Chapter 311: Yuanlinglong

“Sage Doctor, thank you for your hard work, please come downstairs and have some desserts.” Qing Huaxuan walked out of the bedroom and said respectfully.

Qing Chengren didn't come out of the bedroom, he continued on staying in the bedroom and accompanied his partner.

Song Huang was very courteous, with a slight smile, he said courteously, “I will be troubling Family Head Qing then.”

If such a situation were placed in the past, would Song Huang ever act so courteously? The answer was evidently no. If it were in the past, Song Huang's cockiness would have long already soared through the sky.

Qing Huaxuan took a look at Sage Doctor's gaze, then afterward, he looked towards his daughter, Yutong. Immediately, he became exulted.

Wang Muqing also seemed to have discovered that something was going on. Could it be that, this Sage Doctor has taken a fancy for my daughter?

If that is the case, that is truly great news! This Sage Doctor is a well-known person within the north, and there are a lot of lives that are waiting for him to go and save them. If he were to marry Yutong, it would be incredibly great!

Zi Han was a bit envious. My daughter... why is she so bent on following a person who runs a bar, and even more, became pregnant with that person's child...

The moment I start thinking about this matter, my head immediately starts to hurt.

“Yutong, go and bring some pastries over.” Wang Muqing hurriedly told her daughter to go and bring over some pastries.

Meanwhile, Wang Muqing thought to herself, “Yutong, you have to properly show yourself off in front of this Sage Doctor, if this Sage Doctor falls for you, you would practically be transforming from a bird to a phoenix.”

“However, I must say, these two sisters seemed to have become much prettier than they used to be in the past. This is truly strange, did the two of them went for plastic surgery together?”

“En.” Qing Yutong still did not know what was going on in her mother's mind. After helplessly responding to her mother, Qing Yutong walked downstairs.

Everyone else went to the living room and sat on the sofas. Same as before, Ah Li sat on Qing Ya's lap.

“Young Lady Yutong still hasn't been engaged, right?” Song Huang asked curiously.

Everyone was startled. As expected of a Sage Doctor, this Song Huang was a bit straightforward.

Qing Ya was also startled by Song Huang. However, Qing Ya also felt a bit displeased. After all, there was some problem with Song Huang's attitude. The way Song Huang acted, it was as if he was saying, "if she isn't engaged, how about giving her to me".

If Ye Hua were here, it was guaranteed that Ye Hua would have given Song Huang a slap on the face. To dare to act cool in front of me, the Supreme Overlord, are you tired of living?!

Donghuang Li pouted her small mouth. There is no way that Aunt Qing will become your wife. Humph, a toad that wants to eat swan meat.

Ah Li's comparison was extremely fitting.

As Qing Yutong's mother, Wang Muqing said, "Up till now, my Yutong still hasn't even dated a boyfriend before, she is very pure."

Qing Yutong was indeed very pure, she was pure to the point that she teamed up with Ye Zizi and turned Ying Family upside down. Because of them, two brothers even fell out with each other, and in the end, one brother died, while the other brother became a eunuch.

Song Huang really ought to be worried for himself, to actually dare to have ideas about Ye Hua's sister-in-law.

Song Huang understood what Wang Muqing said. So she still hasn't been touched by a man yet, this is good.

"In this day and age, such a pure girl like Yutong is truly hard to find. Last year, I had even watched the movie that Yutong acted in, and I must say, Yutong's acting was pretty good."

Song Huang had indeed watched the movie that Yutong had acted in, just that, when he first met Yutong just now, he didn't immediately recognize that the Yutong before him was the same Yutong who acted in the movie that he watched. After all, compared to the past, the current Yutong was much prettier by a huge margin.

Just a while ago, after attentively observing Yutong, then did Song Huang finally realized that Yutong was the big celebrity who had acted in the movie that he had watched last year.

Qing Huaxuan smiled, "This daughter of mine is mischievous and loves to mess around, acting is just a side hobby of hers."

"Family Head Qing, I must say, I personally think that Yutong is a pretty good girl." Song Huang praised straightforwardly, and this caused Wang Muqing to become very happy.

From the looks of it, there is no problem on Sage Doctor's side. Right now, as long as my daughter is willing to take this Sage Doctor as her husband, our Qing Family will be able to have a son-in-law who is a Sage Doctor.

Right at this moment, Qing Yutong walked over with a plate of desserts. There was no peculiarity on Qing Yutong's expression, and there was even a slight smile on Qing Yutong's face.

If Ye Zizi were here, she would immediately know that Qing Yutong was thinking of doing bad things.

Originally, Sage Doctor was merely here to treat a patient's illness, but right now, it ended up as if he were here for a blind date.

"Yutong, peel an apple for Sage Doctor." While speaking to her daughter, Wang Muqing made a meaningful glance at her daughter.

Speak properly with this Sage Doctor, Qing Family will have to depend on you from now on. Your big sister has already fallen from grace, we can't hope for anything from her anymore.

Qing Yutong snorted coldly in her own mind, "I will only help peel things for brother-in-law, I won't ever peel things for other men."

"Here, eating an apple with its skin on tastes better than eating it without its skin." Qing Yutong handed an apple over to Song Huang.

Song Huang didn't say anything as he took over the apple from Qing Yutong. After taking a bite from the apple, Song Huang said, "Not bad, eating an apple with its skin on does indeed taste pretty good."

Qing Huaxuan and Wang Muqing both took a glare at their daughter. You better not learn from your big sister, this chance is hard to come by, you better properly seize hold of this chance!

Qing Ya remained silent while with a smile on her face. Seems like this sister of mine is starting to act mischievous once again.

"What were you all chatting about?" Qing Yutong took the initiative to chat, and she acted very cheerfully and outspokenly.

Wang Muqing said tenderly, "We were chatting about you being so big already, and yet still doesn't have a boyfriend."

"Sigh, what to do, my expectations are high." Qing Yutong sighed.

In this world, besides from brother-in-law, there doesn't seem to be any man who is worthy enough to be my boyfriend.

Song Huang asked curiously, "Yutong, just how high are your expectations then? What do you expect from your boyfriend?"

Am I very close with you? Can you stop acting like we are close and stop addressing me as Yutong?

Qing Yutong's parents immediately looked towards Qing Yutong, and looking at their expressions, they were pretty much saying, "you better don't mess around".

"I know~" Donghuang Li who was sitting on Qing Ya's lap suddenly raised her hand and shouted out.

Looking at the child who was sitting on Qing Ya's lap, Song Huang felt that the child was very adorable, "Little friend, go on and tell us then."

Originally, Qing Huaxuan wanted to stop Ah Li from speaking. After all, what would a child even know? However, because Song Huang had already spoken, Qing Huaxuan didn't stop Ah Li from speaking.

Donghuang Li blinked her big eyes and said, "Aunt Qing likes playing video games, therefore, Aunt Qing expects her boyfriend to be someone who is good at playing video games and is able to bring her to eat chicken dinners."

Pfft.

Qing Ya couldn't help but laugh.

Qing Yutong laughed too.

However, the others' expressions were a bit stiff.

"The one who knows me well is Ah Li~ Muacks~" Qing Yutong said with a smile, and she even blew a kiss to Ah Li after finishing her sentence.

Donghuang Li was not willing to be outdone, and she could be seen blowing a kiss back to Qing Yutong.

Song Huang laughed lightly. A big celebrity like her actually likes playing video games? This is a bit interesting.

Wang Muqing suggested, "I heard that there are a few good movies that are in theaters right now, you all should find a chance to go and watch the movies together."

"I might as well stay home and play video games." Qing Yutong pouted her mouth. Going to the theater to watch movies is only interesting when going together with brother-in-law and big sister. That way, not only would I be able to watch movies, but I would also be able to watch the two of them quarrel with each other.

Song Huang was also not very interested in watching movies, "There is going to be a once in a year auction tonight at Yuanlinglong. The auction is most likely going to be very interesting, and because I so happened to have been invited to the auction, I am intending to go to the auction. Yutong, if you are interested in the auction, I can bring you along to the auction."

Qing Ya and Qing Yutong have never heard of Yuanlinglong before, but Qing Huaxuan has heard of it before.

This Yuanlinglong is formidable, even I myself am not qualified enough to enter into Yuanlinglong. I heard that this Yuanlinglong is a venue that is opened by a super powerful person, and the things that are auctioned off at this venue are all uncommon items.

Most importantly, the people who are able to enter into Yuanlinglong are all people who possess big backgrounds. If I am able to attend the auction that is being held at Yuanlinglong tonight, I would be able to broaden my connections!

If my daughter doesn't want to go to the auction, I, on the other hand, would like to go to the auction!

In actuality, this Yuanlinglong was a venue that was opened by a north aristocratic family, and the aristocratic family was Ye Family.

Back then during the fight over Nine Demons Pagoda, Tang Wushuang even called over Ye Family's Ye Xiao to come over and help him. Unfortunately, before the fight over Nine Demons Pagoda even began, Ye Xiao left and went back to his Ye Family.

Chapter 312: Immortal Emperor vs Demon Emperor

Qing Yutong was a bit interested in this auction and she could be seen looking towards her big sister and asking, "Big sister, do you want to go to the auction?"

Seems like this Yutong wants to find someone to accompany her. Understandable.

"Young Lady Qing, how about going to the auction together?" Song Huang invited while with a smile on his face.

Although I do not have any relation with this woman right now, bringing a woman like this along with me would indeed help me gain face.

Donghuang Li pulled onto Qing Ya's arm and said sweetly, "Aunt Qing, Ah Li wants to go to the auction and have fun."

Originally, Qing Ya did not want to go to the auction, because she had promised Ye Hua that she wouldn't attend any gathering.

"Aunt Qing~"

Donghuang Li began giving her all in acting cute.

Zi Han also tried to persuade, "Ya'er, it's not like you having anything else to do, so why not take this opportunity to broaden your view."

Qing Ya, "....."

Qing Yutong, "....."

Broaden view?

Qing Yutong thought to herself, "Back then when I followed brother-in-law and went to subdue Ying Family with him, that scene that I witnessed was what that was truly called broadening one's view."

"When everyone from Ying Family kneeled on the ground with utmost respect and did not dare to be disrespectful in the slightest bit towards brother-in-law, brother-in-law simply looked handsome to the maximum."

Meanwhile, Qing Ya couldn't help but recall the big battle at Voidless Realm and thought to herself, "That big battle at Voidless Realm could be counted as something that has already broadened my view, right?"

Not being able to bear Donghuang Li's cuteness, Qing Ya said with dote, "Alright, alright, alright, I will bring you to the auction."

"Hooray~" Donghuang Li cheered, then kissed onto Qing Ya's cheek.

Qing Yutong smiled, "Ah Li, you are not being fair~"

Donghuang Li jumped off from Qing Ya's embrace, then jumped into Qing Yutong's embrace and kissed onto Qing Yutong's cheek.

Song Huang didn't feel dissatisfied since Donghuang Li was just a child.

"It's starting to get late already, let's start heading over to our destination." Song Huang said as he stood up.

