Regainment Realm was incompetent or unlucky, and in anger, killed them on the spot.

Such accounts weren't just once or twice, so he hoped there would appear an average treasure, maximizing his survival chance.

After handing the Unknown Immortal Demon Bead to the other side, Cao Zhen retreated a distance, in case it might explode, and if it did and killed him on the spot, what then?

As for Drawing Blood Demon running away with the Unknown Immortal Demon Bead?

Chapter 1562:

With his cultivation base, even if he retreated twice the distance, he could still catch up with the Drawing Blood Demon. At worst, he could just go all out to chase.

The Drawing Blood Demon was evidently already an existence of the Longevity Period, yet at this moment, his hands began to tremble uncontrollably. After all, he too didn't know what could be inside.

If an Unknown Immortal Demon Bead from the Earth Immortal Realm were to explode, its power would vary greatly. It might only be akin to an ordinary Longevity Period spell attack, but it could also be akin to a full-strength strike of the Immortality Regainment Realm or even the True Immortal Realm!

Previously, people thought that if an Unknown Immortal Demon Bead of the Earth Immortal Realm exploded, its power limit would be only the Peak Earthly Immortal Realm.

Normally, this was the case until one time, a strong figure from the Immortality Regainment Realm opened an Unknown Immortal Demon Bead from the Earth Immortal Realm and was directly blown to pieces. Only then did people understand that the Unknown Immortal Demon Bead from the Earth Immortal Realm also posed a danger to the Immortality Regainment Realm, or even the True Immortal Realm, though the probability was not high.

Cao Zhen gazed at the Drawing Blood Demon with anticipation in his heart.

The greatest joy of a blind box is the anticipation before it is opened.

The same goes for the Unknown Immortal Demon Bead. As for letting the other party open it, he felt no guilt at all. It was the other party who first tried to make him and his companions open the Unknown Immortal Demon Bead for them, so they shouldn't blame him for using their own tactics against them.

As waves of Demonic Qi surged from the hands of the Drawing Blood Demon into the Unknown Immortal Demon Bead, a dazzling silver light shot out from the Treasure Bead. Immediately, with a cracking sound as if an eggshell were breaking, wisps of mist flew out of the Treasure Bead, instantly revealing the treasure inside.

A jade pendant key.

The Drawing Blood Demon was stunned. What is this? It's not a treasure; it's a jade pendant. Is this the key to some secret chamber? Is this result good or bad?

That Linghu...(untranslated continuation)

Cao Zhen raised his hand and directly absorbed the jade pendant into his hand, then gestured to the Drawing Blood Demon and said, "Alright, you may leave."

The Drawing Blood Demon was feeling quite anxious, and the voice of the other party asking him to leave resounded, a voice that didn't sound pleasant at all, yet in his ears, it sounded like heavenly music.

He got up and ran towards the distance, but right after taking a step, a fierce wind blew from behind him, a Sharp Sword pierced through his back, straight into his heart, and then protruded from his chest.

He struggled to turn his head, his vision filled with the image of a woman's face full of heroic spirit.

"He said he'd spare you, but I didn't say I would."

Ruo Yun Immortal's immortal power flooded from the longsword in her hand into the Drawing Blood Demon's body.

Moments later, there was another corpse on the ground.

She turned her head and looked at Cao Zhen, commenting, "Although your sword moves are quite poor, your sword intent is quite interesting."

Ruo Yun Immortal looked deeply at Cao Zhen, paused slightly, and said, "Your current identity is false, isn't it? You should be hiding something, or else, with your sword intent and the fact that you can see through the combination of swordsmanship, sword techniques, and whip techniques in my technique, your swordsmanship couldn't be that poor."

During the battle just now, she also specially paid attention to Linghu's sword.

Yet she discovered that Linghu's swordsmanship was mediocre, but bizarrely, in their swordsmanship, there seemed to be contained thousands of sword intent, and that sword intent possessed an all-encompassing feeling.

Cao Zhen stared blankly at Ruo Yun Immortal, "What did you just say? You said my swordsmanship is poor?"

"Everyone who has seen my swordsmanship says it's exquisite, yet you say it's poor."

"Are your eyes on your head?"

He didn't pay attention to Ruo Yun Immortal and instead looked towards Linghu Gudu beside him, revealing a threatening expression, "What did you just say? I didn't hear it clearly; would you repeat it?"

Linghu Gudu's head instantly broke out in sweat the size of beads; just now, he seemed to have cursed Linghu and cursed him badly?

Done for...

Is he not planning to come after me now?

Linghu Gudu swiftly shrunk his body back and hid behind Ruo Yun Immortal.

Cao Zhen felt speechless for a moment, "No, I feel like you seem to want to pursue Ruo Yun Immortal; how come you're directly using her as a shield now?"

"Isn't your image completely ruined?"

"But it seems like it doesn't matter whether it's ruined."

"The way you look now, I'd guess Ruo Yun Immortal wouldn't fancy you; she's a reincarnated great ability, her vision could be beyond high."

"What are you hiding from?" Ruo Yun Immortal glanced back at Linghu Gudu with disdain, "If he really wanted to settle accounts with you, you'd already be a corpse now. Do you think you'd still have a chance to hide behind me?"

Linghu Gudu also felt that the other party wasn't truly going to deal with him, but hearing Ruo Yun Immortal say that, he still called out discontentedly, "Ruo Yun, you look down on me too much. I admit he's quite mighty, but I also have some means. I can at least put up a fight."

"Resist? How naïve you are. Do you think what you saw just now was all his strength?" Ruo Yun chuckled lightly, directly retorting, "He was using sword techniques and a spell during the battle just now, repeating them over and over, plus his effortless demeanor, obviously not even exerting his full power."

"Not using full strength?" Linghu Gudu's eyes widened, looking at the guy opposite called Linghu who claims to be unparalleled. This guy is just mid-Longevity Period, yet is so strong, and hasn't even exerted full strength. If he were at full strength, how strong would he be?

Chapter 1563:

Why have I never heard of someone so strong before?

Cao Zhen looked at Ruo Yun with some surprise; this woman's insight was indeed sharp.

However, this woman was quite admirable.

Although this woman was strong, without me, she would definitely not be a match for the eight members of the Weeping Blood Demon Sect. Yet when I initially pretended to surrender, she didn't abandon Linghu Gudu but chose to break through with him.

