

My Woman 641

Chapter 641 (Younger Sister-in-law Wants Blind Dates)

Due to the significant uproar caused by the recent events, the consequences were chilling, and various sectors criticized the Justice League and the Peace Association. Aren't you organizations responsible for maintaining law and order? Why hasn't this female demoness been dealt with yet?

Or is it that you don't have the ability to solve it? If that's the case, just say it, and we'll find another solution!

This situation left the Justice League and the Peace Association in a state of distress, to say the least.

However, in the following days, the situation became even more severe. That female demoness seemed to have gone mad, unstoppable. She would kill any man she encountered, frightening many men to the point where they didn't dare to leave their homes, trembling in fear.

At this moment, inside Wang Dabao's villa, Qing Tiandi's expression turned gloomy, a departure from his previous attitude.

Wang Dabao and Bai Cixin sat on the sofa next to each other, while Feng Tian was still in a state of self-isolation...

"I gave you two ancient divine artifacts. Why haven't you eliminated that demoness?" Qing Tiandi questioned with a low and grave voice. He hadn't expected that a female reincarnator would cause such great trouble to his two organizations.

They used to be respected and admired, but now they were being scolded like dogs and labeled as useless.

Damn, they were all a bunch of troublemakers, internet warriors!

Wang Dabao said softly, "Big Brother, this witch is too powerful. Last time, everyone we brought was killed. If we hadn't run fast, there would have been no hope of escape."

"Excuses!" Qing Tiandi shouted coldly.

Wang Dabao and Bai Cixin were slightly stunned. It seemed that this witch had indeed angered Qing Tiandi. Furthermore...

The tone of his words was off. Previously, they were all part of a team, but now it felt like he was making decisions on his own.

"I want to see results within three days! Understand?" Qing Tiandi's gaze was profound, which made Wang Dabao and Bai Cixin feel a heavy pressure. Even though they now possessed powerful spiritual spirits, they still felt that Qing Tiandi was formidable.

This was obvious. Back then, Xiao Yi also had a spiritual spirits, and he even experienced a rebirth, but he was instantly killed by Qing Tiandi.

Without explaining any further, the two nodded and didn't know how to deal with that witch.

"Go out," Qing Tiandi calmed down slowly, thinking that the appearance of this witch had given the Voidless Realm a chance to breathe. If Voidless Realm seized this opportunity, it could turn the tide.

It seemed that he had to consider taking action himself!

Bai Cixin and Wang Dabao walked out of the villa, and Wang Dabao whispered, "Isn't this our home? Why are we leaving?"

"It seems we need to contact Director Shi." Bai Cixin said with a heavy tone. This situation couldn't go on. Qing Tiandi's ship seemed to be capsizing, and his attitude had changed significantly, unlike before.

Wang Dabao paused and curiously asked, "Wife, should we join the Time-Space Bureau?"

"Let's see first."

"Honey, can't we just live a good life? Do we have to get involved in this whirlpool?" Wang Dabao sighed, feeling a bit weary. He used to think he was among the top experts in this world, but in the past year, he realized there were too many formidable individuals whom he couldn't contend with.

Bai Cixin stopped in her tracks and gently embraced her husband. "Dabao, once we can safely retreat, we'll live a good life, regardless of anything else."

"Really?" Wang Dabao was still excited.

Bai Cixin nodded, and in his excitement, Wang Dabao lifted his wife and spun her around. "Let's go, I'll take you to KFC."

"What's so delicious there? I want to eat jelly beans," Bai Cixin chuckled.

Wang Dabao's mouth formed an "O" shape. His wife hadn't eaten them in a long time, and now she suddenly wanted to. As a husband, of course, he had to fulfill her request.

The couple held hands, resembling a couple in passionate love, as they boarded the car and left.

Meanwhile, Qing Tiandi stood by the window on the second floor, watching the couple depart, with a slight smile on his lips.

In the Voidless Realm, a significant event was about to take place today. Inside Qing Yutong's palace, Qing Ya and Donghuang Baizhi were busy. Why were they busy?

Because Qing Yutong was going on a blind date!!!

This made Ye Hua feel annoyed. These past few days, he deliberately ignored his sister-in-law, letting her know that he was not someone to be trifled with. He wanted her to come and apologize quickly so they could continue their secret affair.

But what happened? Not only did his sister-in-law not come to find him, she even agreed to go on a blind date with Qing Ya. She completely disregarded him!

His two wives were still dressing up Qing Yutong. Damn it, what was there to dress up for!

Who the hell dared to go on a blind date with his sister-in-law? Did they not want to live anymore!

"Where did Ye Hua go after dinner? I haven't seen him." Donghuang Baizhi wondered.

Qing Ya glanced at her masterpiece and replied, "It doesn't matter where he went. Yutong, are you satisfied?"

Looking at herself in the mirror, Qing Yutong snorted coldly in her heart. Where did she fall short? Her brother-in-law had ignored her, and now she had to go on a blind date. They had just agreed during dinner. 'Hmph, I'll show you.'

"Yes, I'm satisfied. It's so beautiful." Qing Yutong was a talented actress and perfectly concealed her true feelings.

Donghuang Baizhi chuckled beside her. "Yutong, this Tang Yu is the most promising young talent in the entire Voidless realm. Not only is he handsome, but he is also skilled in various forms of martial arts. Not to mention his moral character, as the Tang family has been guarding the Voidless Realm for generations, and Tang Yu is no exception."

"I just like handsome men." Qing Yutong giggled like a silly girl infatuated with someone.

Qing Ya couldn't help but poke her sister's forehead in dissatisfaction. "You, don't just focus on appearances."

"Oh dear, I know. Don't mess up my hairstyle. Everything depends on this one move."

Qing Ya shook her head helplessly. "It's fine if you act crazy in front of us, but don't behave like this in front of others. Be gentle."

"I know, I know. I'll go now. Wait for my good news." Qing Yutong said as she hurriedly ran out.

Qing Ya loudly admonished, "Take it slow! Be a lady!"

"I got it..."

Watching her sister leave, Qing Ya let out a deep sigh. "I've been so worried for her sake."

Donghuang Baizhi embraced Qing Ya's fragrant shoulders and teased, "I think Qing Yutong and Ye Hua are quite compatible. Why don't we play matchmakers for them?"

"Do they still need matchmaking? Ye Hua wouldn't want that." Qing Ya rolled her eyes. He would never accept such a good thing. She would bet her life on it.

"Oh, my Empress, what are you thinking? Are you trying to find wives for us men? How come I didn't realize you were so magnanimous before?" Qing Ya curiously asked while hugging the Empress's slender waist.

Chapter 642 (Qing Yutong's Beauty)

Donghuang Baizhi chuckled lightly, "I also considered that she's your sister. If it were someone else, I wouldn't agree."

"You're trying to push my sister into a pit." Qing Ya smiled helplessly.

"Haha, I was just joking. Let Yutong decide for herself about this matter."

Qing Ya let out a sigh. Dealing with her sister's lifelong decision was really giving her a headache. If worse comes to worst, she might as well marry Ye Hua. If her sister really got married, she would still worry about her. What if her sister wasn't treated well?

It must be said, these two women were invincible. If Ye Hua knew what they were thinking, he would definitely be thrilled. They actually thought about finding a wife for him. They were quite something!

In the Voidless Realm, there was a small snack street that felt like stepping into an ancient street, creating a nostalgic atmosphere.

In the evening, this place was bustling with activity. The young people of Voidless Realm would come here to have fun and flirt with the girls.

Of course, this was also a great place for dates.

On a stone bridge with picturesque scenery, many young men and women exchanged sweet words or gazed into the distance. Below the bridge, there were wooden boats, offering another excellent option for a date.

"Wow, that's Tang Yu... everyone, look!"

"He's so handsome, Tang Yu is incredibly handsome."

"Why is Tang Yu here today? It's strange."

Everyone felt it was odd because Tang Yu rarely left his home. Since his father died in that major battle, he had become a general and the youngest general in the entire Voidless realm. He was adored by countless girls, who wished to fall into his arms and enjoy the touch of a hero.

Tang Yu stood at 189 cm tall, the ideal height of a male god. His flowing long hair exuded a classical charm, and his finely carved face was practically perfect. His eyes radiated calmness, but the aura he emitted deterred people from approaching. The combination of these traits created an irresistible allure.

With confident strides, Tang Yu walked onto the stone bridge. His left hand rested on his abdomen, while his right hand leaned against his back as he gazed into the distance, waiting for his beloved...

