

My Master 2061

Chapter 2061:

He remembered that Ju E held a very high status among the Fox Monster Clan.

Why did the Fox Monster Clan let her into this dangerous Outer Heaven Battlefield?

Ju E was originally at the Peak Earthly Immortal Realm, and without the Heavenly Dao restricting her power, it's normal for her to break through to the Immortality Regainment Realm.

However, even if she has entered the early stage of the Immortality Regainment Realm, doesn't the Fox Monster Clan fear Ju E dying here?

Since her appearance, Ju E has been constantly watching Cao Zhen. Upon discovering a battle in the distance, she rushed over at the first moment.

As they were about to arrive, they heard an incredibly terrifying explosion, even from a distance they could feel the terrifying power bursting forth.

Yet she still came.

The terrifying power suggests an extremely fierce battle between the sides, and if one side is forced to use such a powerful strike, the other side must also be very strong.

Perhaps the two sides became badly injured, allowing her to take advantage.

Moreover, she had top experts by her side; even if the opponent was truly strong, they could still escape.

Unexpectedly, she encountered Cao Zhen.

Thinking of Cao Zhen, she couldn't help but think of pigs!

Later, within the small universe of her clan, she specially set up a pigsty, raising various pigs, all of them sows!

However, eventually, the experts awakened, and Cao Zhen returned to the Eastern Province, leaving her no chance to capture Cao Zhen back.

But now, Cao Zhen appeared right in front of her.

Didn't Cao Zhen capture her before? Didn't he want to throw her into the pigsty?

Then she must capture Cao Zhen and throw him into the pigsty she specially set up.

The thought thrilled her!

As for the strength of Cao Zhen and his companions, although the strike she saw before was terrifying, she still had two experts beside her.

It may not be compared to Wu Fa and...

What was that...

Ju E's gaze inadvertently fell behind Cao Zhen, looking at the dead flying insects, then glanced around.

Since she arrived, her gaze had always been on Cao Zhen, without looking around. Now taking a look, she gasped!

So many flying insects, and all dead. Even more terrifying, they seemed slain by a single strike.

There is a large amount of green liquid around, clearly some insects flew and turned into debris.

She instantly thought of the loud noise she heard from afar earlier, and realized, was it caused by that strike?

That strike was far more terrifying than she imagined!

If that person is also here...

The excitement in her heart suddenly calmed down. If the experts on Cao Zhen's side were stronger than she expected, she might not be able to take Cao Zhen away.

On the opposite side, they were observing the Fox Monsters on Ju E's side, especially the one with nine tails.

Soon, a trace of doubt appeared in the eyes of the Three-eyed Honor, as the nine-tailed fox demon wasn't looking at them but kept watching only Cao Zhen.

Though they stood together, he could still confirm the nine-tailed fox demon was only watching Cao Zhen; if he was wrong, he might as well abandon his third eye!

He didn't understand, with so many people here, and Cao Zhen not exuding the strongest aura, why was the nine-tailed fox demon watching Cao Zhen?

He was puzzled, and suddenly, the nine-tailed fox demon smiled, took two steps forward while smiling, and shouted: "Why? Haven't seen me for so long, not even a greeting?"

The Three-eyed Honor was stunned, what's happening? Was that fox demon talking to Cao Zhen? Did Cao Zhen know that fox demon?

Cao Zhen deliberately displayed a bright and relaxed smile, and laughed: "Why? Missing the days of being alone with me? Do you need a hug from me?"

He said while spreading his arms, deliberately took two steps forward, but remained extremely vigilant.

Ju E was among the fox demon royalty, once even the temporary clan leader of the fox demons, with terrifyingly strong talent.

If Ju E hadn't encountered him, she certainly wouldn't have been captured!

She came to the Outer Heaven Battlefield, with experts certainly protecting her.

Especially, his side just used the Prosperous Age Picture Record in a strike; its power was incredibly terrifying, if Ju E didn't have significant strength and confidence, she wouldn't dare come easily to check.

And on his side, having just released the Prosperous Age Picture Record, he couldn't use it again.

The biggest trump card was gone.

This time, he thought wrongly!

In the future, encountering such situations, he should first use the Immortal Slayer Flying Knife, even if using it three times would render it useless, afterward, he still had the stronger Prosperous Age Picture Record, he had backup plans.

However, Ju E did not act immediately, seemingly fearing that previous strike.

So, he had to act strong, absolutely couldn't let Ju E see through him.

Although, before, Ju E never showed hostility towards humans.

But here is the Outer Heaven Battlefield, who knows what Ju E might do? Besides, perhaps Ju E was wary of him before.

And now, he no longer has that previous strength.

Chapter 2062:

Even though Ju E really doesn't want to fight with humans, I did capture her before. What if she captures me alone for revenge?

Even if she doesn't kill me, what if she throws me into a pigsty?

I heard later that Ju E specifically set up a pigsty.

Three-Eyed Honor, listening to Cao Zhen's answer, suddenly widened his eyes. It's really Cao Zhen! They really know each other, and from the sound of it, their relationship seems very close!

Alone together?

This, a man and a woman...

Though that fox demon is a demon and not a human, demons originally look almost like humans, just with some special features, they can completely be considered human.

This man and woman alone together, and then, from the fox demon's tone, why does it feel like Cao Zhen abandoned her after playing with her emotions?

No way...

Did Cao Zhen and the fox demon from the Fox clan's royal family do that? And then he abandoned her?

Isn't he courting death?

That's the Demon Clan, one of the nine royal families among them, a royal in the demon clan.

Wouldn't the demon clan go crazy and annihilate Cao Zhen?

However, isn't Cao Zhen from the remote Eastern Wasteland? It's an extremely remote place even in the Eastern Province, and this is Cao Zhen's first time at the Outer Heaven Battlefield. How did he get to know that fox demon?

No, wait!

Suddenly, Three-Eyed Honor recalled something, a look of surprise appeared in his eyes, incredulously staring at Cao Zhen.

He suddenly thought of a person.

It is said that once, someone came to their Central Continent and went around annihilating the six major alien races, and that person was extremely powerful, having reached the pinnacle of the Earth Immortal Realm.

He didn't learn much about that person, but he had heard that the person was a man, and was from the Eastern Province.

