

My Master 1791

Chapter 1791: Five

The group returned, wanting to get a definitive answer from Zhu Peng was almost impossible, so they didn't ask further and quickly left.

The night was already deep.

Cao Zhen and the Dual Sword Immortal and others also stopped proceeding, finding a cave to hide in.

Cao Zhen rested against the innermost part of the cave, quietly opened China Cloud, and began to observe the movements of Demonic Lord Qing Shi. These days, Demonic Lord Qing Shi had been standing on the mountain top, collecting various information.

"Hmm? Isn't Demonic Lord Qing Shi staying on the mountain top anymore? She's starting to set out? Where is she going?"

Watching Demonic Lord Qing Shi already starting to move, Cao Zhen was immediately invigorated.

Everyone gets tired in the River of All Realms, especially at night, with more alien races active outside compared to daytime, so everyone chooses to rest at night. But Demonic Lord Qing Shi is different. She had always stood on the mountain top; what could make her tired?

As for the alien race, she can wield demonic qi; what is there for her to fear?

Demonic Lord Qing Shi, clad in black attire, used the cover of darkness, even manipulating demonic qi, swiftly flew through the air, and in an instant, she arrived before a cave.

This was a fairly large cave, with two flames ignited at the entrance.

Upon hearing a sound, in the cave, five men dressed in black attire didn't even stand, still sitting on the ground, turning their heads towards the direction of the cave,

Obviously, these five were very confident in their own strength, otherwise, hearing the sound, they would have already stood up and looked cautiously towards the entrance.

Soon, a figure appeared in their visual field.

"Hmm? A person?"

"One person, coming to our place?"

"Looks quite good, perfect. These days, it has been a bit lonely."

Among the five, a man with a face full of flesh looked at the suddenly appearing woman, a perverted smile instantly appeared on his face, soon he revealed an indulged expression.

But in the next moment, a sinister expression suddenly appeared on his face without warning, he drew the long knife beside him, suddenly slashing towards a companion sitting by him.

This slash was extremely swift and came too unexpectedly; the third man sitting there couldn't imagine his companion would suddenly attack him, unprepared, he was slashed at the neck.

In an instant, blood sprayed, he fell to the ground, although wasn't killed by one slash, he was clearly heavily injured.

"Hong Tai, what are you doing!"

"Hong Tai, have you lost your mind?!"

"Hong Tai, put down the knife!"

The other three were shocked to see their companion fall, one quickly bent over to check the injured companion, among the other two, one looked cautiously at Hong Tai who suddenly struck, while the other looked alertly at the woman appearing at the entrance.

He originally didn't care about this woman, with the strength of the five of them, in the River of All Realms, few could threaten them, not to mention the opponent was just a woman.

But after this woman appeared, Brother Hong Tai suddenly struck and injured one of them, he couldn't help but be cautious.

Was it Brother Hong Tai colluded with this woman or...

He looked at the woman before him, but in the next moment, a dazed expression suddenly appeared on his face, then suddenly turned his head, slashing his knife towards the one crouching on the ground, checking the injured companion.

The crouched man suddenly felt a gust of wind hit, his face changed dramatically, wanting to stand, but it was too late.

This slash went down heavily, severing his head, he collapsed to the ground with a look of disbelief at his senior brother.

Senior brother, why suddenly attack him?

He was his closest junior brother!

And the man who already slashed didn't care, directly swung the knife towards another whose back was to him, simultaneously Hong Tai also struck.

For a moment, two attacked the last man together.

At the entrance, Demonic Lord Qing Shi watched calmly, even revealing an impatient expression, "Useless trash, two hitting one, still so troublesome."

As the words fell, she suddenly swung her arm, sharply pointing towards the three, instantly, black demonic qi shot out from her finger, landing on the three, burning crazily.

"Demonic qi? How can you wield demonic qi?" The only sane man among the three looked incredulously at the woman afar.

Nowadays, everyone knew, within the River of All Realms, no one could wield demonic and immortal qi, how could this woman wield demonic qi?

Moreover, his two senior brothers were clearly abnormal.

Perhaps, they were enchanted by this woman's charm technique.

This woman, why can she wield demonic qi?

Before he could think clearly, the sharp blades of his two senior brothers had already sliced down, his breath instantly ceasing.

The other two were also burned by the flames, yet they seemed unfazed.

After the others died, the two began fighting each other.

Cao Zhen watched the battling two, frowned slightly, Demonic Lord Qing Shi should have used some kind of charm technique just now.

Those two couldn't wield demonic qi; it was easy for them to fall for the technique.

Chapter 1792:

But why does the Demonic Lord Qing Shi want to attack those five people?

What is her purpose?

After the deaths of the Demonic Lord Qing Shi and the two others, she collected the Qiankun Bags of the five and then flashed away, flying into the distance.

It didn't take long before she flew once again to a mountain cave and made her move.

Cao Zhen watched as the Demonic Lord Qing Shi flew to each cave, slaughtering one expert after another, his brows furrowed deeply.

Demonic Lord Qing Shi, what is she trying to do?

Using this opportunity to kill and plunder various resources?

Because many people entered the River of All Realms due to the news of Chaos Qi, others cannot use Immortal Qi or Demonic Qi, making it all the easier for the Demonic Lord Qing Shi to kill.

Even if she kills some, it probably wouldn't matter much.

However, this is definitely not her ultimate goal.

It seems like she is killing time by amassing some resources.

Furthermore, it was evident she targeted those with considerable strength, who must have plenty of resources on them.

After noticing the Demonic Lord Qing Shi's actions, Cao Zhen's heart suddenly thudded. Would the Demonic Lord Qing Shi choose to attack the people of the Hundred Peaks Sect, since she was already targeting those with strong capabilities?

His disciples all practiced the Eight Nine Mysterious Art.

Even though the Demonic Lord Qing Shi stopped for today, who knows if she might attack his disciples again. No, he must instruct his disciples to keep a low profile to avoid drawing the Demonic Lord Qing Shi's attention.

Cao Zhen hurriedly connected with Yi Sheng via China Cloud.

Inside the cave, Yi Sheng and others had already had their dinner.

