

My Woman 691

Chapter 691 (Ye Shen)

The little guy was fair and tender, and after just crying, his face now... had a cold and ruthless expression.

That's right! This expression was exactly like Ye Hua, the stern-faced Ye Hua.

Ye Yan looked at his younger brother's expression and paused for a moment. "Wow, my little brother looks so cool."

"Yeah, with this expression, he looks just like Dad with a stern face," Donghuang Li exclaimed in surprise. She wondered if her brother's personality was influenced by their dad.

Qing Ya was also a bit astonished. Donghuang Baizhi's son... was really cold and resembled Ye Hua too much.

However, when Ye Hua glanced at his own son, the latter actually met his gaze...

Such audacity.

"Not bad, he truly is my son, full of aura," Ye Hua said casually, then walked to the bedside and gently stroked Donghuang Baizhi's cheek. "Baizhi, you've worked hard."

Feeling the warmth of her husband's hand, Donghuang Baizhi softly replied, "It's not hard as long as you're happy, Ye Hua."

"Rest well, don't bother with trivial matters in the Voidless Realm these days."

"Mm," Donghuang Baizhi nodded.

"Qing Ya, let me see our son." Donghuang Baizhi sat up and rested against the headboard.

Qing Ya handed the baby to Donghuang Baizhi.

Looking at her son's expression, Donghuang Baizhi was a bit surprised. The little guy had just come out, yet he exuded such strong aura, especially his eyes... they were so much like Ye Hua.

This made Donghuang Baizhi a little worried. She patted her son's bottom, hoping to make him cry a little, but he didn't react at all. He even gave her a puzzled look, as if he was asking, "Mom, why did you hit me?"

Well, Donghuang Baizhi was at a loss.

"Ye Hua, our son is really cool, just like you," Donghuang Baizhi carefully placed the baby in Ye Hua's hands.

Ye Hua looked at the little guy in his arms and chuckled softly. "Perfect! He's great. He's my third child, and his name is Ye Shen!"

Upon hearing his father's choice of name, a slight smile curved on the little guy's mouth. He was a mini version of Ye Hua, incredibly alike! ["Ye Shen" can be translated as "Leaf God" or "God of Leaves". The

character "Ye" means "leaf," and "Shen" refers to "god" or "deity." So, "Ye Shen" can be interpreted as a name that conveys a sense of a divine or mystical connection to leaves or nature.]

Ye Shen! The future God of Killing! A presence even more ferocious than his own father!

Hearing such a name, Donghuang Baizhi worriedly said, "Ye Hua, isn't the name too grand?"

"What's the problem? My child is meant to be greater than the heavens!" Ye Hua replied disdainfully.

The little guy in his arms seemed to understand and nodded, indicating that he liked the name.

"Brother-in-law, let me hold him quickly," Qing Yutong couldn't wait and hadn't had a chance to hold him yet.

Ye Hua handed the baby to his sister-in-law, Qing Yutong, who looked at Ye Shen and playfully poked his chin. The little guy seemed to look disgusted.

This made Qing Yutong burst into laughter. "Wow, look at this little guy, throwing a tantrum, just like brother-in-law."

"Is that so? Let me see," Qing Ya also approached, finding it to be true. It was quite amusing.

Donghuang Baizhi lying on the bed felt helpless. Her daughter inherited her personality, while her son's personality was exactly like Ye Hua...

To be honest...

Ye Hua's personality wasn't likable—arrogant, conceited, bad-tempered, highly patriarchal, and loved to show off. He basically embodied all the flaws of a man.

Donghuang Baizhi didn't want her son to be like that. It seemed she would have to put in extra effort to change his personality in the future.

Donghuang Baizhi's intention was good, but reality was different.

A week later, just like Ye Yan, Ye Shen began to walk...

Two weeks later, Ye Shen had already started practicing swordplay...

One month later... everyone was speechless.

The mornings in the Voidless Realm were peaceful. Donghuang Li and Ye Yan had already gotten up early, preparing for their daily cultivation.

However, in the garden, there was already a small figure, sweating profusely, with an emotionless face.

Ye Shen let out a sigh of relief, looking at his half-awake sister and brother, and said casually, "Sis, bro, you're late."

Donghuang Li rolled her eyes.

Ye Yan looked frustrated.

This wasn't the first time. Ye Shen was always focused and serious in everything he did, never joking around... He seemed like a little adult.

"Xiao Shen, I'm your sister, you have to listen to me."

"That's right, Xiao Shen, I'm your brother, you should listen to me too."

Ye Shen calmly said, "Okay, sister... brother... let's start cultivating."

Donghuang Li: "..."

Ye Yan: "..."

Donghuang Li and Ye Yan felt helpless with their younger brother. He spent all his time practicing, as if only cultivation could make him happy.

Donghuang Li whispered, "Mom and Dad haven't woken up yet, let's go out and play."

"Great! Sister, let's go out and play!" Ye Yan was the first to raise his hand in agreement.

Ye Shen said indifferently, "Mom and Dad will scold us."

"It's okay, sister will cover for you." Donghuang Li patted her chest.

Ye Shen had a serious expression. "Thank you, sister and brother, but Xiao Shen doesn't want to go out to play. You two enjoy yourselves." [Xiao means little.]

"Xiao Shen, don't be such a spoilsport. We're children, we don't need to be so serious." Ye Yan tried to persuade him, but his younger brother was unmovable.

"Yeah, now I'm speaking as your real sister. Xiao Shen, put down your wooden sword and come out to play with us." Donghuang Li took on the air of an older sister, as if saying that if he didn't go out, they would break off their relationship.

Ye Shen struggled in his gaze. He knew that Donghuang Li was his real sister, but he truly didn't like to play. He felt it was a waste of time, meaningless, and an idle pastime.

"Sorry, sister." Ye Shen respectfully said.

Donghuang Li covered her forehead, feeling a bit angry. Her younger brother was too disobedient, even though he was her real brother.

"Yan'er, let's go. Sister will take you to eat something delicious." Donghuang Li pulled Ye Yan and walked outside.

Ye Yan turned back and called out, "Xiao Shen, are you really not coming?"

"Brother, take good care of sister." Ye Shen looked apologetic.

Ye Yan had no choice either. He used to think that they could play together in the future, have fun together...

But he realized that Ye Shen simply didn't mix with others.

Watching her sister and brother leave, Ye Shen raised his wooden sword, his gaze determined, and began to swing it.

Donghuang Baizhi stood not far away, witnessing everything that had just happened.

Her greatest worry had come true—her son didn't fit in... What should she do?

Donghuang Li walked with Ye Yan on the path in the Voidless Realm.

"Sis, don't be too angry. Xiao Shen is just like this, even Mom and Dad can't do anything about it," Ye Yan whispered to comfort her.

Donghuang Li pursed her lips. "Alright, sister isn't angry, I just feel that Xiao Shen is working too hard, cultivating every day."

"It's fine, sister has Yan'er by her side."

Donghuang Li pinched her brother's cheek. "It's still Yan'er and sister who are the closest."

Chapter 692 (Can't They Be Normal Children?)

On the large bed in the sleeping chamber, Qing Ya nestled in Ye Hua's embrace and murmured, "Baizhi went to see our son early in the morning again."

Ye Hua slowly opened his eyes, his right hand twirling Qing Ya's beautiful hair as he casually replied, "I don't know what Baizhi is worried about. I think Shen'er is doing fine, working hard and deserving praise."

Qing Ya lightly tapped her husband's chest and said, "How can you understand the thoughts of us mothers?"

"What are your thoughts then?" Ye Hua asked.

"Of course, we hope our child can grow up happily. Just look at Shen'er, he doesn't even play with Ah Li and Yan'er. He always keeps to himself. Baizhi is naturally worried," Qing Ya said in a somber tone. She then touched her own belly, feeling concerned as the child's birth was approaching. If they gave birth to a child with a personality like Shen'er's... well...

Ye Hua didn't think their son was at fault. They were just overly concerned.

"Alright, it's a good thing that the children have their own personalities. In the end, they are siblings," Ye Hua softly said, not taking it to heart.

Qing Ya sighed helplessly.

At this moment, Donghuang Baizhi entered with a worried expression and slipped into the bed, hugging her husband tightly.

"Ah Li and Shen'er seem to be having a disagreement," Donghuang Baizhi softly said. It made her uncomfortable to see their own children like that.

"What happened?" Ye Hua curiously asked.

Donghuang Baizhi explained the situation.

Ye Hua thought it was nothing. It was just a daily refusal. Their youngest son had a strong personality, which suited his taste.

"Baizhi, don't worry too much," Ye Hua comforted in a soft voice. He could tell that the Empress was quite depressed this month.

