Chapter 131.1: One on one! 1/2

With the sound of a thump!

The big doors were kicked open by Death Mage. And at Death Mage's side, Jiu Ye who was persuading Death Mage to keep his phone away came to a froze. The atmosphere immediately froze.

Perhaps, because the two doors were opened at high-speed, it gave rise to a gust of wind within the confined conference room, and the wind blew onto Death Mage's black robe.

If Death Mage had worn a swept-back hairstyle wig, this posture of his would be able to have a go with the god of gambling's posture. Especially that Cuban cigar that Death Mage was holding onto with his mouth, with an inhale, his entire body would even start emitting out smoke, making him seem especially cool. A wonderful and merry bgm was ringing out from the apple X within Death Mage's hand, and on the end on the phone, there was a white color cable that stretched all the way from the phone to within Death Mage's black robe. From the looks of it, the cable was most likely hooked up to a portable charger.

Death Mage swept his eyes through everyone. The strength of these people are not bad, being only slightly weaker than that Xiao Yi.

However, even if that is the case, catching fishes is more important. I am going to be able to accumulate 7 dragon pearls soon, and at that time, I would be able to exchange for 10 rmb worth of in-game currency. I am finally going to win money!!!

Everyone who was in the conference room stayed still and watched Death Mage walked into the conference room, sat down, and continued to... biu, biu, biu, biubiubiu...

As the leader of a power, they naturally knew about the incomparable battle that happened last night! Xiao Yi fought with Death Mage, and in the end, only after using the ancient godly item, then did Xiao Yi won against Black Mage by luck.

Furthermore, during that battle against Death Mage, besides from using an ancient godly item, Xiao Yi also wore a super strong defensive armor.

Everyone was guessing just who was the black robe who went to Xiao Family to collect debt, and what relationship did the black robe had with the bar's boss.

Seeing that this black robe appeared here today, there is no need for any more words! This black robe's identity is definitely a peak existence within that leisure bar. From the looks of it, I reckon that the two that were in the bar during that day must have been the bar's underlings. This leisure bar is truly hidden with multiple talented individuals!

If Death Mage was to know about what these people were thinking of right now, he would definitely say.

Imperial translation: "Master is busy with his date, and His Honor is currently handling his household matters. Without choice, they decided to send me over to this discussion. Do you all think that I really wanted to come here? The main reason I came here was for the sake of fishing up some profit."

What everyone was astonished about right now was not just black robe's identity, but also black robe's appearance!

This black robe is actually an evil spirit!

When and where did such a strong evil spirit even appeared from? Everyone was stupefied. After all, they were all people who subdued and eradicated monsters. And yet, the skeleton that was right in front of them actually managed to grow up to such a strength under their eyes, this was completely unbelievable to them!

At this moment, everyone did not know just what to do.

"About that, let me introduce to everyone, this person here is the famous black robe." Jiu Ye squeezed out a smile and introduced Black Mage to everyone.

Death Mage took a deep puff of the cigar. Immediately, smoke began emitting out from Death Mage again. While continuously tapping onto the phone screen with his bone finger, the sound of gold coins clattering continuously rang out from the phone's sound system.

Wang Dabao revealed out a confused expression on his face. What is the relationship of that man during that day with this black robe? Hire relationship? Or boss and subordinate? For such a strong skeleton, the possibility of it being that man's subordinate is out of the question right?

It would be much normal for the skeleton to be someone that the man hired.

Suddenly! Wang Dabao thought of a kind of possibility. That man is actually this skeleton's underling! And as the underling's boss, it is reasonable for the boss to go and collect the money that Xiao Family owed.

If this is the case, everything finally makes sense. If my wife gets to know of my deduction, I'm not sure if I would get praise or not. Just thinking about it is enough to make me feel so excited.

"Everyone, how about we begin the discussion now?" Jiu Ye laughed awkwardly. This black robe is not someone I can control, this black robe is practically a big boss.

Zhi Anyan adjusted onto his spectacles and looked towards Death Mage. Immediately, rows of information appeared on the lens.

Race: Undead race

Life span: ? ? ?

IQ: ? ? ?

Realm: ? ? ?

Hobby: ? ? ?

Marriage partner: ???

Zhi Anyan tightly wrinkled brows. Is there some problem with the spectacles? Why is almost everything question marks!

Chapter 131.2: One on one! 2/2

Hai Daisi could be seen to be the one who took the initiative to speak, "Before we begin the discussion, Wang Dabao, please leave!"

Wang Dabao wore his shoes back, then took a sniff at his hand and asked, "Why?"

"As a man who married into Bai Family and moved in to live with Bai Family, what rights do you have to sit here with us!" Che Zhixuan shouted out.

Although Wang Dabao married Bai Cixin, everyone in the circle all knew that Wang Dabao was afraid of his wife, and furthermore, that Wang Dabao views Bai Family as the head! However, although Wang Dabao viewed Bai Family as the head, Wang Dabao placed his general headquarters at south's High Ocean City. For such an action like that, everyone knew that, how would Wang Dabao even be able to think of doing something like that, he was definitely taught to do that by Bai Cixin, and the objective of that action was to control the south.

With the wife controlling the north, and the husband controlling the south, then afterward, both coming together as one!

Zuo Xinran said indifferently, "Wang Dabao's Wang Family is situated at High Ocean City, how could you say that he is a northern people?"

"Biubiubiu..."

"However, he has a wife who belongs to the north!" Ge Zheng stopped speaking in hip hop style as he slammed onto the table and shouted out.

"Biubiubiu..."

Wang Dabao scratched onto his head, "My wife is just merely returning back to her parental home to stay for a few months. What fuss is there to even make about it, look at the looks on you guys right now."

"Biubiubiu..."

Everyone's brows became wrinkled.

With his left hand holding onto his chin, there was a red light flickering within Death Mage's empty eye sockets.

"Warning! Warning! Boss incoming!!!"

Death Mage could be seen picking up his phone from the table.

Tap tap tap tap tap tap!!!

The entire conference room was filled with the sound of Death Mage's bone finger tapping onto his phone screen at high speed.

Jiu Ye had the intention of persuading Death Mage to stop playing for a while first. However, when Jiu Ye saw how agitated Death Mage looked right now... I think I should forget about it...

Gradually, Death Mage placed his phone back down onto the table. And right after he placed his phone down, a black fog emitted out from his body, giving everyone a scare and causing everyone to go into defense.

Death Mage looked at his gold coin balance which had gone all the way down to zero. I really want to kill someone right now! Just now, I spent up to a million gold coins in one shot, and yet, in the end, right at the final moment, a human entered into the room and tapped one time, and with that one tap, that human actually killed the boss!!!

How could I not be angry! All of the cunning humans should die!!!

The black fog that was emitted out from Death Mage's body gathered onto the top of Death Mage's head and turned into just like a black cloud.

Suddenly!

The black cloud flew at a high speed towards a corner of the conference room. Everyone turned pale with fright. What is this black robe trying to do!

Right after the black cloud flew out, Death Mage picked up the walking stick that was placed at his side and suddenly threw it straight in front of him.

Thump!

The walking stick pierced right into the wall, and gradually, the walking stick turned back into its original form, Sickle of Death. Everyone gasped. However, what was even more shocking was still behind!

The wall was actually bleeding!

Gradually, a person who wore a black color martial attire appeared, and on the person's chest, there was a big hole.

"Hidden Xuan Sect!"

Everyone cried out in surprise.

A shriek filled with fear rang out from within the black cloud. It could be seen that, while floating in the air, the black cloud seemed to have someone enveloped within it.

No need to think too much, everyone knew who was enveloped within the black cloud.

Originally, Death Mage did not want to care about these 2 people. However, who knew, the boss that he fought so hard with would actually get snatched by someone else at the final moment, and to Death Mage, that human who snatched his boss at the final moment was just like the two humans that were hiding within the corners of the conference room.

Therefore, the two who belonged to Hidden Xuan Sect just so happened to become the targets of Death Mage's venting of anger.

The expressions of all the bigshots that were sitting in the conference room weren't looking very good. Two people that belong to Hidden Xuan Sect actually infiltrated into the conference room and not a single one of us was able to discover that! These two are definitely Hidden Xuan Sect's trump cards. If not for this black robe, all of the content of today's discussion would get leak, and the consequences of that would have been unimaginable!!!

Xun Fang glowered at the man who was enveloped within the black cloud and shouted out, "Speak! What do you all know!"

The man who was enveloped within the black cloud let out a miserable howl. It was not that he didn't want to speak, it was that he wasn't able to speak!

Death Mage's finger was turning around slowly. It seems like Death Mage was torturing the man that was within the black cloud.

"Sir, can you let him out of the black cloud, I have some questions that I want to ask him." Xun Fang said towards Death Mage. Although her tone was very polite, she was still feeling very indignant in her heart. This fellow's underling was the one that killed my elder!

"Jiejieje..."

Imperial translation: "I'm not going to."

Along with Death Mage tapping his finger onto his palm!

The black cloud immediately began corroding the man, and soon after, the man dissipated, and there was truly nothing left of the man at all.

Xun Fang tightly clenched her fist and shouted out, "Fight me one on one!"

Chapter 132.2: Who said that skeletons do not know how to hit on girls 1/2

The entire conference immediately turned silent. Everyone looked at Cloud Sect's Sect Master Xun Fang in disbelief.

Everyone's evaluation was that, with Xun Fang's strength, if she were to fight with Xiao Yi, her chance of winning was 40%. However, if Xun Fang was to face against the fully equipped Xiao Yi, she would practically have no chance of winning at all. On the other hand, Death Mage was able to beat Xiao Yi up so easily with ease even when Xiao Yi was fully equipped. And although Xiao Yi won in the end, the state that Xiao Yi was in was very tragic.

In actuality, everyone had neglected one thing too. Death Mage was under orders and was not allowed to kill Xiao Yi. However, during the battle, if Death Mage didn't get too cocky, he wouldn't have lost in the end too...

Everyone did not know why Xun Fang would try to challenge the black robe as the gains do not make up for the losses. If a bad situation was to arise, Xun Fang would die!

Xun Fang's beautiful eyes were ice cold. My elder died tragically under your underling's hands last night. As the sect master, this revenge should of course be sought by me. If I let the enemy off and did nothing, how would I be able to explain myself to the sect's disciples? Furthermore, if I did that, it would make the sect's disciples feel disappointed!

No matter what sorceries that worn down leisure bar possess, I am definitely going to seek revenge for Elder Xing today!

Thinking up to here, Xun Fang couldn't help but recall back to when Elder Xing was carried back to the sect. All of Elder Xing's veins were destroyed, and his internal organs were as if they had been thrown into a blender. Only after asking one of the disciples, then did I know that it was all caused by Elder Xing clashing weapons with a high school student.

Back then at the bar, when Elder Xing clashed with the high school student, Elder Xing didn't seem to have any peculiarity. Therefore, Elder Xing must have definitely been hit with some kind of hidden attack!

What a joke!