Seeing this, her character is actually quite good.

"Alright, let's tidy up the battlefield first." Cao Zhen raised a hand, pointing to the bodies around them, saying, "There are eight people; I'll take the treasures and Qiankun Bags from four of them, and the remaining four are for you two to split. Any objections?"

"No objections." Ruo Yun Immortal nodded readily, clearly not very concerned about these treasures and Qiankun Bags. In fact, during the recent battle, Linghu Gudu didn't contribute much, yet she still casually collected the treasures and Qiankun Bags from two individuals before stopping, evidently intending to share them equally with Linghu Gudu.

After collecting the Qiankun Bags and treasures from the other four, Cao Zhen didn't even look at the valuables inside, knowing he already had the most precious Unknown Immortal Demon Bead. Considering these people's possessions, they likely didn't have anything else of value.

"Alright, since that's settled, we should..." Cao Zhen was just about to suggest they study the jade pendant-like key while on the move when a series of sounds came from nearby, and four figures appeared within their line of sight.

Clearly, someone had heard the sounds of the battle and came over.

The four only glanced in their direction from afar, noticing the bodies on the ground, and after a brief look at the three of them, they turned abruptly and fled into the distance.

"Run!"

"Those were Weeping Blood Demon Sect people, and among them was even the Shaxue Demon, yet they're all dead! These three aren't to be trifled with!"

"Who are those three, to have even killed Shaxue Demon and his men?"

The four ran while whispering to each other, their hearts filled with dread.

They knew the Fourth Dangerous Terrain was perilous, but they thought the danger largely came from the terrain itself. However, now it seemed that the human threat here was not small either.

From when they heard the sounds of battle until now, not much time had passed, yet the eight experts including the Shaxue Demon were already dead!

Cao Zhen watched the fleeing four but had no intention of pursuing.

The others were very cautious, only observing from a distance without approaching.

With so much distance and surrounded by dense forest instead of open land, if they hid in the woods, took a few turns, or found somewhere to conceal themselves, it would indeed be difficult to find them.

Cao Zhen looked back at Ruo Yun Immortal and Linghu Gudu, shaking his head with a sigh. "You two are in danger. Some have already seen that we killed the eight people from the Weeping Blood Demon Sect, and previously, that person named Hao Sword also escaped; he can also testify that we did it.

Considering the Weeping Blood Demon Sect's usual behavior, once they know we killed their people, they'll definitely come seeking revenge. I may not care, but you two could be in trouble."

As Cao Zhen spoke, his gaze fell on Linghu Gudu, adding, "Especially you. Not only are you weak, but there's also something you did that upset someone, and now you're being hunted by mercenaries.

I fear that as soon as you leave the Fourth Dangerous Terrain, you'll be killed, or perhaps, you may not even make it out alive."

Linghu Gudu was speechless. Weak?

During the Minor Era of Inversion of Heaven and Earth, he was a notable figure. Back then in the Eastern Wasteland, how many attained the Ten Different Phenomena of Golden Elixir Great Perfection?

He was one of them.

Even when the Minor Era of Inversion of Heaven and Earth ended, although he hadn't reached the Golden Core Period Limit, he was still close to it.

Among his peers, he was definitely a formidable presence.

Yet now, this so-called Linghu Defeat said he was weak!

Unfortunately, he couldn't argue against it.

Among the three, he was indeed the weakest.

Beside him, Ruo Yun Immortal was unconcerned, saying, "The Weeping Blood Demon Sect, their Great Teaching isn't bad, but I'm alone; how could they deal with me?"

Would they muster their full force against me? If too few come, they'll merely be courting death!" As she spoke, an overwhelming aura enveloped her entire being.

She was a reincarnated great ability!

And an exceedingly powerful one at that!

In her past life, she was not inferior to the leaders of those great sects!

Cao Zhen, feeling Ruo Yun's imposing aura, involuntarily thought of his disciple Yi Sheng. Back when he first met Yi Sheng, Yi Sheng was equally proud, infinitely confident, believing herself the best under heaven.

Yet what happened? After joining the Four Treasures Peak, Yi Sheng took some blows, and he had to frequently bolster her confidence.

Of course, it wasn't the time to humble Ruo Yun Immortal now; that could wait until later when the opportunity arose, to gradually bring her down a notch, then have her join the Hundred Peaks Sect.

Those proud individuals, in truth, have a submissive core!

Cao Zhen glanced at Ruo Yun Immortal, his gaze shifting to Linghu Gudu.

Similarly, Ruo Yun Immortal looked at Linghu Gudu.

Feeling their gazes upon him, Linghu Gudu was resigned, realizing they clearly looked down on him, assuming he would be killed by the Weeping Blood Demon Sect.

I...

"I... Although I'm not as strong as you, I am not alone... I might as well, after exiting the Fourth Dangerous Terrain, seek refuge in the Hundred Peaks Sect.

No, Cao Zhen also entered this Fourth Dangerous Terrain, and he used the same passage as us. I'll just go find him, considering their Hundred Peaks Sect also holds a grudge against the Weeping Blood Demon Sect. My joining wouldn't hurt."

Cao Zhen almost blurted out a thank you, wondering why in good times he wasn't thought of but was remembered now. Also, when he initially invited Linghu Gudu to join the Hundred Peaks Sect, he refused, yet now he wished to hide within the sect.

Does he think the Hundred Peaks Sect is a place where he can simply seek refuge?

If he wants to hide in the Hundred Peaks Sect, he must first acknowledge me as his master!

Chapter 1564:

Cao Zhen casually walked forward while taking out the jade-like key he had just obtained from the Unknown Immortal Demon Bead.

At this moment, he seriously examined the key and looked closely. He could vaguely see that there was a symbol on it.

"This symbol feels like a symbol of some Great Teaching?" Cao Zhen looked at the symbol on the key with some curiosity. This symbol felt like a Great Formation!

"Symbol? What symbol?" Linghu Gudu said, leaning over to Cao Zhen's side, peering at the key. Suddenly, his eyes widened, and he exclaimed in a low voice, "Ten Thousand Immortals Sect!"

"Hmm? Ten Thousand Immortals Sect?"

Cao Zhen showed a puzzled expression on his face. His time roaming in Eastern Province hadn't been long, so how had he not heard of a Great Teaching?

