

My Master 921

Chapter 921:

All the great Immortal Sects want to preserve their strength and avoid being the first to make a move.

However, it is the Sun and Moon Demon Sect, the Red Refinery Demonic Sect, and their supporting powers that can afford to be that vanguard.

The Immortal Sects of the surrounding Dynasties have also agreed to their plan.

Now, he has come to invite the Immortal Sects of the South Ocean to join the plan to annihilate the Guardian Immortal Imperial Dynasty.

Compared to the Immortal Sects of the other Dynasties, the Immortal Sects of the South Ocean aren't as eager to attack the Guardian Immortal Imperial Dynasty.

After all, even though the Grand Preceptor often raids the nearby Dynasties, he rarely loots the South Ocean.

Some of the great Immortal Sects of the South Ocean have declined the Eclipse Demon's proposal, some have agreed, and others have said they need to consider it.

The Guardian Immortal Imperial Dynasty has ten major Immortal Sects, as well as many others; Cao Zhen believes that when the other Immortal Sects around them begin their assault, these ten and many other Immortal Sects will surely take action.

However, the problem is: there are too many Immortal Sects surrounding the Guardian Immortal Imperial Dynasty, and if all these sects join forces to attack, even the ten mightiest, combined with all the strength of the Guardian Imperial Dynasty, will likely be unable to hold back the assault.

"The Eclipse Demon mentioned they have already sought the cooperation of great Immortal Sects from other Dynasties. Once the people of the various Dynasties really join forces in the attack, it would not just be the Guardian Immortal Imperial Dynasty at risk, but the entire Eastern Wasteland will fall into chaos. At that time, the whole world would plunge into an era of disorder.

After the war, who knows how long it will take for the Eastern Wasteland to recover."

Cao Zhen's brow furrowed deeply, originally, his connection with the Eclipse Demon was intended to eliminate the Fourth Prince, but after the Fourth Prince's escape, all contacts between the Fourth Prince and the Eclipse Demon went through the Sect's chart, even the Eclipse Demon does not know the Fourth Prince's current whereabouts.

"We must find the Immortal Sects of those surrounding Dynasties and inform them about the impending connection of the Eastern Wasteland with the Central Five Provinces. Besides that, we also need to eliminate the Fourth Prince as soon as possible, but the Fourth Prince..."

As Cao Zhen pondered what should be done, his Qiankun Bag suddenly began to shake violently.

"What's going on?" Cao Zhen was startled and reached into his Qiankun Bag, only to find that an official talisman was vibrating furiously.

"This is the Ghost Province Governor's talisman!"

Cao Zhen's expression changed dramatically. Before going into hibernation, the Grand Preceptor had specifically given him the Ghost Province talisman, and also told him that a Formation had been set up beneath the Governor's mansion. Within this Formation, a person was being suppressed.

That person was the Sect Leader of the Bleeding Tears Demon Sect.

In the past, the Guardian Immortal Imperial Dynasty had three great Demon Sects: the Sun and Moon Demon Sect, the Red Refinery Demonic Sect, and the Bleeding Tears Demon Sect.

Originally, the Bleeding Tears Demon Sect withdrew from the Guardian Immortal Imperial Dynasty before the Grand Preceptor had to intervene, and thus, their power remained intact.

The Grand Preceptor had also told Cao Zhen that if the Sect Leader of the Bleeding Tears Demon Sect were to ever escape the Formation, this talisman would issue a warning.

So, is the Sect Leader of the Bleeding Tears Demon Sect now attempting to escape?

"Why is everything happening at once?" Cao Zhen was plagued with a splitting headache. The Sect Leader of the Bleeding Tears Demon Sect must be stopped from escaping, so he must rush there without delay.

Yet, on another front, the concerted efforts of the great Immortal Sects from the surrounding Dynasties also require resolution.

With no other choice, he hurriedly shared the information given to him by Duo Duo with Nie Jie and his disciples, advising Nie Jie to communicate with the other great Immortal Sects while keeping them on guard and, if possible, to send envoys for further discussions.

At the same time, he instructed his disciples to liaise with each Immortal Sect.

In fifty years, the Eastern Wasteland will connect with the Central Five Provinces, and the foes of the great Immortal Sects will no longer be the Grand Preceptor but could be the looming powers from the Central Five Provinces.

With Cao Zhen's departure, the members of the Hundred Peaks Sect began to discuss how to delegate tasks.

"Fellow members, I have already informed the great Immortal Sects, and their consensus is for everyone to approach the other Dynasties close to their own Sects and share this news,"

After Cao Zhen left, Nie Jie chaired the meeting and addressed the attendees, "However, the Sects also mentioned that although we're going to inform the others, there is no guarantee they will heed our warning. And if they decide to attack us on the spot, we will face trouble. Therefore, the envoys sent to each sect must be led by someone of the Ten Different Phenomena of the Golden Elixir Great Perfection.

Moreover, each Sect fears that if they depart, the others might attack them, so they must also retain within their Sect a presence of the Ten Different Phenomena Golden Core Great Perfection. Given this,

aside from the Divine Dao Sect and the Thousand Caves Door, as well as our own Hundred Peaks Sect, the manpower of all other Sects seems insufficient.

The Thousand Caves Door, having Star Lord Hao Yue, can leave him to safeguard the Sect, but the numbers they can send are limited. Thus, it falls to our Hundred Peaks Sect and the Divine Dao Sect to aid the other great Immortal Sects by sending out additional members.

Now, let us discuss which experts will be dispatched."

As Nie Jie's voice faded, everyone's gaze turned to the members from Four Treasures Peak.

As the Vice Sect Master, and with the Sect Leader gone, Nie Jie obviously needs to stay within the Hundred Peaks Sect.

Besides Nie Jie, Liè Yàn must also remain because he is still being punished, meaning that the Hundred Peaks Sect actually has two people of the Ten Different Phenomena Golden Core Great Perfection providing protection.

The only ones available to depart, then, are the disciples of Four Treasures Peak.

Chapter 922:

As the eldest among the disciples, Ling Xi was the first to speak: "Apart from Bei Yan, everyone at Four Treasures Peak can go to the various Immortal Sects to discuss this matter."

Upon hearing this, Bei Yan immediately looked confused, pointing to himself and asking, "Elder Sister, why do I need to stay behind? Our Hundred Peaks Sect already has Elder Brothers Nie Jie, and Lie Yan, both at the stage of Ten Different Phenomena of Golden Elixir Great Perfection, and the Formation that Master left behind.

Moreover, Sister Yi Sheng and Qiao Jingyao are also about to break through to the Ten Different Phenomena of Golden Elixir Great Perfection, and the strength that our Hundred Peaks Sect retains is already strong enough. There is no need for me to stay, is there?"

True, he previously disliked going out and taking risks, mainly because Master had said that it was very dangerous outside.

But now, it was different; he was the only person in the entire Guardian Immortal Dynasty who could freely unleash his power in the Wind Fire Tribulation.

With such strength, it was already good enough that he did not provoke others, let alone anyone daring to provoke him!

