

My Woman 501

Chapter 501 (The denied pure blood(4))

Everyone's eyes followed the white headlights. The three women showed no stage fright and their beautiful faces and sexy figures moved everyone present. The key point was the temperament of the three women, which is what a man would want to conquer.

The two "sisters" were shocked.

"Why did your wife come to such a place?" Lu Hong exclaimed, looking at Zi Shan among the three women, in a sexy outfit that probably even his younger brother had never seen before.

Yi Hong was dumbfounded.

Seeing the younger brother's state, Lu Hong hastily explained to Zi Shan: "Little brother, don't panic. Zi Shan is a good woman, and she will definitely not come to the bar to find a man."

At first, Yi Hong didn't think about it, but when Lu Hong reminded him, he immediately felt heavy in his heart. Zi Shan came to find a man, and it really was like this.

"Yi Hong, hold your breath, maybe Zi Shan was bored and came out to relax. Don't you see Your Honor's sister-in-law here too? Surely she didn't come out for hook-ups." Lu Hong's reminder made Yi Hong feel better.

'Right, Your Honor's sister-in-law is all here, so my wife definitely did not come to find a man.'

Suddenly, Lu Hong frowned, and saw three men in suits entering from the door.

"Brother, what's the matter?" Seeing that Lu Hong looked strange, Yi Hong asked aloud.

"Those three men are weird." Lu Hong said in a low voice. A woman's intuition told him, oh no, a man's intuition told him that these three men might be the ones he was looking for!

Wrong! Why are you looking for a man? It's the guy you're looking for!

Yi Hong was startled: "Brother, don't you mean those three men are...?"

"It's very possible, let's observe them first."

In fact, the task of the two brothers was very difficult, similar to Death Mage back then. The kind of task to kill the other party.

Instead, it is unreasonable to send the pure blood to the other party, and the other party cannot even see the clues. This is really a severe test for the two brothers.

Feng Di is one of the three men!

In the past few days, there have been rumors that pure blood has appeared in Long'an City!

For Feng Di, this was great news, and even luck was on his side.

According to the information, it was with green and red women. They have been wandering around the nightclubs recently and they got the news tonight, so they came to observe.

Who would have thought that they would see three unbelievably beautiful women just after entering? 'Such stunning beauties are really rare, and if I catch them back and give them to my elder brother to play with, he should be very happy.'

With this thought in mind, Feng Di followed Qing Yutong's group to the second floor.

"Brother! What should we do? Those three men didn't see us and they even followed Zi Shan!" Yi Hong said nervously, his eyes sneaking to the second floor.

Lu Hong also felt bad, 'why did Your Honor's sister-in-law suddenly appear? This is the first time in a few days that we have got any clues!'

"Let's observe first." Lu Hong still held his breath and did not rush forward.

Yi Hong nodded, let's take a look first and then talk.

On the second floor, Qing Yutong sat down with Brittany and Zi Shan, but before the three of them had time to speak, three men appeared in front of them.

"Beautiful ladies, I don't know if I have the honor to have a drink with you." Feng Di leaned slightly, showing his side as a gentleman.

The prey took the bait, and the corners of the mouths of the three were directed toward their ears.

Of course, this was not a friendly smile.

But in Feng Di's eyes, the three women in front of him had been conquered by his handsomeness. Looking at their smiles, he couldn't wait to spend the night with them.

"Of course." Qing Yutong laughed softly.

'Last time I staged a campfire with Zizi, what are we going to do today?'

Yi Hong saw that the three men actually sat down, making his mood sour.

"Brother, didn't you say!!!"

Lu Hong couldn't believe it. He didn't know that Qing Yutong just wanted to relieve some pressure off her injured friend.

"What should I do, brother?" Yi Hong asked anxiously. His wife was going to be taken away tonight. Was it his turn to be green?

Lu Hong said in a deep voice: "Yi Hong, don't worry, big brother won't let you go my old way!"

Yi Hong: "..."

"Come, big brother will take you to the scene!" As they walked toward the second floor.

On the second floor, Brittany and Zi Shan looked at the three men, their fists clenched under the table. Men do not have a single good thing!

"Where are the three little brothers from?" Qing Yutong signaled Brittany and Zi Shan to not get excited, the fun had just begun.

Feng Di was about to speak when a voice suddenly sounded.

"Damn, why are you here?"

Lu Hong walked while twisting his hips, and he even sat down on Feng Di's lap, while Yi Hong took a peek at his wife. He couldn't let go but still sat on the other side.

Everyone in the audience was dumbfounded.

Especially Feng Di, what's the situation?

But when he saw the two women who came, he frowned. 'Aren't these the target people?'

Two beauties, one green, and one red.

'Aren't they women with the pure blood? I shouldn't be so angry, but is the information wrong?'

The incarnation of the green and red brothers was cast by Wei Chang, and the three girls couldn't see the real bodies of the two "sisters" at all.

But this green and red made the three girls think of the green and red brothers. Otherwise, there was no way. The color is too eye-catching, and you can see it everywhere.

Traffic lights, I see them a lot.

At this time, Feng Di already believed that the information was wrong, and the green and red women definitely did not have the pure blood, but it was a good thing to be able to bring these three women back, and the trip was worthwhile.

"Ma'am, please be respectful, I don't know you!" Feng Di said coldly, don't bother to flirt with me.

Lu Hong said coquettishly: "Brother, we met last night, how come we didn't know each other so soon?"

Yi Hong also wanted to "show" a bit, but when he saw Zi Shan present, he became a dog in an instant.

Zi Shan frowned, 'these two women feel very familiar to me! So familiar!'

'That's right! It's their clothes!'

'They turned out to be the same clothes as mine, but I bought them and haven't worn them yet!'

'It can't be such a coincidence, these two women are wearing the clothes I bought!'

Zi Shan took a peek at the two women's shoes, and her expression sank. Those two pairs of high heels belonged to her too! She was sure of this!

Because there is a scratch on the heel of one pair of shoes, although it is not very obvious, it can't escape Zi Shan's eyes!

'This green-haired gal must be my big brother while the one sitting beside me must be my husband!'

'Because Yi Hong is like this, especially when he sees me, he doesn't dare to look at me, because he's scared to death!'

'OK! Even a man dressed as a woman came out to tease me! Asshole!'

Chapter 502 (Scolding without talking(5))

'Wrong! This is no longer a man dressed as a woman! This is clearly the method used to become a woman!'

'These two perverts!'

'It must be my big brother's idea! My Yi Hong would definitely not do this. He must be regretting his words and then, under the instigation of my brother, he used this method to reduce stress.'

'It's not right! The two of them will not turn into women to decompress. To decompress, they would be making a big sword or something.'

'It must be their mission!'

'Could it be that the two of them became like this for a mission? Then they happened to see me coming, and couldn't help but come over to make trouble.'

'That should be it!'

'And this bastard said that he wanted to divorce me. Shameless, stinking man!'

Feng Di was already very annoying, and if there were not too many people here, he would definitely slap these two women away!

"If you two do this again, I won't be polite!" Feng Di said the final warning, get out of here quickly. He didn't know what was going on with the information. They even said that they had the pure blood!

Just when Lu Hong was about to speak, Zi Shan stood up suddenly: "Little brother, it's too noisy here, let's change to another place."

Lu Hong and Yi Hong's hearts sank. Yi Hong, in particular, felt like his heart was going to break. His wife wanted to have a room with this man...

Feng Di was overjoyed, and he hurriedly pushed the two women away, and said with a smile, "I know a quiet place where we can sit and chat."

Qing Yutong smiled, "That would be the best. Let's go."

"Ladies first." Feng Di showed a handsome smile. He didn't expect these three women to be so easy to bait, he is worthy of being King Yan. [A handsome guy from Chinese anime, Yan Wang.]

{<https://anilist.co/anime/137686/Yan-Wang>}

The three girls stood up with confident smiles, while the two "sisters" looked confused. What's going on?

Lu Hong hurriedly dragged Feng Di back, and said with a coquettish smile, "Brother, take us too."

"Get out!"

These women are not on the same level.