"You don't even know the Ten Thousand Immortals Sect?" Linghu Gudu looked at him as if he were a country bumpkin who had never seen the world. Quickly, he remembered the other's strength and hurriedly explained, "The Ten Thousand Immortals Sect is a top-tier Great Teaching that has existed for two million years! However, nine thousand years ago, the Ten Thousand Immortals Sect disappeared."

"Disappeared?" Cao Zhen became increasingly curious.

Beside him, Immortal Ruo Yun also asked curiously, "What's the situation with the Ten Thousand Immortals Sect? How can a Great Teaching disappear into thin air? Explain in detail."

She is a reincarnated being, and since her reincarnation, she has been cultivating and has paid no attention to the Minor Era of Inversion of Heaven and Earth.

Because she had experienced the Minor Era of Inversion of Heaven and Earth in her previous life, she didn't want to go through it again. Instead, she wanted to go into a slumber, so she broke through early into the Earth Immortal Realm and then fell into slumber.

Since her reincarnation, she has either been in cultivation or slumber, so she was not particularly familiar with the world she reincarnated into.

Linghu Gudu finally felt the significance of his existence and explained to the two of them, "The Ten Thousand Immortals Sect is the top Great Teaching in Eastern Province. Unlike other Great Teachings that specialize in one Great Dao, they cultivate millions of Great Daos.

Or, they are somewhat like the Hundred Peaks Sect, a miscellaneous sect. Of course, the Ten Thousand Immortals Sect is much stronger than the Hundred Peaks Sect.

The reason it is called the Ten Thousand Immortals Sect is that when it was founded, there were over ten thousand immortals in its ranks. After its founding, everything went smoothly for them, encountering no hardships, and it became a Great Teaching in no time at all. In fact, it was the fastest to achieve the status of a Great Teaching among all Great Teachings.

Because they had the Instant Millennium Pearl."

Linghu Gudu paused slightly at this point, then looked at the two of them and said, "You should know about the Instant Millennium Pearl."

Cao Zhen and Immortal Ruo Yun nodded slightly.

"Good, that makes it easier to explain. When the Ten Thousand Immortals Sect was founded, it was started by a top-tier True Immortal Realm, who collaborated with a group of experts to establish it.

So, even as a sect, they were extremely strong. Other sects, even if they possessed the Instant Millennium Pearl, wouldn't dare to use it, but they were strong enough to use it without hesitation.

As a result, they effortlessly passed through the Sect Tribulation and became a Great Teaching!"

Linghu Gudu paused once more before saying, "In fact, I believe that our present epoch offers the greatest opportunity for the Hundred Peaks Sect to use the Instant Millennium Pearl.

Especially during the Reversal Mini Epoch Period, with so many Golden Core Period Limit existences, the Sect Tribulation would be weakened during that time.

Although the Hundred Peaks Sect has few disciples, with people like Cao Zhen and Xiang Ziyu around, they should be able to pass through the Sect Tribulation.

Unfortunately, during the Reversal Mini Epoch Period, the dangerous places were closed, and the Instant Millennium Pearl is only found in those places, so they missed the opportunity. Now, even though the Heavenly Dao still suppresses worldly power, and Cao Zhen is still strong, the Hundred Peaks Sect no longer has the dominance it once had during the Reversal Mini Epoch Period. Its disciples are not among the strongest today."

When Immortal Ruo Yun heard that Linghu Gudu was digressing again, she called out displeased, "I want to hear about the Ten Thousand Immortals Sect, not listen to your stories. Get to the point."

"Okay, I'll get to the point."

Cao Zhen noticed that Linghu Gudu was completely at the mercy of Immortal Ruo Yun. Upon hearing her dissatisfaction, Linghu Gudu immediately stopped talking about the Hundred Peaks Sect and continued, "After the Ten Thousand Immortals Sect became a Great Teaching, it didn't show any particular traits, remaining just a relatively strong Great Teaching.

Until later, when they came into conflict with the then top-tier Demonic Sect, the Heaven and Earth Demon Sect. At that time, the Heaven and Earth Demon Sect had been a top-tier Great Teaching for over two million years.

This was an ancient top-tier Great Teaching older than both the Dragon Chant Sect and the Yin Yang Sect.

Everyone thought the Ten Thousand Immortals Sect was doomed, possibly even to the point of annihilation!

However, contrary to everyone's expectations, before the Sect of Heaven and Earth could trouble the Ten Thousand Immortals Sect, the Ten Thousand Immortals Sect dispatched a large number of experts to surround the Heaven and Earth Demon Sect, demanding the surrender of a certain item.

The Sect of Heaven and Earth naturally did not take the Ten Thousand Immortals Sect seriously.

But who knew, the Ten Thousand Immortals Sect took out a Formation Map!

Contained within the Formation Map was a Great Formation called the Sky Encompassing Ten Thousand Immortals Star Gathering Formation!

The Great Formation seemed to be able to absorb the power of the stars in the heavens, then concentrate these forces together and release them.

The Heaven and Earth Demon Sect, having been a top-tier Great Teaching for over two million years, had a Mountain Protection Array that was unimaginably terrifying, yet under the bombardment of the Sky Encompassing Ten Thousand Immortals Star Gathering Formation, their Mountain Protection Array was instantly shattered!

Chapter 1565:

"I have never witnessed how terrifying that strike was, but I have heard others describe it,"

Linghu Gudu spoke, a hint of fear appearing on his face: "Just one strike not only annihilated the Mountain Protection Array of the Sect of Heaven and Earth but also exterminated more than the average masters above the mountain gate of the Sect of Heaven and Earth!"

At that time, the sect hierarch of the Sect of Heaven and Earth was a top-tier True Immortal, yet under the horrifying power unleashed by that great formation, he was blasted to death in a single strike!

That power was reputed to be the most terrifying attack in the Eastern Wasteland! In that battle, the Sect of Heaven and Earth was directly obliterated by the Ten Thousand Immortals Sect, shocking the entire Eastern Province!

After that, none of the great teachings in the entire Eastern Province, whether demonic sects or great teachings of immortal cultivation, dared to provoke the Ten Thousand Immortals Sect. After all, the great formation of the Ten Thousand Immortals Sect was too terrifying, and it was a formation map that could be moved. No one knew whether the Ten Thousand Immortals Sect would bring the formation map to attack their great teachings if provoked!"