The cave was spacious enough, so the people from the Hundred Peaks Sect and the Sacred Flower Sect all entered it. One person from each of the two sects was assigned to keep watch while others rested.

The duty to guard fell on Yi Sheng.

Cao Zhen knew that Yi Sheng and others had allied with the Sacred Flower Sect, and his voice quickly echoed in Yi Sheng's mind.

"Yi Sheng, what happened during the day? And how far are you now from Ling Xi and the others?"

Yi Sheng heard his master's voice and glanced at the Sacred Flower Sect disciple on guard, answering silently in his heart, "Master, we should be able to find Senior Sister and them tomorrow. Nothing happened during the day, but at night..."

She quickly recounted their encounter with the Sect of Ten Thousand Beasts and the White Tiger.

"The Sect of Ten Thousand Beasts? Although you've wiped them out, it doesn't mean no one knows. The Demonic Lord Qing Shi of the Wanxiao Sect has been constantly sending disciples and those hummingbirds to investigate everywhere."

Cao Zhen sighed in his heart, clueless whether the Wanxiao Sect noticed when the Hundred Peaks Sect eliminated the Sect of Ten Thousand Beasts.

If discovered, the Demonic Lord Qing Shi would likely make a move against the Hundred Peaks Sect.

"Don't be so flamboyant anymore," Cao Zhen warned with worry, "The Demonic Lord Qing Shi of the Wanxiao Sect has begun killing, and is specifically targeting those experts.

If you keep this level of ostentation, she might take action against you. Next, if it's possible, refrain from engaging in fights."

"Yes, Disciple understands." Yi Sheng's expression turned grave; though strong, they weren't the strongest beings within the River of All Realms. After all, here exists an Immortal Path Domain capable of wielding Immortal Qi!

"Right, Master, please wait a moment, try to find Duo Duo. Duo Duo said she has something to tell you." Yi Sheng recalled Duo Duo's instructions; if the master contacted any of them, remember to tell the master to find her.

"Duo Duo? What does she want?" Cao Zhen asked, puzzled, as he watched Yi Sheng get up and head toward Duo Duo.

At the cave entrance, the disciple of the Sacred Flower Sect also looked up curiously at Yi Sheng.

Why did Yi Sheng leave suddenly?

Then she saw Yi Sheng gently pat Duo Duo, her expression growing increasingly peculiar.

Why did Yi Sheng suddenly seek Duo Duo?

They had just switched guards, and it wasn't yet time for a shift change. Moreover, Duo Duo was an essential standby for them; they previously discussed always keeping Duo Duo and Zhu Peng, their strongest forces, ready.

So the two were exempt from night watch; she couldn't fathom why Yi Sheng suddenly asked Duo Duo to rise.

Duo Duo wasn't deeply asleep, so she came around quickly after a few nudges. Looking at Yi Sheng against the dim haze, she displayed a hint of puzzlement.

Yi Sheng whispered, "I need to go for a moment, Duo Duo, can you take over for me?"

"Oh, sure, Senior Sister, just go ahead." Despite being a bit dazed, Duo Duo promptly responded and moved to the cave entrance. Could it be that Senior Sister woke her up because Master was looking for her?

Yi Sheng quickly exited the cave.

Nearby, the Sacred Flower Sect disciple withdrew her gaze; apparently, it was just a convenience break. Yet, Yi Sheng could have called Qiao Jingyao, so why did she specifically choose Duo Duo?

Along the way, she also noticed Yi Sheng's very close relationship with Qiao Jingyao, as if they swore sisterhood by ties that strong; why then did Yi Sheng call upon Duo Duo instead?

While intrigued, she didn't dwell further.

No sooner had Duo Duo settled than her father's voice resounded in her mind.

Chapter 1793: Shadows of the Shaye Tribe

"Duo Duo, I heard from Yi Sheng that you need something from me, what is it?"

"Master, it's about the River of Ten Thousand Worlds, I suddenly have a hypothesis. Master, even though you can wield Immortal Energy, I hope that you'll use it as little as possible."

Duo Duo quickly expressed her speculation, "I don't know how the Peerless Demon Lord managed to turn the River of Ten Thousand Worlds into this, but it's beyond a doubt that she must have borrowed the power of Chaos Qi."

However, she can only borrow it, and Chaos Qi should also be in a state of observation.

Since it is observing, it must prefer to see how the one being observed manages without Immortal Energy.

That's why I hope Master will refrain from using Immortal Energy. Of course, I know that Master is a reincarnated Great Ability, and you might already know this. But as a disciple, I felt it necessary to remind you."

Cao Zhen listened to Duo Duo's words, growing more astonished as he did. He knew that his disciple had great talent and excellent comprehension, but he hadn't expected her to think so deeply.

"What you say makes a lot of sense, and your deduction aligns perfectly with mine. You've thought of so much, and this gives me great comfort." Cao Zhen spoke casually with a poker face, though Duo Duo's reasoning truly seemed plausible, he wasn't sure if it was purely her deduction or if she had heard something from her elders in childhood.

After all, Little Duo Duo came from a significant background.

"Alright, you don't need to worry too much about me, instead, you should be mindful of your own safety. I've already discussed the specific situation with Yi Sheng. In short, stay low profile."

Cao Zhen quickly ended his conversation with Duo Duo.

Among everyone, he was most concerned about Duo Duo and the others, since they were too many, and Zhu Peng had already shown such great strength.

As for Xiang Ziyu and Ruo Yun, although they also held great battle power, he was not as worried about them.

Each moved alone, so their resources were naturally limited, while the Demonic Lord Qing Shi had previously taken action, it was against separate individuals.

The night passed swiftly.

The next day, as the sun rose, the Double Sword Immortal reminded, "We can soon enter the territory of the Midnight Tribe. There, not only can we see no other Strange Beasts, but not even ordinary beasts.

Thus, we need to prepare enough food before entering.

Today, we should search for food first, and then proceed to their territory."

"Okay." Cao Zhen nodded slightly, and throughout the morning, the group was foraging for food. After noon, they set off towards the Midnight Tribe's territory.

The Midnight Tribe's domain was easy to identify; the land where they traveled before was soil-yellow, whereas the territory of the Midnight Tribe had entirely black ground.

