You Cannot Afford To Offend My Woman

Chapter 81.1: Can't last over a minute 1/2

Ye Hua said faintly, "What does it have to do with me."

Qing Ya was too lazy to argue with Ye Hua, "What do you two want to eat?"

"Lanzhou fried rice, add egg." Ye Hua said faintly. I have not eaten Lanzhou fried rice for quite a long time.

Qing Ya let out a breath of relief, luckily he did not order crayfishes.

"We will eat crayfishes tonight." Ye Hua added, and Qing Ya's face immediately turned black...

Qing Yutong thought for a bit, "Big sister, help me order a strawberry McFlurry and two chicken wings."

"Are you not going to control your weight?" Qing Ya sized up Qing Yutong's body and asked.

Qing Yutong stood up and spun one round, "With this kind of figure, do I even need to control it? Brother-in-law, am I right?"

"Right." Ye Hua has to give the sister-in-law a like. Asides from the point that there is a bit of 'defect' in her personality, all the other aspects of this sister-in-law of mine are very perfect.

"Right your head. Ye Hua, where are your eyes looking at?"

"Oh, looking at the sister-in-law." Ye Hua said faintly.

"Brother-in-law~ Don't be like this~ Big sister is still here~"

"Let's wait for when she's not here then."

Qing Ya knew that the two were teasing her, but she just couldn't stand it, "Alright, I will make space for two of you then!"

And just like this, the daily quarrel began.

Ye Hua shook his head helplessly, Qing Ya's mental state still requires some training, to actually get angry so easily like this. With her current mental state, if enemies were to provoke her for even just a bit, she wouldn't be able to hold that temper of hers.

"The temper of this big sister of mine." Even Qing Yutong also sighed.

Seeing that brother-in-law did not have the intention to go and chase after her big sister, Qing Yutong asked softly, "Brother-in-law, why aren't you chasing after big sister?"

"Only after your big sister leave, then would I be able to look at you."

"Wow~ Brother-in-law, you are so perverted, to actually like your own sister-in-law~ Authentic and genuine beautiful legs, do you want to come and study them?" Qing Yutong could be seen boldly stretching out one of her snow-white long legs towards Ye Hua, while thinking to herself, "Brother-in-law, quickly come and touch it, then I would be able to get one mission point."

“You are also very perverted.” Ye Hua said after taking a look at the long leg.

Qing Yutong, “.....”

Half an hour later, the food delivery arrived. Unfortunately, Qing Ya was still angry and didn't bother coming into the room to eat, thus Ye Hua had no choice but to go and coax Qing Ya. It is fine if the adult is hungry, but it will be bad if my child becomes hungry because of that adult.

Opening the bedroom door, Ye Hua discovered that Qing Ya was sitting on the bed. With her back faced towards Ye Hua, she seemed just like a married woman that was filled with grievance.

“Qing Ya, come over and eat lunch.” Ye Hua shouted out, and in actuality, this action could be counted as very face-giving already. When has Ye Hua ever personally go and call someone to come over and eat lunch? He would only know how to tell others to go to hell or die.

“What are you even calling me for, weren't you having fun with your sister-in-law? I wouldn't dare to disturb the master's mood!” Qing Ya's jealousy was very huge.

Ye Hua pulled onto Qing Ya and said faintly, “Alright, don't make me angry.”

“You!!!” Qing Ya snorted. If not for looking at the fact that you won 50 billion, I wouldn't let you off that easily today!

When Qing Yutong saw her brother-in-law entered into the room while pulling onto her big sister, she clicked her tongue and said, “Big sister, can you be a bit more reserved? At the least, you have to endure for more than 2 minutes. Every time when brother-in-law goes to you, you would surrender in less than a minute. As a woman, I have to despise you.”

“Eat your food and keep quiet!” Qing Ya took a glare at Qing Yutong, it is all because that his strength is big and I am not able to resist against his strength!

“Bleh, bleh, bleh.”

“That's right, the company gave me a call just now, Qing Yutong, you have to go to High Ocean City tomorrow to take some promotional photos.” Qing Ya said while holding onto her rice bowl.

Upon hearing that, Qing Yutong immediately became gloomy, “Tomorrow? Brother-in-law, accompany me~”

“Not free, I have to bring your big sister to go out for a walk tomorrow.”

“Alright, the two of you! You two are purposely driving me away so that you two can properly live your world of two people right! Humph, I have finally seen through the two of you!” Qing Yutong became angry as she crossed her arms and raised her chin up high.

Qing Ya rolled her eyes at Ye Hua, when have I promised to go out with you, anyhow deciding it own your own~

“Since you want to be a streamer, go and do it properly and not screw it up, if not, you can prepare to go back and work as an actress again!”