Upon hearing this, Immortal Ruo Yun suddenly interjected: "With the Ten Thousand Immortals Sect possessing such a formation map, they would likely become a target for many. Others might fear their formation map and dare not provoke them on ordinary days, but once the Ten Thousand Immortals Sect encounters a problem."

"Indeed." Linghu Gudu nodded, "They were indeed exterminated because of that formation map. Afterward, no one dared to provoke the Ten Thousand Immortals Sect, but when the Ten Thousand Immortals Sect was undergoing their second million-year Sect Tribulation, various demonic sects gathered outside the Ten Thousand Immortals Sect. To survive the Sect Tribulation, the Ten Thousand Immortals Sect once again activated the Sky Encompassing Ten Thousand Immortals Star Gathering Formation. Although they survived the Sect Tribulation, their formation map was also affected.

Everyone saw with their own eyes that the formation map was cleaved by a heavenly tribulation.

Subsequently, as soon as the Sect Tribulation ended, a number of demonic sects rushed into the Ten Thousand Immortals Sect, attacking it! Although a few, just a few, great teachings of immortal cultivation intended to help the Ten Thousand Immortals Sect.

After all, in the Eastern Province, when a great teaching of immortal cultivation undergoes a tribulation, other great teachings of immortal cultivation would stand aside, helping fend off other demonic sects that might want to attack once the tribulation ends successfully.

Similarly, demonic sects would do the same.

However, the formation map of the Ten Thousand Immortals Sect was too terrifying. Even some great teachings of immortal cultivation hoped for the demise of the Ten Thousand Immortals Sect. And all the demonic sects feared the existence of the Ten Thousand Immortals Sect. On that occasion, the demonic sects of the Eastern Province were exceptionally united, all attacking the Ten Thousand Immortals Sect.

Yet the great teachings of immortal cultivation were not so united. Only some great teachings of immortal cultivation, utterly incapable of stopping all the demonic sects.

Some great teachings of immortal cultivation even took the opportunity to directly attack certain demonic sects, and with their power scattered, the Ten Thousand Immortals Sect was still overrun!

In that battle, all the disciples of the Ten Thousand Immortals Sect were slaughtered!

And those demonic sect members began to seize the Sky Encompassing Ten Thousand Immortals Star Gathering Formation of the Ten Thousand Immortals Sect.

But, for some unknown reason, while they were fighting over the great formation, the formation—which had initially been cleaved open by the Heavenly Dao and was incapable of being activated—activated automatically. It unleashed its terrifying might, actually ejecting all the masters from the Ten Thousand Immortals Sect at that time.

Subsequently, the entire great teaching of the Ten Thousand Immortals Sect vanished without a trace. Afterward, people searched the entirety of the Eastern Province and still couldn't find a shadow of the Ten Thousand Immortals Sect.

Nobody knows where the Ten Thousand Immortals Sect went."

When Linghu Gudu finished speaking, he looked at Cao Zhen and Immortal Ruo Yun, full of surprise: "I also don't understand why such a key has appeared before us, and moreover, this key bears the mark of the Ten Thousand Immortals Sect.

If this key could lead us to the Ten Thousand Immortals Sect, we might strike it rich."

As he finished, he suddenly realized, noticing that the person holding the key was a newcomer, and a look of worry flashed in his eyes, as this person's strength was indeed too powerful.

He also noticed that Immortal Ruo Yun had been concealing her strength, but just now, the strength Immortal Ruo Yun exhibited was still far from being comparable to this individual who calls himself Invincible Solitude.

If this key indeed could lead to the Ten Thousand Immortals Sect, who knows how much resource the Ten Thousand Immortals Sect might hold?

After all, in the great battle back then, the people of the demonic sects were forcibly shaken out by the power of the formation map, and the resources of the Ten Thousand Immortals Sect's resources had likely not been completely looted.

There were also the treasures on the deceased masters within the Ten Thousand Immortals Sect, many of which should still be on their bodies.

If entering the Ten Thousand Immortals Sect, all these resources would be theirs.

And the even more terrifying, the Sky Encompassing Ten Thousand Immortals Star Gathering Formation, that was the first great formation of the Eastern Wasteland, possessing the strongest strike in the Eastern Wasteland.

Such a treasure, who wouldn't be covetous, who wouldn't want to claim it for themselves?

If Immortal Ruo Yun and I were to find the Ten Thousand Immortals Sect with this Invincible Solitude, would this guy strike? Directly slay us both?

He realized the possibility was very high, as the three of them were not familiar with one another.

This Invincible Solitude would never want to share the resources with others. Also, he wouldn't want people to know that he had acquired the resources of the Ten Thousand Immortals Sect.

Thus, if I really combined forces with Ruo Yun and this Invincible Solitude to find the Ten Thousand Immortals Sect, it would indeed be dangerous.

No, it should be said that Ruo Yun and I are already in danger because we already know that Invincible Solitude has the key to the Ten Thousand Immortals Sect!

Amid his worries, Linghu Gudu quietly sent a transmitted message to Immortal Ruo Yun: "Ruo Yun, have you been hiding your strength just now? Tell me, is your cultivation base stronger than Invincible Solitude's?"

Chapter 1566:

Ruo Yun, the Immortal, was startled at the sound and replied through telepathy, "No, the one I just used is indeed my strongest battle power now."

"It's already the strongest power, then we are both in danger. That Linghu Gudu might very well take action to kill us to silence us.

I think the best for us is to run immediately, and it's better if we run separately."

Beside them, Cao Zhen had already infused immortal power into the key in his hand, and suddenly, the key began to tremble slightly, and he could feel a force bursting out from within the key.

The next moment, in front of them, the air suddenly fluctuated violently, followed by a cracking sound, as space fractured, forming a massive void vortex.

An extremely terrifying suction force emanated from this vortex.

The suction was so strong that even Cao Zhen was uncontrollably pulled into the vortex in an instant, and even though Linghu Gudu and Ruo Yun were at some distance, they too were uncontrollably drawn towards the vortex.

Immediately, the two of them were pulled into the vortex.

Cao Zhen only felt a dizzying whirl, and when he came to his senses, his feet were on the ground, not far from Linghu Gudu and Ruo Yun, the Immortal.