Of course, the trees, flowers, and plants on the land were similar to those outside, and in fact, appeared to grow more vigorously.

"We are already in the Midnight Tribe's territory now. Although most of the Midnight Tribe operate during the night, there are some who move in the daytime, so we must be extra cautious."

Cao Zhen discovered that despite Double Sword Immortal's call for caution, they hadn't encountered any Midnight Tribe members along the way.

Evidently, the Ten Thousand Immortals Sect possessed some sort of pattern to avoid the Midnight Tribe.

Unknowingly, the sky darkened again.

"Let's find a place to hide." Double Sword Immortal looked around, clearly familiar with the area, or perhaps she had already examined the map. She pointed to a distant pathway, saying, "Let's go there and wait for the night. However, unlike outside, we cannot light a fire here at night."

Her last sentence was specifically explained to Ye Liangchen, and after seeing him nod, she led the way towards the distant Gao Shan.

The mountain wasn't imposing, but steep, making it challenging for ordinary humans to climb.

At night, Cao Zhen followed the Double Sword Immortal up the mountain, quickly reaching the midsection, when suddenly, ahead, Double Sword Immortal stopped in her tracks.

From all sides, the sound of something slicing through the air could be heard.

In the darkness, six figures from the Midnight Tribe emerged, one of them possessing six arms.

"Midnight Tribe?"

Double Sword Immortal's eyes widened in shock, disbelief showing on her face, "How can the Midnight Tribe appear here at this hour? What happened? Could it be that due to the inability to use Immortal Energy and Demonic Qi, the Midnight Tribe's patrol pattern changed?"

But on the previous pathways, the Midnight Tribe's patrol pattern hadn't changed at all!"

Before them, six Midnight Tribe creatures shrieked upon spotting the humans, rushing towards the group!

Despite her confusion, Double Sword Immortal quickly warned, "Fight quickly and don't hold back, kill all the Midnight Tribe as soon as possible! Otherwise, if time drags on, it will inevitably draw more Midnight Tribe members!"

With her words, a Sharp Sword had already appeared in Cao Zhen's hand.

However, his gaze immediately focused.

In the darkness, he saw a figure opposite him—a remarkably familiar silhouette.

Chapter 1794: Eight

Ruo Yun!

Why is she here too!

Almost at the same time, the Dual Sword Fairy also noticed the distant figure.

"Are there others? No wonder the patrol pattern of the Chaye clan has changed. It must be that this person had long been discovered by the Chaye clan and even pursued by them, which caused the patrol pattern to change."

As she spoke, in front of her, a Chaye clan member with four arms, each holding a sharp sword, had already rushed to her, and four sharp swords stabbed toward her simultaneously.

"Don't mind that person, first annihilate these Chaye clan members." The Dual Sword Fairy brandished her twin swords, quickly blocking in front.

In the distance, Ruo Yun looked at the four figures who appeared suddenly and did not move immediately. The other party was from the All-Encompassing Sect, and her Bai Feng Sect had no dealings with them, so she didn't know how the All-Encompassing Sect regarded her Bai Feng Sect.

Rashly going out might even trigger a conflict between both parties, so she decided to observe first.

But the next moment, her eyes widened suddenly, filled with surprise as she looked at the only person among the four who wasn't wearing the All-Encompassing Sect uniform.

This person has such exquisite movement technique!

She saw the other person's figure weaving around, already behind a Chaye clan member with six arms. At the same time, the sharp sword in his hand thrust out lightly and gracefully, piercing through the Chaye clan member whose back was penetrated by the sword.

This person has such formidable power!

Even though she practiced the Eight Nine Mysterious Art, she couldn't penetrate the Chaye clan member's body so effortlessly.

How can this person have such strong power?

His physical strength exceeds even her own!

In the entire Four Treasures Peak, only Xiang Ziyu and Master would have such physical strength.

Who is this person? A top expert of the All-Encompassing Sect?

Does the All-Encompassing Sect also have cultivation techniques comparable to their Four Treasures Peak's Eight Nine Mysterious Art?

Just as questions emerged in her mind, a voice suddenly rang in her head.

"Ruo Yun, come quickly to help."

Cao Zhen, while attacking the Chaye clan member in front of him, quickly transmitted a message to Ruo Yun through China Cloud. Although Ruo Yun was just a randomly connected user,

Ruo Yun was in the same world as him. Furthermore, her cultivation base had always been lower than his, enabling him to communicate with her through China Cloud.

Ruo Yun was instantly startled awake; this person is Master!

No wonder this person's physical strength is so formidable; it's Master!

She didn't have time to think about why Master was mixed with these All-Encompassing Sect people. She quickly got up and rushed toward the group, with a sharp sword and a long knife appearing in both her hands.

The Chaye clan member in front of Cao Zhen, despite having six arms, was just a bit troublesome but far from being a threat. He could even multitask, battling the Chaye clan member while transmitting messages to Ruo Yun: "Why have you come to this Chaye clan land? Are you also here for the Murderous Night Demon Spring?"

"Yes, Master. In fact, I had planned to enter this place to find the Murderous Night Demon Spring. After all, Master, you know that I excel at wielding multiple weapons, but my arms are limited to two, and I can't wield all the weapons I'm proficient in simultaneously.

So, upon learning about the existence of the Murderous Night Demon Spring, I have always wanted to come to this place and find the Murderous Night Demon Spring. If I could have eight arms, it would naturally allow me to wield eight different weapons simultaneously," Ruo Yun explained while fighting the Chaye clan member in front of her, answering Master's questions in her mind. To her, the Chaye clan member was not even a nuisance.

Cao Zhen nodded lightly; eight arms, capable of wielding eight weapons at once, that mathematics made sense without any flaw.

The problem is, as a girl, don't you find having eight arms unattractive?

Moreover, the Murderous Night Demon Spring only grants eight arms, but it still has only one head.

There's a type of spell in this world called the Three Heads and Eight Arms Technique, which has three heads and eight arms.

In his view, the Murderous Night Demon Spring held little value.