A young man in a suit came to Feng Di and whispered, "Brother, can you give them to us to play with?"

The young man knew that they would not get their hands on these high-quality beauties, but these two women were still okay. Although their temperament is lackluster, their faces and figures are still good. They're just a little irritating.

Feng Di thought about it for a while: "Clean up afterward!"

"Yes!"

"Come with me!" The boy in the suit said to the green and red "sisters".

Lu Hong and Yi Hong were overjoyed, as long as they could follow openly and honestly, so as not to make Your Honor's sister-in-law and Zi Shan suffer.

The men in the nightclub saw the five beautiful young ladies leaving with the three men, and felt a pang of regret. These cabbages will be eaten by these pigs!

Feng Di drove a Land Rover with Qing Yutong and the other two to go first, and the two subordinates took the green and red "sisters" by taxi.

Yi Hong seemed very restless along the way. His Zi Shan was willing to share a room with someone else.

Lu Hong patted the back of his younger brother's hand to express his support. It is indeed painful to be green, but once you have experienced it, you will get used to it.

And Lu Hong also sighed, he didn't expect that both brothers would be green. 'This is the true meaning of life. My little brother could be dyed green in the future, which will always remind him to be vigilant of women because they will put a colored hat on you when you are not paying attention.'

This is also the reason why Lu Hong was reluctant to accept the vampire sisters for a long time. Race issues did account for a small proportion, but being green accounted for a large proportion. He did not believe in women for a while.

Everyone went to the gym.

"Little brother, where are we going?" Qing Yutong asked curiously, while Brittany and Zi Shan were about to kill them. Except for Your Honor, men in this world don't have any good things, but are filled with lies!

In fact, Your Honor is also a liar.

Feng Di smiled mysteriously: "Taking you to a good place."

At this time, the green and red "sisters" also got out of the taxi. Yi Hong felt relieved when he saw that his wife was still there.

They didn't go directly to the room.

Several people went upstairs together, it was already 11 p.m., and the gym was closed long ago. When everyone came to the gym, they were very puzzled.

"Little brother, did you bring us to the gym?" Qing Yutong asked curiously, it was really weird. Other people would take them to drink and get drunk, but this is the first time someone took her to a gym.

Feng Di turned on all the lights, and said with a slight smile, "Would you like to try it? The machines here are all by international standards."

Feng Tian should be practicing at this time, so he did not disturb him.

Brittany said in a deep voice: "Anyway, it's boring, so let's try them."

In fact, the three women all knew that Feng Di had some strength, so they wanted to see what kind of tricks he had. Maybe they see something interesting.

Lu Hong and Yi Hong feel the same way, this gym is a bit weird.

Lu Hong felt that the tube on his chest was a little strange, so he quietly reached into his chest, and took out the tube to have a look.

The pure blood was boiling.

'Based on my experience of watching Hong Kong movies for many years, there must be something calling for the pure blood.'

Suddenly, the pure blood in the tube calmed down again, which made Lu Hong a little puzzled.

Lu Hong immediately sent a voice transmission to his younger brother.

"I found it!"

Yi Hong looked at Zi Shan's back in a daze but didn't notice his elder brother's call.

"Yi Hong!"

"Ah! What's wrong, big brother?" Yi Hong quickly replied.

"We found the right place. If my gut feeling is good, this is the den of those people!"

"Ah! Isn't that dangerous for Zi Shan?"

Lu Hong wished to hit his younger brother on the head, 'your wife is so powerful, yet you are so worried.'

Yi Hong also realized that he was worrying too much, and asked: "Then what should we do now?"

"Our task is to deliver the goods to the door. Now that we know it, it will be easy to handle. We will send it directly by courier another day."

"But Zi Shan and the others are also here. If it is really that group, they will not be scared away. Come on, it's not the time for us to let down our guard!"

What Yi Hong said made Lu Hong's face darken. The task was originally almost completed but became pestiferous because of their arrival! What to do?

"Yi Hong, it's up to you now!" Lu Hong said in a deep voice.

"What do you mean?"

"Let Zi Shan cooperate with us." Lu Hong already had a script in his mind.

Yi Hong stopped talking for a while, he and his wife got into a fight, and they still haven't talked. It's only been a few days, but is he going to beg his wife?

Wouldn't Zi Shan look down on him even more?

Chapter 503 (Too sloppy)

Seeing that the little brother was still not moving, Lu Hong said in a deep voice, "What are you still doing in a daze? Beg for mercy! You'll be a good man when you go back and kneel on the keyboard!"

"Brother, but I... can't say it." Yi Hong's heart was also very complicated, how awesome that day was.

'The explosion of drinking means divorce!'

'I have never been so domineering in my life.'

'It's only been a few days, and I need to ask my wife to cooperate. Isn't this even more unmanly?'

Lu Hong understood Yi Hong's thoughts and persuaded him: "Yi Hong, don't think about the dignity of a man now. In front of your wife, you should put this dignity on the ground and rub it fiercely, and be a licking dog in the future. Big Brother is optimistic about you."

Yi Hong: "..."

'It's okay to be a licking dog for my wife, but...'

'Forget it, I'll just be one.'

You don't know, but a lot of men want to be licking dogs for Zi Shan. You don't know your immense blessings.

Taking a deep breath, Yi Hong passed the sound transmission to Zi Shan. His tone was like a dog: "Zi Shan."

After saying these two words, Yi Hong waited for the other party's reply, and also observed his wife's every move, but there was no response.

"Wife?" Yi Hong called out again.

"Who is your wife? Get out!" Zi Shan replied coldly, 'Now you know how to beg for mercy? Weren't you very domineering that night? Didn't you enjoy bullying your wife?'

When Yi Hong heard his wife telling him to get out, his heart sank and he didn't say anything more.

"What's going on, did you tell her?" Lu Hong asked curiously.

"Zi Shan asked me to go out." Yi Hong murmured. Hearing Zi Shan's words, Yi Hong felt a dull pain in his heart. Does Zi Shan despise him so much now?

Lu Hong felt that he had to do it himself. His younger brother was unreliable, so he had to turn to his aunt for help. What should he call her?

"Your Honoress~" Lu Hong sent a voice transmission to Qing Yutong and said in a flattering tone.

Qing Yutong, who was not far away, was taken aback for a moment. Someone called her Your Honorees!

"Who is it?"

"It's me, Lu Hong."

"So it's little Lu. Where are you?" Qing Yutong asked curiously.

Lu Hong was a little embarrassed: "Those two women are us."

"Damn, you guys have a hard taste. Turning into a woman to play around.." Qing Yutong turned her head to look at the green and red "sisters", and the corner of her mouth twitched slightly.

"Your Honorees, I am following the orders of Your Honor. These people are the people Your Honor has been looking for during this time, and we need to give them a parcel."

"Oh, so you are brother-in-law's delivery people? Just tell me if you need help." Qing Yutong was in a good mood. This Lu Hong has a sweet mouth.

Lu Hong repeated his thoughts, hoping that the group of Qing Yutong would cooperate a little bit.

In fact, he just wanted to say, don't make trouble. We brothers finally accepted a mission, and we don't want you to ruin it.

This is related to their image in Your Honor's mind.

After Qing Yutong heard this, she agreed with all her heart. 'It turns out that there are more interesting things than teaching a stinky man a lesson, so she immediately told Brittany and Zi Shan to cooperate a little.

Qing Yutong was Ye Hua's sister-in-law, of course, Brittany and Zi Shan would listen. Besides, this is also Your Honor's task, and they don't want to be taught a lesson by him again.

Zi Shan secretly glanced at Yi Hong and found that the other party did not continue to look for her, and was also very angry. Obviously, you did something wrong. What's the issue with coaxing?

Zi Shan somewhat underestimated the fragility of Yi Hong's heart. For someone who lacks self-confidence, your slip of the tongue may completely kill him. Just like the sentence just now, Yi Hong took it seriously. If it was another man, maybe he would have continued to coax her.

"You two come here!" The boy in a suit beside him was about to pull the green and red "sisters" to do them first.