Linghu Gudu felt disoriented; he had just wanted to escape, and before he could even try, a void vortex suddenly appeared, and he was taken inside.

Now, there was no way to run even if he wanted to. This was clearly a special small world.

Now, they could only hope that Linghu Gudu didn't understand what this place was yet and wouldn't kill them two here.

Also, when moving forward in a while, it's best to let Linghu Gudu walk ahead, hoping that there's some danger left here that could finish him!

"Boom!"

Suddenly, from the sky, an imposing aura of terror came crashing down, alongside stars emerging in the void.

Even though it was broad daylight, these stars were dazzling, and there seemed to be tens of thousands of them, all converging to vaguely form a large formation.

"Sky Encompassing Ten Thousand Immortals Star Gathering Formation!"

Several large words flashed in the minds of all three, and as they gazed at the myriad stars, the stars in the void emitted a brilliant light that enveloped the entire world, then sarcastically moved towards them.

The light was filled with terrifying might that made them feel a sense of fear.

Linghu Gudu's eyes widened instantly, thinking, no way, I haven't even gotten to see Linghu Gudu act, and now I'm going to be killed by this Sky Encompassing Ten Thousand Immortals Star Gathering Formation!

The next moment, the light fell, scanning over the three of them, and then disappeared.

Linghu Gudu was dumbfounded: "What's going on? I clearly felt that the might was terrifying, almost like it was about to annihilate us completely.

But nothing happened? Even if the Sky Encompassing Ten Thousand Immortals Star Gathering Formation was damaged, it shouldn't have no effect at all."

"It felt more like an inspection," Cao Zhen recalled X-ray and CT scans from his past life and speculated. "The Ten Thousand Immortals Sect was exterminated by the Demonic Sect; now, look over there."

Following the direction of his finger, Linghu Gudu and Ruo Yun, the Immortal, saw a blurry mountain gate.

"That should be the Ten Thousand Immortals Sect. The key I obtained is the key to the Ten Thousand Immortals Sect. It's possible that the Ten Thousand Immortals Sect was not completely destroyed, and someone survived, wanting to revive the Ten Thousand Immortals Sect. Alternatively, the Ten Thousand Immortals Sect was destroyed, but the Sky Encompassing Ten Thousand Immortals Star Gathering Formation has a spirit, and this key is issued by the formation. Then, for some unknown reason, it was sealed by the Heavenly Dao in the Unknown Immortal Demon Bead.

In any case, no matter the reason, they absolutely do not wish to see the Demonic Sect's people enter the Ten Thousand Immortals Sect. So, the light just now should be checking for demonic qi."

"That must be the reason." Ruo Yun, the Immortal, nodded slightly in agreement, "None of us three have cultivated demonic qi, so we are all unscathed. If any of us had cultivated demonic qi, we would probably have been blasted instantly."

Cao Zhen secretly felt fortunate. Although he knew the demonic sect's spells and even cultivation techniques, he cultivated chaos qi, not pure demonic qi. Even if the Love-Blood Devil he connected with cultivated demonic qi, his breath after victory was Age of Prosperity Qi; otherwise, the light just now might really have attacked him.

"Since the Ten Thousand Immortals Sect is up ahead, let's go."

Cao Zhen whispered, then stepped forward towards the front. Behind him, Ruo Yun, the Immortal, followed suit, while walking, she glanced at Linghu Gudu and sent a secret message, "You need not worry, the magnanimity of a reincarnated great ability is far beyond your imagination.

This Linghu Gudu must be a reincarnated great ability. He cares not whether you can enter the Ten Thousand Immortals Sect or if you'll expose that he obtained its secrets.

Moreover..."

While walking, Ruo Yun, the Immortal, turned her head to ask Cao Zhen, "What about the key?"

"It disappeared." Cao Zhen shrugged, "The vortex should have been formed by the power of the key."

Ruo Yun, the Immortal, nodded slightly, softly saying, "We better speed up. Those keys can disappear, so I feel it's unlikely the Ten Thousand Immortals Sect sent out just one."

Chapter 1567:

"If others have obtained the key, they will enter here too. By then, we will have to compete with others for the treasures of the Ten Thousand Immortals Sect."

Cao Zhen nodded slightly, lifted his leg and stomped on the ground. Instantly, his entire body soared into the air and flew towards the front mountain.

However, just as they were about to reach the mountain, a light curtain appeared in front of them. This light curtain covered the entire Great Teaching behind them, preventing anyone from entering.

"What is that?"

Linghu Gudu raised his hand and pointed to the distance.

In front of the mountain gate of the Ten Thousand Immortals Sect, outside the light curtain, there were indeed six tombs.

"Living Tombs?"

Cao Zhen slightly furrowed his brows. How could the people of the Ten Thousand Immortals Sect possibly build their living tombs outside the mountain gate? What is going on?

Before he could figure it out, the outermost living tomb among the six suddenly exploded, and a figure soared into the sky.

This was an extremely old-looking cultivator. Everyone could sense his life force was not strong, his time was clearly near its end.

His hair and even his beard were all white, his face displayed an odd pallor, as if he had not seen sunlight for eons.

With his movement, there were frequent clanging sounds.

Chains were hanging on his legs and under his feet, but these chains were not used for restraint; they appeared more like his treasure.

"Boom!"

The next moment, another grave exploded loudly.

Another figure dashed out; this one also had a life force not too strong, probably would not last a hundred years before his end comes.

His hair was also white, but he didn't have chains on his body.

The first demon that appeared stared at the three people opposite with scarlet eyes, a frenzied, feral look on his face. He suddenly turned his head and said to another demon beside him, "Black Lotus Demon, these three people arrived this time; don't kill them too quickly."

Next to him, the second demon laughed eerily, "Rest assured, I will thoroughly enjoy them."

As he spoke, his gaze fell on the only woman opposite, sneering sinisterly, "Ghost Tomb Devil, I know you are not interested in women. Those two men are yours. What about this woman for me?"

"Fine."

The two did not pay the three opposite any heed, as they spoke, their aura suddenly surged, boundless demonic qi burst forth from them, full of ominous, eerie, bloody, terrifying atmosphere.

The surrounding air also shook wildly under the agitation of this demonic qi.

The two hadn't acted yet, the space around them seemed on the verge of cracking.