Qing Yutong turned her head to the window, and her small mouth was pouted out to the point that a bottle could be hung on her mouth. If I throw a bad temper and not come back, I will see how urgent the two of you will become~

Chapter 81.2: Can't last over a minute 2/2

After eating lunch, the three of them were not in a hurry to play the computer game. Qing Ya has the habit of taking a nap in the afternoon, and Ye Hua has to cultivate his humanity for a bit by watching Pleasant Goat and Big Big Wolf. As for Qing Yutong, she joined Ye Hua to watch Pleasant Goat and Big Big Wolf. In the office, Ye Hua and Qing Yutong could be seen sitting on the sofa and watching Pleasant Goat and Big Big Wolf. Qing Yutong would laugh from time to time, and Ye Hua wished that he could zip up his sister-in-law's mouth. Is the show even that funny?

While taking a nap, Qing Ya overslept, and if it wasn't for her phone ringing, it was reckoned that she would have slept until nighttime.

"CEO Qing." It was Liu Hang who called.

Qing Ya sat her body up and leaned onto the behead. The indolent charm that Qing Ya was emitting out right now was enough to make one's heart feel itchy.

"What's the matter?"

Liu Hang said in a deep voice, "It's like this, Longhu Estate can be counted as our cooperative partner, and their boss's daughter was murdered today. So, should we attend the funeral and express our grief?"

"Boss's daughter? What's the situation?" Qing Ya wore her slippers, walked to the window and watched the sunset.

Liu Hang swallowed his saliva, "I'm also not very clear about the specifics, I only knew about this matter when my subordinate reported it to me a while ago. You can watch the news channel if you want to know more about it, they are going to report about this matter in a while."

"Alright, I understand." Qing Ya hang up the phone. It's fine if I was not at Long'an City, but since I'm here right now, I should go and attend the funeral, after all, Longhu Estate's boss is one of my company's cooperative partners."

Walking out of the bedroom and arriving at Ye Hua's office, after opening the office door, Qing Ya immediately heard the sound that was able to give her a headache.

"I will still come back!!!!"

They actually watched Pleasant Goat and Big Big Wolf for an entire afternoon. Qing Ya wished she could kick these two people until they wake up, how big are they already and they are still watching Pleasant Goat and Big Big Wolf!

"Big sister, come over quickly, come over quickly, the show is about to start again."

Qing Ya picked up the controller petulantly and changed the channel to Long'an City's news channel, and sure enough, the news channel was currently reporting about the matter that Liu Hang spoke about just now.

"Hello fellow audiences who are in front of your television, the place that I am at right now is the crime scene where the homicide happened. We can still clearly see the bloodstain that is on the floor, and from this, we can see how frightening the scene must have been back then. The identity of the culprit is shocking, the culprit is Qin Jin, the successor of Qin Corporation, and within the list of people who died in the homicide, his fiancée is amongst them!"

"According to what we have found out, after Qin Corporation went bankrupt, Qin Jin became very silent. We believe that this homicide was planned out meticulously by Qin Jin, and his methods were unprecedentedly brutal, the deceases are all the sons and daughters of Long'an City famous rich merchants. From this, we can see how strong his desire for revenge was. The following scene is a bit extreme, if there are any child that is currently watching, we advise to please stop watching now."

The scene changed, and a man could be seen trampling onto a woman with his foot. Although mosaic was used, the sound of begging for mercy that was coming out from the television was shocking, especially when that sound of begging for mercy gradually became softer and softer, all the way until the sound stopped! However, even after the sound stopped, that man was still continuously trampling onto the body, causing the audiences who were watching to have goosebumps.

"Big sister, I discovered that your taste is really heavy. Me and brother-in-law were obviously watching Pleasant Goat and Big Big Wolf, a very warm show, and yet you suddenly want us to watch a news report of such a ruthless homicide. Tsk, tsk, tsk." Qing Yutong had a look that seemed like she was very afraid as she hugged onto Ye Hua's arm. Eating brother-in-law's tofu openly, and especially right in front of my big sister, it feels so exciting~

[You Cannot Afford To Offend My Woman](#)

Chapter 82.1: Husband and wife giving lecture to each other 1/2

Ye Hua did not have any reaction, isn't it just a few people who died? In this world, there are people dying every day, what is there to even make a big fuss about.

Qing Ya was evidently not used to seeing such a ruthless scene, picking up the controller, she changed the channel, then took out her phone and called Liu Hang's phone, "Is the person who died Shen Tao's daughter or Shen Shuai's daughter?"

"It's Shen Tao's daughter."

"Truly pitiful." Qing Ya sighed.

After hanging up the phone, Qing Ya unhurriedly sat at Ye Hua's side, then suddenly stretched out her hands and hugged onto Ye Hua's arm. People die so suddenly when you least expect it, the death of this Shen Tao's daughter truly came so suddenly.

"Big sister, what's the matter? Was your friend amongst the deceases?" Qing Yutong asked with concern.