If one observed carefully, Tang Yu seemed a bit nervous.

Because today, the Empress actually mentioned a marriage arrangement to him!

And it was none other than Qing Ya's sister.

Tang Yu had also seen Qing Yutong from a distance and felt that she was truly beautiful, rivaling the Empress's beauty.

This made Tang Yu a bit insecure because Qing Yutong was too perfect. He was afraid he wouldn't be able to match up to her.

Of course, amidst his insecurity, he was still very happy. After all, it was the Empress who proposed the marriage arrangement.

If he could really marry such a girl, it would truly be his good fortune.

With these thoughts in mind, Tang Yu took a deep breath, and his mind began to wander. As the time for the date approached, he became even more nervous.

However, at this moment, a series of gasps sounded, and Tang Yu also turned to the direction of the sound.

He saw a breathtakingly beautiful woman slowly approaching.

She was dressed in a white gown, with rosy cheeks and snow-like complexion. Her eyes resembled autumn water, and the smile on her lips bloomed like a red plum on a branch, emitting a pleasant charm.

All men couldn't take their eyes off her, and all women felt inferior in her presence. Her beauty was on par with the Empress!

She was Qing Yutong.

"She's so beautiful. No wonder she's the Empress's sister!"

"Yes, her appearance rivals that of the Empress."

"I heard her sister is even more stunning. Master Ye is truly fortunate."

"But why did she come out today? Hasn't she always been living in the palace?"

"Maybe she came out to relax."

Tang Yu swallowed hard. Was this the girl he was going on a blind date with? She was truly stunning, as if she had carefully dressed up.

'Oh my... she actually attached so much importance to this blind date.' Did his own hopes become greater?

What should he say later?

It might not be good if he acted too abruptly...

Qing Yutong also noticed Tang Yu. He looked very similar to his photo, without any photoshop.

However, upon seeing Tang Yu's figure, Qing Yutong took a deep breath inwardly.

He still can't compare to his brother-in-law. She had set her expectations too high after being spoiled by her brother-in-law. Now, she compared every man she saw to him, and in comparison, they were simply inferior. Her brother-in-law was the real man. Oh~ she liked her brother-in-law so much~ sigh.

But to tease her brother-in-law, she also needed to show her best. She didn't believe her brother-in-law could resist. If he could resist, she, Qing Yutong, would admit defeat and willingly offer herself to her brother-in-law.

She couldn't help but feel shameless. What could she do? Her brother-in-law was such an outstanding man. Who wouldn't like him? Even the Empress and her sister were able to let go of their grievances because of his charisma. It was all because her brother-in-law was too charming.

Step by step, Qing Yutong walked onto the stone bridge. Tang Yu, on the opposite side, turned around, his face becoming unusually nervous.

Seeing Tang Yu's appearance, Qing Yutong once again felt that her brother-in-law was truly exceptional. She wanted to offer herself willingly.

Although the man in front of her was handsome, seeing him so nervous like this... where was his masculine spirit? Where was his regal aura? Where was his charisma?

Qing Yutong didn't even think about her own identity. She was the Empress's sister, Ye Hua's sister-in-law. Even in the entire Voidless Realm, she was respected. Coupled with her temperament and aura, ordinary men really couldn't withstand it.

And Tang Yu is also considered a young person, so it's normal for him to behave like this.

Qing Yutong stood in front of Tang Yu, and his mind went blank. He completely forgot the prepared words he had thought of earlier.

However, the people around them started discussing fervently.

"Oh my god! Tang Yu came early because of the Empress's sister!"

"Judging by the situation, they must be on a blind date!"

"Wow, Tang Yu is amazing. He's going to become the Empress's in-law directly."

"I'm so jealous. I want to become Tang Yu."

The men around were insanely envious of Tang Yu, while the women envied Qing Yutong's appearance.

Qing Yutong was speechless. Tang Yu couldn't even speak and was dumbfounded by her presence. He was so naive. If a perfect score was 100, Qing Yutong would deduct 50 points from him right now.

"Shall we go?" Qing Yutong said softly.

Tang Yu felt ashamed. He let someone else initiate the conversation, and his first impression was definitely ruined.

He was so foolish.

"Okay," Tang Yu replied awkwardly, his smile becoming even more awkward.

Qing Yutong felt like deducting another 25 points. This man was not good enough. He didn't smile as nicely as her brother-in-law.

They walked side by side on the street, and the people around them were amazed. They were actually on a date, which was a big deal in the Voidless realm.

However, Tang Yu didn't know what to say anymore. He just walked foolishly.

Qing Yutong didn't say anything either. She was just doing it to tease her brother-in-law. It's not like she really wanted to go on a blind date.

Chapter 643 (The Crazy Sister-in-Law)

"The weather is quite nice today," Tang Yu thought for a while and decided to break the awkward atmosphere.

Qing Yutong pursed her lips. "Is there even such a thing as weather in the Voidless realm?"

Tang Yu: "....."

So awkward... Really, so awkward...

Tang Yu felt like his brain wasn't functioning properly. He needed to come up with a way to save himself and make the most of this rare opportunity.

"I usually practice martial arts and write poems and paint at home. How about you?" Tang Yu thought this topic was good. Don't girls like guys who are into these things?

Qing Yutong chuckled sweetly. "Oh, I like boys who play games."

Tang Yu: "....."

Play games???

He realized that he had never played games before. How was he supposed to continue the conversation? He couldn't connect at all.

"I've never been out. I've always been in the Voidless Realm, so I don't know how to play games," Tang Yu sighed helplessly, feeling like his day was ruined.

Qing Yutong didn't mind and smiled. "That's okay. It's understandable since you're devoted to the Voidless Realm."

"That's good. Shall we go sit at that pavilion?" Tang Yu looked towards a nearby tall pavilion where men boasted and drank.

"Sure," Qing Yutong said softly.

Tang Yu felt that Qing Yutong's voice was incredibly pleasant. If he could listen to it for a lifetime, how wonderful would that be?

Ye Hua also thought his little sister-in-law's voice was pleasant. It was slightly better than Qing Ya and Donghuang Baizhi in that aspect, especially when she acted cute. It could give you goosebumps all over.

The two of them walked into a high pavilion called Hua Xuan, which had an elegant environment, with men boasting inside.

When the people inside saw the two of them entering, they stood up and shouted, "Lady Qing! General Tang!"

From the sequence of their greetings, it was evident that Qing Yutong held a higher status, as she was mentioned before Tang Yu.

The two nodded in acknowledgment and walked directly to the top floor.

Shortly after the two left, Ye Hua entered, holding a cigarette, his expression somewhat displeased.

Everyone was stunned to see Ye Hua and immediately showed admiration in their eyes as they exclaimed, "Master Ye!"

This was the proper way to address a strong individual. The tone was completely different from when they shouted for Tang Yu earlier.

Ye Hua ignored them and went straight upstairs. Tonight, he was going to spank his little sister-in-law's ass!

Everyone didn't feel uncomfortable with Ye Hua's attitude; in fact, they felt it was only natural for a powerful individual.

Arriving at the top of the pavilion, Qing Yutong and Tang Yu sat at a corner where they could see the entire street. It was very comfortable...

Especially when the gentle breeze blew, the refreshing sensation made people feel relaxed and happy.

Qing Yutong rested her chin on her hand and turned her head to look at the dark night outside. She wondered what her brother-in-law was up to. Here she was, on a blind date, but he didn't seem to be in a hurry at all. What a mischievous brother-in-law~

"Do you want something to drink?" Tang Yu asked with concern.

"Anything is fine," Qing Yutong casually replied.

"Would you like some tea?"

"I don't like tea."

Tang Yu: "....."

'Didn't she say anything is fine? Is this how all women are?'

"Then would you like to eat something?"

"Anything is fine."

Tang Yu was on the verge of collapse. How on earth was he supposed to satisfy her casual preference?

However, at that moment, Ye Hua walked up.

Everyone on the pavilion stood up, including Tang Yu, but Qing Yutong didn't.

"Greetings, Master Ye!" everyone respectfully exclaimed.

Ye Hua nodded and sat down beside them.

Although Qing Yutong didn't stand up, a cute smile appeared on her lips. Her brother-in-law was so adorable. She loved him to death~

Tang Yu, sitting down, saw Qing Yutong's smile and felt curious. 'Could it be because of him?'

Ye Hua, seeing his little sister-in-law smiling so happily, was truly enraged. He was having an affair with his true self, and now she was on a blind date. How dare she treat him like this!