The auction that is being held at Yuanlinglong tonight can be counted as a small gathering of north's powers, bringing them over to Yuanlinglong is a good thing for me, while they take this chance to broaden their views, I can use this chance to show off my capabilities to them.

With a low voice, Qing Huaxuan exhorted his daughters, "Properly perform when you are at the auction, don't throw away Qing Family's face, especially you, Yutong, properly get along with Sage Doctor."

Both sisters let out a sigh. We are merely going to the auction to kill off time, we really don't think that the auction is that big of a deal.

Soon after, Wang Muqing walked over and exhorted her daughter to keep her temper in check and properly perform in front of Sage Doctor.

After everyone left, Zi Han secretly gave Chen Xuanzong a phone call.

Coincidentally, Chen Xuanzong was currently already at Yuanlinglong, and right at this moment, two men were kneeling down in front of him.

"Aunt Zi, I got it, thank you." After hanging the phone, a trace of a smile appeared on Chen Xuanzong's face. Because he was going to be able to meet Qing Ya soon, he began feeling a bit excited and nervous.

However, looking at the two men in front of him, his smile gradually sunk, and killing intent appeared in his eyes once again.

"Let me ask you one last time, back then, who was it who sent you to exterminate my Chen Family!"

In the past few days, Chen Xuanzong had been looking for the person who was responsible for the extermination of his Chen Family. Most of the killers from back then had already died, and only those two that were currently in front of him had changed occupation and were currently living care-freely as big bosses.

"We really don't know."

"That's right, we feel very apologetic towards what happened back then."

As killing intent began surging out from Chen Xuanzong, Chen Xuanzong clenched his hand.

The expression of one of the men changed.

The man felt as if his neck had been clenched by someone and the feeling of suffocation immediately appeared. The man couldn't help but grab onto his neck and begin rolling around on the floor.

Gradually, the man stopped struggling and died while with a terrified expression on his face.

The man who was kneeling beside the dead man was a little startled and his forehead was currently filled with sweat. It has been many years since this man had killed anyone and seeing such a scene in front of him after such a long time made him felt very uncomfortable.

“Speak and I will spare your life!” Chen Xuanzong said coldly.

The man gasped heavily, then asked, “Will you really spare my life?”

“That’s right!”

The man steeled himself, then said, “It’s Xiao Family’s Xiao Yi!”

Chen Xuanzong’s brows gradually wrinkled as he picked up a wine glass with his hand and lightly swayed the wine glass, “Xiao Family is located at the north, why would he want to exterminate such a small family like my Chen Family?”

“I do not know, all I heard was that it was because of an ancient godly item. Asides from that, I really do not know anything else!”

Chen Xuanzong raised his head and drank finish the red wine that was in the wine glass, then clenched his hand.

The man could be seen opening his eyes wide, and blood began flowing out from his eyes. Soon after, blood began flowing out from all of the man’s seven apertures.

“You lied to me...”

“Do I even need to give you an explanation if I, Chen Xuanzong, want to kill you?”

“You!!!”

Looking at the man who collapsed in front of him, the anger within Chen Xuanzong did not decrease, and instead, the anger burned even brighter.

North’s Xiao Family, Xiao Yi!

Ancient godly item!

From the looks of it, back then, my parents must have known something that they shouldn’t have known, and thus, Xiao Yi decided to exterminate my Chen Family!

Xiao Yi, since you killed my entire family!

I should kill your entire family too!

Immortal Emperor vs Demon Emperor.

This was going to be a great show that Ye Hua would like.

On the other side, Qing Ya and Qing Yutong have arrived at Yuanlinglong.

For such clubs like Yuanlinglong, their locations would usually be located on the outskirts. After all, the outskirts were peaceful, possess good air, and of course, mainly because, killing and burying people were very convenient to do so in the outskirts.

However, no murder cases have happened before at Yuanlinglong. After all, this was Ye Family's territory, family heads wouldn't dare to cause trouble here, and the other four aristocratic families would also give face to Ye Family.

Of course, Voidless Realm does not have to give any face to Ye Family.

Yuanlinglong was located at the middle of a lakeside. This lake was created artificially, and at the middle of the lake, there was even a small island that was roughly the size of a soccer field. The building that was located on the island was not tall, possessing only one level to it.

At the lakeside, all kinds of luxurious cars were parked there. The luxurious cars that were parked there were more than enough to open an auto show.

People could be seen getting out of their cars and heading towards Yuanlinglong.

Qing Ya and Qing Yutong both got out of their car. Although the two did not wear formal gowns, the moment they appeared, they immediately attracted others' attention. After all, with their looks, they were extremely beautiful no matter what they wore.

The two sisters sized up Yuanlinglong, and they felt that it was no different from a normal gathering, everyone was dressed up gorgeously, the women were showing off themselves and boasting, while the men were walking around the venue and conversing with different people.

Even more, some men had three to five beautiful women tagging along by their sides.

Upon seeing that, Qing Ya felt that Ye Hua was much more well-behaved compared to those men.

I reckon that Ye Hua is most probably rolling around in bed with Baizhi right now. This scoundrel wishes that I would come out so that he could have some alone time with Baizhi, damn scoundrel.

When Song Huang appeared, as expected, he gave rise to a commotion.

As long as one was alive, there would come a time where they would fall sick, and when one was sick, they would have to get their sickness treated. Therefore, even the aristocratic families had to be courteous toward Song Huang, because Song Huang was able to treat most sicknesses.

"That person is Sage Doctor Song Huang!"

"It really is him, Sage Doctor Song Huang! I didn't expect that he would come here too!"

"Eh? Who are those two women at Song Huang's side? I have never seen them before."

"Eh... I have never seen them before too. However, they are truly beautiful..."

[You Cannot Afford To Offend My Woman](#)

Chapter 313: Act Cool King Xiao Yi's attitude

People in the surrounding began conversing spiritedly, guessing what relationship the two women had with Song Huang.

From the looks of it, Qing Yutong had indeed changed a lot, no one recognizes that she was the big celebrity from back then.

Song Huang walked to Qing Yutong's side and asked attentively, "What do you think? This place isn't bad, right?"

Looking at the building that was at the middle of the lake, Qing Yutong spread out her hands and said, "So-so."

Song Huang laughed lightly. This Qing Yutong is a bit hard to satisfy.

Donghuang Li jumped down from Qing Ya's body, then ran towards the stone bridge that connected the lakeside to the island.

Upon seeing that, Qing Ya hurriedly ran over, "Ah Li, don't anyhow run."

Donghuang Li hurriedly ran back, "Sorry, Aunt Qing, Ah Li won't anyhow run anymore. Aunt Qing don't anyhow run too, be careful of little brother~"

"How does Ah Li know that the baby is going to be a boy?"

"Hehe, Ah Li is able to sense it." Donghuang Li rubbed onto Qing Ya's stomach, this was the bond between two people who possessed the same bloodline.

Right at this moment, a white color Bentley could be seen driving over from the distance, and upon seeing the Bentley's license plate, some people immediately knew who has arrived.

"I didn't expect that Xiao Family's Xiao Yi would show up here."

"That's right, I heard that Xiao Family almost became done for."

"I heard about that too, but it seems that Xiao Family is fine now."

When Xiao Yi brought along Shu Nan and appeared before everyone's eyes, everyone was certain that Xiao Family was most likely going to rise back to power!

As long as Xiao Yi didn't die, Xiao Family wouldn't fall.

Xiao Yi and Shu Nan discovered Song Huang's figure, but they didn't have any intention of conversing with Song Huang.

Back then when Xiao Yi became injured, Shu Nan requested Song Huang to help cure Xiao Yi, but Song Huang rejected Shu Nan's request. From then on, the relationship between the two parties became sour. And afterward, when Song Huang came to try and snatch over Xuan Yuan Sword, both parties' relationship dropped to a freezing point.

However, both Xiao Yi and Shu Nan also discovered Qing Ya, and upon discovering Qing Ya, their brows wrinkled slightly.

Because when they see Qing Ya, they would immediately recall that man! And when they recalled that man, they would recall that black-robed, and afterward, they would recall those tragic events!

Up to this day, Xiao Yi still did not know whether if the mastermind was Qing Ya's man or not. After all, the one who came to collect the debt was the black-robed, and above the black-robed was that shadow person.

In Xiao Yi's mind, how could such incredibly formidable beings be that man's underlings?

But then again, if they were not that man's underlings, why did those two help that man to collect the debt?

"Brother Xiao, it is better to be safe than sorry." Shu Nan advised in a low voice.

It must be said that, Shu Nan was smarter compared to Nangong Xinyi. This was why some people say that a man's success depends on whether if the man's wife was bright or not.

The suggestion of a man's wife could be the start of the man's rise to success, or it could be the start of the man's fall to demise.

Nangong Xinyi's suggestion made it so that only one outcome was destined to happen, while Shu Nan's suggestion made it so that there would be more leeway in the future. Although Shu Nan's suggestion was basically telling Xiao Yi to bootlick Qing Ya, it was all so for her husband's sake.

Xiao Yi nodded his head, then brought along his wife and walked towards Qing Ya.

However, from everyone's perspective, Xiao Yi seemed like he was walking towards Song Huang.

"Eh, Xiao Yi is actually walking towards Sage Doctor? What is he intending to do?"

"The two of them seem to have a conflict with each other, right? Is Xiao Yi intending to lower his head to Sage Doctor?"

"Seems like Xiao Yi has suffered a huge mental blow from that incident and has let go of his pride."

"Looks like Song Huang managed to teach this Act Cool King Xiao Yi a lesson and made him let go of his pride."

Everyone pretty much guessed correctly, just that, Song Huang wasn't the one who taught Xiao Yi a lesson, and instead, it was Death Mage, or to be more precise, it was the person who pretty much everyone did not know of, Ye Hua.

From the looks of things, even if everyone ends up getting played to death by Ye Hua, those people still won't know just who was the mastermind that caused them to die.

Looking at Xiao Yi who was walking towards him, Song Huang's expression gradually sunk.

Does this Xiao Yi dare to attack me in a public place where there are numerous people? As arrogant as this Xiao Yi is, I'm sure that he wouldn't do such a stupid thing like that.

In actuality, Xiao Yi's strength was not weak at all, and even more, Xiao Yi's strength was at the level of Aristocratic Families' family heads.

Song Huang's strength was more or less the same as Xiao Yi, but when all was said and done, Xiao Yi possessed the ancient godly item, Xuan Yuan Sword. The might that an ancient godly item brought forth was not something to belittle.

Faced against Xiao Yi who possesses Xuan Yuan Sword, even Song Huang would have to think twice about fighting Xiao Yi. Otherwise, back then when everyone was fighting to snatch away Xiao Yi's Xuan

Yuan Sword, Song Huang wouldn't have appeared at the last moment. It was precisely because Song Huang did not want to go head on with force against Xiao Yi as going head on with force against Xiao Yi was disadvantageous for him.

Qing Ya naturally discovered Xiao Yi too.

I have not seen this Xiao Yi since that day where we betted on that soccer match. My memory of that day is still fresh in my mind. During that day, this Xiao Yi lost quite a huge amount of money, and in the end, Ye Hua actually managed to make him pay up the money that he lost, it was truly unexpected.