And, this is Cao Zhen's first time at the Outer Heaven Battlefield, and he knows this fox demon, so there's only one possibility, they met before in the Central Continent?

No, wait!

As Three-Eyed Honor pondered, he shook his head again. That person hadn't fallen into slumber back then, and even now, with the Heavenly Dao no longer restraining the world's power, that person would at most break through to the Early Immortality Regainment Realm. Cao Zhen, however, is at the Mid Immortality Regainment Realm, so that person isn't Cao Zhen.

It's just that, for some unknown reason, Cao Zhen has been to the Central Continent and therefore knows this fox demon.

Since they know each other, shouldn't they not end up fighting?

He breathed a sigh of relief, turning his gaze to the side, only to be shocked to find Venerable Ruo Yun, with a grim expression, watching opposite, not showing any signs of relaxation.

What on earth is going on?

Venerable Ruo Yun and Cao Zhen belong to the same Great Teaching, and Cao Zhen is talking with the other party, so why does Venerable Ruo Yun still look ready to act at any moment?

Have these two turned love into hate?

Ju E heard Cao Zhen emphasize their solitary encounters, and couldn't help but recall the scene when Cao Zhen kidnapped her and threatened her, a peculiar expression instantly appearing on her face. But soon, her face returned to a smile, saying, "Indeed, I missed you very much. Sect Leader Cao, as you've mentioned being alone together, why don't we have another private moment?"

Cao Zhen didn't fall into slumber back then, meaning that now at most, he's at the Early Immortality Regainment Realm.

And she, due to the special methods of her Fox clan, is now at the Mid Immortality Regainment Realm, even vaguely about to break through to the Late Immortality Regainment Realm.

Even if Cao Zhen was formidable in the Earth Immortal Realm, and even if his Immortal Mountain was majestic, Cao Zhen now definitely isn't her match.

As long as Cao Zhen dares to come forward, she would surely be able to capture him!

Cao Zhen wants to meet alone again? Wants a hug? She wants to see if Cao Zhen has the guts.

Cao Zhen was suddenly dumbfounded, this Ju E, surprisingly bold enough to want to have a private moment with him, isn't she afraid he might kidnap her again?

This little fox had seen his Immortal Mountain, she even witnessed him take action, she should be aware, being at the same level of breakthrough as him, that her combat power couldn't possibly be stronger than his.

Or does the little fox have some hidden trick?

But even if the little fox has a hidden trick, he can't retreat, because if he retreats, the little fox might think he's weak and might let her people attack right away!

Not to mention, no way the little fox would expect that after his breakthrough, he'd have an Immortal Mountain of eighteen hundred zhang, even if the little fox has a trick, she certainly wouldn't be his match.

"Alright, speaking of it, after not seeing each other for so long, I kind of miss your little tail." Cao Zhen said as he walked confidently forward.

On the other side, Venerable Gui Jian, Three-Eyed Honor, and others were dumbstruck, what did that nine-tailed fox demon address Cao Zhen as just now?

Sect Leader Cao?

Cao Zhen is a Sect Leader?

How is that possible, they just arrived at the Outer Heaven Battlefield for the first time, no way they would send a Sect Leader on their first outing.

Moreover, how could someone who is just Mid Immortality Regainment Realm, who doesn't seem to be some extraordinary Heavenly Pride, possibly be the leader of a Great Teaching!

However, the fox demon clearly knows Cao Zhen, she couldn't be wrong.

Moreover, Cao Zhen didn't deny it, and those from the Hundred Peaks Sect, and even the Extreme Formation Sect didn't show any signs of surprise, indicating they acknowledged the words of that nine-tailed fox demon.

Chapter 2063:

Cao Zhen is indeed the Sect Hierarchy of the Hundred Peaks Sect.

Hm?

Or perhaps, Cao Zhen was once the Sect Hierarchy of the Hundred Peaks Sect, like an interim Sect Hierarchy?

No, that's not right. If he were an interim Sect Hierarchy, Cao Zhen should have been at the Earth Immortal Realm at the time. Now, at most, he would only be at the Early Immortality Regainment Realm, not at the Mid Immortality Regainment Realm.

That doesn't make sense either?

Unless, Cao Zhen once obtained some mystical artifact, like the Instant Millennium Pearl, allowing him to break through to the Mid Immortality Regainment Realm in a short time?

As for why Cao Zhen used such a mystical artifact, perhaps it was bestowed upon him by an elder.

This would also explain why Cao Zhen recognizes the fox monster opposite.

As for that person back then, it probably wasn't Cao Zhen.

After all, that person was terrifying within the Earth Immortal Realm. If he had obtained the Instant Millennium Pearl to advance to the Mid Immortality Regainment Realm, his Immortal Mountain should

measure more than eighteen hundred zhang in height—surely it must match Ruo Yun Venerable's height, or even exceed it.

Opposite, Ju E watched Cao Zhen step forward, feeling immediate joy. This Cao Zhen, has actually come forth.

Good, very good!

Once the distance is close enough, I can make my move and capture Cao Zhen directly.

The others on both sides remained silent, simply watching as the distance between Cao Zhen and Ju E grew smaller and smaller.

Even though they were all experts at the Immortality Regainment Realm, they did not unleash their power as they advanced toward each other, their speed surprisingly equivalent to that of ordinary mortals.

However, the distance between the two kept shrinking.

Just as the two were about to meet, suddenly, a rumbling sound erupted around them. Hearing this, everyone quickly turned their heads to look into the distance, instantly witnessing gigantic figures emerge within their sight.

Upon recognizing these forms, Three-Eyed Honor couldn't help but exclaim, "This is the Tailless Lizard Clan!"

Beside him, Venerable Gui Jian swiftly introduced to everyone, "This is the Tailless Lizard Clan of the Beast Clan. Though they are called tailless, their tails are actually used as weapons.

This clan excels in close-quarters combat. Their bodies are unusually strong and immensely powerful, while their skin armor is exceptionally durable. To this day, we have yet to find any specific spell they particularly fear."

"With so many from the Tailless Lizard Clan, we're in trouble this time!"

Everyone looked at those figures, each with a grave expression.

This place now hosted three major races.

While it's known that battles can break out among the various races on the Outer Heaven Battlefield, it's more likely that the Human Clan will get attacked jointly by other races.