Having eight arms doesn't mean combat power would instantly multiply eight times. Furthermore, a person already accustomed to two arms might find additional arms restrictive to their strength.

For example, previous arms could rotate freely, but with extra arms, the space for arm movement would be limited.

Anyway, he had little interest in having eight arms.

Of course, he could understand Ruo Yun's thoughts.

"These All-Encompassing Sect people are also here for the Murderous Night Demon Spring. You should follow us later."

Cao Zhen said again, then focused on eliminating the six-armed Chaye clan member in front of him.

The Dual Sword Fairy recognized the Hundred Peaks Sect's attire, but she wasn't familiar with the people from the Hundred Peaks Sect considering she had just awoken not long ago.

Seeing the woman from the Hundred Peaks Sect suddenly make a move, she was slightly startled, and soon her eyes filled with astonishment.

This person has terrifying swordsmanship and astounding sword technique!

A person is usually either skilled in swordsmanship or in blade technique. Generally, those who train in close combat martial arts master one kind of weapon.

The people from the All-Encompassing Sect are like this; never have they seen someone who trains both swordsmanship and blade technique.

Chapter 1795:

It seems that the people of the Murderous Night Clan are the same; even if they have four arms, or even six, regardless of how many arms they have, they only use one type of weapon.

But this person from the Hundred Peaks Sect before her is using two different weapons simultaneously, and whether it's Sword Technique or Swordsmanship, in her eyes, they've both reached a great realm.

Equally terrifying is this person's speed, power...

This level of physical strength is even more terrifying than hers, a master of the All-encompassing Sect.

Four Treasures Peak lineage!

This person must be a disciple of the Four Treasures Peak lineage,

She had always heard that the disciples of the Four Treasures Peak lineage had incredibly strong bodies, and today, she finally witnessed that strength firsthand.

Using two kinds of weapons simultaneously, and still a woman, within the Four Treasures Peak lineage, there's only one who fits this description.

Immortal Ruo Yun.

The reincarnated deity spoken of in legend!

She was initially surprised for quite a while when she heard other disciples say that a reincarnated deity had joined a great teaching, and had even taken a master.

Therefore, that name left a particularly deep impression on her.

With Ruo Yun's joining, and Sword Immortal and others from the All-encompassing Sect, which is primarily focused on cultivating physical bodies as a great teaching, the Murderous Night Clan before them soon fell to the ground, despite not lacking strength.

Sword Immortal didn't bother to say much, quickly addressing everyone: "Quick, go, don't wait here, we have to change places."

While speaking, she picked up a corpse of the Murderous Night Clan, reminding them, "Keep their corpses, the people of Murderous Night Clan will soon find our traces, take their corpses with us."

After speaking, she ran ahead.

Behind her, everyone quickly grabbed several corpses of the Murderous Night Clan and ran towards the distance.

After running for about half a piece of incense's time, Sword Immortal suddenly raised a corpse of the Murderous Night Clan and threw it down the mountain. At the same time, she reminded everyone, "Throw their corpses down the mountain, such a high altitude makes it difficult for them to determine where the bodies fell from."

Upon hearing this, everyone quickly threw the bodies down. Cao Zhen tossed the corpses while muttering to himself, that it is only because no one is skilled in mathematics now; otherwise, determining where the bodies were thrown from, based on gravity and such, wouldn't be difficult?

Sword Immortal's experience is evidently very rich, or perhaps their All-encompassing Sect taught numerous methods for surviving in this region.

Sword Immortal and the others first erased their traces of departure, then forged false traces to create an illusion of everyone escaping in a different direction.

Then she led everyone to circle around, entering another mountain and finding a cave to drill into.

In the cave, once everyone ensured safety, Sword Immortal looked towards Ruo Yun Immortal and whispered, "This Dao Companion, you should be from Hundred Peaks Sect, Immortal Ruo Yun."

Even though the cave was pitch-dark, once everyone adapted to the level of darkness here, relying on the moonlight outside, they could faintly discern everyone's appearance.

Ruo Yun nodded slightly and responded, "That's right, I am Ruo Yun, how should I address you all?" She didn't know why her master joined forces with the All-encompassing Sect people, but since she encountered her master, who actively voiced for her to come along, she naturally had to obey.

"All-encompassing Sect, Dual Sword, Dual Whip, Xun Jian."

After Cao Zhen and the other three from the All-encompassing Sect introduced themselves, Ye Liangchen quickly followed.

"Oh?" Ruo Yun arched her eyebrow subtly, and with a peculiar glance, she turned to ask her master, "This one didn't say he was from the All-encompassing Sect, nor is he wearing their sect's uniform, could it be that he is not an All-encompassing Sect Dao Companion?"

Sword Immortal displayed a hint of surprise on her face. Normally, hearing Ye Liangchen introduce himself, others would naturally assume Ye Liangchen belonged to their All-encompassing Sect, even if he wasn't dressed in their sect's uniform; it was not something to be astonished by.

After all, in every great teaching, not everyone likes wearing the sect uniform.

Yet, Ruo Yun instantly deduced that Ye Liangchen was not from the All-encompassing Sect; indeed, a reincarnated deity's insight is truly extraordinary.

Before Sword Immortal could speak, Cao Zhen voiced immediately, "I am indeed not from the All-encompassing Sect, however, this has little connection with this Immortal."

This Immortal though..."

Cao Zhen's face revealed a chilling murderous intent, making the already cold air due to the night become even more bone-chilling, causing everyone to involuntarily shiver.

"You want to make a move?" Ruo Yun Immortal deliberately lowered her voice, threatening, "I can tell your physical strength is strong, but it's not truly invincible. Do you think you can surely defeat me?"

"Can't take you down?" Cao Zhen deliberately sneered, "I know you are the so-called reincarnated deity, but now, without celestial energy, relying only on your body, you're no match for me?"

"Whether a match or not, trying it will tell." Ruo Yun continued her threat, "You've noticed the situation here too, there are Murderous Night Clan everywhere outside.

Once we start fighting, attract the Murderous Night Clan, it's no big deal for everyone to die together."

She didn't know how her master wanted her to stay, was able to follow her master's words and continue acting.