Donghuang Baizhi whispered, "I'm afraid they won't get along as siblings."

Ye Hua fell silent. Ye Shen had a solitary personality, often practicing alone and not playing with his siblings. Ye Hua could understand because he had been the same in the past. However, as a mother, Donghuang Baizhi found it distressing.

"Qing Ya, your due date is approaching, right?" Donghuang Baizhi reminded.

Qing Ya nodded, "Yes, it's almost time. Our little girl is about to be born."

Indeed, Qing Ya was expecting a daughter this time. They would have one son and one daughter, making it relatively harmonious.

Ye Hua smiled and said, "Great, once they are born, I can finally relax."

The two wives glared at Ye Hua, their aura becoming more alluring.

Oh~

Just as everyone was about to get up, Qing Ya suddenly frowned and groaned in pain.

"Qing Ya, what's wrong?" Donghuang Baizhi asked anxiously.

Qing Ya's face showed some pain, "You were right. It's coming."

"Ye Hua, quickly call Yutong for help," Donghuang Baizhi urgently said.

Ye Hua nodded and called for Yutong to come and assist with the delivery.

This time, Ye Hua was very reassured. After the incident last time, Qing Ya's side effects had been eliminated, so that situation wouldn't occur again.

Ye Hua stood anxiously outside with their three children.

Ye Shen stood by his father's side, his cold and aloof demeanor mirroring his father's, his face devoid of any unnecessary expression.

Donghuang Li and Ye Yan, on the other hand, were much more lively, complementing the personalities of their siblings.

Not long after, the sound of a baby crying came from the room.

Ye Hua relaxed a little; everything went smoothly.

Donghuang Li and Ye Yan rushed in, while Ye Hua calmly entered the room with Ye Shen respectfully following behind.

"Brother-in-law, come and see," Qing Yutong held her sister's daughter and called out to Ye Hua.

Ye Hua, somewhat concerned about the issue of their personalities, immediately looked at the daughter in Qing Yutong's arms.

He saw the little one lying quietly.

This...

Her expression was exactly the same as Ye Shen's.

"Yutong, let me see," Qing Ya also became worried, especially after seeing her husband's expression. Donghuang Baizhi, who was standing nearby, couldn't help but glance at her son, who was standing obediently.

It was really giving them a headache.

Donghuang Li and Ye Yan also rushed to see their little sister. When they saw her expression, they were instantly shocked.

"Isn't this the second Ye Shen?"

Donghuang Li patted Ye Yan's shoulder and said, "It looks like it'll just be the two of us playing from now on."

Ye Yan also gave up hope for his own younger sister. She would definitely be a mini-version of Ye Shen in the future.

It seems that factions will have to be divided in the future.

The conversation of the little ones was overheard by the adults, and they seemed helpless.

From their personalities, it could be seen that they would split into two groups when playing in the future.

Ye Hua, who was standing nearby, also began to take this issue seriously.

"Ye Hua, what should we name our daughter?" Qing Ya, holding her daughter, asked her husband, leaving the decision to him.

Ye Hua pondered for a moment and slowly replied, "Ye Liu." [Yè means "leaf" or "leaves."

Liú can mean "colored glaze" or "jade-like." It is often used in names and can connote beauty, elegance, or preciousness. Therefore, the name "could be interpreted as "leaf-colored glaze" or "jade-like leaf."]

Upon hearing the name chosen by her husband, Qing Ya smiled and looked at her daughter in her arms, saying, "From now on, you will be called Ye Liu."

The little one showed no expression, her face calm and unchanged.

This made Qing Ya also feel melancholic. She looked at Ye Shen, then at the gloomy Donghuang Ah Li and Ye Yan next to her. How could it be like this...

Perhaps Ye Liu was still young, and things would improve in a few weeks.

However, a month passed.

On another warm morning, Donghuang Ah Li and Ye Yan walked out of the room rubbing their eyes, looking at the two small figures in the garden. They didn't feel like talking anymore.

Ye Shen and Ye Liu in the garden gazed at each other lightly, sweat beads glistening on their foreheads.

"Liu'er, you're too slow," Ye Shen said softly, teaching his younger sister.

Ye Liu appeared indifferent. "Brother, there are benefits to being slow. Haven't you still not beaten me?"

"Liu'er, I'm just going easy on you."

"No need." Ye Liu said calmly, raising her chin slightly, displaying a cold and proud demeanor.

"Good! That's my sister!" Ye Shen said with a light shout, a burst of spiritual energy emanating from his small body.

Ye Liu's gaze sharpened, and she lightly swung her wooden sword, blocking her brother's sudden attack.

"Cough cough cough!!" Donghuang Li walked over with Ye Yan, then let out a heavy cough.

Ye Shen and Ye Liu put away their wooden swords and stood side by side obediently, shouting, "Good morning, sister, and brother."

Donghuang Li stood with her hands on her hips, assuming the role of the older sister. She walked between the two of them and patted them heavily, saying, "Keep it up. The future of the Ye family relies on the two of you."

Ye Shen said solemnly, "Sister, rest assured, little brother will defend the glory of the Ye family with his life!"

"Sister, brother, rest assured, sister and the glory of the Ye family will live or die together!" Ye Liu appeared incredibly serious, without any hint of joking.

Donghuang Li's mouth twitched slightly. She had just casually said something, and yet they took it so seriously. Couldn't they just be normal children?

Chapter 693 (Weak Opponent)

Ye Yan let out a sigh and said softly, "After training, let's go to Mom and Dad's place for breakfast."

"Thank you for your concern, big brother," Ye Shen said calmly.

"Okay, big brother," Ye Liu nodded and whispered.

Donghuang Li and Ye Yan held hands and left. That little figure seemed a bit desolate. It was really divided into two factions now.

One was the playful faction led by Donghuang Li, and the other was the serious faction led by Ye Shen.

Seeing their older sister and older brother leave, Ye Shen and Ye Liu distanced themselves from each other.

"Brother, there are still ten minutes," Ye Liu said calmly.

"That's enough!" Ye Shen, in a childish voice, shouted energetically and turned into a blur, rushing out.

Ye Liu also went all out, and the two little ones enjoyed their fight.

On the other hand, Donghuang Li and Ye Yan were having a great time playing.

Now the Empress also helped Qing Ya prepare breakfast. After all, there were quite a few people in the family, plus Qing Yutong, making it a family of eight.

The appetite of the little ones was not small.

However, Qing Ya and Donghuang Baizhi, who were making breakfast, seemed a bit gloomy.

"Sigh, Shen'er and Liu'er are really focused on cultivation," Donghuang Baizhi said softly. It had been two months, and she seemed to have accepted a lot.

Qing Ya nodded, "Yes, now it's good for Liu'er to accompany Shen'er, otherwise Shen'er would be too lonely."

"I'm just worried about them when they grow up," Donghuang Baizhi said with concern, afraid that their children would become enemies.

"Baizhi, you're overthinking it. Although they don't play together, their relationship is still very good. Shen'er and Liu'er have a lot of respect for Ah Li," Qing Ya reassured her.

"I hope so," Donghuang Baizhi breathed a sigh of relief.

Carrying breakfast, the two beautiful wives walked to the front hall, and at this time, the four children walked in one after another.

Donghuang Li and Ye Yan, one group, and Ye Shen and Ye Liu, another group, although Ye Shen and Ye Liu seemed to get along well, they actually had a "rival" relationship.

Qing Ya and Donghuang Baizhi were already used to this situation.

"Did you wash your hands?" Qing Ya asked with a smile.

Donghuang Li and Ye Yan happily replied, "Yes, we did."

Ye Shen and Ye Liu extended their palms, indicating that they had already washed their hands.

From this, it could be seen that Donghuang Li and Ye Yan belonged to the type that was talkative but not fierce, while Ye Shen and Ye Liu belonged to the type that was fierce but not talkative.

It was really two extreme behaviors.

At this time, Ye Hua walked out from the side room.

The four children shouted together, "Good morning, Dad."

Ye Hua nodded, took the lead and sat down. Then Qing Ya and Donghuang Baizhi sat down, followed by the children. From this, it could be seen that the Ye family was well-organized, except for one person.

"Brother-in-law... Sister, wait for me..." Qing Yutong rushed in hastily.

Qing Ya frowned, "Yutong, how many times have I told you to be steady."

Qing Yutong pursed her lips, being steady... that was impossible. She couldn't be steady in this lifetime.

She felt resentful too. Brother-in-law no longer doted on her. He only came twice this month. It was so heartbreaking.

It seemed that the benefits given by her sister and Sister Baizhi were abundant. Otherwise, brother-in-law wouldn't be like this. It was really depressing.