“The daughter of one of my cooperative partners is amongst the deceases.” Qing Ya let out a breath. I will have to properly discipline my child in the future.

“That is truly unfortunate.” Qing Yutong said pitifully.

Ye Hua pat onto Qing Ya’s head, “What is there to be sad about.”

“Is this heart of yours made of stone? Do you not know how to even lament for a bit?” Qing Ya poked onto Ye Hua’s heart and said coquettishly.

Ye Hua did not agree with Qing Ya’s thoughts, “Everyone dies eventually, that daughter of your cooperative partner merely died at an earlier date than she was supposed to die. According to legends, she had even reincarnated at an earlier time than she was supposed to.”

“Fallacious reasoning!”

“Alright, I ordered crayfishes.” Ye Hua said faintly.

Qing Ya rubbed onto her stomach, “I’m not hungry.”

“You can just peel it then.”

“Ye Hua! I am your wife, not your maid!”

Qing Yutong sighed, “Big sister, don’t bother arguing with brother-in-law, in any case, you also wouldn’t be able to endure over a minute, so why is there a need to argue.”

“Yutong’s words does somewhat makes sense, Qing Ya, give up on struggling.”

“You two! I will remember this!” Qing Ya said indignantly. However, I also can’t do anything about it, I am no match for him in fighting, and acting coquettishly is not my style. This is so depressing, I actually found a husband like this. Just how many predestined marriages did I tear apart in my previous life to be met with such a retribution in this life of mine.

When the simmered crayfishes arrived, the obstinate Qing Ya still obediently helped Ye Hua peel the crayfishes. However, while peeling the crayfishes, Qing Ya’s grievance filled the entire room, seemingly as if she was kidnapped by Ye Hua.

On the other hand, Ye Hua mixed a glass of dragon blood wine for his wife and sister-in-law. Immediately after receiving the glass of dragon blood wine, Qing Ya’s expression immediately turned from unhappy to happy. Upon seeing that, Ye Hua silently thought to himself, the things that are within Douyin are true, women do immediately become fine after being coaxed.

Qing Yutong carefully drank the wine. During the previous time, I drank the entire glass of wine in one gulp. Therefore, I have to slowly drink it today and savor the taste of the wine sip by sip.

“Qing Ya, let me tell you a story.” While eating the crayfish meat that Qing Ya peeled for him, Ye Hua suddenly spoke.

Qing Ya placed her wine glass down while licking her lips with her tongue, appearing especially adorable, “En?”

Qing Yutong immediately took a few glances at her brother-in-law. Looking at this serious look on brother-in-law's face, it seems that he is about to begin giving his wife a lecture. Big sister is so tragic. Luckily, I am not brother-in-law's small wife, this is scaring me to death.

[You Cannot Afford To Offend My Woman](#)

Chapter 82.2: Husband and wife giving lecture to each other 2/2

"As a boss, not everything has to be personally handled by you!" Ye Hua had indeed began his lecture. I have to properly teach Qing Ya regarding this aspect.

Qing Ya snorted, "If I don't handle it, who is going to handle it? Are you going to go handle it for me?"

"If your subordinates are not used for handling matters, what do you even need them for then! As the corporation's boss, you only have to care about giving out orders. Personally doing everything by yourself is nonsensical. Take the emperors in the past for example, they only have to care about sitting on the throne and controlling the overall situation of their empire."

Qing Yutong nodded her head, "What brother-in-law said does make a bit of sense."

"Shut up!" Qing Ya took a glare at her sister, just whose side are you standing on!

"Take a look, take a look, even Yutong also understand that, and yet, as the big sister, you still don't understand that." Ye Hua placed his chopsticks down neatly on the table, then slightly leaned on the chair and drank the dragon blood wine.

Qing Ya pursed her mouth and unprecedentedly did not retort back. After a while, Qing Ya said, "Speaking so much, in the end, what you want is for me to not go and attend the funeral right?"

"Of course. You think about it, just how much higher is your social class level when compared to that cooperative partner's social class level? Even if your company wants to express their grief towards the death of the cooperative partner's daughter, it should also be that chauffeur back then who should go and attend the funeral and not you." Ye Hua said.

Qing Ya pouted her mouth and mumbled softly, "No humanity..."

"What did you say!" Ye Hua asked in a deep voice.

Qing Ya's heart trembled, she felt that Ye Hua's tone was very heavy. Is there a need for your tone to be that heavy? It is merely just a small matter of going to the funeral of my cooperative partner's daughter, and it's not like there is any other meaning in it.

However, towards Ye Hua, within that matter, there was a large disparity between Qing Ya's status and her cooperative partner's status. Why is there a need for my wife to have to leave the house for a mere human? If words of it were to spread out, how faceless would it be for me.