Ling Xi glanced at Little Bei Yan and resolutely refused: "Our Hundred Peaks Sect is different from other Immortal Sects; we are specifically targeted, so the strength left behind to defend must be strong enough."

Everyone around nodded in agreement, saying, "That makes sense."

"Exactly, our Hundred Peaks Sect receives the most attacks. Who knows how much strength those remnants from the former dynasty still possess.

Indeed, we decimated their Four Princes' stronghold, and the Sun and Moon Demon Sect is almost crippled, but they still have the Red Refinery Demonic Sect!"

"With Elder Brother Bei Yan staying, it will be much safer."

"Everyone, I feel that you need to bring more people with you to find the other great Immortal Sects. Who knows if the other Immortal Sects, upon seeing your arrival, might take direct action."

"There is no need," Li Ke spoke directly, "We naturally will not enter their Immortal Sects to converse with them; we will inform them outside the bounds of the Immortal Sects.

And from beyond their authority, if they wish to make a move, we can simply leave. With our cultivation base, they are unable to stop us. The real question now is who will go where."

With Bei Yan left behind, there was no need for Li Ke to stay; she too needed to depart from the Immortal Sect.

Upon hearing this, Zi Yu was stirred and immediately called out, "Choose other places for yourselves; I want to go to South Ocean."

South Ocean had previously revealed Peerless Relics.

Because he had been cultivating Divine Skills within the Sect, he had no chance to go to the relics, even though he had heard that his Master acquired the greatest legacy from the relics.

But he did not believe his Master.

Such Peerless Relics generally possess more than just the surface legacy, and his Master, not being the main character, probably couldn't discover those deeply hidden legacies.

Now that he finally had a chance to go out, he naturally wanted to head to South Ocean; once he resolved the matters, he planned to search the relics once more.

Moreover, South Ocean housed an Evil People Island.

Such a place naturally required him, as the main character, to personally conquer.

The others did not compete with Zi Yu for this.

Soon enough, everyone allocated their destinations and set forth toward their respective targets.

As everyone departed, the Guardian Immortal Imperial Dynasty's various Immortal Sects also sent out their experts to the other dynasties to find the major Immortal Sects of other dynasties, informing them that Eastern Wasteland would border the Central Five Provinces in fifty years. They hoped everyone could set aside past grievances and develop peacefully. When the time came, they would jointly defend against any potential dangers.

Near the Hundred Peaks Sect, the closest dynasty was the Great Lai Dynasty. In fact, the Great Lai Dynasty was also on the edge of Eastern Wasteland; if Eastern Wasteland were to border Central Five Provinces, East Lai would become a bordering nation to the Central Five Provinces.

However, because the three major Immortal Sects of the Great Lai Dynasty had previously attacked Hundred Peaks Sect and later feared retaliation that could lead to their destruction, they had all fled to unknown locations.

Thus, the number of Immortal Sects that Ling Xi and her group needed to visit was reduced by three, leaving the Mountain Abyss Dynasty as the closest to Hundred Peaks Sect outside of the Great Lai Dynasty.

As the name suggests, the Mountain Abyss Dynasty was surrounded by mountains, which was favorable for Cultivators because mountains often meant richer Spiritual Energy and the emergence of heavenly materials and earthly treasures.

But for ordinary people, mountains were not arable.

Thus, the population of ordinary people within the Mountain Abyss Dynasty was not high, and even large cities were few. Precisely because of the low population, the number of disciples that the Immortal Sect here could recruit was limited.

They could indeed recruit disciples from other dynasties, but the problem was that the closest was the Guardian Immortal Dynasty. With the overwhelming strength of the Guardian Immortal Dynasty, how could they recruit disciples?

Therefore, the Mountain Abyss Dynasty housed only one Immortal Sect, which was the Mountain Abyss Sect that had founded this empire.

Ling Xi flew all the way to Mountain Abyss Sect, directly landing outside the mountain gate of Mountain Abyss Sect.

At the mountain gate of Mountain Abyss Sect, several disciples responsible for guarding the gate saw a figure suddenly descend from the void; they were momentarily stunned. Once they could see the visitor's face clearly, they were struck by awe.

Such a beautiful Immortal; they had never seen an Immortal so beautiful before.

How did this Immortal suddenly appear outside their mountain gate?

Among the disciples, the one who appeared to be the leader stepped forward, revealing what he considered his most suave smile, and respectfully addressed her with a bow, "This Immortal, I am Li Buzhou; may I know if you have come to our Mountain Abyss Sect for any specific reason, or to meet a Dao Companion? I can help notify them for you."

Chapter 923:

If it were someone else, he certainly wouldn't be so polite, but to such a beautiful Immortal, of course one must be cordial.

Ling Xi has always been treated with courtesy by others, and she is even more courteous in return. Looking at the male disciple in front of her, she also brought her hands together in a salute and said, "Hundred Peaks Sect, Four Treasures Peak's Ling Xi, requests an audience with your Sect Leader."

"To see our Sect Leader, Immortal Lady, you..." The man suddenly realized something, his eyes widened as he stared at Ling Xi and exclaimed in a low voice, "The Ling Xi from the Hundred Peaks Sect?"

"Correct." Ling Xi nodded, a smile spreading across her face.

However, in the next moment, the disciples in front of the Mountain Abyss Sect's gate retreated back through their gates in an instant, following which, the Mountain Protection Array of the Mountain Abyss Sect was activated.

Li Buzhou also took the initiative to ring the Warning Bronze Bell inside the gate immediately.

Ling Xi, the very Ling Xi from the Hundred Peaks Sect, one of the top ten Immortal Generals of the Guardian Immortal Imperial Dynasty, and moreover, among the top of those ten generals.

She represented the pinnacle of the Ten Different Phenomena of Golden Elixir Great Perfection.

Why had she suddenly appeared at their Mountain Abyss Sect?

Soon after the Warning Bronze Bell of the Mountain Abyss Sect rang, disciples gathered within the sect, and the Sect Leader of the Mountain Abyss Sect flew out directly toward the direction of the gate, quickly inquiring, "What's the situation? Why did we activate the Mountain Protection Array and ring the Warning Bronze Bell all of a sudden?"

Hearing the bell, Li Buzhou hastily responded, "Ling Xi, Ling Xi from the Hundred Peaks Sect is here, right outside."

"Ling Xi?" The Sect Leader of the Mountain Abyss Sect paused momentarily, then quickly arrived at the gate and spotted the solitary figure standing outside their gate.

Some disciples of the Mountain Abyss Sect might, due to their weaker cultivation base, have never seen Ling Xi's portrait.

But as the Sect Leader of the Mountain Abyss Sect, he had seen the images of numerous experts within the Guardian Immortal Imperial Dynasty, and he recognized Ling Xi at first glance.

Ling Xi?

Why would she come to the Mountain Abyss Sect?

The Sect Leader of the Mountain Abyss was filled with confusion. Although their Mountain Abyss Sect was close to the Guardian Immortal Imperial Dynasty, being not particularly strong, they seldom had dealings with the Imperial Dynasty, let alone conflicts—He had no idea why Ling Xi would come to their sect.

