

## My Woman 161

### You Cannot Afford To Offend My Woman

#### Chapter 161.1: This black robe is extremely frightening 1/2

Originally, Qing Ya thought that Ye Zizi would stick to her very much and didn't expect that... Ye Zizi would be snatched away by her sister. It is merely a few pieces of clothes, you tell me, isn't this hurtful.

Ye Hua walked to the front of Qing Ya and said faintly, "This is just only the beginning, there will be enough for you to suffer in the future."

After finish speaking, Ye Hua walked towards his room, preparing to take a bath.

Qing Ya seemed to have also understood why Ye Hua was worried. Look at that cocky look on my sister, seemingly like she is saying, I have a lot of pretty clothes that you don't have, while Zizi's eyes are shining, and has a face full of envy.

After sighing, Qing Ya walked towards her room. Just nice, right when she entered the room, she saw that Ye Hua was currently removing his clothes. Originally, Qing Ya wanted to avoid Ye Hua for a while. However, upon recalling to mind that they were already old husband and wife, what did she even have to avoid from Ye Hua for.

"What's the matter, are you not going to play costume enticement with them?"

"Go to hell." Qing Ya snorted.

"Since you are the one who wanted Ye Zizi to stay here, you will have to be in charge of her from now on." Ye Hua said faintly, then walked into the bathroom.

Qing Ya took a deep sigh, then sat at the bedside and covered her face. Ah, Ye Zizi doesn't seem to be as loli as she seems to be on the surface...

Currently, at Bai Family that was located in the north!

Bai Cixin clasped onto the Nine Demons Pagoda and sized it up attentively. Meanwhile, the Nine Demons Pagoda's black fog slowly wrapped itself around Bai Cixin's hand.

Wang Dabao and Bai Qi were both standing on one side.

"Wife, be careful!" Wang Dabao shouted out worriedly.

Bai Cixin shook her head and said tenderly, "It's fine, don't be nervous."

Sure enough, the black fog merely wrapped itself around Bai Cixin's hand for a while, then retracted back into the pagoda.

"Now that we have the Nine Demons Pagoda, our Bai Family will be able to break into the ranks of the aristocratic families!" Bai Cixin slowly placed the Nine Demons Pagoda down. Her beautiful eyes were filled with the yearning towards power and authority.

"Big sister, congratulation, your wish has been fulfilled." Bai Qi smiled.

Wang Dabao was the same, "Wife, congratulation."

Bai Cixin laughed lightly, “Our Bai Family is not the only one that possesses an ancient godly item, Xiao Family also possesses an ancient godly item! However, there is only one quota!”

“Big sister, how about we annihilate Xiao Family?” Bai Qi suggested.

Bai Cixin picked up the teacup and lightly blew onto it, then took a sip.

“I do indeed want to do that, but there are rules. Right now, Xiao Yi is at his weakest point, it is indeed a good opportunity.”

Wang Dabao said gravely, “How about I go and probe him out for a bit first?”

“No need, lest he becomes alert. Obtaining an ancient godly item is only the first step to entering into the ranks of the aristocratic families, and our goal is not just entering into the ranks of the aristocratic families, and is instead entering into the ranks of the three big powers that restrict the aristocratic families!”

Speaking of the three big powers, Wang Dabao’s and Bai Qi’s expressions seemed rather grave. To be able to become an aristocratic family, the first requirement is to possess an ancient godly item. Every five years, there would be a selection based on votes. Originally, Xiao Family was sure to be able to enter into the ranks of the aristocratic families with no problem. Unfortunately, another ancient godly item appeared, causing Xiao Family to have to fight over the family that would come to possess the ancient godly item for the quota to enter into the ranks of the aristocratic families.

Towards aristocratic families, the first reaction that people would have was mysterious. And towards the three big powers that were above the aristocratic families, the first reaction that people would have was indiscernible!

After all, the three big powers have never appeared before. Everyone does not know about the three big powers’ foundations. And as for where the three big powers were located, or just how strong the three big powers were, they completely have no idea at all too.

However, there was a contrast that could be seen clearly, which was that, all of the aristocratic families were restricted by the three big powers. If not, all of the aristocratic families would have long fought with each other. After all, who wouldn’t want to collect even more ancient godly items?

And the reason that each of the aristocratic families possesses only one ancient godly item, it was because the three big powers have already given a warning. The warning was that, each and every aristocratic family was only allowed to possess one ancient godly item, and furthermore, they were not allowed to participate in the profane world’s plundering. Whoever that violates the warning given, their family would be exterminated!

From this point, it could be seen just how much risk, Ye Xiao, the person that Tang Wushuang invited over to snatch over the ancient godly item endured. Luckily, Ye Xiao chose to leave at the very last moment.

**Chapter 161.2: This black robe is extremely frightening 2/2**

Bai Cixin placed down the teacup that was within her hand and said faintly, "Husband, have you moved your company to the north? After this matter, you can no longer go to the south anymore."

"Wife, you can be at ease, High Ocean City's general headquarters is but an empty frame." Wang Dabao was starting to get a bit cocky.

Bai Cixin praised, "Husband, not bad huh, to know how to bind around with silk before it rains."

"After following and learning from wife, I am bound to receive some experiences."

"Then, husband, you tell me, what kinds of experiences did you manage to sum up this time?" Bai Cixin smiled tenderly.

Wang Dabao immediately became dumbfounded.

Bai Qi couldn't stand to look straight at Wang Dabao. Who told you to act cool? You are in trouble now because of it.

Wang Dabao coughed lightly, then said gravely, "This time, under wife's brilliant leadership, our side managed to achieve an overwhelming victory, and to be able to do that, it is really not something easy. If not for wife's intelligence, how would I be able to obtain the ancient godly item that easily?"

Bai Cixin held onto her mouth and laughed lightly, "To be able to receive such a high evaluation from husband, I feel truly overwhelmed by favor."

"Wife rightfully deserves such a high evaluation." Wang Dabao laughed mischievously and was looking very forward to the reward.

After keeping her smile, Bai Cixin asked seriously, "Husband, tell me about everything that happened last night detailedly, do not leave out any details."

"Alright."

In the next hour, Wang Dabao displayed his eloquence to the fullest and created himself out to be an undying hero who was honored with a supreme treasure after undergoing seven rounds of battles.

"Brother-in-law is truly exceptional, to be able to deceive those guys around in circles." Bai Qi sighed. Although this brother-in-law of mine appears foolish, in actuality, he has a stomach full of evil tricks.

After listening to Wang Dabao's recount, Bai Cixin stood up with a grave expression on her face, "You are saying that, the black robe appeared at the start, and even brought along Cloud Sect's Sect Master Xun Fang! And afterward, they ran away randomly?"

"That's right, I also feel very confused about it. When they suddenly appeared, I thought that they also came for the ancient godly item, but who knew, they suddenly ran away." Wang Dabao also didn't understand about this matter.

"Xun Fang's reputation became bad far and wide during a few days before, and yet, this black robe suddenly brought her along with him... letting her become angry... letting her become filled with hatred... Could it be that, he is trying to keep Xun Fang and use her for himself?" Bai Cixin mumbled.

“Big sister, you are able to even think of that?!” Bai Qi exclaimed in surprise, while Wang Dabao chose to remain silent. If not, he would get asked questions by Bai Cixin again later.

Bai Cixin continued and said, “Although I have never seen that black robe, experts like that black robe would definitely not commit lowlife things. About the matter that the black robe sullied Xun Fang, it must have definitely been made up by someone else. And that black robe made use of this point and made Xun Fang become isolated. This is also why that black robe suddenly appeared, that black robe wanted everyone to slander Xun Fang, and let Xun Fang take a clear look at her own situation!”

After hearing that, Wang Dabao’s expression became grave. After letting out a breath, Wang Dabao said, “If that is the case, that black robe is too frightening, his mind is actually this meticulous!”

“What happened to the little girl that was within the coffin in the end?” Bai Cixin asked.

Wang Dabao shook his head, “I don’t know. Back then when I obtained the Nine Demons Pagoda, I immediately ran away, where would I even have the time to care about a corpse at that time.”

“Then, who is that Emperor Cang that suddenly appeared?”

“Who knows? But he seems to have connections with the people from the north.” Wang Dabao said.

“What about the people that you brought along?” Bai Cixin asked.

“I’m not able to contact them. I heard that He Feng, Shu Zhenhai, and Man Kai did not come back too, seemingly like they evaporated from this world.”

Bai Cixin took in a deep breath, “Husband, Bai Qi, I feel that this matter is not that simple. Right now, we must act carefully. Regarding last night’s matter, the south’s powers will not leave the matter at rest, there will be a hard war that needs to be fought soon. Bai Qi, you go on and make the arrangements for the war to come.”

“Alright, big sister.” After speaking, Bai Qi took the initiative to leave.

“What about me?” Wang Dabao asked with a smile.

Bai Cixin slowly walked over and held onto her husband’s hand, then said lovably, “Husband has been working hard outside for an entire night, therefore husband should be rewarded.”

F\*\*k, the main point is finally here.

The two came to the bedroom, and Bai Cixin charmingly took a look at Wang Dabao, “Husband, this time, I bought a strengthened edition popping candy, and it’s mala flavor too~ Adding on with ice water, it should be pretty good.”

Wang Dabao sat on the bedside and swallowed his saliva with all his strength. This is too exciting.

[You Cannot Afford To Offend My Woman](#)

**Chapter 162.1: Tie up that author for me! 1/2**

Zijin City.

Within Tang Family Manor, Tang Wushuang was currently sitting on the sofa tremblingly. Behind him stood his two wives, Quan Anrong and Mu Jieya.

At the center of the main sofa, a middle-aged man was sitting there. The man had a glossy and shiny center parting hairstyle, thick eyebrows, big eyes, tall nose, and the shape of his face was the golden proportion. Just that, the man's attire was a bit casual, a shirt, adding on with a flower pattern shorts and flip-flop sandals.

The man was looking at his phone. After picking up the teacup and taking a sip, the man's eyebrows wrinkled slightly.

Upon seeing that, Mu Jieya immediately walked forward and personally poured tea for the man.

Tang Wushuang gave a forced laugh, "Alright master, I will immediately go and see to it."

The man's name was Gui Chengren. Five years ago, Gui Chengren saved Tang Wushuang who was at his dying breath and taught Tang Wushuang a bit of capability. Afterward, when Tang Wushuang returned back to the city, he put his capability to use and took back everything that belonged to him.

Gui Chengren placed his phone down, then picked up the teacup and took a sip again, "After a few years since we last met, Wushuang, your harem chamber became bigger again."

"It is all thanks to master's fortune, if not, how would Wushuang even be able to have the accomplishment that he has today." Tang Wushuang said sincerely. In actuality, Tang Wushuang wasn't really intimate with his master. Tang Wushuang's master could be said to be an existence whose traces were very hard to find.

"You have indeed accomplished in obtaining women, but your power and authority still have not changed in the slightest bit. As your master, I am a bit disappointed." Gui Chengren placed the teacup down, then took out a stick of cigarette. Upon seeing that, Tang Wushuang immediately walked up and lighted up the cigarette for Gui Chengren.