"Brother-in-law, come, come, come, sister-in-law will peel crayfishes for you to eat. Cool your temper, be obedient okay~"

Ye Hua took a glare at the sister-in-law, and the latter stuck out of tongue.

“Qing Ya, you only have to remember one point, which is that, if you are the boss, you are the heaven!” Ye Hua added another sentence and finally ended his lecture.

“Big sister, did you hear it, you are the heaven. That means that brother-in-law is the earth~”

Qing Ya petulantly stretched out her hand and slapped onto Qing Yutong’s head, and the latter rubbed onto her head pitifully.

“Right! I agree that what you said is right, but do you know about respecting the old and cherishing the young? Do you know about China’s traditions? Leaving my position aside and not speak of it, when my cooperative partner’s daughter passed away, what is wrong with me going to attend the daughter’s funeral?” Qing Ya questioned, and immediately began her lecturing session.

Ye Hua remained silent. According to China’s traditions, Qing Ya does indeed require to go and attend the funeral.

Seeing that Ye Hua remained silent, Qing Ya snorted. You have your own reasonings, I myself also have my own reasonings~

“So what if I’m the boss? Can’t a boss care about her own subordinates? Human’s heart is made of flesh and not made of iron. If you treat others nicely, others will treat you back nicely too. Take you for example, when have you treated me nicely before? Touch your own conscience and tell me, have you care about me before!”

“And me on the other hand! Buying breakfast for you in the morning, and yet I still have to be lectured by you and peel crayfishes for you. When my fingers were hurting, have I complained about it before? I endured and accommodated in all aspects for you! Do you know that I also have a temper too! Don’t think that I am afraid of you, when I become angry, even I would be afraid of myself!”

Ye Hua was a bit startled by Qing Ya, and Qing Yutong was also shocked by her big sister’s aura. Big sister is truly a hero amongst women, I have to raise my thumb and give her a like.

The more Qing Ya spoke, the angrier she felt, and she began to complain about the grievances she felt during those past few days.

“Also! You only know how to watch cartoons all day long! And right now, you are even addicted to playing computer game and do not even bother to go out and find a job! That’s right! I am able to provide for you for your entire life, but you also have to have a little bit of ambition right? If our child saw that his father only knows how to watch cartoons and play computer games, how disappointed would he be?”

“Also! Don’t think that just because I’m nice to you, you can anyhow bully me! I, Qing Ya, also has my own dignity! I request that you respect me!” After finish speaking, Qing Ya swallowed her saliva as she looked at the dazed expression that was on Ye Hua’s face. Is he going to become angry?

After a good while, Ye Hua said towards Qing Yutong, “Yutong, how about we order another 2.5 kg of crayfishes?”

“Eh...” Qing Yutong did not know how to respond to that and chose to remain silent.

Qing Ya was angered to the point that she was biting on her lip. This person, not scolding me with his mouth and is instead actually trying to punish me in a roundabout way, he is shameless to the extremity!

“I’m wrong...” Qing Ya lowered her head and admitted defeat. Even she herself also did not know why she did that. If it was placed in the past, she would feel that it would be very faceless for her, but right now, she did not have that kind of feeling at all.

Both corners of Ye Hua’s mouth slightly raised up, “You are not wrong, I will accompany you to go to the funeral later on.”

For me, the Supreme Overlord to get lectured by my own wife and not being able to retort back, it is truly embarrassing. This matter has to be kept a secret, anyone else who comes to know of this matter will have to be exterminated.

Qing Ya and Qing Yutong were stupefied. What’s going on... Where is the storm that we were expecting? Why did it suddenly become a clear sky?

[You Cannot Afford To Offend My Woman](#)

Chapter 83.1: It is that husband and wife again! 1/2

The one who was most astonished was Qing Ya. I understand this man pretty well right now. If you were to go against him for a bit, he would be able to go on about it forever. But who would have thought that he would actually change today, and even take the initiative to say that he wants to accompany me to go to the funeral, is he trying to express his goodwill towards me?

I will count that he has a bit of conscience, to know how to curry favor with his great wife.

Qing Ya thought too much, Ye Hua merely felt that what Qing Ya said made sense. To want to understand humanity, Ye Hua has to get along with his wife. Cartoon was just merely cartoon after all. On the other hand, Ye Hua currently has the thought to learn humanity from Qing Ya.

Right now, the situation became clear. Ye Hua was teaching Qing Ya about dark thoughts, while Qing Ya was teaching Ye Hua on how to be a human. This was a bit interesting.

After dinner, Qing Ya asked her sister, “Do you want to go out and take a walk?”

“Forget about it, I don’t want someone to say that I am a lightbulb later on. Moreover, I’m still alive right now... and have yet to expire.” Qing Yutong snorted, expressing that her fame still has not died down yet, and thus she might as well just stay at home and play computer game.

At this moment, Ye Hua finished changing his clothes as he said faintly, “Let’s go.”

