

## My Master 2141

### Chapter 2141

Cao Zhen spoke with a faint, serene smile on his face, "As for me, I also know about Yin Yang Qi and possess it."

As he spoke, he raised his other hand, which wasn't holding the sword. A swirl of Yin Yang Qi appeared in his palm. With a light wave of his fingers, the Qi dissipated. He then calmly said, "However, I did not use Yin Yang Qi. In this world, it's not only Yin Yang Qi that can achieve ceaseless vigor. There are forces in this world that can be endless and inexhaustible."

Cao Zhen continued, using the tone the Black Dragon Sword Spirit previously liked, "It's understandable you don't know, after all, you are merely a small Half-step Golden Immortal, not even reached that level yet."

The Black Dragon Sword Spirit flew out from the sword, looking disdainful, "You dare to call yourself a small Half-step Golden Immortal! You are merely at the Late Immortality Regainment Realm."

"I am currently only in the Late Immortality Regainment Realm, but in my past life, I was a Daluo Golden Immortal." Cao Zhen said serenely, "I just don't like to mention my past life; after all, it's all in the past, and in this life, I walk a new path.

This lifetime, I will certainly reach greater heights."

"A reincarnated Great Ability? A Daluo Golden Immortal?" the Black Dragon Sword Spirit was stupefied for a moment. Naturally, it wouldn't believe anyone who merely claimed to be a reincarnated Great Ability or Daluo Golden Immortal. But this guy was truly exceptional.

The Immortal Mountain, although he did not admit it verbally, he knew in his heart that even in the Late Immortality Regainment Realm, Cao Zhen's Immortal Mountain was more formidable than True Monarch Purple Sun's. After all, Cao Zhen's Immortal Mountain was so large that it made up for the hundred-zhang gap.

Moreover, True Monarch Purple Sun had mentioned before that his Immortal Mountain only reached a height of 5100 zhang when he was about to break through from the Late Immortality Regainment Realm to the Peak Immortality Regainment Realm.

But this Cao Zhen, evidently, still had some distance to go before reaching the Peak Immortality Regainment Realm.

So, given more time, even at the Late Immortality Regainment Realm, he could surpass True Monarch Purple Sun in terms of the height of his Immortal Mountain.

True Monarch Purple Sun eventually achieved the status of a Taichi Golden Immortal, so if this guy surpasses True Monarch Purple Sun at the Late Immortality Regainment Realm, there's some credibility to his words.

The most crucial thing is Cao Zhen's celestial energy, which is truly endless.

The Black Dragon curiously asked, "Then, what exactly are you cultivating?"

Cao Zhen evasively said, "When I become a saint, you will naturally know."

His Age of Prosperity Qi and his China Cloud were his greatest secrets, so he certainly wouldn't casually reveal them to this sword spirit.

After speaking, he looked up at the outside world and whispered, "I was supposed to leave yesterday, but you delayed me by a day. Now, you go back and recover well, as I am heading to the Outer Heaven Battlefield."

Cao Zhen, realizing something, suddenly said, "You probably don't know the Outer Heaven Battlefield, do you?"

"What is that?" the Black Dragon Sword Spirit looked utterly confused.

“Time now is different from the past.” Cao Zhen retracted the Sharp Sword and his Immortal Mountain, walked out of the Cave Mansion, flying toward the Fourth Dangerous Terrain, all the while explaining what the Outer Heaven Battlefield was to the Black Dragon Sword Spirit.

The first time he entered the Outer Heaven Battlefield was with others, but this second time, he had to go in alone.

However, fortunately, the strange beasts and dangers within the Fourth Dangerous Terrain had mostly been cleared. He encountered almost no beast attacks along the way and returned to the Outer Heaven Battlefield.

He had been to the Outer Heaven Battlefield once before, and when he left, he didn’t take back his Jade Pendant. As he approached the city gate again, he naturally took out the Jade Pendant.

Upon lifting his eyes, he paused slightly.

The two gatekeepers were, unexpectedly, still those two fellows.

He curiously asked, “How come it’s still you? Do you guard the gate every day?” Coming to the Outer Heaven Battlefield only to guard the gate every day seemed too miserable.

“No, we’re not here every day. We do rotate shifts. It just so happens that you’ve run into us each time.” The two gatekeepers were speechless, not knowing why they always encountered this guy.

Moreover, what’s with this guy? After eagerly leaving the Outer Heaven Battlefield, how come he returned so quickly?

Cao Zhen didn’t speak much with them. Returning to Broken Chaos City was just to check in and record his return. Then, he got up and walked out, not even entering the city, but directly flying towards the direction of Flying Flow River.

He flew rather than walked.

He was now in the Late Immortality Regainment Realm and had an Earth Level Top Grade treasure in his hands, so what did he have to fear!

If any Alien Races attacked him, he would simply annihilate them.

After the Outer Heaven Battlefield opened over a hundred years ago, people from the Human Clan already knew its situation and the countless opportunities it held. So, they were no longer as fearful of entering as they once were.

Now, many enter the Outer Heaven Battlefield through Broken Chaos City every day. Typically, one person's entry wouldn't draw much attention.

Yet with Cao Zhen's entry into the Outer Heaven Battlefield, a message quickly spread within the other five clans, excluding the Sky Clan.

"The Human Clan's unparalleled genius, Cao Zhen, has entered the Outer Heaven Battlefield again!"

"Kill him! That guy is a reincarnated Great Ability, even the sect leader of a Great Teaching. We absolutely cannot let him continue to grow!"

Chapter 2142: Flying Stream River (6)

"This person, at Late Immortality Regainment Realm, is already so powerful. When he enters Peak Immortality Regainment Realm, who will be his match? We must kill him early!"

"Our Beast Clan's primary assassination target in the Immortality Regainment Realm battlefield is him! Do you know his destination?"

Information was already obtained by various clans before, that Human Clan has an absolute genius, Cao Zhen, who at Late Immortality Regainment Realm possesses a five-thousand-zhang Immortal Mountain, which is extraordinarily large and even considered as a six-thousand-zhang Immortal Mountain.

Furthermore, Cao Zhen possesses Earth Level spells and an incredibly powerful physical body.

At once, various clans deemed Cao Zhen as the primary assassination target.

While their essential purpose on the Outer Heaven Battlefield is to seize resources, if they discover such a transcendent genius, they will also dispatch masters to carry out assassinations.