Sword Immortal observing the two about to start fighting, quickly intervened: "Please, both of you, and hold your hands for a moment. We are all human cultivators, and all belong to the righteous path. In this Murderous Night Clan territory, it is only proper that we assist each other."

Chapter 1796: Separating Paths

Although she felt that Ye Liangchen was stronger, Ruo Yun was a reincarnated great ability. Who knows what other means Ruo Yun might still have?

Moreover, even if Ye Liangchen was stronger, and even if they assisted, they might not be able to defeat Ruo Yun quickly.

By then, due to the Murderous Night Clan, Ye Liangchen and Ruo Yun might have become even stronger and possibly escape, leaving them in a bad spot.

She absolutely did not want to see both sides engage in a battle.

She turned to look at Ruo Yun and asked, "I wonder, Immortal Ruo Yun, why have you come here?"

"Naturally, for the Murderous Night Demon Spring." Ruo Yun did not hide anything, as her master had already informed her of the other's purpose being the Murderous Night Demon Spring as well.

Upon hearing this, the two sword immortals paused slightly before speaking, "If it's like this, why not join us? We are five people in total, which is not too many, and together our power would be greater."

She had also just considered it; if they chased the other away, not to mention whether Ruo Yun would leave, if Ruo Yun really left, then wandered around, causing the guard routines of the Murderous Night Clan to change again, it would be troublesome for them.

It's better to keep Ruo Yun Immortal; moreover, Ruo Yun's strength is indeed strong enough, leaving Ruo Yun represents a significant aid to them.

Ruo Yun did not immediately agree but scrutinized the others, and only after a long time did she nod slightly, "That is fine."

Cao Zhen nodded slightly; in this way, it was considered a help to Ruo Yun.

Then he spoke no more but leaned against the wall on one side of the cave, reopening China Cloud, and began observing the Demonic Lord Qing Shi.

Others may not look, but the Demonic Lord Qing Shi must be observed daily.

Hmm?

Has the Demonic Lord Qing Shi gone out again?

Cao Zhen, through China Cloud, watched as the Demonic Lord Qing Shi entered another cave again, directly using a spell to kill all the people in the cave, taking away everyone's Qiankun Bags afterward.

The Demonic Lord Qing Shi did not return to the original place but continued walking in the dark, killing one cultivator after another.

Something's not right!

Yesterday, the Demonic Lord Qing Shi killed only some, then stopped the slaughter, but today, there's no sign of stopping.

If she continues killing like this, the number of people will decrease significantly.

Aren't she afraid of killing too many, and then not having anyone to help him find Chaos Qi?

For these resources, losing Chaos Qi would not be wise.

The Demonic Lord Qing Shi, a reincarnated great ability, could not make such a mistake.

Or has she already found Chaos Qi?

Has the Chaos Qi already been taken by her?

No, if Chaos Qi was so easy to take, why would she go to such lengths to get herself inside?

The Chaos Qi here may not be so easily taken, perhaps even needing two people with Chaos Qi to open it simultaneously, or someone needs to make a sacrifice.

The main problem is not being able to monitor the Demonic Lord Qing Shi 24/7; otherwise, he would know what she did before.

Cao Zhen watched as the Demonic Lord Qing Shi constantly hunted one after another master, unable to use immortal qi or demonic qi, and was increasingly worried. Will the Demonic Lord Qing Shi target Duo Duo and the others as well, considering their numbers aren't few?

No, they cannot continue traveling together; the target is too large.

Although Duo Duo and the others are strong, they have no power to resist against the Demonic Lord Qing Shi, who can use demonic qi.

Cao Zhen stopped watching the Demonic Lord Qing Shi and quickly contacted his disciple, the one on night watch, who happened to be Bei Yan. He conveyed his speculation to Bei Yan.

"Disciple understands, then the disciples will separate again and try to go to sparsely populated places."

After hearing his master, Bei Yan's face also became serious.

The next day, as dawn broke, all the sleeping people began to wake up.

Immortal Zi Hua stretched lazily, turned to look at everyone, and habitually said, "Everyone, shall we find some food first, then depart?"

"No." Bei Yan shook his head, saying solemnly, "I'm afraid we can't stay together?"

"What?" Immortal Zi Hua was suddenly stunned, looking at Duo Duo with surprise. Around them, Yi Sheng and Duo Duo were also filled with confusion as they looked at Bei Yan, puzzled by why Bei Yan suddenly proposed to separate.

Immortal Zi Hua sighed inwardly, originally thinking these days spent with the people from the Hundred Peaks Sect, they all got along well and could stay together. Unexpectedly, the Hundred Peaks Sect people proactively proposed to separate.

Moreover, the one speaking was from Four Treasures Peak, the disciple who joined the sect the earliest, Bei Yan.

Although it seemed that these days, the Hundred Peaks Sect people appeared to be led by Duo Duo, she also knew Bei Yan was actually the senior disciple among them.

Did the Hundred Peaks Sect people, upon discovering they were nearing the Delusional Heart River, decide the others had no more value and thus want to separate?

Facing everyone's confused gaze, Bei Yan glanced outside and then summoned everyone to move further into the cave, where he slowly spoke, "Something happened last night.

Here, there's an incredibly terrifying existence.

She's killing masters everywhere, and her targets are all the stronger individuals, as well as particularly those larger groups.

If we remain together, so many people could very likely become her targets. Therefore, we must disperse."

Chapter 1797: Division

"What? You said someone is slaughtering experts?" Immortal Zi Hua looked at Bei Yan with full confusion and asked, "How did you get this information?"

Everyone was traveling together, so how could Bei Yan have received the news while others did not? Moreover, judging from the confused expressions of the other people from the Hundred Peaks Sect, it was clear they were also unaware of this news.

This was odd.

"Because I met Senior Brother Xiang Ziyu yesterday, and he told me all of this," Bei Yan said, sticking to the reason he had fabricated the day before. "Along the way, I've been leaving plenty of marks. Yesterday night, while on duty, I stepped out for a moment. In fact, it was to meet my senior brother."

As he spoke, he intentionally glanced to the side at a male disciple from the Sacred Flower Sect, who had been standing watch with him the previous night.

After receiving the message from his master, he again intentionally left once more.