Lie Gu's casual swing with a weapon was not something that the average person would be able to withstand.

The big shots that belonged to the Cultivation World were filled with worries right now, while the other big shots want to express that they don't really care and that they were going to just treat it as watching a show.

Death Mage gazed at Xun Fang with his empty eye sockets, and the latter was not afraid in the slightest bit at all.

However, to Death Mage, he was used to seeing this kind of expression. Normally when they have this kind of expression, it is because they do not know the difference between their own power and mine.

A mere female human also dares to try and challenge me. Death Mage was currently thinking if he should kill this Xun Fang, or...

I heard that His Honor has been cultivating humanity recently, and even master himself is also currently cultivating humanity too. From this, it can be seen just how important humanity is. Thinking back on it, when I gambled, I was also cultivating humanity! From the looks of it, I can be counted as being able to catch up with His Honor's and master's footsteps.

Upon thinking of gambling, Death Mage decided that he was going to win this one time!

Death Mage began typing on his phone, then placed the phone screen towards Xun Fang!

On the phone screen, multicolor words could be seen floating around.

"Let's have a bet."

Xun Fang shouted out, "Bring it on!"

Death Mage began typing on his phone again.

“If you lose, you have to become my slave.”

Everyone scolded Death Mage for being shameless. You are actually thinking of keeping the south's prideful woman as your slave when it is already obvious that you are the one who is going to win? You are practically not a human at all!

And even if you managed to keep her as your slave, what can you even do with her, do you even have a weapon!

Xun Fang was angered to the point that her face became bright red. As Cloud Sect's sect master, when have I ever been humiliated like this before! If I don't wash away today's humiliation, how would I even be able to continue raising my head in the Cultivation World!

“Alright! If you lose, I am going to hack you into thousands of pieces!”

Death Mage nodded his head. If I were to lose this bet too, I will quit gambling from today onwards.

Jiu Ye held onto his forehead. The discussion hasn't even begun, and a fight is already beginning, this is truly giving me a headache.

Death Mage stretched out his skeleton hand, and the Sickle of Death flew back into its master's hand. On the other hand, Xun Fang casually grasped with her hand and a purple color sword appeared within her hand.

Everyone came to the big garden that was at the back of the winery. It must be said that, the air at the outskirts was indeed fresh. Adding on with the various different plants and flowers that were planted in the garden, when a light wind blew by, everyone could smell the fragrance of the plants and flowers.

This place was perfect for going on a date. Sitting on the lawn, watching the stars while embracing onto a lady, and by taking opportunity of the duskiess, one would even be able to start being dishonest with their hands and feet. Seems like there was another reason that Jiu Ye chose to stay at this place.

“Everyone, do you all want to change to another place to fight at?” Jiu Ye asked feebly. This garden was made by me with great care and hard work...

Just that, towards Jiu Ye's question, there was not a single person who answered. Death Mage and Xun Fang stood in the middle of the garden. The big fight was about to start anytime soon. The other four big shots that belonged to the Cultivation World were prepared to move at any time and save Xun Fang.

Chapter 133.1: Kiss of death 1/2

“Let go of my goddess!” Che Zhixuan attacked angrily. A strong spiritual energy attacked towards Death Mage.

A black fog shot out from Death Mage's finger and immediately scattered away the spiritual energy that was attacking towards Death Mage. After scattering the spiritual energy, the black fog ruthlessly struck onto Che Zhixuan. Dry Zen Sect was a sect that specialized in refining medicines and concocting pills, therefore, Dry Zen Sect's strength as a whole was not very high. However, as the sect master, Che Zhixuan's strength was naturally comparably strong.

However, within this group of people here, Che Zhixuan could be counted as the weakest. Towards the black fog that was attacking towards him, Che Zhixuan did not have any way to deal with it.

Upon being struck by the black fog, Che Zhixuan flew out like a bullet and collapsed into a building. When Jiu Ye saw that, his heart was feeling very pain for his building.

Everyone remained silent. No matter how weak Che Zhixuan is, he is still the sect master of a big sect, and yet, this black robe was actually able to send Che Zhixuan flying with just one move! This black robe's strength is actually that frightening!

Hai Daisi was just about to attack Death Mage too. However, when he saw Che Zhixuan get destroyed in just one hit, he stopped himself from attacking Death Mage!

Even though my goddess is important, but if I lost my life, how would I even be able to be lovey-dovey with my goddess?

Death Mage stuck the rose that was on his mouth onto Xun Fang's tied hair. This action cause everyone to tremble with fear, not a single person dared to do anything without careful consideration!

Xun Fang glowered at the skeleton in front of her without fear and did not beg for leniency.

"If you have the capability, kill me! Want me to be your slave? You can dream on!"

Looking at the beautiful woman within his embrace, Death Mage laughed.

"Jiejieje..."

Imperial translation: "Want to die? It won't be that easy for you."

Death Mage could be seen slowly lowering his head towards Xun Fang's face.

Xun Fang's expression finally changed greatly.

Everyone was stupefied.

In the next moment, everyone felt as if their goosebumps were going to fall out from their bodies.

This skeleton actually kissed Sect Master Xun!!!

After quite a while, Death Mage raised his head. The lips of a female human sure are soft, my first kiss is actually gone just like this. After taking a look at the woman who had already fainted, while holding the woman within his embrace, Death Mage picked up his sickle and disappeared from everyone's eyes.

Right now, all of the men had one thought within their minds. Sh*t! South's prideful woman was actually sullied by a skeleton!

When Death Mage appeared once again, he was situated at a big mountain. After placing the woman within his embrace onto the lawn, Death Mage ignited a stick of Cuban cigar, then took out his phone and spent all of his remaining money in recharging gold coins.

The familiar sound rang out once again.

Biubiubiubiu...

“Master!” A black figure appeared in front of Death Mage and shouted out respectfully to Death Mage. This person was precisely the Death Assassin who was currently watching over Long Aotian.

“How is that Long Aotian?” While playing with his phone, Death Mage asked.

In actuality, Death Mage could just ask Jiu Ye for money. However, Death Mage felt that if he were to ask the same human for money twice, if words of it were to spread out, where would his face be at? Even more, if this matter was to be known by master and His Honor, wouldn't that mean I won't even have the face to raise my head anymore?

“Master, Long Aotian has been staying in a small thatched cottage during this period of time and has still yet to come out.” Death Assassin seemed to be a lot more normal compared to Death Mage and the others.

“Find a chance and demand a bit of money from him, I am currently lacking funds.”

“Master, he has come out!”

“Oh? Quickly go, quickly go, I need money to recharge gold coins again soon.”

“Yes, master!”

Death Assassin's figure immediately disappeared. Meanwhile, Death Mage continued to biubiubiu... and on Death Mage's side, there lied the unconscious Xun Fang.

However, within everyone's heart, they felt that south's prideful woman Xun Fang was definitely currently being humiliated by the skeleton. This news would soon immediately spread throughout the entire south, and even more, it would even spread out in the north.

Right now, even if Xun Fang was able to return back unscathed, everyone's saliva would be able to drown her out!

[You Cannot Afford To Offend My Woman](#)

Chapter 133.2: Kiss of death 2/2

Within the small thatched cottage, while wearing a worn-out long gown, Long Aotian was currently embracing onto a petite and adorable girl and speaking words of love.

“Meng Meng, after leaving today, I don't know if I would be able to come back alive or not.” Long Aotian took a long sigh, his tone was extremely gentle.

Meng Meng rubbed onto her beloved man's chest and said, “Brother Long, if you were to meet with disaster and die, Meng Meng will accompany you to the afterlife.”

Long Aotian took a deep sigh. This is precisely the plot of a main character, being loved to death by the female lead. After I defeat that black clothed person, this entire world will soon become mine and this world's beautiful women will all be able to be picked by me however I want! However...

“Meng Meng, be at ease, after Brother Long successfully made it in the outside world, Brother Long will definitely come back to pick you up.” Long Aotian consoled attentively.

Meng Meng smiled tenderly, "It's fine, Brother Long, you just focus on making it in the outside world, Meng Meng will wait here for you."

"Meng Meng, you are so great..."

"Brother Long, take this bottle of medicine, take one pill a day, if not, the affection gu within your body will go berserk."

"Meng Meng, to be able to have you in this life, I, Long Aotian, truly has to thank the heaven." Tears of pain flowed out from Long Aotian's eyes. Isn't it just merely getting into a relationship? Did you actually have to be so ruthless and plant an affection gu into my body... Why is my life so hard?

"Brother Long, Meng Meng is yours for this entire lifetime."

"Meng Meng~" Long Aotian cried.

After quite a while, Long Aotian said gravely, "Meng Meng, I'm leaving!"

"Brother Long, you must return back victorious!"

Carrying along his tired body, Long Aotian walked out of the small thatched cottage. The feeling of leaving this place sure feels great...

After walking for quite a distance, Long Aotian shouted out loudly, "Come out! I have cultivated my dragon god technique to the second realm! Watch just how I am going to take my revenge today! It is all because of you this bastard, causing me to have to use a ground evading talisman, and thus coming to such a deserted place, and even got planted with an affection gu in my body!"

"For causing my dream of creating a harem chamber to become shattered, between you and me, only one of us can live under this sky!"

Right after Long Aotian finished shouting, Death Assassin suddenly appeared out of nowhere. This caused Long Aotian to become startled, and his aura from a while ago to immediately disappeared. After being startled, Long Aotian immediately hid behind a tree.

F**k! I already cultivated my dragon god technique to the second realm, what do I even have to be afraid of him for!

Walking out from behind the tree, Long Aotian pointed towards Death Assassin and shouted out, "You! Don't be cocky! We will exchange a single blow with each other today! Listen carefully! We will exchange just one blow with each other, whoever that tries to exchange another blow after the first blow will mean that they lost!"

"Jiejieje."

Imperial translation: "No problem."

Long Aotian kept his frivolous smile and slightly crouched with both of his legs. While gazing at Death Assassin with his tiger-like eyes, a robust aura suddenly emitted out from his entire body, and both of his eyes gradually turned into gold color.

"Come and bring it on!" Long Aotian raised his head towards the sky and shouted.

Death Assassin held onto his dagger and stabbed out ordinarily.

To Long Aotian, that night was a huge blow to him. During that night, I was completely not able to catch onto this black clothed person's speed at all. However, now that I have cultivated my dragon god technique to the second realm, I'm clearly able to sense this black clothed person's movement!

Long Aotian slightly moved his head to the side, and a strand of fine black hair slowly fell onto the ground.

Long Aotian was able to sense that he dodged Death Assassin's attack. I didn't expect that I actually dodged this black clothed person's ultimate move!

The arc on the corner of Long Aotian's mouth became bigger and bigger, and soon after, he spread out both of his hands and began laughing out crazily, "Hahaha! I, Long Aotian, am able to finally dodge your attack! I have washed away all the humiliation from that day! Hahaha!!!"

Death Assassin looked at the Long Aotian who was laughing out crazily and wasn't unable to understand what the Long Aotian was being so happy about. What is there to be so happy about dodging an ordinary stab from me?