And now, all clans unanimously agree that Cao Zhen is the primary kill target among human geniuses!

It's just unfortunate that shortly after receiving this information, Cao Zhen left the Outer Heaven Battlefield, making it impossible for them to act.

Meanwhile, they've quickly investigated and discovered Cao Zhen's identity.

A Great Ability reincarnate, and also a Sect Hierarchy of a Great Teaching; his disciples in the same cultivation realm are also extremely formidable.

Thus, Cao Zhen deserves to be killed even more.

Now that Cao Zhen has returned, various clans immediately dispatch masters.

However, it is regrettable that they only know the general direction where Cao Zhen is headed, but cannot confirm his exact destination.

Cao Zhen flew towards the distance, such conspicuousness inevitably drawing attacks from other alien races, yet these alien races are without exception extinguished by Cao Zhen in an instant.

Cao Zhen exterminated these alien races without even using the Purple Dawn Sword, but simply using the Five-thunder Righteous Method.

In fact, the sword belongs to him now, and he could rename it, as the sword in his hand is his to name as he pleases. However, he still follows the Black Dragon Sword Spirit's lead and still calls it the Purple Dawn Sword.

It's just a name, after all; since it's not his own crafted treasure, there's no need to change it.

As he advanced, streams of information were also relayed among the various clans.

"Our Evil Clan has masters in Thousand Emptiness Mountain who were killed, the opponent is Late Immortality Regainment Realm, using Thunderbolt Technique, with an Immortal Mountain towering five thousand zhang; it should be Cao Zhen! After killing, he flew north."

"North? What's worth going to the north of Thousand Emptiness Mountain? Broken Chaos City is far from Thousand Emptiness Mountain, and Cao Zhen has been flying for a year just to get here; he wouldn't travel so far for no reason, he must be headed somewhere!

The north of Thousand Emptiness Mountain... Flying Flow River. The area around Flying Flow River has more treasures, it's the only place worth him traveling this far! His destination must be Flying Flow River; inform our experts of the Evil Clan to head straight to Flying Flow River to kill Cao Zhen!"

"Flying Flow River, notify our Demon Clan experts to go to Flying Flow River, and remember the rules; no leaks allowed! Even within our Demon Clan, it is forbidden to inform others."

"Flying Flow River? Perfect, our Beast Clan has two top-tier Peak Immortality Regainment Realm experts just around Flying Flow River; tell them to go directly to the outskirts of Flying Flow River to eliminate that Cao Zhen!"

"To Flying Flow River..."

Information quickly circulated among all major alien races, and masters from each clan flew straight to the region of Flying Flow River.

Flying Flow River does not refer to a single river but the region where the river is located. The river is indeed long; Flying Flow River, as the name implies, seems to flow down from the void.

It's not called a waterfall because upstream of the river, for tens of thousands of miles, the river appears to fall directly from the sky.

Even with Cao Zhen's current cultivation, it took him a year and a half to reach the vicinity of Flying Flow River, only to find an ordinary river; he was in the downstream, not the site of the heavenly descent.

Wanrun Holy Water is said to be related to Flying Flow River.

However, the specific location of Wanrun Holy Water is unknown, and the range of Flying Flow River is incredibly vast, making the exact location uncertain; yet there's a point: the closer to Flying Flow River's source, the higher the chance of the Wanrun Holy Water appearing!

"So, it's best to follow Flying Flow River upstream."

Cao Zhen glanced around and flew ahead; perhaps due to the river's presence, plants here were particularly lush; towering trees and grass taller than a person were everywhere.

If someone hides in these grasslands and conceals their presence, they might not be easily discovered.

For this reason, Flying Flow River is also a dangerous area; you never know when an enemy might ambush you from nearby!

Cao Zhen had barely flown half a joss stick worth of distance along the river before suddenly, without warning, two terrifying murderous auras erupted skyward; their intensity immediately scattered the clouds above Cao Zhen.

Simultaneously, he sensed two savagely brutal, bloodthirsty wild auras instantly lock onto him.

There are enemies!

A halo of black-and-white protective spell light appeared around him, while from the tall grass below, two figures suddenly shot out.

Both figures were human-shaped but taller than an average person.

One had brown fur covering its body, with a thick mane around its neck, while the other was covered in tiger stripes!

A tiger and a lion!

These were two masters from the Beast Clan, existing at Peak Immortality Regainment Realm!

The Immortal Mountain behind them both exceeded six thousand zhang; the tiger's Immortal Mountain reached six thousand two hundred zhang, and the lion's was six thousand one hundred zhang!

Cao Zhen's expression instantly grew solemn; is Flying Flow River this terrifying? This is merely the outskirts, yet there are such masters!

This is a power only found deep within Miasma Valley!

Chapter 2143:

A tiger and a lion, two experts from the Beast Clan, took to the air almost simultaneously. The lion beast held two blades as massive as fangs in its hands, which glinted coldly under the sunlight.

On the other side, the tiger beast was wielding a long whip. Even before it landed, it was already swinging the whip towards the sky.

In an instant, the sky seemed to shatter, producing a series of resounding sonic booms, as if this side of space had been ripped apart by the strike!

Terrifying gusts of wind shot out from the whip, like wind arrows that could easily pierce through mountains, shooting towards Cao Zhen.

Just from the gale generated by the whip's strike, the air around Cao Zhen quivered violently, and even the void seemed faintly distorted, causing the black-and-white light of the Record of Deities and Demons surrounding him to waver slightly.

The long whip gave an illusion of descending from the distant skies of ancient times, piercing through the long expanse of the sky.

As the whip struck down, the very heavens and earth trembled, and the void was torn asunder.

The speed at which the whip descended was incredibly fast; one moment it was in the distance, the next it appeared right in front of Cao Zhen with a huge tiger apparition appearing on it.

This giant tiger, as large as a mountain, opened its massive jaws as if to devour Cao Zhen and this side of the world entirely.

Though merely an apparition, when it opened its jaws, one could distinctly smell a heavy stench.

Behind the giant tiger, on the 6,200 zhang Immortal Mountain, visible streams of breath surged intensely, like tumbling rivers, into its body.

As the tiger beast closed in, an endless, terrifying wild aura permeated this space!

Cao Zhen felt the immense power within the whip, and with a sudden flap of his tri-colored wings, he stepped forward.

In that instant, a starlight appeared beneath his feet, as if stepping onto a meteor, and his body suddenly appeared in the distance with just one step.