A terrifying pressure swept in. Linghu Gudu's legs even bent slightly under the weight uncontrollably. The power was too terrifying. Although he was only in the early Longevity Period, he liked to adventure everywhere, and had seen many experts, even witness the might of Dugu Qiubai, but the aura Dugu Qiubai emitted was not as terrifying as this demon!

These two demons were Peak Period Longevity Period existences, besides in the Peak Period Longevity Period, they were the most top-notch existences!

He even doubted, how could such terrifying aura exist in the world!

Demonic Mountain, their Demonic Mountain!

Linghu Gudu stared at these two demons, their surging Demonic Mountain, his eyes showed a hint of shock. In a blink, their Demonic Mountain had reached a height of eighty zhang, and yet it didn't stop growing, still surging.

It only stopped when it reached ninety zhang high.

Ninety zhang high Demonic Mountain.

Before this era, it was rare to hear of Demonic Mountains of ninety-five zhang height, but in this era, there was a rumored figure whose Demonic Mountain was taller than these two, that was Bleeding Tears Assassin, said to reach a height of ninety-nine zhang.

Another was Cao Zhen, whose Immortal Mountain was said to reach ninety-five zhang high.

But the problem is, they do not have Cao Zhen among them.

Moreover, even if Cao Zhen was here, he probably wouldn't be able to defeat the two alone.

This...

Suddenly, Ruo Yun Immortal's voice came to his ear.

"Run!"

Ruo Yun coldly stared at the two demons opposite, though she wished to kill these two foul-mouthed demons, but she was far from recovering her past life's power.

Even with Dugu Qiubai also being a reincarnated Great Ability, the two of them could not be a match for the opponents.

All they could do now was escape.

Linghu Gudu came to his senses, hearing Ruo Yun's voice, he immediately flew far away.

But they had just flown up when the voices of the two demons came from behind.

"This is a special small Thousand World, there is nowhere to hide here, where can you escape to?"

"Let them flee, we've been bored here for too long, it's just right to find some fun."

Ruo Yun's heart was filled with hatred, if she were at her peak in her past life, not to mention two mere Longevity Periods, even two Peak Immortality Regainment Realm, she could kill them instantly.

Yet now, she's subjected to humiliation by these two Ten Thousand Life Stage ones.

I...

Hmm?

Where's Dugu Qiubai?

She suddenly stopped flying mid-air, filled with surprise as she stared at Dugu Qiubai, who hadn't fled like them.

Chapter 1568:

He didn't escape; could it be that he still wants to battle to the death with the two of them?

But those are two, standing on the Demonic Mountain at ninety zhang high, at the peak of the Longevity Period.

Even if Du Gu Qiubai had hidden his strength before, how much could he really have hidden?

He's merely at the mid-stage of the Longevity Period.

What exactly does he intend to do?

Cao Zhen, watching like a cat playing with a mouse, mockingly gazed at the two Demon Heads, and suddenly spoke up: "I know, we are destined to die. But, gentlemen, before we die, could you tell us what exactly is going on? So that even in death, we could at least understand."

"Oh? This kid is quite interesting." Among the two Demon Heads, the Ghost Tomb Devil with lock chains stopped chasing, seeming to have been imprisoned for too long, with only him and the Black Lotus Demon, extremely lonely. Now, upon seeing someone, his game turned towards chatter, he nodded and said, "Very well, today I shall be kind and let you die knowing everything, not confused ghosts."

If you could enter this place, you naturally know this is the Ten Thousand Immortals Sect. I suppose you also obtained a key to the Ten Thousand Immortals Sect."

Cao Zhen nodded and replied: "That's right, we came here directly because of that key."

The Ghost Tomb Devil slightly nodded, yet his face showed a trace of hatred: "Do you think, how did we enter here? We, like you, also entered here because of that key."

Speaking, he raised his hand and pointed far away: "You saw the light before, those lights scattered, for you Immortal Cultivators it's nothing, but for us Demonic Cultivators, two keys are placed within our bodies.

To obtain the key you have, to leave here, you must take out the two keys within our bodies."

The Ghost Tomb Devil seemed to be imprisoned here too long, really turned talkative, he generally spoke, even while extending his hand to point towards the other four tombs, proactively explained: "Do you see those four living graves? Inside are, respectively, two beings at the Peak of the Indestructible Period, and a being at the final Peak of the Earth Immortal Realm.

Moreover, they are not ordinary peaks, but the peaks among peaks, like us two, invincible within the Longevity Period. They, like us, were drawn here by that key, then captured here.

It's just that, now, the two of us have awakened, the other four, still won't know how long they'll remain in slumber.

Do you know, how long have we been captured here? Even we've forgotten how long we've been here.

They captured us for one single purpose, to assess whether those who enter have the capability to swallow the Ten Thousand Immortals Sect!"

"Swallow the Ten Thousand Immortals Sect?" A look of puzzlement appeared on Cao Zhen's face.

The Ghost Tomb Devil gently nodded: "Exactly, to swallow the Ten Thousand Immortals Sect. You know the Instant Millennium Pearl, right?"

"Of course, I know." Cao Zhen had also previously learned about the existence of the Instant Millennium Pearl, and indeed, he was quite interested in it, as after using it, it could quickly make a sect become a great teaching's treasure.

He just hadn't heard news about such a treasure, only knew it would appear in perilous places, the Instant Millennium Pearl.

"The Ten Thousand Immortals Sect, after being eradicated, it's been over ninety thousand years, we've been trapped here so long we've forgotten the specific number of years, but after ten years, the Ten Thousand Immortals Sect has to undergo a Sect Tribulation, regardless of their location, they can't avoid it.

Now, the entire Ten Thousand Immortals Sect, probably only a few remain, how can they possibly survive the Sect Tribulation? If they fail the Sect Tribulation, their people will inevitably die, moreover, the great formation of the Ten Thousand Immortals Sect will die with it!

The great formation of their Ten Thousand Immortals Sect, surely must have developed a Formation Spirit, the Formation Spirit and the remaining people don't want to die, their only chance of survival is for the Ten Thousand Immortals Sect to be merged by some power!

Swallowed by using the Instant Millennium Pearl, and moreover, the other party must retain the majority of the Ten Thousand Immortals Sect's buildings, retain some of the Ten Thousand Immortals Sect's inheritance, retain the main hall of the Ten Thousand Immortals Sect.