Soon after lighting up the cigarette, Tang Wushuang said, "Master, after climbing up to this step, disciple could be said to have the intention to want to climb higher, but is powerless to do so. It is too hard to climb up another step from where I am right now."

"With your current wisdom, it is great enough if you didn't fall down from where you are right now!" Gui Chengren took a puff, then said in disdain.

Tang Wushuang lowered his noble head. In front of his master, he did not have any bit of temper at all. Master is able to stab me to death with just one finger.

"The reason that I came here today is to ask you why you did not snatch over the ancient godly item! Although the ancient godly item is not worth much money, it is able to help you pave the path ahead!"

Quan Anrong could be heard saying, "Master, you can't blame it all on Wushuang, he called over Ye Xiao to help him snatch over the ancient godly item, but that Ye Xiao did not keep his word. And also..."

"Anrong, don't speak!" Tang Wushuang shouted out gravely.

Gui Chengren's gaze congealed and he said slowly, "Wushuang, not only do you not have the ambition to improve yourself, the woman that you taught out is undisciplined too! When men are having a conversation, what place is there for a woman to interfere!"

Quan Anrong's pretty face immediately collapsed.

"The two of you leave first." Tang Wushuang said gravely. Originally, I wanted to bring the two of them along by my side so that they could be of a bit of use in this situation. After all, their brains are very good. However, I didn't expect that this would be the outcome.

Mu Jieya pulled onto Quan Anrong and quickly left. Our husband's master is temperamental, and also very strange, to be able to be so obsessed with reading a novel.

"Master, they are not sensible, so please don't be angry with them anymore." Tang Wushuang fawned. I require master's help for the current situation.

"It's one thing that they are insensible, but you are following along them and being insensible too. Your wisdom is being blinded by your lust!"

Tang Wushuang hurriedly responded, "Yes, yes, yes, master, you are right."

"Back then, being prompted by a sudden impulse, I saved you and imparted to you a bit of martial technique. During the first few years, your performance was pretty good, but your performance this year made me felt very disappointed. When you go out, don't say that you are my disciple!"

Tang Wushuang hanged his head down firmly and listened to his master's reprimand.

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 162.2: Tie up that author for me! 2/2**

Gui Chengren let out a breath, "Is the Nine Demons Pagoda in Bai Family's hands already?"

Hearing that his master was changing the subject, and the subject that his master was changing to was to the ancient godly item, Tang Wushuang felt that hope was ignited up again. As long as master is willing to partake, everything will become right naturally.

"The report that the intelligence gatherer reported did indeed say that the ancient godly item is in Bai Family's hands already. After Wang Dabao obtained the Nine Demons Pagoda, he hurriedly rushed towards Zijin City and headed to Bai Family!"

Gui Chengren paused for a moment, "Right now, Bai Family possesses an ancient godly item, and Xiao Family possesses one too, and yet, you do not possess one! Could it be that you are thinking of getting master to help you snatch over an ancient godly item for you?"

"Disciple does not dare."

"The rules of the aristocratic families cannot be changed. If you want to squeeze into the ranks of the aristocratic families, you must snatch over an ancient godly item. Right now, which family's ancient godly item do you think is the best to snatch from?"

Is there even a need to ask? It is definitely Xiao Family's Xuan Yuan Sword.

"Xiao Family." Tang Wushuang said gravely.

"Since you know it is Xiao Family, why do you still not have any action?" Gui Chengren asked.

Tang Wushuang was still thinking of old time's sake. After all, Xiao Yi helped me quite a bit back then. And right now, for me to stab Xiao Yi in his back, it is really hard for me to do it!

"To be a great being, when you are faced against a god, you have to slay the god, so let alone just a human being!"

"Disciple has benefited from master's advice."

The living room immediately turned quiet, and Tang Wushuang did not dare to even breathe too heavily.

"I heard that everyone from last night has all died, and furthermore, they were all absorbed and turned into dried corpses?" Gui Chengren suddenly asked.

"En, the news just began spreading out a while ago. Also, the whereabouts of the three big powers that belong to the north are still unknown."

Gui Chengren said calmly, "Seems like it was the doings of the person that was within the coffin."

"Master, you know about just what is going on?"

"If I did not guess wrongly, all of you fell into a trap." Gui Chengren laughed lightly, then picked up the snickers bar that was on the table. After opening the wrapper, he began chewing it slowly.

Tang Wushuang turned pale with fright as he immediately understood what was going on.

"Master, how are you compared to that person?"

"Not much difference."

Tang Wushuang's heart sunk. Master actually gave that person such a high evaluation, this is truly unimaginable!

"That's right, what's the matter with that black robe?" Gui Chengren continued and asked.

Tang Wushuang began telling everything about the black robe to his master, and after finish listening to everything, Gui Chengren began pondering.

After a long while, Gui Chengren said faintly, "This black robe does not have to be feared, the main point is the person that is behind him!"

"But, within the social circle right now, everyone is saying that black robe is the boss."

Gui Chengren's gaze turned cold, "I really should kill all of those women of yours! Has your brain turned silly from being sandwiched by those women! You are not even able to see through a scheme like this?!"

"But..."

"Wushuang, let me ask you a question! Have you ever seen me having to personally go out and fight?"

Tang Wushuang swallowed his saliva. Indeed, I have never seen master fight personally before.

“No.”

“True experts are completely disdained towards weaklings. Within their eyes, weaklings are but a bunch of dust!” Gui Chengren said gravely, seemingly as if like he had finally met his match.

“Master is precisely one of the true experts.” Tang Wushuang immediately bootlicked. And as expected, bootlicking was useful everywhere.

Gui Chengren leaned on the sofa, and said faintly with a deep gaze, “I have a kind of feeling that the dispute between the north and south is plotted out by that Leisure Bar. Wushuang, you have to thoroughly investigate this Leisure Bar.”

“Disciple understands. Master, then, just who is the true boss of this Leisure Bar?”

Gui Chengren sighed heavily, “If it’s not that boss, it would be that security guard. One of them is the mastermind behind the scheme!”

“Alright, master is going to go and rest already.”

“Master, do you need disciple to help you arrange...”

“You can leave those useless women to yourself. Don’t forget to help master kidnap that author. If he doesn’t pump out chapters, break his legs!”

“Eh... alright.”

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 163.1: Don’t want to go to school, want to eat chicken 1/2**

At a place that was located at the other side of Zijin City, this place lost its former glory, and seemed rather oppressive. When night arrived, the entire manor was pitch-black, seemingly just like a haunted house.

This was the Xiao Manor that had lost its former glory!

Xiao Yi was currently sitting cross-legged in a secret room and cultivating with a calm mind. However, how could his mind be calm! From the slightly wrinkled brows of his, it could be seen that he wasn’t calm at all.

My beloved wife is dead, and I don’t even dare to hold a funeral for her at all. Up till today, her corpse is still being freeze.

My son only knows that her mother went on a business trip. It has only been a few days and he is already throwing a tantrum wanting for his mother to come back. But, could she even come back?!

She can’t!

Opening his eyes, Xiao Yi’s eyes were filled with bloodshot. The big battle with that black robe caused my vitality to flow backward, which caused an injury that is unable to be removed to be left behind in my body. Furthermore, the death of my beloved wife caused my heart and veins to become greatly

damaged. With such injuries, I'm afraid that there isn't any way to reverse my situation anymore, and I won't be able to hold out for much longer.

However, if I were to die! What would happen to them! What would happen to my child!

My past enemies would thrust their spearheads towards them! Thinking up to here, blood spilled out from the corner of Xiao Yi's mouth again. Xiao Yi's body condition was critical and beyond cure right now!

Dragging onto his heavy body, Xiao Yi opened the door of the secret room. However, the moment that he walked out of the room, his slightly arched back became straight. Some sufferings and hardships have to be swallowed by myself, to avoid my women from becoming worried.

While enduring the spiritual energy that was moving around in chaos in his body, Xiao Yi came to the lobby. Who knew, all of his women were currently gathered together, and seemed to be having a meeting.

"Brother Xiao, you have come out from your closed-door cultivation!" Yu Qi hurriedly walked up and supported onto Xiao Yi. Yu Qi's stomach was already bulging slightly.

Looking at Yu Qi's stomach, Xiao Yi squeezed out a smile, "Are you all still fine?"

"En, Brother Xiao, you don't have to worry about us, we are all fine." Yu Qi supported onto Xiao Yi and brought him to the main seat.

With a grave expression on her pretty face, Shu Nan walked over to her husband's side, wanting to feel her husband's pulse.

Xiao Yi knew Shu Nan's intention, and thus avoid Shu Nan from feeling his pulse. Not only did going into closed-door cultivation not have any use, but my injuries have even worsened too. I don't want them to come to know of such an outcome. Even if they have to know, now is not the time too.

Shu Nan wrinkled her willow brows and was incomparably worried. The more husband acts like this, the more it shows that his injuries are very serious.

"What were you all chatting about?" Xiao Yi tried his best to maintain a relaxed look on him. I have been in closed-door cultivation for those past few days, and I am completely unaware of everything that happened outside.

Yu Qi smiled and said lovably, "Nothing much, just some company's matters."

"Is there even a need for you all to act like this for some company's matters? Go on and tell me the truth, no matter what, we have already gotten through the most enormous matter..." Xiao Yi laughed miserably. If time could be reversed, I should have learned from Wang Dabao and paid up the money that I lost from the bet.

I have truly enacted out the phrase 'given away a bride, and lost one's army on top of that' to the fullest!

The few women took a look at each other, and in the end, Shu Nan began telling everything that happened during the past few days to Xiao Yi.

“Wushuang came to deliver the money? He has the heart.” Xiao Yi felt a bit gratified in his heart. At the least, I didn’t become brothers with him for nothing.

However, Yu Qi didn’t interpret it like that, “Brother Xiao, during the day that Wushuang came, you were already in closed-door cultivation. And during that day that Wushuang came, he was a bit absent-minded. From what I see, things aren’t as simple as just him coming over to deliver the money to you.”

“Perhaps he was worried about my injuries. Wushuang is a rather good guy, he didn’t throw stones at us while we are down like the other families.” Xiao Yi’s middle qi area was very weak, and thus his tone sounded very weak.

The few women didn’t continue talking about it anymore, to avoid their husband from getting angry. We have to take things slowly, because the next matter is even more serious.

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 163.2: Don’t want to go to school, want to eat chicken 2/2**

After a long while, Xiao Yi finished listening to everything. Xiao Yi didn’t have a very big reaction, and instead, he merely let out a breath. Heaven wants my Xiao Family to die!

All of the women remained silent, not wanting to continue and provoke their husband.

Yu Qi said solemnly, “Brother Xiao, Bai Family might be planning something unfavorable towards us, we have to plan ahead early.”

“Bai Family? I’m afraid it’s not only just Bai Family! Right now, the Xuan Yuan Sword that is within my hand is practically a hot item, everyone is thinking of obtaining it!” Xiao Yi said coldly. I am truly a fallen tiger being bullied by dogs right now!!!!

“Brother Xiao, how about we hand over the sword to them, and they can fight amongst themselves over the sword however they want.” Shu Nan’s suggestion could be said to be what all of the women were thinking in their hearts too. It’s fine if the sword is gone, as long as everyone is still here, it will do.