As for Qing Yutong, she has met Xiao Yi once, which was during that day where she went with her brother-in-law and big sister to eat at a restaurant. Back then, Qing Yutong dressed up as her big sister, therefore, Xiao Yi currently did not know who Qing Yutong was.

As the distance between Song Huang and Xiao Yi got closer and closer, everyone became a bit nervous, because they discovered that the expressions of both Song Huang and Xiao Yi were a bit different from each other, and a big fight seemed to be about to happen anytime soon.

However, the scene that happened next caused everyone to become incomparably confused.

Xiao Yi actually straightforwardly walked past Song Huang without saying a word!

Even Song Huang himself was dazed too.

I have already prepared what to say when this Xiao Yi walked up to me, and yet, I didn't expect that this Xiao Yi would walk past me just like this!

This damned Xiao Yi, to actually dare to look down on me, Sage Doctor Song Huang!

"F**k, this Act Cool King Xiao Yi still likes to act cool as always."

"That's right, look at Sage Doctor's expression, he seemed as if he had just eaten a mosquito."

"As expected of Xiao Family's family head, he doesn't disappoint when trying to act cool, I have to give it to him."

However, what happened next caused everyone to become dumbfounded, because Xiao Yi didn't act cool anymore, and furthermore, Xiao Yi actually lowered his own status by himself.

This Xiao Yi actually cupped his hands at that beautiful woman while with a very respectful expression on his face?!

Xiao Yi walked to the front of Qing Ya, then cupped his hands and greeted respectfully, "CEO Qing, I trust that you have been well since we last met."

"Hello, CEO Qing." Shu Nan who was behind Xiao Yi also greeted respectfully.

Qing Ya was very confused.

I remember that back then when I came across this Xiao Yi, he wasn't like this. Although he was courteous, he still had a high and mighty look on his face. Looking at this Xiao Yi right now, he is practically greeting me while with a completely humble attitude.

This... just what is going on?

On the other hand, Qing Yutong more or less guessed why.

This is definitely because of brother-in-law. Brother-in-law is truly mesmerizing.

Donghuang Li who was holding onto Qing Ya's hand opened her eyes wide and sized up Xiao Yi. Donghuang Li didn't feel that there was anything wrong with Xiao Yi's attitude, even if Xiao Yi kneeled down, Donghuang Li would also feel that it was absolutely normal.

After all, Donghuang Li's mother had to accept people's bows every day, and in Donghuang Li's mind, since her mother listens to her father's words, her father was definitely the biggest in the family, and since her Mommy Qing was her mother's best friend, it would absolutely be normal for others to bow or kneel to her Mommy Qing.

"CEO Xiao, you are too courteous." Qing Ya said gently, she did not treat Xiao Yi with cold eyes. After all, Qing Ya was not the kind of woman who treats others coldly, she was the kind of woman who treats others amicably.

However, if it was Donghuang Baizhi, Donghuang Baizhi would definitely treat Xiao Yi with cold eyes. After all, Donghuang Baizhi was used to being an empress, besides from Ye Hua and people that were well acquainted with Ye Hua, Donghuang Baizhi treats everyone with a cold attitude.

Song Huang who was at the side tightly wrinkled his brows.

How is it possible that Qing Ya is acquainted with Xiao Yi? Also, why is this Xiao Yi so respectful towards Qing Ya?

Strange, this is very strange... Could it be that, this woman has another identity?

That shouldn't be though? Although Qing Family is rich, Qing Family is one of those families that is at the bottom in status, Qing Family shouldn't be able to have the chance to become acquainted with someone like Xiao Yi.

Xiao Yi revealed a polite smile and asked, "CEO Qing, is your husband not here with you?"

The moment Xiao Yi said that, everyone more or less understood what was going on.

So the reason that Xiao Yi is acting like this is because of this woman's husband. If that is the case, who is this woman's husband? To actually be able to make Xiao Yi submit...

Everyone was curious as to just who was the man that was able to make Xiao Yi submit.

[You Cannot Afford To Offend My Woman](#)

Chapter 314: When will it be my turn

One thing that everyone could confirm was that, this woman's husband was an existence that was more formidable than Act Cool King Xiao Yi.

Song Huang, who was at the side, was also very curious.

Since this Qing Ya is pregnant with a child, it meant that she definitely has a man already. Originally, judging from Qing Family's attitude, they don't seem to be very satisfied with Qing Ya's man, but looking at the current situation, it seems that Qing Family does not really know much about Qing Ya's man.

"Yutong, who is your big sister's husband?" Song Huang asked Qing Yutong in a low voice.

Qing Yutong pursed her lips, then said faintly, "My brother-in-law? He is a god-like man, if not, how would he have been able to possess such a woman like my big sister?"

Song Huang laughed lightly.

God-like man? Such a description is too exaggerating. This Qing Yutong is most probably bragging. However, that man is definitely someone who possesses formidable strength, if not, Xiao Yi wouldn't be acting like this.

As facts have proven, do not ever underestimate your enemy's strength, or else when you meet your enemy, it would be too late for regrets.

"Why didn't your brother-in-law come here today?" Song Huang asked curiously. Right now, he really wanted to meet Qing Ya's husband and see for himself just what kind of a man Qing Ya's husband was.

Donghuang Li pouted her small mouth and said, "Uncle, my daddy is a very busy person."

Children's words carry no harm.

Everyone understood what Donghuang Li was trying to imply, which was that her father thinks that it was not worth coming to such a place like this.

However, everyone misunderstood Ye Hua, if Ye Hua were to know that a bunch of salted fish were actually gathering here and boasting to each other, he would definitely find time to come over and watch those salted fish.

Even more, Ye Hua would call his subordinates to come here with him to watch those salted fish. And afterward, at the venue, Ye Hua would show those salted fish just why they were salted fish.

Qing Ya carried Donghuang Li up from the ground, then said with a light smile, "En, he's been busy recently."

Meanwhile, Qing Ya thought to herself in her mind, "He's busy making a child with the empress. Tsk, this damn pervert."

Xiao Yi took a look at Song Huang, then said to Qing Ya, "CEO Qing, how about we head in together?"

Xiao Yi's action was him being respectful towards Qing Ya, but when Xiao Yi's action landed in Song Huang's eyes, it seemed like Xiao Yi was provoking him. After all, Qing Ya and Qing Yutong were brought here by him.

"Xiao Yi, what do you think you are doing?" Song Huang said gravely. Since Xiao Yi was not giving him any face, Song Huang decided that there was no need for him to give Xiao Yi any face too.

Xiao Yi slowly turned his head over to Song Huang, then said coldly, "I am speaking with CEO Qing, who are you to cut in on our conversation!"

The atmosphere of the scene immediately became heavy, and everyone couldn't help but hold their breath.

Seems like this year's auction won't be dull like the past few years, there is most likely going to be a good show to watch! This Act Cool King Xiao Yi is beginning to act cool again! And furthermore, this Act Cool King Xiao Yi's anger seems to be relatively huge.

Xiao Yi's anger was indeed huge. It was fine if Song Huang didn't speak, but the moment Song Huang spoke, Xiao Yi's bad temper couldn't stand it anymore.

The fact that this Song Huang actually dared to come and try to snatch away my Xuan Yuan Sword back then, he must really think that I have a good temper, doesn't he?!

Qing Yutong felt that she didn't come here for nothing today.

A good show is about to begin, but it is a pity that Zizi that pitiful small thing won't be able to have the opportunity to watch this good show as she is currently locked up at home, and tomorrow, she has to go and report to school.

However, Zizi, you can be at ease, I will record everything, then send the recording over to you and make you go mad with envy, haha!

If Qing Yutong really did that, Ye Zizi was definitely going to go mad from envy.

Upon hearing what Xiao Yi said, Song Huang's expression became scarily grave, "Xiao Yi, you better wash your mouth before you speak!"

"Song Huang, I advise you to best not provoke me, if not, I will teach you how to act like a human being!" Xiao Yi emitted out a bunch of spiritual energy directly towards Song Huang.

Sensing the robustness of the spiritual energy that Xiao Yi emitted out, Song Huang couldn't help but wrinkle his eyebrows.

This Xiao Yi's strength increased again!

Adding on with his Xuan Yuan Sword, I am indeed not a match for him!

Damn it!

"Alright, both of you, stop fighting with each other." Qing Ya who was carrying Donghuang Li said faintly.

Qing Ya's voice was low and very flavorful, even more, there was a hint of Donghuang Baizhi's distinctive flavor in Qing Ya's voice. It was reckoned that Qing Ya had caught on a bit of Donghuang Baizhi's empress aura back then when she went out with Donghuang Baizhi for a few days.

Adding along with the fact that Qing Ya had already awoken her blood vessels, the moment Qing Ya spoke, everyone felt as if there was a huge pressure pressing down on them, causing them to find it a bit hard to breathe.

Everyone at the scene felt that what just happened was strange.

This woman doesn't have any spiritual energy fluctuation, and yet, when she speaks, she gives off an imposing aura which makes me couldn't help but want to submit to her... What is going on?

This was precisely the power of blood vessels.

Qing Yutong let out a deep sigh. Big sister is beginning to act cool too now... My god, just when will it be my turn to act cool...

In actuality, Ye Hua likes watching Qing Ya act cool, or to be more precise, Ye Hua likes watching his women act cool, watching his women act cool was pleasurable for both his eyes and ears.

Everyone went into a daze for a second, then quickly came back to their senses.

Xiao Yi naturally wouldn't have anything to say, and also wouldn't dare to have anything to say.

It is best to listen to my wife's advice, better be safe than sorry!

However, Song Huang, on the other hand, was dissatisfied with Qing Ya's words.

I actually got scared by a woman, my face has all been thrown away!

In actuality, everyone that was at the scene felt that their faces had been thrown away, because all of them were startled by Qing Ya when Qing Ya spoke. However, upon recalling Qing Ya's mysterious husband, they immediately didn't dare to act recklessly towards Qing Ya. After all, what if they end up offending Qing Ya's husband?

It must be said that those people's thinking was absolutely correct. If they were to provoke Qing Ya today, they would have to prepare to face against the Supreme Overlord's anger.

Suddenly, three Maybach cars began driving over from the distance, and upon seeing the three Maybach cars, Xiao Yi's gaze congealed!

"Tang Family has arrived."

"I heard that Xiao Yi and Tang Wushuang have become enemies."

"Seems like a great show is going to unfold."

Everyone discussed amongst each other in a low voice, but Xiao Yi was still able to hear what everyone said.

I can still recall the coldness of that blade during that day and just how it felt when a good brother of mine actually stabbed me in the back!

However, what everyone wasn't able to guess was that, Tang Wushuang was currently no longer a man.

Tang Wushuang could be seen coming out of a car. Tang Wushuang wore a black color western suit which made him appear steady.

However, everyone discovered that Tang Wushuang actually grew a beard. With a beard, Tang Wushuang indeed looked a bit manlier.

For the sake of covering up himself, Tang Wushuang wore a fake beard.