This was starting chaos and abandoning it in the end!

Ye Hua's appearance undoubtedly brought great pressure. People in the pavilion started leaving one after another, unable to bear the oppressive atmosphere.

But Qing Yutong didn't leave, so Tang Yu wouldn't leave either. However, he didn't dare to speak loudly or even talk to Qing Yutong.

Master Ye was Qing Yutong's brother-in-law. His visit today was definitely to assess him!

But with his current state, he was surely a failure. Should he go over and greet him? However, looking at Master Ye's expression, it seemed like...

He wasn't that friendly. What should he do now?

Sitting here made him uncomfortable all over. How could he be in the mood to flirt with girls...

And he couldn't even flirt at all.

Qing Yutong blossomed with laughter in her heart. Her brother-in-law still cared about her. Look... he even came running over.

'He's so petty. He truly lives up to his title as the Jealous King of the cultivation world. He says he doesn't want it, but deep down, he actually wants it desperately.'

After a while, Tang Yu really felt uncomfortable. His nerves were on the verge of breaking.

"Um... I have something to take care of at home, so I'll go back first." Tang Yu squeezed out a smile. He couldn't afford to offend the Empress's sister.

Wrong!

It's the woman of Ye Hua that you can't afford to offend!

Qing Yutong also felt a bit embarrassed and said with a smile, "Then you should go back quickly."

"I'm really sorry." Tang Yu just wanted to go home quickly now. He didn't care about anything else.

As he passed by Ye Hua, Tang Yu respectfully said, "Master Ye, I'm leaving!"

Ye Hua didn't say anything, but nodded with a stern face.

As Tang Yu left, Qing Yutong let out a soft snort.

"Come here!" Ye Hua whispered.

Considering that my brother-in-law has performed well, I'll listen to him this time and go along with his wishes.

Qing Yutong sat opposite Ye Hua, pouting.

"Qing Yutong! You've become bolder now, even going on blind dates!"

"You agreed to it yourself, brother-in-law," Qing Yutong whispered.

Ye Hua slammed the table forcefully, "How dare you talk back to me!"

'I really like my brother-in-law like this. He has such a masculine charm. I'm in love~'

"It's clearly you, why do you care about me," Qing Yutong muttered softly, feeling really bullied.

Ye Hua's face turned cold, and in an instant, the two of them disappeared from the high pavilion and arrived in the bedroom of Leisure Bar.

Ye Hua didn't hold back and directly pressed his little sister-in-law onto his thigh, delivering a slap.

"Brother-in-law... it hurts." Qing Yutong tightly bit her lip, and that tender voice actually made Ye Hua's strength decrease quite a bit.

This little sister-in-law, she really knows how to choose the right moment during his fervent advances.

Directly pressing Qing Yutong onto the bed, Ye Hua and Qing Yutong began to enjoy the pleasure and excitement of their secret affair.

"Brother-in-law... please stop for a moment," Qing Yutong called out sweetly.

For some reason, when Ye Hua heard Qing Yutong calling him brother-in-law and then this happened, it felt so enjoyable...

Ye Hua furrowed his brows in confusion.

"Brother-in-law, lie down."

Ye Hua was curious to see what tricks this little sister-in-law wanted to play.

Qing Yutong blinked her adorable beautiful eyes and said tenderly, "Brother-in-law, I'll make you feel really comfortable."

Chapter 644 (The Sister-in-law Knows How to Play)

Feels good?

Ye Hua was a bit confused, but what happened next instantly brought him a stimulating sense of comfort.

Ye Hua had thought about this kind of excitement before, but he hadn't mentioned it to Qing Ya and Donghuang Baizhi. It felt inappropriate somehow, but he often fantasized about it in his mind. It would definitely be explosively pleasurable.

However, the things his little sister-in-law was doing now were things that neither Qing Ya nor Donghuang Baizhi had done.

He was ecstatic! Delighted! This sister-in-law truly belonged to him!

'Damn, it feels so good!'

It's unclear how much time had passed, but Qing Yutong licked her cherry lips and asked with a smile, "Brother-in-law, is it comfortable?"

"Yutong, you've performed well! This deity likes it!!!" Ye Hua expressed the highest praise. It seemed that neither Qing Ya nor Donghuang Baizhi had ever enjoyed such praise.

"Whimper~ I'm so happy. Brother-in-law actually praised me." Qing Yutong was also excited. It was really difficult to earn praise from her brother-in-law, as seen from the efforts of his subordinates. Even her sister and sister Baizhi did the same, trying their best to do everything well, just to receive some praise from her brother-in-law.

Ye Hua now felt completely relaxed. He had been holding it in for so long, but fortunately, Yutong helped!

Embracing the fragrant shoulder of his little sister-in-law, Ye Hua curiously asked, "Where did you learn these tricks?"

Qing Yutong held onto Ye Hua's waist and smiled sweetly, "I didn't learn from anywhere. I did everything to serve my brother-in-law~"

"Well, Yutong, you have such awareness. It's good. It's not in vain that this deity has taught you for so long."

"Whimper~ Brother-in-law's happiness is all that matters." Qing Yutong immediately started acting spoiled. Ye Hua enjoyed it very much. Qing Ya and Donghuang Baizhi rarely acted spoiled in front of him now. They used to do it a little, but now that they were both mothers, it was hard to find such moments.

However, this feeling of having a secret affair was still fantastic. It's no wonder that so many men liked it. He understood. The deity also liked it.

"Brother-in-law, there's still time. Shall we do it again?"

"Sure, after that, we'll go back."

"Okay~"

Ye Hua closed his eyes, rested his hands behind his head, and enjoyed the comfort brought by his sister-in-law. It was very pleasant...

In the Voidless Realm, Qing Ya and Donghuang Baizhi also heard the news.

"Qing Ya, it seems our man has feelings for Yutong. He even has to personally oversee the blind date." Donghuang Baizhi made a sweet voice, seemingly not very concerned. But it was also Qing Yutong. If it were another woman, she would have rushed in with a knife long ago.

Qing Ya covered her forehead and whispered, "This Ye Hua never treated Yutong nicely from the beginning. He even told me to go and deliver contraceptives. Can you believe the nerve?"

Donghuang Baizhi brushed aside her hair and said softly, "Qing Ya, Yutong has been with Ye Hua for so long. Now, any man would compare himself to Ye Hua. You say Ye Hua is so outstanding, who else could she be interested in?"

"That's true. Compared to Ye Hua, any man feels inadequate." Qing Ya actually agreed with Donghuang Baizhi's statement. Her own man was the most outstanding in the world.

"So, if your sister keeps comparing like this, she'll definitely end up lonely. Besides, Yutong has been living with us for so long, she's already part of the family. I would be a bit worried if she really got married and left." Qing Ya turned to look at Donghuang Baizhi, feeling puzzled. "Baizhi, did you receive some good things from my sister? That's why you're counseling me here."

"Where would that come from? Yutong is truly a good girl. Not many men can match her." Donghuang Baizhi denied it.

"Hmph, I think it's Ye Hua who asked you to persuade me." Qing Ya found it strange. Donghuang Baizhi used to be different. Now, she's playing matchmaker between her sister and her husband, completely reshaping Qing Ya's worldview.

"Alright, alright. Can't you stop talking? Otherwise, you'll mistake me for a spy." Donghuang Baizhi raised her hands in surrender. It was just a suggestion that could be considered or not. Qing Ya was Qing Yutong's sister, so her consent was necessary for this matter.

"I heard they both disappeared. I don't know where they went." Qing Ya whispered.

Donghuang Baizhi groomed her nails and smiled. "What else could they be doing? They're like dry firewood and fierce flames. We don't let Ye Hua near us, but he still won't stop bothering his little sister-in-law."

"No, I have to go and bring them back. It's unacceptable!" Qing Ya said indignantly, although she hadn't fully thought it through.

In a certain sense, Qing Ya felt relieved if Yutong married Ye Hua. At least, Ye Hua would genuinely treat her well. If it were someone else, Qing Ya couldn't say for sure. Her sister had undergone earth-shattering changes, and who knows what others were after.

However, just as Qing Ya was preparing to go and catch them, Ye Hua appeared at the door.

"You're still awake?" Ye Hua said lightly, his expression normal, as if nothing had happened.

Qing Ya's face changed, and she immediately put on a smile, pulling Ye Hua to sit in a chair and gently massaging him.