However, Xiao Yi doesn’t think like that. If I don’t have the sword anymore, it would increase the speed towards my death. Right now, the reason that they don’t dare to set out to snatch the sword over from me is because they are not sure just how heavy the injuries that I suffered are. Once they found out about it, I’m afraid that they would immediately come over and snatch the sword over from me.

Right now, the only thing that I can do is to use this Xuan Yuan Sword to exchange for their safety!

“You all can be at ease, I have my own plans.” Xiao Yi laughed lightly. If the sword is not able to exchange for their safety, I will add on with my life then!

All of them have blind trust towards their own husband, they thought that Xiao Yi really have some good plans, and thus, all of them gradually revealed out a trace of happy expression on their faces.

“Brother Xiao, let’s go and eat first, only after having your fill, then would you be able to have the strength to do things.” Yu Qi said tenderly as she supported onto Xiao Yi’s left side, while Shu Nan supported onto Xiao Yi’s right side. Taking this chance, Shu Nan immediately felt onto her husband’s pulse, and her face which still had some color a while ago immediately turned pale, seemingly just like a piece of white paper.

This kind of pulse is the omen that death is about to come!!!

So, everything that Brother Xiao said just a while ago was all lies, Brother Xiao is going to die soon!!!

Xiao Yi took a look at Shu Nan, and his gesture towards Shu Nan was very obvious, he was telling her to not speak of it. On the diner table, the happy atmosphere from the past was no longer there anymore, and what replaced the atmosphere was an oppressive atmosphere.

Meanwhile, at Leisure Bar, it was time for everyone to eat too.

Crayfish great feast...

Qing Ya was immediately stupefied. He is practically trying to take revenge on me for not serving upon him during those few days. Not only is he a jealousy king, but he is also a petty fellow.

"Wow, crayfishes, Zizi's favorite." Ye Zizi immediately wore the gloves and began eating.

Ye Hua coughed lightly, hinting towards Qing Ya.

Qing Ya bit onto her lips, and without choice, she wore the gloves and began peeling a crayfish for Ye Hua. After finish peeling the crayfish, Qing Ya dipped the crayfish meat into the broth, then placed it into her husband's bowl.

Ye Hua was very satisfied. This crayfish meat is truly becoming more and more delicious.

Qing Yutong looked at the two. They reconciled after going out on a trip together, the speed that they reconcile sure is fast. Looking at big sister's manner right now, there is no need to say too much, brother-in-law must have definitely been the one who came out victorious.

"Brother-in-law, eat crayfish meat~" How could Qing Yutong let go of such a chance to bootlick her brother-in-law? If I want to have meat to eat, I have to bootlick brother-in-law.

"Big brother, here, Zizi peeled a piece of crayfish meat for you~" Ye Zizi's mentality was more or less the same as Qing Yutong's mentality. In any case, both of them were heavily suspected to be bootlicking Ye Hua.

Meanwhile, Ye Hua didn't care too much. This is the treatment that a Supreme Overlord should enjoy, one word, comfortable!

"Ye Zizi, you will have to go and start going to school in half a month's time. Properly study while you are there!" While eating the crayfish meat, and drinking iced sprite, Ye Hua said faintly.

You are letting an old monster to go to school and study, are you not afraid of her eating up all of the teachers that are within the school?

Sure enough, upon hearing about going to school, Ye Zizi's expression collapsed, "Big brother, I don't want to go to school, I want to eat chicken."

Ye Hua and Qing Ya immediately moved their gazes towards Qing Yutong, while Qing Yutong pretended that she didn't hear anything and quietly peeled onto the crayfishes, "Big sister, eat crayfish meat. Brother-in-law, eat crayfish meat."

“Qing Yutong! How can you misguide a little child like this!” Qing Ya strictly reprimanded. It has only been a few hours, and this sister of mine has already made an innocent and gullible little loli become depraved. Right now, Ye Zizi doesn’t want to go to school, and wants to eat chicken!

Qing Yutong raised up both of her hands and said in grievance, “Brother-in-law, big sister, this really isn’t my fault.”

After finish speaking, Qing Yutong pulled onto Ye Zizi’s skirt.

“Big brother, sister-in-law, this really isn’t Big Sister Qing’s fault, big sister merely taught me how to play the game, how to spray with the guns, and how to fight over airdrops, it is Zizi’s fault for becoming addicted.” Ye Zizi said pitifully.

Pfff!

Qing Yutong almost spat out a mouth of blood. You were obviously the one who begged me to teach you how to play, and now it becomes that I was the one who taught you how to play!

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 164.1: I will do it! 1/2**

Qing Ya glowered at her sister and shouted out, “Qing Yutong, forget it that you yourself are depraved, but Zizi is still a child! You are teaching her how to play a computer game when she’s still so young, are you also intending on bringing her to disco?!”

Upon hearing disco, Ye Zizi’s eyes lighted up. This is another thing that is new to me. However, I will remain silent for now and pretend that I didn’t hear anything.

Qing Yutong was grievance to death. This little troublemaker, she made me walk right into her trap! And even more, she is acting like she is more pitiful than me...

“Big sister, don’t be angry, eat a piece of crayfish meat, and quench your anger.”

“Don’t have the appetite!”

Qing Ya said while panting with rage. Upon thinking that when my child is born, my child would get led astray by this little sister of mine, my head feels a bit giddy.

“Ye Hua, why don’t you tell her off too.” Qing Ya felt that it didn’t feel great enough with just her reprimanding her sister and had to even pull Ye Hua along and reprimand her sister together with her.

Ye Hua was very clear of Ye Zizi’s personality and said, “I have said it very early on, you are the one who will be in charge of Ye Zizi.”

Qing Yutong was exulted, I didn’t expect that brother-in-law would stand on my side, I feel so happy.

“Ye Zizi, the matter regarding going to school is fixed.” Ye Hua said faintly. The main reason that Ye Hua wanted to throw Ye Zizi into a school was because he wanted her to learn to get along with humans properly. Ye Zizi has to learn to stop always thinking of absorbing humans and learn how to control her desire to absorb humans. Look at Wei Chang, look at how well he is able to control himself, and even more, he is able to ponder over things now.

Seeing that His Honor was so unyielding towards her going to school, Ye Zizi could only request Qing Ya for help.

“Sister-in-law~”

“Zizi, do you listen to sister-in-law’s words?” Qing Ya revealed out a smile and asked.

Ye Zizi nodded her head with all her strength. She felt that there was hope.

“If that is so, listen to your big brother’s words.”

Ye Zizi, “.....”

From the looks of it, even if I act pitiful, I still won’t be able to escape my fate of having to go to school. Upon thinking that I am going to have to sit together with a bunch of human children, I’m really itching to just eat all of them.

“Zizi, studying is a good thing, if you don’t study, you won’t be able to find a job in the future.” Qing Yutong patted onto Ye Zizi’s head and began throwing stones at Ye Zizi while she was down.

Ye Zizi pouted her little mouth and began peeling the crayfishes pitifully. At that time, I will cause a havoc...

“Ye Zizi, don’t think about meaningless things.” Ye Hua warned Ye Zizi. How would Ye Hua not know just what Ye Zizi was thinking of?

Up to here, the family meeting finally came to an end. Qing Yutong and Ye Zizi both let out a huge breath. This feels like when I failed my exam back when I was young and ended up being reprimanded by my parents.

“Qing Ya, didn’t you say that you wanted to go and take wedding photos? Quickly decide on where and when to go, lest you suddenly say that your stomach is bulging, and the wedding photos don’t look nice.” Picking up the crayfish meat that Qing Ya peeled, Ye Hua said to Qing Ya.

Qing Ya pondered for a while, then said, “Let’s go to Sanya then, the scenery there is pretty good. Furthermore, we only had fun for a day during this outing trip. This time when we go to Sanya, we can have fun there for a few days.”

“Go so far for what?” Ye Hua wrinkled his brows and asked.

“There is a sea view there. Long’an city is inland, there is only a river here. This time, we can also bring Yutong and Zizi along with us.” Qing Ya felt that this idea was feasible, the entire family going on a trip.

Qing Yutong did not want to go out and was intending on staying at home and being a neet, “Big sister, I am a streamer, I have to stream to earn money.”

“Zizi wants to eat chicken too.”

“Won’t do, the both of you have to go too. One of you will act as a big bridesmaid, and the other will act as a small bridesmaid. It’s settled then, we will set off tomorrow!”

The three exclaimed in surprise at the same time, “Tomorrow?!”

“That’s right, I will treat you all to go on a trip, all of the expenses will be covered by me.” Qing Ya said generously. Indeed, with money, one could be willful.

Since Ye Hua promised Qing Ya yesterday, he complied with Qing Ya’s wish. Meanwhile, both Qing Yutong and Ye Zizi let out a heavy sigh. Isn’t it great to stay at home? There are air-condition, food delivery, and also games. What is the point of going out and suffer?

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 164.2: I will do it! 2/2**

After finish eating the crayfishes, Qing Ya joined the chicken-eating squad. Ye Hua really didn’t want to say anything. How did you reprimanded them just now, and right now, you are playing together with them, where is your integrity at?

Because Little Ah Li was online again, the bored Ye Hua came downstairs to take a look if the business has gotten better or not. However, when he came downstairs and took a look...

Asides from my waiters, waitresses, and security guards, there is no one else! How is this possible!

Ye Hua beckoned over Wei Chang.

“Boss, what’s the matter?”

“Where are the customers at!” Ye Hua asked gravely.

Wei Chang shook his head, “I don’t know too.”

A few months ago, this place was always filled with people, and whenever I came downstairs, there would be all kinds of screams.

And yet, right now...

After sighing, Ye Hua said, “I am going to go out for a few days tomorrow. After coming back, I want to see that the bar is filled with customers! If not, I will deduct your pay!”

“Boss, I was just thinking of asking you to increase my pay...” Wei Chang said embarrassedly. Originally, my expenses were already so big after getting a girlfriend, and right now, I have to pay for the expenses of the car oil too.

Ye Hua took a glare at Wei Chang, “The business is already like this and you still want me to increase your pay? I am already about to have to go and drink the northwest wind!”

“Boss, there is a strong stir-fry crayfish smell on your body.”

“.....”

“You even dare to talk back to me now huh?”

“Subordinate does not dare.” Wei Chang said hurriedly. I am just merely feeling happy that Ye Zizi returned, and thus acted mischievously for a bit.

“How is the matter that I asked you to investigate?” Ye Hua took out a cigarette and sat at the booth that was at the side.

Wei Chang was slightly startled, I seemed to have forgotten about it.

"It is still under investigation."

"If it really won't do, you can go and add fire to the situation. The purpose is to get them to fight, the bigger the fight, the better it is."

"Yes!"

After speaking finish, Ye Hua stood up and walked towards the outside.

"Boss, where are you heading to?"

"Heading outside to have a breather."

"En." Wei Chang responded. Right now, His Honor has even learned to take a stroll after having a meal. Seems like, without too long, His Honor will go and dance fitness dances at public squares.

