

CH 6

Karsyn POV

Karsyn locked the door behind him as he followed Gorgeous into his room, watched her turn and look right at him, smirked. She was the perfect birthday present to himself, and he thought about telling her it was his birthday today, but they'd already agreed to no names. So, he kept it to himself. This was not a Mate Bond thing, just two free and unmarked Alpha's that were out to sate their needs.

She'd heard him lock the door. "There will be no interruptions, unless we want there to be." he stepped right up to Gorgeous and yanked her body hard up against his, as his mouth landed right on hers. She was his for the night now.

Picked her up and felt her long legs wrap around him, and they were long, the girl had to be six feet tall, he liked how she just accepted him, was walking her backwards to his bed a moment later, she was rolling her body against his, the whole time, grinding herself against his hard c**k as he walked.

He was aching to get her naked and take her for himself as much as it appeared she was for him. Got the same Alpha blooded needs he had, and they were both out to sate themselves it seemed. A good match up for the night.

He put her down on his bed and dropped his body on top of hers to continue to kiss the hell out of her, as they both rocked and grinded against each other, taking pleasure in the feel, and thought of knowing what was coming. She tasted like the last thing she had been drinking: rum, pineapple and coconut, it was so sweet and delicious.

He was practically devouring her mouth with his, his hands were gripped onto that tight ass of hers, humping the hell out of her, till his needs to touch bare skin got the better of him, then his hands were peeling that figure-hugging dress off of her body.

He'd been away at war for years and his focus was on the battlefield, not on women. He'd not even taken a woman since he'd gotten home, had been looking for his Mate, and to do that, you didn't go f*****g everything in sight at a mating ball, you were respectful and in control.

But here he was and he was not looking for his Mate, he was looking to have a good time, and he knew he was going to have it. Gorgeous was already undoing and pushing at his pants, he left her long enough to rid himself of them, and toss her heels, dress and underwear off somewhere behind him, then was on her once more, his hands on her body eagerly. He got to see her smile when she saw his massive hard c**k, liked what she saw, it seemed.

His mouth was on hers as her hands were touching him all over. He groaned when she grabbed his hard c**k and started stroking him. Her grip was firm and sure, she knew what to do. He returned the favour by slipping a hand between her thighs to stroke her and heard her sigh softly.

Then it was just a battle for dominance, and he was fighting her for control. She was laughing up at him as he tried to pin her down. Was herself enjoying what appeared to be her trying to out muscle him, in her Alpha need to take control.

She was a good, strong, Alpha female that was for sure. He, too, was now laughing himself as they rolled about the bed wrestling each other. It was fun for both of them, it seemed, trying to assert their own dominance over each other. He just knew this night was going to be a lot of fun for both of them.

He finally managed to get her pinned down underneath him, her back to his chest. She was still laughing softly, though he could hear the husky undertones and smell her arousal in the air, it was light but there.

It appeared she too loved every moment of their battle in his bed, as much as he did, it was turning him on to no end. He liked to be in control of everything he did, and so did she, it seemed. Though he won this battle in the end. His mouth touched her ear, his whole body had her held down. "I hope you're ready Gorgeous." He practically growled at her, he was more than ready.

"Try your best Handsome." She chuckled softly.

He smirked "I will give it my all." He told her and took her in one glorious hard thrust, buried himself deep inside of her, held himself inside her for a moment and just enjoyed how tight she was around him, "So sweet." He murmured softly as he started to move, taking her deliberately slow at first, even though he knew she wanted it, really wanted it, could feel her body moving underneath his trying to make him pick the pace up.

Karsyn chuckled softly, "Relax Gorgeous, let me please you and me." She was shoving back at him, regardless, he smiled and gave the lady what she wanted, picked up the pace and as he did, she gasped and then moaned for him. He smiled to himself, she wasn't going to be that hard to please. Was a bloody delight to take all vigorously, and he was, wanted more of her.

Felt her push herself up and onto all fours, let her, grabbed onto her hips, and started really taking her and she was crying out for the Goddess in no time. Shoving back against him like crazy and felt her cumming all around him, he slammed home and got his own release a moment later.