With curiosity in his heart, but still as a Sect Leader, he spoke out, "Dao Companion Ling Xi, what brings you to our Mountain Abyss Sect?"

Although he only saw Ling Xi alone, he did not open the mountain gate. Who knew if there were more people from the Hundred Peaks Sect behind her?

Ling Xi looked up to find that more figures had appeared at the Mountain Abyss Sect's gate, and the one who spoke, surrounded by others like stars around the moon, protected in the middle, was a young man.

It seemed that this person must be the Sect Leader of the Mountain Abyss Sect.

Ling Xi had no intention of entering the Mountain Abyss Sect and directly said, "I know that someone has approached you, hoping you would join hands with them to attack our Guardian Immortal Imperial Dynasty."

The Sect Leader of the Mountain Abyss Sect was momentarily startled; indeed, someone had approached their sect, and it was just yesterday.

It had only been a day, and people from the Hundred Peaks Sect had already come?

No, it would take time for the Hundred Peaks Sect to fly here, which meant that Ling Xi had already set out before the other party came looking for them?

Ling Xi, or rather the Hundred Peaks Sect, must have known in advance that someone would come looking for them?

The other party said they were also going to ally with other Immortal Sects. Does that mean the Hundred Peaks Sect knew everything about it? Even the other Immortal Sects of the Guardian Immortal Imperial Dynasty?

The Sect Leader of the Mountain Abyss suddenly felt how unreliable the person who had come to find him was.

They thought they were acting in secrecy, yet their actions were already known to the other party.

He hesitated for a moment, but still nodded in acknowledgment and said, "Indeed, someone has come to find us, and it was a person from the Red Refinery Demonic Sect."

Since others had approached him, as a Sect Leader, he had to show some responsibility and would not deny it.

"The Red Refinery Demonic Sect?" Ling Xi scoffed and asked, "Do you know who is behind the Red Refinery Demonic Sect?"

The Sect Leader of the Mountain Abyss nodded and replied, "I've heard some things."

"Then do you know who is really behind the Red Refinery Demonic Sect? It is the royal remnants of the previous Dynasty, the Qi Tian Dynasty. Do you also know what their goal is? Their intention is to restore the Qi Tian Dynasty."

The Sect Leader of the Mountain Abyss nodded again and said, "I've also heard about this."

Previously, the major Immortal Sects were unaware of the Qi Tian Dynasty's affairs, but later, news of the remnants of the Qi Tian Dynasty came from the ten great Immortal Sects of the Guardian Immortal Imperial Dynasty.

He believed this news to be true.

But he had still agreed to the proposal of the Red Refinery Demonic Sect, because what they said wasn't wrong.

After the Minor Era of Inversion of Heaven and Earth ended, once the Grand Preceptor awoke, he would surely find trouble with them. So it was better to take this opportunity to directly obliterate the Guardian Immortal Imperial Dynasty and dig out the Grand Preceptor's living grave.

As for the Qi Tian Dynasty, whether or not they restored themselves, it wasn't much of their concern.

The Qi Tian Dynasty couldn't be more terrifying than the Grand Preceptor, could it? If Qi Tian Dynasty turned to deal with them later, they could naturally unite to overthrow the Qi Tian Dynasty.

Ling Xi, standing afar, suddenly asked as she looked at the Sect Leader of the Mountain Abyss whose expression had hardly changed, "Then, do you know where the Qi Tian Dynasty comes from? Have you never wondered where all those people, so many at the Golden Core Stage, could be hiding?"

"They don't cultivate, don't explore outside, and have no Immortal Sect? Over so many years, why has no one discovered their Immortal Sect?"

Chapter 924:

The Sect Leader of Mountain Abyss Sect was momentarily stunned before replying, "That might be some remote island overseas."

He had considered this question before, but he had ultimately concluded that the other party was deeply hidden. After all, the Eastern Wasteland was vast.

"An island somewhere? They indeed could hide there, but with so many at the Golden Core Stage, a common island wouldn't suffice for their cultivation; a place abundant with Spiritual Energy, how could it possibly remain undiscovered?"

I can tell you that the Praying Heaven Dynasty actually comes from beyond the Eastern Wasteland, from the Central Five Provinces. Did you know about the existence of the Central Five Provinces?"

This time, the Sect Leader of Mountain Abyss Sect did not nod, but gently shook his head and said, "I am aware of the vast lands beyond our Eastern Wasteland, where there are stronger Immortal Sects and Immortals, but I do not know the specifics."

They had never been able to leave the Eastern Wasteland, so naturally, they did not know the circumstances outside.

"I can tell you that every ten thousand years, people from the Central Five Provinces can enter our Eastern Wasteland once. And the Praying Heaven Dynasty enters our Eastern Wasteland every ten thousand years, obviously coming from the Central Five Provinces."

Additionally, I can tell you that the Central Five Provinces are extremely chaotic, far more so than our Eastern Wasteland. The major Immortal Sects there, of course, look down upon our Eastern Wasteland and don't care about us.

However, those smaller Immortal Sects, they pay significant attention to our Eastern Wasteland, because they want to swallow us and plunder us. And the Praying Heaven Dynasty is just such an existence.

In the beginning, they controlled a large amount of land in our Eastern Wasteland, but at the same time, many of our experts always disappeared without reason.

Actually, it was the Praying Heaven Dynasty, secretly using the blood of these experts in some evil rituals. After the Praying Heaven Dynasty was overthrown, they even more wanted to restore their power because they saw our Eastern Wasteland as a breeding ground for their schemes.

They have always wanted to restore their rule, but although they can enter our Eastern Wasteland once every ten thousand years, the highest experts who can come are only at the Earth Immortal Realm, or their power is indeed limited, so they have not been able to restore their rule."

These words, naturally, were not said by Cao Zhen but were told to him by his junior brother, Xiang Ziyu, who after querying Duo Duo for a while, deduced them. Then she, not being good at speaking, simply relayed them as Xiang Ziyu had spoken them.

Ling Xi spoke a lot, then waited a while until she felt the other party had digested what she had said, before continuing, "They want to restore their rule because they are considered a minor Immortal Sect in the Central Five Provinces, and they have pinpointed us as their target.

Moreover, there is another point, which is the most important one, and it is also why they want us to fight each other now.

That is because, after a million years, our Eastern Wasteland, as well as Southern Wasteland, Northern Wasteland, Eastern Barbarians, and West Barbarians, all these remote places, will border the Central Five Provinces.

At that time, they will be able to enter our Eastern Wasteland without any restrictions. What the Qi Tian Dynasty thinks is to directly swallow our entire Eastern Wasteland or to first conquer various Immortal Sects to obtain the most resources.

The harder we fight each other, the easier it will be for them to attack us.

Haven't you noticed that after the Minor Era of Inversion of Heaven and Earth arrived, they have been constantly instigating fights between our major Immortal Sects?

Because, after fifty years, it will reach the million-year period, and they will be able to enter our Eastern Wasteland! Now, do you understand why they want to ally with you to attack our Guardian Immortal Imperial Dynasty?"