Lu Hong began to resist "delicately": "What are you doing?"

And Yi Hong by his side was the same. Knowing that it was a critical moment, he couldn't take it lightly: "Help~"

Feng Di looked back, not paying attention, and Qing Yutong's group showed doubt and fear. They seemed to be good actors, at least in Feng Di's eyes. Their reactions were normal.

"What are you doing?" Qing Yutong's group leaned together and asked with terrified eyes.

And Feng Di chuckled: "It's nothing, you don't have to be afraid, because it will be your turn later!"

"You! You are a bad person!" Brittany's acting skills are not mature enough.

Feng Di stretched out his hand and lightly brushed the barbell, and said lightly: "Yes, I am a bad guy, a super bad guy."

In fact, the three girls really want to say now, what a coincidence, we are also super bad guys.

Zi Shan played the role of a weak girl, already trembling with fright.

On the other hand, the green and red "sisters" are still struggling powerlessly. Lu Hong's body was a bit large. Why is it so? Because the tube in the middle of the chest needs to be squeezed out.

But this motherfucker seems to be stuck! After all, his chest muscles are too big.

There is no other way. Guess he needs to fetch it out himself.

Snap!

Seeing that Lu Hong accidentally hit him in the chest while struggling, Yi Hong felt a burst of pain. 'Brother, your slap is too heavy!'

But a tube flew out of Lu Hong's ditch, attracting everyone's attention.

Seeing the tube fall out according to the plan, the two brothers felt that they had finally completed the task assigned by Your Honor and could get rid of these bodies.

The tube fell to the ground and rolled gently, and the inside of the needle tube was bright red.

However, this is not important. What is important is that the needle tube is still labeled.

The four big characters of "Pure Blood", as if they were afraid that others would not know, and specially reminded the other party.

The group also saw it. Aren't you two brothers a little too sloppy in doing this? You even posted the words...

At this moment, Qing Yutong suddenly exclaimed: "What is this? There are even words on it! Pure blood? What?"

Zi Shan said fearfully: "I don't know, it should be human blood."

"The pure blood must be pure blood." Brittany still spoke so bluntly.

Feng Di frowned tightly and stretched out his palm.

The tube on the ground fell into his hand. Looking at the four big characters on it, his doubts deepened. 'Is this the legendary pure blood? Isn't the way of obtaining it a bit too sloppy, without any difficulties?' Looking at the green and red women, how could they have the pure blood?

Chapter 504 (Melon seeds with bench)

Even if the green and red "sisters" threw out the pure blood, Feng Di didn't think they were the ones who owned it. This shows how terrible the character design created by the two brothers was.

Looking at the pure blood in his hands, Feng Di thought that the information might be correct. They are the holders, not the possessors. But where did they get it from? Oh well, as long as he gets the pure blood.

"Look over them." Feng Di said coldly.

"Yes!"

More than a dozen men in suits walked out from each door, surrounding the five women.

And the five women "shuddered" in fright.

But the two brothers are relieved now, they have finally completed the task of Your Honor. But how to escape perfectly is a problem.

Qing Yutong contacted Lu Hong and asked, "Have you completed your mission?"

"Well, thank you Your Honorees for your cooperation." Lu Hong thanked her very much.

"You're being too polite. Then you all cooperate with me." Qing Yutong really wanted to see what that man did with the pure blood.

What else could Lu Hong say? Of course, he agreed.

Knowing that Yi Hong has completed the task, Zi Shan also heaves a sigh of relief. Yi Hong doesn't have to apologize with death, he is really an idiot.

On the other hand, Feng Di knocked on the door with the labeled tube in his hand.

"Come in." Feng Tian's low voice from inside.

Feng Di respectfully opened the door and entered, only to see his elder brother sitting cross-legged, and the aura emanating from his body became stronger and stronger, "Congratulations, elder brother"

Feng Tian opened his eyes, the golden pupils under the mask were even more alluring, making people shudder.

"Is there any clue?" Feng Tian stood up, wiped the sweat from his forehead, and asked lightly.

Feng Di put the tube in his hands with both hands, and the four big characters fell into Feng Tian's doubtful eyes.

'This is the pure blood? Isn't the packaging too sloppy?'

Feng Tian took the tube, and immediately felt the hunger from the blood plate, and the blood in the needle started to boil. Feng Di was surprised when he saw this reaction. He didn't expect it to be the real pure blood.

Putting the tube away, Feng Tian asked, "How did you get it?"

"Brother, would you believe me if I said it fell out of a beautiful woman's chest?"

Feng Tian's eyes turned cold, and Feng Di immediately told the story.

"I'll go out and have a look. You go and arrange the ceremony. There can't be any mistakes."

"Yes!"

Feng Tian's face looked heavy, he didn't seem to be happy about the birth of the gorefiend. He walked slowly towards the lobby of the gym.

When he saw one green and one red woman from Feng Di's story, Feng Tian also had the idea, 'How could such a woman possess the pure blood? What nonsense!

The three next to them are a bit similar.

However, the looks of these five women are quite good, and they can play around with them after their mission is accomplished.

"Take them away." Feng Tian sneered coldly.

"Yes!"

The five "delicately pretty" women were kidnapped mercilessly by the villains. The two brothers just wanted to go back to their lives. Qing Yutong just wanted to see what they were going to do. Brittany just wanted to kill the men in front of her. Zi Shan just wanted Yi Hong to go home and kneel on the keyboard, and then apologize to her that he was wrong, and he would never dare to do that again.

Unbeknownst to the group, their captives were happily discussing what was about to come.

There was an abandoned factory in the suburbs north of Long'an City. Weeds have grown here, and the dilapidated chimneys feel like they are falling down. From time to time, there will be the sound of water droplets, which seems rather depressing.

In the depths of the factory, there were more than a dozen men in black sitting cross-legged, including Feng Di. A huge and strange rune was engraved in the middle of them, shining faintly with blood.

Qing Yutong and five people were tied not far away by thick and big ropes.

"It feels like they are calling for something." Brittany said indifferently, looking very relaxed.

"Are they calling Ultraman?" Qing Yutong asked curiously.

Lu Hong said in a deep voice, "They may be summoning Godzilla."

Yi Hong and Zi Shan didn't speak, they were still in the middle of a fight. After all, they wouldn't pay attention to each other.

The kind that doesn't talk.

Suddenly, those men began to mutter something, the kind that sounded good, as if they were being rescued. The magic circle began to emit a strange aura.

Brittany frowned, and said with a chuckle, "It doesn't seem like such a simple call."

"Brittany, what do you mean?" Qing Yutong asked curiously.

Brittany has a wealth of combat experience, and she knows the aura emanating from this magic circle very well.

"Summoning the things in the seal, they should have used a buffing circle, but this magic circle is just the opposite, a weak magic circle," Brittany explained.

Qing Yutong understood instantly, looking at the men in suits not far away, "They are planning to kill the summoned thing."

"Even if they don't want to kill it, there must be other intentions." Brittany said lightly.

Hearing what Brittany said, the five of them immediately became interested.

Qing Yutong pursed her lips, "It doesn't seem good to watch a play without melon seed and drinks."

"It makes sense." Brittany was under the influence of Qing Yutong.

"Little Lu, go buy some. Remember to buy a few packs of spicy strips." Qing Yutong reminded.

The corner of Lu Hong's mouth twitched, "It's not good, we are all tied up."

"I'll give you a mirror image, go and come back quickly." Brittany said lightly, as an elf, she knows a lot of simple magic, but it's not as powerful as Your Honor.

What else can Lu Hong do? They are just short of a small bench.

Just as Lu Hong left, Feng Tian, who was sitting cross-legged in the center, finally moved. His right hand brought the blood plate, while his left hand brought the tube.

When the two items appeared at the same time, the red glow increased sharply, and the tube burst instantly. But the pure blood did not fall on the ground, instead floated in the air, like a living object.

Feng Tian placed the blood plate in the center, bowed his body, and took a few steps back. A burst of spiritual power shot into the blood plate from between his fingers, and the pure blood began to tremble, as if too scared to move.

Click!