Since Qing Ya gave birth to children, Ye Hua had started indulging himself. He rolled the bed with his two wives every day, and it felt so great. He even forgot about managing the Nanwu Banner.

But this time, they took precautions. Ye Hua's marksmanship was really amazing, one hit, one kill.

Looking at her four children eating quietly, Ye Hua felt very relaxed. When could he have imagined such a day?

"What's the situation with the Nanwu Banner now?" Ye Hua asked casually, almost forgetting about this group of people.

Donghuang Baizhi shook her head, "There has been no activity since they appeared."

Suddenly, Ye Shen put down his chopsticks and said seriously, "Mom and Dad, why not let Shen'er handle it?"

"I want to do it too," Ye Liu also chimed in.

The words of the two little ones made the adults laugh. They were really concerned.

"Alright, you're still young. Leave such matters to Mom and Dad," Qing Ya gently touched her daughter's head and said softly. She knew how thoughtful her daughter was at such a young age. She would definitely be remarkable when she grew up.

Donghuang Li and Ye Yan felt a bit depressed. Their younger brother and sister actually went to their father to ask for tasks, while as the eldest sister, 'I still don't have the qualifications...'

Ye Hua noticed the gloomy expression on Ah Li's face and calmly said, "You should focus on cultivating now and listen to your sister's words, understand?"

When it came to their father's words, Ye Shen and Ye Liu absolutely obeyed.

"Okay, Father."

"Father, Liu'er understands."

Ye Hua nodded and gestured for everyone to continue eating and not think about anything else.

Meanwhile, on the stairs of the Nanwu Banner, there was a Meituan delivery guy carrying a heavy box. [Meituan is a Chinese technology platform that offers various services, including food delivery, hotel booking, movie ticketing, and more. There have been some humorous memes associated with it. These jokes often play on the company's wide range of services or its prominent presence in people's daily lives.]

"Darn it, delivering Meituan orders is almost costing me my life." The Meituan delivery guy slumped on the stairs. This wasn't the first time he had made a delivery like this, but if it weren't for the high delivery fee, he wouldn't accept such orders no matter what.

The Meituan delivery guy rested for a minute and then continued climbing the stairs. After an hour, he finally reached the top and shouted loudly, "Your Meituan order is here!!!"

Just as he finished speaking, the large box automatically opened. The Meituan delivery guy was unfazed and said, "Remember to give a five-star rating."

"Okay."

Watching the food float into the palace, the delivery guy looked at the stairs again—going up was difficult, but going down was even harder.

Bai Gu walked into the palace with the delivery, and at that moment, excited voices could be heard inside the palace!

"Dragon! Dragon! Dragon! Hurry!!!" Kai Yun stood on a chair, with a lollipop in her mouth, shouting at her four subordinates beside her. [The dialogue and references to characters and actions suggest that it could be related to a multiplayer online battle arena (MOBA) game, Games like League of Legends (LOL) have gained significant popularity in China.]

Yue Hua said softly, "Banner Master, the mid-lane high tower on our side is being stolen by the Sword Saint."

"It's okay, it's okay. We'll take down the dragon and counter-push." Kai Yun said excitedly.

The four subordinates had no choice but to follow the Banner Master and steal the dragon, abandoning their base.

"Banner Master, I'll go ward the area to prevent the blind monk from stealing the dragon." Luo Hou suggested cautiously.

Kai Yun dismissed it arrogantly, "Why ward? If the blind monk comes, I'll use my skills to take him out."

"Banner……" Cang Konghong wanted to say something.

Yun Kai interrupted and said, "Xiao Hong! Don't speak! Stay quiet!"

"Okay……"

The dragon's health dropped rapidly, but suddenly a flash appeared. Kai Yun was stunned as he watched the blind monk flash in, steal the dragon, and then go up again.

The five of them stood dumbfounded in the dragon pit.

Kai Yun directly typed angrily, cursing the blind monk for being shameless.

"Banner Master! The Sword Saint is wreaking havoc at our base!" Luo Hou quickly reported the situation.

"Retreat!" Kai Yun waved his hand and gave the command.

Just as everyone was retreating to the base, EZ's ultimate flew over, instantly interrupting... [In the context of the given text, "EZ" refers to the champion Ezreal in the game being described. Ezreal is a playable character in the popular online game League of Legends. Ezreal's ultimate ability, known as "Trueshot Barrage" or simply "Ult," was cast and flew towards the location where the team was gathered.]

Kai Yun: "....."

All the members of the Nanwu Banner watched as their base was destroyed by the Sword Saint.

After the destruction, the Sword Saint couldn't help but mock, "What weak opponents."

Chapter 694 (Invite Them for a Meal)

"Ah ah ah ah!!!" Kai Yun covered her head, feeling like she was going crazy.

"You bunch of noobs, can't you let your Banner Master win one game! Sail with the wind, brave the storm, haven't you heard that Dragon can ruin a life? I'm so angry~" Kai Yun pouted, looking unhappy. [Dragon, is a powerful neutral monster in the game. Defeating it grants significant buffs to the team that secures it, such as increased attack damage, ability power, health regeneration, and empowered recall. The statement highlights the importance of Dragon and suggests that successfully securing it can have a game-changing impact, potentially leading to victory or a significant advantage. Conversely, losing a fight can be detrimental and have a negative impact on the team's chances of winning the game.]

Yue Hua held Kai Yun in her arms and comforted her softly, "Banner Master, don't be angry. Your favorite McDonald's McTwister is here."

"Oh, it's here?" Kai Yun immediately smiled brightly upon hearing about the McTwister.

"Banner Master, the delivery is here." Bai Guo came in with a bunch of delicious food, and Kai Yun eagerly looked for the McTwister.

The sweet taste made Kai Yun wear a satisfied smile. "The food in this world is so delicious, so fragrant~"

"Providing delicious food for the Banner Master is a human's fortune," said Bai Gu respectfully, even though he was just an invisible skeleton.

Kai Yun raised her hand a little proudly and then asked, "Bai Gu, how has the investigation been going these past few months?"

"Replying to the Banner Master, the overall strength in this world is quite weak. There isn't any significant existence," replied Bai Guo, who had been collecting information these past few months while the others were playing games with the Banner Master.

Upon hearing those words, Kai Yun's expression turned sour, showing typical childish behavior.

"Bores me," Kai Yun said, pouting.

After finishing the McTwister, Kai Yun took out a bag of potato chips and started eating. "Then let's lower the standards. Even average is acceptable."

"Banner Master, there may not even be anyone average," Bai Guo said in a low voice.

"What?! There's no one average either? Are they all this weak?" Kai Yun couldn't believe it. How were the people on this planet surviving?

After a while, Kai Yun continued, "Then let's lower the standards even further, below average."

"We have someone like that," said Bai Guo respectfully.

Kai Yun said casually, "Then let's hear about it."

"There's someone in Europe with below average strength who calls himself Lucifer, another person with below average strength named Miyamoto Nagayasu, and a local person in the Voidless Realm, who claims to be the Empress," Bai Guo reported the individuals with below average strength.

Kai Yun picked up a straw, inserted it into a can of cola, and took a deep breath. "Just these three?"

"Yes, Banner Master," Bai Guo said respectfully.

Kai Yun sighed deeply. "Then go invite them for a meal. It's so boring. Let's continue playing games. Games are more fun."

"Yes, Banner Master!" Bai Guo said respectfully.

The five of them returned to their seats, and Yue Hua curiously asked, "Banner Master, why are you inviting them over?"

"Uh... I don't know. We'll see how I feel at that time. Ah, let's not talk about this. I want to play mid lane. If they don't give it to me, I'll just feed..."

The four subordinates: "..."

In a castle in Europe, Lucifer sat on his throne, resting his slender fingers on the armrests and tapping them lightly.

"Nanwu Banner, they've been here for some time now. Do you have any intelligence on them?" Lucifer asked calmly.

"Master Lucifer, besides delivering takeout every day, there is no other information," said Owen, one of Lucifer's demon generals, who was handsome and had exceptional strength.

Lucifer's voice turned grave, "Last time, Taylor and Julia went to capture them, but they ended up staying in the East forever!"

"Master Lucifer, the East has always been mysterious. Unless necessary, it's better not to get involved," said the person named Mir, another one of the demon generals.

Upon learning that two demon generals had perished in the mysterious East, Lucifer became furious. He wanted to avenge his subordinates, but the two had fought him fiercely and even fought each other. Although it was somewhat unjust, their intuition told them that if Lucifer went there, he would never return.

The two demon generals had even fought Lucifer, and in the end, he decided not to go to the mysterious East. However, he held this grudge deep in his heart. Once he found an opportunity, he would surely avenge his subordinates!