However, before he could stabilize his form, the long whip reappeared before him.

The whip seemed capable of extending infinitely, directly reaching in front of him.

The strike came so quickly that he had no time to react; the whip already struck him heavily.

In that moment, he felt a terrifying force capable of piercing the earth and reversing waterfalls. The black-and-white light of the Record of Deities and Demons on him shattered instantly under the whip's force.

Yet, after shattering the Record of Deities and Demons, the whip's power diminished greatly. The remaining force hit his body, forcing him to retreat uncontrollably, though his internal strength remained largely unaffected.

The tiger beast's strike succeeded, and from behind, the lion beast's attack followed.

In the lion beast's hands, two curved blades like giant fangs crossed and shimmered as they descended.

Instantly, the air around surged, forming a vortex like those found at the sea's bottom, appearing before Cao Zhen.

The twin blades, seemingly from the Nine Netherworld, exuded endless evil aura.

With the twin blades drawing closer, Cao Zhen's hand gathered a sphere of purple light, which suddenly fell in the next moment!

Five-thunder Righteous Method!

Purple thunder descended from the heavens, like a purple Divine Dragon crashing down with world-ending power!

Aghast, a look of terror flashed in the lion beast's eyes, and its thick mane stood up straight as if bristling.

This spell!

Earth-level spell!

In terror, the lion beast retracted its slashing blades and raised them above its head, as if wielding a giant pair of scissors, slashing towards the descending thunder.

In the next moment, as the thunder met the curved blades in its hands, it felt an overwhelming power of thunder surging towards it. The impact forced its body to crouch slightly, and the purple thunder arced across its body, causing it to involuntarily shudder.

Though its attack greatly weakened the thunder's force, the remaining power still coursed through its body, raging madly within.

Earth-level spells truly instill such terror!

Outside the Flying Flow River, two experts from the Demon Clan advanced swiftly. Most demons closely resembled humans at a glance, at least with limbs similar to humans, but among them was a slender female demon whose arms resembled the scythes of a mantis!

Mantis demon!

Assassin clan within the Demon Clan! Their clan specializes in various forms of assassination!

Beside her, a male demon with an equally slender build emitted an extremely evil aura.

He resembled a human, except for his ears and eyes. His ears were pointed and upright, and one of his eyes was red while the other was purple. A mere glance filled others with uncontrollable dread.

He belonged to the Wolf Clan, one of the nine royal families of the Demon Clan!

Seeing the thunder descending in the void, they exchanged glances and sped forward.

Chapter 2144:

"That thunderstorm must be an ambush laid by experts from a certain clan for Cao Zhen! Although, Cao Zhen being killed by experts from any clan would be beneficial for us.

However, he definitely carries numerous treasures. No matter which clan's expert kills him, we must seize those treasures!"

"It is said that Cao Zhen has a physically formidable body. He should be able to hold on till we arrive!"

In the Flying Flow River, Cao Zhen advanced fiercely towards the trembling Lion Beast.

After all, the opponent was a Peak Immortality Regainment Realm entity, with its Immortal Mountain reaching a height of six thousand and one hundred feet. Though his attack hadn't severely injured the opponent, making its body tremble was enough.

In battles between experts, a moment's hesitation could lead to defeat, let alone such prolonged trembling.

But just as he moved, a long staff suddenly descended in front of him.

After one strike, the Tiger Beast swiftly charged forward. The long whip in its hand was no longer soft, but turned into a giant stone pillar that seemed capable of piercing the deep sea and supporting heaven and earth!

The strike of the staff, now more terrifying than when it was a whip, came crashing down.

When the staff landed, this whole world seemed like a mirror dropped onto the ground, instantly shattering! The air in front of Cao Zhen split open, revealing a huge black fissure.

If he wanted to attack the Lion Beast, he would inevitably suffer the Tiger Beast's attack.

Do or die!

In an instant, he had made up his mind!

Their battle was so fierce; if it continued, it might attract experts from other clans, leading to unexpected outcomes. Thus, better to settle it quickly!

Besides, even the Tiger Beast behind him couldn't determine which shadow was his real self!

In his hand, the Purple Dawn Sword appeared, and before the sharp sword swung, the world around him was enveloped in purple.

The next moment, he leaped forward, as silhouettes emerged around him, stabbing fiercely towards the Lion Beast!

Just as his sharp sword was about to strike the Lion Beast, it regained its senses from the melee, facing the hundred silhouettes descending from the void, with a hundred sharp swords. It roared to the sky, and the pair of scimitars in its hand swung fiercely, drawing circles.

In an instant, countless blade shadows appeared in the void, forming circles that protected its rear.

In the void, when Cao Zhen's sword lights clashed with these blade shadows, a crisp metallic collision sound echoed, and brilliant sparks burst forth in the air.

Their sword shadows and blade lights seemed not to be illusions or reflections, but real swords and blades. Suddenly, the next moment, Cao Zhen's longsword slashed through the void, manifesting endless sharpness, dispelling all the blade shadows.

"Finally found your true form!"

The Lion Beast wore a victor's smile, swinging its scimitars towards the light and shadow. Even it had to admit that this Human Clan's Heavenly Pride's swordsmanship was indeed terrifying, as it couldn't distinguish which was the opponent's true form.

But the true form still differs from a shadow.

The opponent's shadow cannot easily break through its attack; once the true form is found, everything becomes manageable!

It lunged forward, instantly arriving in front of Cao Zhen, with one scimitar blocking the opponent's longsword, while the other stabbed straight at the opponent's neck!

The next moment, in front of its eyes, the purple longsword suddenly blazed with overwhelming light. The light was so intense that, catching it off guard, its eyes involuntarily squinted, while an aura of extreme sharpness rushed forward.

In that moment, it almost felt an illusion that the sword before it was the world's sharpest, that nothing in heaven and earth could withstand a strike!

This was indeed the true nature of that sharp sword!

The Lion Beast's eyes widened with terror, as this aura... this was an Earth Level Treasure!

Though the Beast Clan cannot use artifacts, they can discern the grade!

This guy even has an Earth Level Treasure!

Why wasn't this mentioned in the previous information!

An Earth Level Treasure, especially one pursuing sharpness... this sword...

In its horrified gaze, its scimitar clashed with the opponent's purple sharp sword, followed by a crisp crack.

In the cracking sound, its scimitar shattered from the middle.