The blood plate opened, as if there was some treasure inside, but there was nothing. Only to see that after the blood plate was opened, the inside was bright red, like a sea of fresh blood, with a sense of splendor.

Puff!

Suddenly, a head made of fresh blood broke out, rushed towards the pure blood with a dark wind, and then swallowed the pure blood in the air.

As if eating the most beautiful food in the world, the huge blood skull let out a satisfied gasp and then retracted into the blood plate after a while.

At this time, Lu Hong rushed back with a red plastic bag, and there were all kinds of melon seeds and peanuts.

"Did I miss something?" Lu Hong asked curiously.

Chapter 505 (Ignorant)

Qing Yutong tore open the spicy strips and said with a smile: "No, it just started."

"That's good." Lu Hong tied himself up again, staring at the depressing scene.

It was really depressing, especially when he saw the snacks in the red plastic bag beside him, it was even more depressing.

Puff!

The blood plate suddenly emitted a thick layer of blood mist. When the blood mist appeared, cracks appeared on the surface of the blood plate as it shattered. Crispy like Qing Yutong biting off potato chips.

Crunchy.

The four turned their heads to look at Qing Yutong, who was eating potato chips. Qing Yutong smiled awkwardly: "It's already midnight, it's normal to be a little hungry."

"Yutong, you've ruined the atmosphere." Brittany said in a low voice.

Qing Yutong blinked her beautiful eyes: "Is there any atmosphere?"

Lu Hong held his chin and murmured: "If those people hear this, I really don't know how they will react."

"Sisters, let's watch while eating, this Wangzai milk is mine." Qing Yutong immediately took Wangzai milk away. [A brand]

Brittany said lightly, "Then I'll take the Nutrition Express." [Also a milk brand]

The atmosphere was a bit weird, but Brittany didn't seem to notice. She opened the bottle cap and took a sip. The corner of her mouth was stained with an unknown white liquid.

"Look, that blood mist has turned into Ultraman." Qing Yutong hastily exclaimed.

At the scene, the cloud of blood mist gradually formed a human figure, and it didn't take long before a handsome man with a tall nose, a face as sharp as knife, and eyes that contained melancholy appeared. He was a girl killer. His blood-colored red robe had black lines in it, and a head filled with white hair was scattered behind, fluttering slowly.

"So handsome." Qing Yutong said out loud.

Brittany nodded.

Zi Shan also said, "He's really handsome."

Yi Hong almost bled, it turns out that Zi Shan likes handsome people. He can't change himself no matter how he tries.

Lu Hong patted Yi Hong on the shoulder. You will never be so handsome in this life.

"It's like the little brother on Tiktok, who adds color contact lenses, and beautification and filter functions." Qing Yutong laughed.

Elder sister, the other party is a gorefiend who wants to harm the common people. They are not little brothers, and they don't even know how to wear colored contact lenses. Can you be a qualified prisoner and just have your snacks?

Seeing the birth of the gorefiend, Feng Tian was very excited, and immediately bowed down: "Long live Gorefiend!"

The Gorefiend was silent for a while, and there was a haze all over his body. He closed his eyes and took a deep breath: "That's the feeling! It's the feeling of being reborn! Hahaha!"

Feeling the power in this hand, the Gorefiend looked up at the sky and flicked his index finger.

A red light spot floated towards the huge chimney. When touched, the chimney seemed to be corroded, and the speed was that of the naked eye.

"The Gorefiend is mighty!" Feng Tian and others shouted in unison.

Qing Yutong, who was drinking Wangzai's milk, said lightly: "Is it mighty to boast about destroying a chimney? This mighty power is really worthless."

Everyone couldn't help but nod, the destructive power was too small, and it didn't make sense.

Gorefiend stretched his hands into his sleeve robe, looked at the man lying on the ground in front of him, and said in a cold tone: "Is your magic circle a meeting gift?"

Feng Tian, who bowed his head, was startled. He didn't expect to be discovered. This guy deserves to be the Gorefiend! Even if the seal is broken, he is still so powerful!

He immediately signaled Feng Di, and the magic circle under the Gorefiend's feet was instantly activated, and the red light increased greatly. Feng Tian, who was lying on the ground, also slowly stood up, looking at the Gorefiend in front of him with his one black and one golden pupil.

The Gorefiend narrowed his eyes slightly, feeling the coercion emanating from the magic circle, and the corners of his mouth slightly raised: "No matter what, I still want to thank you for releasing me!"

"Blood Demon, submit to me! I can lead you to conquer this world together!" Feng Tian clenched his fists tightly, staring at the Gorefiend, and released bold words.

The Gorefiend chuckled, and slowly spit out: "Ignorant human beings, I am a Gorefiend, and I never bow my head. If you kneel and submit to me now, for the sake of releasing me, I'll forgive you! Otherwise, you die!"

"It seems that we both want to be the superior!" Feng Tian's hands suddenly condensed golden light, looking like a golden glove.

Looking at the weapon released by Feng Tian, the Gorefiend said lightly: "I never thought that ordinary human beings like you would have unformed divine weapons."

"It's enough to deal with you now!"

The corner of the Gorefiend's mouth curled into a sneer: "It took a lot of skill to break the seal, but you don't know anything about my strength!"

Boom!

As soon as the words were finished, majestic blood gushed out from the Gorefiend's robe, like a stormy sea, and instantly swallowed up the surrounding men in suits.

The blood enveloped their bodies like jelly, and after a long time, it crawled back into the Gorefiend's robe. All the men in suits around him bled to death from their seven orifices, and only Feng Di still had a trace of breath.

Seeing the death of his subordinates, Feng Tian didn't take any action to stop him, and said lightly: "It really is a Gorefiend! Even if the seal is just broken, he is still so powerful!"

"Of course, otherwise why would I be sealed?"

"It's a pity." Feng Tian sighed, and the golden pupil became unfathomable.

The Gorefiend asked in confusion, "What pity?"

"It's a pity that I want to return your words. You know nothing about my strength!"

"Hahahaha!" The Gorefiend laughed maniacally after hearing this, laughing at the ignorant ants in front of him.

Qing Yutong, who was peeling peanuts, said: "These two people are really good at bragging."

"Yeah, look at how low-key I am." Lu Hong smiled and squeezed out a piece of bean curd, which was rather refreshing.

Brittany snorted coldly: "The two mere ants are bragging to each other."

Qing Yutong bit down on Seitan, feeling comfortable: "Don't talk about him like that, at least he's still somewhat good." [Seitan is a mildly flavored, high-protein meat substitute made of wheat gluten. It is popular in vegetarian and vegan cooking.]

"Primary school students fight." Zi Shan said silently.

Yi Hong really wanted to refute. For example, when did you see elementary school students fighting, but he didn't dare to refute his wife.

Fortunately, Gorefiend and Feng Tian didn't hear the conversation between the girls, otherwise, they would definitely join hands to deal with Qing Yutong first.

But it seems that they can't beat her.

A blood sword appeared in the hand of the Gorefiend! The whole sword was like blood flowing in the air.

The Gorefiend raised his hand, stroked the blade lightly, and said lightly, "I made this sword with the blood of my people. Although it is not as good as the Great Desolate Divine Weapon, it is still considered a secondary Great Desolate Divine Weapon."

"Hmph! What I hold is a golden glove, but if I add my blood energy, it will become a real prehistoric weapon!" Feng Tian stretched out his fists, and a terrifying aura emanated from the glove. Unexpectedly, the golden light condensed and attacked the Gorefiend.

The Gorefiend lightly waved the blood sword in his hand, and a half-moon-shaped blood mist hit the golden light.

Chapter 506 (Beating Up)

The golden light and the red light collided.

Boom!

The impact produced a huge wave of air that collapsed the factory, sending dust flying around.

Qing Yutong and the others had no choice but to get out of the way, as they didn't want to get their clothes dirty.

The five of them sat in the air and looked down. They felt pretty good, and the angle was just right.

Fortunately, this is the outskirts, and it is a deserted place all year round, so it didn't cause any sensation.