With anger in his voice, Lucifer said, "You're just fear mongering!"

"Master Lucifer, please calm down," Owen persuasively spoke, hoping that Lucifer wouldn't act on impulse and would consider other possibilities.

These two subordinates who stopped Lucifer from delivering heads were truly exceptional, and it was worth praising them.

"Let's talk about this mysterious Nanwu Banner," Lucifer put aside his annoyance.

"There's nothing much to talk about," a voice suddenly echoed in the air.

Owen and Mir immediately became alert, and Lucifer stood up abruptly, scanning the surroundings and shouting, "Who's there!"

"One of the Five Banners of the Nanwu Banner! Bai Gu!" a mysterious voice echoed in the air once again.

Nanwu Banner!!!

Just now we were discussing the Nanwu Banner, and unexpectedly, it appeared so quickly. This is too coincidental!

And it's that eerie Bai Gu!

Lucifer dared not be careless and asked, "What are you here for?"

Bai Gu calmly said, "The Banner Master has ordered and invites you to have a meal at the Nanwu Banner."

A meal???

Owen coldly shouted, "What qualifications does your Banner Master have to invite the great Lucifer!"

Splash!

Just as Owen finished speaking, he felt a chill in his chest.

Drip, drip, drip...

The sound of dripping blood echoed in the hall, sounding eerie.

Owen dumbly lowered his head and saw that his chest had been pierced, but... he couldn't see anything at all. It was as if he had been pierced by air, yet he could still feel the chilling intent.

"Insulting the Banner Master, death is the only outcome!" Bai Gu said coldly.

When Bai Gu retracted his hand, Owen's chest gushed blood like a fountain, splashing hot blood all over the floor. Black wings suddenly spread open behind Owen, and he took a few steps before collapsing into the pool of blood.

A single strike instantly killed a demon general, shocking Lucifer to the core, to the point where he didn't dare to move!

Mir beside him also didn't dare to utter a word. They couldn't sense the enemy's whereabouts at all. A chill ran down their backs, as if speaking would result in instant death.

"Three days later! The Banner Master awaits your arrival. If the person doesn't come, their head will suffice!"

At this moment, Lucifer tried to locate Bai Gu, but he couldn't find him at all. Faced with such a threat, he had no means of counterattack. He could only watch as his subordinates died before his eyes!

After a while, Mir said in a terrified voice, "Lord Lucifer, it seems that person has left..."

Lucifer had no idea if the person had truly left. His face was extremely tense. After about half an hour, he finally couldn't bear it and sat down.

Mir was sweating profusely from fear, "Lord Lucifer, in three days... what should we do?"

"Go!" Lucifer said in a deep voice. There was no other choice. The enemy's strength was too terrifying!

Mir let out a sigh of relief. Not going meant death, but by going, they still had a chance to fight back. It was actually a good choice.

If one had to blame, they could only blame the enemy for being too powerful.

Chapter 695 (Dinner Three Days Later)

On a mountain peak in a certain island nation, the houses here are built on the mountainside with no pathways around, only thin ropes encircling them.

Countless shadows shuttle through at incredible speeds.

The buildings on the mountaintop are unique. Although they lack extravagant decorations, they exude an awe-inspiring presence.

Looking down from above, there are small bridges and flowing water, cherry blossoms in full bloom, and pink petals falling on the ground, creating a beautiful scene.

Occasionally, the wooden floors emit a clattering sound as women wearing wooden clogs deliver sweets. Their pale makeup is somewhat unsettling.

Inside the main hall, several men are kneeling on the floor.

Naturally, the one seated in the center is the boss of the Soul Birth Organization, Miyamoto Nagayasu!

Below him, four individuals sit wearing spacious black and white kimono, their expressions filled with respect.

"What has the Nanwu Banner been up to recently?" Miyamoto Nagayasu asks in a low voice, his goatee quite comical, causing the four subordinates to avoid direct eye contact, fearing they might burst into laughter.

It feels like a joke.

"Nanwu Banner has been inactive for the past few months, Lord Miyamoto," Shi Tuanguang says, placing his hands on his knees and bowing his head slightly.

Miyamoto Nagayasu breathed a sigh of relief. "It's surprising that Nanwu Banner has been here for several months without making any moves!"

"Lord Miyamoto, perhaps Nanwu Banner is waiting for an opportunity," Nakata Kandai, a chubby man, kneeling and looking like a ball of flesh.

Below the chubby man sat a man named He Yeyingming. He is relatively thin and tall, giving off a bamboo pole-like impression.

"Don't worry, Lord Miyamoto. Nanwu Banner will surely turn the world of Chinese cultivation upside down," Nakata Kandai says with a pleasing smile. Paired with his chubby face, it appears rather sinister.

"I'm afraid the Voidless Realm will intervene," said Taniguchi Wada, seated across from them, in a deep voice.

Miyamoto Nagayasu picked up the wooden cup in his right hand, taking a sip, and then put it down.

"The Voidless Realm has always been a thorn in my eyes. If it weren't for the Voidless Realm, we would have invaded long ago!"

"Rest assured, Lord Miyamoto. I believe it won't be long before the Chinese cultivation world descends into chaos, and then we will intervene!" Nakata Kandai said with a flattering smile, making his chubby face seem very creepy.

"I wonder when Nanwu Banner will make a move. It worries me," Miyamoto Nagayasu said softly, secretly hoping that Nanwu Banner will annihilate the Voidless Realm, preferably with both sides suffering losses, so he can reap the benefits.

"Could it be that Nanwu Banner fears the weak Voidless Realm and is hesitant to take action?" Taniguchi Wada said.

Puff!

Before the words could even be fully spoken, Taniguchi Wada suddenly felt a chill down his back, as if his heart had been grabbed!

"Wada, what's wrong with you?" He Yeyingming saw that Taniguchi Wada's face didn't look good and asked with concern.

"I... have... been... stabbed..."

Bang!

Taniguchi Wada collapsed heavily onto the wooden table, while his heart floated in the air, slowly moving...

This terrifying scene makes the four present individuals dare not move!

Taniguchi Wada was an extremely powerful ninja, how could he be killed in one blow?

"Roar!" He Yeyingming angrily shouted, and a samurai sword appeared in his hand, slashing through the air!

Boom!

Under a single strike, the entire room is split open, the horror unimaginable!

However, He Yeyingming felt a chill in his chest as his heart was forcefully pulled out by someone!

Two bloody hearts floated in the air. He Yeyingming, holding the samurai sword, stared blankly at his own beating heart before slowly falling down.

"Hmph! Does Nanwu Banner fear the weak Voidless Realm? What a joke!" a bone-chilling voice said, and the others clenched their hands!

The two scorching hearts instantly explode, splattering blood on the faces of Shi Tuanguang and Nakata Kandai, who were clearly shocked.

Even Miyamoto Nagayasu was no exception.

"Who... who are you?" Miyamoto Nagayasu stammered fearfully.

"I am one of the Five Banners of Nanwu Banner, Bai Gu!"

Bai Gu!!!

The remaining three people couldn't possibly have not heard of Bai Gu!

They had watched several videos of Bai Gu and even thought that Bai Gu was the strongest among the Five Banners because it had no form. How could they kill him?

Kill him with their thoughts? Or use a death stare to petrify him? He was completely impossible.

However, they might not know that Bai Gu was actually the weakest among the Five Banners, with the other four being even more twisted.

Miyamoto Nagayasu slowly stood up and immediately bowed at a 90-degree angle.

Shi Tuanguang and Nakata Kandai see their boss bowing and without thinking, they instantly stand up and bow at a 90-degree angle, filled with piety!

"Lord Bai Gu, we have offended you just now, but it is not our true intentions," Miyamoto Nagayasu said in a deep voice.

Bai Gu looks at the three despicable individuals in front of them, showing no emotional fluctuations.

"Three days later! The Banner Master invites you for a meal!" Bai Gu said calmly.

This sentence scared Miyamoto Nagayasu quite a bit. A meal???

Are you sure it's not a human feast?

But can he refuse now? What would be the consequences?

Miyamoto Nagayasu glanced at the wooden floor, where the two blobs of flesh and blood were so conspicuous. This should be the consequence of refusal!

"Alright, I will definitely come three days later!" Miyamoto Nagayasu said respectfully, not daring to lift his head.

After a long time, no sound was heard, and everyone slowly straightened their backs, then weakly sat on the ground.

Shi Tuanguang murmured, "The Nanwu Banner is truly powerful!"

"Yes, he killed the two of them so easily," Nakata Kandai looked at the bodies of the two, with a hole in their chests, so horrifying. This wasn't just killing, it was instant annihilation, completely unreasonable.