The Sect Leader of Mountain Abyss Sect was dumbfounded; he truly did not know about such intricate details, and what was most crucial was that after fifty years, would the Eastern Wasteland really border the Central Five Provinces?

How would they survive then?

After Ling Xi finished speaking, she continued according to the words instructed by Xiang Ziyu, "What we should be doing now is not fighting each other but setting aside all grievances and developing as quickly as possible. Then, after fifty years, when our Eastern Wasteland borders the Central Five Provinces, we should jointly resist the external enemies.

In fifty years, it will still be the Reversal Mini Epoch Period. In our Eastern Wasteland, we have my master and Star Lord Hao Yue, two reincarnated individuals with Great Abilities. With enough Golden Cores, we will be able to withstand the enemy's invasion.

I have come here this time to tell you, Mountain Abyss Sect, not to trust the Praying Heaven Dynasty lightly.

If you don't believe our words, then just keep waiting until after fifty years, to see if there will be great changes in the world, to see if our Eastern Wasteland will border the Central Five Provinces.

At that time, if our Eastern Wasteland is not connected with the Central Five Provinces, attacking later won't be too late. Fifty years is not enough to change too much."

The Sect Leader of Mountain Abyss Sect indeed did not know whether what Ling Xi said was true or false.

After all, a million years was too long a time, and no Immortal Sect in the entire Eastern Wasteland had existed for a million years, so nobody in the Eastern Wasteland knew that every million years, it would connect with the Central Five Provinces.

However, Cao Zhen, the Sect Leader of Hundred Peaks Sect and a reincarnated individual with Great Ability, knew this information.

But still, he could not be certain whether what was said was true.

In the end, he decided to continue waiting.

Waiting for fifty years to speak, just as the other side had said, fifty years was not enough to change too much.

Now, if the various Imperial Dynasties' Immortal Sects could eliminate the Guardian Immortal Imperial Dynasty together, in fifty years, they could still eliminate the Guardian Immortal Imperial Dynasty together.

Of course, if the Guardian Immortal Imperial Dynasty suddenly decided to join forces to fight them during this period, they would naturally join forces immediately and attack the Guardian Immortal Imperial Dynasty earlier.

Not only the Mountain Abyss Sect, but this time, various Immortal Sects within the Guardian Immortal Imperial Dynasty all sent people to notify other major Immortal Sects about this situation.

And the Immortal Sects of other Dynasties, although skeptical in their hearts, were also afraid that it might be true, so nearly all of them chose to wait for fifty years.

In Hundred Peaks Sect, the few people sent out all had very smooth actions, and no one directly attacked them upon seeing them.

Among the crowd, only Xiang Ziyu had not gone to any Immortal Sect yet.

His destination was South Ocean, which was extremely far away.

Finally, when he reached South Ocean, he didn't go directly to any major Immortal Sects or the Peerless Relics' disappearance site.

If it had been before, he would surely have gone to the relics' disappearance site first when coming to South Ocean, but since the incident where he left the Immortal Sect and let his master find him, causing their Sect to be attacked and the elders of Hundred Peaks Sect to self-destruct for the sake of their Sect, he had become much more restrained.

He went directly to Evil People Island!

"Evil People Island, this is where the protagonist should come. Evil people? I want to see just how evil the people here are."

Xiang Ziyu descended from the Void, landing on Evil People Island.

Chapter 925:

Xiang Zi Yu believed that even the Immortal Sects of the South Ocean would be easy to persuade. The only problem was Evil People Island.

The people on Evil People Island were all wanted criminals, unable to stay anywhere else. These people would relish in world chaos. Now that they had finally found an opportunity to overthrow the existing rulers, how could they possibly refuse it?

Therefore, he thought that before approaching the other Immortals of the South Ocean, he should eradicate Evil People Island first.

Of course, he was aware that not everyone on Evil People Island was necessarily evil.

So, he first needed to arrive on Evil People Island to determine who were truly evil and who were forced to seek refuge there after being oppressed.

He knew that he and his master were very famous. Others might recognize him by his face, so when he landed on Evil People Island, he had already applied a special Human Skin Mask to his face.

An ordinary Human Skin Mask could not fool anyone in the Golden Core Stage, not to mention those who could form inner cores. However, his mask was exceptionally unique and not even those with the extraordinary Golden Core could detect its uniqueness.

This mask had been obtained from the same place where he got the Sun, Moon, and Stars Transfer, but there had been no previous need for him to disguise his identity, so he had not used it until now.

Though Evil People Island was not under any particular power's control, like many Immortal Sects, its perimeter was protected by a Formation. The difference was, unlike other defensive formations, the island's Formation was designed to trigger immediately upon encountering someone who had never been to Evil People Island.

No sooner had Xiang Zi Yu landed on the island than several figures flew towards him from a distance.

Suddenly, a stranger's silhouette appeared among the group.

"Who are you, and why have you intruded upon Evil People Island?"

A voice quickly carried over.

Xiang Zi Yu looked up and saw three figures appearing in his field of vision.

Especially the one in the middle, who bore a stern face, as if everyone owed him millions of Spirit Stones.

Xiang Zi Yu found it odd. Wasn't this Evil People Island? Shouldn't they be attacking him on sight for suddenly intruding? If not attacking, at least they shouldn't be speaking politely, right?

Though their tone was icy, Xiang Zi Yu felt that they were surprisingly polite. Someone from Evil People Island speaking so courteously yet so coldly, and with such handsome features, must have a story.

Indeed, as the protagonist, the people he encountered randomly were never ordinary.

Xiang Zi Yu made up a story, "I am Qin Haoxuan." He definitely couldn't use his own name. As for the name Qin Haoxuan, he had heard his master mention it before, and it naturally slipped out. He did not give them the chance to ask where he came from, and continued, "I have come to Evil People Island for three things, revenge, revenge, and more revenge!"

The other party showed no sign of surprise. There were many who came to Evil People Island for revenge.

Instead of the person in the middle speaking again, a man beside him asked, "Who are you seeking revenge on?"

Xiang Zi Yu coldly replied, "Young Master Lian Hua."

Mainly because during his time inside Four Treasures Peak, the name he heard most associated with people from Evil People Island was Young Master Lian Hua, especially his second senior sister, who had always regretted not seeing Young Master Lian Hua in the South Ocean for a chance to kill him. So, hearing the question about his enemy, he almost instinctively mentioned Young Master Lian Hua's name.

"Young Master Lian Hua!"

The man, who had already projected an air of frost, became even colder at the mention of those four words, appearing completely as if he was fashioned from millennium-old ice.

There must be something going on here!

Xiang Zi Yu eyed the man before him, rapidly pondering. This man definitely had a grudge against Young Master Lian Hua, but being a man, it could be that his companion was harmed by Young Master Lian Hua, or else...

He was still pondering when suddenly, several more figures flew over from the distance.

Immediately, the man's expression changed, his face adopting a stern look as he coldly said to Cao Zhen, "Revenge? Who told you to seek revenge? I've already avenged our Clan Leader. Didn't I instruct you to stay behind and protect our younger clansmen? What were you doing looking for them? Now look, you too are being hunted and forced to flee to Evil People Island. What about the younger clansmen then!"