Enough thinking, right now, I should quickly contact Death Mage.

Taking out his phone, Wei Chang gave a call to Death Mage's phone. However, after thinking for a bit, Wei Chang hanged up the call. It is a big waste of the phone bill to contact Death Mage by phone.

"Death Mage!"

Death Mage who was currently playing his game went into a daze, then hurriedly responded, "Master!"

"His Honor has an order for you, the order is for you to go and act as a spy and investigate the movements of both the north's and south's powers." Wei Chang felt that this was what His Honor meant. After all, only a spy would be able to collect a huge amount of information. It is always acted out like this within the spy dramas that I watched.

"Spy!" Death Mage felt that he could not be called Death Mage anyway, because the mission he just received no longer has a connection with death.

"That's right, you have to report the information you gathered to me every day!"

"Subordinate shall solemnly obey His Honor's order!"

After cutting off the connection, Death Mage let out a deep sigh. His Honor's missions are getting harder and harder, how am I going to have the time to play games in the future?

Biubiubiu...

At Death Mage's side, the sound of bullets being shot rang out. Xun Fang could be seen holding onto a phone and playing the fishing game too. That serious look on Xun Fang's face seemed like she was currently taking revenge.

That's right, Xun Fang was precisely taking revenge right now. Since I am not able to defeat him in battle, I will defeat him in the thing that he is best at!

However...

This fishing game is too much of a fraud...

I don't have any money left, and right now, even three meals a day is a problem for me. Hmmm, I might as well refund the house and get back the deposit that I deposited for the house. Staying at Tianqiao Bridge is out of the question, however, the park is a rather good option. In any case, if I don't kill him in this lifetime of mine, I would be ashamed to face against this life of mine!

Death Mage immediately started typing on his phone, then tapped onto Xun Fang's shoulder with his bone finger.

"I have a way to earn money, do you want to do it or not?"

After seeing the words on the phone, Xun Fang's brows became tightly wrinkled. The way that he has to earn money is definitely not an honest way. However, without money, I won't be able to defeat him.

After thinking for a while.

"I will do it!"

"Jiejiejie..."

Imperial translation: "As expected of the woman who likes me. Although you are ugly, you are determined!"

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 165.1: Donghuang Baizhi 1/2**

As to how to accomplish His Honor's order, Death Mage already had a plan. This is going to be a different and unusual way of working as a spy, a way that would be filled with blood and cruelty! I like this plan of mine so much~

On the other side, Ye Hua took a round of stroll outside, and when he returned back to the bar, there was a file folder in his hand. The file folder was sent over by Lie Gu, and within the file folder were the documents of Ye Zizi's information. Right now, there is no need to even go and find Xiao Jiu, Lie Gu himself has the resources to handle things like this. Not bad, not bad, all of them are beginning to have brains.

Returning back upstairs and opening the door of Qing Yutong's room, Ye Zizi could be heard shouting and making a big fuss to the mic, while Qing Yutong and Qing Ya could be seen remaining silent.

"Aunt, you are so noob." Little Ah Li's tender voice rang out from the earphones.

Ye Zizi was angered to death, "Don't call me aunt!"

"But, you are Aunt Qing's sister, if I don't call you aunt, what do I call you?"

Ye Zizi suffered ten thousand points of damage. Have you ever seen such a loli-like aunt!

Qing Ya and Qing Yutong laughed lovably and didn't speak. Placing these two little devils together, they can practically tear open the sky.

Enduring the pain of being called an aunt, Ye Zizi decided that she was going to defeat Little Ah Li in the game by having an overwhelming lead over Little Ah Li. On the other hand, Little Ah Li seemed as if she knew what Ye Zizi was thinking about and began competing against Ye Zizi.

Aside from these 4 people, the other 96 people were all suffering from being ravaged. Amongst the 96 people, the heads of 70+ people were split between Ye Zizi and Little Ah Li, and the remaining 20+ people could not endure it anymore and chose to kill their own characters.

The result of this was that, as long as these two accounts appeared, various kinds of suicides would appear on the top of the screen. The game was practically unplayable for the people within the game when the two appeared, everyone could only kneel down when they come across these two immortals.

Qing Ya and Qing Yutong got carried continuously as they strolled and followed behind Ye Zizi and Little Ah Li. I didn't expect that Ye Zizi would be this formidable. At the start, she was still unaccustomed to the game, and yet, after just a few rounds, it is practically like she is hacking.

At a certain live stream room, there were countless of bullet screen comments.

"Streamer, aren't you the king of immortals killer! Right now, two immortals appeared. Requesting for the streamer to go and kill the immortals."

"Same, requesting for the streamer to go and kill the immortals."

"Requesting for the streamer to return peace to the world of eating chickens."

The streamer within the screen could be seen holding onto his stomach and said while with a painful expression on his face, "My condition today is not good, my stomach is aching, I am done with streaming for the day."

After finish speaking, the screen turned black. Want me to kill immortals? If I were to try to do that, at that time, I would instead be the one that would get boiled by them. One of the immortals is the revolver monster, and the other new immortal that appeared is an archery monster. Should I consider changing occupation?

The live stream room was in complete chaos right now.

"The streamer actually ran away!"

"Everyone, stop scolding the streamer. Perhaps, the streamer could really be feeling uncomfortable today?"

"I would be damned if I believed him. There are two immortals destroying the balance of the game, and this streamer actually pretended that he has a stomach ache. The streamer might as well say that his period came."

"I heard that Goddess Yutong is going to begin streaming eating chicken. I am going to go watch my goddess. What is there even good to watch here, this streamer does not have skills at all and can't even kill immortals."

"I'm leaving, I'm leaving, it would be better to go and watch an old woman play computer games than to watch this streamer."

"I'm unfollowing, I'm unfollowing, sorry for disturbing."

Looking at the bullet screen comments within the live steam room, the streamer was feeling very wounded. You guys' demands are just too high. Do you all think that killing immortals is a very easy thing to do...

However, right now...

Little Ah Li and Ye Zizi were fervently killing people within the game, whoever that wasn't able to kill others by headshot would be the one to lose.

And the result of that was that the entire screen was filled with Little Ah Li and Ye Zizi's headshot kills. Are these two not going to let us f\*\*king play? Do these two think that they are formidable just because they have hacks? These two are being too much!

The game company immediately began checking on the two accounts, and in the end, the game company discovered that the two accounts were incomparable normal. Could it be that, this is the latest hack? I have to call over all the technical staff and get them to work overtime.

The two did not use any hack at all, so how would the game company be able to discover anything? In the end, the technical staff spent a huge amount of time and still did not manage to discover anything.

Ye Hua stood behind Ye Zizi and watched her use her instinct to cheat. However, I didn't expect that Little Ah Li would actually be able to come toe to toe against Ye Zizi. This Little Ah Li is a bit incredible.

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 165.2: Donghuang Baizhi 2/2**

At a desert that was located at the northwest. There was completely no sign of human habitation at this place. If ordinary people were to travel through this desert, they would die within a few days, and become the vultures' delicacies.

Under the moonlight, two people arrived at the desert. The two were covered in cloaks, and while arching their bodies, they entered into the desert!

After a long while, the two came to a stop. One of two began forming signs with both of his hands, and a faint ripple formed in front of him. Soon after, the two entered into the ripple, and the desert became completely silent once again.

After the two entered into the ripple, they took off their cloaks and took in a deep breath. One of the two laughed, "The air within our Voidless Realm is the best after all, the air within the profane world is practically poisonous."

"That is only natural. The Voidless Realm is protected by the ancient Donghuangs. To be able to become a member of the Voidless Realm, it is a supreme honor."

"That's right. If I am able to meet with the empress just one time, I would have no regrets left in this life of mine."

Soon after, the two gazed towards the mountain that was the tallest amongst all of the mountains. Their gazes were filled with boundless reverence and adoration. Soon after, to express their respect, the two slowly knelt down and kowtowed towards that direction.

Looking at the entire Voidless Realm, the Voidless Realm seemed to be situated on top of the clouds. The mountain peaks pierced through the clouds, and all of the buildings circled around the edges of the mountain peaks. On every mountain peak, there was an imposing palace situated there. The palaces symbolized power and authority.

However, at the tallest mountain peak, there was an imposing and glorious palace. Imposing looking godly dragons were carved onto the entire palace. Amongst the godly dragons, eight godly dragons could be seen each twining onto a white jade obelisk and glowering with their sharp claws stretched out. Wind appeared around all of the dragons, and the dragons seemed like they possessed the might of destroying mountains and rivers. Just looking at the palace was enough to make one gasped in amazement.

Within the space of the top of the palace, a waterfall was actually flowing out from the space. The water sound was gentle, seemingly just like the beautiful sound of guqin.

Around the palace, trees intertwined with each other, and the chirping of birds and cicadas rang out. Sitting amongst the trees, quietly listening to the beautiful sound of the flowing stream, and being blown by the gentle breeze, just how much of an enjoyment would that be.

The flowing stream flowed towards a channel and flowed downwards the mountain. Afterward, the stream flowed towards the mountains that were below the tallest mountain, seemingly just like a champagne tower. In the end, the stream flowed all the way down into the clouds, and the whereabouts of the stream were unknown after that.

Right now, from each of the palaces, there were people heading towards the main palace. The eight elders arrived at the front of the imposing and unordinary palace and began waiting while with their backs arched.

At the front of the place stood four imperial guards that wore gold gowns and silver armors. A faint killing intent was being emitted out from each of the imperial guards.

After a long while, one of the imperial guards shouted out, "Enter!"

The eight elders slightly straightened their bodies, then began walking into the palace.

Within the throne that was situated in the middle of the palace sat a woman that looks imposing and unordinary. The woman possesses a picturesque appearance, and a pair of eyes that were beautiful, but had a layer of coldness layered on them. A dragon-phoenix gold crown was worn on her head, and the dragon design purple gown that was worn on her body brought her cold aura all the way up to its peak.

This was a woman that would make other men not even dare to raise their heads!

This woman was called Donghuang Baizhi!

"Subordinate kowtow in salute to the empress!" The eight elders gave their formal greetings.

Donghuang Baizhi who was sitting on the throne slowly raised her hand. Her beautiful eyes were calm and not a single billow appeared in her eyes.

The eight elders that were below Donghuang Baizhi stood up, then moved to their respective positions. The eight elders split and stood at two sides, with each side having four people.

“Yuan De, just what is the matter that has to be discussed so late in the night?” Donghuang Baizhi asked faintly.

A relatively short and small elder stood out and said while with his hands cupped together, “Empress, a devil substance appeared in the profane world!”

“That Nine Demons Pagoda is still not enough to be counted as a devil substance.” Donghuang Baizhi said indifferently, seemingly not placing the Nine Demons Pagoda in her eyes at all.

“Subordinate is not talking about the Nine Demons Pagoda, what subordinate is talking about is the girl that was holding onto the Nine Demons Pagoda!”

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 166: I will marry! 1/2**

Seeing that the empress did not speak, Yuan De continued and said, “The disciples that returned back from the profane world just a while ago reported that the death count of the battle over the ancient godly item was more than ten thousand people, and also, the number of people that went missing was up to a thousand. As for the over ten thousand people that died, they were all absorbed and turned into dried corpses. This must have been the doing of the person that was within the coffin.”