Miyamoto Nagayasu furrowed his brow tightly. "I'm afraid the Nanwu Banner is even stronger than the Voidless Realm!"

"Lord Miyamoto, if we can cling to the thigh of the Nanwu Banner, it would surely be more advantageous," Nakata Kandai proposed a good suggestion, as subservience flows through his blood.

Miyamoto Nagayasu thought this idea was good, worth a try... If they can establish cooperation, no... join, it will definitely be beneficial for him.

"Three days later, you two will come with me!" Miyamoto Nagayasu decided. This time, he must do his best.

Either way, it's a matter of life and death.

Nakata Kandai didn't want to die, he hastily said, "Lord Miyamoto, you should know that three days later is my mother's grand celebration."

"Yes, Noble Miyamoto, my son is getting married in three days," Shi Tuanguang also quickly excused himself. Having a meal three days later... it's definitely because of the final meal.

Miyamoto Nagayasu said indifferently, "Celebration? Change it to a funeral. Wedding? Change it to a burial!"

The two immediately knelt on the ground and shouted in unison, "We are willing to follow Lord Miyamoto!"

Miyamoto Nagayasu snorted coldly. Now he was actually looking forward to the dinner three days later!

Chapter 696 (Terrifying Bai Gu)

~~Voidless Realm~~

Dou Fushi and Li Hun strolled through the mountains.

Li Hun sweetly leaned against Dou Fushi's side, tightly gripping his arm as if afraid he would run away.

"Little Dou Dou, will you ever abandon me in the future?" Li Hun asked softly, her initially sweet expression turning resentful.

In Li Hun's heart, she feared being abandoned. She had given everything to Dou Fushi, and of course, she hoped to grow old with him.

Hearing Li Hun's words, Dou Fushi chuckled lightly. "Little Hun Hun, what's been going on with you lately? You keep asking such questions."

"Just answer me, I want to hear it," Li Hun pouted, refusing to give in.

Dou Fushi stopped in his tracks and held Li Hun's fragrant shoulders with both hands.

Looking at Li Hun's exquisite beauty, Dou Fushi still felt like he was dreaming. Li Hun was so beautiful, and he wondered why she favored him so much.

Dou Fushi reached out and touched the mark on Li Hun's brow. "Little Hun Hun, you're so beautiful."

Upon hearing the praise from the person she loved, Li Hun smiled happily and hugged Dou Fushi tightly. "Little Dou Dou, I really like you. I want to be with you for the rest of my life."

"Yes, we'll be together for the rest of our lives," Dou Fushi gently stroked Li Hun's long hair, feeling himself becoming more mature.

It seemed that men automatically matured when they had a woman. It was really good.

"Little Hun Hun, how about we play hide-and-seek?" Dou Fushi suggested with a smile. Sometimes, couples needed some interaction.

"Okay, you hide, and I'll come find you. If I catch you, I want..." Li Hun's voice turned sweet, her eyebrows and eyes winking, even lightly biting her lips, making her intentions obvious.

Dou Fushi scratched the back of his head. "No problem, I promise to make you comfortable."

"Okay, go hide. We'll go back once I catch you," Li Hun covered her beautiful eyes with her hands.

Dou Fushi took the opportunity to kiss Li Hun's cheek.

"Naughty~ Go hide, and I'll make sure you get a good reward later."

"Alright."

Dou Fushi immediately ran off, astonishingly fast.

It was easy for Li Hun to catch him effortlessly, and there were benefits as well.

One couldn't understand why such a straightforward guy had a girlfriend. It was simply incomprehensible.

Dou Fushi didn't even know where he had run to. He stood on top of a tree, waiting quietly, thinking that Li Hun would never find him.

'Look at me, I'm Grave Robber Dou Fushi, an expert in finding treasures. Even though I might not be good at finding coffins anymore, I've become even more adept at hiding.'

He waited for a long time, but Li Hun didn't come. A triumphant smile appeared on his face.

However, that smile quickly froze. He felt like someone was behind him. Could it be that Li Hun had found him?

"Haha, congratulations, you found me," Dou Fushi turned back with a joyful smile, even preparing for their return.

But when he turned around, he didn't see anyone. He was instantly dumbfounded.

But he had really felt someone there just a moment ago. What was going on?

Suddenly!

Dou Fushi's gaze sharpened, and he immediately dodged to the side. The large tree beside him was instantly split in half!

On the ground, Dou Fushi looked at his arm and saw a bloody wound!

This situation shocked Dou Fushi!

"Who?" Dou Fushi asked in a deep voice.

There was no one around, only a faint breeze and the sound of rustling leaves!

A sense of danger suddenly struck!

Dou Fushi didn't have time to think too much and rolled away like a dog!

Bang!

Only to see the spot where he had just stood being split in half!

Dou Fushi's heart started beating faster. How was this possible!

Uncle Wei had granted him such terrifying power, a power that even Li Hun couldn't match. Who on earth was this?

"Who? Dare to come out?" Dou Fushi shouted again.

Bai Gu calmly said, "You're quite good, evading my attacks twice."

Hearing the voice coming from the air, Dou Fushi became even more unsettled. He looked around with an anxious expression.

As Ye Hua had mentioned, Dou Fushi, along with the Green-Red brothers, possessed great power but lacked combat experience and proper cultivation techniques. They were simply not opponents!

Swish!

Dou Fushi suddenly felt a chill on his right shoulder. He turned his head and saw his flesh and blood splitting apart!

A surge of pain instantly reached his brain.

However, Dou Fushi still didn't know where the enemy was!

"Come out!" Dou Fushi angrily shouted and threw a punch into the air, creating a massive wave of energy.

"It's useless... You're still too weak," Bai Gu calmly said.

Dou Fushi's gaze sharpened. 'The voice came from behind—finally, I found you!'

Without any hesitation, Dou Fushi's fist gathered a powerful black aura and struck directly towards the source of the voice!

Boom! Boom! Boom!

The entire forest collapsed in a fan shape, releasing a tremendous spiritual pressure.

The pain in his shoulders made Dou Fushi's aura somewhat chaotic. Looking at the scene he caused, Dou Fushi smiled and said, "You underestimate my abilities as a Grave Raider. I'll punch you, the invader, to death."

Before he could finish speaking, Dou Fushi suddenly felt a massive impact on his chest, even denting his sternum.

Dou Fushi's body flew backward like a cannonball, creating a loud noise that shook the entire mountain.

At this moment, Dou Fushi lay in a pile of soil, a clear fist imprint on his chest, blood continuously flowing from the corners of his mouth, and his eyes lifeless as he looked around.

"Little Dou Dou!!!" Hearing that familiar voice, Dou Fushi's expression changed drastically. He endured the pain in his chest and shouted loudly, "Li Hun! Don't come here, go inform Lord Wei!"

Li Hun couldn't simply follow his command. She had noticed a tremendous spiritual fluctuation in this direction, so she hurried over to check the situation, only to see her beloved man lying in a pile of soil, appearing as if he was about to die.

"Little Dou Dou, what happened to you? Don't scare me!" Li Hun helped Dou Fushi up, her voice trembling as she asked with tears in her eyes.

"Li Hun! There's an invader! Very strong! You're not his match, quickly inform Lord Wei! It's dangerous!" Dou Fushi quickly said. It was not the time for sweet nothings; they had to inform Lord Wei immediately!

"Invader!" Li Hun's pretty face was instantly filled with anger. She stood up abruptly and exclaimed, "Who dares to harm my man!"

"Your man is weak," Bai Gu said softly.

Hearing the words from the air, Li Hun became alert. She immediately manifested her colorful divine sword in her hand.

"Li Hun! Run away! You're no match for him!" Dou Fushi grabbed Li Hun's ankle, pleading.

Li Hun focused her gaze in the air. With her abundant combat experience, she closed her beautiful eyes and sensed the subtle spiritual fluctuations.

However... she couldn't sense any spiritual fluctuations at all.

"Come out!" Li Hun coldly shouted.

Bai Gu didn't want to kill these two: "I'm not interested in fighting you. Goodbye."

"Damn it, don't run away!" The colorful divine sword in Li Hun's hand bloomed with dazzling colors. In just a moment, she had captured the sound's origin.

Chapter 697 (The Supreme Overlord Made a Mistake)

A sharp sword aura swept through, but nothing happened...

The woman's sixth sense sensed danger, and Li Hun quickly formed seals in her hand. A red barrier appeared on her right side.

Boom!

The barrier was instantly shattered, fiercely hitting Li Hun's right shoulder. Her right shoulder instantly deformed, and her delicate body flew out, crashing into numerous trees!