For this time, the six alien races aim to weaken the Human Clan, and if they get the chance, they'll collaborate.

Even though Cao Zhen knows the fox clan across from him, his relationship with them feels peculiar. Who knows if the fox clan might ally with them.

Cao Zhen turned, eyeing the lizards and the beasts of the opposite clan, then halted, looking at Ju E, saying, "Ju E, those guys opposite us outnumber our two clans combined. How about teaming up for now to take them out first?"

He clearly understood their fighting power was decent enough due to having Ruo Yun within their ranks. Yet, if these lizards dared to come despite knowing the intense battle occurring here, it signified that their power was terribly formidable.

It's likely they were not their match, and as Venerable Gui Jian advised earlier, if encountering two or three alien races, it's best to keep them at a distance because on the Outer Heaven Battlefield, while the six alien races would fight amongst themselves, they prefer killing humans first unless there's an Insect Clan queen nearby—then everyone would target the Insect Clan queen.

Now that the Insect Clan queen was dead here, who knows if the Demon Clan will join forces with these beasts?

He must strike preemptively, allying with Ju E and her group against the beast clan.

Ju E saw that she and Cao Zhen were close enough. She felt if she moved, she could capture Cao Zhen, but then, these Tailless Lizards showed up.

Such cursed things, ruining her plan!

She turned, looking at the Tailless Lizards, her eyes flashing with anger, then shouted at the fox clan behind her, "Attack and kill these Tailless Lizards!"

Though she wasn't the strongest among the fox clan, she held the highest status. Even the two eight-tailed foxes beside her were there to protect her!

As soon as she gave her command, Immortal Mountains suddenly manifested behind the fox clan.

Among them, the strongest two foxes had Immortal Mountains behind them, one reaching a height of four thousand zhang, and the other an intimidating five thousand three hundred zhang!

The rest of the fox clan each had Immortal Mountains reaching three thousand zhang!

Venerable Gui Jian inhaled sharply at the sight of the fox clan's Immortal Mountains, realizing this was the protective force of the Nine-Tailed Fox Demon!

The height of those Immortal Mountains was indeed terrifying!

Especially those two eight-tailed fox demons—one was at the Advanced Earthly Immortal Realm, and the other was at the Peak Earthly Immortal Realm!

Once the fox demons released their Immortal Mountains, their tails fluttered behind them.

Chapter 2064: Part 6

Instantly, beams of light shot out, landing on the Tailless Lizard Clan one by one. Among them, the eyes of two Tailless Lizard Clans showed a strange color, as if they suddenly went mad, and started to attack an empty field beside them frantically.

Charm Technique!

These two Tailless Lizard Clans must have been affected by the charm of a Fox Monster.

The Fox clan is most skilled in Charm Technique!

Suddenly, in the next moment, at the back of this group of Tailless Lizard Clan, two Tailless Lizard Clans, without any warning, suddenly raised their tails and heavily struck two Tailless Lizard Clans in front of them!

This strike seemed to have used up all their strength.

In front of them, the two Tailless Lizard Clans being attacked sensed the force from behind, but it was too late!

A giant tail, like a meteorite from the heavens, crashed heavily on their heads, the force so strong that two loud sounds, like a mountain bursting, resonated.

The two Tailless Lizard Clans fell heavily onto the ground, stirring up a large cloud of dust. The spots where they were hit apparently cracked open, and bright red blood flowed out.

With one strike, while they weren't dead, they were heavily injured.

Around them, the other Tailless Lizard Clans quickly reacted, immediately distancing themselves from the two attacking their companions, and then, a voice rang out.

"They have already fallen under an illusion, kill the two of them!"

With these words, on the side, four other Tailless Lizard Clans immediately made their move, attacking these two Tailless Lizard Clans.

But suddenly, inexplicably, among the four Tailless Lizard Clans, one of the swinging tails suddenly changed direction, turning to attack its own companion!

He also fell under an illusion!

Though the number of these Tailless Lizard Clans was large, for a moment, they fell into chaos, some were attacking the empty space before them, some attacking their companions, and some, under illusion, were attacking each other.

Venerable Gui Jian looked at the increasingly chaotic Tailless Lizard Clans, while continuously performing swordsmanship, secretly vigilant as he glanced at the distant Fox Monsters!

This is why the Fox Monster Clan could become one of the Demon Clan's nine great Royal Families!

Their methods are truly headache-inducing. Just think, once you encounter them, while defending against their attacks, you must also constantly guard against attacks from your own side.

Furthermore, what if your own people fall under their illusion, then what can you do?

Back then, the words of their elders were, once you discover that one of your own has fallen under an illusion and begins to attack your own, the best way is to immediately kill the other party!

After falling under an illusion, they wouldn't think they're attacking their own clan, but rather that they're killing an Alien Race. If you don't eliminate those under illusion, those being killed will be you!

But the problem is, can they really do it?

If the ones being controlled are their senior brothers or junior brothers, their closest people, can they really bear to kill them?

This is why, on this Outer Heaven Battlefield, many people don't like having conflicts with Fox Monsters.

What's more, Fox Monsters are not only skilled in Charm Technique, but also excel in various spells!

Their achievements in spells are just as good as humans, and because there are many very ancient beings among Fox Monsters, these old guys also study various inheritances.

The spells of the Demon Clan, especially the Fox Monster Clan, are equally terrifying!

The strongest among the six Alien Races is universally recognized to be the Sky Clan, which can even be said to be in a league of its own.

Among the remaining five Alien Races, the Insect Clan is indeed the most numerous and annoying.

However, the strength of the Insect Clan is still below that of the Demon Clan, showing the terrifying nature of the Demon Clan, and the Fox Monster Alien Race is among the top ten large clans in the Demon Clan!

Fortunately, it seems that the leading nine-tailed Fox Monster has a quite complicated relation with Cao Zhen, actually joining forces with them to destroy those Tailless Lizard Clans.

The group didn't just watch the Fox Monster Clan make a move; they followed suit and took action.

However, those Tailless Lizard Clans indeed are numerous, and their physical bodies are quite strong as well. Among the Fox Monsters, those who excel in charm and illusion are only a part and naturally can't control all Tailless Lizard Clans.

Even when the Human Clan made a move, these Tailless Lizard Clans still charged over.