Because that would mean merging the Ten Thousand Immortals Sect rather than just swallowing it. In doing so, they continue the Ten Thousand Immortals Sect's legacy."

It's the first time Cao Zhen heard of such a scenario, turns out there could be such a strategy.

The voice of the Ghost Tomb Devil continued: "But such an opportunity is too difficult, who would preserve the existence of a Great Teaching for no reason, if others could swallow it, they surely would.

But the Ten Thousand Immortals Sect is different, they have a Great Formation, and a Formation Spirit, by then the Formation Spirit would naturally negotiate with the one swallowing them. However, even if

they have such conditions, what Immortal Sect or Great Teaching would casually use the Instant Millennium Pearl? That would mean facing a Sect Tribulation much earlier!

The Formation Spirit of the Ten Thousand Immortals Sect and the immortals who survive know this, but they have no choice, this is their only means of survival.

Thus, they devised this scheme. They released some keys to enter the Ten Thousand Immortals Sect, and those who obtained the keys can enter here.

They sought to test people, to assess powerful individuals, and the assessors are us. Previously, perhaps due to the limited power of the formations, only those at the Earth Immortal Realm were allowed to enter, those above the Immortality Regainment Realm couldn't enter.

And we six are the assessors, once entering this place, there is no leaving, only by killing us can one obtain the keys to leave.

Chapter 1569:

Moreover, there are two keys, one key can be used to leave, and the other key is to enter this place.

It is to bring the Instant Millennium Pearl into this place, because the Ten Thousand Immortals Sect is still protected by a Great Formation. To obtain the treasures inside, there's only one way—to use the Instant Millennium Pearl to swallow the Ten Thousand Immortals Sect.

Of course, only you Immortal Cultivation people can obtain the inheritance and treasures inside, even the so-called Eastern Province's number one Formation. We from the Demonic Sect can only be investigation people when entering here.

It's not that we want to be investigation people, but are forced to take on this role. Longevity Period members enter, we are responsible for fighting, but when Indestructible Period members enter, they fight.

That cursed Formation, although its own power is limited, it constantly observes us.

Previously, before the Minor Era of Inversion of Heaven and Earth arrived, some Longevity Period people entered here. At that time, it wasn't the current two Indestructible Period Demonic Sect members, those two wanted to directly attack and kill the opponent.

The result was instant slaughter by the Ten Thousand Immortals Sect's Formation! We can't leave here, we are forced to act according to the wishes of the Formation."

Even though the opponent said quite a lot, Cao Zhen still understood what was happening. Simply put, it was previously said by Linghu Gudu that all the Ten Thousand Immortals Sect members were dead. Obviously, the information was wrong; some Ten Thousand Immortals Sect masters must have escaped, and the Formation still has a Formation Spirit. They all want to survive, so they must find someone to inherit the Ten Thousand Immortals Sect.

And they couldn't just let anyone try to inherit it. They must have a level of strength to qualify.

After all, if another Great Teaching or Sect were to swallow or merge with the Ten Thousand Immortals Sect, it must ensure success in the Heavenly Tribulation, and the remaining Ten Thousand Immortals Sect members and Formation Spirit can survive.

That's why there is this investigation.

And this investigation is indeed difficult.

Against these two Demon Heads, even those so-called Longevity Period geniuses might only face death.

Listening to the words of the Ghost Tomb Devil, he became more and more tempted. Others wouldn't dare use the Instant Millennium Pearl, but he dared!

The only problem is how to get the Instant Millennium Pearl!

On the side, Linghu Gudu listened to the Ghost Tomb Devil, his heart stirred, suddenly saying: "Two seniors, why don't you go out? You have keys within you, if you take them out, you naturally can leave, you don't have to be trapped here, and there's no need to kill us."

The Black Lotus Demon, who had been quiet, coldly laughed: "Do you think we haven't thought of that? We can't take the keys out using Demonic Qi, we need immortal power to extract them."

"Immortal power? We have immortal power." Linghu Gudu immediately pointed to himself and looked at the two of them, both of you have keys, as long as one of you collaborates with us to kill the other, then naturally you can take out the other's key and leave this place.

Or perhaps, create discord between these two Demon Heads?

The Black Lotus Demon seemed to understand what Linghu Gudu was thinking, coldly laughing: "What, you want to create discord? Others have had that idea before, but you think the Formation Spirit and surviving members of the Ten Thousand Immortals Sect couldn't foresee that?"

When one of us has the key extracted, the other's key will naturally explode. At that time, we both die!

And if we keep waiting until the Ten Thousand Immortals Sect's last Heavenly Tribulation passes after each ten thousand years, as long as no one swallows the Ten Thousand Immortals Sect, they will inevitably fail the Heavenly Tribulation, and all Ten Thousand Immortals Sect members, including their Formation Spirit, will die.

At that moment, as long as we are not at the end of our days, we can naturally leave."

He still had another sentence he didn't say; actually, it wouldn't be that one person dies when their key is extracted.

Instead, they could feel that some kind of special curse had been planted in their bodies, preventing them from leaving this space.

Unless the Ten Thousand Immortals Sect is destroyed and whoever planted the curse dies.

Linghu Gudu's eyes dimmed, the plan to create discord wouldn't work, so what should be done?

Fighting surely won't work against these two people.

Even if that guy Cao Zhen came, fighting one could work, but two might be too much.

"Oh, I see. So if we kill one of you two, we can naturally leave, correct?" Cao Zhen listened to the explanations of the Ghost Tomb Devil and Black Lotus Demon, and suddenly smiled, "Really have to thank you for telling us so much, now you can contribute your keys."

Opposite him, the Black Lotus Demon and Ghost Tomb Devil laughed.

"Kid, are you going insane knowing you can't leave? Do you want to kill us? No one in Eastern Province can kill us yet."

"Really? You two are strong, but you are still far from the Longevity Period's limit."

As Cao Zhen spoke, his face suddenly took on a serious tone, and he said, "The Golden Core Stage has its limit, and similarly, in the Longevity Period, there also exists a Longevity Period limit! Do you know what the Longevity Period limit is?"

As the last word fell, the aura inside him crazily rose, and an Immortal Mountain appeared behind, no longer concealed and expanded wildly.