Donghuang Baizhi took a look at Yuan De indifferently and said unhurriedly, “So what?”

Yuan De was startled, and he hurriedly lowered his head.

“Leaving aside that the aristocratic families are able to handle this matter, this matter happened at the south and the south is not under our management. If you all have anything that you all want to speak about, just say it straightforwardly, don’t beat around the bush!” Donghuang Baizhi said coldly. These eight elders have so much experience up their sleeves, would they not even know how to handle such a matter like this? Is there even a need to make such a big fuss about it.

The eight subordinates lowered their heads and took a look at each other.

Seemingly like they have already discussed together early on, all of them kneeled down onto the floor and said in unison, “We hope that the empress would think for the Donghuang’s lineage and give birth to a boy as soon as possible and let the boy inherit Donghuang’s inheritance!”

Donghuang Baizhi did not become angry and laughed instead. Immediately, everyone became absent-minded.

“I presume that all of you have already picked a husband for me.” Donghuang Baizhi laughed lightly. However, a sharp viciousness was being emitted out from her eyes.

Amongst the eight elders, a slightly obese elder stood out. This elder was called Xing Han, the beard on his chin was almost reaching to the floor. The beard could practically be used as a sweeper.

“Empress, carrying on the family lineage is a heavenly law, and it is even more for the case of carrying on Donghuang’s lineage. Furthermore, because the whereabouts of the Nuwa’s lineage is unknown, the people who possess ancient lineage are even more sparse now. Although the other two families are not worthy of obtaining the family name, Donghuang, as long as the empress gives birth to a male baby, and the male baby inherited Donghuang’s inheritance, Donghuang Family’s glory would shine once again!”

While speaking, Xing Han kneeled down. When the others saw Xing Han kneeled down, they followed along and kneeled down.

Donghuang Baizhi who was on the throne did not speak.

Xing Han continued and said, "The north's aristocratic families are controlled by us Donghuang, while the south's aristocratic families are controlled by Ji Family. Although Ying Family resides in the south, they do not pay attention to worldly affairs, thus, subordinate feels that Ying Family is the best choice to choose from."

After pausing for a moment, Xing Hang continued and said, "Ying Family's second prince, Ying Kangshi, possesses both talent and virtue, and his appearance is also rather handsome, he is the best candidate to be the empress's husband."

"Finished speaking?" Donghuang Baizhi asked faintly.

"Empress!!!"

"All of you can withdraw." Donghuang Baizhi waved her hand and stood up from the throne.

Yuan De immediately rushed out, "Subordinate still has a matter to report! This matter is regarding Long'an City's Leisure Bar!"

Donghuang Baizhi's tender figure suddenly shook, and various kinds of emotions immediately appeared on her face. Because the eight subordinates lowered their heads, they did not discover Donghuang Baizhi's reaction.

"A small leisure bar is insignificant." Donghuang Baizhi placed her hands behind her back and was prepared to leave.

Yuan De hurriedly shouted out, "Empress, the aggression between the north and south is the doing of this Leisure Bar's boss, the boss of this Leisure Bar is called Ye Hua!"

So he is called Ye Hua! This heartless man is called Ye Hua!!!

Because Donghuang Baizhi's back was faced against the elders, the elders were not able to see Donghuang Baizhi's face that was filled with resentment and malevolent.

However, everyone was looking at Yuan De. What are you bringing up such a small matter for?

Yuan De did not pay attention to the gazes of the elders and continued speaking, "This man has a wife! The wife's name is Qing Ya, and she is currently pregnant!"

Yuan De's every word was just like a sharp blade, stabbing straight into the most fragile place of Donghuang Baizhi's heart!

He has a wife! And she is currently pregnant! If that is the case, then what am I considered as!

[You Cannot Afford To Offend My Woman](#)

**Chapter 166.2: I will marry! 2/2**

Donghuang Baizhi's memory immediately returned to three years ago. The situation on that day was more or less the same as today, just that back then, my father was the one that was sitting on the throne. On the second day, I ran away, and it was at that time that I came across that Leisure Bar's boss. I, whose mood was extremely bad, was successfully persuaded over by him and had a relationship happened together with him.

However, when I heard that man said that it was his first time too, I felt a bit comfortable in my heart. Back then, he even said that he wouldn't touch the same woman twice and told me not to go and look for him again. At that time, I laughed. That guy really took himself as a big shot, he was the most narcissistic person that I have ever met.

After playing around the profane world for half a month, I returned back to the Voidless Realm. But unexpected to me, my father had fallen ill. During that time, I was feeling rather worried. However, the sage doctor that came to check on father's illness actually discovered that I was pregnant. How was it possible!

However, after going through the doctor's diagnosis, I was stupefied, I was really pregnant. Without even having to think, I knew who the child belonged to.

Back then, my father became incredibly furious and flew into a rage, causing his illness to become even more serious. Everyone persuaded me to abort the child, saying that this matter was a disgrace for the Donghuang Family!

However, I couldn't bear to do it, after all, no matter what, the child was a life!

After resisting for a month, I couldn't bear it anymore, and running away was my only option. However, where do I even run off to?

At that time, a place appeared within my mind, which was that Leisure Bar. Back then when I headed towards the bar, I was even thinking of some beautiful and wonderful things in my mind. Although it was an accident, at the least, I found my life's other half.

But I would have never thought, I waited one day after another day, and every night, I would watch as the Leisure Bar closes for business. Walking at the dusky alley, I would raise my head up and look towards the second floor, at the room that was still lighted up. The distance between us is only a few meters, but why are you just not willing to come down and take a look at me!

After suffering one disappointment after another disappointment, I became downhearted, and half a month later, I returned back to the Voidless Realm. However, at that time, my father had already left.

That day was the darkest day of my life, it felt as if the entire world was disdaining me. I even thought of killing myself and put an end to this life of mine. However, when I thought of my child, I restrained myself from doing that.

The child looks a lot like him. Every time when I see my daughter, I would recall of that heartless man.

What is funny is that, right now, that man married a woman, and that woman is pregnant with his child! You wouldn't touch the same woman twice? What a joke that is! And yet, I actually believed it!

Why were you so heartless when I was pregnant, and yet when it comes to that woman, you are able to marry her!

“Yuan De.” Donghuang Baizhi called out faintly, just that, her tone was suppressed to the point that it would make one feel terrified.

“Subordinate is here!”

“Regarding the matter of going to Ying Family to propose, you can do as you see fit, I will marry!” After finish speaking, with her hands behind her back, Donghuang Baizhi left.

Within the palace, the seven other elders still haven’t understood just what happened, and only Yuan De let out a breath of relief. I have finally settled it.

“Hey, what’s the situation? Why did the empress suddenly agree to our request?” Xing Han walked over and asked curiously.

Yuan De laughed lightly, “Within the empress’s heart, there is this one person that she is always thinking about. As long as we eliminate this person, there would be nothing for the empress to always think about anymore.”

The seven elders went into a daze, then began showing their admiration to Yuan De one after another. I didn’t expect that Yuan De would actually manage to investigate out just what happened back then.

“All of you have to keep this matter a secret, this matter concerns Donghuang Family’s prestige.” Yuan De laughed, and soon after, he followed along with everyone and left the palace.

Donghuang Baizhi did not return back to her room, and she was currently sitting at a garden and dazedly looking at the stars within the sky. Her delicate hands were held tightly, and her fingernails were sunk into her flesh, causing her palms to lose color.

After a long while, Donghuang Baizhi walked towards her daughter’s room. Before she had even come close to her daughter’s room, she heard the clicking sound of a keyboard. Donghuang Baizhi’s face immediately turned cold as she suddenly pushed opened the door and entered into the room.

Donghuang Li who was currently playing with the computer game became startled and she hurriedly turned off her computer, then stood at one side honestly while with her head lowered.

“Kneel down!”

Donghuang Li removed the keyboard from her computer and placed the keyboard on the floor, then with the sound of a plop, she knelt down on the keyboard. I feel that mother is relatively unusual today, I better be a bit more careful.

Donghuang Baizhi walked to the front of the monitor and computer, then stretched out her palm.

Suddenly, the monitor and computer turned into dust and flew out of the window.

Donghuang Li looked dazedly at the dust flying out of the window. This is the only thing that I have to come into contact with the outside world, and mother destroyed it...

Tears flowed down from Donghuang Li’s adorable little face, however, she did not sob at all.

## You Cannot Afford To Offend My Woman

### **Chapter 167.1: Ye Hua! I hate you! 1/2**

Sitting on her daughter's bed, Donghuang Baizhi lightly stroke onto the bedsheet. Looking at her daughter cry, Donghuang Baizhi's eyes couldn't help but turn red. That heartless father of yours is practically a swindler!

Donghuang Li wiped away her tears. Seeing that her mother's eyes were red, Donghuang Li couldn't help but stand up and threw herself into her mother's embrace.

"Mother, don't cry, Ah Li won't play games anymore from now on, Ah Li promise that she will study diligently, and practice martial techniques diligently every day." Donghuang Li hugged onto her mother's waist and made a promise with her tender voice.

Donghuang Baizhi lightly embraced her daughter. Ah Li is the closest person to me that I have.

And the person that I hate the most is Ye Hua!

What is funny is that I was actually still waiting... And yet, this was the kind of result that I got from waiting!

Ye Hua! Since you are heartless, don't blame me for being faithless!

On the second floor of Leisure Bar.

"Eh, Ah Li went offline." Qing Yutong cried out in surprise.

Ye Zizi became exulted as she said happily, "That little brat finally went offline, let me finish her off and lick her corpse."

"Zizi, hold on, perhaps Ah Li will come back online in a while." Qing Ya said hurriedly.

Qing Yutong stroke onto her chin and speculated, "I feel that Ah Li's mom must have appeared. Who knows, Ah Li could be kneeling on a keyboard right now."

"Sigh, Ah Li's mom is really... How could she have the heart to bear making a child kneel on a keyboard..." Qing Ya sighed. If it was my own child, I would definitely not be able to bear making the child kneel on a keyboard.

Ye Hua stood up and said faintly, "Qing Ya, it's getting late, time to go to sleep."

"Oh..." Qing Ya stretched out the sound of the word, then followed behind Ye Hua unwillingly.

After the two left, Qing Yutong and Ye Zizi took a look at each other.

Qing Yutong gestured with her eyebrows.

And Ye Zizi immediately understood Qing Yutong.

The two straightforwardly began changing their clothes. Being a huge fan of cosplay, this afternoon, Ye Zizi bought quite a few things on the internet. There were dark-looking series, young girl series, sweet-looking series, and so on. In any case, there were all kinds of series. Tongcheng's delivery service was indeed fast.

Right after Ye Hua returned to the bedroom, he said to Qing Ya, "Change the quilt and bed sheet."

"Why? Aren't these all clean?" Qing Ya asked curiously.

"I don't like things that others had slept on and covered with." Ye Hua snorted and sat at one side.

Qing Ya was completely confused. What does he mean by that others had slept on and covered with? Aside from the two of us, was there anyone else who had slept on the bed too?