He smiled, he felt damn good right that minute. Saw those deep dark soulful brown eyes of hers turn and look at him over her right shoulder, with a look of almost disbelief on her lovely face.

He smirked right at her as he slipped from her body, "And you thought I'd not be able to satisfy you." he chuckled as he sank back down on the bed to look at her.

Her lovely face was flushed and she was still staring at him. It made him wonder just how long it had been for her to get all those needs she had, sated. Knew she was not innocent at all, she was way too aggressive in bed for that. It must have been quite a while though, he thought to himself, that expression said it all. She was actually surprised he could sate her.

He liked knowing he'd been able to sate this girl's Alpha needs. Then she was just up and coming right at him, climbed right on top of him, straddled him and held him down, her mouth was on his all greedy and demanding, oh she wanted to go again.

He grabbed a fist full of her hair and pulled her head back, breaking their kiss, to slide his mouth down her slender neck. "Again." She demanded of him, as she ground herself against him, he was as good to go as she was. Her Alpha needs were going to be high, it seemed. Something he could match easily, she was a hell of a turn on for him, knowing just what she wanted and how to get it. He liked her dominant and demanding side a lot.

Pulled her body hard against his and heard her moan as his hard c**k slid right through her wet folds, then she was just shoving him down and back on the bed. Smiled as he saw her take what she wanted from him, took him into herself and then was just riding him hard and fast. Holding him down the whole time, she rode the hell out of him until her head was thrown back and a cry of "Oh sweet Goddess, yes." Burst from her.

She was still riding him, didn't even stop to catch her breath. Her arousal was building within the room, and he just knew that she was going to be riding him all night long. She wanted it, he wanted it.

He was going to let her bounce up and down on him as long as she pleased. It was a nice sight, those breasts of hers bouncing with her, the view he had of her body accepting his with each eager thrust.

Karsyn shoved her over at one point, his own need to amp it up even more, to put all he had into this girl taking over. He took her hard and fast for himself as she wreathed and cried out with pleasure underneath him, he heard her cry out "Harder." As her back arched and her nails were digging into him. "Don't stop." She gasped.

"Not a hope in hell of that happening, Gorgeous." He told her, and there wasn't. He didn't even stop when the bed was banging against the wall, as they took it up another notch, both their Alpha needs driving them to sate themselves with all they had. He was looking down at her and knew there was a scream building, he wanted to hear it.

Slammed in and out of her harder, and could feel her body fluttering all around him now, then her entire body tensed up. She was clamped so damned tightly around him, as that scream ripped right out of her as she reached the peak of her o****m. His seed spilled inside of her, and then she was relaxing. He slipped from her body and flopped himself down onto the bed next to her. Sated himself.

Karsyn's eyes moved right to her, laying next to him on the bed, smiled right at her "Now that was damned good fun, Gorgeous."

"Yes, it was." She half sighed as she finished coming down from her high. He saw those chocolate-brown eyes turn to look at him, she still had a more than surprised look on her face. "Thanks, I really needed that, Handsome."

Karsyn chuckled softly into the room, it certainly did sound like it, had felt like it as well, "Happy to help." He smiled "I'm here for a few days, if you want to."

"I want." She told him without hesitation, a smile on her face as she looked right at him.

He really did like her forwardness, she knew what she wanted and just went for it, very bold of her. It was going to make for a real fun few days. He reached out and tugged her over, pulled her right into his chest. "Sleep here, we'll go again when we wake up." He assured her, had every intention of doing just that.

Heard her chuckle softly into his chest. As she draped herself comfortably across his body. Pat his chest gently. "You'd better rest up good then, you're going to need it."

He laughed now. "I like your attitude. Gorgeous."

"I'm not often in a good mood, but when I am..." she left it unsaid.

CLARE

Likely it was that she had an Alpha's temper and was more often than not annoyed and out there doing Alpha duties, didn't get to have that really good fun mood often. "I'll keep you in a good mood for as long as I'm here, or you're interested in being in my bed."

"Deal." She murmured and Karsyn smiled. She was finally falling asleep. He ran his hand up her bare back and into her hair, relaxed himself and allowed sleep to claim him.