Recently, Tang Wushuang had been cultivating the martial technique which his master gave to him and the speed in which his strength was increasing was indeed very fast. However, the side effects of the martial technique also came very quickly.

After cultivating the martial technique, Tang Wushuang's chest actually expanded, his hands and waist became slim and tender, his Adam's apple disappeared, his face was slowly changing, and lastly, recently, his voice was starting to change too. It was reckoned that it won't be too long until his voice completely turns into a woman's voice.

And what was most important was that, Tang Wushuang's injury healed, and became...

Every day when Tang Wushuang fell asleep, he would wake up from a nightmare, and the nightmare would always be a completely female version of himself.

Because of the changes that were happening to his body, Tang Wushuang didn't even dare to share the same bed with his wives anymore.

After getting out of the car, Tang Wushuang went to the other side of the car and opened the car door.

A man who wore flower-patterned shorts and a white shirt appeared. The man could be seen holding a phone and looking at the phone with keen interest.

The man was precisely Tang Wushuang's master, Gui Chengren!

Everyone at the scene was very unfamiliar with the man. However, looking at Tang Wushuang's actions, they could tell that the man was no ordinary man!

"Master, we have arrived." Tang Wushuang did his utmost best in applying pressure to his vocal cords, but listening to his voice, one could still hear that there was peculiarity with his voice, his voice seemed as if a man who was trying to speak like a woman.

Gui Chengren raised his head and took a look at his surrounding, then lowered his head and went back to reading his novel, seemingly as if only the words that were in his phone were able to attract his attention.

Tang Wushuang took a look around for a bit, and very quickly, he discovered Xiao Yi's figure. Immediately, anger and hatred began consuming his body.

It is because of this bastard that I turned into a woman!

If I don't kill Xiao Yi, my anger and hatred will never be quenched!

While looking at his phone, Gui Chengren said faintly, "Wushuang, if you try to kill him here, you will be put in a very difficult spot."

What Gui Chengren said was true. This place was after all an aristocratic family's territory, and if Tang Wushuang were to fight in the aristocratic family's territory, it would be very troublesome for Tang Wushuang when the aristocratic family pursues Tang Wushuang's wrongdoing in their territory.

Even if Gui Chengren were to step in and deal with the aristocratic family, if the aristocratic family was not a match against Gui Chengren, the aristocratic family could then just report the matter to Voidless

Realm, and naturally, how the people involved in the matter should be dealt with would be decided by Voidless Realm's empress.

Chapter 315: Dongfang Yuer

Anyone who dares to cause trouble at Yuanlinglong, unless they possess a big background, or was a member of the four aristocratic families, they would have to prepare to be in pretty big trouble.

Qing Ya pulled her sister to her side. I feel that this auction won't be as safe as I had expected it to be, I am going to have to be a bit more careful while I'm here.

Song Huang walked to the two women's side, seemingly like he was the two women's guard. However, some people felt that Sage Doctor was practically trying to rub off some fame from Qing Ya.

"Master, disciple understood."

"Just a touch of impatience is able to ruin great plans." Gui Chengren said faintly, and the reason he said that was because this sentence just so happened to appear in the novel that he was reading.

"Disciple got it!"

Seeing that Tang Wushuang was actually being so respectful towards the mysterious man who wore flower-patterned shorts, everyone became much more curious towards the man.

"Brother Xiao, don't act recklessly, there will be plenty of chances in the future to deal with Tang Wushuang." Afraid that her husband would act recklessly, Shu Nan whispered to her husband.

Xiao Yi reassured Shu Nan by patting her small hand, he naturally knew the pros and cons if he were to act recklessly.

However, looking at Tang Wushuang who was slowly walking over, Xiao Yi wished to just straightforwardly take out his Xuan Yuan Sword and slash at Tang Wushuang.

And when Tang Wushuang saw Xiao Yi, he wished he could make Xiao Yi experience just how it feels to go from being a man to a woman.

This was life, two people who were once good brothers with each other have turned into enemies with each other, and even more, only by killing the other party, then would they be able to quench the hatred within their hearts.

Tang Wushuang saw Qing Ya who was at the side, and he slightly went into a daze. Soon after, he greeted Qing Ya, "CEO Qing."

Qing Ya nodded her head courteously.

Everyone at the scene was immediately startled.

This Tang Wushuang, he doesn't greet anyone that he came across, and yet, he actually greeted that beautiful woman? Xiao Yi is respectful towards that beautiful woman, and so is Tang Wushuang, just what is actually going on?

Gui Chengren, on the other hand, did not greet Qing Ya. Even more, he didn't even take a look at both Qing Ya and Qing Yutong. Compared to authority and women, Gui Chengren much preferred reading novels.

Song Huang felt that his face had been slapped over and over again. Everyone is greeting Qin Ya, and yet, all of them are neglecting me, just what is going on today?

"Uncle, you are no good." Donghuang Li looked towards Song Huang and said with her tender voice.

Children's words were the deadliest.

Song Huang felt sullen, incredibly sullen.

If I had known, I wouldn't have brought them here with me, my limelight has all been snatched away by them.

Qing Ya said tenderly, "Ah Li, you cannot be rude."

"Oh. Uncle, you are the best." Donghuang Li responded to Qing Ya, then said towards Song Huang.

Fatal blow.

A child poked fun at me, then consoled me afterward, and towards such a thing like this, I actually have to face it with a smile on my face.

This is taking a toll on my mental state.

The show still hasn't finished, right at this moment, a fleet of four Rolls-Royce cars arrived.

"Bai Family is here!"

"That's right, I didn't expect that Bai Family would show up too in this time's auction."

"Today, we are going to be able to have the fortune to see north's beauty."

"If you want to look at a beauty, just look at those two women will do, what need is there in looking at north's beauty?"

"That's true."

Four cars slowly came to a stop, and Wang Dabao could be seen to be the first to get off from one of the four cars, then, like an underling, he went and opened the car door for his wife.

Bai Cixin could be seen wearing a white dress, and a veil was worn on her pretty face, seemingly that she doesn't want others to be able to see her face.

If it was placed in the past, everyone would feel that the veil gave Bai Cixin a very mysterious and high-class kind of feel.

However, right now, looking at the veil that Bai Cixin wore on her face, they felt that it was very odd.

Look at the other two beautiful women, look at just how beautiful they are, and yet, are they even acting so puffed up like you?

Wearing a veil because you think you are important? Tsk.

Bai Cixin who had gotten out from the car seemed to have sensed that people were acting peculiar when they saw her. What is going on? In the past, when I wore a veil, no one would feel that there was anything wrong with it.

A male and female came out from the car that was behind Bai Cixin's car.

The man was Bai Cixin's little brother, Bai Qi!

Bai Qi wore a steady-looking black western suit, his appearance was delicate and handsome, making him look just like a very handsome pretty boy.

On the other hand, the girl who got out from the car attracted everyone's attention.

The girl was roughly at the age of 20, and she possessed beautiful black hair, pink cheeks, snow-white skin, and clear-looking eyes that possessed a hint of blue in them, seemingly just like two clean and pure gems.

The girl had an elegant body type, and she was currently wearing a light red gown.

However, sadness was currently being emitted out from the pure and pretty girl's entire body, and looking at the girl, one couldn't help but pity her.

Someone within the crowd suddenly recognized the girl.

"I know who that girl is!" A family head's concubine cried out in surprise.

Immediately, the family head berated in a low voice, "Lower your voice, what are you being flustered for, you are throwing my face! If I had known you would act like this, I wouldn't have brought you out with me!"

"En." The concubine responded, then continued speaking, "Hubby, didn't Bai Family host a banquet last month? Back then, this girl and her mother were present too."

"And?"

"Actually, the girl is quite pitiful, she seemed to have been given over to Bai Qi as a concubine by her mother."

The family head's expression changed, "Why, do you have grievances about being my concubine?"

The woman didn't speak anymore, only people like her would be able to understand how the girl feels.

"What is this girl's name?" The family head asked.

"I think it's Dongfang Yuer."

Dongfang?

Everyone recalled an aristocratic family that had the surname, Dongfang.

A hundred years ago, the north had six aristocratic families, and Dongfang Family was one of them. Furthermore, Dongfang Family possessed the strongest strength amongst the six aristocratic families.

However, Dongfang Family was reported by the other aristocratic families for secretly keeping an ancient godly item!

At that time, Voidless Realm's emperor was Donghuang Baizhi's father. Upon receiving the report, Donghuang Baizhi's father personally investigated the matter, and as expected, he found that Dongfang Family actually had more than one ancient godly item.

There was a rule that aristocratic families had to abide by, and it was that each aristocratic family was able to possess only one ancient godly item.

Secretly keeping an ancient godly item was a serious crime because it would mean that the family may have intentions of rebelling.

However, back then, everyone from Dongfang Family insisted that they had been framed.

However, rules were rules, and furthermore, because Dongfang Family did not possess any evidence that was able to prove their innocence, Donghuang Baizhi's father revoked Dongfang Family's title as an aristocratic family, executed all of the males, and released all of the females.

Back then, Dongfang Yuer's grandma was the family head's only daughter, and in order to carry down the surname, Dongfang, all of the children from Dongfang Family had to take on the surname, Dongfang.

Dongfang Yuer was the most outstanding amongst the younger generation of Dongfang Family. Therefore, for the sake of recovering Dongfang Family back to its former glory, Dongfang Family decided to give Dongfang Yuer over to Bai Family.

All of this was not what Dongfang Yuer wanted. But what other choice did she have?

As for Bai Qi, he accepted to take in Dongfang Yuer as his concubine because of her looks.

Bai Cixin, on the other hand, was indifferent about the matter. Her little brother taking in concubines was nothing of importance, however, the woman that would become her little brother's wife must be beneficial for Bai Family.

When looking for a wife, the woman has to be smart and virtuous, and when looking for concubines, the women have to be beautiful, it was just a very simple logic.

Bai Qi who was standing behind her big sister stretched out his hand, wanting to hold onto Dongfang Yuer's waist, however, Dongfang Yuer dodged away from his hand.

This caused Bai Qi to become a bit angry.

You are already intending to marry over to my family, so what are you acting pompous for. Not allowing me to touch that, not allowing me to touch this, do you really still think that your Dongfang Family is still the Dongfang Family from back then!

If your Dongfang Family is really still the Dongfang Family from back then, I, Bai Qi, would indeed have to fawn upon you.

But right now, you should be the one who has to fawn upon me!

“Yuer, I have already promised you that I will only touch you after you have graduated. However, don’t force me to use force! You have to remember, your entire family’s economy is controlled by me!” Bai Qi moved close to Dongfang Yuer and shouted out gravely.

This kind of threat was the most effective against Dongfang Yuer.

Soon after, Bai Qi stretched out his hand again and held onto Dongfang Yuer’s alluring slender waist, declaring his sovereignty over Dongfang Yuer.

“Put on a smile on your face, don’t be so lifeless!” Bai Qi said in a low voice.

The corners of Dongfang Yuer’s mouth slowly rose, however, Dongfang Yuer did not feel happy at all, her smile was a smile towards the helplessness and sorrowness that she was feeling.