It was natural for Long Aotian to feel excited right now. Within Long Aotian's heart, he had already considered Death Assassin to be the most powerful boss. Going from not being able to do anything against Death Assassin, and to being able to dodge an attack from Death Assassin, under such a situation, how could Long Aotian not feel happy and excited!

"Wait after I, Long Aotian, cultivated for another month, I will then have a fight with you to determine the winner. Goodbye!"

After finish speaking, Long Aotian immediately began to run away.

[You Cannot Afford To Offend My Woman](#)

Chapter 134.1: Black robe is the boss! 1/2

Just that, would Death Assassin even allow him to run away just like this? The answer was evidently no!

Death Assassin's figure flickered, and in the next moment, Death Assassin appeared right in front of Long Aotian.

"You... What do you want? We agreed that we were only going to exchange one blow with each other. Are you thinking of admitting defeat now?" Long Aotian immediately began to panic. If you have the guts, let me cultivate for a few more years!

Death Assassin stretched out his thumb and index finger and began rubbing his thumb and index finger onto each other.

Looking at the white jade like bone, Long Aotian was startled to the point that he retreated back quite a few steps. From the looks of it, this person who is keeping me here is not even a human!

Even more, he wants me to give him money!!!

After calming his mind down, Long Aotian took out his wallet and said, "In actuality, I don't really have much money. My plot had only just begun, and I still haven't gotten to the later period of my plot. There are only a few thousand rmb in my card and a few hundred rmb in my wallet."

After taking over the wallet, Death Assassin immediately disappeared, leaving alone the stupefied Long Aotian.

"I still haven't told you the card's pin number..." Long Aotian mumbled.

After finish speaking, Long Aotian went into a daze for a moment, then immediately began to start running back to the small thatched cottage.

"Brother Long, why did you come back again?" Seeing Long Aotian who ran back with a happy look on his face, Meng Meng's face was filled with joy.

Long Aotian held onto Meng Meng's shoulders and said passionately, "Meng Meng, Brother Long just can't bear to leave you, and thus, Brother Long has decided to not leave and continue staying here with you!"

Meng Meng was stupefied and moved at the same time. Tears flowed out from Meng Meng's eyes as she said, "Brother Long, you are so nice towards Meng Meng."

Well, it is because I f**king can't win against the black clothed person... Long Aotian had bitterness in his heart that he could not speak of...

After wiping her tears, Meng Meng said tenderly, "Brother Long, let me cook some noodles for you to eat."

"Alright, add a bit more sauce."

"Brother Long, annoying~"

On the other side, Death Assassin presented the wallet with both of his hands to Death Mage.

Death Mage only took the few hundred of rmb that was within the wallet, then threw the wallet to the side, "I'm going to go deposit the money, you continue on and watch after Long Aotian."

"Yes!"

Seeing that his master did not have the intention of carrying the woman, Death Assassin asked, "Master, this woman?"

Death Mage took a look at the unconscious Xun Fang. According to the bet, she is now counted as my slave. However, if I let a slave follow along with me, my expenses will become bigger. Not only does she have to eat, but she also has to buy clothes, makeup products, sanitary pads and so on. After counting everything, I am the one that will be in disbenefit if I let her follow along with me.

Forget it, forget it, I don't want her as my slave anymore...

"Just leave her here I guess." After finish speaking, Death Mage began to head to the ATM to deposit the money.

Death Assassin took a look at the Xun Fang who was on the ground, then soon after, Death Assassin also disappeared.

South's prideful woman, she could be said to be the Cultivation World's goddess. However... however, right now, she was disregarded by two skeletons...

And the reason was very ample, difficult to provide for.

Death Mage had even revoked Xun Fang's title of being his slave...

Not sure how long had passed, Xun Fang finally woke up.

After seizing around the surroundings with her beautiful eyes, she began examining her body. Upon discovering that she didn't get violated, she let out a breath of relief. However, the moment she recalled of that skeleton's face, she clenched her fists tightly. I swear that I will not let you off for my entire life!

Chapter 134.2: Black robe is the boss! 2/2

Currently, Jiu Ye had left the winery and arrived at Long'an City's First-Rate Shopping Center. Entering into First-Rate Shopping Center, Jiu Ye secretly walked into an arcade shop.

"Jiu Ye, master have been waiting for very long already!" The man who spoke was the arcade shop's manager, and within the words that the man spoke, he was evidently giving a warning to Jiu Ye.

Jiu Ye said with a smile, "I'm sorry, there was a traffic jam on my way here."

An ominous glint appeared within the man's eyes. Soon after, the man turned around and walked to the game machines area.

A black cloaked man could be seen sitting in front of a game machine and playing the game seriously.

"Attack... attack... attack."

The two stood behind the black cloaked man and did not dare to even breathe too loudly.

"Damaged, damaged, game over..."

The black cloaked man lost.

"Xiao Jiu, come and have a round with me." The man said with a smile, however, he did not turn his head at all.

Jiu Ye swallowed his saliva, "Subordinate does not dare to."

"Sit." The man pat onto the stool that was beside him.

Jiu Ye knew that he could not reject anymore. Rejecting for the first time could be counted as being respectful, but rejecting for the second time would mean that I am a fool...

Sitting beside the man, Jiu Ye was trembling with fear. This situation feels the same as when I stood in front of the leisure bar's boss.

The man inserted a coin into the machine and began to pick his character.

“How was the situation at tonight’s discussion?” While picking his character, the man asked.

“Master, a tiny accident happened.”

The man patted onto Jiu Ye’s shoulder, “Don’t be nervous, it’s not like I would kill anyone.”

Jiu Ye thought to himself, you are most probably speaking bullsh*t right now right?

“Did those people not die?” The man asked curiously.

How would Jiu Ye even have the mood to control his character that was within the game machine right now? Towards the man’s question, Jiu Ye replied gravely, “I wasn’t able to get the leisure bar’s boss to attend the discussion. However, the black robe that fought against Xiao Yi attended the discussion.”

“Boring. And I was even hoping to use the leisure bar’s boss to act as a front tool for me.” The man sighed.

After pausing for a moment, the man continued and asked, “How is the black robe’s strength?”

“Very strong!”

“How about when compared to the leisure bar’s boss?”

“Only stronger and not weaker!” Meanwhile, Jiu Ye thought to himself, to speak the truth, what the f**k do I even honestly know about the power level of their strength?

The man stood up and took out a stick of cigarette. Upon seeing that, the manager immediately helped to light up the cigarette.

“Xiao Jiu, your capability of handling matters has worsened.”

“Subordinate ought to die, please show mercy master.” Jiu Ye immediately kneeled down on the floor and pleaded.

“What happened during the discussion, tell me all about it.”

Jiu Ye began to tell the man everything that happened during the discussion.

After finish listening, the man sneered, and soon after, a malevolent look appeared on his calm face, “Spread out the rumor! Make sure to tarnish this woman’s reputation! If not for this woman, how would the other powers even be able to get involved in this matter!”

“Understood!” Jiu Ye replied.

“How is the progress of the investigation of the leisure bar?” The man asked.

Jiu Ye did not dare to be careless and said seriously, “Looking at the surface for now, if the black robe belongs to the leisure bar, that black robe’s strength is the strongest, and the second strongest would be the security guard. And last night, a youth appeared in the bar too, and from the looks of it, the youth’s strength is not something to be belittled. As for that boss, he is very abnormal. Also, the boss seems to know summoning technique, he used it last time during the funeral and gave Cloud Sect’s Jian Yuan a scare.”

“Humph! How difficult would it be to scare a mere executor that belongs to Cloud Sect? Are there any other things?” The man asked.

“I have never seen him personally fight before, therefore it is not easy to judge his strength.”

The man turned silent and began pondering to himself. Although the leisure bar’s boss seems to be the boss, his strength is the weakest within the bar. Could it be that, the leisure bar’s boss is just a puppet that the black robe set up to deceive others, and in the actuality, the black robe himself is the one who is the boss of that leisure bar?

The possibility of this is very big! If I obtained an ancient godly item, I would definitely be able to kill the black robe easily. However, the situation right now has become very complicated and hard to distinguish.

Originally, I wanted to use tonight’s discussion to probe out the depth of that leisure bar’s boss. If he is formidable, he could kill all those people at the discussion, and I would be able to act as the fisherman at the back and fish for opportunities. However, I didn’t expect that he would refuse to go to the discussion.

No, incorrect! It is not that he didn’t want to go to the discussion, instead, it is because the black robe didn’t allow him to go to the discussion! After all, the black robe is the one who is the real boss of the leisure bar!

For such a big occasion, as the boss, how could the black robe not personally attend the discussion? Looking at my speculations, the true boss of that leisure bar is definitely the black robe.

“Xiao Jiu, closely watch after this black robe!” The man shouted out gravely.

“Yes, master!”

“This medicine is for you.”

“Thank you, master.” Jiu Ye became exulted and hurriedly gave his thanks.

“You can leave now.”

“Yes!”

After Jiu Ye left, the man clenched his fists tightly and mumbled, “I have been playing this chess for 5 years, I cannot fail at the crucial moment. I will kill whoever that gets in my path!”

“Master’s luck is as high as the heaven.” The manager immediately kneeled down.

I, the Demon Monarch, have been enduring and concealing for a total of five years! Not too long, I will let the world see my strength! My strength will penetrate through the entire heaven and earth!

Chapter 135.1: His Honor fighting for real for the first time 1/2

Leisure bar.

The bar was currently closed for business and the employees were cleaning up the bar. Right now, after getting off work, Wei Chang did not continue wearing the security guard attire anymore and has learned to dress up.

“Uncle Wei~” With a happy smile on her face, Tang Wei ran over and held onto Wei Chang’s arm.

“Uncle Wei, quickly go on your date, leave the rest here to us.”

“That’s right, that’s right, Uncle Wei, you have to protect our bar belle well.”

The surrounding employees teased.

Wei Chang caressed onto Tang Wei’s head and said tenderly, “Let’s go.”

“En~” Tang Wei place her head onto her lover’s shoulder. It’s getting harder and harder to be separated from Uncle Wei, all day long, all I can think of is being together and lovey-dovey with Uncle Wei.

Wei Chang was being lovey-dovey with his Xiao Tang, but the boss that was upstairs was feeling very vexed!

Ye Hua sat on the office’s sofa, and the entire room seemed like it was going to catch fire, the entire room was filled with smoke and the ashtray was filled with cigarette butts.

Looking at the time, it is going to be 12 am soon!

And yet, this woman is still being obstinate!

I just don’t believe that you won’t come over and call me over to come and sleep with you. Without my chest, are you even able to fall asleep?

The sound of ‘tick-tock’ kept ranging out from the clock that was on the wall, and Ye Hua continued on smoking cigarette after cigarette.

Finally, Ye Hua sat all the way until it had reached 1 am.

Not going to come are you! Want to sleep in separate rooms right! Very good, Qing Ya! Your guts is truly getting bigger and bigger!