Xiang Zi Yu was momentarily stunned, then quickly realized. Had this guy just blurted all that out for the ears of the approaching figures?

Was he trying to help him?

As the man finished speaking, three more figures descended from the sky.

Among the three, one dressed in a white robe appeared to be the leader, his face breaking into a smile as he said, "Wei Wanzhong, is this the back of your clan? Did he run to Evil People Island to seek refuge with you?"

The cold man, looking up at the speaker, still kept his icy demeanor, "Disobedient younger generation."

After a brief word, he whispered, "Coming to Evil People Island, if you hadn't been lucky to meet me, you wouldn't even know how you'd die. Now, follow me."

With that, he turned and flew towards the distance, with Xiang Zi Yu closely following.

Chapter 926:

Slowly, he discovered that although it was named Evil People Island, the scenery on the island was quite nice, and perhaps because he was now flying with Wei Wanzhong, they weren't attacked by anyone either.

In a short time, they had landed on top of a high mountain.

At the summit, there were three houses.

Wei Wanzhong stopped, turned, and looked at Xiang Ziyu, "You're not so foolish after all."

"Those people just now, who were they?" Xiang Ziyu knew that Wei Wanzhong was referring to how he had refrained from speaking recklessly in front of others just before.

"They are from Evil People Island, responsible for patrolling," another man explained, without Wei Wanzhong needing to speak. "Don't think that anyone can simply enter Evil People Island. We still scrutinize the background of outsiders who come here.

Inside Evil People Island, aside from those at the Ten Different Phenomena of Golden Elixir Great Perfection, the rest of us take turns patrolling. We are in charge of patrolling during this period, just like the people we encountered earlier."

Hearing this, another man beside Wei Wanzhong added, "You're lucky to have met us. If you had encountered others and said you were here to seek revenge on Young Master Lian Hua, you might already be a dead body by now."

A surprised expression immediately appeared on Xiang Ziyu's face, "Is Young Master Lian Hua so powerful here on Evil People Island? They say that many despise his actions!"

"Indeed, many despise him, but he is still one of the Ten Different Phenomena of Golden Elixir Great Perfection," Wei Wanzhong finally spoke again, "You say you came to kill him, but Young Master Lian

Hua wouldn't even need to lift a finger, as naturally, there would be people who would kill you and curry favor with Young Master Lian Hua by giving him your head.

This is Evil People Island, where you could be killed at any moment for various reasons!"

Xiang Ziyu, full of confusion, asked, "I have a question. Why are you all so sure that I'm no match for Young Master Lian Hua? Or those people?"

He really couldn't understand how these people obviously regarded him as very weak; where did he seem weak? He had said he came to seek revenge on Young Master Lian Hua. If he were not strong enough, he would not be seeking revenge but courting death.

Upon hearing this, Wei Wanzhong immediately shook his head, "You can't possibly be his opponent. He is one of the Ten Different Phenomena of Golden Elixir Great Perfection. To defeat him, you would need to be at the Ten Different Phenomena of Golden Elixir Great Perfection as well.

But in this vast world, how many can claim such a status?

In this South Ocean, I have never heard of someone like you.

Moreover, although Young Master Lian Hua has committed many evils, he is not foolish. If there were someone at the Ten Different Phenomena of Golden Elixir Great Perfection behind his opponent, he would not dare to provoke them.

Of course, the most important thing is that even if there were someone at the Ten Different Phenomena of Golden Elixir Great Perfection who holds a grudge against Young Master Lian Hua, they would not choose this time to seek revenge."

"Why?" Xiang Ziyu became even more curious.

Wei Wanzhong explained, "I don't know the specific reason, but I do know that currently, aside from the Axe Lunatic, the other Ten Different Phenomena of Golden Elixir Great Perfection on Evil People Island have all banded together.

Also, there were always many powerful figures who wanted to enter Evil People Island to cause trouble for some people, but now, they too have all ceased their actions."

They all stopped?

Xiang Ziyu's mind churned, it was clear now, it must be that the remnants of the Qi Tian Dynasty had sought the others out to discuss abandoning all past grievances to unite against the Guardian Immortal Imperial Dynasty, which is why those people no longer came to Evil People Island to cause trouble.

Seeing that Xiang Ziyu did not respond, Wei Wanzhong suddenly asked, "Do you have a grudge against Young Master Lian Hua?"

"I...," Xiang Ziyu hesitated slightly and then whispered, "My senior sister wants to kill him." He wasn't lying, his second senior sister really did want to kill Young Master Lian Hua!

Hearing this, Wei Wanzhong's face showed a touch of anger as he spat resentfully, "Just as I thought, that beast has harmed so many people!"

Upon hearing this, Xiang Ziyu quickly asked, "You all..."

"We all have a grudge against Young Master Lian Hua!" Wei Wanzhong said coldly, "We're keen to kill him right now, but Young Master Lian Hua is one of the Ten Different Phenomena of Golden Elixir Great Perfection, and we stand no chance against him directly. We've thought about assassinating him, but he has always been very cautious and we have never found the opportunity to do so.

Those who have never been to Evil People Island can never understand just how terrifying this place is. For now, stay with us and then we can gradually plan how to deal with Young Master Lian Hua."

Xiang Ziyu nodded lightly, so it turned out that these people were helping him because they too held grudges against Young Master Lian Hua.

Xiang Ziyu did not rush to take action; he discovered that there indeed were some good people on Evil People Island.

At least in his view, Wei Wanzhong and the other two were good people.

He felt it best to first find out clearly those on Evil People Island who were evil and those who were bad, before taking action.

Xiang Ziyu gathered information quickly; in just two days, he had learned everything.

Mainly, although there were no explicit factions or territories on Evil People Island, generally speaking, those who had not committed many evil deeds and were forced to seek refuge on Evil People Island looked down on the utterly evil felons. Thus, they seldom interacted with these violent felons, and even their places of residence were distinctly divided.

Chapter 927:

Moreover, he had discovered a problem: although there were many villains on Evil People Island, they were really like a group of scattered sand.

Now, the reason why the people on Evil People Island could still gather together, and even enforce patrols, was entirely because there were eleven individuals at the Ten Different Phenomena of Golden Elixir Great Perfection on the island.

If these eleven at the Ten Different Phenomena of Golden Elixir Great Perfection were to die, the rest of the people on Evil People Island wouldn't be able to stir up any trouble.

Therefore, he felt that dealing with Evil People Island wouldn't be difficult; there was no need to act against everyone on the island—just kill all ten of the Ten Different Phenomena of Golden Elixir Great Perfection, and that would be enough.

Out of the current eleven individuals at the Ten Different Phenomena of Golden Elixir Great Perfection on Evil People Island, besides one person, the others were all of the vilest sort.

And that one remaining person—

After being dumbfounded for two days, Xiang Ziyu found Wei Wanzhong and asked in a low voice, "Old Wei, do you know where the Ax Crazy is?"