The male disciple from the Sacred Flower Sect felt the questioning gaze of Immortal Zi Hua and nodded slightly in acknowledgment of Bei Yan's words.

Among the Sacred Flower Sect's disciples was a young female disciple who seemed quite dissatisfied upon hearing this: "Oh? It's your sect's Xiang Ziyu? Then I wonder, what did he discover? Besides, from what I know, your sect's Xiang Ziyu has an incredibly formidable physical body.

Even considering him, along with Zhu Peng and Duo Duo, with our strength, there probably aren't many who could oppose us. Why do we need to run?"

She didn't believe Bei Yan's nonsense; this Bei Yan chose not to mention splitting up earlier but only suggested it after bringing the Hundred Peaks Sect people to the Delusional Heart River, clearly indicating they thought they had no further use for them.

Actually, if the Hundred Peaks Sect people had stated it directly, they could have accepted it.

But instead, the Hundred Peaks Sect made up such absurd reasons.

Who would believe this!

"Under normal circumstances, no one can threaten us, but what if abnormal situations arise?"

Bei Yan spoke, casting another glance outside, seemingly confirming there was no one else nearby, before he continued, "None of us can use Immortal Qi, but that person can use Immortal Qi, or rather, can use Demonic Qi!

The opponent can directly deploy a Domain; how can we fight against that?"

"What!"

"Impossible!"

"No one should be able to use Immortal Qi or Demonic Qi; how can there be any exceptions!"

The people from the Sacred Flower Sect were increasingly skeptical of Bei Yan's words.

"Why would I deceive you!" Bei Yan said with a helpless expression, explaining to everyone, "My senior brother told me he had entered two caves before and saw dead masters in each cave, and more importantly, he found traces of spellcasting inside.

He firmly believed that someone could cast spells. So once he discovered the marks I left, he promptly came to inform me of this news, urging us all to act separately.

In short, I have no reason to deceive you. Not only do we need to separate from you, the Sacred Flower Sect people, but we also need to disperse ourselves."

Bei Yan said, turning to look at everyone, "My senior brother's suggestion is that the more scattered we are, the better, ideally with no more than three people in each group."

Surrounding them, the people from the Four Treasures Peak quickly began to ponder; was this really Xiang Ziyu's idea? Probably not; Senior Brother Xiang Ziyu, although he entered the River of All Realms alone, disappeared without a trace. Moreover, they didn't agree on leaving any marks.

So there's only one possibility: last night, their master conveyed the message to Bei Yan through special means.

The master had previously mentioned that Demonic Lord Qing Shi could wield Demonic Qi.

In other words, was it Demonic Lord Qing Shi who had started the massacre, and the master instructed everyone to separate to avoid the slaughter?

After Bei Yan finished speaking, he stopped looking at everyone and instead began distributing tasks among the Hundred Peaks Sect members.

"We seven people will split into three groups. Zhu Peng and Liao Youdi, you'll be one group; Youdi Junior Sister, make sure to keep an eye on Zhu Peng.

Zhu Peng, you must listen to Junior Sister Youdi and do not rush out again to kill a group of people like before.

Duo Duo, you team up with Senior Sister Yi Sheng, and the remaining will be me, Jing Yao, and Linghu Gudu."

Among the people from the Hundred Peaks Sect present in the River of All Realms now, the strongest were Zhu Peng, Duo Duo, and himself.

So, naturally, the three of them must split apart.

Relatively speaking, his strength was the weakest, so his group had three people, and Zhu Peng was a special case; besides him, Zhu Peng listened most to Duo Duo and Liao Youdi, so he let Liao Youdi team up with Zhu Peng.

"Alright, we must not delay; let's quickly disperse. In these few days, we also better not wander outside aimlessly.

We can find a concealed cave and hide in it. If we can't cultivate Immortal Qi, we can practice Swordsmanship, Sword Technique..."

Bei Yan said, glancing again at Immortal Zi Hua and others. Seeing that everyone still didn't believe him, he sighed inwardly and reminded once more, "Everyone, I am truly not deceiving you; it is best for you all to separate as well.

I know you might have doubts. So, the location of a cave with traces of spells, which my senior brother once saw, was told to me; one of these caves is not far from here, the one we passed yesterday, on the mountain outside, which looks like a lying fairy, at the halfway up the mountain..."

Chapter 1798: Divided Paths

Bei Yan told the location of a mountain cave that his master had informed him about to the members of the Sacred Flower Sect, and suggested once again, "If you don't believe me, you can go take a look. All right, we'll separate for now. Everyone, take care."

They had been together for the past few days, eating and living together, forming some bonds. He truly couldn't bear to see these people gather together, only to encounter the Demonic Lord Qing Shi and ultimately be completely slain.

After Bei Yan finished speaking, he left the cave with the members of the Hundred Peaks Sect. The three groups chose three different directions to leave.

The Sacred Flower Sect members watched the backs of the departing Hundred Peaks Sect members, looking at each other in confusion. After a long time, a disciple turned to Immortal Zi Hua and asked, "Senior Sister, what should we do? At first, I didn't believe Bei Yan, but he swore that the mountain cave..."

"Let's go take a look."

Immortal Zi Hua pondered for a moment and led the group to the location Bei Yan had mentioned. His description was quite detailed, so they found the cave with little effort.

Upon entering the cave, they immediately saw four corpses lying on the ground.

Instantly, everyone's complexion changed drastically.

"These are people from the Firmament Sect."

"It's the Firmament Sect, Immortal Yong Xin, Immortal Yong Cheng, Immortal Yong Ren, and Immortal Yong Yi! All four are beings at the peak of the Immortal Path Domain."

Suddenly, a voice came.

"Look at this place, these marks... these are clearly left by a spell passing through."

Upon hearing this, everyone ran over one after another.

"This..."

"These are marks from a spell!"

"These marks are evidently recent, likely within a day or two."

"So Bei Yan wasn't lying! Someone really can manifest Demonic Qi!"

"How can this be? How can someone manifest Demonic Qi?"

"Chaos Qi!" Immortal Zi Hua suddenly thought of something and murmured, "There's Chaos Qi here, and Chaos Qi is the origin of all energies. The River of All Realms has become like this, likely because of Chaos Qi."