I will go and take a blanket from the bedroom first.

Ye Hua stood up and opened the office door. Immediately, the smoke seemed to have found an escape hole and began flowing out of the door like it was running for its life.

Arriving at the bedroom door, Ye Hua was prepared to enter into the bedroom. But to Ye Hua’s surprise, the bedroom door was actually locked!

This Qing Ya is really trying to go against me, to actually lock me out of the bedroom, is this the way to act as a wife!

Originally, Ye Hua wanted to kick the door open with his foot, however, in the end, he didn’t do that. Taking a look into the bedroom with his power, Ye Hua saw that Qing Ya was hugging onto a big sized doll and was currently sleeping with a smile on her face.

She is actually even smiling while sleeping! And yet, I, the Supreme Overlord, actually suffered insomnia!

If I, the Supreme Overlord, didn't sleep, you can forget about sleeping too!

Ye Hua suddenly knocked heavily onto the door, then went back to his office.

Qing Ya who had woken up from her sleep wrinkled her brows and got off the bed to go and open the door. But who would have thought, there was no one outside the door at all.

"And you call yourself a cultivator, all of your actions are like that of a child, humph~" Qing Ya closed the door and went back to continue sleeping. If you have the capability, you can just sleep in the office.

Ye Hua who was in the office snorted. There will come a day where you will beg me to come and sleep with you, and when that time comes, see just how I will deal with you! This woman is truly arrogant!

Ye Hua decided that he wasn't going to sleep tonight. When morning comes, I am going to do something big!

Opening the television, Ye Hua continued watching Calabash Brothers: Save the Grandpa. Pleasant Goat and Big Big Wolf is boring, that Big Big Wolf is too cowardly. If it was me, I would give Wolnie two slaps and show off just what it is like to be a man.

(Note: Wolnie is Big Big Wolf's wife, and Big Big Wolf is basically a henpecked husband.)

Since Ye Hua had decided to stay up throughout the night, Ye Hua prepared spicy sticks, iced sprite, cigarettes, alcohol, instant noodles and so on.

Feels great!

Time slowly passed, and the sky began to turn white. Listening to the sound of the opening of a door, Ye Hua immediately became spirited and turned off the television.

This sister-in-law is a lazy worm, and sometimes, she wouldn't even wake up unless it was finally 12 pm noon. To wake up so early, it is definitely Qing Ya.

When Ye Hua heard the sound of Qing Ya walking downstairs, he went and stand at the side of the window and began watching the alley.

As expected, Qing Ya is heading out to buy breakfast.

A cold glint began flickering within Ye Hua's eyes!

Arriving in his bedroom, Ye Hua looked at his replacement and anger began burning within him!

Picking up the big sized doll that was on the bed, Ye Hua ferociously tore it into half, then threw it above his head.

"Meteor Heavenly Fire!"

"Fire of Karma!"

"Firmament's Ghost Fire!"

"Ardent Sun Burns the Sky!"

“Illumination of the Buddha Fire!”

Looking from outside of the window, different colors could be seen appearing in the bedroom.

Ye Hua heavily let out a breath and mumbled, “This is the consequence of replacing me!” After finish speaking, Ye Hua left the bedroom.

After being burned by the various kinds of fire, nothing was left from the doll from a while ago.

Doll: “What sin did I even f**king commit, why did you have to do this to me.”

Chapter 135.2: His Honor fighting for real for the first time 2/2

Upon returning back to the office, Ye Hua went and stand at the side of the window again and began observing Qing Ya’s movement. 10+ minutes later, Qing Ya could be seen returning back to the bar with breakfast in her hand.

Ye Hua extinguished the cigarette butt and began waiting for Qing Ya to come upstairs.

Listening to that familiar footsteps, Ye Hua’s brows became deeply wrinkled. To his surprise, the footsteps came to a stop at the office door!

Not being able to afford to care about anything else, Ye Hua’s body immediately disappeared and appeared on the sofa. When Ye Hua’s body appeared on the sofa, the blanket that was on the sofa fell onto the floor. At this time, the office door was opened by Qing Ya.

Upon opening the office door, Qing Ya immediately wrinkled her brows. This office is filled with the foul odor of cigarettes and the smell of instant noodles. Taking a look at the man who was on the sofa, Qing Ya let out a sigh.

Quietly walking over to the sofa, Qing Ya picked up the blanket that was on the floor and covered it onto Ye Hua’s body. Soon after, Qing Ya placed the breakfast onto the coffee table, then went and open the windows so that the office could ventilate. After doing all these, Qing Ya left the office.

Immediately after the office door was closed, Ye Hua opened his eyes. Taking a look at the blanket that was on his body and the Chinese crepe that was on the coffee table, Ye Hua snorted, “I will count that you are tactful.”

Picking up the piping hot Chinese crepe, Ye Hua took a look at how much fillings there were in the crepe. From the looks of it, Qing Ya must have added an egg and a slice of ham sausage for me.

Ye Hua took a bite of the Chinese crepe. This is quite delicious, it is much more delicious compared to when I buy it myself.

Upon returning back to the bedroom, Qing Ya became dazed, because she discovered that the doll that was on the bed disappeared. From when I left to when I returned, only 10+ minutes had passed, how could the doll have disappeared by itself? Unless... there is one possibility, that petty fellow who is pretending to be asleep!!!

Do you think that just because you destroyed my doll, I will go and beg you to come and sleep with me? You are indulging in your own fantasy! As someone who is able to run a company to such a degree, how could I not have any back-ups prepared!

Opening the wardrobe, three big sized dolls that were covered by clothes could be seen.

“Ye Hua~ Seems like you are going to have to sleep in the office for a few more days~”

After finish speaking, Qing Ya began laughing. After laughing for a while, Qing Ya threw herself onto the bed and began laughing out even harder. Ye Hua is too adorable, to actually be so petty. If I suddenly appeared when he was destroying the doll, I wonder just what kind of expression he would have on his face.

All the way until afternoon, then did Ye Hua left the office. Walking casually to the bedroom and looking at Qing Ya who was currently reading a book while sitting on the bed, Ye Hua asked, “What do you want to eat in the afternoon?”

“Anything.” Qing Ya replied indifferently.

Look at this attitude of hers, she is practically asking for a beating. However, since her performance during this morning is not bad, I will forget about it this time.

“I prepared some meat for lunch. The same kind of meat from that time.” Ye Hua said calmly. While speaking, his head was facing another direction, seemingly like he didn’t really care about Qing Ya’s reaction.

Qing Ya was close to not being able to endure anymore and laughing out loud. This fellow, sometimes he is able to anger me to death, and sometimes he is foolish and amusing to death. Just take a look at that face of his that seemed like he didn’t care about anything at all.

“Alright.” Qing Ya replied indifferently.

Ye Hua was also looking on the sake of the Chinese crepe during the morning, if not, he also wouldn’t have bothered to prepare the meat.

“Qing Yutong! Do you want to eat lunch or not!” Ye Hua knocked onto his sister-in-law’s bedroom door and shouted.

Qing Yutong’s soft voice emitted out from within the bedroom, “When you two eat, don’t call me over, the one who ends up getting hurt is always me.”

“We are eating meat for lunch.” Ye Hua added another sentence.

A hurried sound immediately rang out from within the bedroom, and shortly after, the bedroom door was opened by Qing Yutong. With an excited look on her face, Qing Yutong asked, “Brother-in-law, is that true?”

“En.” Ye Hua responded.

With the sound of a ‘wa’, Qing Yutong hugged onto Ye Hua like a koala bear.

“Get off of me!”

“Hmm, hmm, hmm~”

“Is your butt itchy right now!”

Qing Yutong immediately let go off her brother-in-law, “Brother-in-law, do you need my help? I am able to wash the vegetables~”

“Scram!”

“Bleh, bleh, bleh.”

Afternoon, Ye Hua prepared a top-quality great desolate feast. Although Qing Ya was cold on the surface, she was currently bursting with joy inside.

On the other hand, Qing Yutong did not care that much. As long as there is meat meat to eat, I can do whatever that is asked of me. Why is this meat meat so delicious? This meat meat is soft and substantial at the same time.

Chapter 136.1: Your Honor, a woman is looking for you 1/2

In a blink of an eye, it was nighttime. Like last night, Ye Hua waited in his office for Qing Ya to come over and call him to go and sleep with her. Without the doll, I will see just how you are going to be able to sleep!

But unexpected to him, as he waited and waited, he ended up waiting all the way until 1 am. Ye Hua decided that he was going to go and see just what was going on.

Standing outside the bedroom, Ye Hua’s face turned black. Why is there still a doll there! Didn’t I already burn it! Furthermore, Qing Ya didn’t go out today, and there was no delivery that was delivered to the bar today!!!

F**k, f**k!

To even dare to sleep with my woman, I am going to destroy you when morning comes!

Ye Hua decided to stay up throughout the night again and wait for Qing Ya to go out to buy breakfast. However, because he stayed up throughout the night once already last night, his corporeal body was somewhat not able to handle it anymore.

“Spirit restoration.”

After using a magic on himself, Ye Hua immediately became vigorous. Right now, he was vigorous enough to even kill a Kun with just one punch.

The night gradually withdrew, and Ye Hua began waiting for Qing Ya to go out to buy breakfast. Standing at the side of the window, upon seeing Qing Ya’s figure appeared at the alley, Ye Hua immediately ran to the bedroom.

Meanwhile, Qing Ya who had left the bar to go and buy breakfast secretly took a look at the office window, and soon after, she turned around and ran back to the bar. Just you wait, once I catch you in action, I will see just how you are going to explain yourself!

Ye Hua came to the bedroom and looked at the doll that was on the bed.

“Meteor Heavenly Fire x2!”

“Fire of Karma x2!”

“Firmament’s Ghost Fire x2!”

“Ardent Sun Burns the Sky x2!”

“Illumination of the Buddha Fire x2!”

The doll was shouting out in its heart: “Why do I have to get x2, and the doll before don’t have to!”

Listening to the hurried footsteps that rang out from the staircase, Ye Hua’s figure faded away. And just nice, the bedroom door was opened by Qing Ya.

Seeing that the doll that was still on the bed a while ago disappeared again, Qing Ya laughed, “This... this guy is simply the Cultivation World’s king of jealousy.”

On the other hand, Ye Hua became smart too. Knowing that Qing Ya had definitely bought quite a few number of dolls, during the afternoon, Ye Hua secretly entered into the bedroom, and after searching for a bit, as he had expected, he discovered another two dolls that were hidden within the wardrobe. Damned dolls, to actually dare to hide in the wardrobe and wait to sleep with my woman!

“Meteor Heavenly Fire x10!”

“Fire of Karma x10!”

“Firmament’s Ghost Fire x10!”

“Ardent Sun Burns the Sky x10!”

“Illumination of the Buddha Fire x10!”

The two dolls: “.....”

However, all the way until nighttime, Qing Ya still did not come to the office to call Ye Hua over to go and sleep with her. Ye Hua was currently at the brink of going berserk. I really want to burn all the dolls in this world!