"Ax Crazy?" Wei Wanzhong was momentarily stunned, then said in a low voice, "What do you want with him? You just arrived at Evil People Island, and you may not know, although Ax Crazy doesn't kill people for no reason, no one on Evil People Island likes to provoke him. Not even those at the Ten Different Phenomena of Golden Elixir Great Perfection. What do you want with him?"

"Oh, my master has some connections with him." A radiant smile appeared on Xiang Ziyu's face. Indeed, his master had some ties with Ax Crazy; the two had once sparred with each other.

"Your master has ties with Ax Crazy?"

"Ax Crazy hardly has any ties with anyone. Originally, there was a master at the Ten Different Phenomena of Golden Elixir Great Perfection on our Evil People Island who had a connection with Ax Crazy, but later on, that master also died unexpectedly. Since then, Ax Crazy hardly has any connections at all."

"If your master has a connection with Ax Crazy, then of course we can take you to him."

Wei Wanzhong and the other two exchanged glances before quickly taking Xiang Ziyu and flying towards the distance.

After the arrival of the Minor Era of Inversion of Heaven and Earth, on the entire Evil People Island, Ax Crazy was undisputedly the top person!

This was a reincarnated being of Great Ability.

The place where Ax Crazy lived was right in the center of Evil People Island, because, in his words, being in the center made it convenient to go anywhere and find someone to spar with.

Near Ax Crazy's residence, there was not a single person living.

In the sky, Wei Wanzhong pointed to the solitary house with a courtyard and said, "That one there is Ax Crazy's house. To my knowledge, he has not left his residence recently; he should be inside right now."

No sooner had Wei Wanzhong's voice fallen than Xiang Ziyu was seen plummeting straight from the void, flying towards Ax Crazy's courtyard.

Wei Wanzhong's eyes suddenly widened. That was Ax Crazy's place! Even if your master has ties with Ax Crazy, you are not your master, and you descended directly from above someone else's courtyard; that is completely ignoring the other person! What are you thinking...

Suddenly, the next moment, a silver arc of light shot out from Ax Crazy's courtyard. The intense aura instantly filled the entire courtyard, and even Wei Wanzhong and the others in the sky felt the sharpness from afar, getting a palpable sense of trepidation just from the sight of the light.

The arc of light shot forward with incredible speed; one moment, it had just appeared, and the next it had reached right in front of Xiang Ziyu.

And in the void behind where the arc had flown through, only then appeared a distinct crack, as if the very void had been split open.

Just as it looked like Xiang Ziyu was about to be cleaved in two by this arc of light, he lifted an arm in defense.

In the sky above, Wei Wanzhong's eyes suddenly bulged; he almost cried out in astonishment at that moment. Was this guy seeking death?

An attack that could be shot from within the courtyard had to be from Ax Crazy himself.

Even if it was just a casual strike from Ax Crazy, it was still from someone at the Ten Different Phenomena of Golden Elixir Great Perfection, from a reincarnated being of Great Ability; it was not something they could withstand!

This guy... his master clearly had a connection with Ax Crazy, so why didn't he just knock on the door and announce himself? Why did he have to fly down only to face Ax Crazy's attack and counter it directly? He...

The next moment, Wei Wanzhong's eyes suddenly widened.

On the arm that Xiang Ziyu had raised, a black and a white glow abruptly surfaced, intertwining and wrapping around his limb. That arc of light, which seemed capable of easily destroying a mountain with its sharpness, fell upon the dual-colored light and instantly dissipated into nothingness.

This guy, he had blocked Ax Crazy's attack, and done so effortlessly. What realm of cultivation base did this guy have? He...

He hasn't even released his Golden Core!

At the Golden Core Stage, although not all power comes from the Golden Core, without releasing the Golden Core the power you can exert is extremely limited.

Now, this guy who called himself Qin Haoxuan, had managed to block Ax Crazy's attack without even releasing his Golden Core. So how strong was he really?

Before Wei Wanzhong could recover, the figure of Ax Crazy had already appeared in the courtyard. He looked up towards heaven, then his gaze fell on the unfamiliar silhouette opposite him.

Chapter 928:

In the void, Wei Wanzhong and the others felt a chilling fear in their hearts, as if they were being targeted by one of the legendary ferocious beasts of the Great Desolation, just from a mere glance from the Axe Lunatic.

Suddenly, the next moment, Wei Wanzhong descended from the sky.

Just now, after merely receiving a glance from the Axe Lunatic and being ignored by him, he knew that the lunatic hadn't taken much interest in the three of them, and if they were to leave right now, the Axe Lunatic wouldn't care.

However, he now realized that he actually had a chance at revenge.

The man claiming to be Qin Haoxuan had said his master and the Axe Lunatic were acquainted. Seeing such a stance at this moment, he approached the Axe Lunatic possibly to deal with Young Master Lian Hua.

Their group of three had entered Evil People Island with the intent of killing Young Master Lian Hua, and now, seeing someone attempting to target Young Master Lian Hua, there was no way he could leave.

Even knowing full well the Axe Lunatic's eccentric nature, and that everyone on Evil People Island would steer clear of him if possible, they still descended.

At this time, the Axe Lunatic was sizing up Xiang Ziyu from head to toe, before suddenly speaking, "Who are you? You are not one from Evil People Island."

Xiang Ziyu responded with a light smile, pointing to himself, "I, from the Hundred Peaks Sect, Four Treasures Peak, am Xiang Ziyu."

"Hundred Peaks Sect?"

Behind him, Wei Wanzhong, who had just descended, was suddenly confused. They hadn't had much interaction with the Guardian Immortal Imperial Dynasty in the South Ocean before, but they were aware of the existence of the Hundred Peaks Sect within the dynasty.

Especially after the Peerless Relics appeared, people from Hundred Peaks Sect like Cao Zhen had made a move, and when they realized there was such a huge gap even amongst those at the Perfect Completion Golden Core level, people from the South Ocean began to inquire about the experts of the Guardian Immortal Imperial Dynasty and the Hundred Peaks Sect.

Wei Wanzhong knew that the number one expert of the Guardian Immortal Imperial Dynasty, Cao Zhen, was from the Hundred Peaks Sect, and moreover, that the people from Four Treasures Peak were all Cao Zhen's disciples.

So, this person was Cao Zhen's disciple?

But previously...

Almost instinctively, Wei Wanzhong couldn't help but ask, "You're from the Hundred Peaks Sect? Didn't you say that your master and the Axe Lunatic were acquainted?"

The Axe Lunatic didn't mind being called the Axe Lunatic, so addressing him directly by his moniker wasn't an issue for Wei Wanzhong.

Hearing this, Xiang Ziyu nodded and said, "Yes, my master indeed has ties with him. They had agreed to exchange two moves within the relics, if that does not count as an acquaintance."

Wei Wanzhong was momentarily at a loss for words, "Is that considered being acquainted?"

The Axe Lunatic, hearing Wei Wanzhong's remark, burst into a great laughter, "Interesting, truly interesting. Correct, a sparring is indeed an indication of acquaintance."