Suddenly, Qing Ya seemed to have thought of something. Isn't it just a doll? I really have to give it to him.

"Quickly."

"Alright, alright, alright, I will change them..." Qing Ya said petulantly.

After finish changing a new quilt and bed sheet, Qing Ya let out a breath, "Big boss, are you satisfied now?"

Ye Hua took a look, "Aside from me, don't put other things on the bed anymore in the future, if not, see if I will whip you or not."

"Lalala, I'm going to go shower." While speaking, Qing Ya entered in the bathroom. While within the bathroom, Qing Ya was even humming onto a song. From the looks of it, Qing Ya's mood was really good.

Ye Hua stretched his neck, then changed into his nightclothes and lied down on the bed. For me, the Supreme Overlord, to let you hug onto me to sleep, just how fortunate are you?

Without long, Qing Ya walked out of the bathroom.

Seeing that Ye Hua was already lying on the bed, Qing Ya asked, "Aren't you going to go shower?"

"I have already showered when I came back home just now."

"Quickly go and take a shower again." Qing Ya pulled onto Ye Hua's hand and dragged Ye Hua out of the bed.

Ye Hua wrinkled his brows, "Are you mentally ill?"

Qing Ya sniffed, "Aiyo, such a strong cigarette smell, quickly go and take a shower~"

Ye Hua sighed. This woman is really troublesome.

[You Cannot Afford To Offend My Woman](#)

**Chapter 167.2: Ye Hua! I hate you! 2/2**

Five minutes later, Ye Hua walked out of the bathroom. Qing Ya who was on the bed was currently booking the plane tickets. Seeing that Ye Hua walked out of the bathroom, Qing Ya became dazed for a moment, "So fast?"

Ye Hua did not say anything as he lied down on the bed and pulled Qing Ya into his embrace.

Qing Ya's pretty face turned red. This fellow is becoming more and more shameless recently. In the past, he wished that I would stay far away from him, and right now, he wishes that I would stick to him 24 hours a day.

However, it is really comfortable to lie in Ye Hua's embrace. Also, lying in Ye Hua's embrace gives me a very strong sense of security, seemingly like even if the sky fell, he would be there to hold onto the sky, and furthermore, he would be able to do it easily.

"This quilt is too short." Ye Hua said gravely.

Qing Ya who was within Ye Hua's embrace was startled. This fellow actually knows how to speak sweet words, did the sun rise from the west today?

"Annoying~" Qing Ya bashfully gave Ye Hua a punch. We are already old husband and wife, and yet you are still trying to titillate me like this, big scoundrel.

Ye Hua did not know what this woman was doing and continued saying, "This quilt is too short!!!"

"I know~ I will still be with you in the next lifetime."

(Context: In Chinese, quilt and lifetime have the same pinyin. Quilt: 被子, Lifetime: 辈子. The pinyin of both 被子 and 辈子 are bei zi. So Qing Ya mistook Ye Hua for saying lifetime (辈子) instead of quilt (被子)."

Ye Hua was stupefied by this woman's IQ, "I'm saying that this quilt is too short! Quilt! Quilt!"

In order to emphasize, Ye Hua even shook his legs that were not covered by the quilt.

Qing Ya seemed as if she had eaten a mosquito and the corner of her mouth was slightly twitching. I actually thought that Ye Hua was saying that this lifetime is too short, I didn't expect that he was talking about the quilt. Then... Just now, I even said that... Ah, it's so embarrassing...

Ye Hua slowly hooked onto Qing Ya's bright red face and said faintly, "You are very greedy huh, to even want my next lifetime too."

"Go to hell, who wants your next lifetime." Qing Ya straightforwardly buried her face within Ye Hua's chest. This is too embarrassing.

Ye Hua laughed lightly as he caressed onto Qing Ya's beautiful hair. The days are gradually becoming less and less boring.

Not sure how long had passed, Qing Ya suddenly asked, "Are you asleep?"

"En?" Ye Hua responded.

"I'm excited to the point that I sort of can't fall asleep..." Upon thinking that they were going to take their wedding photos soon, Qing Ya would start thinking of various things in her mind like what she should wear that would make her look good, and what Ye Hua should wear that would make him look good.

Ye Hua hugged onto Qing Ya's shoulders and said faintly, "If your heart is calm, you would naturally be able to fall asleep."

"Ye Hua, let's count goats together."

"Childish!"

"Come on, come on, I want to fall asleep..."

Qing Ya continued and said, "I will start."

"One goat." Qing Ya closed her eyes and said.

"Two goats." Ye Hua said helplessly.

"Three goats."

"Four goats."

"Pretty goat."

"Lazy goat."

"Goat meat..." Qing Ya mumbled.

"Roasted goat." Ye Hua wrinkled his brows.

"Goat meat hotpot."

"Mala goat meat hotpot."

Speaking up to here, the two immediately opened their eyes. Qing Ya pouted her mouth and rubbed onto her stomach, "Husband, I'm hungry..."

"I'm also feeling a bit hungry."

Originally, Ye Hua wasn't hungry, but after counting goats and naming the various dishes, Ye Hua started to feel a bit hungry.

What else was more important than eating? The two straightforwardly began heading out of the bedroom while wearing their nightclothes. However, after the bedroom door was opened, they immediately saw two thieves.

"What are you all doing!" Ye Hua shouted out.

Qing Yutong and Ye Zizi could be seen arching their backs and taking small quick steps. However, this was not the main point, the main point was their outfits. Hatsune Miku???

Qing Ya asked curiously, "What are you two intending to go out to do while dressing up like that? To go and scare people?"

Qing Yutong immediately reacted over and said lovably, "Zizi said that she didn't have her fill during dinner, therefore I am bringing her out to eat supper."

"Just nice, we are also going out to eat supper, let's go together." Qing Ya shook her head helplessly.

The expressions of Qing Yutong and Ye Zizi immediately collapsed. Originally, they were thinking of going to disco. But in the end, before they were even able to walk until the staircase, they ran into Ye Hua and Qing Ya. Just how unlucky were the two?

The four headed to that Song Prince Mansion Hotpot Store. The reason that they headed to that hotpot store was mainly because it was near.

Just that, their group was a bit weird. At the front, there were two people who wore nightclothes and slippers, while at the back, there were two cosplayers, and amongst one of the cosplayers, there was a little loli. Looking at this group, others wouldn't be able to make sense of just what kind of relationship the people within the group had with each other.

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 168.1: Evil spirits that are husband and wife! 1/2**

Although it was very late within the night, half of the Song Prince Mansion Hotpot Store was occupied. From the looks of it, those people here were people who weren't able to fall asleep and thus came here to eat supper. Amongst the people within the store, there were a few people that were wearing nightclothes too.

When the four entered into the store, they immediately attracted everyone's attention. It was hard for such a combination to not attract others' attention, especially Qing Yutong and Ye Zizi who were both dressed up like lolitas. That short dress, pairing on with black lace stocking, it was practically able to make one spurt out blood.

There was no need to say much about Qing Yutong, those long slender legs of hers were enough to make others not be able to take their eyes off of her legs. However, Ye Zizi possessed more destructive power, after all, she was a loli!

The four walked upstairs and headed towards a private room. The last time that they came here, they only sat in the hall because there was no private room left.

"Eh, these two are also here." Qing Yutong could be heard crying out in surprise.

Ye Hua and Qing Ya looked towards the direction that Qing Yutong was looking at. A male and female could be seen talking and laughing with each other while eating their food. Isn't this boy the boy that got dumped by that girl? And didn't that girl ran away with a second-generation rich? It has only been a few days and these two are now sitting together and talking cheerfully with each other.

Qing Yutong's passion for gossip was ignited. However, she was pulled onto and stopped by Qing Ya. Why are you being so concern about other people's matters?

Ye Zizi had a face full of curiosity.

However, right when Ye Hua and the other three were eating hotpot, Jiu Ye was currently receiving a guest at his own winery. No, incorrect, Jiu Ye was currently receiving another master of his...

Right now, Jiu Ye was crawling down on the floor honestly, and at the front of him, a black whirlpool could be seen appearing.

“Master, this humble one has received news that Emperor Cang has died! However, the cause of his death is unknown.” Jiu Ye said tremblingly. Although a formidable master of mine died, what I, Jiu Ye, doesn’t lack the most, is masters.

A downcast voice rang out from within the black whirlpool, “If he died, so be it. Originally, I even wanted to get him to kill a few more people.”

Jiu Ye felt that this black whirlpool master of his wasn’t able to show up because of inconvenience. This black whirlpool master of mine is definitely someone that has power and authority, and he wants to make use of others to do his work.

“Take a trip to Sanya tomorrow, once you are there, there will be someone there to tell you what to do.”

“Yes!”

After finish speaking, the black whirlpool disappeared. Jiu Ye slowly stood his body up and let out a breath...

For me to be able to climb up to this position of mine, it is also thanks to the help of all those masters of mine. Just that, how did Emperor Cang died just like that? Originally, there were still a lot of things that I wanted to get him to do. It is a pity...

Jiu Ye took out that 8848 titanium gold phone of his and opened WeChat. After Jiu Ye found the contact of the person that he was looking for, he began typing.

“Master, black whirlpool wants me to take a trip to Sanya tomorrow.” After sending the text, Jiu Ye picked up a stick of cigar, trimmed off the end of the cigar, then sat comfortably onto the sofa and waited for the reply.

Ding.

Jiu Ye immediately checked the reply.

“Quietly observe for changes and wait for my order.”

“Yes!”

Jiu Ye laughed. Those big shots really have nothing better to do, always killing here and there. Luckily, my brain is good. However, I’m really curious as to just what is going to happen at Sanya in the coming few days.

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 168.2: Evil spirits that are husband and wife! 2/2**

At a park within Long’an City, the park was pitch dark. However, within the park, there were two figures sitting on a bench. The two figures were shimmering, and when one walked close to them, they could even hear the sound...

Biubiubiu...

The two figures were precisely Death Mage and Xun Fang. The two came to sleep in the park after they had moved out of the house and gotten back the rent money.

Both Death Mage and Xun Fang were holding onto their phones, and on their sides, there were portable chargers. The two were pressing onto their phone screens with all their strength, especially Xun Fang, she seemed as if she were enemies with the phone screen.

Suddenly, a warning appeared on Death Mage's phone, indicating that the phone's battery was low. Death Mage picked up his portable charger and took a look, the portable charger had run out of battery.

Immediately, Death Mage sent a WeChat message to Xun Fang.

Xun Fang looked at the WeChat message and sneered. Want me to lend you my portable charger? Go to hell instead!

Bluffing me and making me come out, telling me that you have a way to make money. This is the way? Sleeping in a park?!

This scoundrel is basically swindling away my rent money to use to top-up for his game!

Xun Fang replied, "Pay me back my money!"

Death Mage immediately began typing and replied, "If you don't lend me your portable charger, how am I going to catch fish, and if I don't catch fish, how would I be able to pay you back your money?"

Although what Death Mage just typed seems to make sense, Xun Fang wouldn't be fooled by him. Xun Fang held the portable charger in her embrace and protected it, "Pay me back my money, pay me back my life, and pay me back my innocence!"