However, when Ye Hua came to the bedroom to take a look again, he discovered that Qing Ya wasn’t sleeping in the bedroom. Could it be that!!!

Ye Hua went and took a look inside the sister-in-law’s bedroom and discovered that Qing Ya was sleeping together with the sister-in-law.

This woman is actually hugging onto the sister-in-law! I am going to burn this sister-in-law too!

This definitely cannot continue on anymore. Qing Ya, do you really think that I have no way to deal with you!!!

Chapter 136.2: Your Honor, a woman is looking for you 2/2

Arriving at the office, Ye Hua called Wei Chang and Lie Gu over.

“Your Honor!”

“Your Honor!”

Ye Hua sat on the sofa and lighted up a stick of cigarette, then said faintly, “Tomorrow, we will all go out together!”

Wei Chang’s and Lie Gu’s eyes lighted up, and soon after, they spoke at the same time, “We should solemnly obey Your Honor’s order.”

“You two, go and arrange the necessities.”

Wei Chang knows that this task was definitely going to be fallen onto his shoulder. Wei Chang asked in a low voice, “Master, where are we going? I have to know so that I can book the hotel.”

“Who told you that we are going to be staying in a hotel! We are camping out! The kind where we stay in a tent!” Ye Hua shouted out gravely. The brains of these two are declining back to the past! If we were to stay in a hotel, there would be so many rooms to choose from, and in the end, wouldn’t it end up in a situation where Qing Ya can choose to sleep in whichever room that she wants to!

Lie Gu was feeling very melancholy, I didn’t say anything at all, and yet I still have to get scolded by His Honor.

“Subordinate understands... But...” Wei Chang was hemming and hawing, feeling embarrassed to finish saying out what he wanted to say.

“But what?”

Wei Chang swallowed his saliva and said nervously, “Your Honor, in the past, when subordinate was still alone, it was still fine. But recently, after getting a girlfriend, subordinate’s expenses have become bigger. Right now, even for one steam bun, subordinate has to split it into three pieces to eat.”

Lie Gu had a face full of disdain. To end up in such a state, I really have to give it to this Lie Gu. Take a look at me, with three female celebrities providing for me, look at how carefree and relax I am getting by with my life. That’s why, when you find a woman, you have to find one that is rich, then proceed to live the life of a gigolo. Comfortable.

Take a look at His Honor, even he himself also looked for a woman that is rich. And right now, whenever he ordered crayfishes, 5kg was the minimum. In the past, how would His Honor even dare to be so extravagant? Looking at that melancholy look on Wei Chang’s face, Lie Gu sighed.

“If you want money, look for Lie Gu.” Ye Hua said coldly.

Lie Gu’s face immediately collapsed, and he immediately said, “Your Honor, subordinate is poor too...”

Upon hearing Lie Gu’s words, both Ye Hua and Wei Chang couldn’t help but think back to the past. In the past, every time when anyone asked Lie Gu for money, it would practically be like wanting Lie Gu’s life. This Lie Gu, the amount of gold that he had was close enough to pile into a mountain, and yet he still dares to say that he doesn’t have money!!!

Upon discovering His Honor's threatening gaze, Lie Gu immediately changed his words, "Your Honor, subordinate does indeed still have a bit of money."

"Wei Chang, in the future, if there are any expenses, look for Lie Gu. Right now, the leisure bar's business is getting worst as the days go by. Be thrifty when spending money." Ye Hua said faintly.

Wei Chang asked, "What about the madam?"

The moment Qing Ya was mentioned, Ye Hua immediately felt unhappy and shouted out lightly, "How could I use that foolish woman's money! Why do you two not use your brains!"

"Subordinate is slow-witted..."

"Subordinate is slow-witted too..."

Ye Hua paused for a moment, then reminded, "During tomorrow, are you two bringing anyone along?"

"Subordinate will be bringing only Xiao Tang."

"Subordinate will be bringing three celebrities. No matter what, there has to be some people there to serve upon Your Honor and madam."

Wei Chang looked at Lie Gu in disbelief, this boot-licking skill of yours is truly not bad!

"Xiao Tang is a waitress, therefore, she will also be able to do her bit on that day." Wei Chang added.

Ye Hua nodded his head, "It's good enough that you two have the heart. Wei Chang, you have to remember this, don't buy too many tents, just three tents will be enough!"

Wei Chang was startled, three tents!

His Honor and madam will definitely be using one tent, Lie Gu and his three celebrities will be using one tent, then... it means that, me and Xiao Tang...

His Honor is brilliant!!! To actually show so much care for subordinate, I am about to be touched to the point that I am going to cry...

"I will solemnly obey Your Honor's order." Wei Chang said agitatedly, even his tone was trembling right now.

Ye Hua waved his hand, "Both of you can leave now."

"Yes!"

"Yes!"

After his two subordinates left, Ye Hua lied down on the sofa and covered himself with the blanket. Why do I feel that I seem very miserable right now?

Qing Ya, just you wait!

As for Qing Yutong, Ye Hua was definitely not going to bring her along. If Qing Ya were to sleep with her sister, wouldn't it mean that this flawless plan of mine would go to waste?

If Ye Hua wants to get Qing Yutong to cooperate with him, it was extremely simple, all he had to do was beat her butt and give her meat to eat, and she would eagerly agree to cooperate with Ye Hua. As long as Ye Hua gives Qing Yutong meat to eat, Qing Yutong could do anything that was asked of her.

When eating dinner, Qing Yutong rubbed onto her head and said, "Big sister, I think I'm not going to go with you all tomorrow, my head is hurting."

"What's the matter?" Qing Ya asked with concern.

"I think I may have caught a cold."

"Told you to play lesser computer game and you just won't listen!" While speaking, Qing Ya went to look for medicine. This Qing Yutong, she is such a big person already, and yet she is still causing others to worry for her.

Qing Yutong looked towards Ye Hua and blinked with her beautiful eyes. Ye Hua silently nodded his head. This Qing Yutong's acting skill is not bad, as expected of a best actress.

"Big sister, you can go out and have fun at ease, I will look after the house." Qing Yutong said weakly, giving others the feeling like she was about to die.

Ye Hua felt that Qing Yutong was acting a bit too exaggerated right now.

As expected, upon seeing her sister looking like this, Qing Ya said with concern, "I think it would be better if I just stay at home tomorrow and look after you."

Ye Hua's heart sunk.

Qing Yutong also knew that she acted a bit over-exaggerated just now.

Qing Yutong's tone became somewhat more steady, "Big sister, I will be fine after sleeping. What's more, since I am going to begin streaming next week, I have to properly practice my skills."

Qing Ya knocked onto her sister's head petulantly, you are already sick and you still want to play computer game.

"I will decide after seeing your situation tomorrow morning."

Although Qing Yutong was cooperating with her brother-in-law to bluff her big sister, Qing Yutong felt very touched when she saw that look of concern on her big sister's face.

Qing Yutong could be seen hugging onto Qing Ya and saying tenderly, "Big sister, you are so great."

Qing Ya laughed and stroked onto her sister's hair. While stroking her sister's hair, Qing Ya looked towards Ye Hua who was eating silently. I discovered that, ever since Ye Hua appeared, my relationship with my sister has become good, and it is no longer like how it was in the past.

"Both of you, rest early today." After finish speaking, Ye Hua walked back to the office.

Qing Ya snorted.

Qing Yutong let out a breath, These two obviously wants each other very much, but both of them just aren't able to let go of their faces. Sigh, why even bother torturing each other like this...

Ye Hua who was lying down on the sofa was feeling very great right now, seemingly like he has already saw the look on Qing Ya's face when she surrendered to him and began begging him for forgiveness in all kinds of ways. Upon thinking up to here, Ye Hua began laughing out loud.

Knock, knock, knock.

"Come in."

Wei Chang who had a strange look on his face could be seen walking into the office.

"What's the matter?"

"Your Honor, there's a woman downstairs looking for you, she waited for you for an entire night."

[You Cannot Afford To Offend My Woman](#)

Chapter 137.1: How did your innocence get sullied? 1/2

Ye Hua's brows immediately wrinkled, "A woman is waiting for me?"

"En, and her emotion is very unstable." Wei Chang was also very confused right now. Could it be that, this woman is someone who His Honor mingled with when he was outside of the bar? If this matter was to be known by the madam, things are going to become very bad.

Ye Hua snorted, in the past, it's not like that this kind of woman has never appeared before, "Deal with this woman the same way as whatever way that you used to deal with those women in the past. For such a thing, is there even the need to report to me about it?"

"However, this time's different." Wei Chang said in a low voice.

"How is it different?" Ye Hua asked gravely.

Wei Chang said solemnly, "Your Honor, I think it's better if you personally go downstairs and take a look."

Ye Hua let out a breath, then gave Wei Chang a glare, "To not even be able to deal with such a small matter, have you gone foolish after getting a girlfriend?"

Wei Chang didn't dare to speak. The reason that I am not able to deal with this matter is really not because I have gotten a girlfriend, but it is because that this matter is Your Honor's problem...

Ye Hua walked downstairs. Aside from the beautiful figure of a woman sitting at the bar counter, there was currently no one else in the bar hall anymore as all of the employers had already left. The woman's beautiful jet-black hair droop all the way to her waist. Just this back view alone, Ye Hua would have to give this woman full marks. And at this woman's right hand side, there was a sword.

Right now, the woman was currently drinking alcohol, and from the looks of it, she seemed to be feeling quite distressed.

If it was placed in the past, Ye Hua would definitely go and hit on the woman, and obtain a wonderful night with the woman.

Thinking up to here, Ye Hua couldn't help but think back to the past. During a few years back, that woman also seemed to be in the same state that the woman over there is in right now.

Ye Hua indicated to Wei Chang to go ahead, and Wei Chang nodded his head and walked forward, "Miss, our boss is here!"

The woman who was drinking alcohol slowly turned her head around and took a look at Ye Hua. After taking a look at Ye Hua, she turned her head back and continued on drinking the alcohol. After drinking a mouth of alcohol, the woman said, "He is not your boss, your boss is a skeleton!"

Ye Hua was startled, this woman actually saw through my identity!

Wei Chang walked over to Ye Hua and said in a low voice, "Look, Your Honor, isn't this bizarre?"

Ye Hua nodded his head. Seems like this woman did not come here with good intentions, I will have to probe out information from her first. How did she know that I am a skeleton!

That's right, this woman was precisely Xun Fang!

When Xun Fang returned back to her sect during that night, she immediately heard of various kinds of rumors. And when the second day arrived, it seemed as if everyone knew that she had been sullied by a skeleton.

As Cloud Sect's sect master, I actually got sullied by a skeleton... This is practically worse than taking my life!

And during yesterday, the rumors that were spreading around became even more shameless and vulgar. Because of that, Cloud Sect's elders could not stay seated anymore and implored Xun Fang to step down from being Cloud Sect's sect master. If not, Cloud Sect's thousand years of foundation would soon become a matter for everyone to ridicule.