Therefore, if someone can manifest Immortal Qi or Demonic Qi, the only explanation is that they possess Chaos Qi.

Moreover, the rumor of Chaos Qi here initially made people feel strange.

Now, I have another bad suspicion. Perhaps the one manifesting Demonic Qi, as Bei Yan said, who is slaughtering experts everywhere, is the person spreading the word about Chaos Qi here.

Their purpose may very well be to slaughter the experts entering this place."

"What!"

"Then won't we be beheaded by him sooner or later?"

"Yes, if that's true, we shouldn't scatter; we should have everyone see these caves and unite our strength to face him."

"That's unrealistic." Immortal Zi Hua shook her head and sighed, "Firstly, gathering everyone might cause conflicts among us. Even if everyone could unite against an external threat, we are facing someone who can wield spells. They fly in the Void, constantly attacking us with spells. How can we defend?"

Moreover, with so many people together, don't we need to go out for food? Wouldn't that attract the attention of the Alien Race?

So the only strategy is to scatter. Then, wait for this place to return to normal.

The River of All Realms is vast; it can't remain in this state forever. Once everyone can use Immortal Qi and Demonic Qi, we'll be safe again."

Immortal Zi Hua pointed forward and said, "Four people have died here, so Bei Yan initially advised no group should exceed four people. We'll allocate accordingly.

We truly misunderstood them. I hope we all have the chance to leave here. When that time comes, I'll personally visit the Hundred Peaks Sect to express my gratitude."

Immortal Zi Hua sighed lightly and quickly arranged everyone's groups before leaving the area.

After notifying Bei Yan and the others, Cao Zhen informed Ling Xi and her three friends about the situation outside and advised them to hide temporarily. Thinking it over, he felt it necessary to inform Xiang Ziyu as well.

Although that kid has always been alone, who knows if he's with anyone now.

Just as he connected to Xiang Ziyu through China Cloud, he suddenly froze. Xiang Ziyu was indeed alone at the moment, but surprisingly, there was a White Tiger following him!

Chapter 1799:

Cao Zhen heard Bei Yan and Duo Duo mentioning that they'd encountered a White Tiger, not an ordinary tiger, but rather one of the Four Holy Beasts.

However, the White Tiger managed to fool them twice and escaped both times.

Naturally, he also wanted to capture such a White Tiger and bring it back to the Hundred Peaks Sect as the Protector Beast of the Sect, but he couldn't, so he could only be envious.

As it turned out, this White Tiger was actually with Xiang Ziyu. What was going on here?

It seemed that both the White Tiger and Xiang Ziyu had obvious injuries.

Xiang Ziyu's physical body was not much weaker than his, and this was a White Tiger; even if it hadn't matured, it was still one of the Four Holy Beasts, with certainly a terrifying physical body.

How could the two of them be injured?

Could it be that this man and tiger had just fought a fierce battle?

In his sight, Xiang Ziyu took two steps and suddenly pressed the body of the White Tiger, then, with a strong push of both arms, tried to mount the White Tiger.

Feeling Xiang Ziyu's power, the White Tiger's body shook violently, rendering Xiang Ziyu's efforts fruitless, preventing him from mounting the White Tiger.

Then, panting heavily, a cruel light emanated from its pair of tiger eyes, as if it wanted to devour Xiang Ziyu alive.

"Why are you looking at me like that?" Xiang Ziyu seemed oblivious to the anger in the White Tiger's gaze, instead looking discontentedly at the White Tiger as he shouted, "What are you looking at? What's wrong with me riding you? If it weren't for me, you'd already be dead."

Now, we're both injured, let's find a place to heal first. You have four legs and can run away, I need to ride you to leave quickly, is there any problem?"

Saying this, Xiang Ziyu once more reached out his hand toward the White Tiger.

The next instant, the White Tiger abruptly opened its mouth, revealing sharp fangs, and let out a growl full of warning.

"What are you doing? Are you trying to get more people to notice us? Is that it?" Xiang Ziyu glared at the White Tiger and shouted irritably, "And why did you open your mouth? Are you trying to bite me?"

This is dangerous; do you know who I am? I..."

Before he could finish, the White Tiger interrupted him angrily: "I don't know who you are, but you must know I'm the Sacred Beast White Tiger!"

How dare you ride me? Riding me is an insult to the Sacred Beast White Tiger, even to all Four Holy Beasts! You are asking for death!"

Its pride would never allow a human to ride it, let alone such a minor person from the Immortal Path Domain.

Cao Zhen listened to the White Tiger's voice, somehow finding it sharp and feminine, like a woman's voice.

So, it's a tigress?

No wonder the White Tiger didn't let Xiang Ziyu ride it; is that something you can casually ride?

Xiang Ziyu was stunned to hear the White Tiger speak, instinctively saying, "So you can talk!"

This was the first time the White Tiger spoke in front of him.

"Nonsense, I am equivalent to your human Immortal Realm existence, of course, I can talk." The White Tiger's voice was filled with disdain, its gaze at Xiang Ziyu gave the impression it was pitying someone with intellectual problems.

Cao Zhen, bewildered by the White Tiger's tone and the rolling of its eyes, couldn't help but think the White Tiger was giving Xiang Ziyu an incredulous look.

"I know Strange Beasts can speak after reaching the Earth Immortal Realm. But since you've kept silent all this time, I thought you were mute." Xiang Ziyu, feeling affronted by the disdain of a Strange Beast, was indignant; a Sacred Beast is also a Strange Beast, and he, as the leading character, could not accept being disdained by a Strange Beast.

The White Tiger went wild, swinging its massive claws in front of Xiang Ziyu as a threat: "I am a Sacred Beast; I repeat, Sacred Beast White Tiger. Am I mute? You are insulting the Sacred Beast again; you're dead!"

"No, you're in danger. You're the Four Holy Beasts? Do you know who I am? I am the main character, the one and only main character in the Universe!" Xiang Ziyu spoke with such an overwhelming presence, looking at the White Tiger with extraordinary confidence as he said, "As the main character, my mount is destined to be at least of the Four Holy Beasts level.