Though it couldn't use treasures, its weapon was a part of its very being, growing stronger with its cultivation basis. Its weapon could be tempered by various means, becoming stronger. And now being a Peak Immortality Regainment Realm entity, it was an exceptionally talented existence within its clan, receiving ample resources for weapon tempering, thus not disadvantaged against strong opponents of similar Cultivation Realm.

But now, it faced an Earth Level Top Grade Artifact!

With just one strike, its scimitar broke in two!

Cao Zhen stared momentarily at the opponent's broken scimitar, then immediately realized that he was wielding an Earth Level Top Grade Treasure.

Chapter 2145

Other Earth Level top-grade treasures possess various powers and transformations.

However, his Earth Level top-grade treasure, though it harnesses the Power of Hundred Dragons, the power was infused later. The reason the Purple Dawn Sword is an Earth Level top-grade treasure is due to its sharpness!

The Purple Dawn Sword has no other function; if it weren't sharp, it wouldn't be considered an Earth Level top-grade treasure!

The Lion Beast never expected his scimitar to break so easily, and it was already too late to evade.

The purple longsword sliced through, directly piercing his body.

Subsequently, an immense force surged in, furiously destroying his body, yet his gaze turned towards Cao Zhen's back.

The Tiger Beast's long staff had already descended from the sky, striking heavily upon Cao Zhen's back.

In an instant, a thunderous sound echoed as if the heavens collapsed and the earth shattered, so loud that a distant mountain trembled, and the waters of a nearby river soared into the sky!

Cao Zhen, having just succeeded in his attack, was about to continue when a sharp pain struck from behind!

In that moment, he felt as if the bones in his back had shattered, and the blood in his body also surged violently.

He endured the intense pain from within, swiftly swirling the Sharp Sword in his hand and pulling it sharply to the side, forcibly slicing open the Lion Beast's body with the sharp sword blade.

As he drew his sword, a fierce wind swept across in front of Cao Zhen.

Feeling the wind from behind, he quickly dodged to the side.

Almost as he moved aside, a gust of fierce wind swept down, shattering the ripped clothing on his back.

Opposite him, the Tiger Beast stared intensely at the human prodigy in front of him, his eyes full of disbelief. He was known for his strength, and just now, Cao Zhen had no defense, yet he endured a direct hit with his physical body.

If it were an ordinary Late Immortality Regainment Realm opponent, they would almost certainly have died from this blow, and even a Peak Immortality Regainment Realm expert would have suffered a severe injury.

He had previously battled a Rhinoceros Demon of the Demon Clan, a Peak Immortality Regainment Realm being, and even that renowned strong-bodied Rhinoceros Demon suffered a severe injury from his full-force strike.

Yet now, Cao Zhen had taken his full-force strike and could still continue to attack the Lion Beast, even evading his next attack!

He hadn't suffered any severe injury!

Previously, the news was that Cao Zhen had a strong physical body, but none of those reports suggested his physical defense was this strong!

He even doubted that within the entire Immortality Regainment Realm, there could not be another with a more formidable physical defense than Cao Zhen's; such defensive capacity is not something a mere Immortality Regainment Realm person can possess!

Even the Black Turtle Clan, known for their strongest physical defenses within the Beast Clan, did not have such a defensive capability!

Even more unexpected was that the two Peak Immortality Regainment Realm experts, joining forces against a Late Immortality Regainment Realm individual, ended up with one heavily injured, leaving him almost facing the opponent alone.

Eyeing the purple Sharp Sword in the opponent's hand, a trace of fear appeared in his eyes, along with a deep-seated apprehension.

He had never imagined that after reaching Peak Immortality Regainment Realm, he would fear a Late Immortality Regainment Realm opponent.

But the problem was, the opponent didn't seem like a mere Late Immortality Regainment Realm existence!

"Swish, swish..."

Suddenly, two sounds broke the silence in the void.

Upon hearing, Cao Zhen quickly looked towards the direction of the sound, and in his vision appeared a wolf and a mantis, two Demon Clan members, with soaring Immortal Mountains behind them; one of the demon's Immortal Mountain reached a height of six thousand six hundred zhang, and the other's Immortal Mountain was six thousand seven hundred zhang tall!

Two more Peak Immortality Regainment Realm presences, and strong ones at that!

Upon their arrival, their gaze immediately fell upon the heavily injured and fallen Lion Beast, then glanced at the Tiger Beast beside them, revealing a look of astonishment in their eyes.

“Venerable Bao Lion, Venerable Hu Sen, you two were actually heavily injured by a Late Immortality Regainment Realm individual when joining forces!”

They had rushed over as fast as they could, fearing that Cao Zhen would be eliminated by others, but didn't expect that upon arrival, Cao Zhen was injured, though not seriously, while Bao Lion Venerable was evidently severely wounded, appearing barely alive.

Seeing the approaching two demons, Cao Zhen's expression instantly turned serious. This was merely the outskirts of Flying Flow River, yet suddenly so many Alien Race experts appeared, and clearly, these experts knew who he was!

They were coming for him!

The next instant, Cao Zhen swiftly turned around and flew rapidly into the distance, now having to face three Peak Immortality Regainment Realm presences, and already four Peak Immortality Regainment Realm experts had appeared, who knew if more Alien Race experts would arrive.

This was no time to fight here; he needed to leave first.

“Trying to run?”

“Chase him!”

The two Demon Clan experts quickly chased after Cao Zhen as he fled.

Watching as one human and two demons vanished from his sight, Hu Sen Venerable's lips curled into a cold smile.

He knew that news about Cao Zhen was not exclusive to their Beast Clan; the other clans surely knew as well.

#### Chapter 2146: Betrayer Among Us

For so many years, in the Outer Heaven Battlefield, whenever an extraordinary genius appeared, all races would quickly investigate and then begin the assassination of the opposing side's extraordinary geniuses!

Now that a terrifying genius has appeared among the Human Clan, how could the other races not send people to assassinate him?

This human prodigy was even more terrifying than everyone imagined.

Even with the two of them joining forces, Venerable Mad Lion was severely injured.

If he had come alone back then, he would surely have died.

Who could have expected that someone in the Late Immortality Regainment Realm could have an invincible body, use Earth Level spells, possess Earth Level Top Grade treasures, and have speed that was astonishingly fast!

Not to mention him, even if Venerable Splitting Mantis or Venerable Despising Wolf encountered him alone, they would surely die.