Xun Fang herself knew the seriousness of the matter and did not blame the elders for their actions. After all, everyone is just thinking for the sect!

Thus, yesterday, Xun Fang left Cloud Sect, the home that she had lived in for such a long time. In her mind, Xun Fang had thought of killing herself and use her death to prove her innocence!

However, Xun Fang was not willing to just die like this. Even if I die, I am going to drag that skeleton along and die with me!

My reputation and innocence have all been destroyed by that skeleton. In this rest of my life, there is only one thing that I am going to do, which is to kill that skeleton!

[You Cannot Afford To Offend My Woman](#)

Chapter 137.2: How did your innocence get sullied? 2/2

Wei Chang pulled out the stool for Ye Hua, and Ye Hua sat on the opposite side of Xun Fang. Looking at the woman's face, Ye Hua discovered that the woman was indeed beautiful, the tender eyes of the woman seemed as if they had suffered an insufferable blow.

"How did you know that I am a skeleton." Ye Hua asked gravely as killing intent emitted out from him.

Xun Fang was currently feeling a little dizzy because of the alcohol and misheard what Ye Hua spoke. Looking at the handsome fellow in front of her, Xun Fang said, "Because I saw him with my own eyes, he is precisely a skeleton, I want to kill him!!!"

Ye Hua and Wei Chang were both confused right now. What kind of plot is this? Isn't the plot jumping forward a bit too quickly?

"Why do you want to kill the skeleton?" Ye Hua asked curiously.

Xun Fang's beautiful eyes turned cold and a sharp aura burst out from her entire body, "Because he sullied my innocence! In this entire rest of my life, my only wish is to kill him!"

A skeleton sullied this woman's innocence?

Ye Hua couldn't help but shout out vulgarity, "The f**k!"

Wei Chang was stunned when he heard that. Feeling curious, Wei Chang asked, "Miss, may I ask, how did the skeleton sully your innocence?"

Shing!

A silvery light flickered, and a sharp sword could be seen being held onto Wei Chang's neck.

"If you dare to say one more word, I will take your life!" Xun Fang shouted out while drunk, she was not even able to hold onto her sword steadily right now.

Ye Hua looked towards Wei Chang and shook his head, and Wei Chang naturally understood His Honor's intention.

There is actually a degenerate like this who is the same race as me. Ye Hua decided that he was going to dispose of the skeleton that Xun Fang was talking about. This woman seems quite pitiful. Recently, I have truly been a good person.

"Do you still remember that skeleton's characteristics? For example, his weapon, or his attire?" Ye Hua asked.

Xun Fang's head was quite dizzy. After shaking her head, Xun Fang said intermittently, "That skeleton... he... he likes to play with his phone... fishing game... he wears a black robe... and he has a big sickle as his weapon... he doesn't know how to speak, and would often make the sound 'jiejiejie'..."

Ye Hua was completely confused after listening to what Xun Fang said. However, Wei Chang on the other hand was stunned. Isn't the skeleton that this woman is describing precisely f**king Death Mage!!!

An evil spirit that I summoned actually sullied a female human!!! How is this possible! Death Mage is a skeleton, how was he even able to sully this woman!!!

"Your Honor, subordinate has something to report to you." Wei Chang said in a low voice.

Ye Hua silently nodded his head. Before listening to what Wei Chang has to say, Ye Hua called Lie Gu to come over. This damned skeleton, if I caught him, I am going to stew him.

“Your Honor, the skeleton that this woman is talking about... is... is our own people.” Wei Chang finally said it out. After saying it out, Wei Chang immediately felt that his body became lighter.

Ye Hua and Lie Gu were both stunned!

“He is an evil spirit that subordinate summoned.” Wei Chang continued.

After feeling astonished, Ye Hua said faintly, “Since this skeleton is our own people, I will forget about it. However, for a matter like this, it has to be dealt with properly. If both parties were voluntary, just drive the woman out of the bar. If the other party was involuntary, then get the skeleton to take responsibility. For the woman to even ran all the way here to make a scene, what is this even!”

“What Your Honor just said is right. I will call him to come over right now and confront face to face with this lady.” Wei Chang felt that what His Honor said was right. However, I really don’t understand, how was a skeleton even able to sully a human?

Lie Gu said in a low voice, “What the hell, this evil spirit that you summoned is actually this good at hitting on girls? And I even had some thoughts towards this woman here.”

“Lie Gu, can you not be so disgusting? To even want an underling’s woman.”

“Tsk, I am just joking around, look at how anxious you are getting. I am a man that has mysophobia okay?”

Wei Chang laughed lightly. Mysophobia? Who are you even trying to kid?

Everyone moved to the toilet, and at the toilet, Wei Chang began summoning Death Mage, “Death Mage!”

Under the Tianqiao Bridge, it was still that same spot, and it was still the same as before, with Death Mage sitting on his Sickle of Death.

The only thing that changed was Death Mage’s phone.

The phone changed from a 10k rmb phone to a 1k rmb phone.

Even though it was late at night, Death Mage was still playing with his phone.

Blu, biubiubiu...

Looking at the surrounding wanderers, cotton could be seen stuffed in their ears.

Suddenly, Death Mage stopped playing with his phone, and in the next moment, Death Mage’s figure disappeared.

The surrounding wanderers sensed that the housefly that was buzzing around their ears had finally left and all of them couldn’t help but let out a breath of relief. I can finally sleep in peace now.

Within leisure bar’s toilet.

“Couldn’t you choose a clean place to summon that skeleton over!” Ye Hua said in displeasure.

Wei Chang said respectfully, “Your Honor, be at ease, I have already cleaned the toilet.”

“Can the floor be licked?” Lie Gu pouted his mouth and said.

At this moment, a black figure appeared within the toilet.

Death Mage first went into a daze, and soon after, not daring to even think too much about what was going on, Death Mage kneeled down onto the floor, “Your Honor!”

“Get up, the floor is dirty!” Ye Hua wrinkled his brows.

Chapter 138.1: Your Honor, you have to be the judge for me! 1/2

Death Mage stood up while trembling with fear. This is still the first time that I have seen His Honor’s face. I am truly so fortunate! I feel so excited right now! We both belong to the same race, and yet, His Honor is able to be so outstanding. I am truly far inferior, truly far inferior...

Lie Gu grinned, “Little skeleton, not bad, your luck with women is not shallow.”

Death Mage lowered his head and did not dare to make any unnecessary movement, and also did not dare to anyhow speak.

Ye Hua said faintly, “Come out and take a look!”

Everyone walked out of the toilet.

“Do you know that woman?” Ye Hua asked gravely.

Death Mage did not dare to be slow in responding, “Your Honor, I know her.”

“She said that you sullied her innocence, is there such a matter?” Ye Hua continued and asked.

Death Mage went into a daze. I sullied her innocence? How do I even sully her innocence? With my fingers?

“Your Honor, she is outrightly falsely accusing subordinate! Your Honor, please be the judge for me and help me defend my innocence. Subordinate’s innocence cannot be ruined by this woman!” Death Mage immediately kowtowed to Ye Hua. This woman is too shameless, to actually went and tell on His Honor about me. Isn’t it just because I withdrew your title as my slave! Did you have to actually come all the way to His Honor’s place and make a nuisance! This vile human! If I had known earlier, I wouldn’t have betted with her! I actually lost again...

Ye Hua took out a stick of cigarette, and Lie Gu immediately went up to light up the cigarette. Lie Gu placed his finger below the cigarette, and a fire appeared on his finger.

Exhaling out a mouth of smoke, “Do you dare to talk things through face to face with the woman!”

“Subordinate dare!” Death Mage said gravely.

“Good. We will be the witnesses. If you dare to fool me, do you know just what the consequence of it would be!” Ye Hua said indifferently. There was a boundless prestige contained within his tone, which caused Death Mage to not even dare to move in the slightest bit at all.

“Subordinate understand, subordinate will confront with this woman right now!”

Death Mage himself was feeling quite angry right now. I didn't kill this woman, and yet this woman actually ran here and disturbed His Honor's peace. It is fortunate that His Honor did not blame me for it. If not, even I were to die ten thousand times, it also wouldn't be enough for me to escape the blame!

"F**k, this underling of yours is not bad, the show that will be coming up is definitely going to be a good show to watch." At the side, Lie Gu said in a low voice. Tonight's trip has been worthwhile.

Wei Chang sighed. How is it possible that this underling of mine would be attracted to a woman's charm, this should have been completely impossible.

Death Mage could be seen slowly walking towards Xun Fang and stopping at a spot that was 5 meters away from Xun Fang. When Death Mage stood there, Xun Fang turned her head around and looked towards Death Mage. The two's line of sight intertwined together within the air!

"When I looked into your eyes~ I knew that I met the right person~" When Lie Gu saw the two's expressions, he couldn't help but slowly sang. The deep emotion within his tone seemed like he was thinking back to his female dragon.

(Link to song: <https://www.youtube.com/watch?v=Tpelx4AQGrS> , or you can search for JJ Lin – Zui Chibi)

Xun Fang was currently drunk to the point that her head was feeling very dizzy. However, when she saw that skeleton face, a killing intent immediately emitted out from her blurry eyes. Without any words, Xun Fang held onto her sword and rushed towards Death Mage.

To a person who was already drunk, their brain may perhaps be able to operate, but their body wouldn't be able to keep up with their brain, and the result of this was that Xun Fang straightforwardly threw herself into Death Mage's embrace.

Wei Chang stretched out his hands and covered Lie Gu's eyes, "Children shouldn't watch."

Lie Gu immediately slapped Wei Chang's hands away, "What are you doing! To actually want to hog such a good show all to yourself! What if she had stripped her clothes when you covered my eyes?"

"It is indeed a good show." Ye Hua mumbled.

Death Mage was feeling very panicky. This feeling is not coming from the woman, it is coming from His Honor who is at the side!

Xun Fang was completely dizzy right now, and the sword that was within her hand had long dropped onto the floor. Currently, Xun Fang was hitting onto Death Mage's chest with her small fists.

Ye Hua and his two subordinates went into a daze. Why is this action so familiar...?

"I am going to kill you! I am going to kill you, you this skeleton! To actually kissed me by force and ruined my purity, I am going to kill you!!!" Not only did this tone not have any destructiveness, the tone even seemed just like that of a woman who was acting coquettishly.

Ye Hua himself has experienced such a tone countless of times. Qing Ya would often say some unrealistic words like this when she talked to me.

Right now, Wei Chang finally understood what happened. From the looks of it, my subordinate kissed this woman by force, and this woman is someone who views her own chastity like her own life. And in the end, because this woman was angry with Death Mage, she came and look for His Honor for an explanation.

“I am going to kill you...” While speaking, Xun Fang suddenly passed out. These few days had been too exhausting for her.

Chapter 138.2: Your Honor, you have to be the judge for me! 2/2

While bringing along Wei Chang and Lie Gu, Ye Hua walked over to Death Mage and said, “Do you know your crime!”