Venerable Gui Jian took a deep breath, ready to charge out to block the advancing Tailless Lizard Clans. He was skilled in close combat, but among them, many were not skilled in close combat. They definitely needed to block these Tailless Lizard Clans.

But just as he was about to make a move, a figure beside him, faster than his speed, instantly rushed to the front of the Tailless Lizard Clans, waving eight arms at once, blocking two Tailless Lizard Clans.

Eight arms?

Venerable Gui Jian showed a surprised look on his face. Is that Venerable Ruo Yun? How does Immortal Ruo Yun have eight arms?

And the weapons in her hand? Eight different weapons. Does she also excel in close combat?

Isn't she skilled in the Art of Thunderbolt?

In the next moment, his eyes widened.

In his view, Venerable Ruo Yun, with eight arms making moves at the same time, was like eight different Immortality Regainment Realm experts making moves simultaneously, and they were even experts skilled in close combat.

Even more astonishing, with just one move, he could tell that Venerable Ruo Yun was exceptionally skilled with all eight kinds of weapons, even to the level of an absolute master.

He, being one who uses the sword himself, found that Venerable Ruo Yun's swordsmanship wasn't weaker than his!

Although who had stronger swordsmanship couldn't be compared clearly, in reality, he already lost!

He has been cultivating swordsmanship alone, while Venerable Ruo Yun practiced eight different kinds of weapons! He couldn't understand how a person could have such energy, practicing swordsmanship to the same level as him and also cultivating the other seven different weapons to such terrifying levels!

Moreover, this Venerable Ruo Yun is also skilled in the Art of Thunderbolt!

What kind of monster is this!

This Venerable Ruo Yun, in any Great Teaching in Central Continent, would probably be the most dazzling Heavenly Pride of its time!

Just as everyone's attention was on Ruo Yun.

Underground, a figure quickly flew towards the direction where Cao Zhen and Ju E were, arriving under them in the blink of an eye!

Chapter 2065:

Although the Fox Monster Clan had a presence at the Peak Immortality Regainment Realm, after the battle, everyone paid more attention to Ruo Yun.

With eight arms working in perfect harmony, whether it was sword technique, spear technique, or swordsmanship, it all gave a breathtaking impression.

Even the Fox Clan's presence at the Peak Immortality Regainment Realm cast a glance in Ruo Yun's direction, a look of astonishment in their eyes.

Suddenly, without any warning, the ground where Cao Zhen and Ju E were standing exploded, endless dust shooting straight up to the heavens, like a mushroom cloud after an explosion, covering this entire realm.

Amidst the swirling dust, a figure appeared—an ape beast.

He looked about the same height as a normal human, his whole body golden yellow, and unlike humans, his hands were extraordinarily large, and on his forehead, just like the Three-Eyed Honor, he had a third eye.

The Golden Three-Eyed Demon Ape!

Like the Demon Clan, the Beast Clan also has nine royal families and a grand royal family.

The Golden Three-Eyed Demon Ape is one of the nine royal families of the Beast Clan, and among the ape race, it is the strongest branch!

After this Golden Three-Eyed Demon Ape appeared, a celestial mountain towering 5,200 zhang high emerged behind him.

This celestial mountain's height was second only to the strongest of the Fox Monster Clan!

He too was at the Immortality Regainment Realm!

"Not good!"

In the distance, the presence of the Fox Monster Clan at the Peak Immortality Regainment Realm looked at the exploding ground, face aghast, ignoring the Tailless Lizard Clan.

Seeing the suddenly appearing figure, the eight tails behind her suddenly swelled, and streams of dense, almost tangible demon breath surged into her body. In her peach blossom eyes, a dazzling red glow emerged.

The next moment, the red glow shot out, falling toward the suddenly appearing figure.

Her reaction was quick enough, but it was already too late.

When the Golden Three-Eyed Demon Ape appeared, his entire aura had already surged to its peak, and the third eye in the center of his forehead suddenly emitted an incomparably brilliant light, so bright that Cao Zhen even experienced momentary blindness!

This light seemed to concentrate all the light between heaven and earth to a single point, and the entire world instantly descended into darkness, leaving only this beam of light.

Where the light beam fell, the void was instantly destroyed, producing a series of resounding sonic booms.

A surge of endless grim, dark, terrifying aura instantly shrouded this space. Although the beam was falling towards Ju E, at this moment, Cao Zhen felt a strong sense of death, as if the beam was about to destroy everything within this space!

The moment before, the beam had just appeared, the next moment, it had already fallen onto Ju E.

Almost simultaneously, Ju E's body suddenly emitted a silver light, as an ancient mirror emerged in front of her, and the light fell directly onto the mirror.

In the next moment, the light was suddenly reflected back, shooting towards the Golden Three-Eyed Demon Ape.

At the same time, beneath Ju E, a gigantic eight-diagram formation shadow appeared, and as the formation rapidly spun, it stirred the surrounding air into a vortex, which engulfed Ju E.

On the opposite side, the Golden Three-Eyed Demon Ape, looking at the reflected attack, had no intention of dodging. He knew that he couldn't escape this attack, as the speed of the light beam reflected back was even faster than it was emitted.

And he seemed to know as well that Ju E possessed that silver ancient mirror and would use that formation.

After releasing the attack, he swung his arm and threw a jade pendant!

Just as the eight-diagram vortex beneath Ju E formed, the jade pendant fell.

In the next moment, the vortex's range suddenly expanded, also enveloping the Golden Three-Eyed Demon Ape, along with Cao Zhen who was originally not far from Ju E.

The next moment, the vortex dissipated, and the three within it disappeared without a trace.

“Princess!”

“Sect Hierarch!”

“Master!”

In an instant, the expressions of the fox monsters and the people of the Hundred Peaks Sect changed dramatically!

In the distance, within the Tailless Lizard Clan, the leader, looking stronger than other five-tailed Tailless Lizards, suddenly turned and ran, shouting into the distance as he ran, “Run!”

Their mission was accomplished, now was the time to escape.

But he had just taken one step, and in the next moment, a figure from the void shot forward, instantly blocking his path.

It was the strongest Eight-Tailed Fox Demon!

The Eight-Tailed Fox Demon was evidently enraged to the extreme, swinging her eight tails and fiercely smashing forward.