"Ye Hua, where did you go just now?" Qing Ya probed, using a full-on tactic.

If Ye Hua didn't have this awareness, what was the point of having an affair? He would have been caught long ago.

"Nowhere, I just went out with Yutong, teaching her how to win a man's favor." As Ye Hua said this, he couldn't help but recall the scene just now. Yutong had put in a lot of effort, truly winning the affection of the deity.

Qing Ya was slightly stunned. Her husband was taking an unconventional approach.

"Well, Baizhi and I discussed it just now, and we both feel uneasy if Yutong marries someone else, so we wanted to ask for your opinion."

Hehe, if I fell for that, I'd livestream my own demise...

"What opinion?" Ye Hua asked curiously.

"Didn't I tell you before? Let Yutong stay with you," Qing Ya said softly, as if she were forcing the idea upon him.

To be honest, Ye Hua was slightly tempted, but the answer his mind gave him was not to fall for it. Qing Ya was deceiving him again.

After teaching so many times, deceiving people was a bad habit. Ye Hua had to learn the attitude of being honest, never deceiving others.

"What twisted idea is this? Yutong is my sister-in-law, and you're her sister. This is unacceptable! I have to criticize you properly and quickly dismiss this idea!" Ye Hua sternly rebuked, his face cold. Did they really think he was unaware of their little tricks?

However, Ye Hua didn't expect that Donghuang Baizhi actually agreed, and although Qing Ya didn't approve, she didn't oppose it just now. Maybe with a little persuasion, it could work out.

Qing Ya was a bit uncertain about her husband's intentions. Was he truly not interested in her sister, or was it just an act?

Ye Hua, being a man who had won the Best Actor award, even managed to deceive his wife.

"Ye Hua, I'm not joking or tricking you. Baizhi and I talked for a long time just now, and we genuinely feel at ease if Yutong stays with you." Qing Ya carefully persuaded, this time with sincerity.

Chapter 645 (Deceptive Tactics)

As for why they were genuinely concerned, it was undoubtedly due to Ye Hua's acting skills. If Ye Hua had openly declared his affection for his sister-in-law earlier, Qing Ya would definitely have been unhappy.

However, now that she felt her husband didn't like Yutong, she was both relieved and worried about her sister's future. Just as Baizhi had mentioned, with Yutong's current favorable conditions, if she got

deceived by a man, what would they do? Thinking about the consequences, Qing Ya became even more concerned.

It would be better to give her to Ye Hua. That would bring much more peace of mind.

In the end, it was a matter of habit. Yutong had always lived with everyone, and there was a feeling that one more or one less person didn't make much of a difference.

If Ye Hua knew what his wife was thinking, he would definitely have to agree. His sister-in-law knew exactly how to make him comfortable, and that was quite a skill.

Hearing Qing Ya's words, Ye Hua didn't believe a single word of it. He said he wouldn't deceive himself, but every word was full of deception.

'Qing Ya, we're husband and wife. Can't you use fewer tricks and show more sincerity?'

"The decision I've made won't change! Don't bring it up again!" Ye Hua snorted coldly, turned around, and left as if he were angry, leaving behind two bewildered wives.

Donghuang Baizhi seemed to have been deceived by Ye Hua's acting as well.

"It seems impossible. Ye Hua doesn't seem to like Yutong. How is that possible?" Donghuang Baizhi exclaimed in surprise. It didn't make sense. Yutong's appearance was stunning, not any less than her or Qing Ya. She had a great figure too, and yet Ye Hua didn't like her.

Was the sun not rising anymore?

Qing Ya couldn't understand either. Ye Hua actually didn't like Yutong. It didn't make sense!

"Did we push too hard? Has Ye Hua lost interest in women?" Qing Ya curiously asked.

This question furrowed Donghuang Baizhi's brow. No interest in women? Didn't that mean no interest in herself either? That wouldn't be a good thing.

"These past few days, Ye Hua has been sleeping with the children and not with us," Donghuang Baizhi said in a low voice. Now that she thought about it, there was indeed a problem. Could Ye Hua's preferences have changed?

Qing Ya didn't say anything. She was already worried enough about her sister, and now she had to worry about Ye Hua too.

Could he have gone crazy?

"I'll go and see what Yutong has to say," Qing Ya thought it was a serious matter. They couldn't let Ye Hua suffocate himself. Qing Ya and Baizhi definitely couldn't satisfy Ye Hua during these past few months.

If they forced Ye Hua to go out and find another woman, that would be even more troublesome. If it really came to that, they could only let Yutong take her place.

Family was always better than outsiders. If a sudden woman came and fought for affection...

Just thinking about it made Qing Ya's scalp tingle.

"Then I'll go with you," Donghuang Baizhi seemed to have the same idea as Qing Ya. It was better to benefit their own people. It was impossible to benefit outsiders!

The two women charged directly towards Qing Yutong's palace.

At this moment, Qing Yutong was bathing and changing clothes, humming a tune with a happy expression on her face. She felt delighted thinking about her brother-in-law's pleased expression. It seemed like she had done something remarkable to make him happy.

"Lalala~ Lalala~" Qing Yutong lay in the wooden tub, carefully wiping her body, presenting her most beautiful self to her brother-in-law.

As the door was pushed open, Qing Yutong's little face immediately tensed up, as if her sister and Baizhi had arrived.

Oh no, could it be that her brother-in-law had exposed their secret? Were they here to get rid of her?

She felt so nervous. 'Brother-in-law, help me... Your little sister is about to die...'

"Yutong, are you taking a bath?" Qing Ya called from outside.

"Yes, sister. What's the matter?" Qing Yutong, as expected of a star, maintained her acting skills.

"Oh, you continue bathing. We'll talk later."

"Okay."

Qing Yutong was now restless and uneasy. 'Talk? About what?'

Had they already discovered something? Fortunately, she had just agreed on the story with her brother-in-law. She would first listen to what they wanted to ask. In any case, she would never admit it and firmly resist their tactics.

After more than ten minutes, Qing Yutong finally finished bathing and came out wearing a thin nightgown.

Qing Ya and Donghuang Baizhi were sitting on exquisite jade chairs, watching Qing Yutong's walk. It seemed there was no issue. Indeed, she had been overthinking. It appeared that Ye Hua really didn't like Yutong. This was quite problematic.

It seemed they could only ask Yutong about her thoughts.

"Sister, Sister Baizhi, is there something going on this late at night?" Qing Yutong curiously asked and obediently sat down beside them, acting excessively well-behaved.

How could she not be well-behaved? She had just been having an affair with their husband. Wow, it was so thrilling.

Qing Ya curiously asked, "Where did you go after the blind date?"

As expected, they came to ask. Fortunately, her brother-in-law was quick-witted.

"Oh, I just wandered around with Brother-in-law and then came back," Qing Yutong calmly replied.

Qing Ya and Donghuang Baizhi exchanged glances. It seemed they weren't lying. However, they could have also reached some sort of agreement.

Of course, Qing Ya was the one who had to ask about this. Donghuang Baizhi wouldn't ask, after all, she was Qing Yutong's sister.

"Yutong, there's something I want to ask you."

"Well, sister, go ahead and ask. Qing Yutong guarantees not to lie," Qing Yutong already knew. Her sister must have discovered something, and her brother-in-law was also too careless. How could he have been found out by her sister?

Qing Ya nodded. "Yutong, I know you have high standards now and aren't interested in ordinary men."

'Huh? What does my sister mean by this? Is she not planning to arrange a blind date for me? Well, that's a good thing... I wasn't planning on going on a blind date anyway.'

"Yes, that's true. So, I'm feeling quite frustrated," Qing Yutong pretended.

"Sister came here today to ask you specifically, what do you think of your brother-in-law?" Qing Ya felt a bit strange asking this question. It didn't seem uncomfortable to her. Could this be considered sharing good fortune? They truly were good sisters.

"My brother-in-law? What about him?" Qing Yutong was a bit confused and couldn't understand her sister's intention.

Qing Ya didn't know how to say it, so Donghuang Baizhi chuckled and said, "Here's the thing: Your sister is worried that you might be mistreated if you marry someone else. So, she wants you to marry your brother-in-law. She doesn't know what you think about it."

'Damn it! They're scheming! Their scheme runs deep.'

'Am I not your little sister? How could you scheme against me like this? If I agree now, wouldn't it be acknowledging that I have an affair with my brother-in-law?'

'Do you think I'm naive? Testing me...'

'My brother-in-law must have been tested just now, and now they came to find me.'