Death Mage was greatly startled and he kneeled down immediately, “Your Honor, please spare subordinate’s life, subordinate... subordinate just merely lowered his head, and she also didn’t resist at all. Furthermore, subordinate did not sully her innocence!”

“Then, before you kissed her, did you receive her permission?” Ye Hua asked gravely.

Death Mage was actually sweating. After a while, Death Mage said, “Subordinate knows his crime!”

Ye Hua snorted, and Wei Chang and Lie Gu immediately became well-behaved and stood up straight.

“I told all of you before in the past! We are here to cultivate humanity, towards people and towards matters, we have to look at them with the viewpoint of a human! How could you kiss the woman without her consent! You are lucky that you are my subordinate’s subordinate, if not, I would have stewed you.” Ye Hua criticized strictly. If a matter like this was to get spread out, would it be glorious? The underling of an underling of mine actually kissed a human by force, and that human ran all the way to me to look for an explanation. If words of this matter were to spread out, where would my face be at!

Death Mage was exulted, “Thank you Your Honor for not killing subordinate!”

“Bring me through the entire process of the matter. Lie Gu, go and get beer and peanuts.” Ye Hua sat down and said.

Wei Chang added, “Get melon seeds too.”

Death Mage stood up and wanted to first throw the woman who was within his embrace to the side. However, Death Mage was stopped by a meaningful glance from His Honor.

Ye Hua said indifferently, “As an undead race, when you did something, you have to have the guts to admit it. Since you sullied the woman’s innocence, and this woman came looking for me for an explanation, I won’t side with anyone, from today onwards, you will have to take good care of this woman.”

“Your Honor...” Death Mage really wanted to cry. Why did I meet with such a thing like this, I am currently already close to the point where I am not able to even take care of myself, and now, I have to even bring a woman along with me.

“Do you want to go against order!”

“Subordinate wouldn’t dare.”

At this moment, Lie Gu brought the beer, melon seeds, and peanuts over, and Ye Hua said indifferently, “You can go ahead and bring us through the entire process of the matter.”

Within the next half an hour, Death Mage began his performance, and when Death Mage spoke to the climax, he practically wasn’t able to control himself anymore.

“Your Honor, this woman is simply shameless, she covets subordinate’s looks, and secretly kissed subordinate while we were under everyone’s view. And after the matter, she actually twisted the story and said that subordinate kissed her secretly. Even more, because of this matter, today, she actually came all the way to Your Honor’s place and caused a nuisance here, resulting in disturbing Your Honor’s sleeping time. Subordinate is blushing with shame right now. Subordinate hopes that Your Honor would revoke the order, this kind of woman is truly not someone that subordinate can afford to offend.”

After finish speaking, Death Mage lowered his head. I have already tried my best, if I still can’t break away from the order, I will have no choice but to resign myself to fate.

Ye Hua remained silent. Right now, Ye Hua was currently thinking of another matter. This woman’s background is not small, she is actually Cloud Sect’s sect master!

I presume, this woman would be able to be of some use someday in the future. For a woman like this, it is acceptable for her to pair up with my subordinate’s subordinate. Just that, for my subordinate’s subordinate to have to use honey-trap, it truly has been hard for him.

“What thoughts do you two have about this matter?” Ye Hua asked Wei Chang and Lie Gu.

The two’s hearts sunk. His Honor is testing us again!!!

After a long while, Wei Chang said solemnly, “Your Honor, subordinate feels that, it would be better to tear down a temple than to tear down a marriage. Since this sect master has taken a fancy for my subordinate, as the master, it would only be right for me to feel happy for him.”

Listening to what Wei Chang said, Lie Gu’s eyes lighted up, “Your Honor, what Gluttonous Monster just said is extremely right, this will be a romance that had overcome the barrier of belonging to different races!”

The moment Lie Gu finished speaking, all three of them were into a daze. Soon after, the three looked towards Death Mage’s face, then looked towards the Xun Fang who was within Death Mage’s embrace.

This fellow actually made a female human fall in love with him while using his true body, and even more, the female human is a beautiful sect master too. This female sect master’s taste sure is unique.

If Ye Hua and the two were to reveal their true body, it was reckoned that others would pass out from shock, what romance would there even be.

Ye Hua coughed lightly and said, “It’s quite late already, that’s it for this matter. All of you can leave now.”

After finish speaking, Ye Hua turned around and headed upstairs. My subordinate's subordinate has come all the way to the bar to look for an explanation, and my subordinates' women are all so considerate to them. And yet, my own woman is like that. Thinking about it, it is truly unbalanced.

If Xun Fang who had passed out heard the conversation that happened earlier on, she would definitely cry and pass out again. Originally, she was already being pointed at by lots of other people, and yet right now, she was even being treated as a love-struck fool, and the person that she was assumed to be love-struck with was a skeleton.

Chapter 139.1: Go on an outing 1/2

While holding onto Xun Fang within his embrace, Death Mage felt like dying. Death Mage lightly shouted out, "Master..."

"Since His Honor has spoken, take good care of this human." After finish speaking, Wei Chang stepped into the black whirlpool.

Lie Gu laughed and patted onto Death Mage's shoulder, "If you don't want her, you can give her to me."

Death Mage was very frank as he stretched out with both of his hands, and his hands were currently holding onto Xun Fang.

Death Mage's action gave Lie Gu a shock. His Honor is an undead race too, but this undead race here is truly frank.

"Young fellow, I think it would be better for you to just keep this woman for yourself." After finish speaking, Lie Gu disappeared, leaving alone Death Mage who had a melancholy look on his face.

Looking at the woman that was within his embrace, the corners of Xun Fang's eyes were still wet, and even when she had already passed out, her brows were still tightly wrinkled.

Death Mage let out a sigh heavily, "If I had known that this would happen, I wouldn't have revoked her title as my slave. Judging from what His Honor said, I have to treat her well too... How is that going to even be possible, how am I going to even be able to afford to provide for a woman when I don't even have money to spend on playing the fishing game? What kind of joke is this..."

Death Mage also disappeared from the leisure bar. As for where he went to, it was naturally to under the Tianqiao Bridge.

What was different was that, right now, he had to play the fishing game while carrying onto a woman. With Death Mage back under the Tianqiao Bridge, the surrounding wanderers had to begin suffering again...

During the next day, Ye Hua woke up early in the morning. Looking at the weather outside, it was sunny and the breeze was gentle, this weather was the best for going out on an outing! When Ye Hua thought of that impenetrable plan of his, an arc subconsciously appeared on the corner of his mouth.

After washing up, Ye Hua went and call Qing Ya who was sleeping in the sister-in-law's room to wake up. Of course, Qing Yutong had to act like she had recovered from her sickness so that Qing Ya would be able to be at ease and go on the outing.

Qing Ya prepared some clothing, then wore a big round hat to shield herself from the sun. As a whole, Qing Ya's outfit seems very comfortable. Right now, even without wearing grandeur clothing, Qing Ya was able to manifest out her noble aura. Ye Hua was very satisfied with Qing Ya's change. This is the temperament that a Supreme Overlord's wife should have.

"Ye Hua, where are going?" Qing Ya asked faintly. Her tone was still the same as usual, neither cold nor hot.

Ye Hua said faintly, "You will know once we arrived."

This fellow, acting surreptitiously when it is so obvious that he wants to give me a surprise. Do you think that I don't know those small thoughts of yours that are within your mind? I reckon that my sister has already been bribed by you right.

Right now, Wei Chang and Lie Gu were waiting downstairs respectfully, and to their side, four women who each wore a servant dress could be seen standing there. The four women were acting as the attendants for this outing. The four women were Wei Chang's girlfriend, Tang Wei, and Lie Gu's three big celebrities, Yi Ran, Wen Xia, and Bai Xiaozhen!

It must be said that, Wei Chang and Lie Gu have very good taste. The four women could be counted as top-notch, especially after they had eaten the golden delicate crane's meat, which caused their appearance to become even more beautiful.

Looking at his subordinates' women, Ye Hua couldn't help but nod his head. These women can be brought out of the house. As for whether if these women would be able to grow face for them, it will have to depend on just how well they have taught their own women.

When Qing Ya saw the four women, she was a bit stunned. Why are they wearing a servant dress? Although there was respect within the four women's expressions, Qing Ya still felt that it was very strange. Even Xiao Tang herself is amongst the women. Also, why do these three women look so familiar?

"Boss, lady boss." Everyone shouted out in unison.

Ye Hua gladly accepted their greetings. And although Qing Ya was feeling bewildered, she still accepted their greetings too.

"These three celebrities are my subordinate's women." Ye Hua added, to prevent the vinegar queen beside him to use this topic to make a fuss.

Qing Ya snorted.

"Today is a rare opportunity. It has been quite a while since my subordinates and I last went out together. As for why they brought their women along, firstly, their women could help to do some miscellaneous work, and secondly, this outing can be treated as them going on a date with their women too." Ye Hua said faintly.

Qing Ya didn't believe Ye Hua's words, "When you cultivators go out, is it always like this?"

“Are you feeling that they are acting like a huge light bulb for us two? If you want, we can go and enjoy a time together with just the two of us.” Ye Hua moved his head near to Qing Ya’s ear and said in a low voice.

Towards such a tease like this, Qing Ya ruthlessly gave Ye Hua a pinch and rolled her eyes at Ye Hua. Afterward, Qing Ya began walking forward.

Ye Hua laughed lightly. Women, they are always acting the opposite of how they are truly feeling.

“There is no abnormality with you guys’ women right?” Ye Hua asked faintly.

“Your Honor, you can be at ease, they are able to fight and defend themselves.” Lie Gu laughed.

Wei Chang laughed lightly, “Right now, Xiao Tang’s control over her strength is still not proficient yet. Subordinate will get her to practice hard when we come back.”

“The two of you are doing pretty good. In the future, we will definitely be needing a lot of people. Continue on and properly train your women.”

“Yes!”

“Yes!”

Chapter 139.2: Go on an outing 2/2

Outside of leisure bar, two top-grade Cayenne cars were parked there. This time, Qing Ya finally did not have to be the driver. Qing Ya sat at the back together with Ye Hua, while Wei Chang sat at the driver seat, Lie Gu sat at the front passenger seat, and the four women sat in the second car. The allocation was very appropriate.

Ye Hua did not say where they were heading to, but Wei Chang knew where they were going. Having fun was a part of the outing’s objectives, but creating matters and killing people were also parts of the outing’s objectives.

After Lie Gu got into the car, he sent a message to one of his women, informing them to head to the location first and clear the place, to prevent others from disturbing His Honor’s mood.

After Yi Ran received the message, she said to Wen Xia who was by her side, “Gugu told us to head to the location first and clear the place.”

Wen Xia was the only woman amongst the four women who had short hair. Wen Xia was filled with a heroic aura, and even gave others a feeling that she was very handsome. Of course, it was a womanly kind of handsome. Also, Wen Xia’s figure belonged to the fiery kind. Lie Gu precisely likes this kind of woman.