When the dust was blown away by the breeze, Feng Tian and Gorefiend stood among the ruins. Their bodies radiated light, which made them easy to identify.

"Gorefiend, surrender to me, and you can do whatever you want!" Feng Tian originally wanted to use another method to obtain the blood energy of the Gorefiend, but he didn't expect that the Gorefiend would still be so powerful after he came out, causing deviations in his plan.

The Gorefiend waved the blood sword in his hand, and said calmly: "I want your life now."

"It seems that we can't talk about it."

He erupted in an all-around way, and the gravel on the ground gradually floated up, making the ground vibrate slightly. This was just the aura release.

A wave of blood was released, making the sounds of howling wolves.

In fact, Feng Tian's guess was not wrong. This is not the true strength of the Gorefiend. After being sealed for such a long time, he is actually very weak. It will take a long time for him to recover, but for now, he is just holding on. Although he is weak now, he can still compete with Feng Tian.

It can be guessed how powerful he was when he was not sealed, but it is a pity that he was sealed before he could harm the world.

Feng Tian shouted angrily, and the golden fist in his hand struck out with a bang. The speed was extremely fast, and a mighty aura swept away. It was earth-shattering, and the sound was like a thunderbolt. It was just a simple punch, but it could produce such powerful coercion.

The Gorefiend's eyes froze. He was weak now. Escaping was a good strategy, but it was his first battle! How could he escape?

The strong naturally have the dignity of the strong. Even if they know they are going to die, they will fight to the end.

He held the blood sword across his chest.

Immediately, the golden fist hit the blood sword, producing a dazzling circular shock wave.

Gorefiend took a step back, stepping his right foot deep into the mud.

"Clinging Soul Fist!"

A terrifying pressure appeared in Feng Tian's right hand. He didn't expect to get close so easily, this Gorefiend is really arrogant!

The dazzling golden light illuminated the entire sky, blasting toward the Gorefiend with a force capable of destroying the world.

Gorefiend frowned, and the blood sword in his hand was placed across his chest again.

Boom!

Gorefiend's body slid back more than ten meters, and a deep groove appeared on the ground. It was really terrifying!

"Gorefiend! Surrender to me now, and you will have a chance to survive!" Feng Tian opened and closed his hands, and the golden light flourished, which showed that the more he fought, the more powerful he became.

"Yes?"

Feng Tian opened his eyes wide, because the voice came from behind, he didn't have time to think about it, and he immediately retreated. He felt a tingling pain in his shoulder instantly.

The blood sword was like a baby, sucking blood greedily. Gorefiend looked at Feng Tian who was retreating: "I told you, you don't understand my strength! Even if I am weak now, you are not my opponent."

Feng Tian glanced at the wound on his arm. He didn't expect the speed of this Gorefiend to be so fast!

Feng Tian has the advantage in weapons, but the Gorefiend was not easy to provoke. This is the man who blatantly says he wants to bring harm to the common people. No one dares to say such wild words.

"Gorefiend, don't force me!" Feng Tian shouted in a deep voice.

"So what if I force you?"

Feng Tian's face changed wildly. Obviously, the Gorefiend was in front of his eyes, but the voice was indeed coming from behind.

There was no time to think about it, and when he dodged hastily, he felt a sharp pain in his thigh.

Gorefiend stuck out his scarlet tongue, licking the blood on the sword: "You will be stabbed to death by my sword!"

Feng Tian panted heavily, 'this Gorefiend is really powerful! As expected of a sealed character, I underestimated him!'

"Gorefiend, I'll give you another chance! There is still a chance of surviving by surrendering to me!" Feng Tian shouted in a low voice, his golden eyes began to rotate slowly.

"You should be ashamed of your words. I will give you an agonizing death."

Feng Tian sighed, and the golden glove in his hand disappeared.

Seeing Feng Tian's actions, the Gorefiend chuckled lightly: "Why? Don't you want to continue fighting?"

Feng Tian stared at the Gorefiend, and slowly lifted the mask with his right hand: "No! I have already given you a chance! You didn't cherish it!"

The mask slowly fell to the ground. Feng Tian's left face did not have any skin, rather it was akin to his eyes, golden. Very textured, like a layer of gold oil!

But the Gorefiend didn't find it funny, because the moment the other party took off the mask, he couldn't see through him!

Gorefiend's heart sank.

After uncovering the mask, Feng Tian stood there without moving at all, which made the Gorefiend feel an unknown pressure!

He wanted to take the upper hand by being the first one to attack.

Gorefiend took advantage of his abnormal speed and instantly came behind Feng Tian, ready to thrash through him.

However, the Gorefiend opened his eyes wide, watching the blood sword in his hand being grabbed by the other party. 'How is this possible!?'

Just when the Gorefiend lost his mind for a moment, a fist hit him, accompanied by a piercing sound. So fast that even the Gorefiend couldn't react, and his left cheek caught the opponent's fist. His body flew like a cannonball, hitting the ruins of the factory.

Qing Yutong, who was gnawing melon seeds in the air, had a cute expression on her face: "This...what's this situation? He got a power boost?"

Zi Shan said in a deep voice: "It must be some kind of secret method."

"It's not a secret method, but his mask suppresses his power. It seems that he changed as a person. Maybe the mask contains his two different people." Brittany guessed. This phenomenon is not unheard of; multiple personality disorder.

Lu Hong drank Pepsi and murmured, "Gorefiend's going to be in big trouble."

This Gorefiend is really unlucky. Back then, he vowed to harm the common people, but he was sealed by a group of people before he could leave his house.

So many years had passed, and just after he came out, he met someone with ulterior motives.

In fact, the Gorefiend should not be called the Gorefiend, he should be called the mildewfiend.

Feng Tian in the field suddenly let out a sinister laugh: "Useless guy! Let me help you!"

The ruins vibrated, and then the Gorefiend rushed straight into the night from the ruins. It was not voluntary, but he was beaten up!

Chapter 507 (Gorefiend Vomiting Blood)

Crazy laughter echoed in the ruins, and like a ghost, Feng Tian appeared above the Gorefiend's head.

Feng Tian clasped his hands together, raised them high, and hit the Gorefiend hard on the head.

Boom!

A wave of air exploded and Gorefiend fell again, making a big hole in the ground. Feng Tian still didn't notice the five women in the sky.

Gorefiend slowly stood up, and before he had a chance to recover, a black figure appeared in front of him.

Feng Tian punched the Gorefiend hard in the abdomen, and the Gorefiend was bent over, enduring the tremendous force!

There are no weird skills, just raw power in that fist. Coupled with his speed, it is simply impossible to guard against. If Gorefiend still had his full strength, he could have fought equally, but it's a pity that this is a weak version of the Gorefiend, unable to fight back. Even his blood sword fell to the ground.

Feng Tian grabbed the Gorefiend's neck with his left hand and held it up high. At this time, the Gorefiend's nose was bruised and his face was swollen, and his handsome appearance was gone forever.

Boom!

The right fist hit the Gorefiend's abdomen hard again, and the ground under Feng Tian's feet cracked with this blow!

Boom!

Another punch hit the Gorefiend's abdomen, and the Gorefiend's body became frailer by the second, and his breath became weaker and weaker. A few more blows would probably kill him.

Feng Tian is so terrifying, and his strength is unimaginable. If Ye Zizi knew that such a person existed, she would definitely have challenged him. After all, Ye Zizi is the representative of power, and even Ye Hua, her lord, is weaker than Ye Zi in terms of strength.

"Trash! Such rubbish should be dealt with!" After speaking, he punched the Gorefiend again, and Gorefiend was already on the verge of death. He still had one breath left, and if he got attacked again, he would die.

Throwing the Gorefiend to the ground, Feng Tian stepped on his chest. One could see his cruelty through Gorefiend's sunken chest.

Gorefiend didn't even have the strength to speak now, his eyes were red and swollen from the beating.

'I was the famous Gorefiend! Inhuman Gorefiend! Today, I was hammered into such a field by someone. Back then, even those prehistoric gods could only seal me!'

Feng Tian looked down at the Gorefiend, his golden pupils began to spin wildly.