[You Cannot Afford To Offend My Woman](#)

Chapter 316: Boast

Everyone that was at the scene expressed their pity for Dongfang Yuer. However, this was after all Bai Family’s own matter, and it wasn’t something that they could interfere in.

“Darling, that Qing Ya is here too.” Wang Dabao said in a low voice.

Bai Cixin looked towards the front, and her willow brows became slightly wrinkled.

I feel that this Qing Ya has changed a lot, she has become much more beautiful than she used to be.

It is no wonder that everyone had such a reaction when they saw me. Judging based on looks, I am indeed not comparable to her.

“Dabao, let’s go and greet her.” Bai Cixin said.

According to reasons, Bai Cixin should feel jealous.

However, Bai Cixin was not an ordinary woman, or else, she wouldn’t have been able to lead Bai Family to where it was currently. It could only be said that, Bai Cixin was an incredibly shrewd woman.

Although Wang Dabao felt puzzled, he was obedient towards his wife.

That Leisure Bar’s boss is just like a shroud of mystery, even my wife has to be careful when dealing with that Leisure Bar’s boss.

Therefore, it must be said that, smart women knew how to make the correct decisions, Shu Nan made the correct decision, and now, Bai Cixin has made the correct decision too.

This also proves that their sixth sense was correct, some people were not people that they could afford to offend.

When everyone saw Bai Cixin brought along her man and little brother with her and walked towards Qing Ya’s direction, they immediately gasped.

Why are all the big shots greeting that woman! Just who is this woman’s man? The man isn’t even present here, and yet, that man’s limelight has already covered over everyone’s limelight.

Qing Ya didn't know who Bai Cixin was, and she was just slightly curious about Bai Cixin.

The people within the Cultivation World sure are strange.

"Mommy Qing, why is that auntie wearing a veil? Is it because she can't let others look at her face?" Donghuang Li asked curiously.

Qing Ya said with a slight smile, "Ah Li, there could be many reasons as to why a person has to wear a veil, therefore, you mustn't anyhow guess, understand?"

"Oh, Ah Li understood." Donghuang Li nodded her head. I won't anyhow guess anymore, if not, I would appear very ill-mannered and throw daddy's face.

Bai Cixin could be seen walking over to the front of Qing Ya and said tenderly, "It's an honor to finally be able to meet CEO Qing, and as expected, CEO Qing's beauty is indeed incredibly beautiful."

After finishing speaking, Bai Cixin extended out her delicate hand to Qing Ya.

Qing Ya was feeling a bit awkward.

This person knows me, but I do not know her at all, just what should I say to her?

If Bai Cixin didn't wear a veil, Qing Ya may perhaps recognize her. After all, just like Qing Ya, Bai Cixin was a philanthropist too, and Qing Ya had come across Bai Cixin once during a charity banquet.

Song Huang who was at the side said in a low voice, "CEO Qing, this woman is Bai Family's Bai Cixin."

However, after Song Huang finished speaking, he immediately went into a daze for a moment.

Why did I call her CEO Qing! My mind is really in a mess right now. Song Huang, you are a Sage Doctor, don't forget about your own identity!

Right at this moment, Qing Ya finally recalled who Bai Cixin was and she said with a slight smile, "CEO Bai, you are being too courteous."

After finished speaking, Qing Ya was intending to shake hands with Bai Cixin.

"Ah, Mommy Qing, don't, daddy will become angry~" Little Ah Li cried out in surprise.

Upon hearing that, Qing Ya immediately froze.

It is fortunate that my fingers didn't touch until her hand. Look at this Qing Yutong, she is even currently recording me, this Qing Yutong is truly a traitor!

However, upon recalling that jealous king, Qing Ya laughed helplessly, "CEO Bai, I'm truly sorry, my husband does not like it when I touch other people, please forgive me."

Bai Cixin laughed lightly, "That is natural, after all, CEO Qing is so beautiful. If I am a man, I would feel the same as your husband."

As expected of Bai Family's family head, able to easily dissolve such an awkward atmosphere. Also, Bai Cixin's magnanimous demeanor was truly admirable, and the crowd couldn't help but feel that Bai Cixin was admirable.

However, while they feel that Bai Cixin was admirable, they also felt incredibly astonished.

Because they heard that child said that her daddy would become angry.

That man has such a beautiful woman, and yet he can still get angry at her? This simply can't be tolerated! That man, it's unlikely that he would also have domestic violence tendencies, right? No, we have to report to the police and set this beautiful woman free from that man!

Wang Dabao had the utmost respect for his wife.

My wife is truly formidable, being able to still have a smile on her face in such a situation. If it were me, I may perhaps not be able to help but say a few sneering sentences back in response.

Bai Qi who was at the back felt that her big sister was being too cautious already.

This woman is being disrespectful to our Bai Family, even if she is beautiful, such a thing can't be tolerated!

Bai Cixin naturally has her own consideration.

Since my beauty has lost to her, I must win her in another aspect. By acting magnanimous, I have won everyone's approval. However, it is a different situation for her, the way she acts will make her appear very discourteous in others' eyes.

However, using Ye Hua's words, it would be that, "There is completely no need for my women to be courteous toward a group of salted fish."

Upon hearing that, Qing Ya smiled sweetly, immediately causing all of the men to go into a daze.

This woman's smile is too beautiful, I feel like I can't breathe properly.

"My man is basically a jealous king, he wishes that he would be able to tie me up by his side 24/7." Qing Ya's smile was filled with happiness.

Looking at Qing Ya's smile, everyone felt that, to be able to possess such a woman like this, that man must have definitely helped a lot of people to cross over roads in his past life.

Qing Yutong laughed. Big sister has actually turned into a husband booster, my god, I want to turn into a brother-in-law booster!

"That is because daddy loves Mommy Qing~" Donghuang Li said tenderly.

Seems like a father booster has appeared.

Qing Ya pinched onto Donghuang Li's small nose with dote, "Your daddy loves you too."

"This is only natural."

This was a family that continuously scatters out dog food, the people within the crowd who were still single want to express that they couldn't take it anymore.

Dongfang Yuer who was standing beside Bai Qi looked dazedly at Qing Ya, Dongfang Yuer felt very envious of Qing Ya.

Song Huang who was standing at the side felt very depressed.

In the past, whenever I appeared, who knows just how many people had to come over and greet me, fawn upon me. It was a total mistake to bring them here with me, I have basically picked up a stone and threw the stone on my own foot, the gains do not make up for my losses.

“CEO Xiao, it has been long since we last met.” Bai Cixin said towards Xiao Yi, however, she didn’t have any intention of extending out her hand.

“CEO Bai, it has indeed been long since we last met.” Xiao Yi replied courteously.

Currently, Xiao Yi no longer had any ideas toward Bai Family. After all, the black-robed had already issued him an order, he won’t be fighting over becoming an aristocratic family anymore, therefore, there was no need for him to have any hostility towards Bai Family anymore.

Qing Ya noticed Dongfang Yuer who was standing beside Bai Qi, and she felt very curious.

It feels out of place for this girl to be in such a place like this. After all, she seems like the kind of girl who has a timid personality.

From Qing Ya’s perspective, such a girl like this shouldn’t appear in such a place like this. After all, this place was a place that doesn’t show any consideration for the weak and feeble.

“This lady is?” Qing Ya asked curiously.

Wang Dabao said with a smile, “This is my brother-in-law’s girlfriend.”

Dongfang Yuer seemed to be very afraid. While tightly grabbing onto her purse with her delicate hands, her delicate figure was slightly trembling, and she didn’t dare to look straight at Qing Ya’s gaze.

“I’m sorry, CEO Qing, this girl still hasn’t seen much of this world yet.” Wang Dabao said apologetically.

Meanwhile, Wang Dabao sighed in his own mind, “This brother-in-law of mine, stubbornly wanting to bring this girl here no matter what, I am truly speechless towards this brother-in-law of mine.”

Qing Ya didn’t mind, and she even consoled Dongfang Yuer, “It’s fine, when I was at your age, I was still studying.”

“CEO Qing, she is indeed currently still studying. After she graduated from her university, she will be marrying over to my Bai Family.” Wang Dabao followed along with his wife’s order and continued chatting with Qing Ya.

“Oh? Which university is she currently studying at?” Qing Ya asked.

Bai Qi pulled onto Dongfang Yuer who was at his side and said gravely, “CEO Qing is talking to you, stop being a mute!”

Upon hearing Bai Qi’s words, Qing Ya couldn’t help but wrinkle her brows, but she didn’t say anything.

“CEO Qing, I am currently studying at Zijin University.” With her head lowered, Dongfang Yuer said while trembling with fear, seemingly just like a startled small rabbit.

Right now, Bai Qi was already regretting bringing Dongfang Yuer out.

This Dongfang Yuer, she is completely throwing away my face, not only does she speak without any life in her tone, but she also speaks while with her head lowered! Does she not know that it is very ill-mannered to speak with someone while acting like that!

If not for the fact that there are a lot of people here, I would have already given her a slap on the face!

Qing Ya smiled tenderly, "Oh? I graduated from Zijin University. From the looks of it, I am your senior sister."

[You Cannot Afford To Offend My Woman](#)

Chapter 317: Demon Emperor feels awkward

Senior sister?

Dongfang Yuer slowly raised her head.

The words "senior sister" sounded very amiable and approachable, and this made Dongfang Yuer felt that she has found a slight trace of warmth while she was at this unfamiliar place.

"Hello, senior sister."

"Hello, junior sister."

Dongfang Yuer finally revealed out a trace of a light smile. Even in this kind of gathering, there are still good people, and this big sister is a good person.

Don't think that this was just a mere short meaningless conversation, because the crowd didn't think that way.

They felt that Dongfang Yuer seemed to have found an enormous backing.

Everyone who was at the scene was sharp, after hearing what Qing Ya said, they immediately knew Qing Ya's intention.

This beautiful woman seems to be telling Bai Family to treat that girl better.

Everyone's guess was indeed correct, when Qing Ya saw that Bai Qi wasn't treating the girl nicely, perhaps it was because she felt pity for the girl, she decided to say a few sentences to help this helpless junior sister of hers.

Bai Cixin also understood Qing Ya's intention, and she said to her little brother, "Bai Qi, treat Yuer well from now on, do you understand!"

"Understood, big sister." Bai Qi responded while with his head lowered.

Seeing that she had attained her goal, Qing Ya said to Bai Cixin while with a smile, "To be able to have such a lovely and delicate girlfriend, your little brother sure is fortunate."

"You are extremely right, CEO Qing. As a big sister, I am also very happy for my little brother." Bai Cixin said with a slight smile.

Although Qing Ya felt pity for Dongfang Yuer, she didn't have any intention of interfering too much in Bai Family's own family matters.

However, to Dongfang Yuer, just the few sentences that Qing Ya had spoken were more than enough.

In her own mind, Dongfang Yuer silently thanked this senior sister of hers.

“CEO Qing, it’s getting late already, let’s head into the venue.” Wang Dabao felt that they have already chatted enough. Furthermore, tonight’s big show was going to be happening inside, not outside.