Death Mage replied, "Don't force me to use force!!!"

Xun Fang was totally not afraid at all, "You can come and try!!!"

Death Mage could be seen placing his precious phone together with the portable charger that was beside him, then pressed down Xun Fang onto the bench. This scene... was a bit alluring.

"Damned skeleton, let go of me! Bastard! Your entire body is rock hard!" Xun Fang placed both of her hands onto Death Mage's breastbone and pushed with all of her might. However, how would such a tiny amount of strength be a match for Death Mage?

"Jiejie!"

Imperial translation, "Are you going to lend it over to me or not!"

Although Xun Fang did not know what Death Mage was saying, she seemed to be able to sense what he was saying, "I'm not going to lend it over to you, scram!"

Death Mage could be seen grabbing towards the portable charger. However, the position that Death Mage grabbed towards seemed to be a bit off.

The two seemed to have been pressed by a stop button...

Death Mage felt that the thing within his hand was a bit soft, and thus he tried pressing onto it again.

Xun Fang's beautiful eyes were opened up wide. I actually got chest-attacked by a skeleton.

"Shameless skeleton, I am going to kill you today!"

Xun Fang could be seen turning from passive to aggressive as she pressed Death Mage down onto the bench. Death Mage's reaction was quick as he pressed his hands onto...

Xun Fang dazedly looked at the bone hands that were placed onto her chest and her expression became scarily calm.

"Ha! Under the dark and windy night, you actually dare to take a man by force, evil female spirit! Today, I, Dou Fushi, should represent the heaven to uphold justice and save this innocent man!" A youngster who wore a yellow daoist robe and had a peach wood sword carried on his back could be seen suddenly appearing. When the youngster appeared, he could be seen holding onto a spiritual talisman within his hand.

"Hurried law command!"

Dou Fushi threw out a yellow color spiritual talisman, and the talisman stuck onto Xun Fang's forehead.

At this moment, Xun Fang received a hundred thousand points of damage. Are you f\*\*king blind!

Just nice, I didn't have any place to vent my anger at. You can count yourself unlucky!

Xun Fang ripped off the spiritual talisman that was attached to her forehead, and upon seeing that, Dou Fushi turned pale with fright, "Evil spirit! You have a bit of skill! See just how I am going to subdue you today!"

"Subdue your f\*\*king sister!" Xun Fang's figure shot forward, and her figure turned into an afterimage.

Death Mage sat himself up, then picked up Xun Fang's portable charger and plugged the cable into his phone. Biubiubiu...

Dou Fushi did not expect that this evil malicious spirit would be this formidable. This evil spirit is actually not afraid of any spiritual talismans and is even able to take on my peach wood sword with her bare hands. No matter, I am someone who has the ghost-catching system, so how could I be defeated by this evil malicious spirit just like this?!

With the sound of a plop.

"Big Sister Ghost, please spare my life..."

Xun Fang was currently at the phase where she was going berserk. Everyone misunderstood that I have an affair with that skeleton, and now, even this daoist priest thinks that I was forcing myself upon that skeleton! You tell me, isn't this infuriating!

"I am f\*\*king going to kill you!" The grievances within Xun Fang's heart was indeed not weak. If not, how would have Dou Fushi mistook Xun Fang as a ghost?

Dou Fushi looked at the incomparably malevolent Xun Fang and thought to himself, "I'm done for... I finally obtained a system, and yet, a year has not even passed since I obtained the system, and before I even had the time to go and act cool, I am going to die."

However, after waiting for quite a while, Dou Fushi did not feel any pain. Is this what death feels like?

“Let go of me, I am going to kill this glib tongued daoist priest!”

Death Mage could be seen holding onto Xun Fang’s waist with one of his hands, and Xun Fang was currently brandishing her hands at Dou Fushi, seemingly like she had moved all of the hatred in her heart towards Dou Fushi.

Dou Fushi slowly raised his head, and at this moment, the moonlight just so happened to shine onto Death Mage’s face. Upon seeing Death Mage’s face, Dou Fushi’s eyes almost burst out of his eye sockets.

“You two... you two are actually evil spirits that are husband and wife!”

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 169.1: Damned ghost~ 1/2**

Xun Fang who had just calmed down was immediately triggered again, “Damned daoist priest, I am going to chop you into a million pieces!”

Who is husband and wife with this skeleton, are your eyes blind!

Death Mage immediately began typing on his phone with one hand, then showed it to Xun Fang, “He seems to be rather rich, it won’t be too late to kill him after we have taken his money away from him.”

Xun Fang who was angered to the point that her chest was moving up and down gradually calmed down. After calming down, she said lovably, “Let go of me.”

Death Mage let go of Xun Fang’s willow waist. I didn’t expect that the feel of touch of a human would be pretty decent, it’s soft and feels very comfortable.

No wonder both His Honor and master have a woman, they are most likely fond of this point that the humans possess I guess, hugging onto a female human at night to sleep would feel comfortable. Looking at Xun Fang that was not far away from him, Death Mage seemed to have understood why His Honor wanted him to make Xun Fang fall madly in love with him.

So His Honor is actually indirectly rewarding me. I am truly foolish, only now then did I understand His Honor’s intention. I didn’t expect that His Honor would be this concern of his subordinates’ private lives. I feel truly touched.

Xun Fang walked to the front of Dou Fushi and shouted out, “Hand over your money!”

Dou Fushi originally thought that he was going to die and didn’t expect that the evil spirit husband and wife would only want his money. If it is just money, it’s not a problem at all.

“Big Sister Ghost, this is my entire wealth.” Dou Fushi took out his empty-looking wallet. Within the wallet, there was only 20+ rmb, he was even poorer than Xun Fang and Death Mage.

Xun Fang gave Dou Fushi a kick. Seems like Xun Fang’s temper was very big.

“Don’t think that I don’t know, in this current age, who would even carry cash on themselves, use WeChat and transfer your money over to us!” Xun Fang shouted out.

The f\*\*k! The evil malicious spirits of this age are keeping up with time, they actually know how to use WeChat to rob money from people! I have truly underestimated this evil malicious spirit's skills.

"Damned ghost! Quickly come over!" Xun Fang shouted towards Death Mage.

However, Dou Fushi who was kneeling down on the ground was a bit dazed. Damned ghost? Are the evil malicious spirits in this age so affectionate with each other?

"Big Sister Ghost, this humble one is not rich too. Nowadays, there are lesser and lesser ghosts, most of the ghosts have already been captured by the few big sects. I really don't have much money!" Dou Fushi pleaded pitifully.

"Humph! So you are an orphan. Don't try to quibble, transfer your money over now!"

Dou Fushi's heart was bleeding.

After adding Dou Fushi's WeChat, Xun Fang shouted out, "Transfer ten thousand rmb over first for now."

Even ghosts also know that WeChat's daily transaction limit is ten thousand rmb...

Death Mage happily received the ten thousand rmb, then began typing on his phone, "You can kill him now."

Xun Fang raised her hand.

"Big Sister Ghost, I can still transfer another ten thousand rmb to you tomorrow!!!" Dou Fushi immediately shouted out. Who cares if I still have another ten thousand rmb or not, it is more important to survive first.

Upon hearing that, Death Mage became exulted.

However, Xun Fang did not care that much. Only his death would be able to make me calm down.

This person is practically a money tree, he is able to produce money every day, how much of a pity would it be if he were to die.

Death Mage held onto Xun Fang who was currently going berserk. However, Xun Fang's hand had already landed.

Dou Fushi looked at the ground beside him that was split open and his back turned cold. Big Brother Ghost is much nicer, Big Sister Ghost is too ferocious.

"Let go of me, I am going to kill him! Damned ghost, quickly let go of me!" Xun Fang began struggling within Death Mage's embrace, biting and scratching onto Death Mage.

Death Mage let out a breath. This woman has really gone insane. Seems like I have no choice but to use my extreme technique. As long as I use this technique, I guarantee that she will faint immediately.

The extreme technique that Death Mage was talking about was...

Kiss of Death!

Death Mage presented the second kiss of this lifetime of his. With her beautiful eyes opened wide, Xun Fang looked at Death Mage's empty eye sockets, and fainted soon after...

Dou Fushi slowly lowered his head. I am still a child...

"Big Brother Ghost, are you short of money right now?" Dou Fushi asked.

While hugging onto Xun Fang, Death Mage typed onto his phone, "Continue."

"Just now, this humble one passed by a winery and heard someone said that a big matter is going to happen at Sanya, and furthermore, that there would be money to earn during the big matter." Although Dou Fushi didn't manage to clearly hear what the person said, Dou Fushi felt that this was more or less what the person meant.

"Is there really such a matter?" Death Mage typed and asked.

In order to save my life, even if the matter doesn't exist, I have to say that it exists.

"Big Brother Ghost, how would I dare to bluff you?"

Death Mage thought about it for a bit. Since a big matter is going to happen at Sanya, it means that I would definitely be able to collect information at Sanya. Furthermore, while I'm at Sanya, I would also be able to earn money, isn't that just great?

"If you dare to bluff me, you are dead meat!" Death Mage typed onto his phone. Soon after, Death Mage waved his hand, and the three immediately disappeared from the park. When they appeared again, they were already at Sanya.

Death Mage was really truly traveling to places without traces, while Ye Hua still has to wait for tomorrow's scheduled flight.

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 169.2: Damned ghost~ 2/2**

At this current moment, Ye Hua and the others just finished eating supper and were on their way home together.

"Husband~ I'm so full..." Qing Ya held onto Ye Hua's arm and said lovably. After resolving their misunderstanding, Qing Ya became just a like a little girl, and likes to act cute in front of Ye Hua.

Ye Hua patted onto Qing Ya's head, "Who told you to eat that much food."

"I'm so full~"

"Zizi is so full too~"

Behind Ye Hua and Qing Ya, two 'Hatsune Mikus' were holding onto their waists with both of their hands.

The three of them were practically foodies...

Upon returning back to the bedroom, Qing Ya who had her fill fell asleep in just mere seconds. Right now, even if you try to wake her up, she also wouldn't wake up, and would instead turn into a moaning monster.

At the first light of dawn.

Today's weather was pretty good, the sun wasn't very big, it was suitable for going on a trip.

Ye Hua opened his eyes, and the first thing he did was look towards his chest. Seems like Qing Ya's bad habit of drooling is gone.

"it's time to wake up."

"Hmmm~ Hmmm~ Hmmm~"

Ye Hua raised his hand and patted lightly onto Qing Ya, "Time to wake up."

"I don't want to~ It's still early right now. Our flight is in the noon."

"I will go and buy breakfast for you." Ye Hua was a man who keeps his promises. Since I promised that I would buy breakfast, I will do it.

Qing Ya hugged tightly onto Ye Hua, "You are not allowed to~ I will buy it for you later."

Ye Hua couldn't do anything about Qing Ya. Carrying Qing Ya up from the bed, Ye Hua carried her into the bathroom and began getting her to wake up.

However, without long, the sound of Qing Ya looking for a fight with Ye Hua exploded out from the bathroom. The result was naturally that Qing Ya was defeated, and with a miserable look on her face, Qing Ya began brushing her teeth and washing her face.