Chase them. Those two Demon Clan members are incredibly fast. It would be best if they split up and were separately heavily injured or even killed by this Human Clan member!

Although their current target is to kill the human Cao Zhen, he would be very happy to see other races, especially the Demon Clan, lose top experts here!

He quickly flew down, grabbed the nearly lifeless Venerable Mad Lion, and swiftly fled into the distance.

The Demon Clan has already arrived, and other races' experts will surely arrive soon. By then, who knows if those others, especially the Demon Clan's other experts, will kill the injured Venerable Mad Lion as well.

Whenever multiple races join forces to kill a genius of one race, the first target is naturally to kill the other race's genius.

But if they have the chance to kill experts from the other races, they will certainly do so!

Cao Zhen flew forward while shouting to the two Demon Clan members behind him, "I'm very curious. I don't recall provoking your Demon Clan. Why are you chasing me?"

He was truly puzzled as to why two Beast Clan members appeared first, and then two Demon Clan members appeared. Their goal was surprisingly consistent; they all wanted to kill him.

"Are you asking such a foolish question?" Venerable Splitting Mantis sneered while pursuing, "You should feel honored. Because of your talent, you've successfully attracted the attention of our races.

We've decided to kill you first to prevent you from maturing in the future and affecting our races.

It's not just the human geniuses. When the geniuses of any race appear on this Outer Heaven Battlefield, the other races will come to kill them once discovered.

Our races have sent experts. That's to acknowledge you. You should be happy."

Cao Zhen frowned tightly. Just because of his talent, they came to kill him? But the problem was, he didn't seem to have showcased his strength much on the Outer Heaven Battlefield.

Previously, he operated under the identity of Zi Tie in the Poison Miasma Gorge. After regaining his identity, he merely saved two human companions, and even that display of power wasn't enough to provoke all races to kill him.

Furthermore, during the mission he led, he revealed more of his strength.

So, was there a traitor among those he led?

A traitor has already appeared among the Human Clan!

He knew, with the number of humans, there would inevitably be traitors. Yet when this traitor appeared by his side, he couldn't help but feel disheartened.

Suddenly, the voice of the mantis monster resounded behind him once more.

"Cao Zhen, our races have sent their strongest. You may escape for a while, but not forever. You can't escape this Flying Flow River; your death is certain.

If the Evil Clan or some beasts catch you, they won't let you die easily. Their joy is tormenting their enemies.

You'll be extremely miserable then. Since you are destined to die, why not let me kill you? I promise to give you a swift death."

Listening to the voice from behind, Cao Zhen sneered, "Want to kill me? That depends on your own skills."

With those words, he ignored the Demon Clan members behind him and continued flying forward at a steady speed.

Slowly, the two Demon Clan members behind began to widen the gap, with the mantis monster noticeably faster than the wolf monster.

In the rear, Venerable Despising Wolf watched Venerable Splitting Mantis grow further away and shouted with a worried tone, "Don't get too close. Just follow from behind."

Though Mad Lion and Hu Sen are not as strong as us, they aren't worthless. Both attacked Cao Zhen together, yet Mad Lion was severely injured. This Cao Zhen is stronger than we imagined!"

Hearing this, Venerable Splitting Mantis didn't hesitate to slow down. Although she was stronger, she always listened to Venerable Despising Wolf, and he had never been wrong before.

Listening to the voices behind him, Cao Zhen sighed helplessly. It seemed there was no opportunity this time. He originally hoped to find a chance to critically injure one of the Demon Clan, but now, the two kept a closer distance, making it impossible to move without the other responding immediately.

These two Demon Clan members were clearly stronger than the previous two Beast Clan members, and he wasn't certain he could easily severely injure them as he had with the Mad Lion.

Forget it, better leave first.

With a helpless sigh, Cao Zhen accelerated and flew into the distance.

Chapter 2147:

Venerable Splitting Mantis watched Cao Zhen accelerate away, revealing a shocked expression on his face. He turned back, astonished, to look at Venerable Despising Wolf behind him: "So, he really was trying to lure me in just now. He was thinking of striking back even while facing the two of us! After seeing our Immortal Mountains, he still dared to strike back!"

"So it seems, this Cao Zhen is even stronger than we imagined! He must have the confidence to heavily wound you, otherwise, he wouldn't have deliberately lured you in." Venerable Despising Wolf watched Cao Zhen's figure fading into the distance and turned around to say, "In that case, we don't need to be at the forefront. Let the cultivators from other clans serve as cannon fodder. Meanwhile, we can observe Cao Zhen's strength from behind."

After flying a distance away, Cao Zhen stopped flying in the void and landed on the ground. After taking a few steps, he spat out a mouthful of fresh blood.

Although the attack of the tiger beast didn't severely injure him, it still affected him. Spitting out a mouthful of blood was inevitable.

Cao Zhen felt the throbbing pain in his chest and a heavy expression appeared on his face. Things had been too smooth for him recently, especially in Miasma Valley, where he could practically suppress everyone. Afterwards, he almost exterminated all the experts within Miasma Valley.

Later on, he broke through again and acquired an Earth Level Top Grade treasure. He's been a bit too overconfident during this period.

Although he saw that the opponents were two experts at the peak of the Immortality Regainment Realm with Immortal Mountains each reaching six thousand zhang, he didn't take them seriously enough.

As a result, he was the one who got hit first. Fortunately, his physical body was strong enough and the attack wasn't too powerful. But what if the opponent had been stronger? What if the opponent had follow-up tactics?

Also, he was being too reckless.

What if those two members of the Demon Clan hadn't flown from the void, but were hiding somewhere instead?

What if those two members of the Demon Clan charged out at a critical moment?

He still underestimated the experts of the world!

It's not just he who has some special techniques; other individuals and experts from various clans have their own methods too!

Moreover, unlike before in Miasma Valley.

Back in Miasma Valley, although he faced powerful cultivators like Venerable Chi Yi, whose Immortal Mountain exceeded six thousand zhang, those experts from various clans had one thing in common: their physical bodies weren't strong enough. They relied more on their poisons. If one could resist their toxins, then there was no need to fear them.

However, here, the experts he encountered weren't the same anymore!

There were also traitors among the human race.

Because he exposed his combat power at the late stage of the Immortality Regiment Realm, he was hunted down.

What about others?

Cao Zhen wondered whether other Heavenly Prides, who entered the Outer Heaven Battlefield from Broken Chaos City, would have their information sold to the Alien Race. Wouldn't they also sell the information of other experts? And then there were his disciples.