Eighty zhang... ninety zhang... a hundred zhang!

Opposite, the Ghost Tomb Devil and Black Lotus Demon stared at the man's aura suddenly skyrocketing, and his Immortal Mountain reaching a hundred zhang, their eyes instantly widened in disbelief.

"What!"

"Impossible! A hundred zhang! No one has ever had their Immortal Mountain reach a height of a hundred zhang during the Longevity Period, the Longevity Period really has a limit?"

Behind them, Linghu Gudu was dumbfounded, this guy, is he really Dugu Qiubai?

A hundred zhang Immortal Mountain!

Is he still human?

It seems, in the entire Eastern Province, only that Bleeding Tears Assassin had an Immortal Mountain reaching a hundred zhang.

And now this guy also has an Immortal Mountain reaching a hundred zhang.

He suddenly recalled the words that Immortal Ruo Yun had said to him, Dugu Qiubai hadn't exerted his full strength, so had Immortal Ruo Yun already seen through Dugu Qiubai's strength?

He turned back to look at Immortal Ruo Yun, only to find that she had an equally stunned expression.

She merely considered Dugu Qiubai's strength hidden; she hadn't expected him to have hidden this much power!

Chapter 1570:

Cao Zhen, at present, hasn't truly reached the Longevity Period Limit. His Immortal Mountain still lacks a bit to reach the full height of a hundred zhang.

Mainly because he sent out a clone, he no longer maintains the Longevity Period Limit.

Although his disciples are all cultivating and growing stronger, he hasn't directly operated his disciples' cultivation techniques, and the peaks of their mountains on his Immortal Mountain have not grown taller.

The reason for not using the cultivation techniques is primarily to secure a win with the Eight Nine Mysterious Art. Back in the Golden Core Stage, when his mana reached the limit, he could no longer operate the Eight Nine Mysterious Art.

Now, having finally sent out a clone, he can comfortably win with the Eight Nine Mysterious Art. If he accidentally reaches the Longevity Period Limit again and cannot win comfortably with the Eight Nine Mysterious Art, wouldn't that be a significant loss?

"Longevity Period Limit?"

Linghu Gudu was momentarily confused upon hearing the voice from ahead. People have always talked about the Golden Core Period Limit but never about the Longevity Period Limit.

Could the Longevity Period also reach a limit?

And how is this man so strong, his aura...

Both the Black Lotus Demon and the Ghost Tomb Devil looked at the Immortal Mountain opposite them, which was taller than their Demonic Mountain, with astonishment in their eyes. How had this person cultivated?

If what this person says is true, that the Longevity Period does indeed have a limit, then how did he reach the Longevity Period Limit at just the Mid-period stage?

Suddenly, the Black Lotus Demon's voice rang out, "He is alone, while we are two. Besides, this kid is so young, he shouldn't be especially adept at spell cultivation, nor can he possibly have any treasure! Let's attack together and eliminate him!"

Once the initial shock wore off, the Ghost Tomb Devil also came to his senses. There are indeed two of them, while the opponent is alone!

As for the other man and woman, they were not considered worthy of concern.

But just as the Black Lotus Demon's voice fell, purple thunder converged in the opponent's hands. As he directed it to the sky, a terrifying explosion erupted in the void, making it seem as if the entire void was being torn apart, and a bolt of purple thunder descended from the heavens.

Five-thunder Righteous Method!

Cao Zhen sighed within. Originally, he had intended to stay hidden a while longer, but now, the two he faced were the top Longevity Period fighters in the entire Eastern Province.

Both of their Demonic Mountains had reached the height of ninety zhang. If he continued to hide his true strength without using his spelled victory tactic, it would be tough to defeat them.

As the thunder descended, the space it passed through split apart, revealing pitch-black cracks!

A terrifying, awe-inspiring might enveloped this section of space, making hearts tremble.

Ghost Tomb Devil and Black Lotus Demon suddenly widened their eyes, their gaze filled only with shock.

"Mysterious Rank Spell!"

"How is it possible? How could someone in the Longevity Period Mid-stage release a Mysterious Rank Spell?"

In their astonishment, they frantically mobilized the demonic energy within them.

In the rear, Linghu Gudu and Ruo Yun Immortal were also bewildered.

"Mysterious Rank Spell?"

"And it's a thunder-based Mysterious Rank Spell? Isn't that the Four Treasures Peak's Five-thunder Righteous Method?" Linghu Gudu stared ahead at the figure with disbelief. The Five-thunder Righteous Method was something only those from Four Treasures Peak knew, possibly also Li Ke.

But this person was obviously not a disciple of Four Treasures Peak. How did he know the Five-thunder Righteous Method? Was it taught by Cao Zhen? What is his relationship with Cao Zhen?

He recognized Cao Zhen, so why didn't he mention this when I referenced Cao Zhen before?

In the void, the purple thunder quickly fell before the Ghost Tomb Devil. Within him, intense black demonic qi surged, reaching into the sky like converging calamity clouds, casting a shadow over the sun, plunging his domain into darkness.

Vaguely, the demonic qi seemed like a giant tomb, exuding waves of death, making it feel like they were no longer in the small inner world of the Ten Thousand Immortals Sect but rather surrounded by tombs, the ground they stood on being grave upon grave.

In the next moment, the purple thunder slammed down heavily onto the black tomb, a strike empowered by celestial might!

For a moment, the entire void shook as the massive tomb trembled, and black demonic streams from the Ghost Tomb Devil's form surged like rivers in reverse, pouring into the tomb.

However, in the next instant, the black tomb split violently from the center, like a towering peak split in half, issuing a thunderous, mind-shattering boom.

The purple thunder, slightly thinned, thundered downwards to the west.

Ghost Tomb Devil's eyes revealed a sense of amazement—indeed, this was a Mysterious Rank Spell!

His own spell was already a Yellow Level Upper Grade, yet it resisted the opponent's spell for an even shorter time than anticipated!

He knew that his Yellow-Level Spell couldn't fully block the opponent's attack, but if it could last longer, he might dodge. Unfortunately, now, he feared he couldn't evade this thunderbolt.

He desperately exploded and tried to dodge sideways, but that terrifying thunderbolt, capable of tearing through space and shattering earth, was already falling, its edge grazing his body and striking the ground.