Meeting me is your good luck, and you don't treasure it. I tell you, not everyone can be a mount for the main character."

Saying this, Xiang Ziyu again raised his hand to press down on the White Tiger, seemingly intending to use force to subdue it.

The White Tiger roared defiantly, furiously twisting its body, refusing to let Xiang Ziyu mount it.

One man and one tiger remained at an impasse.

Cao Zhen finally couldn't stand it and sent a message to Xiang Ziyu: "Zi Yu, wait a moment, stop trying to ride the White Tiger, what's happening here?"

"Master? How did you suddenly contact me?" Xiang Ziyu was slightly stunned, his master rarely contacted him without reason.

Moreover, he had mentioned to his master that he was the main character and wanted to forge his own path without being disturbed during his adventures.

"Because I, as your master, am also in the River of All Realms, and I previously contacted your other senior sisters, junior brothers, and junior sisters." Cao Zhen continued to inquire, "What's going on with this White Tiger?"

Xiang Ziyu casually replied in his mind: "You ask about the White Tiger? Not much, earlier I entered the Blood Toad Clan's territory and obtained a treasure, while this White Tiger retrieved a treasure from the Giant Frog Clan.

Chapter 1800:

"The treasure we combine is called the Cang Hai Sang Tian Pearl."

Cang Hai Sang Tian Pearl!

Cao Zhen's eyes revealed a hint of surprise. If the Instant Millennium Pearl could add a millennium to a power's history, making one day equal a thousand, then the Cang Hai Sang Tian Pearl would truly allow one to experience ten thousand years in just one day!

It's not about adding ten thousand years but having him go through those ten thousand years.

In ten thousand years, there are so many things that can be accomplished.

A gifted cultivator, given ten thousand years, can break through to unimaginable levels. When he roamed the Eastern Province as the Bleeding Tears Assassin, he heard legends about the Cang Hai Sang Tian Pearl.

The most recent legend involved the Yin Yang Sect's current Law Enforcement Elder—True Lord Xuan Yang.

Back then, True Lord Xuan Yang was being hunted by his enemies and hid in a certain place.

His enemies were not in a hurry and slowly searched for Xuan Yang after sealing the surroundings, but just after a day, Xuan Yang appeared before them.

Previously, True Lord Xuan Yang was only at the Late Immortality Regainment Realm, not even reaching the Peak Immortality Regainment Realm.

Yet after just a day, True Lord Xuan Yang had reached the True Immortal Realm and easily annihilated his enemies.

Afterward, people discovered that True Lord Xuan Yang had consumed the Cang Hai Sang Tian Pearl.

Others thought only a day had passed, but he had actually spent a whole ten thousand years within the Cang Hai Sang Tian Pearl and directly broke through to the True Immortal Realm!

Now, Xiang Ziyu claimed he had obtained a Cang Hai Sang Tian Pearl, or rather, half of it, while the other half was with the White Tiger.

He finally understood why Bei Yan and the others saw the White Tiger being chased by the Giant Frog Clan twice. It turned out the White Tiger had stolen someone else's treasure.

Xiang Ziyu continued, "Anyway, I don't know how those two aliens did it, splitting the Cang Hai Sang Tian Pearl, with each clan taking a part.

After each of us got a piece of the treasure, we were both hunted by these aliens. We could also sense the treasure on each other and wanted to snatch it back from the other."

Then we met, along with the aliens chasing us, and naturally joined forces to annihilate those aliens chasing us.

Then Master, you arrived."

"So now, the situation is that unless you give your half of the Cang Hai Sang Tian Pearl to the White Tiger voluntarily, this White Tiger will definitely stick with you and not leave."

Cao Zhen instantly understood why this man and tiger could always be together. Just now, Xiang Ziyu spoke for a while, and his time was limited, so he quickly mentioned the urgent matter.

"If it were elsewhere, being with such a White Tiger would be no problem, but right now, you're in danger.

The reason why the River of All Realms doesn't allow the use of celestial and demonic qi is because of a woman named Demonic Lord Qing Shi. I've told you about that woman.

That woman possesses Chaos Qi, which allows her to use demonic qi.

Moreover, she now specializes in torturing and killing masters and seizing their resources. Being with the White Tiger makes it very likely for her to target you.

Furthermore, she might know you have the Cang Hai Sang Tian Pearl in your hand and be even more inclined to attack you.

That woman is from the Wanxiao Sect, and with your high profile, she probably already knows your details."

"She can use demonic qi?" Xiang Ziyu's face immediately showed a trace of shock, and then he whispered, "Forget it, for now, I'll let her go. Master, don't worry about me. I'm the protagonist; that woman won't find me. I know a very, very hidden place, and I'll take the White Tiger to hide there later."

Listening to Xiang Ziyu, Cao Zhen let out a slight sigh of relief. Fortunately, Xiang Ziyu wasn't stubborn enough to say that he didn't fear her despite her ability to use demonic qi.

Yet, it's true.

Although Xiang Ziyu's thinking sometimes deviates from the norm, he's not truly foolish. How could he be so silly as to confront someone capable of wielding the Immortal Path Domain?

Just after Xiang Ziyu finished speaking, he noticed his master's voice disappearing, so he turned to the White Tiger and said, "Little White Tiger, let's go. Big Brother will take you somewhere.

The outside world is too dangerous; here, there's someone who can use demonic qi. They might target our Cang Hai Sang Tian Pearl.

Luckily, I know such a place, extremely hidden, underground. They definitely won't find us."

"Don't call yourself Big Brother in front of me. First, you're not from the White Tiger Clan, and second, I'm older than you."

The White Tiger fiercely gestured with its tiger paw in front of Xiang Ziyu, yet obediently followed him, saying while walking, "You do have some skills, knowing there's someone who can use demonic qi.

However, you only know half of it."

Although the White Tiger couldn't transform into human form now, it spoke with a haughty expression, "I can tell you, in this River of All Realms, there are actually two people who can wield celestial and demonic qi.

Don't ask me how I know, because I am the Sacred Beast White Tiger! Even though I'm not fully grown and can't utilize the celestial qi within me, I'm far beyond your comparison."