In an instant, eight different colors surged from her tails, converging in the void to form the shape of a sharp sword, which fell heavily, and at this moment, it seemed as if this space was collapsing.

The Tailless Lizard Clan’s leader felt as if he were frozen solid, unable to move, watching helplessly as the sharp sword formed from endless demon breath cleaved heavily down upon him.

Chapter 2066:

In the next moment, his body was pierced through with a loud bang, and he fell heavily to the ground.

In just an instant, he was completely devastated!

All around, the Tailless Lizard Clan, seeing their leader critically injured, did not rush forward to rescue him, but continued to flee into the distance.

They were no match for these Fox Monsters and humans. Seeing their leader severely injured, they knew there was no point in fighting!

Even if they tried to save the leader, it would be futile. Better to escape quickly, so they could still go to the Golden Three-eyed Demon Ape Clan to claim promised benefits!

Seeing the Tailless Lizard Clan scatter and flee, several Fox Monsters quickly chased after them. But before they could completely catch up, the Eight-tailed Fox Demon immediately shouted: "Stop, do not pursue!"

She was originally the strongest among these Fox Monsters. Now that Princess Jue had disappeared, they naturally obeyed the Eight-tailed Fox Demon's words.

Instantly, all the Fox Monsters paused their pursuit.

The Eight-tailed Fox Demon then looked towards the gravely injured Tailless Lizard Clan members, her voice icy cold as if she was a Fox Demon emerging from the abyss, and said coldly, "You should know the means of our clan. If you don't want to try those means, tell me, who ordered it!"

The appearance of the Tailless Lizard Clan and the sudden attack by a Peak Immortality Regainment Realm Golden Three-eyed Demon Ape on Princess Jue was definitely no coincidence!

The Tailless Lizard Clan had no intention of hiding anything, and immediately spoke, "It was the Golden Three-eyed Demon Ape.

We initially saw battle here and thought to come over to see if there was any chance to gain benefits.

But just as we were about to arrive, there was a loud explosion, and we felt an incredibly terrifying force erupting from this side.

The power was so terrifying that our strength was absolutely unable to resist such terror, so we immediately prepared to turn and leave. But then, Venerable Yuan Xiao appeared, the same Golden Three-eyed Demon Ape you saw before!

He told us to still go ahead and engage with you, and not to worry about anything else.

He would show up eventually, and once he appeared, we could escape.

All we had to do was this much, and he promised to grant us a Black Tooth Ore Vein.

For our clan, cultivation is impossible without the Black Tooth Ore Vein, and we live too close to the Three-eyed Demon Ape Clan, especially with the Golden Three-eyed Demon Ape being royalty of the Three-eyed Demon Ape Clan.

We dare not refuse them; otherwise, they could use any excuse to teach us a lesson, and no forces would save us at the cost of offending their clan!

As for anything else, I know nothing.”

He was telling the truth. If Venerable Yuan Xiao had not appeared, they would never have come here.

He originally thought that in such a remote battlefield, there should be no danger. Even if the Demon Clan to deal with was troublesome, they could escape if outmatched.

Who would have thought that among the enemy was a Peak Immortality Regainment Realm expert? Now that he couldn't escape, there was no more need for concealment; he might as well tell the truth.

Otherwise, if he didn't speak, what would they do if the Fox Monsters sought revenge on the Tailless Lizard Clan?

"Foolish Beast Clan!"

The Eight-tailed Fox Demon sneered, revealing a ferocious look, and with a raised hand, slapped the Tailless Lizard Clan member dead.

Then she turned back to look in the direction where Princess Ju disappeared, a look of worry crossing her eyes. Her goal was to protect their princess.

Instead, now the princess had disappeared right under her nose, along with a Peak Immortality Regainment Realm enemy.

The princess was probably in great danger.

If the princess died, they, all of them, would have to pay the price, and even their families would suffer for it!

Her gaze fell to the group of demons behind her; it was clear there was a traitor among them.

Otherwise, how would the Golden Three-eyed Demon Ape know they were here!

Moreover, the princess carried a protective Silver Mirror and a Teleportation Array, known only to a few of them.

And the moves of the Golden Three-eyed Demon Ape clearly showed knowledge about the princess's possessions, especially the Teleportation Array she carried, which under normal circumstances, should have only teleported the princess herself, not with such a large radius.

She saw from afar that the Golden Three-eyed Demon Ape had thrown a Jade Pendant, which changed the Teleportation Array's range, teleporting the Golden Three-eyed Demon Ape, the princess, and even Cao Zhen from the Hundred Peaks Sect together.

The Golden Three-eyed Demon Ape not only knew the princess's movements but also knew how to break the Teleportation Array on her.

So, not only was there a traitor beside the princess, but there was also an internal traitor. Even she only knew about the Teleportation Array, but not how it was set up.

Only their True Immortal Realm of the Fox Clan knew how to set up the array.

This matter was beyond her ability to handle. The only thing she could do was report it to the higher-ups.

As for the princess...

It was feared that the princess was now truly in peril.

Although the princess was nearing the Late Immortality Regainment Realm and undoubtedly a genius, she was still only at the Mid Immortality Regainment Realm.

Chapter 2067:

But the other party is at the Peak Immortality Regainment Realm, and even if they're injured, the Princess would not be a match for them.

Even with Cao Zhen from the Hundred Peaks Sect, it wouldn't help.

She knew Cao Zhen; when their princess was kidnapped, such a major event couldn't have gone unheard of once she awoke.

Even if Cao Zhen was powerful within the Earth Immortal Realm, he had just broken through into the Immortality Regainment Realm. Unless Cao Zhen possessed...

No, that's not right!

Suddenly, she thought of a critical issue: earlier on their way here, they felt an unimaginably fearsome power erupt, exterminating all the insect clans here.

Even she couldn't possibly annihilate so many insect clans with a single blow.

Thus, there must be a strong expert among the human clan over there, yet during the recent battle, she didn't see anyone from the human clan unleash such terrifying power.

Even the strongest among the humans, Ruo Yun, was far from that level.

The only human who didn't make a move was Cao Zhen.

The princess had a special sacred relic that quickly boosted her cultivation base, so it's possible this human also had a similar treasure. If his cultivation realm wasn't the Early Immortality Regainment Realm but the Peak Immortality Regainment Realm, given the strength Cao Zhen displayed at the Earth Immortal Realm, it's possible for him to unleash such an attack.