Shocked, Cao Zhen quickly contacted his disciples, warning them to be more cautious. His disciples were exceptionally skilled within the same cultivation realm and could very likely become targets of the Alien Race.

Fortunately, Ling Xi, Yan Yourong, and Duo Duo hadn't been in the Outer Heaven Battlefield for long. The three of them hadn't become targets of the Alien Race yet. After instructing them to be extra careful, Cao Zhen began to contact Ruo Yun.

Soon, Ruo Yun's figure appeared in his sight.

Over the boundless sea, Ruo Yun's eight arms were fully revealed, her entire body stained with blood. An Immortal Mountain, reaching six thousand five hundred zhang, towered behind her.

Six thousand five hundred zhang? Has Ruo Yun broken through? Has she reached the peak of the Immortality Regainment Realm?

Cao Zhen looked towards Ruo Yun's opponent, who turned out to be a female Prison clan member with short horns on her head and an extraordinarily beautiful appearance!

This Prison Clan's Immortal Mountain reached a height of six thousand zhang, indicating she too was a peak Immortality Regainment Realm existence.

This Prison Clan's Immortal Mountain was obviously not as high as Ruo Yun's, and her spells and swordsmanship couldn't compare to Ruo Yun's.

However, Ruo Yun had evident injuries, unable to exert her full combat strength, resulting in a stalemate between the two.

This was the first time Cao Zhen connected with his disciple as she was in a life-and-death battle with an enemy. Afraid of disturbing Ruo Yun and interrupting her focus, he watched silently without making a sound.

Ruo Yun's injuries seemed too severe, causing her body to uncontrollably lean to one side during the fight.

On the opposite side, the female member of the Prison Clan, noticing this, revealed a glint of joy on her face and launched an aggressive attack with her sharp swords in both hands.

But in the next moment, her face changed to one of shock.

As Ruo Yun utilized the moment her body tilted, twisting her torso sharply into a mana-based movement. Simultaneously, the eight weapons in her hands moved in synchronization; at once, her spear transformed like a dragon, her staff like the moon, and her longsword like a blade...

The various strikes landed, all pounding on the Prison Clan member.

In just an instant, the Prison Clan member was heavily injured. Ruo Yun seized the advantage, giving the member no chance to counterattack. The continuous strikes of the eight different weapons seemed to encircle the Prison Clan member.

In less than half an incense stick's time, the Prison Clan member fell to the ground.

Ruo Yun quickly stepped forward, rummaged through the Prison Clan member's belongings, and then turned to leave. Only then did Cao Zhen slowly speak, "Ruo Yun, have you also been hunted down?"

Chapter 2148:

Ruo Yun suddenly heard the voice of her master echoing in her mind, but her speed didn't slow down in the slightest. As she continued forward, she replied in her mind: "Yes, Master, recently, I'm not sure why, but I've suddenly been pursued by the alien race.

I've also tested them, and it seems that the power I displayed made those aliens feel threatened, so they sent out experts to annihilate me.

At first, the experts they dispatched weren't particularly strong, perhaps because they misjudged my strength, so the initial experts they sent out were all killed by me. However, after that, the experts they sent out far surpassed me.

Of course, it was because of their pursuit and the pressure they put on me that I, who originally needed some time to break through to the Peak Immortality Regainment Realm, managed to enter it in advance.

Indeed, only through relentless life-and-death trials can one break through faster."

As Immortal Ruo Yun spoke, she suddenly realized and asked with concern: "Master, you said... that you too were pursued by the alien race."

"That's right, the information you probed is correct. Indeed, these aliens aim to annihilate the heavenly prides they consider a threat to them.

And today was their first move. I've already encountered four at the Peak Immortality Regainment Realm, and the immortal mountains of those four are all above six thousand feet."

"Master, but you are still at the Late Immortality Regainment Realm, right? They sent out so many experts at the Peak Immortality Regainment Realm right from the start, Master, you must be very careful!"

Ruo Yun reminded: "Initially, the experts they sent out weren't particularly strong, but later on, the experts they dispatched were far beyond us.

This time, if I hadn't broken through to the Peak Immortality Regainment Realm, I certainly wouldn't have been able to withstand them. Master, they sent out such experts on the first day, so from now on..."

"No worries," Cao Zhen was nonchalant, "I still have some tricks up my sleeve. They pose no threat to me, but you, they will send stronger experts after their first failure.

Perhaps, you could head back to Broken Chaos City, or return to the Hundred Peaks Sect to hide for a while."

"Master, I won't go back. They come to hunt me down, and though I will face danger, it is also a great opportunity for me to improve.

Only by constantly experiencing the trials of life and death can one grow faster. Besides, in my past life, I never encountered the Outer Heaven Battlefield. It's unfamiliar to me, and venturing into this place is a path I have never walked before. Cultivating here allows me greater insight and deeper understanding.

So, I do not intend to return.

I understand, Master. You are looking out for our safety, but there's no need to worry about me. Don't forget, I was a reincarnated great ability in my previous life, I could reincarnate once, so I'm not that easy to kill."

Cao Zhen saw that he couldn't persuade Ruo Yun, so he stopped trying and proceeded to contact Xiang Ziyu.

Just like Ruo Yun, Xiang Ziyu was also being hunted. In fact, he seemed to be in a worse situation than Ruo Yun.

The reason he was in such a dire situation was that Xiang Ziyu, knowing full well that he was being pursued by aliens, didn't hide at all. Instead, he continued to roam outside, sometimes even deliberately seeking out the aliens hunting him. According to him, those aliens belonged to a treasure-delivering troop, and there was no way he could avoid them.

Cao Zhen had no solution, knowing that Xiang Ziyu, even more so, wouldn't return to the Hundred Peaks Sect. He could only tell Xiang Ziyu to be careful, and then connected to his disciple Wan Ren Di through China Cloud.

"Hmm? Broken Chaos City? Wan Ren Di, back in the city, I happen to have something to discuss with you."

In Broken Chaos City, Wan Ren Di paused as he heard the sudden voice in his mind, then nodded and responded internally: "Master, whatever it is, feel free to speak."

"Isn't there a True Immortal Realm guardian in Broken Chaos City? Go find that True Immortal Realm presence and inform them that I've been hunted by the alien race, and it's not just me. Your senior brothers Xiang Ziyu and Ruo Yun have been pursued as well.