"Li Hun!" Dou Fushi exclaimed in despair, unexpectedly standing up.

"You underestimate me!" Bai Gu said indifferently.

"I'm going to kill you!" Dou Fushi became furious. How dare he hit his woman? He was truly seeking death!

Dou Fushi burst forth with power, a terrifying black mist overflowing from his body. The wounds on his arms quickly healed, even some flesh wounds were closing up, leaving Bai Gu puzzled.

This man was "weak," but his strength was enormous, especially this strange black mist, which made it difficult for Bai Gu to figure out.

Feeling the immense power within his body, Dou Fushi's eyes turned red as he looked at the empty forest in front of him.

Where should he strike?

Puff!

Dou Fushi felt a coldness in his lower abdomen, as if something had pierced through him. Behind him, Bai Gu's voice sounded, "You are still too weak in my eyes!"

"One Thought Lotus Transformation!"

An angry shout rang out, and a terrifying spiritual pressure swept through the entire mountain peak. The pink sword aura attacked Dou Fushi from behind!

Dou Fushi covered the wound in his abdomen, but the bleeding didn't stop. This mysterious thing was too horrifying!

Not far away, a trace of blood flowed from Li Hun's mouth. Holding the Seven-Colored Divine Sword, she guessed based on her intuition that the strange thing must be behind her husband. So she directly unleashed a powerful attack in that direction!

She didn't know if it hit or not...

"Little Dou Dou." Li Hun quickly ran to Dou Fushi's side, only to see him bleeding profusely from his abdomen. This scared Li Hun, and she immediately started treating Dou Fushi, relying on the healing properties of the black mist. Dou Fushi wouldn't die.

Bai Gu spoke softly, "You all annoy me."

Upon hearing these words, Dou Fushi and Li Hun's faces changed drastically. What kind of creature was this? They couldn't see it or feel it, how could they fight back???

"So, die." Bai Gu said in a low voice, attacking Dou Fushi and Li Hun.

For the two of them, they couldn't sense any spiritual energy fluctuations in the air. It was as if their opponent could freely manipulate the air for attacks!

Li Hun tightly held Dou Fushi in her arms, completely helpless. The opponent's strength was beyond their expectations.

"Little Hun Hun, I love you," Dou Fushi weakly said, afraid that she wouldn't be able to say these words in the future.

After hearing these words, Li Hun instantly lost her fear and even smiled, "I love you too."

Boom!

A terrifying wave of energy spread in a circular shape, shaking the entire mountain peak violently. Even cracks appeared on the ground.

Li Hun, with her eyes tightly closed, felt... no pain.

She slowly opened her beautiful eyes and saw a golden shield enveloping herself and Dou Fushi.

And not far away, she saw Your Honor and his two wives(Madams).

Seeing the arrival of the sovereign, Dou Fushi seemed to relax instantly and fainted.

Ye Hua had been teaching the children when he sensed the spiritual energy fluctuations here. He thought it was Wei Chang's aura, and he probably started a fight with Dou Fushi and Li Hun out of impulse.

But when he arrived, he saw this scene.

"You dare to invade my Voidless Realm!" Ye Hua coldly shouted, his eyes locked onto the surroundings.

The opponent could silently pass through the Voidless Realm's barrier, which meant they were incredibly powerful!

Bai Gu was also astonished. His attack had just been blocked by a small barrier, and it was released by this man. The person behind him should be the Empress!

"Nanwu Banner, one of the Five Banners, Bai Gu!"

Bai Gu's voice resounded through the air.

Hearing the opponent's name, Ye Hua was surprised. Qing Ya and Donghuang Baizhi's expressions darkened, and Li Hun was the same.

It turned out to be that invisible man, Bai Gu! This invisibility was too terrifying!

Ye Hua frowned slightly, "Nanwu Banner! Bai Gu, isn't it inappropriate for you to attack my people?"

Bai Gu didn't respond but said, "The Banner Master invites the Empress to dinner in three days, hoping the Empress will arrive on time."

"You dare to ignore my words!" Ye Hua clenched his fists, and the entire air seemed to freeze, as if turning into ice.

Crackling... The layer of ice in the air cracked one by one.

Boom!

The air within a radius of one li instantly exploded. Ye Hua's lips curled up, "Bai Gu, even if you merge with the air, I have a way to deal with you!"

However, Bai Gu's voice sounded in the air again.

"You are strong. I hope you can also come for dinner in three days. The Banner Master would be happy to see someone like you." After finishing this sentence, Bai Gu left.

Awkwardness filled the air. Ye Hua's mouth twitched slightly. Why?

How could this Bai Gu still survive? The air had just frozen, why could it still survive?

What kind of race was it? It couldn't even be killed by Ye Hua!

Ye Hua tightly clenched his fists. He didn't expect to lose half of the first battle against the Nanwu Banner!

And most importantly!

The Supreme Overlord fought against someone else's subordinate and was slapped in the face by that subordinate!

The Supreme Overlord, who had roamed the world for thousands of years, had never lost face like this before!

"Don't reveal anything about today!" Ye Hua said in a deep voice, then disappeared on the spot. He needed to investigate thoroughly!

Qing Ya and Donghuang Baizhi looked at each other with concern after seeing their husband leave.

They witnessed Ye Hua's action for the first time, and the opponent remained unscathed. This Nanwu Banner was indeed powerful, and Bai Gu was the same!

At this moment, Bai Gu returned to the main hall of the Nanwu Banner, where Kai Yun and others were waiting among the five rows of people.

"Bai Gu, have you informed everyone?" Kai Yun asked as he checked his own performance.

Because Kai Yun could sense Bai Gu, it was as simple as that.

"Banner Master, everyone has been notified," Bai Gu respectfully replied.

Kai Yun pursed her lips and asked curiously, "Are they all obedient?"

"Yes, except for the Empress of the Voidless Realm..."

"Oh? Is she unwilling to come?" Kai Yun's face tightened. Sitting beside her, Yue Hua held Kai Yun's small hand and gently rubbed it, which eased her tense expression.

"It's not that. There's a man by the Empress's side with great power," Bai Gu said seriously, giving high praise to Ye Hua. He was very powerful!

Upon hearing this, Kai Yun became excited, "Tell me more! How strong is he?"

"He casually waved his hand and froze the air."

Chapter 698 (The Terrifying Opponent)

"Amazing!" Kai Yun clapped her hands and laughed, behaving like a child.

"At that time, I was trapped, but that man didn't know my weakness. He froze the air, and that's when I managed to escape," Bai Gu explained. The strength of Bai Gu lies in coexisting with the air. Without air, death awaits!

It's like suffocating to death.

So, when Ye Hua tried to solidify the air, thinking it could kill Bai Gu, he actually let Bai Gu go.

If Ye Hua were to find out, he would surely be infuriated, as he missed a great opportunity.

Indeed, it was an excellent opportunity. Bai Gu's existence within the air makes it difficult to grasp its position. Ye Hua was fortunate enough to solidify Bai Gu just now.

Therefore, after this encounter, Bai Gu will become more vigilant. Just now, it was a moment of carelessness.

"Be cautious, Bai Gu," Luo Hou said in a deep voice. Bai Gu's advantage is terrifying, but it also has a fatal weakness. After hearing Bai Gu's words, he knew he made a detour through the gates of the underworld.

"Yes, I understand," Bai Gu replied.

At this moment, Cang Konghong respectfully spoke up, "Banner..."

Kai Yun casually raised her hand, "What are we going to do now? You're disturbing my game. Anyway, they will come in three days. Come, come, let's continue playing."

Cang Konghong, who was hideously ugly, nodded slightly and began selecting players...

The five of them started a new round of the game.

Although it was just a small clash, the Supreme Overlord suffered a loss, and that was against the weakest Bai Gu.

What special abilities did Luo Hou, who ranked fourth, possess? And there was also Yue Hua, ranked third, the scarecrow ranked second, and the strongest and ugliest of them all, Cang Konghong.

They were only sealed at that time, so why weren't they directly killed? It is believed that they are also unkillable.

This is different from the annihilation Ye Hua's group faced. They were killed, but these individuals...

Others had no way to deal with them, especially during the Primordial Era! They existed even longer than the ancient times.

Ye Hua's current opponent is much stronger than those Overlords. This is not something that can be easily dealt with by simply moving one's fingers.

It requires not only strength but also intelligence. To kill Bai Gu and to miss that excellent opportunity, the chances in the future are probably slim.

Moreover, opponents like this, under the Seven Deadly Sins, have no means to deal with them. Even the slightest carelessness could result in being slain by the opponent!

If Ye Hua hadn't arrived in time this time, Dou Fushi and Li Hun would have been finished.