Hope blossomed once again in her heart. If the princess were still alive, she would only be punished but not executed, and her family wouldn't suffer misfortune.

The Eight-tailed Fox Demon looked at Ruo Yun expectantly and quickly asked, "Just now, before our arrival, was that terrifying attack that killed all these insect clans your sect hierarch's doing?"

Sect Hierarch!

All around, Venerable Gui Jian and others became increasingly puzzled; when Cao Zhen was caught up in the vortex, they heard Venerable Nai He exclaim for the hierarch.

After all, Cao Zhen was merely an acting hierarch earlier; Venerable Nai He wouldn't refer to him as the hierarch anymore.

It couldn't be a matter of habit either; Venerable Nai He was at the Late Immortality Regainment Realm, the last to awaken, unlikely to mistakenly call Cao Zhen the hierarch.

Then there was only one possibility: Cao Zhen is now the hierarch of the Hundred Peaks Sect!

How could someone at the Mid Immortality Regainment Realm be the hierarch of a great sect? This is unimaginable!

What's even more confusing is Ruo Yun Venerable and Wan Ren Di, along with Xiang Ziyu; they addressed Cao Zhen as Master!

Cao Zhen's vitality felt similar to Wan Ren Di's, so how could he be their master?

Especially Ruo Yun Venerable, also at the Mid Immortality Regainment Realm, yet much stronger than Cao Zhen. Could she be his disciple?

Everyone was utterly puzzled about the situation at the Hundred Peaks Sect and that of Cao Zhen.

Listening to the question, Ruo Yun nodded lightly; if only the people at their Hundred Peaks Sect were present when Master made his move, she wouldn't have admitted it facing such queries.

However, with Venerable Gui Jian and others there, it was only a matter of time before the news leaked out, so there was no need to hide.

Upon seeing Ruo Yun nod, the Eight-tailed Fox Demon relaxed. Certainly, Cao Zhen was different now, so she could feel more at ease.

Although Cao Zhen was human, he knew their princess, and Cao Zhen didn't harm the princess when he kidnapped her; rather, they later cooperated to exterminate the insect clans.

Therefore, with Cao Zhen together with the princess, she could at least assure the princess's safety.

After Ruo Yun spoke, she asked, "What exactly happened earlier? Where did my master and your princess get teleported to?"

She could naturally see that Master and Ju E were teleported away.

Concerning the safety of her master, she wasn't overly worried, for her master had mentioned having numerous methods and trump cards.

Even if the opponent is a peak Immortality Regainment expert, she believes that her master can handle them. The problem now is where Master is located.

"In a large mountain not far from Illusion Demon City, within our demon clan's territory." The Eight-tailed Fox Demon replied softly, not intending to hide, "We, of course, choose a safe place for the teleportation formation."

"However, even I don't know the exact place; only when the princess contacts us can we find them."

She understood the intention was to find Cao Zhen.

"Your demon clan's territory." Ruo Yun's expression grew grave; although she trusted her master, a singular human entering demon clan territory would indeed be risky.

No matter how strong Master is, what if countless demon clans pursue him?

Ruo Yun immediately asked, "Can you lead us to take a look?"

The Eight-tailed Fox Demon nodded slightly, "Of course, I understand your concerns. Rest assured, with our princess there, we can certainly bring him back.

However, if you wish to go, I would advise against getting too close. If anything unexpected happens, I might not be able to protect you."

"Just leading us there is enough," Ruo Yun said, raising her hand towards the lifeless bodies of the Tailless Lizard Clan around her, "These corpses, some were killed by you, and some by us. I wonder if you have any use for their heads; if possible, I would like to borrow five of the Tailless Lizard Clan's Late Immortality Regainment Realm heads."

Chapter 2068:

"Take it as you wish." The Eight-tailed Fox Demon didn't hesitate at all. The greatest value of these Tailless Lizard Clan members lay in their tails, and as for the rest, they were of little worth.

Seeing the other party agree, Ruo Yun then turned to look at Nahe Venerable, whispering, "You should go with Venerable Gui Jian and the others first. Then, with those five heads, if you wish to return, you may do so. The three of us will go with them to find the master."

Of course, they couldn't let everyone go to find the master, after all, this time they were going to the Demon Clan territory, and who knew what unexpected events might occur along the way.

Moreover, Nahe Venerable wasn't part of Four Treasures Peak, so leaving directly was not a big deal. Besides, Nahe Venerable's strength was quite average, and following them would be a burden.

"This..." Nahe Venerable started to refute, but Ruo Yun's voice interrupted again, "Enough, you come along, and we have to take care of you. Go with them."

Among the three of them, she currently had the strongest power. Though Wanren Di was weaker, he excelled at running away, while Xiang Ziyu, her master sometimes lamented that Xiang Ziyu's life was extraordinarily fortunate.

She had heard countless tales about Xiang Ziyu within Four Treasures Peak.

For the things he had done, if it were anyone else, they would have died countless times over.

Yet, Xiang Ziyu was still living well.

Sometimes, she thought Xiang Ziyu might indeed be right, perhaps he truly was the destined protagonist.

She even suspected that if she and Xiang Ziyu entered a dangerous place together, she might die while Xiang Ziyu would still survive!

Venerable Gui Jian sighed, but ultimately said nothing.

Though their mission was to take people out and then bring them back again, it was inevitable that not all newcomers' teams could avoid mistakes during the journey, often resulting in deaths among the teams.

Furthermore, these matters were special cases.

Others were going to find their master, their Sect Hierarch, and how could they stop them.

However, they couldn't understand how Cao Zhen became the Hundred Peaks Sect's Sect Hierarch and the master of Ruo Yun and the others.

Shortly after Cao Zhen was swallowed by the vortex, he felt the reassuring sensation of his feet touching solid ground.

Meanwhile, he also felt a furry sensation at his side, it was Ju E's tail.

As soon as Ju E landed, she immediately surveyed her surroundings, and the next moment, her face showed a sharp surprise, this...

This was not the place she intended to teleport to!

The location she intended to teleport to had been selected in advance, and it was within Illusion City!

Illusion City was under the responsibility of their Fox Monster Clan.

If a teleportation was necessary, it meant encountering danger, naturally choosing to go to a safe place.