Wei Wanzhong was taken aback for a moment, then suddenly thought of something and spoke again, "Then you said that your senior sister was humiliated by Young Master Lian Hua, you..."

He felt a profound sense of betrayal. Upon hearing that the other party was seeking vengeance on Young Master Lian Hua, he had treated him almost like a younger brother, but now he realized that he had been lied to all along.

Upon hearing Wei Wanzhong's words, a look of terror appeared on Xiang Ziyu's face as he hastily exclaimed, "You can't just say anything! When did I say that my senior sister was humiliated by Young Master Lian Hua? What I said was, my senior sister wants to kill Young Master Lian Hua."

After the appearance of the Peerless Relics in the South Ocean, my senior sister encountered Young Master Lian Hua outside the relics. Upon learning what he had done, she deemed Young Master Lian Hua a scum and naturally took action to kill him, but allowed him to escape.

Because of this, my senior sister has been blaming herself, insisting that if she had another chance, she would definitely find Young Master Lian Hua and slay him. So, the words I told you are not wrong, I haven't lied to you, it was a misunderstanding on your part."

Wei Wanzhong was left speechless, as that did indeed seem to be the case. Yet, anyone would have misunderstood Xiang Ziyu's words.

Youth Master Lian Hua was at the Ten Different Phenomena of Golden Elixir Great Perfection level. Who would have thought Xiang Ziyu's words of wanting to kill Young Master Lian Hua were simply out of pure disapproval, with the intent to kill him?

It seemed that due to Cao Zhen's relationship, the Axe Lunatic gave plenty of face to Cao Zhen's disciple, allowing Xiang Ziyu and Wei Wanzhong to finish speaking before finally asking, "Tell me, what brought you to Evil People Island to find me?"

By now, Wei Wanzhong had also come to his senses and looked at Xiang Ziyu with a puzzled expression.

Although he had never seen Xiang Ziyu make a move, he had heard that the four disciples of Cao Zhen from the Guardian Immortal Imperial Dynasty were among the very best within the Perfect Completion Golden Core realm.

If Xiang Ziyu's senior sister indeed wanted to kill Young Master Lian Hua, she would certainly have the strength to do so. Why then send her junior brother?

Moreover, even if Xiang Ziyu's senior sister didn't have the time, so she sent her junior brother to kill someone, Xiang Ziyu could have easily found a moment when Young Master Lian Hua was alone, quietly dispose of him and then leave. Why would he need to conceal his identity and seek out the Axe Lunatic?

Xiang Ziyu didn't directly answer the Axe Lunatic, but instead asked back, "People from the Qi Tian Dynasty have looked for you, haven't they?"

"They have, but this matter is none of my concern," the Axe Lunatic shook his head, "Whether it is you or the Qi Tian Dynasty, whatever conflicts you have, it doesn't involve me."

Once the Central Five Provinces connect with the Eastern Wasteland, I, myself, will set off on the path to the Five Continents in search of more experts to challenge."

Chapter 929:

"So, whether it's your Guardian Immortal Imperial Dynasty that emerges victorious or the so-called remnants of the Praying Heaven Dynasty that restore their dynasty, it has nothing to do with me."

Xiang Ziyu nodded in understanding. As a reincarnated Great Ability, the Ax Crazy understood that the Central Five Provinces would connect to the Eastern Wasteland, and being alone without any concerns, his own strength was also sufficient. Therefore, the victory of any side had no impact on him.

"Indeed, it has no impact on you. I didn't come here to ask for your help. Truth be told, my visit to Evil People Island this time is to eradicate all those at Ten Different Phenomena of Golden Elixir Great Perfection."

Of course, if those were not exceptionally wicked and evil, I wouldn't attack them carelessly. However, after arriving here, I discovered that on Evil People Island, aside from you, all the others at Ten Different Phenomena of Golden Elixir Great Perfection are exactly those of extreme wickedness and malevolence.

"Honestly, killing ten at Ten Different Phenomena of Golden Elixir Great Perfection is not too difficult; I alone am enough to do it."

Listening to Xiang Ziyu's words, Wei Wanzhong's face instantly revealed a deep expression of disbelief.

What does he mean by saying it's not hard to kill ten at Ten Different Phenomena of Golden Elixir Great Perfection?

That is the Ten Different Phenomena of Golden Elixir Great Perfection, not just an ordinary Golden Core Stage.

Even if Xiang Ziyu is strong, he is just at Ten Different Phenomena of Golden Elixir Great Perfection. When everyone is at Ten Different Phenomena of Golden Elixir Great Perfection, even if there are differences, even if the legends say the gaps are huge, how big can the difference be under the same Cultivation Realm?

He believes it when he says he can easily kill one at Ten Different Phenomena of Golden Elixir Great Perfection, and even believes when he said he could kill two, but at three, he begins to doubt. Now he claims he wants to kill ten — that simply sounds like a madman's dream.

While Wei Wanzhong was doubting, Xiang Ziyu's voice came again.

"And those who are utterly irredeemable, must also be killed. I came here not to seek your help but to challenge you."

"Oh? How shall we challenge each other?" The Ax Crazy's interest was piqued upon hearing the word 'challenge.'

Xiang Ziyu smiled and gestured towards the exterior, "It's simple. You've been on Evil People Island so long, you should know who the utterly irredeemable are. Even though I haven't been here long, I've followed around for two days and I know who they are too.

So, both of us will act together to kill those irredeemable beings, those other ten at Ten Different Phenomena of Golden Elixir Great Perfection, and see who kills more. How about it?"

Wei Wanzhong had to admit, you still say you aren't here to seek help?

What surprised him even more was that the Ax Crazy nodded in agreement: "I can compete with you, but I never take advantage in a competition. I've been on Evil People Island longer than you, I'm more familiar with this place. I can give you the spots of ten ordinary Golden Core Stage cultivators."

"There's no need. I, Xiang Ziyu, have never been weaker than others, nor have I ever needed concessions from anyone. It was so in the past, it is so now, and it will be the same in the future."

"Oh? Interesting." The Ax Crazy seemed greatly appreciative of Xiang Ziyu, inquiring, "Then when shall we begin?"

"Begin? Such things have always been done impulsively. Now that I've found you, naturally, we start now. Do we need to hold a ceremony or something?"

Upon hearing this, the Ax Crazy's gaze towards Xiang Ziyu became even more appreciative. He nodded vigorously, laughing loudly, "I want to see, the strongest among Sect Leader Cao's disciples, just how strong is Xiang Ziyu. I'll go west, you go east, let's see who kills faster!"

As he spoke, he let out a long howl, his ancient ax appearing in his hand, his fighting spirit rising boundlessly, as he flew into the distance.

With the Ax Crazy releasing his fighting power, in an instant, everyone on Evil People Island became aware of the explosively released aura.

"Ax Crazy?"

"Who's the fool who offended the Ax Crazy now?"

"The Ax Crazy is showing such intense fighting spirit; it feels like a long time since he's shown such strength!"

"Strange, who could have sparked the Ax Crazy's interest?"

