

## My Woman 46

### [You Cannot Afford To Offend My Woman](#)

#### Chapter 46.1: The brave school belle 1/2

“CEO Qing, when did you get married, you didn’t even notify big sister me.” Nangong Xinyi said with a slight smile. For her to actually address herself as big sister, it seems like she wants to get into a good relationship with Qing Ya.

Towards Nangong Xinyi, this action of hers was indeed very face-giving. However, Qing Ya had an indescribable feeling, she felt that it was like a disadvantage for her. Base on what should I call you big sister, what relationship do I even have with you?

Ye Hua really wanted to drive away those two people, but he felt that it would be boring if he did that. He really wanted to see just how Qing Ya would handle this. Qing Ya has been with me for quite a few days already, she ought to have some changes.

Furthermore, this woman actually dares to claim herself as Qing Ya’s big sister, did this woman ate the heart of a bear or the gall of a leopard!

If it was placed in a month ago, Qing Ya would grab onto an opportunity like this. However, right now, she totally did not have this kind of thinking at all. Taking a look at Ye Hua, Qing Ya thought to herself, “Have I been brainwashed by Ye Hua?”

“Madam Xiao, me and Ye Hua did not set up any wedding banquet.” Qing Ya gave a courteous smile to Nangong Xinyi.

Both Xiao Yi and Nangong Xinyi slightly wrinkled their brows. This woman is not particularly giving any face to us eh, this woman has some personality.

Both Xiao Yi and Nangong Xinyi were used to it already. This kind of woman is nothing special, always trying to use this kind of method to attract others’ attention.

“CEO Qing, I will be holding a banquet tomorrow night, I hope that you will show me some face and come.” Nangong Xinyi changed her gentle tone and invited with a business-like tone.

Qing Ya nodded her head and did not reject, “Alright.”

“Xinyi, let’s go, it’s stuffy here.” Xiao Yi said faintly, seemingly not very happy.

“I will see you tomorrow then.”

Both of them entered into the Rolls-Royce which they parked outside of the shop, and Xiao Yi held onto his wife’s waist and asked in displeasure, “That woman didn’t even give us any face at all, why did you even bother inviting her to the banquet for?”

Nangong Xinyi said gently, “I invited her precisely because she did not give us any face. Although it is just a small banquet, the people that will be coming to the banquet, aren’t most of them coming with the intention to curry favor with you?”

After listening, Xiao Yi laughed out and raised his wife's chin with his finger, "Seems like you are more petty than me."

"Do you only know that now? To finally be able to come out alone with you, you have to do your utmost best tonight okay~"

"I guarantee that I will accomplish the daily task and let you feel like you are in heaven."

.....

Within the restaurant, Qing Yutong burped out very unladylike, "Big sister, the renowned Xiao Family's madam wanted to claim herself as your big sister and be sisters with you, and yet you didn't even give any face at all."

Ye Hua stood up and said indifferently, "Why do Qing Ya need to give that woman face, Qing Ya did a very good job just now, Yutong, you should properly learn from your big sister."

Qing Ya laughed out complacently after hearing Ye Hua's praise, but after laughing, she immediately became clear-headed. What am I laughing out for, it seemed as if I was a wife who was very happy to get praised. This scoundrel is messing around with me again.

"Your Honor, should I go and eliminate the two from just now?" Wei Chang spoke to Ye Hua through magic. People like those two who dare to be disrespectful to His Honor should all live in hell.

"Wei Chang oh Wei Chang, and I originally wanted to praise you for your performance just now. Don't always be thinking about killing, you have to be more human-like. A salted fish will always be a salted fish, even if they are able to become successful, they are still a salted fish, do you understand?"

"Subordinate was ignorant."

"Seems like I shouldn't have ordered you to go and eliminate that Hitman Organization. During this period of time, properly go and ponder over just what is the true meaning of humanity."

"Your Honor is wise, we will only be able to see your back and have no hope of catching up."

"You can go back first."

"Yes!"

After the two of them finished conversing secretly, Wei Chang said respectfully, "Boss, I will leave first."

"En." Ye Hua reacted faintly.

Tang Wei seemed to have something that she wants to say, and in the end, she mustered up her courage and said, "Boss, I think that the chance to take on the position of the manager should be given to someone else."

Ye Hua wrinkled his brows, and Wei Chang thought to himself, "This is bad, Xiao Tang ah, don't try to anger His Honor anymore."

“There is still a month till my school reopens and I will have to start going to school again. So, I thought about it for a bit just now. When the school reopens, I will have to mainly focus on studying during the day, therefore, it will be enough for me to just work during the night.”