I suspect we have a traitor within Broken Chaos City who is specifically selling out our human clan's genius information to the aliens.

I've rarely revealed my abilities. It was only later, when I led a team, that I showcased my abilities multiple times in front of them.

Then, I returned to the Hundred Peaks Sect, and upon coming back here, I was hunted by the alien race. The traitor is highly likely to be one of those people.

The most likely suspects are the four elders who co-lead the team with me. Those newcomers are visiting Broken Chaos City for the first time, even if they wanted to be traitors, they wouldn't have had the opportunity.

Remember these four people: Venerable Huang Tu..."

After Cao Zhen finished listing his four suspects, he instructed: "This matter is extremely important. You must immediately inform the person in charge and promptly bring the traitor within our human clan to light."

"Ah? Master, you've been hunted? What about your safety? Should I have Broken Chaos City dispatch experts to escort you back?"

"Escort? Both your senior brothers and Ruo Yun are also being hunted, and they don't need anyone to escort them. Do you think I need someone to escort me!

Rest assured, there's nothing I can do for them. For now, just report this as quickly as you can."

"Yes, I'll go immediately, Master." Once his master's voice disappeared, Wan Ren Di flew straight to the city's residence. Generally speaking, in Broken Chaos City, the humans can't see the City Lord whenever they wish.

But Wan Ren Di is an exception. Over the past hundred years, who knows how many maps he's provided the City Lord.

The City Lord even gave Wan Ren Di a token, allowing him unrestricted access to the City Lord's residence.

As Wan Ren Di stepped into the City Lord's residence, a majestic voice resonated in his mind: "We are in the Conference Hall, come over."

Upon hearing the City Lord's voice, Wan Ren Di immediately flew to the Conference Hall.

Upon entering the Conference Hall, he was greeted by three familiar figures: the City Lord, Immortal Lord Chun Yi, and a skinny old woman.

"Greetings to the three Immortal Lords." Wan Ren Di bowed to the three of them and swiftly relayed his master's words to the three True Immortal Realms guarding the place.

For a moment, the expressions of all three True Immortal Realms turned grim. Prior to this, when the heavenly prides of Broken Chaos City were being chased by aliens, they began to suspect a traitor within the human clan, but they had no leads and couldn't pinpoint who the traitor was.

Chapter 2149

Cao Zhen realized he was being pursued, but his heart did not panic. He simply transformed into Qin Yuan's appearance and continued deeper into the Flying Flow River.

He was searching for the Holy Water of Wanrun, and he definitely couldn't leave. As for the experts from various clans, they could slowly look for Cao Zhen.

And the humans of the Flying Flow River?

There were almost no humans on this side of the Flying Flow River.

After all, the humans' time on the Outer Heaven Battlefield was brief, so compared to other clans, humans concentrated on exploring one or two areas.

At least in the Immortality Regainment Realm's Outer Heaven Battlefield, humans were very concentrated. If there was a region with humans, there was a high probability that there were a lot of humans.

In other areas, the number of humans couldn't even be described as few; there might even be none.

At most, there were individuals like Xiang Ziyu running around everywhere.

He didn't need to worry about other humans in the Flying Flow River now. His problem was where to find the Holy Water of Wanrun.

The reactions of Venerable Kuang Shi and Venerable Hu Sen were quick enough; they immediately started to hide.

However, not long after, they were discovered.

Originally, they wanted to keep some secrets, make other clans suffer some losses. Facing the experts from the Demon Clan, Prison Clan, and Evil Clan, as well as their own Beast Clan, they could only reveal the truth of their battle with Cao Zhen.

In no time, this news of confidence spread to all major clans except the human clan.

Beast Blood City, the largest city established by the Beast Clan in the Outer Heaven Battlefield of the Immortality Regainment Realm. Compared to other clans, it looked much simpler. In the center of the city, the tallest building seemed to be merely piled up with stones. On the main seat sat a great beast with a human-shaped lizard body, standing three zhang tall with thick scales all over. His pair of red eyes bizarrely possessed two pupils.

Gazing at the words on the talisman before him, he glanced over each of the Beast Clan below. After a sweep, he spoke in a deep voice: "Latest news, the human Heavenly Pride Cao Zhen masters an Earth Immortal Realm spell, and his physical strength is incredibly strong.

Previously, our Beast Clan's Venerable Hu Sen and Venerable Kuang Shi were at Flying Flow River. I sent them to kill Cao Zhen. Yet in a two-on-one situation, Venerable Kuang Shi was severely injured. If it weren't for two Demons arriving, Venerable Kuang Shi and Venerable Hu Sen might have been killed by Cao Zhen."

As soon as he finished speaking, exclamations arose from below.

"Two experts at the peak of the Immortality Regainment Realm, not a match for someone at the late Immortality Regainment Realm?"

“Their Immortal Mountains have reached six thousand zhang, and they’re still no match?”

“What were they doing? Cao Zhen’s Immortal Mountain is only five thousand zhang, a thousand zhang lower than theirs. Even if Cao Zhen has many tricks, isn’t one not a match enough, so both together still aren’t opponents?”

“Worthless!”

On the main seat, the lizard beast listened to the various beast clans below, a displeased expression crossing his face as he gave a heavy snort.

His voice echoed, vibrating to the sides and causing the entire hall to shake slightly.

The Beast Clans felt the dissatisfaction in his voice, and immediately fell silent, not daring to say another word.

The one before them, Immortal Lord Xue Xi, was a True Immortal, and known for his violent outbursts and mood swings. They did not want to provoke him and be beaten to death.

Previous incidents saw a Venerable of the Bull Clan, backed by one of the Nine Great Royal Families, contradict Immortal Lord Xue Xi once, only to be beaten to death on the spot.

Immortal Lord Xue Xi, noticing their terror, showed a satisfied look and slowly spoke: “That Cao Zhen is proficient in Earth Level spells, and previous intel was inaccurate. Venerable Hu Sen struck Cao Zhen twice, the second time being a full-force blow, yet it hardly injured Cao Zhen or affected his combat ability.

With such physical strength, who among you can match it? Who among you dares to face Venerable Hu Sen’s strike without any defense?”

As soon as he finished speaking, the beasts below gasped collectively.

“Completely withstood Venerable Hu Sen’s strike?”

“Venerable Hu Sen is known for his strength!”