“Let me go change my clothes first.”

“Your current outfit will do.” Ye Hua pulled onto Qing Ya and walked out of the room.

“Hey, this isn’t good right?” Qing Ya shouted out anxiously. My hair is not tied up, and I’m currently wearing a big t-shirt, and the important point is that, the t-shirt is long enough for me to wear it as a dress, and people who don’t know about the specifics would think that I wasn’t wearing any shorts at all.

"I feel that it's good, you look like a primary school student like this."

"You!" Qing Ya finally understood, this fellow is precisely wanting me to make a fool of myself.

"I will go take the car key first then."

How would Ye Hua not know what Qing Ya was thinking of, "To say that this Long'an City is big, it's not big, say that it's small, it's not small too, just walking by feet will do. Furthermore, you need to walk more right now."

"But I am wearing slippers right now!"

"I will carry you."

Immediately, Qing Ya was left speechless as she petulantly punched onto Ye Hua. However, this action was just like a girlfriend who was acting coquettishly towards her boyfriend, and the workers who were on the first floor saw it.

We truly have to respect the boss, at the start, this beautiful woman was still ice-cold, and yet, within just a few days, the ice was shattered, and the beautiful woman is even acting coquettishly by punching onto the boss's chest now.

Qing Ya was startled, and she immediately switched back to her cold demeanor. My character cannot collapse.

Ye Hua shook his head, this woman just likes to act like this. In actuality, her heart is very fragile, and she is just using the cold demeanor to disguise the softness and fragileness of her heart.

When the two walked out of Leisure Bar, they just so happened to see Wei Chang and Tang Wei walking over hand in hand. This caused Ye Hua to be shocked, whereas Qing Ya was curiously sizing them up.

"Boss."

"Boss."

Wei Chang and Tang Wei shouted out, and Ye Hua slightly wrinkled his brows and asked, "You two?"

"Boss, Xiao Tang is my girlfriend right now." Wei Chang was a bit nervous, however, thinking about Lie Gu, even Lie Gu himself already has 3, and I only have 1, thus, the boss wouldn't prevent me and Xiao Tang from being together right?

Ye Hua of course wouldn't prevent the two from being together, he was just merely very curious about how the two got together. Wei Chang had followed me for a few hundred years already, and I have never seen him being intimate with a woman before. Instead of being intimate with women, he was more fond of eating them. Seeing Wei Chang today, he has completely changed my view towards him.

Ye Hua nodded his head, "En, not bad."

Wei Chang let out a breath of relief, "Thank you boss for the praise."

"Thank you boss." Tang Wei followed along and thanked Ye Hua. Although she did not know why she was thanking the boss, she felt that it was right for her to do that.

“You two carry on.”

“Yes!”

Qing Ya took a look at them confusedly, then followed after Ye Hua. Discovering that Ye Hua brows were tightly wrinkled, Qing Ya asked, “What expression is this on your face, are you not happy that they are together?”

“No, I’m just feeling very curious about just how they got together.” Ye Hua said lightly.

“What is there to be curious about, their age gap problem? In my view, that is not a big deal at all.” Qing Ya was very open-minded about it and didn’t felt that there was any problem with Wei Chang and Tang Wei dating together.

Speaking of age, the age gap between Ye Hua and Qing Ya was a few hundred years old.

[You Cannot Afford To Offend My Woman](#)

Chapter 83.2: It is that husband and wife again! 2/2

Ye Hua also didn’t want to discuss too in-depth about Wei Chang’s matters with Qing Ya, holding onto that two delicate hands, Ye Hua asked, “Does it really hurt that much?”

“Humph~ What do you think!” Although Qing Ya was venting out her discontentment with her mouth, she was feeling very sweet in her heart.

“It will be fine once you get used to it.”

“.....”

“Ye Hua! If I ever peel crayfishes for you again, I will change my surname to your surname!” Just a while ago, Qing Ya thought that Ye Hua had changed, but in the end, Ye Hua was still the same as usual, and Qing Ya almost exploded from anger.

Qing Ya held onto his wife’s willow waist and said faintly, “Just now, you said that I didn’t care about you?”

“Was I wrong about that!”

“Some care and concern can’t be seen with the eyes or be touched by the hands and can only be felt by using the heart.” Ye Hua said lightly, this woman only knows how to see what is on the surface, I really do not know how she was able to run her company so well.

“Tsk~ You are beginning to babble nonsense again.” Qing Ya was evidently not confident with her words anymore. Thinking back to these past few days, he has indeed care about me for a bit. In any case, during those past few days, he was indeed much better compared to before.

Walking out of the alley and arriving at the street, the two were destined to attract other’s attention, especially when Qing Ya’s outfit was too alike of that of a child, and she was even wearing a pair of adorable slippers. If she tied her hair into two ponytails, she would more or less be able to become a lolita.