Qing Yutong's face instantly changed, and she pouted, "You two!!! How could you have such thoughts? He is my brother-in-law! This is a moral decline. Where should I put my face from now on? Is it appropriate for a sister-in-law to seduce her brother-in-law?!"

Qing Ya and Donghuang Baizhi didn't expect Qing Yutong's reaction to be so intense.

Qing Ya hurriedly comforted her, "Yutong, calm down and listen to what your sister has to say."

"Sister, you don't need to say anything! It's impossible between me and my brother-in-law. You better dismiss this horrifying idea and never bring it up again. If you do, I'll get angry!!!" Qing Yutong had a resolute expression, but in her heart, she thought, You actually tried to make me surrender with this trick? You really underestimate me, Qing Yutong.

Qing Ya asked seriously, "Yutong, do you really dislike Ye Hua that much?"

"What's good about my brother-in-law? He has a bad temper! He likes to hit people, and he's not gentle at all. Apart from being handsome and powerful, he's utterly useless." Qing Yutong said this, but in her heart, she thought, 'My brother-in-law is the best man in the world.'

Qing Ya and Donghuang Baizhi didn't expect this. Ye Hua's image in Qing Yutong's heart was quite shocking, but Qing Yutong's description was quite accurate. Ye Hua really was like that.

Qing Ya shook her head helplessly and asked one last time, "Yutong, I'm not joking with you. I really think you and Ye Hua are good together."

'Look! Sister is making a final struggle, even trying to tempt me!'

"Sister, I'm not joking with you either. My brother-in-law is not my type." Qing Yutong said firmly, feeling quite pleased in her heart. 'I won't fall for your tricks.'

Now Qing Ya and Donghuang Baizhi had no other options.

"Okay, I understand. Rest early," Qing Ya said.

Qing Ya and Donghuang Baizhi stood up and prepared to leave.

Qing Yutong reminded them once again, "Don't mention it again. I don't like my brother-in-law."

The two women nodded and left.

"Qing Ya, what should we do? Yutong doesn't like Ye Hua. If he messes around outside and brings other women back, what should we do?" Donghuang Baizhi started to feel anxious.

Qing Ya also felt frustrated, "Let's think of another solution."

"It seems like that's our only choice."

After Qing Ya and Donghuang Baizhi left, Ye Hua appeared in Qing Yutong's boudoir.

Seeing her brother-in-law suddenly appear, Qing Yutong rushed over and hugged Ye Hua's waist tightly. "Brother-in-law, luckily I'm smart; otherwise, we would have been discovered."

"Yeah, they seem to suspect us," Ye Hua said in a deep voice. The fact that they asked him and then asked his little sister-in-law shows how great their suspicion is.

"What should we do if we're discovered? They'll chop me up!" Qing Yutong trembled with fear, seeking comfort from her brother-in-law.

Ye Hua patted her head gently. "Don't worry too much. After all, Qing Ya is your sister."

"Brother-in-law, if you give Yutong a kiss, I'll have the courage." Qing Yutong pouted, requesting a kiss.

Ye Hua didn't reward her with a kiss. Instead, he tapped Qing Yutong's forehead.

"Brother-in-law, what are you doing? It hurts!"

"What were you just saying? Is my temper really that bad?" Ye Hua heard his little sister-in-law's words and felt like he was being portrayed as utterly useless.

"Whimper~ I was just saying random things. Don't be angry, Brother-in-law."

"If you say something like that again, watch how I'll teach you a lesson."

"Mhm, I promise I won't say it again. Can we kiss now?"

Ye Hua had no choice but to reward his little sister-in-law with a kiss, but she still seemed unsatisfied.

"Brother-in-law, come to the bed. Yutong will make you comfortable."

Ye Hua swallowed his saliva. This kind of thing can become addictive.

"Tomorrow then. I'll go back for now to avoid them coming to check the rooms." Ye Hua never used to worry or feel anxious about anything, but since he started having an affair with his little sister-in-law, these two emotions emerged. He found these two emotions very pleasurable and refreshing.

Qing Yutong also understood and said softly, "Then when tomorrow? I'll wait for you, Brother-in-law."

Ye Hua was quite satisfied with his sister-in-law's attitude. She was obedient enough.

"I will come find you."

"Okay, Yutong will be waiting for Brother-in-law to come."

Ye Hua pinched his sister-in-law's cheeks and then disappeared from the room.

Watching her brother-in-law leave, Qing Yutong had a shy expression. 'Brother-in-law is so handsome~ I really like him~'

But if they found out that Qing Ya and Donghuang Baizhi were not joking, would they be shocked?

Ye Hua returned to the palace where the children stayed. The two little ones had already taken a bath and were waiting for their father to come and sleep with them.

"Why aren't you asleep yet?" Looking at his two children, Ye Hua chuckled lightly.

Ye Yan spoke in a childish voice, "Ye Yan is waiting for Daddy."

"Ah Li is waiting too~"

"Alright, Daddy will come after taking a shower to sleep with you."

Donghuang Li immediately urged, "Daddy, hurry up and shower. Little Brother and I are waiting to hear a story."

"Okay." Ye Hua's bond with the children was getting better and better. The two little ones were no longer infatuated with their mother.

Before long, Ye Hua came out wearing pajamas and lay down on the bed, with the two children snuggling beside him.

"Daddy, please tell Ye Yan a story quickly. Yesterday, you were talking about the battle between the skeleton and the snake people. Will the skeletons die? The snake people are so powerful." Ye Yan looked worried.

Donghuang Li also chimed in, "Yes, the skeleton is so strong. I hope he won't die."

That's right, Ye Hua was narrating his own experiences to the children, starting from the beginning to the present.

Neither Qing Ya nor Donghuang Baizhi knew about this, but it could be heard from the tone of the two children.

Ye Hua had faced great danger at that time.

His strength wasn't innate; it was achieved through countless life-and-death struggles, leading to his current accomplishments.

Ye Hua even named his story "The Legend of the Skeleton." He even considered writing a book, which would probably sell well.

Why not just create a serialized online novel about how a skeleton becomes unstoppable?

Holding the two children, Ye Hua whispered, "The skeleton will definitely not die. No matter how dangerous it gets, he persists and even clenches his teeth to overcome opponents stronger than him, constantly honing himself."

Donghuang Li and Ye Yan listened with utmost seriousness.

Just as Ye Hua was about to continue the story, Qing Ya and Donghuang Baizhi suddenly walked in.

The three on the bed immediately looked over, and it seemed like the two little ones knew something. They tightly held their father's hand, not allowing their mothers to take him away.

Seeing her husband and the two children talking, Qing Ya and Donghuang Baizhi also showed happy smiles.

"Did we disturb your date?" Qing Ya giggled softly.

Ye Yan pouted, "Mom, Dad was about to reach a crucial point. You should go and rest quickly."

"Yeah, Ah Li won't let Dad leave~" Donghuang Li even directly embraced her father's arm.

This made Qing Ya and Donghuang Baizhi laugh and cry. In terms of stealing their man, they were pros.

Donghuang Baizhi looked at her daughter and spoke softly, "Ah Li, can you let Mom borrow Dad for one night? Just one night."

"Yes, Yan'er, Dad has been with you for so long. Mom hasn't had the privilege." Qing Ya also smiled at her son.

Chapter 647 (Preparing to Close the Net)

Although the two children were unwilling, they were still obedient.

Ye Yan pouted and said, "Then it can only be for one night, otherwise, Yan'er will cry..."

"Yeah, I can only give Mom one night," Donghuang Li said with even more seriousness, as if she was saying, "If you try to take Dad away, Ah Li won't let you."

Qing Ya and Donghuang Baizhi were truly helpless. Who exactly gave birth to these two?

The two mothers agreed with smiles, finally making the two little ones compromise, although their pouting mouths were about to hold oil bottles.

"Dad, remember to come tomorrow. Yan'er will be waiting for you."

"Ah Li will also wait for Dad."

The room was filled with the instructions of the two children, which made Ye Hua find it amusing.

Looking at his tender wife beside him, Ye Hua curiously asked, "What's the matter? Why did you suddenly come over?"

"Let's talk on the bed," Qing Ya said in a tender voice.

Now even conversations had to happen on the bed.

After a while, Ye Hua lay on the comfortable big bed with his two wives in his arms, of course, not doing anything.

Qing Ya and Donghuang Baizhi just wanted to see what kind of attitude their husband would have.