In this Outer Heaven Battlefield, there was no safer place than the ones they controlled themselves.

However, no one knew that her teleportation spot was within Illusion City.

Others assumed it was near Illusion City.

She had indeed taken precautions, in case there were traitors within the clan, she wouldn't immediately fall into danger.

But now, where she appeared was not within Illusion City, but in a canyon!

Because of this Golden Three-eyed Demon Ape!

The opponent not only turned her teleportation formation, which was supposed to teleport just her, into one that teleported everyone around, but it even changed the destination!

And now, the greatest danger was not where she teleported to, but the Golden Three-eyed Demon Ape in front of her!

That was an existence at the Peak of the Immortality Regainment Realm.

Even if the opponent was hit by his own attack due to the artifact she used, and even if her escort Technique Illusion Revered One's attack landed on him, he remained a peak figure of the Immortality

Regainment Realm, exceptionally powerful amongst even his peers, his Immortal Mountain towering up to five thousand two hundred feet!

While she, though incredibly strong in the Mid Immortality Regainment Realm, even stronger than Ruo Yun, her Immortal Mountain being only three thousand three hundred feet high, almost two thousand feet shorter, an enormous gap.

As for Cao Zhen, Cao Zhen was merely at the Early Immortality Regainment Realm, what could he contribute!

Venerable Xiao Yuan almost simultaneously awoke, looking at the human and the fox beside him, he nearly couldn't suppress a long howl to the sky!

"Little fox of the demon fox clan, now, with no one to protect you, let's see what tricks you have!"

Venerable Xiao Yuan, though pale due to his earlier injury, exuded a terrifying aura from his high Immortal Mountain behind, celestial energy surging throughout his form.

Yet, in the next moment, terror flashed in his eyes.

A horrifying killing intent suddenly surged from the side, so intense that it made every hair on his body stand on end.

He turned around in disbelief, seeing the figure of that human.

This human had an Immortal Mountain of eighteen hundred feet behind him, an insignificant size in his eyes.

Never mind an Immortal Mountain of eighteen hundred feet, even twenty-eight hundred feet, or thirty-eight hundred feet, he wouldn't even spare them a glance.

Chapter 2069:

However, at this moment, in front of this human, there floated a red gourd, from which surged a dreadful, life-threatening aura.

A gourd, just a gourd, how could it make him feel such terror?

Moreover, this was just a person from an Immortal Mountain of eighteen hundred zhang, he...

Before he could react, suddenly, from the mouth of the red gourd facing him, a silver light shot out instantly.

The brilliance of the light was so intense that it paled the daylight in comparison.

This light seemed like a huge head but left only the eyes and eyebrows visible.

One moment, he saw the light shooting out, and the next moment, it had already enveloped his entire body.

In that instant, he was terrified to the core, feeling all his senses like touch, smell, and hearing vanish, and even his lifeforce seemed to be sealed.

Soon after, before he could respond, another silver light suddenly swooped down and circled his head in a flash.

And then, his entire head fell to the ground, crashing onto the rocky surface and rolling away into the distance.

Beside him, Ju E was completely stunned. Just like that, this Golden Three-eyed Demon Ape was dead? An Immortality Regainment Realm Peak, with an Immortal Mountain reaching over five thousand two hundred zhang, was killed just like that by Cao Zhen, killed by an Early Immortality Regainment Realm individual?

What is with this Cao Zhen?

What treasure did he just use with that gourd?

Cao Zhen looked at the lifeless Golden Three-eyed Demon Ape and breathed a sigh of relief. As soon as he saw the opponent's Immortal Mountain, he didn't hesitate at all and used the Immortal Slayer Flying Knife!

He dared not give the opponent the chance to strike first!

In his haste, he didn't even disguise his aura as Mid Immortality Regainment Realm.

Even so, the opponent had already been injured twice, both times quite severely, and he almost couldn't control the situation.

If the opponent's cultivation base had been slightly higher, or if the injuries had been lighter, Cao Zhen feared he wouldn't have been able to slay the opponent with just one knife.

The Immortal Slayer Flying Knife that could originally be used three times now only had two opportunities left.

Hopefully, there would be some valuable items in this guy's Qiankun Bag.

Cao Zhen searched the opponent's body but found no Qiankun Bag, yet he noticed a Heaven and Earth Ring.

He was about to see what was inside the Heaven and Earth Ring when Ju E's urgent voice echoed beside him.

"Quick, let's go quickly; our actions just now might have drawn attention here."

Cao Zhen was caught off guard: "What's happening? Weren't you the one who used the treasure to teleport us here? This place should be safe. What are you afraid of?"

Ju E looked distressed: “Under normal circumstances, where I teleport should indeed be safe, but this time something went wrong with the teleportation, I don’t even know where this place is. That’s why I told you to leave quickly.”

“Why didn’t you say so earlier!” Cao Zhen swiftly stored the dead Golden Three-eyed Demon Ape’s body into his Qiankun Bag and rushed away with Ju E.

Since Ju E mentioned not knowing this place, it’s possible her enemies wouldn’t know their current location either.

He certainly didn’t want enemies to find the corpse, then deduce their whereabouts from it.

Although they didn’t take flight, both being in the Immortality Regainment Realm, they quickly moved out of the valley.

After running for an hour, they discovered a cave and quickly entered it, ensuring its safety before hiding deep inside.

Ju E, after entering the cave, observed Cao Zhen as he concealed his Immortal Mountain, with a deep astonishment in her eyes.

Cao Zhen was indeed as she thought before, just an Early Immortality Regainment Realm, yet Cao Zhen’s Immortal Mountain was truly terrifying.

An eighteen hundred zhang high Immortal Mountain!

When she broke through from Early to Mid Immortality Regainment Realm, her Immortal Mountain reached just sixteen hundred fifty zhang at best.

That was when she broke through, while Cao Zhen hasn’t even reached the potential to break into Mid Immortality Regainment Realm yet, meaning his Immortal Mountain could still rise.

And when Cao Zhen truly enters Mid Immortality Regainment Realm, how tall would his Immortal Mountain be? Two thousand zhang high?

Cao Zhen, feeling Ju E's gaze, deliberately glared at her with a hint of irritation: "Can you tell me what just happened? How did you suddenly get assassinated? You had no premonition or awareness?"