Qing Ya nodded her head, then walked towards the stone bridge while holding onto Donghuang Li’s hand.

Qing Yutong stopped recording for now. I will continue recording when we are inside the venue. Everything that is happening here is so interesting, it’s a pity that brother-in-law is going to miss this big show.

Song Huang, the person who brought Qing Family’s sisters to this place was currently actually following behind the two sisters.

Towards what was happening, Song Huang felt indignant. Since you all are not showing any face to me, don’t blame me for not showing any face to you all too!

After crossing the stone bridge, everyone arrived at Yuanlinglong’s main hall. The auction was about to begin soon, and a lot of people were currently waiting at the main hall.

Various family heads were chattering with composure, and by those family heads’ sides were various kinds of beautiful women.

To be frank, at this kind of gathering, there was not a single woman who didn’t possess good looks, all of the women who were present here possessed grade-A looks. After all, they were the family heads’ women!

However, when Qing Ya and the others walked into the main hall, all of the men who were in the main hall stopped talking and looked towards Qing Ya and Qing Yutong. Bai Cixin and the others were overlooked by them.

These two women are truly... truly beautiful!

However, the people that were within the main hall did not know just what had happened outside a while ago. If they had seen what had happened outside a while ago, they would have definitely exclaimed in astonishment.

Chen Xuanzong was currently amongst the people within the main hall, and he was currently chatting with the family heads, trying to improve his relationships with the family heads. After all, it was better to have one less enemy than to have one more enemy.

When Chen Xuanzong looked over, he didn’t immediately see Qing Ya, and instead, he looked towards Xiao Yi, the man who exterminated his entire family!

As a demon emperor, Chen Xuanzong wanted to just straightforwardly walk over to Xiao Yi and kill Xiao Yi. However, in the end, he didn’t lose his rationality.

Calm down, I can’t do that right now!

When Chen Xuanzong moved his sight to the side and saw Qing Ya, his entire body froze.

How many hundreds of years has it been... Hundreds of years of longing to see her again, hundreds of years of missing her, hundreds of years of thinking of her, and today, I am finally able to see her again.

She has become much more beautiful than she used to be in the past. She is still as gentle and kindhearted as she was in the past, she didn't change at all...

Qing Ya, since time has allowed me to start over again, I, Chen Xuanzong, won't give up on you ever again!

"Mommy Qing, Ah Li's stomach is feeling hungry." Donghuang Li mumbled. In actuality, the moment they arrived at the main hall, Donghuang Li's eyes had been looking at the desserts that were at the side, and her saliva was about to drool out from her mouth at any moment.

Qing Ya rubbed onto Donghuang Li's small stomach, "You have already eaten so much at night, and you are still hungry?"

"En~ Ah Li's body is still growing after all~" Donghuang Li said pitifully.

Without a choice, Qing Ya said to everyone, "Everyone, I will be bringing this child to go and eat some food, you all can head on without me."

Everyone nodded their head courteously. Soon after, they went on their ways and began greeting and chatting with the family heads.

Now that my Xiao Family has got back on its feet, I should properly go and greet those people who left back then.

Meanwhile, Song Huang was currently surrounded by a bunch of people, and those people were all greeting him, calling out his title "Sage Doctor".

I have finally found back my sense of belonging. Being together with those two sisters just now caused all of my limelight to get snatched away.

Right now, if I were to go and chase after Qing Yutong, it would seem quite faceless for me. Forget it, I will think about it again later.

The two sisters came to the dessert area. Qing Yutong carefreely picked up a slice of cake, then shared the slice of cake with Donghuang Li. From time to time, Qing Yutong would tease Ah Li, causing Ah Li to pout her mouth and cry out. "Aunt Qing is a bad egg, making fun of a child."

"Qing Ya."

A gentle voice rang out, and Qing Ya went into a daze for a moment, then slowly turned her body towards the voice.

A tall and handsome man could be seen to be standing in front of Qing Ya, and a gentle smile was hung on his face.

Both Qing Yutong and Donghuang Li also looked towards the man who appeared.

“You are?” Qing Ya asked confusedly.

Chen Xuanzong said with a slight smile, “Qing Ya, don’t you remember me?”

Qing Ya didn’t have any good opinion towards this kind of man who hits on others, and she could be seen saying faintly, “Why should I remember you?”

“Eh...”

Chen Xuanzong wants to express that he was feeling very awkward.

However, after thinking about it, it makes sense. Back then, I was still a fatty, therefore, it is only right that she doesn’t remember me.

In actuality, many family heads wanted to come over and strike a conversation with Qing Ya, but because Qing Ya’s aura was very strong, and adding on with that mysterious husband of hers, all of them didn’t dare to.

However, now that there was a man who dared to try to strike a conversation with Qing Ya, everyone immediately moved their attention over to Qing Ya and that man.

How would Qing Yutong not know how those men think?

Those men, all of them are enchanted by my big sister when they see her. If my brother-in-law were to know that this man tried to hit on my big sister, this man’s four limbs would definitely get broken by my brother-in-law.

“Hey, you are trying to hit on my big sister, aren’t you?” Qing Yutong mocked. As my brother-in-law’s sister-in-law, I have to properly watch after my big sister.

Chen Xuanzong looked over towards Qing Yutong, and he wasn’t able to immediately recognize her. After all, Qing Yutong had also become much more beautiful than she used to be. However, one thing that didn’t change was Qing Yutong’s temper.

“Mommy Qing, this uncle looks like a bad guy, let’s ignore him.” Donghuang Li pulled onto Qing Ya’s hand. Donghuang Li’s small face was filled with vigilant, and right now, she wished she could call her daddy over to come and beat up the bad guy.

Donghuang Li wasn’t wrong, Chen Xuanzong was indeed not a good guy. Chen Xuanzong was after all a demon emperor, and the number of lives he had taken with his hands was immeasurable.

Right now, Chen Xuanzong was feeling very gloomy, Qing Ya still hasn’t even recognized him, and yet, he has been called a bad guy while in front of her.

Qing Ya carried Donghuang Li up from the ground, then said coldly, “Please leave, if not, don’t blame me for being rude!”

“I...” Chen Xuanzong didn’t know what to say.

I remember that, in the past, although Qing Ya was cold and aloof, she was also a gentle person. However, right now, she is not like how she used to be in the past, the aura that she is emitting out right now is very strong.

Wait! Something's not right! Just now, that child called her mommy!

This is impossible!

Has Qing Ya and Long Aotian married each other? In my past life, I remember that they didn't marry each other! Even more, a few days before the day of her wedding, Qing Ya passed away, and so did Qing Yutong too!

[You Cannot Afford To Offend My Woman](#)

Chapter 318: Youngster, turn back while you still can

Back then, it must have been because Long Aotian tried to do something perverted to them, which then caused them to choose to commit suicide!

Long Aotian who was currently sleeping within the mountains sneezed. If he were to know that someone was wrongly accusingly him, he would definitely cry out for justice.

I haven't even touched Qing Ya once and Qing Ya was already snatched away from me by that act cool guy!

"Qing Ya, is she your child?" Sorrow appeared on Chen Xuanzong's face.

This is impossible! How could Qing Ya have possibly got together with Long Aotian! This is definitely impossible!

Qing Ya really disliked the man who was in front of her.

Whether if Ah Li is really my child or not, what does it have anything to do with you?

"Humph~ I am precisely Mommy Qing's child. If you dare to bully my Mommy Qing, I will call over my daddy and get him to beat you up." While speaking, Donghuang Li even raised her fist at Chen Xuanzong.

Chen Xuanzong tightly wrinkled his brows, he was completely unable to believe everything that was before his eyes.

Seeing that Chen Xuanzong didn't have any intention of leaving, Qing Yutong snorted, "Youngster, are you still not going to leave? You completely have no idea just who my brother-in-law is. If he were to know that you tried to hit on my big sister, you would be done for!"

Qing Ya also said coldly, "Mister, I will warn you one last time, you better stay far away from me, I do not wish for my husband to become angry!"

Chen Xuanzong's face was filled with shock, and he couldn't help but take a small step backward.

Why did it become like this, Qing Ya is actually being so protective of that Long Aotian?! What is even good about that Long Aotian? Not only is that Long Aotian a womanizer, that Long Aotian also idles around all day and doesn't work!

Qing Ya must be putting on a facade, Qing Ya is definitely acting like this on purpose. That's right, after all, Qing Ya is a kindhearted person.

“CEO Qing, is there anything that I can help you with?” Right at this moment, Xiao Yi walked over and said with a slightly respectful tone.

Looking at Xiao Yi who was currently standing not far away from him, Chen Xuanzong’s entire body shook slightly, and he almost couldn’t stop himself from attacking Xiao Yi.

“I’m fine, CEO Xiao.” Qing Ya said faintly.

Xiao Yi took a look at Chen Xuanzong, warning Chen Xuanzong to not do anything stupid. Soon after, Xiao Yi walked away with Shu Nan.

Shu Nan was the one who suggested Xiao Yi to come over here and ask Qing Ya if there was anything that she needed help with.

“Chen Xuanzong, what are you doing?” Suddenly, a man called out to Chen Xuanzong.

Qing Ya went into a daze for a moment as she recalled what her mother had told her. Afterward, Qing Ya asked, “You are Chen Xuanzong? Fatty Chen?”

Qing Yutong immediately thought to herself, “This is not good.”

Meanwhile, Donghuang Li pouted her small mouth, having a look on her that was practically telling everyone that she was feeling unhappy.

Looking at the look of surprise on Qing Ya’s face, Chen Xuanzong’s shock and disappointment from a while ago completely disappeared. I knew that everything was just a façade.

“That’s right, I’m that fatty from back then.” While speaking, Chen Xuanzong pulled onto his cheeks, proving that he was indeed the fatty from back then.

Qing Ya was rather surprised, “Fatty, I didn’t expect that I would come across you here. It has been about 10 years since we last met, you have lost a lot of weight and have become handsome.”

“Haha.” Chen Xuanzong laughed embarrassedly, and his mood improved tremendously.

“Yutong, why, you really don’t recognize me anymore?” Chen Xuanzong turned towards Qing Yutong and said with a smile.

Qing Yutong pouted her mouth, “After disappearing, where did you go to fool around during those past ten years?”

I have to destroy big sister’s impression of this guy, that way, big sister won’t treat him too nicely because of old times’ sake.

In actuality, Qing Yutong was thinking too much, Qing Ya was currently merely interacting with Chen Xuanzong with the attitude of how a person would interact with an old friend of theirs. Qing Ya would never betray Ye Hua. After all, within Qing Ya’s heart, no matter what happened, Ye Hua was irreplaceable.

“A great change happened in my family, therefore, I had to leave before I was even able to say my goodbyes to you all. During those past ten years, I have been living overseas, and it has only been recently that I have returned back to this country.” Chen Xuanzong explained.

Qing Ya silently recalled the past and thought to herself, "It is fortunate that you went overseas, if not, I may have perhaps not been able to come across Ye Hua."

If Chen Xuanzong were to know what Qing Ya was currently thinking in her own mind, he would most probably fall into despair.