“What kind of physical strength is that? In our Beast Clan, even the greatest talent of the Black Turtle Clan in the Immortality Regainment Realm, Venerable Bei Gui, couldn’t take Venerable Hu Sen’s full-force strike without losing strength!”

Immortal Lord Xue Xi did not coldly interrupt the beasts this time but continued: “And Cao Zhen also possesses an Earth Level Top Grade Treasure, directly severing Venerable Kuang Shi’s fangs. Otherwise, Venerable Kuang Shi wouldn’t have been so quickly wounded.”

As soon as he finished speaking, the beasts widened their eyes in shock!

“An Earth Level Top Grade Treasure?”

“Such a treasure, even in mortal Great Teachings, might not be so powerful. If there were, they would be sect-protecting treasures. According to our intel, these treasures should be in the hands of the Sect Hierarchs of such Great Teachings... Ah, Cao Zhen is also a Sect Hierarch of a Great Teaching!”

“But isn’t it said that there are no experts in Cao Zhen’s Great Teaching? Where did they procure an Earth Level Top Grade Treasure?”

Chapter 2150:

"These Human Clans, along with those Demon Clans and others, can use Treasures. It's truly dishonorable to win like this!"

"It was previously mentioned that Cao Zhen's flying speed is extremely fast, so the current news is that Cao Zhen has a robust body and swift speed. Thus, even if he encounters a stronger being, once he realizes he's no match, it's usually difficult to catch up with him when he tries to escape!"

"That's an Earth Level Top Grade Treasure. We don't know how much combat power it can enhance. Our previous intelligence was entirely inaccurate!"

"What should we do now? We have to send out more experts!"

"Didn't they say that Cao Zhen is at Flying Flow River? The terrain of Flying Flow River is quite peculiar. Even Cultivators cannot fly over the upper reaches of Flying Flow River.

Moreover, the surroundings of Flying Flow River are hard to pass through, and there's only one entrance to Flying Flow River. If he enters, it's certain death for him. As long as we send out a feeler, he's doomed!"

Immortal Lord Xue Xi listened to the voices below, scanning the many Beasts with his gaze, and once the many Beast Clan experts sensed his eyes, they promptly fell silent.

Immortal Lord Xue Xi, after sweeping his gaze, finally fixed it on a massive white bear over a zhang taller than himself on the first spot to the left below him, and said in a low voice, "Venerable Fei Xiong, this time you will take action. Go to Flying Flow River and kill Cao Zhen."

"Yes! Rest assured, Immortal Lord, I will surely kill Cao Zhen."

Upon hearing, Venerable Fei Xiong immediately stood up, and as he stood upright, a pair of pure white, snow-like wings unfolded from his back, and a terrifying pressure surged all around.

All present were Immortality Regainment Realm experts, exceptionally strong even within the Immortality Regainment Realm, yet even they felt a deep fear in the face of Venerable Fei Xiong's pressure.

Venerable Fei Xiong is, after all, the second strongest in the Immortality Regainment Realm in the Outer Heaven Battlefield for the Beast Clan!

There are experts among them whose Immortal Mountain reached six thousand zhang like the previous Venerable Kuang Shi and Venerable Sen Hu, making them immensely powerful in the Immortality Regainment Realm, but Venerable Fei Xiong's Immortal Mountain reached a terrifying seven thousand zhang!

Now, Immortal Lord Xue Xi even directly called upon Venerable Fei Xiong!

Does this mean that even if at the farthest end of the Outer Heaven Battlefield in the Immortality Regainment Realm, would Immortal Lord Xue Xi not even have to recall that strongest figure back!

"With you in action, I am naturally assured." Seeing Venerable Fei Xiong, Immortal Lord Xue Xi finally showed a smile.

Even proud as he was, he had to admit, during the Immortality Regainment Realm, he was not as good as Venerable Fei Xiong!

Venerable Fei Xiong is not just possessing the True Immortal Figure so simply; as long as he doesn't fall, he will surely enter the True Immortal Realm!

There are even many high-level Beast Clan members saying that once Venerable Fei Xiong fully matures, he might lead the Bear Clan back to the Nine Great Royal Families!

"However, Fei Xiong, you should know the purpose of me sending you is not just to kill Cao Zhen. All the treasures on him, especially that Treasure, must be seized back!

Those are your spoils of war; we will not seize your spoils. You must bring them back to prevent these items from falling into the hands of other clans, especially the Demon Clan."

Though the Beasts cannot directly use Treasures, they can temper their weapons with them!

As for sending Venerable Fei Xiong, it's because his chances are the greatest. If there were experts in the Lizard Clan comparable to Fei Xiong, he would surely choose them instead.

With no other options, he naturally chooses Venerable Fei Xiong, who has a good relationship with the Lizard Clan and is sufficiently powerful on his own.

"Immortal Lord." Suddenly, a Beast with a dog's head and a human's body stood up below, cupped his hands towards Immortal Lord Xue Xi, and said, "I too wish to alleviate the worries of our Beast Clan and annihilate Cao Zhen!"

As soon as he finished speaking, one by one, other Beasts also stood up, saying, "We are also willing to relieve the worries of our Beast Clan."

Cao Zhen has an Earth Level Top Grade Treasure, and he is so powerful, being a Sect Hierarchy of a Great Teaching, surely possessing other treasures and secrets. If they kill Cao Zhen, these would be their spoils of war!

Immortal Lord Xue Xi displayed no surprise on his face. None of these Immortality Regainment Realm Beasts, even he, could not help but covet the treasures on Cao Zhen. However, his task is to guard this city, and though he can enter the Immortality Regainment Realm battlefield, he would be further suppressed by the worldly rules while inside, and face more dangers descending upon him.

Moreover, there's a tacit agreement among the clans that those in the True Immortal Realm cannot enter the Immortality Regainment Realm battlefield.

After all, if no one follows the rules and anyone from the True Immortal Realm freely enters and kills those at the Immortality Regainment Realm, then everyone's geniuses will perish, and what would others compete for?

"If you all wish to go, I will naturally not stop you. However, anyone who wants to kill Cao Zhen must follow the arrangements of Venerable Fei Xiong."

By doing so, he is essentially gaining favor from Venerable Fei Xiong, after all, his talent is simply too strong, and is hailed as a once in a million-year Heavenly Pride in the Xiong Ancestor.

In the future, as long as Venerable Fei Xiong does not fall unexpectedly, the position of Bear Clan Chief will surely belong to him, and the Bear Clan is indeed one of the major clans in the Beast Clan!