The Gorefiend was startled and began to struggle feebly. 'What kind of trick is this? Why does it feel like the blood in his body is churning, as if it is about to burst out!'

The golden eyes became brighter and brighter, and the blood energy in the Gorefiend's body was forcibly pulled out. The golden eyes sucked his huge blood energy, while the Gorefiend was shrieking.

Feng Tian's golden pupils gradually turned red, forming half-red and half-golden pupils.

What this sucked was the lifelong blood energy of the Gorefiend, meaning some of his strength was sucked away.

The painful wailing continued, and the five women watching the show in the air were a little surprised.

"This... this Gorefiend is too miserable." Lu Hong hurriedly ate a spicy stick to suppress his shock.

Qing Yutong took a sip of Wangzai's milk: "Yeah, he's so miserable."

Zi Shan suddenly glanced at Yi Hong, and a golden light flashed in her beautiful eyes. Yi Hong hurriedly looked away in fright, his wife was too scary. It is a living warning.

Brittany said lightly: "After absorbing the Gorefiend's strength, this man's strength has greatly increased."

"How strong?" Qing Yutong asked curiously.

Brittany stretched out her index finger, pressed her fingernails, and said, "Maybe it's that strong."

Everyone smiled helplessly. Others are not as good as your fingernails. It's all bragging.

After a long time, Feng Tian finally stopped, and although the Gorefiend lying on the ground was not dead, he wanted to die now.

Feng Tian picked up the mask on the ground and put it on. His whole body trembled, as if he had transformed.

Slowly walking to the Gorefiend, Feng Tian said lightly: "I told you a long time ago, surrender to me, and you will have a chance to live! You didn't listen!"

The Gorefiend stared straight at Feng Tian, as if saying if I will die I won't let you go either!

"However, I still want to thank you for your blood. You helped me refine the divine weapon, and I will also accept your sword. You can wait here to die." After finishing speaking, Feng Tian walked into the ruins, carried Feng Di out, and then searched for the five women, but they had already disappeared.

'Must have been crushed to death. What a pity.'

After Feng Tian left, the dying Gorefiend was left behind.

"Brittany, do you have a GPS?" Qing Yutong exhorted, this is a hidden danger, and they must know the other party's location.

Brittany calmly said: "Don't worry."

Qing Yutong felt relieved, her brother-in-law likes to pretend so much. When the time comes, his brother-in-law will beat him until he can't recognize himself.

"The snacks are finished too. Let's go down and see the Gorefiend. Brother-in-law still wants to see him." Qing Yutong sighed softly. They knew from the two brothers that her brother-in-law deliberately released the Gorefiend and wanted to see him create a ruckus, but the current Gorefiend, let alone creating a ruckus, can't take care of himself.

The five women landed next to the Gorefiend, and the Gorefiend also sensed that someone was coming again. He slightly opened his eyes and saw that it was five women.

"He's really miserable when you look at him from a close distance. Your face is swollen like this. It's a pity that I called him a handsome guy before." Qing Yutong squatted down and looked at him carefully.

And others also squatted down, as if looking at a rare animal.

This Gorefiend almost collapsed.

Lu Hong nodded lightly: "Yeah, how awesome he was at the beginning."

"Especially that sentence, 'you don't know anything about my strength.'" Brittany said slowly.

Qing Yutong breathed a sigh of relief: "It's alright now, you've been beaten in the face by others, and have turned into a pig's head."

"Stop talking, the Gorefiend vomited blood." Zi Shan exclaimed, he was spraying a lot of blood.

Gorefiend feels more desperate than death at this time. Their words pierced into his chest like sharp knives. 'Thinking back, I was really ashamed to say such words, and then I was beaten into such a state by others.'

Qing Yutong persuaded: "Gorefiend, don't be like this. People are in the rivers and lakes. How can they not be beaten? It's normal. I was beaten by my brother-in-law too. [Parody of the line from Internal Affairs: 2 "People are in the rivers and lakes, come out to mess around, and sooner or later they have to pay back." The original meaning means that if a person does something that corrupts morals or violates the law in society, sooner or later he will be punished by the law. Or the meaning of double restitution for the victim. Here's a more detailed version if you are interested; <https://www.163.com/dy/article/GHBRG7A605521XXO.html>]

"Don't get me wrong, it's just a spanking on the palm of my hand, not my butt."

Everyone: "..."

Lu Hong asked in distress: "The Gorefiend has been beaten into such a state, what should I do? Does anyone want to take him back?"

"Yes, this will scare my brother-in-law." Qing Yutong nodded.

"Or just bury him, he looks very pitiful." Zi Shan said slowly, and Yi Hong's whole body went numb all of a sudden.

Gorefiend couldn't take it anymore and fainted. 'I don't want to hear your words, this is worse than death.'

Chapter 508 (You are the Supreme Overlord!!!)

Lu Hong is not Ye Hua, and what if Ye Hua has other purposes?

He immediately contacted Uncle Wei to get his advice.

At this time, Wei Chang was sleeping with Xiao Tang in his arms. Of course, it was a normal hug.

Hearing that Lu Hong had completed the task and caught the Gorefiend, he immediately woke up.

'Your Honor wants to meet this Gorefiend and see how he brings disaster to the common people!'

He didn't have time to think about it as he quickly contacted Ye Hua.

And Ye Hua was also sleeping soundly with Qingya in his arms. Qing Ya was in deep sleep. 'When did I say to catch the Gorefiend?'

But now that he has been caught, what else can he say? Better go and have a look first. He left a mirror image and came to the bar.

Qing Yutong and the others were too embarrassed to bury him any longer, so they had to let him check him out.

The news of the capture of the Gorefiend spread quickly, even Lie Gu and Jue Tian came to see what the Gorefiend, who caused harm to the common people, looked like. Even Death Mage and Xun Fang came.

But when everyone saw the Gorefiend, they felt...

Is he really the same Gorefiend who created a ruckus for the common people? Why is he beaten so badly?

Ye Hua couldn't believe it, the one in front of him with a bruised nose and swollen face was Gorefiend! Isn't he the one who used to create a ruckus among the common people? But being beaten like this...

"Are you sure this is the Gorefiend?" Ye Hua lowered his head and asked in a deep voice.

Lu Hong said respectfully: "Your Honor, this is the Gorefiend. His image was pretty good at the beginning, but he pretended to act cool and ended up being beaten like this."

Lie Gu felt pity when he saw him: "The chest is broken."

Jue Tian sneaked a glance at Brittany, then continued to observe the Gorefiend, but he didn't know what she was thinking.

"I thought this Gorefiend was a person who caused harm to the common people, but I am really disappointed." Ye Hua shook his head.

"Look, brother-in-law, the Gorefiend is vomiting blood again." Qing Yutong exclaimed.

Blood spurted from the mouth of the Gorefiend, and he had been pretending to be dizzy just now, but hearing these people's words broke his heart. It hurts more than being beaten.

'I, Gorefiend, am inhuman, and I want to bring disaster to the common people!'

The first time, he was sealed before he could leave his house.

The second time, he came out of the seal but was beaten violently. It was just physical pain, but what happened next was like a bloody sharp knife stabbing his heart.

Gorefiend was really pitiful, he was beaten to the ground because of his useless moves. On the one hand, he underestimated the enemy, and on the other hand, Feng Tian was too strong.

"What a useless Gorefiend, you will dirty my reputation after being beaten like this!" Ye Hua said coldly, with a flick of his right hand, a green halo covered the Gorefiend, and the wounds of the Gorefiend were recovered. Even the sunken cheat was healed!

"Tell me, how could he be beaten like this?" Ye Hua asked lightly. As for why didn't he kill the Gorefiend? Because there is a good reason, that is, the Gorefiend is not a human being, but a foreign race.

Ye Hua will not kill indiscriminately, because Ye Hua himself is also a foreign race.

There was even an idea before that the alien races should unite to attack humans, but unfortunately, the wish was not realized.

Lu Hong told the story again, and Ye Hua was slightly taken aback when he heard it. This Gorefiend was tricked by humans, which is really surprising.