"Speak, what's the matter?" Ye Hua understood them well. They wouldn't come to find him without a reason.

Qing Ya lightly caressed his chest and said seriously, "Ye Hua, I'm being serious this time, really."

'If I believe you, there must be something fishy!'

"Qing Ya, if you mention Qing Yutong's matter again, I will leave right now!" Ye Hua shouted in a low voice. One scheme was enough, now they were bringing it up again.

Seeing their husband angry, the two tender wives were intimidated.

However, Donghuang Baizhi asked, "Ye Hua, in fact, Yutong is good for you too. When we're not available, she can take care of you."

'You still don't know, but Yutong is already taking care of me now, and she understands me even better than you.'

"That's enough!" Ye Hua scolded in anger, his acting skills were really good, making the two wives tremble in fear. They wouldn't mention it again.

Ye Hua realized that his tone seemed to have gone too far, so he whispered in comfort, "Yutong is just my little sister-in-law, don't think about anything else."

Qing Ya silently said, "Ye Hua, we all know, but we're just worried about you..."

"What are you afraid of?" Ye Hua asked.

Donghuang Baizhi gritted her teeth and said, "We're afraid that you'll go out and find other women and bring them back."

Ye Hua's mouth twitched. 'They were actually thinking about such things. Were they out of their minds?'

"You really disappoint me. In this world, is there anyone better than you? Do you think I would go looking for other women? What a joke!" Ye Hua sneered. It was true that Qing Ya and Donghuang Baizhi were the most beautiful women in the entire universe, from head to toe, every inch of their skin was perfect.

'Let me ask you a question, is there any woman who can compare? Of course, excluding Qing Yutong, my little sister-in-law.'

Qing Ya and Donghuang Baizhi felt elated upon hearing these words. To gain their husband's approval was an immense honor.

Finally, Ye Hua breathed a sigh of relief and dispelled their concerns. If his wives caught wind of it, it would be over for him.

His reputation would be utterly ruined if he was caught having an affair with his sister-in-law. Just the thought of it made his blood boil.

Lost in his thoughts, Ye Hua began to digress. The situation caused by Li Hun in the past few days was powerful. The Justice League and the Peace Association were at a loss, and there was a barrage of insults online, just as he had expected.

Now it was time to wrap things up. Qian Tiandi wanted to tarnish the reputation of the Voidless Realm. And this time, let the world see that without the Voidless Realm, who else could they turn to for help!

The operation to close the net was about to begin!

Although Qian Tiandi won a few rounds against me, with the next move, I'll turn the tables on him. Let's see what he can do!

Saturday, under normal circumstances, would be a perfect day for people to go out and enjoy themselves. However, in the city of Nanyang, not a single man could be seen on the streets!

It was as if all the men had disappeared, leaving only women.

And on this day, it was a major collaboration between the Justice League and the Peace Association, preparing to capture Li Hun. They couldn't afford to be passive any longer.

For this purpose, both organizations invited journalists, seemingly wanting to use this capture operation to wash away their previous shame. It was a good idea, but it remained to be seen whether it would be successful.

In this operation, Bai Cixin and Jiu Ye were only commanding behind the scenes and did not participate in the battle.

The minimum requirement for participation was to be a Moon-level powerhouse!

There were even three Moon-level powerhouses. They were well-equipped this time, even using ancient divine weapons!

Moreover, there was a man hidden within the team, and that was Qian Tiandi. No one knew about this.

Qian Tiandi didn't want to expose himself, so he concealed himself within the team, waiting for the opportunity to take down Li Hun. Once that was done, the mission would be complete.

This woman had brought too much negative impact to their organizations. She had to be dealt with this time, they couldn't drag it out any longer, or it would disrupt their plans.

Bai Cixin and Wang Dabao were sitting in the conference room commanding, and of course, Jiu Ye was there too.

Recently, Jiu Ye was a little puzzled. Several masters had disappeared without a trace and there was no response. Even when he tried to contact them, there was no reply.

It was really strange.

"Wife, what do you think Qian Tiandi is up to this time? Sending out so many people, isn't it a suicidal move?" Wang Dabao asked in a low voice. This joint operation was proposed by Qian Tiandi, and the personnel were arranged according to his instructions.

Even though these people were powerful, they were only targeting a few individuals. They definitely wouldn't be able to defeat Li Hun.

Bai Cixin also didn't know what Qian Tiandi meant. She couldn't figure out Qian Tiandi's intentions at all.

At the same time, she didn't want to speculate. Who knew what this was about? Gathering a group of people to hand over heads, it was truly disheartening.

"Let's focus on our work."

Just as Bai Cixin finished speaking, there was a sound of clapping from beside them.

Jiu Ye was seen slapping his 8848 titanium gold smartphone, seeming a bit impatient.

"F*ck, it's broken!" Jiu Ye exclaimed as he looked at the phone.

"I thought it wouldn't break! It just stopped working after such a short time, it's so frustrating!"

The couple looked at Jiu Ye talking to himself and shook their heads helplessly. They found it quite ridiculous that he could get so worked up over a broken phone.

And today, Li Hun, in her daily routine of killing men, seemed to have a tender gaze if someone observed closely. She didn't appear as cold as before, and she even wore earphones in her ears.

"Little Hun Hun, pay attention to your expression!!! You don't look like you hate men at all, you completely seem like you're in a passionate mood," Dou Fushi said while holding binoculars.

Li Hun whispered, "Little Dou Dou, we are in love, it feels so comfortable."

"Little Hun Hun, focus on your work first, attitude is the most important thing. I'll let you feel comfortable later when we go back," Dou Fushi said helplessly. Li Hun couldn't seem to function without him now. Even when she went to work, she had to maintain communication, as if she would go astray if he disappeared.

Chapter 648 (Li Hun is Awesome)

"You said it yourself. I want a combo package with all sorts of positions."

"Alright, any combo will do. Whatever you say."

"That's my good Dou Dou. After I finish killing a round, we'll go home."

Dou Fushi: "..."

'I really hope this mission ends soon. I can't take it anymore.'

Just as he finished thinking... Wei Chang's telepathic message came.

"Dou Fushi!"

"Ah... Uncle Wei, do you have any orders?"

"Your Honor is preparing to close the net. Remind everyone!" Wei Chang said in a deep voice.

"Yes!"

After ending the communication with Wei Chang, Dou Fushi felt excited. Finally, it's coming to an end. Li Hun doesn't have to go kill men anymore.

"Little Dou Dou, what's going on?" Li Hun curiously asked.

"Little Hun Hun, we're preparing to close the net. Get ready."

"Really? Finally, we can stop and lie in bed every day. I'm so excited."

Dou Fushi: "..."

It seems that stopping is not necessarily a good thing.

However, Dou Fushi didn't know how Your Honor arranged everything, he was only told to inform Li Hun to cooperate.

Originally, Dou Fushi was still thinking about whether he and Li Hun were acting, but it seems that it's not the case now.

Ye Hua certainly had his own plans. He wanted to change the image of the Voidless Realm, and what he needed was a grand spectacle.

But this grand spectacle had nothing to do with him. Voidless Realm had to take action for it to be truly impressive.

Li Hun walked boredly in the amusement park. Every now and then, someone would scream and run away as if they wished they had an extra leg.

Li Hun yawned, seeming a bit tired. She didn't sleep well last night.

Actually, up until now, Li Hun still didn't understand why she was so infatuated with Dou Fushi. Whenever she saw him, she wanted to get close to him. He was like a magnet, attracting her irresistibly, even making her unusually proactive, which was something she had never experienced before.

Although this matter was strange and absurd, Li Hun came to one conclusion: she was happy.

Humming a tune, Li Hun walked slowly.

As for Dou Fushi, he couldn't control it at all when he heard the voice in his ear.

Li Hun was indeed obedient, taking care of all the household chores. She even washed his clothes. But there was one thing she couldn't control.

Everyone knows what it is. This woman can be quite insatiable. It's never-ending.

Suddenly, Dou Fushi felt a daunting aura moving towards them.

Li Hun also sensed it and stopped in her tracks, looking up at the sky.

A group of black dots appeared in the sky, clearly visible!

Boom! Boom! Boom!

Figures fell one after another, causing the stone on the ground to crack.

Meanwhile, several helicopters hovered in the sky, live-streaming the event.

At this moment, many people were probably watching the live broadcast. After all, it was a major event involving two organizations!

Whether they can eliminate evil for the people would depend on this wave!

On the screens of the major city squares, Li Hun's figure appeared.