Qing Ya was very embarrassed as it was the first time she wore like this and went outside, this outfit of hers made it seemed as if she was trying to act young.

“Where does that person live at?”

Not sure from when, Qing Ya’s hand was holding onto Ye Hua’s hand, “I don’t know.”

“You don’t know!” Ye Hua asked in a deep voice. From the looks of it, she does not have any idea where the funeral is held at.

“Let me call and ask.” Qing Ya said hurriedly, and when she placed her hand into her shirt pocket, she thought to herself, “Oh sh*t.”

Looking at the embarrassed Qing Ya, Ye Hua asked, “Did you also forgot to bring your handphone?”

“Who told you to pull onto me and immediately dragged me out of the house!” Qing Ya said coldly as she pinched onto Ye Hua’s arm.

“Your speed when shifting the blame is rather fast.”

“In any case, it is all your fault!”

“Forget it, we will just treat it as coming outside to take a walk, you can forget about going to the funeral already.”

Qing Ya sighed deeply. Right now, it can only be like this. Wait, something is not right, this fellow definitely brought his handphone along with him!

“Lend me your handphone for a while.”

“Do you even remember the phone number?” Ye Hua asked, this woman, only knows how to be obstinate.

Qing Ya was very melancholy, I’m firmly grasped within Ye Hua’s hand, and do not even have any bit of leeway to strike back at him. It would be great if this man was a bit more obedient.

Although Qing Ya was feeling very gloomy, she felt that this kind of days were not bad too, going for a stroll with Ye Hua after finishing a meal, walking on the flourishing street, there are no hypocritical flatterings, no deceptions that happens within business, and furthermore, there is no pressure at all, it’s as if all those heavy pressure of mine was carried on by this man who is by my side, but at the same time, it seems like he also didn’t do anything much at all.

Jiu Ye was very stressed today, a matter like this actually happened in Long’an City, and although the matter didn’t have anything to do with me, but some people still pointed the spear towards me, this is truly vexing.

Look at me now, I even have to go and give those rich merchants an explanation. What is there to even explain! If you want to find problem, go and find Bai Family’s problem instead! And that Bai Qi, immediately running away when something happened, he is simply shameless to the extremity!

Jiu Ye who was sitting in the Rolls-Royce Phantom looked at the pedestrians that were on the street and thought to himself, I met that wife and husband at the banquet yesterday, there is no way that I will run

into them again right? Please do not appear, when the two of you appear, I would always be put on a bad spot...

While looking outside the car window, Jiu Ye's body suddenly froze. Why! How is this possible! Did I not take a look at the calendar when I left the house! For me to actually run into them right after I just thought about them a moment ago! Why did this happen! Forget it! I will pretend that I didn't see them. But, if the two of them saw my car drove past them and didn't stop to greet them, will they have some special ideas towards me?

[You Cannot Afford To Offend My Woman](#)

Chapter 84.1: Please be the judge for us 1/2

F**k! Why did I choose to pass through this road, my god... I better get off the car and greet them instead of pretending that I didn't see them.

Ye Hua and Qing Ya totally did not pay any attention to the cars that passed by them and were only silently taking a walk on the street together. If it was not for the two holding each other's hand, from their expression alone, one would think that the two were strangers.

A Rolls-Royce Phantom suddenly came to a stop at the roadside and Jiu Ye could be seen hurriedly running over to the front of Ye Hua and Qing Ya and greeting them with a smile, "Boss, lady boss, it sure is a coincidence."

Ye Hua really did not like it when others disturbed his peace, "Are you following me!"

Boss, where would I even have the free time to follow you.

"Ye Hua, it's just a coincidence only." Qing Ya said with a light smile on her face. People got off their car to come over and greet you and yet you show such an unhappy expression towards the person, you are really not giving the person any face at all.

"Lady boss is truly magnanimous." Jiu Ye's impression towards Qing Ya was very favorable, not only is this woman beautiful, she has a nice personality too.

Qing Ya asked with a smile, "Where is CEO Gong heading to?"

"Lady boss, please do not call me CEO Gong, just call me Xiao Jiu will do."

"Ah..." Qing Ya was a bit dazed, this is the first time that I have met such a modest person.

Ye Hua said faintly, "Since he is requesting you to call him Xiao Jiu, just call him Xiao Jiu."

Jiu Ye let out a forced laugh, "Lady boss, I am currently intending to head to Qinghe Garden, and the reason I'm heading to Qinghe Garden is basically to handle some matters which arose from that incident that happened in the afternoon."

"Homicide?" Qing Ya asked.

"Lady boss also knows about it too? The relatives of the people who died in the homicide are causing a scene right now and I have to show up and have a chat with them."

“Just nice, I was also intending to go to the funeral too.” Qing Ya said as she conveniently poked onto Ye Hua’s waist, complacent was written all over her face right now.