Moreover, the person from Lu Hong's story seems to be very powerful. He must be a little powerful to beat the Gorefiend into such a state with only his physical strength.

"Where's that person?" Ye Hua took out a cigarette and lit it, and asked lightly.

Brittany said respectfully: "Your Majesty, don't worry, I've locked his aura!"

When Jue Tian heard Brittany's words, he looked over slightly and saw that there was a layer of frost on Brittany's pretty face, so he didn't say anything.

"Very good, Brittany! Keep an eye on him first, and see what he is going to do."

"Yes!" Brittany knelt and accepted the order.

Everyone looked at the Gorefiend on the ground, who was still pretending to be dizzy. Is this really a Gorefiend? Is there a mistake?

The Gorefiend thought that if he pretended to be dizzy, no one would take notice, but now that he is healed, can he stop pretending to be dizzy and accept the reality?

It's not that the Gorefiend doesn't want to remember, it's really too embarrassing. He felt that the group of people around him were very powerful, but he was a lone wolf who wanted to bring disaster to the world. How can he be with humans?

Lie Gu kicked the Gorefiend: "Still pretending? Get up already!"

Lie Gu stepped on the Gorefiend's finger, causing the Gorefiend to let out a miserable cry as he sat up all at once.

'This group of people is so shameless, it is rude to wake others up by stomping on their fingers.'

The Gorefiend looked around. He didn't see the faces of the five women clearly in the ruins, but now that he saw them clearly, he was amazed. But now is not the time to be amazed. These men seem to be untouchable.

"Are you the Gorefiend?" Ye Hua asked lightly.

The Gorefiend frowned, and the voice came from behind. He turned and looked at Ye Hua. This man was even better looking than him. How could it be possible?

"That's right, I'm the Gorefiend!"

Wei Chang sneered coldly: "Bold! You aren't showing respect when you see Your Honor!"

"Who are you? A prehistoric god? Or an Overlord?"

Wei Chang and Lie Gu laughed and the others also smiled. They were mocking the ignorance of the Gorefiend.

The prehistoric gods are much "advanced" than ordinary deities. Take Tianfu as a comparison. The prehistoric gods are like a group of people living in the capital, the Overlord belongs to the high-level people among the prehistoric gods, and the Tianfu may be just a small remote city.

Gorefiend directly mistook Ye Hua for the Supreme or those prehistoric gods, which earned a chuckle from Ye Hua.

"Still not kneeling yet!" Brittany sneered, and immediately let out a strong pressure. The Gorefiend, who has no strength, couldn't stand Brittany's anger, and knelt directly in front of Ye Hua, unable to get up.

Ye Hua put away the smile on his face, bowed his head, and said: "Overlord? Prehistoric gods? They are all spicy chickens, and they are still alive because I didn't touch them!"

The Gorefiend, kneeling on the ground, sweated and asked: "Who are you?"

"Your Honor is the Supreme Overlord!" Brittany shouted again, and the pressure she unleashed increased again. The floor under the Gorefiend's knees cracked. Although he lost his strength, the body of the Gorefiend was still very robust.

Gorefiend's face changed wildly, he looked up at Ye Hua vigorously, and spit out one word at a time: "You are the Supreme Overlord!!!"

Chapter 509 (I will mop the floor)

Ye Hua was a little relieved to see the surprise in Gorefiend's eyes. He likes these kinds of eyes, and of course, the desperate ones as well.

"If the highest title is the Supreme Overlord, then this deity is indeed one." Ye Hua exhaled a puff of smoke, and his tone was very light, as if he looked down on the title of the Supreme Overlord. After listening to it for five years, he was tired of hearing it.

The Gorefiend was horrified. The man in front of him turned out to be the legendary Supreme Overlord. How could this be possible? How could the Supreme Overlord appear in such a place? This is very unreasonable!

'I heard that the Supreme Overlords are all lone wolves, and I am also developing in this direction.'

Seeing that the Gorefiend was too frightened to speak, Ye Hua asked aloud, "I heard that you want to harm the common people?"

Gorefiend didn't dare to be careless now, and respectfully shouted: "Your Excellency, my wish is to create ruckus for the common people."

"Do you have any plans?" Ye Hua asked lightly.

The Gorefiend was stunned: "Plan?"

"Of course, without a plan, how can you harm the common people? Such as what to do in the first place, and then how to go about it?" In fact, Ye Hua didn't use to make plans before, but now he knows the importance of planning.

"I... I was sealed before I could think about the plan." The Gorefiend hesitated and said, what is the use of a plan? It can't keep up with the dynamicity of the world.

"It's because you didn't have a plan that you encountered changes, so you had no countermeasures. To put it bluntly, you are stupid." Ye Hua shook his head. This Gorefiend is just average. Apart from being a foreign race like him, nothing is outstanding about him.

Ye Hua continued: "As a Gorefiend, it's really embarrassing to be tricked by someone."

"Your Excellency, that person is really powerful, you must believe me."

Qing Yutong smiled coquettishly: "That means you don't know anything about my brother-in-law's strength."

The Gorefiend's fair face was slightly flushed, and when he thought of what he said, his face felt hot.

"Let's keep that kind of character for a look now, and there won't be any trouble."

The Gorefiend said hurriedly: "Your Excellency, that person sucked my blood energy, and his skill has greatly increased. He also has an invisible Great Desolate Divine Weapon. I'm afraid it's formed now and his strength has reached a new level!"

Ye Hua was satisfied with the attitude of the Gorefiend. He told all he knew without hiding anything.

"This deity won't be beaten up like you." Ye Hua said coldly.

The Gorefiend didn't say a word, this is the Supreme Overlord, and he must have a way.

Gorefiend watched Ye Hua lose interest, but he was a little interested in Feng Tian.

"Let's go." Ye Hua said lightly, and healed his wounds. After all, they're of a foreign race, and life is not easy.

Gorefiend stood up slowly, cupped his hands, and said, "Thank you, Your Excellency!"

Ye Hua signaled, let's go and stop your flattering.

Gorefiend took a deep breath, turned around, and walked towards the door. 'I, Gorefiend, am a lone wolf! That's right! A lone wolf! But sometimes, even a lone wolf needs a pack.'

The Gorefiend stopped in his tracks, turned around, walked up to Ye Hua, and knelt: "Please take me in, the Supreme One!"

"Why should I take you in?" Ye Hua asked calmly.

Gorefiend was stunned and kowtowed his head, and said: "I can clean the floor to the extent that I will be able to lick it!"

Everyone: "..."

It turns out that this Gorefiend is not useless, and he has such talents.

If the Gorefiend just said what he said before he died, Ye Hua would drive him away to fend for himself, but Ye Hua became interested when he said this.

'It's free, let's see how he mops the floor to the point of licking it.'

"Okay! I am looking forward to your mopping."

"Thank you, Your Honor." The Gorefiend was overjoyed. It is an honor for him to work under the Supreme Overlord.

Gorefiend walked aside, picked up the bucket, and started mopping. He is really a hardworking Gorefiend. Don't underestimate a hardworking man.

Ye Hua turned his head to everyone and started a commendation meeting. After this mission, he should give everyone their fair share of praise.

"In this mission, everyone did a good job." Ye Hua glanced at everyone and said in a low voice.

The Gorefiend mopping the floor was puzzled. What mission?

"Although the task of this deity was to let you release this Gorefiend reasonably and then see how he harms the common people, it is understandable that such a thing happened."

Ye Hua's words made the Gorefiend almost fall.

'It turns out that my appearance was the intention of the Supreme Overlord! He just wanted to see my ruckus on the common people!'

'God, why did such a thing happen, it turns out that my appearance was a mission for others...'

The crowd didn't care about the Gorefiend mopping the floor at all, and everyone present was very happy after listening to Ye Hua's praise.

"Among them, Lu Hong and Yi Hong performed very well. As rookies, it's not easy to do this." Ye Hua said lightly.

Lu Hong and Yi Hong, who were praised, knelt and replied: "Thank you for your praise!"

"There are also Wei Chang, Death Mage, and Xun Fang. Their help is worthy of praise."