While everyone was wondering, suddenly, another terrifying fighting spirit soared into the sky, and it was by no means weaker than the spirit released by the Ax Crazy.

"This...this aura, who is this?"

"What's happening? Why is there another aura so strong?"

"This aura, it's not weaker than the Ax Crazy's!"

"The Ax Crazy is Ten Different Phenomena of Golden Core Great Perfection and is a reincarnated Great Ability, who can contend with him?"

"Have we got another powerful guest on Evil People Island?"

Wei Wanzhong and the other two men were left standing stunned in the courtyard of the Ax Crazy.

"They just left like that?"

"Two people, to fight against all the Ten Different Phenomena of Golden Core Great Perfection on Evil People Island? Two people against ten? Moreover, these two are acting separately?"

"Not only that, they also said they would exterminate all utterly irredeemable criminals!"

"Madman, Ax Crazy is a madman, and that Xiang Ziyu, he's also a madman, how could that be possible! That's not seeking death? On Evil People Island, apart from Ax Crazy, although there are only ten at Ten Different Phenomena of Golden Core Great Perfection, on the path of evil people, those who have completed Ten Golden Cores Great Perfections are more than ten, not to mention a bunch of experts who have completed nine Golden Cores and achieved Pill Fusion."

Chapter 930:

Amidst the astonishment of the three, a voice echoed from the void, "Axe Madman, what are you doing? Why won't you join us, and instead choose to ambush me? Have you gone mad?"

"Axe Madman is already clashing with someone." Wei Wanzhong, hearing the shouting from a distance, turned back to look at his two brothers and asked, "Earlier, Xiang Ziyu and Axe Madman were discussing something about the Central Five Provinces and something about connections to the Eastern Wasteland. What were they talking about? And something about joining forces?"

"We don't know," replied the other two, shaking their heads, "We know too little."

"Forget it, we can talk about this later. Let's go see them..."

As they were conversing, a brilliant radiance emerged from the void.

The trio quickly turned to look, and in the void behind Xiang Ziyu, a gigantic Golden Core formed by the fusion of ten different phenomena appeared, and atop the enormous Pill Fusion, there were two human-shaped shadows, one black and one white.

The trio merely viewed these two shadows from afar, but instantly felt an urge to kneel before them.

These two shadows emitted two completely opposing auras; one was righteous and commanding, filled with the aura of kingship, while the other was ruthless and bizarre.

While the auras were different, there seemed to be some connection between them.

From a distance, Wei Wanzhong gazed at Xiang Ziyu in the void and even felt an illusion, as if an ancient Immortal Demon had descended!

"Let's go have a look."

Wei Wanzhong and his group swiftly flew toward the direction where Xiang Ziyu was. At that moment, not just them but countless others on Evil People Island also took to the skies, flying toward Xiang Ziyu.

Xiang Ziyu had been patrolling Evil People Island with Wei Wanzhong and others, and while patrolling, he kept asking about those he encountered. Thus, he remembered all those utterly wicked people.

Not long after flying out of Axe Madman's yard, he encountered two utterly wicked people.

Xiang Ziyu removed his Human Skin Mask, unleashed his combat power, and struck at the two. He first let a dazzling light fall, bombarding them before they could react.

His sudden action soon drew the attention of many on Evil People Island.

"Who is it, attacking suddenly on the island? Didn't we agree not to make moves during this time?"

"You..."

Person after person flying in upon hearing the commotion, seeing Xiang Ziyu's face, many were instantly shocked.

"You are..."

"Xiang Ziyu of the Hundred Peaks Sect, what are you doing here!"

"A person from the Guardian Immortal Imperial Dynasty!"

They hadn't recognized the experts from the Guardian Immortal Imperial Dynasty before, but after a certain relic matter, they had also collected the imprints of those experts, with Xiang Ziyu's imprint being numerous, second only to Cao Zhen and Star Lord Hao Yue, the two reincarnated Great Abilities.

"Xiang Ziyu! What are you doing on our Evil People Island!"

"Don't think that just because you have the Ten Different Phenomena of Golden Elixir Great Perfection, you can do whatever you want. I'm telling you, there's not just one of you. On Evil People Island, there are eleven with the Ten Different Phenomena of Golden Elixir Great Perfection!"

Golden Core Stage cultivators of Evil People Island, seeing Xiang Ziyu taking action, though shouting, none stepped forward to fight.

They weren't fools; they knew they were no match for Xiang Ziyu, so they merely gathered around without engaging. They were waiting, waiting for their Evil People Island's Ten Phenomena of Golden Elixir Great Perfections to arrive.

Xiang Ziyu, however, gave no chance for anyone to wait. He shouted, "In three breaths, I will take action. Anyone who considers themselves not among the utterly wicked should retreat on their own, otherwise,

do not blame me for accidental injuries. Today, I have come to Evil People Island to start eradicating this land!"

Audacious!

People had never seen such audacity – one person coming to Evil People Island, claiming to eradicate this land!

Who did he think he was?

He was practically courting death!

As Xiang Ziyu's words fell, amidst the onlookers, several people began retreating. Xiang Ziyu's words were clearly no joke; they were genuinely afraid that once he started fighting, they might get caught in the crossfire.

But those surrounding Xiang Ziyu didn't move.

Suddenly, limitless battle intent surged from within Xiang Ziyu's body, and the two black and white shadows on his Golden Core suddenly shot out and entered his body.

Instantly, Xiang Ziyu's entire aura transformed, as if he was a war god who had walked out from an ancient Immortal Demon battlefield, standing in the void.

He waved his hands, and in the void, streaks of Purple Thunder appeared, enveloping the entire world.

The next moment, the Purple Thunder fell, and in an instant, this part of the world turned purple, becoming a world of thunder.

Five-thunder Righteous Method!

Among the crowd, a person who had ten Golden Cores and among them, six Phenomenal Golden Cores, didn't even have the chance to react before the heavy Purple Thunder struck him.

With a thunderous noise that seemed capable of splitting the sky, the whole Evil People Island seemed to shake at that moment, and the head of the expert with ten Golden Cores fully integrated exploded, his blood mixed with brain matter spraying all around.

Everyone around gasped in shock, those Golden Core Stage cultivators who had been surrounding Xiang Ziyu began retreating even further.

They knew there was a gap between Ten Phenomena Golden Elixir Great Perfections and ordinary Ten Golden Elixir Great Perfections, and they knew Xiang Ziyu was among the top of the Ten Phenomena Golden Elixir Great Perfections, but knowing was one thing—seeing this top level of Ten Phenomena Golden Elixir Great Perfections in action was another. They now understood just how big the gap was!

Without the presence of a Ten Phenomena Golden Elixir Great Perfection, there was simply no way to stop the opponent.

And, Ten Phenomena Golden Elixir Great Perfection...

Suddenly, an excited voice came from the crowd.

"Young Master Lian Hua has arrived, and not just Young Master Lian Hua but Lan Mei and TaMu too!"

"Three Ten Phenomena Golden Elixir Great Perfections are here; let's see how arrogant Xiang Ziyu can be!"