It's not that they are weak, but the opponent is too strong.

Such an opponent is beyond their ability to contend with.

Back in the Leisure Bar, Ye Hua called for an emergency meeting. The strength of their opponent had exceeded Ye Hua's expectations. Among all the reborn entities, only this Bai Gu managed to survive.

Upon receiving the urgent summons from Your Honor, all the subordinates quickly put down what they were doing and gathered.

Ye Hua specifically called for Li Hun because she was the one who understood the recent events the most.

"Present yourselves before Your Honor!" The opening statement was always so awe-inspiring, but today Ye Hua was not in the mood to enjoy it. Just the thought of losing against Bai Gu filled him with anger. He actually lost face because of a subordinate...

Ye Hua waved his hand casually.

The subordinates saw Your Honor's displeased expression and remained silent. The Seven Sins knew what that expression meant.

It meant that Your Honor was very angry, and couldn't be easily appeased.

"Nanwu Banner made a move!" Ye Hua said coldly, his eyes flashing with a crimson light.

"The key point is that they made a move in front of me!" Ye Hua shouted in anger!

The people gasped, thinking that Nanwu Banner was too bold. They actually made a move in front of Your Honor! Where did they get their confidence from!

"Fushi is heavily injured. Li Hun, you explain the specifics of this Bai Gu!" Ye Hua calmed down his anger and tried to stay composed... stay composed...

Ye Hua rarely made mistakes in his actions, even in battles against those Overlords, he had never made a mistake. He only experienced failures, but never mistakes!

This Bai Gu broke that record, making Ye Hua doubt his own strength.

Li Hun's injuries were not light either, blood stains were visible at the corners of her mouth. Everyone looked at her with tense expressions.

Wei Chang felt a sense of shock. He had bestowed them with power, and Fushi could easily dominate this world. Li Hun, due to Fushi's influence, also gained power. Yet, both of them were beaten like this. It was an unprecedented event!

The Green-Red Brothers, who stood nearby, were also stunned. Like Fushi, they were bestowed with power. If Fushi could be beaten so badly, then they were no exception.

Zi Shan had the same thoughts, as did Tang Wei and the three wives of Lie Gu. They were directly given power and had no chance of winning.

The Death Mage could be an exception, as it possessed many deadly magic spells. If its mind worked well, victory was still possible. However, it couldn't achieve instant kills like before. As for Xun Fang, it was a lost cause, just like them, without any hope of winning.

This made Ye Hua realize the problem. His subordinates needed to train! He could bestow powerful abilities, but in the long run, they had to rely on their own efforts!

Just like this time, they were beaten by someone's subordinate! His face had been completely lost.

"Your Honor, this Bai Gu of Nanwu Banner is just as shown in the video! There is no spiritual energy fluctuation during battle, and its position cannot be detected. It can attack from any angle, making it impossible to defend against! Even attacking it has no effect!" Li Hun explained respectfully.

"Did you all hear that? Even I cannot sense any fluctuation in its aura, and in our confrontation, the opponent was unscathed!"

Ye Hua's words shocked his subordinates. Your Honor... actually made a mistake!!!

This made all the subordinates alert. In the past, the meetings were like jokes because they had no fear. The opponents were all small fries and could be annihilated with a flick of their fingers.

But this time, even Your Honor couldn't kill the opponent! How was this possible!

Jue Tian, who was in Brittany's arms, spoke up, "Your Honor! I have also seen the video of the Bai Gu. Combined with Li Hun's explanation just now, I believe that this is a race that exists within the air. There were many peculiar races in the Primordial Era, and this Bai Gu is probably one of them. As part of the air, it is immune to any attack, commonly known as immunity to all damage."

Ye Hua nodded, "Indeed, I solidified and ruptured the air, but I couldn't eliminate it!"

"Your Honor, does it mean that it has no weaknesses?" Ye Zizi curiously asked.

Lie Gu, unusually serious, said, "No matter how powerful a race is, there will always be weaknesses! This Bai Gu must have weaknesses!"

Indeed, no matter how powerful a race is, even Ye Hua has weaknesses. It's just that his strength is so overpowering that it masks them. However, in the past, he was caught off guard by the Overlords, and they blasted him to bits.

Chapter 699 (Cultivation Makes Your Honor Happy)

Ye Hua spoke grimly, "This is just a Bai Gu! One of the Five Banners, there is still a Banner Master! This will be the strongest opponent our team has encountered since its establishment! I hope everyone adjusts their mentality!"

"For those outside the Seven Sins! After this incident, I hope you recognize your shortcomings. There are many people stronger than you, so don't remain stagnant! Those who need to cultivate, should cultivate! If in the coming years, you are still stagnant, then don't blame me for being heartless!"

The subordinates could clearly sense the anger of their lord and dared not speak further. "We will not disappoint Your Honor!"

"Also, three days from now, I will visit the Nanwu Banner. This time, Lie Gu and Ye Zizi will accompany me! And the Death Mage too! The rest of you remain on standby!" Ye Hua rarely took opponents so seriously.

Even when fighting against Jue Tian, it was done with a playful mindset because Jue Tian was someone who could be easily annihilated with a flick of a finger. But this time, the opponent emerged unscathed even with a flick of his finger. It was unbelievable!

"Yes!" Lie Gu respectfully responded, a cruel glint shining in his eyes.

"Yes~" Ye Zi Zi coquettishly replied, her crimson eyes revealing excitement. She wondered how much stronger they would become after absorbing those people's power!

"Kekeke..."

Imperial Translation: "Understood!"

"This deity has one final question!" Ye Hua asked in a deep voice.

As the subordinates looked at Your Honor's profound gaze, they lowered their heads slightly.

"During the Primordial Era, were they considered strong? Average? Or weak?" After saying this, Ye Hua disappeared from the Leisure Bar. He used to feel invincible, but after the Bai Gu incident, he realized that he was still not strong enough!

He couldn't even kill the Bai Gu instantly! He was too weak!

After Ye Hua left, the others did not leave. They all sat on the stools in Leisure Bar.

A sense of defeat! A deep sense of defeat!

And also, a sense of shame!

When Your Honor faced an unsolvable problem, their subordinates couldn't help at all. Even from their Your Honor's tone, it seemed that they had no way to intervene in such matters.

This greatly struck their subordinates, making them realize that there were even stronger existences!

Wei Chang looked at his subordinates and said in a solemn voice, "As Your Honor said earlier, although you have been bestowed with great power, you have neglected cultivation due to a peaceful life. Look at the two young Lords who were just born. As the children of Your Honor, they diligently cultivate every

day. As the subordinates of Your Honor, you should strive even harder! Otherwise, how can Your Honor entrust you with tasks in the future?"

Hearing Wei Chang's words, the people felt a heavy burden in their hearts, realizing that they had let down the Lord's cultivation. They thought that having this power was enough to overcome anything, that they could slay gods.

But today's events taught them a lesson. There are beings in this world that they cannot defeat...

The newly arrived Dou Fushi was beaten so badly that they couldn't even fight back!

Yi Hong suddenly stood up and clasped his hands, saying, "Uncle Wei, we will definitely cultivate diligently! We will not let Your Honor be ashamed!"

Zi Shan, sitting by his side, raised her head slightly and looked at her husband's face. She suddenly realized that her husband's figure in her heart had grown taller.

Lu Hong also stood up and said, "You're right! This incident is worth our serious reflection."

Wei Chang nodded, "I hope everyone present takes it seriously. Your Honor is genuinely angry this time. If anyone hasn't diligently cultivated and hasn't achieved good results, I, Wei Chang, won't show mercy!"

"Yes!"

Wei Chang nodded again, "You don't need to intervene in this matter. Go back and focus on cultivation."

The people respectfully acknowledged and left with heavy hearts, one after another.

Only five members of the Seven Sins remained.

Brittany held Jue Tian in her arms, gently caressing him. Jue Tian had given up resistance by now and even showed a comfortable expression, enjoying the attention.

"Zizi, Lie Gu, be careful when accompanying Your Honor this time. Don't underestimate the enemy," Wei Chang reminded them.

"Wei Chang, don't worry. This time, we're going there to save face," Lie Gu understood why Your Honor called upon him—to teach the opponent a lesson.

Wei Chang nodded, "That's right. Your Honor was unhappy with his failure in front of the enemy's subordinates. You must reclaim that pride!"

"Wei Chang, rest assured, I, Ye Zizi, have never been afraid of anyone," Ye Zizi said with a smile, eager to go. Finally, there was a formidable opponent!

Brittany remained silent. Her current task was to protect the weak Jue Tian during his recovery. Jue Tian was now as weak as an ordinary cat, easily taken down with a fruit knife.