Many people were watching the screen. Although Li Hun was killing men, it couldn't be denied that this woman was truly captivating.

"Ah, I can't bear to see such a woman being killed. She's truly a cruel beauty!"

"Then you go and try. If you don't kill her, she'll kill you."

"Brother, I'm just expressing my admiration. After all, there are so few women like her. Look at her expression, she doesn't fear the Justice League or the Peace Association at all."

"Yeah, if this woman isn't a serial killer, she's truly a heroic woman. What a pity..."

People stood in the square, expressing their opinions. Some felt regret, while others felt a sense of satisfaction.

Especially the men in Nanyang City, please quickly take care of this witch, or else we won't dare to go out anymore.

However, Li Hun seemed to realize something and remained calm.

If she couldn't handle it, there was still Dou Fushi behind her, so there was no need to fear at all.

But for these little lackeys, she didn't require Dou Fushi's help yet. She could handle them all by herself. If she couldn't deal with these people, then Dou Fushi's mission would also be in trouble.

With that in mind, Li Hun's gaze began to change. It was no longer gentle but carried a hint of ruthlessness!

The number of people from both sides this time was not very large, totaling about a hundred. But they were all elites, as evident from the moon symbol on their chests.

A man stepped forward and shouted, "Demoness! You still have a chance to surrender now!"

Li Hun chuckled lightly and whispered, "If you kneel down and lick my high heels, maybe I'll consider your request."

Dou Fushi, of course, heard Li Hun's words and shouted triumphantly, "Little Hun Hun is so domineering! Truly worthy of being my woman. She said it perfectly!"

But when Li Hun mentioned licking, Dou Fushi started to daydream a bit.

"Bold! You dare to spout arrogant words even at the brink of death! Today, we, the righteous path, will eliminate you, the female demon!"

Li Hun sneered, "The righteous path? Let me see how righteous you truly are!"

A fierce aura emanated from Li Hun's delicate body, spreading out and causing the surrounding buildings to tremble. The hundred-person team also felt Li Hun's presence. This witch was indeed powerful!

Qing Tiandi, within the team, furrowed his brow slightly. Li Hun was indeed formidable, and he didn't know if they could handle her.

They could only give it their all now. They couldn't let a woman ruin his plans!

Last time, Li Hun didn't display her true strength because she was poisoned from the beginning. But now, Li Hun was in full power, and her ferocity was frightening.

Indeed, even Qing Tiandi was worried if he could be her opponent.

Inside the Voidless Realm, Ye Hua held a tablet in his hand, watching the live broadcast with a smile on his lips. Qing Ya and Donghuang Baizhi leaned on either side of him.

"Ye Hua, can this plan work?" Donghuang Baizhi curiously asked.

Ye Hua flicked Baizhi's forehead with his finger, and she pouted in protest.

"Even I'm not sure. Do you think I should attack?" Ye Hua said calmly.

Qing Ya looked at Li Hun on the tablet and whispered, "This woman is very powerful. It seems unlikely to succeed without Baizhi's intervention."

Ye Hua mysteriously smiled, leaving Qing Ya and Donghuang Baizhi puzzled. Their husband wouldn't be unsure about something. If he was so at ease now, then there could only be one outcome!

"Ye Hua, is Li Hun your person?" Donghuang Baizhi asked in astonishment, finding it hard to believe.

Ye Hua said lightly, "Li Hun wasn't before, but now she's almost like it."

"What do you mean?" Qing Ya curiously asked.

"Dou Fushi," Ye Hua said with a hint of teasing.

Qing Ya blurted out, "Ye Hua, you didn't become a matchmaker again, did you?"

Chapter 649 (Annihilation!)

Qing Ya and Donghuang Baizhi both knew that their husband liked to play matchmaker and enjoyed pairing up his subordinates. Whenever he found a good girl, it was undoubtedly for the sake of his subordinates.

This idea wasn't wrong, but it was a bit too enthusiastic. How many leaders could reach such a level?

Qing Ya and Donghuang Baizhi misunderstood Ye Hua this time. He didn't play matchmaker. Dou Fushi and Li Hun being together was something even Ye Hua couldn't have anticipated. It didn't make any sense.

"Do you think I have the time for that?" Ye Hua asked calmly.

Qing Ya and Donghuang Baizhi nodded, indicating that he did indeed have a lot of free time.

Helpless, Ye Hua shook his head and said softly, "It's not me this time, it's them themselves."

Donghuang Baizhi exclaimed, "What happened? Tell us."

"Yeah, yeah, tell us," Qing Ya chimed in.

Facing the two wives' coaxing, Ye Hua had no way to resist. It was also what he found most unbearable. He really wanted to put them on the bed and rub against them vigorously.

"It's Li Hun who slept with Dou Fushi. That's all I know."

Qing Ya and Donghuang Baizhi's faces were filled with disbelief after hearing this. Looking at Li Hun on the tablet, she didn't seem like a woman who would take the initiative to sleep with a man.

People truly can't judge a book by its cover. It completely shattered their worldview. Such things were also possible.

On-site!

At this moment, the gusty wind roared, causing the surrounding buildings to tremble. Some rooftops were even lifted up by the fierce wind.

A colorful divine sword appeared in Li Hun's delicate hand, and the aura of terror grew even more violent. The azure sky was instantly shrouded in dark clouds, creating a deafening roar.

The helicopters in the air immediately ascended, not daring to get too close. But the footage transmitted was shocking.

No one had expected this female demoness to be powerful to such an extent. Just by standing there, the pressure felt overwhelming. And this was only through the screen; it must be even more terrifying in person!

Indeed, hundreds of people felt the true horror of this female demoness. Underneath that beautiful face, there hid such terrifying power!

Qing Tiandi in the team had a deep gaze, his eyebrows slightly furrowed. This was getting a bit tricky!

"Form the formation!"

As one of the men shouted angrily, hundreds of people instantly scattered!

"The Heavenly City Secret Formation!"

Suddenly, the hundred individuals began to form seals with their hands. Each person emitted a majestic spiritual aura, countering the aura of Li Hun!

It seemed that these people had come prepared. This formation wasn't something that could be cultivated in just one or two days. The spiritual energy output of each person needed to reach a balance; otherwise, it would undermine the foundation of the formation.

The eye of this formation was Qing Tiandi. With him as the eye, it was quite secure!

Li Hun held the colorful divine sword without moving or taking any defensive measures.

A faint light curtain gradually appeared around Li Hun, spreading out. Strange runes gradually emerged on the ground, and the dense spiritual energy grew stronger as the formation took shape.

Seeing this scene, Qing Tiandi's mouth curved into a smile. He loved the opponents who underestimate him. She had no idea how miserable her fate would be!

"Roar!"

The hundred individuals shouted angrily, their loud voices reaching the sky. They even pierced through the dark clouds above, forming a white cave!

Suddenly, strange spiritual beings resembling tentacles appeared on the formation!

In an instant, they entangled Li Hun's entire body.

It somewhat resembled Asian bondage.

Above the sky, a massive sword slowly took shape as the spiritual pressure gathered. The terrifying coercion swept across the land, creating a scene akin to doomsday. The amusement park facilities all collapsed at this moment, making it horrifying.

Even the host couldn't help but exclaim.

"Ladies and gentlemen in the audience! In the sky, a sword formed by the gathering of spiritual energy is about to strike down the female demoness below! Faced with such a formation, this witch is completely powerless. The Justice League and the Peace Association truly are saviors! Let's give them a round of applause!"

People in the various squares saw this scene and seemed to have already guessed the outcome. This formation was too formidable, not giving anyone a way out. First, they restrained her, then they used a massive sword that seemed to pierce through the entire Earth, let alone a woman's body.

Li Hun slightly tilted her head, gazing at the massive sword in the sky, a smile unknown to others playing at the corners of her mouth.

Meanwhile, Dou Fushi, who was hiding far away, shouted through the earpiece, "Little Hun Hun, stop playing around and be careful."

"Little Dou Dou, don't you know my strength?"

"Uh..." Dou Fushi had no words to respond. Li Hun's strength was indeed formidable, to the point where he could only lie down in front of her.

Ultimately, it was the effect of Dou Fushi's damn fart. The unknown black gas it emitted affected Li Hun's body and her strength.

Wei Chang's black mist was truly extraordinary, capable of transforming a person from level 0 to level 100. Green and Red Brothers were excellent examples of this.