The three hurriedly knelt and respectfully shouted: "We serve Your Honor!"

"Brittany also did well."

After hearing that, Brittany was overjoyed: "This subordinate is gleed!"

"This is the end of the mission. Brittany, you continue to track down that man named Feng Tian!"

"Yes!"

"Others do what they should do, reconcile if they should reconcile. I don't want to hear about divorce again!!! Got it!?" Ye Hua snorted coldly, his eyes showed a cold light.

Everyone didn't dare to take a breath, and they all knelt on the ground: "Your subordinates obey!"

Even the Gorefiend mopping the floor beside him knelt.

Ye Hua nodded, then disappeared from the bar, returned to bed, and slept with Qing Ya in his arms. This is the most comfortable thing in life.

Seeing Ye Hua leaving, everyone breathed a sigh of relief and stood up.

Jue Tian looked at Brittany not far away, walked over slowly, and asked with concern: "Is the wound still hurting? I have some medicine here."

"Get out!" Brittany shouted coldly and immediately disappeared from the bar.

It's pitiful, it's embarrassing. You only know how to cherish when you lose.

Jue Tian really regretted it, and when he saw Brittany cut off her own wings, his heart ached. Although he heard Ye Hua saying that Brittany was fine, Jue Tian still wanted to ask.

But judging by Brittany's reaction, Jue Tian can't do anything about it. She will probably hate him for the rest of her life.

Chapter 510 (House of Gossips)

"Everyone, let me take my leave first." Jue Tian disappeared after finishing speaking.

Lie Gu joked: "You told him to get out, and he really got out. Well, so did I..."

After Lie Gu left, the Death Mage and Xun Fang also left.

Qing Yutong also yawned and left. It was a very satisfactory night.

Ye Zizi didn't participate, she really became more and more obedient. I really miss the old Zizi.

Wei Chang smiled at Lu Hong and said, "You two have done a good job, keep up the good work."

"Thank you, Uncle Wei." Lu Hong said respectfully. Uncle Wei is a good, kind, and amiable man.

With a flick of Wei Chang's index finger, a cloud of black mist enveloped the green and red brothers, and they changed back to their "original form". They were still wearing those same clothes...

Seeing this situation, the Gorefiend's eyes almost fell off. It turned out that those two were men!!!

'Just now I was...

so disgusting...'

Wei Chang patted Yi Hong's shoulder: "Zi Shan is not easy to handle. Talk to her and don't make her sad again."

"Thank you Uncle Wei for your concern."

Yi Hong was not used to this team at first, but now he feels that this is a big family, and everyone takes care of each other, which feels very warm.

Wei Chang and Lu Hong also left first, giving space to Yi Hong and Zi Shan.

Yi Hong, who was still wearing women's attire, looked at Zi Shan, feeling a little nervous.

He then looked at the Gorefiend mopping the floor.

The Gorefiend paused and immediately turned his back, pretending not to hear.

Unexpectedly, this Gorefiend actually has a heart of gossip.

Yi Hong coughed lightly.

Gorefiend reluctantly dragged himself on the floor and slipped all the way behind the bar, then stopped immediately and quietly leaned behind to eavesdrop.

Suddenly!

Gorefiend felt that there was someone behind him!

"Shh..."

Gorefiend froze when he saw Lie Gu's eyes glaring at him. When he turned his head, the Gorefiend saw... the so-called Uncle Wei!!!

And then there's Jue Tian!

And that skeleton and Xun Fang!

And Lu Hong!

'God! So it's not just me who likes gossip. These people all like gossip!'

'Even the Supreme Overlord is here. My God, what kind of place is this!?''

'This is the house of gossip!'

Perhaps even Yi Hong didn't expect everyone who had just left to come back and hid to watch the show.

Ye Hua was going to sleep at first, but when Wei Chang said there was a good show to watch, he ran back again, wanting to see how Yi Hong begged his wife for forgiveness.

Yi Hong swallowed her saliva and walked towards Zi Shan.

"Stop! Say what you have to say! Don't come near me!" Zi Shan's beautiful eyes turned cold, and she said coldly.

So fierce.

Yi Hong stopped immediately, and looked at Zi Shan tremblingly, not daring to disobey her in the slightest. He couldn't afford to offend her!

"That... my wife... I..."

"Who is your wife!? Aren't you going to get a divorce? Call me Zi Shan! I don't know you!"

Ten thousand times more ferocious than Gorefiend!

Hearing his wife's words, Yi Hong felt a chill in his heart. Maybe she really wanted to divorce him.

"Zi Shan, don't be angry, can you listen to me?" Yi Hong took a deep breath, this matter was his own fault, and he deserved to be scolded. What Uncle Wei said was right, Zi Shan. It's really not easy to handle and it's too hard for her.

Zi Shan snorted but said nothing.

Lie Gu loathes this iron head: "Actually, Zi Shan is willing to stand here and listen to your explanation. This is to give you a chance, yet he does not understand this. So stupid."

"Stupid people have stupid blessings." Ye Hua said lightly.

"Your Majesty's words are justified!"

"Your Majesty's words are too good!"

"Your Majesty's words speak to the truth!"

Gorefiend secretly thought that these fuckers were a bunch of sycophants, and then said: "Your Majesty's words moved the sky. I'm going to cry."

Lie Gu and the others looked at Gorefiend, and said, wow, this is shameless!!!

Yi Hong in the field took a deep breath, and said in a deep voice, "My wife, I was wrong."

"What did you do wrong!" Zi Shan shouted but did not refute the "wife" title.

Yi Hong really wanted to help his younger brother.

"Honey, I shouldn't have asked for a divorce." Yi Hong said weakly.

"You still talk about divorce!"

"I won't talk, I won't talk..."

Zi Shan nodded, and continued: "What else?"

"Wife, I should understand your difficulties. You are so kind to me, but I am still useless. I was in the wrong. Can you forgive me this time?"

After hearing this, Li Gu sighed deeply: "People face too many hardships." [Changed from "people are too forced" to its English equivalent.]

Ye Hua said lightly: "If people do not face hardships, how can they improve themselves?"

The people hiding behind were startled and looked at Ye Hua with admiration. As expected of their leader!

On the battlefield.

Zi Shan's beautiful eyes stared at her husband, while the latter didn't dare to look directly into his wife's eyes. He was so cowardly that his elder brother felt bad at looking any further.

"Look at me!" Zi Shan shouted.

Yi Hong raised his head slowly, and when he saw his wife's cold and beautiful eyes, he immediately turned his face away.

"Where did your aura go from that day? Has it been eaten by a dog?"

Why is her husband so afraid of her?

"Will you still be obedient in the future?" Zi Shan asked.

Yi Hong nodded.

"Speak!"

"Listen..."

"Speak up!"

"Listen!!!"

Everyone hiding behind burst into laughter, and Li Gu and Lu Hong even took out their mobile phones to take pictures.

Ye Hua also showed a slight smile, which can be regarded as adjusting the atmosphere of the team. Seeing that everyone is so happy, Yi Hong's divorce is not in vain.

"Do you still dare to divorce me in the future?" Zi Shan's tone gradually became less cold, and she even choked up a little, thinking of Yi Hong from that day she felt very depressed. This version of Yi Hong is better, really obedient, like a puppy.

"I don't dare." Yi Hong said sincerely.

"Will you scold me again in the future?" Zi Shan's choked-up sound became louder and louder, and she was so sad that she felt like dying.

Seeing his wife crying, Yi Hong shouted anxiously, "Wife, don't cry."

"Don't come here! Answer me!" Zi Shan burst into tears and started to choke on her sob.

"I don't dare anymore. I will do whatever you say in the future, and I promise I will listen to you."

"Woooooooooooo..." Zi Shan squatted on the ground and howled loudly.

Seeing this, Yi Hong was heartbroken. He hurried forward to hug her, and Zi Shan also hugged him, desperately throwing weak punches. The muffled sound really makes people shudder. Is this really a fight? After the beating, Zi Shan scolded coquettishly: "Why don't you dodge, you idiot."