“Your choice.” Ye Hua said lightly and rejected Jiu Ye’s request to send him home, then brought his wife and sister-in-law and walked out of the restaurant. In the end, the bill for this meal was excused. Counting the amount of money that was needed to pay for the bill, it is enough for me to buy a lot of crayfish.

Within the shop, as Jiu Ye watched those big bosses leave the shop, he slightly breathed a sigh of relief. In the future, I hope I don’t ever meet this boss ever again.

#### **Chapter 46.2: The brave school belle 2/2**

“Uncle Wei, wait for me for a bit, I will go and change my clothes first.” Tang Wei revealed out an adorable smile, seemingly just like a little bird that obtained freedom.

Wei Chang nodded his head, and after waiting for a short while, Tang Wei who had changed her clothes could be seen walking over to Wei Chang. Actually, Tang Wei’s appearance was pretty good. A standard classical beautiful woman, spotlessly white and faultless goose egg face, pairing with that tall and slender figure, no matter where she walked to, she would still be a beautiful scenery to look at. As expected of a school belle. It could only be blamed that Ye Hua’s standards were too high.

While wearing a white dress, it added a fairy-like temperament to her. However, Wei Chang did not even have the slightest bit of reaction at all. No choice, Wei Chang had no interest in women at all and was only interested in eating humans. If it was Lie Gu who was in Wei Chang’s position right now, Lie Gu would definitely seize the opportunity to get Tang Wei.

“Uncle Wei, you still haven’t eaten right? I will treat you to a meal.” While holding onto a cheap purse, Tang Wei said with a lovable smile.

Wei Chang said, “There is no need for that Xiao Tang, I have already bought ingredients back home just now, I intend to prepare the meal myself later on.”

“Really? Uncle Wei, it’s not that I am not boasting, but the food that I cook is really delicious.”

“Alright then, thank you Xiao Tang.” Wei Chang smiled. Wei Chang didn’t have other intentions at all when accepting Tang Wei’s offer. However, Tang Wei, on the other hand, seemed very shy and decided that she would take the chance to properly understand her Uncle Wei.

When they arrive at Wei Chang’s rented apartment, Tang Wei discovered that her Uncle Wei was actually living alone, and the house was very clean, with not even a speck of dust that could be seen. Once again, she expresses her admiration towards Wei Chang in her heart and decided that she will come over often to cook for her Uncle Wei.

Wei Chang was totally oblivious to the fact that he was being eyed by a small beautiful woman. But, it must be said that Tang Wei’s courage was very big, to even dare to try to get close to Wei Chang. It must be known that, within the Seven Sins, aside from Lie Gu, the other five all chose to keep away from Wei

Chang, mainly because Wei Chang this fellow was simply one-track minded to the maximum, and was very difficult to communicate with. Luckily, during those five years, Wei Chang had changed somewhat.

.....

Returning back to Leisure Bar, Qing Ya went to the bedroom to take a nap for a bit, and Ye Hua did not want to disturb Qing Ya, and instead came to the office to watch cartoon. Nurturing humanity was a very important thing.

Qing Yutong washed her make-up off and continued on cleaning the storage room. After all, there is still going to be a month until I move out, and I need my own private space. After finally finish cleaning up with great difficulty, Qing Yutong wiped the sweat on her forehead and muttered to herself, "This brother-in-law of mine truly does not know how to care for his sister-in-law, to not even bother coming to help me out."

Pushing open the office door, a sound suddenly rang out from the office and caused Qing Yutong to become dazed.

"Ruyi, Ruyi, follow my feelings~"

Qing Yutong looked at the Calabash Brothers that was playing on the television in a daze, then looked towards her brother-in-law who was watching the Calabash Brothers with a serious look on his face. What Qing Yutong just witnessed had totally destroyed her three views. He is such a big person already, and he is still watching cartoon.

"Brother-in-law~" Qing Yutong shouted out lovably.

If it was someone else, Ye Hua would have given the person a slap without any mercy. Unfortunately, the person who called out to him was his sister-in-law.

"En." Ye Hua responded faintly.

Qing Yutong sat onto Ye Hua's side, then picked up the remote control and straightforwardly changed the program, "Brother-in-law, why are you still this childish, let me introduce to you a much better show which I am currently watching every day~"

Ye Hua resisted his urge of wanting to slap this sister-in-law of his. To actually dare to change the program without my permission! Even Qing Ya wouldn't dare to do this!

"There, watch this, this program is super nice to watch~" Qing Yutong changed to a new program, then crossed her long slender legs and said with a face full of expectation.

"Happy Goat, Beautiful Goat, Lazy Goat, Boil Goat..."