Ye Hua wished that he could send this Jiu Ye flying with a slap. If you saw us while you were in your car, just drive past us will do, why did you even bother getting off your car, are you actually that bored! Didn’t you saw that I am currently having a walk with my wife right now!

“Boss, lady boss, please get on the car.” Jiu Ye shouted in his heart, I sure am lucky! If the boss was to stick out for me, everything would be much simpler. Just that, will the boss stick out for me? That is the problem... Wait, incorrect! So long as the lady boss sticks out for me, wouldn’t that represent that the boss will also stick out for me?”

Ye Hua was helplessly dragged into the car by Qing Ya. To speak the truth, Ye Hua really didn’t want to go to the funeral. Instead of going to the funeral, I might as well go back home and play computer game with my sister-in-law.

Qinghe Garden was Long’an City’s cemetery. The people who were able to be buried here were mostly rich people. The price of buying a spot to be buried at Qinghe Garden was more or less the same price as buying a house, and the amount of space you get when you buy a spot at Qinghe Garden was not even as big as the amount of space you would get from buying a house.

The atmosphere at Qinghe Garden today seemed particularly oppressive, and there was even a stern aura floating around Qinghe Garden. Qing Ya looked at the black-clothed people, the black-clothed people had a white cloth tied onto their sleeve, totally having a look like they were preparing to fight at any moment, and Qing Ya couldn’t help but tightened her hand that was holding onto Ye Hua’s hand.

The entrance was filled with black-clothed people, and those cars which did not obtain permission to enter into Qinghe Garden were obstructed by the black-clothed people. Of course, they wouldn’t dare to obstruct Jiu Ye’s car. Most of the people that the black-clothed people obstructed were reporters.

And when the reporters saw Jiu Ye’s car arrived, the reporters seemed as if they were injected with adrenaline.

Driving the car all the way up the mountain, the car came to a stop at a car park that was filled with various kinds of expensive cars.

Within Qinghe Garden, five areas were divided out, and there was even a sign placed on each of the five areas.

“Shen Family!”

“Jia Family!”

“You Family!”

“Han Family!”

“Li Family!”

These five families were perhaps the most famous families within Long’an City. Of course, there was still another famous family, which was the Qing Family.

It was unfortunate, a younger generation member of each of the families was murdered brutally, and although the murderer was captured, that wasn't enough to dissipate the five families' anger.

This matter also wouldn't be let off that easily by them, because, as the clubhouse's boss, up until now, Bai Family has still yet to make any statement.

Chapter 84.2: Please be the judge for us 2/2

When the big shots that were in front of the funeral hall saw Jiu Ye's car arrived, they quickly hurried over to the car.

Jiu Ye really wants to cry right now. If these two were not here, look at just how much face I would have gotten now, but with these two here, I am just like their humble attendant.

Originally, Jiu Ye sat at the back seats, but currently, he was sitting at the front passenger seat. When the car came to a stop, he got off the car first, and the reason that he got off the car first was no other than to open the door for Ye Hua and Qing Ya.

When everyone saw Jiu Ye got off from the front passenger seat, they were confused for a bit, but didn't think too much about it.

"Jiu Ye, you have finally arrived."

"Jiu Ye, you have to be the judge for us."

"Jiu Ye, Bai Family is being too much!"

"Those northern people are riding on top of us southern people's head already, Jiu Ye, you have to help us out."

Jiu Ye fluttered his hand, what are you all being in a hurry for, do you all not see that I still have to open the car door for the boss and lady boss?

Under everyone's astonished gaze, Jiu Ye personally went and opened the car's rear door.

A woman could be seen coming out of the car first, and everyone's breath was taken away by the woman's beauty. Although the woman's outfit was not fitting to the occasion, the outfit wasn't able to conceal the woman's beauty, and that long t-shirt even added a particular temptation towards the woman.

All the younger generations were stunned by the woman, why is this woman so beautiful, she is just too perfect already!

Li Qianyi was Li Family's family head and his body build was very fat.

"Why does this woman look so familiar?" Li Qianyi felt that he had seen this woman somewhere before.

Han Wei was Han Family's family head and his body build was slightly fat, "I feel the same as you."

You Family's family head, You Yusi's expression was not looking very good, "Why did Jiu Ye opened a door for a woman!"

Jia Gaoao wore a gold-framed glasses, "The woman is perhaps some big shot."

And Shen Tao recognized Qing Ya with just a look. Upon seeing Qing Ya, he seemed as if he had saw his savior as he immediately ran over and kneeled down in front of Qing Ya, "CEO Qing, you have to be the judge for me, I only have just this one daughter. This daughter of mine had always been very obedient, and yet, within just a few hours, she is no longer in this world anymore."

Everyone was startled. No wonder this woman seemed so familiar, she is actually Qing Family's Qing Ya. When did she become so beautiful!