"Have you been fine during those years?" Chen Xuanzong asked tenderly, and listening to the tenderness of Chen Xuanzong's tone, as long as one was a human, they would be able to understand Chen Xuanzong's feelings toward Qing Ya.

Without waiting for Qing Ya to reply, Donghuang Li snorted coldly, "My daddy and mommy are very fine. If you still don't leave, Ah Li is going to get angry, and when Ah Li gets angry, the consequences would be very grave! Ah Li is being serious!"

Qing Ya knew that the child was speaking for her daddy, and thus, she said tenderly, "Ah Li, this is mommy's friend, don't be angry, okay?"

"Ah Li doesn't like this uncle, hmmm, hmmm, hmmm~" Donghuang Li hugged onto Qing Ya and began acting cute.

Qing Yutong who was standing behind Qing Ya gave Ah Li a thumbs up, and Ah Li blinked her big eyes at Qing Yutong. Their coordination with each other was perfect.

Wanting to confirm something, Chen Xuanzong asked gravely, "Qing Ya, is she really your child?"

Towards Donghuang Li, Qing Ya liked her very much, and she even views her as her own child.

"En."

Looking at Qing Ya's smile which was filled with happiness, Chen Xuanzong seemed as if he had been struck by lightning.

How could Qing Ya and Long Aotian possibly live happily together!

And even more, have a child together!

What's more, Qing Yutong is even speaking up for that Long Aotian!

After a long while, Chen Xuanzong said, "Qing Ya, does he treat you well?"

Donghuang Li snatched to answer, "Daddy of course treats mommy well, there is currently even a small baby within mommy's stomach!"

Second pregnancy!

Qing Ya currently already has a second child within her stomach!

Demon emperor Chen Xuanzong was beginning to feel a little despair.

"Mommy already said that, once she gives birth to little brother, she is going to have another child with daddy." Donghuang Li added, causing Qing Ya to become a bit shy.

Qing Ya is intending to have another child after she gave birth to the child that is in her stomach?!

Donghuang Li's words were like explosions exploding within Chen Xuanzong's mind.

This Long Aotian is definitely threatening Qing Ya, if not, Qing Ya wouldn't be acting like this!

"Qing Ya, you know that he is a liar!" Chen Xuanzong said.

Qing Ya, you mustn't get bluffed by Long Aotian's sweet words!

Upon hearing that, Qing Ya's brows immediately wrinkled.

Qing Ya didn't like others saying bad things about Ye Hua. If not for looking at the sake that Chen Xuanzong was an old friend of hers, she would have already flown into a rage.

In response to what Chen Xuanzong said, Qing Ya said faintly, "Fatty, he is my husband! Even if he lies to me, I'm willing to fall for his lies."

"But..."

"Fatty, don't say anymore, if not, we won't be able to even be friends." Qing Ya said coldly.

Qing Yutong who was at the side was secretly recording everything. After I send this video to brother-in-law, brother-in-law should be able to stop worrying.

"Qing Ya, do you like him that much? In actuality, I..."

Donghuang Li couldn't stand it anymore, "Uncle, don't think that Ah Li's temper is good, my mommy only loves my daddy!"

Qing Ya originally wanted to reminisce about old times with this old friend of hers, but after discovering that Chen Xuanzong was no longer that fatty from back then, Qing Ya didn't have any mood to continue chatting with him, "Ah Li, let's go over there and eat some fries, okay?"

"En." Donghuang Li responded happily.

"However, Ah Li can't eat too many fries, if not, Ah Li will get a stomachache." Qing Ya said with a tender smile, causing Ah Li to be unable to help but kiss onto Qing Ya's cheek.

Mommy is beautiful, and Mommy Qing is beautiful too, Ah Li feels so blessed.

While carrying Donghuang Li, Qing Ya walked to the other side, and everyone who was in Qing Ya's path couldn't help but move to the side and made a path for Qing Ya.

Perhaps, even they themselves also do not know why they had to make a path for Qing Ya, but they felt that they had to make a path for Qing Ya no matter what.

Based on this point, it could be seen that Qing Ya's aura was becoming stronger and stronger as days passed by.

Qing Yutong patted onto Chen Xuanzong's shoulder and said earnestly, "Fatty, there are some things that you just have to let go of and stop holding onto."

"But, I'm just not able to let go." Chen Xuanzong said with his eyes red.

Qing Yutong was being nice as she warned him one last time, "Right now, you have already taken half a foot into the abyss, it is still early for you to turn back while you still can, or else, you will die without an intact corpse. Don't think that I am joking with you, you are unable to imagine just how formidable my brother-in-law is."

After finishing speaking, Qing Yutong went and followed after her big sister.

Chen Xuanzong tightened his fists and mumbled, "Qing Ya, even if it would lead to my death, I still won't give up on you! I will let you know that, only I, Chen Xuanzong, am worthy of being your partner!"

Chapter 319: Poem

While looking at Donghuang Li eat fries, Qing Ya said tenderly, "Ah Li, don't eat too much."

"En, Ah Li got it."

Qing Yutong said to her big sister, "Big sister, seems like this Chen Xuanzong is intending to chase after you."

"Alright, don't talk about that anymore, if your brother-in-law were to know about that, he would definitely fly into a rage." How would Qing Ya not know about Ye Hua's personality?

"But, I have already sent a video recording of what happened over to brother-in-law." Qing Yutong said pitifully as she sways her phone at her big sister.

Donghuang Li cried out in surprise, "Daddy is going to fly into a rage!"

Qing Ya pinched onto her sister's ear petulantly, "You traitor!"

"Big sister, big sister, go easy on my ear, it hurts, it hurts~"

Right when the three were frolicking, two people walked into the main hall. One of the two people was a middle-aged man who possessed a robust body, and the other person was an elegant-looking man.

The middle-aged man possessed a squared face, had two sideburns grown out, and a scar on his cheek. The scar was very vicious-looking, seemingly just like a centipede that was wiggling.

Because of the middle-aged man's looks, others would feel scared of him when they came across him.

Meanwhile, the man who was beside the middle-aged man was much more delicate and handsome looking. The man was holding onto a folding fan, and he was dressed up like how an accomplished scholar would dress up in ancient times.

The unmarried women who were at the scene couldn't help but place their gazes onto him.

When everyone saw the two men, they went into a daze for a moment. Some knew who those two men were, while some did not.

Those who knew who those two men were cupped their hands and shouted out, "Family Head Chu!"

At this moment, some people began conversing in a low voice.

“Hey, is there a need to be this respectful towards a family head?”

“Lower your voice! That man is the family head of one of the five aristocratic families, Chu Family!”

“Ah! Chu Family!”

Everyone hurriedly cupped their hands and greeted the middle-aged man. Even Xiao Yi and Bai Cixin also cupped their hands and greeted the middle-aged man. After all, this was basic etiquette.

Of course, there were some people within the scene who didn't bother greeting the middle-aged man.

Take, for example, Gui Chengren. He was currently sitting at a corner, snacking on seeds while reading a novel.

Qing Ya was busy taking care of Ah Li, and Qing Yutong couldn't care less about the man's identity.

Aristocratic families are nothing at all! What's the big deal with aristocratic families when even a big power has to act according to my brother-in-law's orders!

Bai Qi who was bowing at the middle-aged man took a look at Dongfang Yuer, then shouted out gravely, “Dongfang Yuer, do I have to even teach you how to bow properly!”

In actuality, Dongfang Yuer was already imitating how the others were acting, but Bai Qi was precisely trying to pick problems with Dongfang Yuer, purposely making things difficult for Dongfang Yuer.

Bai Qi wanted to vent out his anger on Dongfang Yuer because he felt that Dongfang Yuer caused him to lose face just now.

As the two men walked over, all of the family heads began fawning upon them. It was rare for an aristocratic family head to show up, and those family heads were intending to seize this chance to try and have a chat with the aristocratic family head.

“Father, I will go and eat some food by myself first.” As Chu He's eldest son, Chu Bo was able to possess and enjoy the halo that others weren't able to even possess.

How would Chu He not know about his son's intentions? Chu He knew that his son came here today to hunt for women, thus, he left his son to his own.

There was something that some people did not know about. Chu Bo has a kink. Most people like pretty young girls, but Chu Bo himself likes married women.

Asides from his legal wife, all of the concubines that he had taken in were women that were already married prior to having become his concubines.

However, Chu Bo didn't snatch the married women from their husbands by force, and instead, he gets himself involved in the relationships of those married women and their husbands, then slowly snatches those married women away from their husbands.

Chu Bo loves the thrill of snatching married women away from their husbands.

The world of those who possessed authority could not be understood by the everyday people, what those people seek in their lives was excitement.

Chu Bo swayed the folding fan that he was holding in his hand as he walked around the main hall and ran his eyes over the women that he passes by.

Sigh, normal women can no longer satisfy my taste. Nowadays, I have been enchanted with those women who are high and mighty as conquering those women allows me to be able to feel a great sense of accomplishment.

As for those young innocent girls? I am truly not interested in them. How could young innocent girls be compared to others' wives?

This Chu Bo was truly sick in the mind.

"Mommy Qing, Ah Li can't eat anymore." Donghuang Li said pitifully as she rubbed onto her round stomach.

From the looks of it, she seemed to be a bit unhappy that she couldn't finish eating her food.

Qing Ya took out a napkin and carefully wiped onto Donghuang Li's mouth, "Don't force yourself to eat if you can't eat anymore."

"But, Ah Li has recently learned of a poem." Donghuang Li began bragging.

Qing Ya and Qing Yutong were very curious, and they asked, "What poem?"

"Farmers weed the field at noon..."

After finishing the first sentence, Donghuang Li came to a pause.

What's the next sentence? Aiyo... I forgot...

This is embarrassing, Ah Li has thrown away daddy's face... Ah Li originally wanted to show off her literacy skills...

Seeing that Ah Li was stammering, not knowing what the next sentence was, Qing Ya and Qing Yutong began laughing.

Donghuang Li pouted her mouth and thought to herself, "Ah Li will show off again after she has completely memorized the poem."

"The field is thus drenched with sweat. Who would know that, the food on their plate, is thanks to the toiling of the farmers?"

Chu Bo could be seen speaking leisurely while swaying the folding fan that was in his hand. The confident smile that was on his face seemed to be saying, "What I just said is correct, right?"

Donghuang Li immediately became unhappy. That poem was supposed to be used by me to show off!

"Uncle sure is formidable, to actually spend time memorizing a children's poem." Donghuang Li shouted loudly, wanting everyone at the main hall to know that this uncle had nothing better to do than to memorize a children's poem.

Chu Bo's expression froze for a moment.

What a sharp-tongued child this child is! However, my target is not you, child. My targets are the two women that are by your side.

In order to prove his literacy skills, Chu Bo coughed lightly, then said in a downcast tone, "Others laugh at me for being too crazy."

Donghuang Li was very unhappy. Since you stole my limelight, I should make things difficult for you!

Donghuang Li could be heard saying with her tender voice, "I laugh at them for being right."

Pfft!

Chu Bo almost choked onto his own saliva.

Qing Ya and Qing Yutong were about to die from laughter.