"Of course, I knew someone was targeting me, and I had experts by my side to ensure my safety.

But I didn't expect a traitor to appear within our clan."

Ju E spoke with a cold murderous glint in her eyes, "I had a Shifting Great Formation on me, and only someone from our clan's True Immortal Realm, who is very close, knows how it's arranged.

Those less acquainted True Immortal Realm individuals don't even know of this formation's existence. That Golden Three-eyed Demon Ape being able to disrupt my teleportation indicates a clan member colluded with outsiders."

"Oh? So why were they targeting you? From the looks of it, that ape clearly intended to kill, not capture you. What treasures do you possess?" Cao Zhen spoke while observing Ju E, seemingly trying to deduce any hidden treasures she might be carrying.

Chapter 2070:

Ju E sensed Cao Zhen's gaze but pushed back, denying, "No, I don't have any treasures on me."

"If you don't have any treasures, why are you retreating? Why won't you let me have a look? Seriously, you're at Mid Immortality Regainment Realm with an Immortal Mountain over three thousand zhang high, yet you're afraid of someone like me with an Immortal Mountain not even a thousand zhang?"

Cao Zhen spoke as he continued to approach Ju E.

“Come, how about I analyze it for you? In such a short time, you’ve broken through to Mid Immortality Regainment Realm and seem like you could enter Late Immortality Regainment Realm at any time.

Under normal circumstances, you surely couldn’t break through this fast. You must have a treasure that assists in cultivation on you.

And then, someone from your tribe... no, a fox...”

Cao Zhen was still analyzing when Ju E interrupted him, “Don’t say fox, we are of the Fox Monster Clan, not the Badger Monster Tribe, we are different.”

“Alright, little fox, I understand.” Cao Zhen nodded seriously, “Continuing, the traitor from your Fox clan allied with that Three-eyed Monkey, wanting to kill you.

The goal should be to snatch your treasure, only I don’t know, after snatching it, would it be used by the Three-eyed Monkey or by your clan’s traitor.”

“Naturally, it’s for the traitor!” Ju E, unable to hide it anymore, decided not to conceal it and directly said, “The treasure I’m injured over is only useful to our Fox clan. It’s useless even for other Demon Clan, let alone some Alien Race.

Furthermore, that treasure is only useful for people at the Immortality Regainment Realm, it’s useless once you step into the True Immortal Realm.”

“Oh?” Cao Zhen’s interest was piqued; he stepped forward again, closing in, “Show it to me. I also know a little about Artifact Refining, let me study why it’s only usable by your Fox Monster Clan.” freewebnovel.com

Ju E looked at Cao Zhen approaching, instinctively wanting to retreat. However, her back was pressed against the cold wall, with nowhere to go, only watching as Cao Zhen’s head got closer and closer.

Cao Zhen was taken aback; why didn’t this little fox retreat?

Did I just corner a little fox?

“You’re not giving anything in return? Let me ask, did I save you? Shouldn’t you express some gratitude?” Cao Zhen dared not push the little fox too hard, considering her cultivation realm was genuinely higher than his, if forced into a fight, who knows who would win!

The little fox nodded repeatedly, “Expressing my gratitude isn’t a problem. Once we get back, our clan will surely thank you greatly, but for now, we need to figure out where we are.”

“You don’t know where we are either? Then we can only look for someone to ask!” Cao Zhen took out a jade pendant. The Venerable Gui Jian had once said, after holding the jade pendant, releasing immortal energy into it would signal danger, and nearby members of the Human Clan would come following the jade pendant.

When someone arrives, I’ll ask them where this place is.

He quickly moved to a spot closer to the cave’s entrance and infused his own immortal energy into the jade pendant. The next moment, streams of immortal energy emanated from the jade pendant, causing it to tremble.

Then he started waiting, several hours passed, and it was nightfall, but no one came.

“It’s not working? Is it because there are no other humans in this place, or is the distance too far, making the jade pendant ineffective?”

Cao Zhen sighed helplessly. This approach of looking for someone to ask didn’t seem feasible.

His initial plan was to contact his disciple via China Cloud after he confirmed his location and inform them of his current situation.

But for now, he should just report his safety.

He quickly connected with Ruo Yun.

Soon, in his vision, appeared Ruo Yun, Xiang Ziyu, and Wan Ren Di on their journey, accompanied by the group of fox monsters and no one else.

He immediately asked, "Ruo Yun, where are you heading? Where are the others?"

"Master?"

Ruo Yun responded quickly in her mind after hearing her master's voice, "Master, we are on our way to find you. As for the others, they have all returned."

"Find us? I don't even know where we are, how are you supposed to find us?" Cao Zhen was troubled and quickly said, "Are you heading to Illusion Demon City? We aren't there, don't look for us for now.

Once we figure out where we are, we'll notify you."

Almost simultaneously, Ju E burned a piece of yellow paper, resembling a sect's chart or a teaching chart.

Soon, Cao Zhen noticed a virtual shadow appear in front of the most powerful Eight-tailed Fox Demon, but it was unclear to anyone who this virtual shadow was.

Soon, the Eight-tailed Fox Demon halted, saying, "Pause the advance, find a place to rest, and I will notify you when to move."

In the voice, a trace of joy was undisguised. The princess had actively contacted her, meaning the princess is now safe and is with Cao Zhen.

Moreover, the Golden Three-eyed Demon Ape chasing them had been slain.

She knew clearly the princess's abilities were extraordinary, though terrifying in talent, within the Mid Immortality Regainment Realm she feared few matches. Even Ruo Yun, seen today, might not be the princess's opponent, yet the princess absolutely didn't have the power to slay that Golden Three-eyed Demon Ape, even if it was injured.

So, it must have been Cao Zhen who killed it.

Then, how did Cao Zhen cultivate, clearly, previously both he and the princess were at the same cultivation realm within the Immortal Path Domain, how did he possess the capability to slay someone at the Peak Immortality Regainment Realm in such a short time?

In the cave, after Ju E informed her current situation to her side, she looked at Cao Zhen and softly said, "I need to cultivate now, once I finish, we can go out and explore where this place is, you guard me."

Having said that, she closed her eyes. After experiencing so much today, she suddenly understood something.

She felt that she was about to have a breakthrough!