"Big Sister Qing, why are they so noisy?" While lying down with her stomach on the bed, Ye Zizi asked muddle-headedly.

Qing Yutong's sleeping posture was even worse, her quilt was kicked off the bed by her. Towards Ye Zizi's question, Qing Yutong mumbled, "It will be fine once you get used to it."

"Oh~~~"

While smoking on a cigarette, Ye Hua walked out of Leisure Bar and arrived at the alley entrance.

"Two Chinese crepes, add egg and ham for one of them." Ye Hua stood in front of the big aunt and shouted out.

Upon hearing that, the big aunt said with a smile on her face, "Reconciled with your wife?"

Ye Hua remained silent.

"Don't act anymore, what is there to be embarrassed about, there is nothing wrong with coaxing your wife."

Which eye of yours saw that I was acting? Do you believe that I will stop buying breakfast from your stall in the future!

While making the Chinese crepes, the big aunt laughed, "You should smile more, especially when facing your wife, what are you even having a cold and indifferent look on your face all day long for."

"Fallacious reasoning." Ye Hua said faintly.

Seeing that Ye Hua was unconvinced, a debate competition between the two began.

After waiting for a long time and seeing that Ye Hua still has not returned, Qing Ya felt a bit worried. Soon after, Qing Ya ran all the way to the alley entrance and saw that Ye Hua was actually debating about something with the Chinese crepe stall's big aunt.

"Ye Hua, the two of you?" Qing Ya walked over and asked curiously.

Ye Hua stretched out his hand and held onto Qing Ya's waist, then said, "She is my wife, so it is up to me to decide what to do."

The big aunt was speechless. Just a few days ago, you looked as if you wanted to die. If not for big aunt helping the two of you, would you two be able to reconcile with each other so quickly? Next time, don't think that big aunt will help you out again.

Although Qing Ya did not know just what happened, how would Qing Ya not understand Ye Hua? Ye Hua must have definitely been trying to act cool again. With a smile on her face, Qing Ya apologized to the big aunt.

### **You Cannot Afford To Offend My Woman**

#### **Chapter 170.1: it's them again 1/2**

While eating the big aunt's Chinese crepe, Ye Hua snorted. If it were not for the Chinese crepe being delicious, I wouldn't have come and buy breakfast from your stall.

Qing Ya didn't know whether to cry or laugh as she gave Ye Hua a hit on his shoulder, "What are you even doing?"

"That big aunt actually said that I am afraid of my wife, just thinking about it is making me angry." While biting onto the Chinese crepe that the big aunt made, Ye Hua criticized the big aunt.

In actuality, every time when Ye Hua went and buy breakfast from the big aunt's stall, the big aunt would always nag at him sincerely. During the beginning, Ye Hua wanted to kill the big aunt, but he restrained himself from doing it. And right now, after a few years had passed, Ye Hua actually got used to listening to the big aunt nag at him. If the big aunt doesn't nag at him now, he would even feel that something was missing.

"Humph~ Is it not good to be afraid of me?" Qing Ya laughed lovably.

Ye Hua chuckled as he walked into Leisure Bar.

"You stand right there, what did you mean by your chuckling!" Qing Ya stamped her foot onto the ground, then took a bite of the Chinese crepe. Hmmm, delicious~

Returning back upstairs, everyone began tidying up their clothing. Ye Hua looked at the three women and thought to himself, "Are they preparing to move into a new house or what? Especially Qing Yutong

and Ye Zizi, each of them has a huge suitcase! That suitcase is even almost the same height as Ye Zizi's height."

Qing Ya dragged her suitcase out and looked at her sister and Ye Zizi, "What are you two bringing so much things for?"

Qing Yutong and Ye Zizi looked at Qing Ya's suitcase, then looked back at their own suitcases. Our suitcases are more or less the same as your suitcase though?

"Sister-in-law, your suitcase is even bigger compared to Ye Zizi~"

Qing Ya rolled her eyes at Ye Hua who was leaning against the wall that was right beside the door, "Your big brother's clothes are in my suitcase too."

"Big brother is even lazier than Zizi..."

Ye Hua took a glare at Ye Zizi, then said faintly, "Let's go."

Qing Yutong cried out in surprise, "Zizi and I still haven't change into our clothes yet, wait for us for a while." After finish speaking, Qing Yutong closed her bedroom door.

When Qing Yutong and Ye Zizi appeared once again, the corner of Ye Hua's and Qing Ya's mouth couldn't help but twitched.

Forget it that Ye Zizi is wearing a princess dress and holding onto a small umbrella, but Qing Yutong, you are already so big, and yet you are dressing up like this. However, the main point is that, with the way that you are dressed, where would my face be... Qing Ya was having a headache.

"Big sister, I still have another set here, do you want to change into it too?" Qing Yutong said happily. If one person dressed up like this, it means that there is one mentally ill individual. However, if two people dressed up like this, it means that there are two mentally ill individuals, and in this case, at the least, the two mentally ill individuals have each other's accompany. It would be best if I am able to drag big sister down along with us. That way, there would be three mentally ill individuals.

Ye Zizi took a round spin and laughed lovably, "Big brother, sister-in-law, does Zizi look good?"

It must be said that, Ye Zizi was indeed extremely adorable. There wasn't any problem for Qing Yutong to dress up like this, but to walk in the streets while dressed up like that... Would it really be fine?

"Sigh, let's go." Qing Ya said powerlessly. I feel like I am bringing three children out on a trip and I have to worry about various things.

Upon arriving at the airport, Qing Yutong and Ye Zizi immediately became the focal point. Basically everyone was looking at them and taking photos of them.

Especially Ye Zizi, she was the favorite of the uncles.

Qing Yutong and Ye Zizi were very magnanimous, adopting various kinds of poses for the others to take photos of. An airport was forcibly turned into a cosplay exhibition by the two of them. If not for Qing Ya dragging the two away, these two would definitely be able to play around for a full day.

Qing Ya finally knew why Ye Hua would say that there would be more for her to suffer. My mind is so tired, I'm practically acting as a nanny for the two...

Arriving at the VIP lounge, the two finally calmed down. However, the two were still discussing about various kinds of clothes with each other.

"Having a headache now huh?" While sitting on the sofa and reading a magazine, Ye Hua said faintly.

Qing Ya let out a breath. I should have listened to Ye Hua back then. I'm so tired... They are all big bosses... and I am the servant.

### **You Cannot Afford To Offend My Woman**

#### **Chapter 170.2: it's them again 2/2**

Suddenly, an arrogant looking middle-aged man who was walking in big strides walked into the VIP lounge. However, when the middle-aged man saw Ye Hua and the others, he immediately came to a stop and slowly turned his body around.

"Xiao Jiu~" Qing Yutong shouted out lovably.

Jiu Ye's heart sunk. Why is it them again... when I'm with them, nothing good would come about for me.

However, I am already discovered by them, if I were to walk away just like this... Sigh.

"Boss, lady boss." Jiu Ye walked forward and said with a smile on his face.

Ye Hua raised his head and took a look, then soon after, he lowered his head again and looked towards the magazine. I feel that some of the clothes that are in the magazine are very suitable for Qing Ya to wear.

"Xiao Jiu, where are you heading to?" Qing Ya said with a smile, she was completely different from the cold-faced CEO that she was in the past. The power of love was indeed formidable.

Jiu Ye was feeling very bitter in his heart. Please, please, please, don't let them be going to the same place that I am going to, "Lady boss, I am currently preparing to head over to Sanya."

"You are heading to Sanya? What a coincidence, we are heading to Sanya too."

Jiu Ye, "....."

Aside from giving a forced laugh, Jiu Ye did not know how to express his current mood.

Jiu Ye did not dare to sit down. After pouring a glass of water, Jiu Ye stood at one side and began waiting. Suddenly, Jiu Ye's phone rang. After taking out his phone and taking a look, he discovered that it was actually his wife.

"What is it?" Jiu Ye asked lightly.

A questioning voice rang out from the phone, "Where did you go to!"

"Didn't I tell you last night? I am going to Sanya to handle some things." Jiu Ye's brows became slightly wrinkled. This wife of mine is letting her imagination go wild every day.

“Sanya! To participate in Haitian Grand Banquet is it?!”

(If anyone is curious about what Haitian Grand Banquet is, you can visit the link and use google translate to read about it.

<https://zh.wikipedia.org/wiki/%E6%B5%B7%E5%A4%A9%E7%9B%9B%E7%AD%B5%E4%BA%8B%E4%BB%B6>)

Pffft!

The f\*\*k, you are able to even think of that? Why do you not go and write a book instead?

“Are you sick?!” Jiu Ye shouted out lightly, and the cup that was within his hand shook, causing the water within the cup to splash out of the cup and splashed onto his western suit.

A stewardess could be seen walking over and saying lovably, “Mister, your water spilled, do you need me to clean your suit for you?”

Jiu Ye went into a daze, and the woman that was within the phone was stupefied. Soon after, the woman within the phone exploded out angrily, “Gong Wei, you are very good! And you still dare to say that you were going to Sanya!!! Instead, you actually went to find a young lady!!! If you have the capability, don’t come back!!!”

Listening to the busy signal sound that was coming out from the phone, Jiu Ye was stupefied. The stewardess who heard the woman’s voice that came out from the phone knew that she had caused the woman that was within the phone to misunderstand.

“Mister, I’m sorry to have caused trouble for you.”

Jiu Ye sighed, then kept away his 8848 titanium gold phone, “it’s fine.”

“Sorry for the trouble...”

I knew that nothing good would come about when I come across those two. Within less than a minute, my wife is already wanting to divorce me.

After waiting for half an hour, Ye Hua and the others got on the plane. Of course, the seats that Qing Ya bought were business-class seats. After getting on the plane, Qing Yutong and Ye Zizi began sleeping. However, Ye Zizi was sleeping while lying onto Qing Yutong’s body. Looking at them, they looked just like a mother and daughter.

Meanwhile, Qing Ya leaned onto Ye Hua’s body and quietly enjoyed the moment of peace.

Jiu Ye was sitting beside them and was feeling somewhat uneasy... This is truly depressing...

Suddenly, a stewardess walked over. Jiu Ye raised his head and took a look and discovered that it was the stewardess from before.

“Mister, it is not good for the water stain to stay on your suit, how about letting me help you clean it.” The stewardess slightly arched her body.

Jiu Ye was an experienced person, and he immediately understood what this stewardess was trying to convey to him. This is a bit interesting. Since you want to help me clean away the water stain, I will let you clean it away then.

“Where do we go?”

“Mister, you can follow along with me, there is a place for changing clothes here.”

The so-called place for changing clothes was basically the washroom. When Jiu Ye walked out of the washroom, the water stain was indeed no longer on his western suit.

After half an hour of flight, the plane finally arrived at Sanya International Airport.

Qing Yutong and Ye Zizi were each holding onto a small umbrella and had a drowsy look on their faces. Looking at them would make one want to pamper them.

“Boss, lady boss, where are you all heading to, let me give you all a ride.” Jiu Ye said courteously. I feel that I am going to be able to finally break away from them.

“That would be too much of a trouble for you.” Qing Ya was very courteous too.