When has Ah Li become so mischievous? She must have definitely learned from that father of hers.

The people in the surroundings heard what Donghuang Li said. However, they didn't dare to laugh out loud. After all, Chu Bo was the eldest son of Family Head Chu.

Although they didn't dare to laugh out loud, they couldn't help but cover their mouths and laugh lightly.

Chu Bo was feeling very awkward, but he still had to maintain his elegance.

I cannot throw my face away while in front of these two beautiful women, if not, their first impression of me will be ruined.

However, if I want to chase after these two beautiful women, I am definitely going to have to start by getting along with this child.

"Little friend, you are very formidable." Chu Bo revealed out a smile and praised.

Donghuang Li snorted, "Of course, Ah Li am very formidable."

"So you are called Ah Li. How about playing poem continuation again with uncle?"

Do not think that Chu Bo was seriously playing with a child, he was just trying to use the child as a tool to lower the two women's guard against him.

Donghuang Li was Ye Hua's child, and when has Donghuang Li ever cowered away from something?

"Alright, Ah Li will let uncle have the head start." Donghuang Li put on a brave front and said.

Qing Ya wanted to stop Ah Li but it was already too late, and all she could do was stand at the side and watch Ah Li perform.

Qing Yutong immediately began recording Ah Li's moment of acting cool.

The people in the surroundings were attracted over by the commotion.

Chu Bo thought to himself for a moment, "I must not use a poem that is too hard, if not, it would seem like I am bullying a child."

Flap.

Chu Bo opened his folding hand and said elegantly, "Since ancient times, when has there ever been a person who doesn't die?"

Everyone was startled. Isn't this poem too hard for a child?

Qing Ya also felt that the poem was too hard for a child. What is this guy doing? Bullying a child?

Donghuang Li was very confused. Since ancient times, when has there ever been a person who doesn't shit? Why does such a poem like this exist? This is so strange. (In Chinese, the pronunciations of die and shit sound similar.)

If I am not able to continue the poem, it would be a small matter if I throw my own face, but it would be a big matter if I throw daddy's face.

When everyone saw that Ah Li's brows were tightly wrinkled and she seemed to be thinking hard, they couldn't help but worry for her.

This Chu Bo is too shameless! Look at him, he even has the audacity to have a proud look on his face.

Suddenly, Donghuang Li's eyes lighted up and she stood up from her chair and shouted out, "Thou are able to shit without using toilet paper~"

At this moment, everyone became completely quiet as they looked dumbfoundedly at the little fellow.

From the looks of it, this little fellow misheard "die" as "shit", which led to her forming a sentence that somehow rhymes and makes sense.

Since ancient times, when has there ever been a person who doesn't die? Thou are able to shit without using toilet paper. Formidable, this child is truly formidable. Not only did she form a sentence, but she also even managed to swear at that Chu Bo with her sentence.

[You Cannot Afford To Offend My Woman](#)

Chapter 320: Admit Ah Li as boss

Everyone could be seen enduring very hard, wanting to laugh but do not dare to laugh.

Qing Ya and Qing Yutong also didn't expect that Ah Li would be able to think of such a sentence, and after being dumbfounded for a moment, they began laughing heartily.

Chu Bo felt as if he had really just eaten shit.

I actually got looked down upon by a child! Although the child's answer is wrong, she gave an even better answer.

I must win against this child no matter what!

Little fellow, my literacy skills are not something that you can possibly comprehend!

Looking at the peculiar look on Chu Bo's face, everyone felt that Chu Bo wasn't going to give up and was still intending to continue competing with the child.

Sigh, this Chu Bo, if he wins, it would be counted as him bullying a child as an adult, and if he loses, it would be counted as him being unable to even win against a child. No matter what the result was, this Chu Bo would still lose out in the end.

Chu Bo was currently being put on the spot, and he was only able to get off from the spot if Donghuang Li was willing to give in. However, that was something that was never going to happen.

After a while, Chu Bo's eyes lighted up, and he said while lightly swaying his folding fan, "If thou do not have toilet paper."

F**k.

This Chu Bo, the eldest son of Chu Family, really doesn't want to back down!

Everyone couldn't help but look towards the little fellow.

If this child manages to continue the poem, it is definitely going to become the highlight of today's auction.

Donghuang Li was a little flustered as she raised her head and looked at her Mommy Qing and Aunt Qing.

Both Qing Ya and Qing Yutong had a helpless look on their faces.

Ah Li, it is not that Mommy Qing doesn't want to help you, it is that Mommy Qing also doesn't know how to continue the poem.

Seeing that Donghuang Li was requesting for help, everyone felt that Donghuang Li was going to lose.

Meanwhile, Chu Bo was feeling a little pleased with himself. How could a brat be able to ever win against me?

Seems like Donghuang Li had indeed pissed off Chu Bo and caused Chu Bo to forget about his initial intention when he came over.

Chu Bo's initial intention was not to compete with a child, his initial intention was to hit on the two beautiful women.

Donghuang Li pouted her mouth and looked unhappily at Chu Bo.

Stay calm, don't get flustered, I am definitely able to think of a sentence to continue the poem.

After quite a while had passed, seeing that Donghuang Li still wasn't able to continue the poem, everyone felt that Donghuang Li wasn't going to be able to continue the poem, and they just smiled and didn't say anything.

"Little fellow, are you able to continue the poem or not?" Chu Bo said with a slight smile.

"Shameless." Qing Ya and Qing Yutong scolded Chu Bo in their minds.

Donghuang Li snorted and said, "Ah Li will continue the poem now. Thou use fingers to clean up."

At this moment, even the atmosphere came to a freeze.

If thou do not have toilet paper, thou use fingers to clean up.

Ha, ha, ha.

Immediately, everyone burst out laughing.

This little fellow is formidable! Truly formidable!

She managed to continue the poem with a sentence that rhymes well and merged well with the previous sentence. Formidable! This little fellow is a child prodigy!

Furthermore, this little fellow even managed to swear at that Chu Bo without using any swear words.

Qing Yutong who was recording Ah Li was a bit stupefied, and so was Qing Ya. I'm becoming more and more fond of this little fellow.

Qing Ya and Qing Yutong could both be seen walking over to Ah Li's sides and giving Ah Li a sweet kiss on her cheeks.

Upon seeing that, everyone became envious of the little fellow and they wished they could become the little fellow.

Donghuang Li raised her chin up high. Quickly start praising me, Ah Li will accept all of your praises.

Meanwhile, Chu Bo closed his folding fan, and he was angered to the point that his lips were trembling.

This can't be endured, I actually got mocked by a child!

I have to think of a way to win back the face that I lost!

Use my identity to pressure her? No, that's too low-class.

I have to crush this child with my literacy skills and let her know that the eldest son of an aristocratic family is not someone that could be easily pushed around!

"Little fellow, you sure are formidable! How about we raise the difficulty by a bit?"

Upon hearing what Chu Bo said, everyone immediately felt that Chu Bo was truly shameless.

This Chu Bo wants to raise the difficulty? Can't he see that the current difficulty is already hard enough for that little fellow? That little fellow had to think for so long before she was able to continue the poem.

Qing Ya's expression turned grave. I don't mind others playing around with Ah Li, but if others try to blatantly bully Ah Li like this, as Ah Li's Mommy Qing, I will not allow it!

Qing Yutong was the same.

Want to bully my Ah Li? You will have to get through me first! System, bring over my sword!

As the Supreme Overlord's child, the gene of not willing to admit defeat was contained within Ah Li's blood vessels. Towards other people's challenges, Ah Li would never cower, and she would only charge forward bravely.

“Mommy Qing, Aunt Qing, let Ah Li handle this!” Donghuang Li said while acting like a mature adult, and looking at her acting like a mature adult, others couldn’t help but feel that she was adorable.

Qing Ya and Qing Yutong took a look at each other, and after thinking for a bit, they decided to let Ah Li handle the matter by herself, and perhaps, Ah Li may even be able to bring to them a nice surprise.

However, if the man dares to go overboard, Qing Ya would definitely not let him off.

Donghuang Li could be seen saying to Chu Bo, “Uncle, competing like this is too boring, how about adding a little bet?”

Adding a little bet?

Qing Ya and Qing Yutong went into a daze for a moment.

When did Ah Li learn of such a phrase? No, there’s no need to think too much, that phrase must have been taught to her by that father of hers.

Qing Ya decided that she was going to have to have a proper chat with Ye Hua when she returned home.

I have to stop Ye Hua from leading Ah Li astray. Look at what he has taught her, Ah Li is only three years old and she already knows how to bet with other people.

The people in the surroundings were evidently startled by Ah Li’s attitude.

This little fellow is formidable! This is my first time seeing a child not giving any face to someone who is the eldest son of an aristocratic family.

Chu Bo was very confident as he opened his folding fan once again and said, “Ah Li, no matter what it is that you want to bet with uncle, uncle will accept it!”

“Alright, if uncle loses, uncle will have to admit Ah Li as boss, and as uncle’s boss, Ah Li will teach uncle how to comb center parting.”

Pfft...

Everyone laughed. Admit her as boss, and she will teach him how to comb center parting? Seems like this child watches Douyin too.

Qing Ya sighed. I am going to have to delete Douyin from all of the electronic devices at home, I cannot allow Ah Li to watch Douyin anymore.

However, this time, Qing Ya wrongly blamed Douyin, Ah Li learned that sentence from Lie Gu.

“Alright! If Ah Li loses, Ah Li will have to become my underling!”

“Alright, the bet has been set then! Pinky promise.” Donghuang Li extended out her pinky finger.

And Chu Bo actually walked over and locked his pinky finger with Donghuang Li’s pinky finger.

“Chu Bo! What are you doing!” Chu He suddenly walked out from the crowd, and on his side was actually Ye Family’s family head, Ye Xiao!

Just now, Chu He went to discuss a little something with Ye Xiao, and after he had finished his discussion with Ye Xiao, he saw that everyone was gathering here, and when he walked over here to see what was going on, as he had expected, he discovered that his son was the one that was causing the commotion.

Chu Bo looked over to his father and said without any fear, "Father, don't meddle in this matter."

"Don't meddle in what matter?" Chu He was confused.

After a family head that was by Chu He's side explained everything to him, Chu He felt that his face had all been thrown away by his son.

This eldest son of mine, he loves acting like an elegant scholar and claiming that he is a cultured person...

As your father, do you really think that I would not know just how much ink you have in your stomach!

Most importantly, the person that you are competing against is a child, and if you lost, you are going to have to admit that child as your boss...

Even if you don't want face, I, your father, still want face!

"Old Chu, they are just playing around." Ye Xiao who was at the side said with a slight smile.

Just playing around? If that was what Ye Xiao really thought, he has over-underestimated Donghuang Li.

"Uncle, if your son loses to me, he is going to admit me as his boss. Are you fine with it?"

After hearing what Ah Li said, everyone froze.

Little fellow, this is the family head of an aristocratic family that you are talking to right now! Just a single sentence that is uttered from this family head's mouth is able to decide the life and death of a person.

Qing Ya didn't speak, she wanted to observe just how the aristocratic family head would act.