The one sitting behind Wen Xia was called Bai Xiaozhen. Bai Xiaozhen belonged to the adorable type. Her oval-shaped face gave others a comfortable feeling when looked at it, and the shy look on her face would cause others to not be able to help but adore her. As for Tang Wei, there was not much that was needed to say, Tang Wei belonged to the fresh and pure type. Perhaps because Tang Wei wasn’t familiar

with the other three, or perhaps because she was currently sitting in the car with three celebrities, Tang Wei was currently feeling a bit nervous.

“Let’s go clear the space!” A trace of evil smile appeared on the corner of Wen Xia’s mouth as she stepped heavily onto the pedal. The top-grade Cayenne car shot out like an arrow.

Tang Wei immediately grabbed onto the car handle. They are so hardcore, they are completely different from how they acted within the television.

At the start, I was actually feeling very nervous. When Uncle Wei told me to go on the outing and act as the boss’s attendant, I felt quite honored in my heart. However, when I think that there would only be just me alone, I immediately felt a bit nervous, afraid that I would do something wrong during the outing.

Later on, when Tang Wei heard that there would be three other people going on the outing and acting as an attendant just like her, Tang Wei let out a breath of relief. This morning, when Tang Wei saw who the three other people were, Tang Wei was very surprised, she didn’t expect that the three other people would actually be celebrities that were currently popular.

I secretly asked Uncle Wei about the three, and was told that these three celebrities are actually the girlfriends of Uncle Wei’s friend. When I heard that, I immediately felt dizzy.

However, looking at their expressions right now, they seem to be even more nervous than I am...

“Hello, my name is Bai Xiaozhen, very nice to meet you.”

Right when Tang Wei was lost in her own thoughts, Bai Xiaozhen who was sitting beside her took the initiative and greeted her. While greeting Tang Wei, Bai Xiaozhen’s face was blushing red.

Tang Wei cried out in surprise, and soon after, she held onto Bai Xiaozhen’s delicate hand, “Hello, my name is Tang Wei.”

“I heard Gugu said that, you are Uncle Wei’s girlfriend?” Bai Xiaozhen’s voice was a bit low, and even when she was speaking to a girl, she would feel shy and lower her head.

However, precisely because of that, within the entertainment industry, Bai Xiaozhen had lots of fans. Every time when her male fans saw that shy look on her, their hearts would melt.

Lie Gu himself was also very fond of this point of Bai Xiaozhen.

Chapter 140.1: I only wanted to give him a kick... 1/2

“So you all know about this.” Tang Wei was starting to feel a bit shy and her neck slowly started to turn red.

Wen Xia who was driving the car stretched out her hand and said coolly, “Wen Xia.”

Tang Wei immediately held onto Wen Xia’s hand, “Hello.”

Yi Ran turned her head around and smiled sweetly, “Hello Tang Wei, I am called Yi Ran.”

“Nice to meet all of you.” Tang Wei was a bit overwhelmed by how nice they were being to her. So, they are actually this amiable and approachable.

You are thinking too much, in the end, it is because you are Wei Chang’s woman...

Yi Ran smiled tenderly, “Xiao Tang, we are friends from now on, in the future, we have to come in contact with each other more.”

“What Big Sister Yi Ran just said is right.” Within the four, Tang Wei was the youngest, therefore, it was normal for Tang Wei to address the other three as big sisters.

Bai Xiaozhen said shyly, “Tang Wei, have you prepared yourself? Later on, we are going to have the clear the place.”

“Is there a need to prepare myself for something like clearing the place?” Tang Wei asked naively.

Wen Xia said calmly, “Clearing the place means killing people!”

Tang Wei immediately became stunned, while Bai Xiaozhen seemed to be feeling very shy. However, excitement was flickering within Bai Xiaozhen’s beautiful eyes.

Don’t think that only Ye Hua was imparting some weird reasonings to Qing Ya, Lie Gu was also doing the same as what Ye Hua was doing, and furthermore, Lie Gu was very successful in brainwashing the three celebrities with his weird reasonings. What the three celebrities were lacking right now was putting what they had been taught by Lie Gu into practice.

And because this outing was a hard to come by opportunity, Lie Gu decided to bring all of his women to the outing and let them put into practice the things that they have been taught.

Wei Chang himself also had the same idea. Tang Wei’s personality was too kindhearted and honest, this was not a good thing at all. Therefore, one of the reasons that Wei Chang brought Tang Wei along to the outing was to let her train her guts.

The car that Ye Hua was sitting in drove slowly on the road. When Qing Ya saw the other car that was behind whistled past their car, she asked curiously, “It’s very dangerous for them to drive so fast. Shouldn’t they slow down?”

Lie Gu smiled, “Madam, you can be at ease, they are well aware of their own situation.”

“What are they being so urgent for, is it not good to be together with us?” Qing Ya asked.

“Madam, they are heading ahead of us first so that they can get to the place earlier than us and prepare the venue.” Lie Gu explained considerately. Right now, Lie Gu’s mood was pretty good.

Ye Hua said faintly, “Why do you have that many questions.”

Qing Ya snorted, I’m asking because I’m curious, why, can I not ask? This Ye Hua, no matter where he goes, he always has this big boss attitude on him. I feel that my temperament is currently developing towards Ye Hua’s temperament.

Time went by quickly. Qing Ya was very curious as to where Ye Hua was going to bring her to. While thinking about that, Qing Ya felt a bit sleepy, and gradually, she fell asleep.

Ye Hua took a look at Qing Ya. Only when this Qing Ya is sleeping, then would she be able to make one want to dote on her.

Seeing that Qing Ya was slowly leaning towards the side, and that she was about to bump onto the door frame, Ye Hua stretched out his hand and held onto Qing Ya's head. Slowly pulling Qing Ya's head over to him, Ye Hua placed Qing Ya's head onto his shoulder, and Qing Ya who was in her dream pursed her lips and hugged onto Ye Hua's arm with both of her arms. Qing Ya felt that something was missing if she didn't hug onto something.

"Drive steadily." Ye Hua said faintly.

Wei Chang who was driving the car nodded his head and controlled the car speed at 100 mph.

F**k, just how many days has it been, I can finally hold onto this foolish woman for a while. Today is indeed a great day.

Chapter 140.2: I only wanted to give him a kick... 2/2

Two hours later, after getting off the highway, they got on the town road, then soon after, got on the mountain road, and began traveling within the forest for half an hour. If there was someone here, they would be able to see a car that could fly.

Without long, they arrived at their destination. At the venue, there was a neither big nor small waterfall. The water droplets that splashed out from the waterfall floated within the air and formed into mist. The mist spread out around the mountain stream and forest, seemingly like it was covering the mountain stream and forest with a light gauze. Taking a look at venue, there was even an extremely beautiful rainbow.

The quality of the clear water here was not something that the water within the cities could compare to. Looking carefully within the water stream, fishes could be seen swimming within the water. The meat of those fishes would most probably be delicious.

The four women could be seen to have already arrived at the venue, and all of the facilities have been set up by them. Tents, chairs, dining table, cookware, food and so on, everything had been prepared by the four women, and currently, they were standing together in a row and respectfully welcoming the arrival of Ye Hua and the others.

However, during an hour ago, this place wasn't this peaceful at all.

An hour ago...

"Big Sister Xia, have we gotten lost?" Tang Wei who was sitting at the back asked curiously.

Yi Ran opened her phone and took a look, then said lovably, "Nope, we are on the right track, Gugu went and took a look at the venue on an earlier date."

"We have arrived." Wen Xia said coldly as she stepped heavily onto the paddle.

Tang Wei took a look at the front and immediately cried out in alarm, "Big Sister Xia! In front of us is a waterfall! Quickly! Quickly stop the car..."

Amongst the sound of Tang Wei's shriek, the Cayenne flew out from above the waterfall. Aside from Tang Wei, the other three women felt that it was very exciting.

Bang!

Not conforming to common sense, the entire car landed onto the ground without any problem. Even after the car landed on the ground, Tang Wei was still in a complete daze.

Yi Ran laughed, "Everyone, prepare yourselves, it's time to strive to perform well in front of the boss. Don't make things difficult for Gugu."

"What Yi Ran said is right, although this is a simple outing, Gugu said that this outing is also a part of the boss's test for us." Wen Xia released her seatbelt, then took out her makeup mirror and took a look at herself. I must not throw my man's face in front of the boss.

Tang Wei was in a complete daze, she totally did not understand what they were talking about at all.

"What are you all talking about? Why do I not understand what you all are talking about at all?" Tang Wei asked confusedly.

Bai Xiaozhen said tenderly, "Tang Wei, you will know after you get off the car."

While feeling confused, Tang Wei got off the car along with the three other women.

Sizing around the surrounding, all four of them felt that this place was indeed pretty good, it was a good place for camping out.

Four women that were so beautiful suddenly appeared deep within the mountain forest, and they were dressed so alluring too. Black color lace female servant dress, black color stockings worn on their legs, with the stockings being the fishnet kind too, and high heeled shoes that helped further show off the four women's long legs.

Immediately, the sound of countless people's saliva being swallowed rang out in the surrounding.

Bang!

Bang!

Bang!

.....

All of a sudden, countless figures appeared in the sky and landed onto the ground. The way these people appeared was extremely shocking, cracks appeared on the ground that these people landed on. From this, it could be seen just how strong these people were!

People continued to appear one after another. Tang Wei was feeling a bit afraid and she moved closer towards the other three women.

About 100 people surrounded the four women in a circle. The attires of these people varied, there were some who wore ancient Chinese clothing, some who wore modern clothing, and some who even wore flared trousers.

However, there was one thing that was the same within all of their gazes, which was that they were itching to swallow up the four women.

A handsome man could be seen flinging his fringe and walking out in large strides, "This humble one is Extreme Thought Pavilion's big disciple, Sun Wei."

"You all... who are you guys~" Yi Ran suddenly revealed out a delicate and frail look on her as she hugged onto Wen Xia's arm. This action of hers not only did not make these people feel pity for her, these people even started to laugh out loud and viciousness began leaking out from their gazes.

"Beauties, this place has already been occupied by us."

"If that is so, we will take our leave then." Yi Ran said. As expected of a celebrity, her acting was good.

Sun Wei immediately obstructed Yi Ran from leaving, "Beauty, don't be like this, I became single again quite a while ago, I see that your looks is pretty good, how about you be my girlfriend?"

After speaking, Sun Wei stretched out his hand, wanting to touch onto Yi Ran's pretty face. However, before he was even able to touch till Yi Ran's face, his entire body was sent flying up to the horizon like a bullet.

Bai Xiaozhen said shyly, "I... I only wanted to give him a kick, I didn't expect that it would turn out like this..."

The surrounding men all gasped. A delicate woman actually sent an adult male flying with a kick. And it wasn't an ordinary kick too, the guy was sent flying all the way to the sky, and up till now, the guy still hasn't landed.

This woman's legs actually possesses such a huge amount of power, how is this possible!!!