The massive sword in the void had taken form, exuding a scorching aura. The sword, formed by the gathering of white spiritual energy, radiated a brilliant light. The entire scene felt like a salvation, igniting a passionate surge in everyone who witnessed it.

Once again, the hundred individuals shouted loudly, "Annihilate!"

Everyone pointed their fingers towards Li Hun at the center of the formation.

The massive sword in the air moved, its tip piercing through the air, creating fireworks. A terrifying pressure surged towards Li Hun, causing her tied-up hair to instantly scatter and dance, yet Li Hun remained unaffected!

As the massive sword descended, it gradually shrank in size, transforming into the size of an ordinary longsword. Although it became smaller, the spiritual energy became even more turbulent, seemingly converging at a single point.

Dou Fushi worriedly shouted through the earpiece, "Little Hun Hun, quickly dodge, it's dangerous!"

Li Hun ignored Dou Fushi and stood tall, her chest puffed out.

Everyone fixed their gaze on the scene, waiting to erupt in cheers!

Finally, the massive sword descended, carrying the hopes of everyone, piercing towards Li Hun's chest.

The crowd held their breath, staring intently at the scene!

The white spiritual sword touched Li Hun's chest!

This scene froze on the large screens of all the squares, and people immediately burst into cheers. It was done! The witch had finally been slain!

Men no longer needed to fear; they stood up and resumed their activities!

Cheers swept across the various squares, people embraced each other in wild celebration, and couples passionately kissed on the streets. They could finally walk openly and without fear of a wicked woman descending from the sky and splitting them with a single blow.

However, just as everyone was rejoicing, their joyous expressions froze on their faces because something eerie happened in the scene!

The spiritual sword didn't pierce through the demoness's body as expected!

Chapter 650 (Li Hun is Beautiful)

At this moment, the spiritual sword was as fragile as a piece of paper, impacting Li Hun's chest. The tremendous inertia compressed the spiritual sword into a ball.

Then...

It dropped to the ground without making any sound.

Everyone stared blankly at the screen, unable to believe what they were witnessing.

The immensely powerful massive sword had no effect and was as ineffective as air in front of the witch!

This witch was merely wearing an ordinary long dress, without any visible armor. She withstood the massive sword solely with her physical body. How was this even possible?!!!!

All the men fell into despair. It seemed like the heavens wanted to exterminate men!

Upon seeing this scene, some girls instantly threw themselves into their boyfriends' arms, weeping bitterly. Why didn't the heavens eliminate the demoness? If the demoness didn't die, their boyfriends would die...

Meanwhile, Ye Hua, upon witnessing this scene, first showed a slight daze, then burst into laughter.

Qing Ya and Donghuang Baizhi, did they not know Ye Hua's personality? He enjoyed watching such scenes, especially the expressions of despair.

"I like this Li Hun! Not bad!" Ye Hua looked at Li Hun in the scene. Her expression, her gaze, bore a resemblance to himself. Taking a blade to the chest, so badass!

The true self should commend Li Hun for doing a great job.

But in an instant, Ye Hua felt a chilling aura emanating from beside him...

"What did you say you liked? Say it again?" Qing Ya said in a tender voice. He actually dared to say he liked his subordinate's wife in front of her. Was there no limit?

Donghuang Baizhi even snorted, and the jealousy between the two women was evident. They would rather hear Ye Hua say he liked Yutong than hear him say he liked another woman.

Mainly, the level of presence displayed by Li Hun surprised the two women. It seemed they had never done such a thing themselves. Seeing Ye Hua laugh so happily, they felt uncomfortable. The wife was jealous, and the husband would have to handle it.

Ye Hua cleared his throat, indicating a slight awkwardness. "I was just expressing admiration for the similarity in demeanor that Li Hun displayed, somewhat resembling me."

Donghuang Baizhi pouted her cherry lips and coquettishly said, "If you ever say you like another woman again, I'll go on a hunger strike!"

"I'll join you," Qing Ya chimed in.

"You! You're all grown-ups, and yet you want to go on a hunger strike like Yan'er and Ah Li."

"What's it to you? Anyway, you're not allowed to like other women."

"Alright, alright. This deity won't say it anymore, is that okay?" Ye Hua felt helpless. And they call him the jealous king.

Upon hearing this, Qing Ya and Donghuang Baizhi immediately smiled, their eyes filled with joy. The two of them sweetly kissed their husband on the cheek and continued watching.

Ye Hua couldn't help but feel emotional. It seemed that he and Yutong would have to maintain their secret affair. These two women didn't even allow him to say anything, let alone do anything.

At this moment, Li Hun yawned as if she were very tired.

"So, this is your strongest attack?" Li Hun said indifferently.

Qing Tiandi, who was in the team, was astonished. This formation had no effect on Li Hun. It shouldn't be like this!

Even if a powerful individual were reborn, they would only meet their demise facing such a formation. Yet this woman could withstand a blade to her chest! How was that possible? It made no sense at all!

Qing Tiandi wasn't the only one surprised. Hundreds of people were confused. In the face of such a massive attack, this woman remained unharmed and even yawned mockingly, as if this kind of assault was nothing more than an itch to her!

Li Hun's gaze turned sharp. "Let me show you what true righteousness is!"

She then released the colorful divine sword in her hand!

The sword didn't fall to the ground; it just floated!

"Severance of the Sun without a thought!" Li Hun's alluring lips uttered slowly.

The colorful divine sword instantly radiated a brilliant light, causing everyone to squint their eyes involuntarily!

However, in just a moment, dozens of people fell from the sky, covered in blood. The colorful divine sword, like a tracking bullet, pierced through each person's body. Against such an attack, no one present had a way to defend.

As the number of casualties decreased, the formation dissipated instantly. Li Hun shook her hand, listening to the sound of bodies hitting the ground, and slightly closed her beautiful eyes, seemingly enjoying this moment.

In the blink of an eye, all hundred people fell to the ground, creating pools of blood. The colorful divine sword returned to Li Hun's hand.

"This formation is nothing more than a plaything under my high heels," Li Hun sneered.

Dou Fushi heard these words and felt his whole body ignite. He really wanted to pin down Little Hun Hun on the bed and vigorously rub against her.

He never expected Little Hun Hun to possess such a presence. Was this his woman?

'Damn it! I'm Dou Fushi, the notorious Grave Robber who has unearthed countless treasures, yet they can't compare to this woman. Little Hun Hun is the real treasure.'

Ye Hua also heard Li Hun's voice, and his mouth twitched.

Qing Ya and Donghuang Baizhi were almost rolling on the floor laughing.

"Hahaha! Ye Hua, you're in for it now. Look at Li Hun, she's even better at pretending than you." Qing Ya was on the verge of losing control from laughter.

Donghuang Baizhi covered her mouth and giggled, "I have to admit, Li Hun is indeed impressive, especially with that line about the plaything under the high heels. How can she be so cool? I'm starting to admire her a little."

Ye Hua felt like he had encountered a rival. How could he let himself be outdone by Dou Fushi's woman? 'One day, when this deity pretends to be cool, I will show you what real presence is! What it truly means to be magnificent.'

These words echoed in everyone's ears, causing a commotion.

The formation is nothing more than a plaything under this woman's high heels!!!

Looking at Li Hun on the big screen, she looked really beautiful! Some brainless fans immediately cheered and shouted how cool she was.

Even some young girls idolized Li Hun and fantasized about having a similar experience themselves. They imagined how amazing it would be.

Seriously, Li Hun's previous momentum, combined with the bloody surroundings and her words, was incredibly cool.

Even Dou Fushi could barely hold back.

Bai Cixin and Wang Dabao were also staring blankly. This woman was unexpectedly so powerful. If they hadn't been poisoned that night, it might have been them who died!

Wang Dabao even compared Li Hun to his own wife and felt a slight pang of envy. He truly admired this man, Li Hun.

Of course, this was just an expression of admiration. This woman was genuinely strong.

However, Jiu Ye beside them was still busy with his 8848 titanium gold smartphone. He held another phone and made a call to customer service. From the roaring voice, it was clear that he was very dissatisfied.

In the arena, Li Hun held the colorful divine sword, her red high heels stepping into the blood. With each step, everyone's hearts thumped along.

People couldn't help but wonder if there was no one who could stop this female devil. Oh heavens, please send a hero to rescue everyone.

"Do you still want to pretend?" Li Hun said indifferently.

Qing Tiandi, who was pretending to be dead on the ground, tightened his face. He had actually been discovered. 'How infuriating!'