However, Jue Tian jumped onto the table and spoke in a deep voice, "Your Honor just mentioned it. What kind of existence does the Nanwu Banner belong to in the Primordial Era? Are they weak or strong? How many more of such people have yet to appear? These are all hidden dangers!"

"Jue Tian, it has been a very long time since the Primordial Era, and there is very little information available. If it weren't for what Zi Shan saw, we wouldn't even know that those people came from the Primordial Era," Brittany sighed softly. The Primordial Era was too distant, even more so than the Ancient Era. They have no knowledge of any powerful beings from that time.

This time, they merely touched upon a small part of the Primordial Era.

Jue Tian glared at Brittany, thinking to himself that women had long hair but low knowledge.

"Although we don't know, we still need to be prepared. As the subordinates of the Supreme Overlord, it's our duty!" Jue Tian spoke sternly.

It seemed that this sudden incident was actually a good thing for the entire team. After all, the team had become too complacent, thinking they were invincible and neglecting their cultivation.

Even Ye Hua felt that he was still too weak. He couldn't instantly kill every enemy, and he was not the strongest!

Therefore!

He would go into seclusion for three days! Pondering over life!

Nothing could stop his yearning for strength. Nothing could!

Inside the Voidless Realm.

Qing Ya and Donghuang Baizhi were worried about Ye Hua's condition. After he came back, he locked himself in his room.

It seemed like he had shut himself off from the world.

"Qing Ya, what should we do?" Donghuang Baizhi asked anxiously. It was the first time she had seen Ye Hua like this since they met.

Qing Ya expressed her concerns, "Today's incident must have been a blow to Ye Hua. I just learned from Zi Shan that he got angry."

"Ah, encountering such a situation, we couldn't even help Ye Hua," Donghuang Baizhi felt a bit guilty. As his wife, she didn't want to be just a decoration. Although Ye Hua often said, "You only need to be beautiful and leave the rest to me," when something really happened, the two wives felt useless.

Qing Ya murmured, "Is there any way to make Ye Hua happy?"

Chapter 700 (Let Cultivation Go to Hell)

"Happy?" Donghuang Baizhi pondered for a moment, wondering how to make Ye Hua happy.

One second later, Qing Ya and Donghuang Baizhi exchanged a glance.

There seemed to be only one way to make Ye Hua happy!

At this moment, Ye Hua was sitting cross-legged in the bedroom. Perhaps because he hadn't cultivated for a long time, he couldn't calm his mind at all. Just the thought of Bai Gu's arrogant tone made his anger boil.

One of the underlings of the Nanwu Banner dared to be so arrogant in front of the Supreme Overlord, and he couldn't do anything about it. His anger was overwhelming!

'No, this deity has to calm down and cultivate fiercely!'

'This deity couldn't be disturbed by the outside world. This deity must annihilate all of them and make them tremble in fear under this deity's power.'

'That's right, no one can disturb this deity's cultivation. Cultivation brings happiness to this deity! Cultivation brings happiness to this deity! Cultivation brings happiness to this deity!'

While Ye Hua was self-hypnotizing, two graceful figures suddenly appeared before his eyes.

Seeing Qing Ya and Donghuang Baizhi in front of him, Ye Hua's determined face froze. Even though he often saw the two of them, at this moment, he couldn't help but feel a deep respect.

Qing Ya was dressed in a black silk suspender outfit, her slender legs wrapped in lace-trimmed stockings. The little skirt was already as low as it could be, with a black piece of unknown material covering her chest. Her flat abdomen had no trace of excess fat, combined with her exquisite facial features, it would definitely make any man explode, including him.

And the Empress, for the first time ever, wore a white suspender outfit. Unlike Qing Ya's black stockings, the Empress wore white stockings with a net design, even more provocative. The lace-trimmed skirt swayed from time to time, causing even his heart to ripple.

Ye Hua had never seen them dressed like this before. It's not like he hadn't made any requests in the past, but all of his requests were rejected.

They used to refuse, even when Ye Hua was begging for it. And today, when Ye Hua started his cultivation, they decided to do this. 'They are contradicting this deity?'

'Did they think that dressing like this would make this deity give up on cultivation? That was impossible!'

Just as Ye Hua was firming his resolve in his heart.

The Empress took out a steel pipe from somewhere and inserted it into the ground.

Ye Hua's heart skipped a beat.

Qing Ya and Donghuang Baizhi gently caressed the large and thick steel pipe, making Ye Hua want to explode, swallowing hard.

"Ye Hua~" Qing Ya called out softly and coquettishly, her eyes seductive. She even stuck out her tongue and licked her lips.

The Empress subtly swayed her delicate body, lightly biting her lower lip, her slender legs entwined around the steel pipe.

'Why did this deity suddenly think of doing that with the steel pipe?'

Donghuang Baizhi's voice sounded enticingly, "Ye Hua~ Why are you just sitting there? Aren't you coming over?"

Qing Ya and Donghuang Baizhi had no idea that their husband intended to cultivate. They thought he was just feeling down, so they tried to find a way to cheer him up. If they knew that Ye Hua was cultivating, they definitely wouldn't disturb him.

Looking at the two wives in this state, Ye Hua was struggling in his heart!

Should he let them be or continue cultivating? He is a man after all! And he is determined to cultivate!

Should he go and f**king cultivate, or should he roll in bed with his wives? If he is killed someday, it will all be their fault. They are such little vixens, coming at him while he's cultivating.

Ye Hua directly walked over and embraced the two wives in his arms, heading towards the bed.

A fierce storm suddenly erupted, and Qing Ya and Donghuang Baizhi were particularly attentive, trying their best to make their husband happy. Seeing the desolate look in their husband's eyes today, their hearts ached. They hoped that this would alleviate their husband's mood.

It worked pretty well, but only for a short period of time.

Three days quickly passed, and the morning in the Voidless Realm was still as comfortable as ever.

Ye Shen and Ye Liu were sparring as usual, while Donghuang Li and Ye Yan sat beside them, yawning.

Ye Yan rubbed his swollen eyes and asked, "It's been three days. Are Mom and Dad still inside? Are they cultivating?"

"Probably." Donghuang Li slumped on the table, looking bored.

"I heard that Dad is facing difficulties," Ye Yan whispered.

The children were still unaware of this matter. The news had been blocked, and Dou Fushi kept his lips sealed.

Donghuang Li clenched her fists on the stone table. "We're still too young. Mom and Dad don't want us to know too much."

"Yeah, I wish we could grow up quickly and help Dad," Ye Yan expressed his desire to grow up soon. He imagined himself assisting his father in conquering the world, filled with a sense of grandeur.

Gurgle...

Ye Yan embarrassingly touched his stomach.

Donghuang Li patted his little brother's shoulder. "You should eat first and then grow up."

"Aunt's cooking is so bad..." Ye Yan complained in pain. For these three days, they had been eating at Qing Yutong's place, but she had no cooking skills. She could only use her tablet to learn.

Having been accustomed to their mother's cooking, the four children had become picky eaters, leading to this situation.

"Alright, Aunt has been very tired these past few days. We should be considerate," Donghuang Li sighed helplessly.

Looking at the time, it was almost mealtime. Donghuang Li stood up and called out, "Let's stop for now and go eat."

Ye Shen and Ye Liu's faces brightened, and they forced a smile. "Sister, brother, you go ahead. We're not hungry."

"Yeah, brother and I will continue practicing," Ye Liu said seriously. Eating was out of the question. There was no need for a "This food is delicious" warning.

Donghuang Li walked over and directly grabbed her siblings' wrists. "We're siblings. We face difficulties together. If you want to escape, forget it."

"Sis..."

"Sister~"

Donghuang Li paid no attention to their pleas and directly pulled them to Qing Yutong's sleeping quarters.

However, as soon as they stepped inside, the children caught a whiff of a delicious aroma.

On the table lay a sumptuous breakfast, with all kinds of dishes like steamed dumplings, fried dough sticks, millet porridge, and even Hui ethnic noodles with large pieces of beef.

Qing Yutong sat there with a beaming smile. Her own cooking was not tasty, and it wasted time, so she simply went out to buy it. It was much easier that way.

"Little ones, come and have breakfast." Qing Yutong smiled and said.

The four children sat on their chairs with puzzled expressions, their stomachs growling from the scent of the food.

"Alright, there aren't many rules here with Aunt. Let's eat quickly."

"Thank you, Aunt." The four children exclaimed in unison and then eagerly grabbed the food on the table, devouring it.

As they ate, they shouted, "It's so delicious!"

Watching the children wolf down the food, Qing Yutong also breathed a sigh of relief. From now on, it would have to be like this. Her own cooking...