Actually, Shen Tao was the most tragic out of everyone here, he finally gotten a daughter at such an old age, and thus he had always doted on his daughter very much. And yet, right now, he has to attend his own daughter's funeral.

"Big brother, Miaomiao is so tragic." Shen Shuai that damned fatty kneeled down beside Shen Tao and tried to cry sincerely with all his might.

Big brother only have just this one child, now that she is dead, it is most likely impossible for him to be able to have another child, therefore, in the future, his properties will have no choice but to be given to my own son, this is truly unexpected.

Qing Ya didn't expect that Shen Tao would have such a huge reaction and wanted to walk forward and carry Shen Tao up from the ground. However, just nice, Ye Hua got off the car and prevented Qing Ya from doing that.

That's right, Ye Hua did it on purpose. Kneeling down in front of us is you guys' honor, and disregarding us is you guys' privilege.

Everyone placed their gaze onto Ye Hua.

Some people recognized Ye Hua, after all, those people who recognized him attended last night's banquet, and they have heard of last night's bet. To them, that bet was truly insane, to actually bet family property!

I heard that, in the end, Xiao Family and Tang Family both left the clubhouse with an ugly expression on their faces.

"Boss, lady boss, we have arrived." Jiu Ye's heart was bleeding. In the future, when I see them, I will definitely take a detour.

For Jiu Ye to actually call them boss and lady boss, just what is the situation? Could it be that this man has an extraordinary identity? If not, why would Jiu Ye be so respectful towards them?

"CEO Shen, the dead cannot be revived, my condolences to you." Qing Ya said in a deep voice, for a man to cry out so pitifully, it can be seen just how much pain he is feeling in his heart.

Ye Hua did not say anything. As a man, what is the use of crying? If this guy is my subordinate, I would give him a slap with the palm of my hand.

“CEO Qing, Jiu Ye, my daughter died a tragic death! And yet, the culprit that was captured was actually an idiot. Everything was definitely orchestrated by first-rate clubhouse!” Shen Tao beat onto the cement floor with his fist. He felt that everything that happened today was orchestrated by Bai Family.

Li Qianyi said towards Jiu Ye, “Jiu Ye, your identity is sublime, I believe that you will definitely be able to get Bai Family give us an explanation.”

Chapter 85.1: He is a cultivator! 1/2

Jiu Ye took a look at Ye Hua and after discovering that Ye Hua did not have the intention to say anything, he raised his hand and said, “Let’s head inside and talk, this matter is no small matter, it could be either serious or nothing serious.”

Jiu Ye’s words caused everyone to be startled. Could be either serious or nothing serious? What did Jiu Ye mean by that?

Ye Hua held onto Qing Ya’s waist to prevent her from feeling pity for the people here. And towards Jiu Ye’s words, he was not in the slightest bit interested at all.

“Ye Hua, let me go.” Qing Ya said softly, she was a bit embarrassed.

Ye Hua said faintly, “You hugged me for an entire night, and now when I hold onto you for a bit, you immediately act like this, fine, you can go and sleep on the sofa tonight.”

“You! Why are you so petty! There are a lot of people here. Wait after we go back home, I will let you hug me as much as you want.”

“As much as I want?”

“Humph, don’t forget about what you said back then. In any case, I am just a weak and feeble woman, if you want to force yourself on me, I also can’t do anything about it. However, if you were to force yourself on me, I will despise you.” Qing Ya stroke onto her hair indifferently. I am so pretty and sexy after all, while hugging onto me at night, it is indeed hard for Ye Hua to not let his lust overtake him.

I can understand if he were to force himself onto me, but I would despise him.

Ye Hua took a look at Qing Ya indifferently and said, “I would force myself onto you?”

“That’s the best then. I will remember this disdain expression of yours. In the future, even if you were to beg me to let you touch me, I also wouldn’t agree to it.”

Ye Hua took in a deep breath, do I even have the need to beg you!

Seeing that Ye Hua was angry to the point that he was taking in deep breaths, Qing Ya did not continue on provoking him. She had learned to stop when she should stop. Raising her hand, she slapped onto Ye Hua’s butt with her hand.

Ye Hua looked at Qing Ya in disbelief. After a while, Ye Hua said in a deep voice, “Qing Ya, I will have to properly give you a lesson tonight!”

“Tsk, I will never lower my head towards evil!”

“You will lower your head.” Ye Hua tightened his right hand, and Qing Ya exclaimed as her body went into Ye Hua’s embrace.

This scoundrel, he is not looking at just where we are right now! Other people are still currently feeling sad right now and yet he is doing this!

Ye Hua wants to express that, what do those people have anything to do with me.

“Boss, let’s go in and chat instead.” Jiu Ye said softly.

If the boss doesn’t move, I also wouldn’t dare to move. And when the rich merchants that were behind Jiu Ye saw that Jiu Ye didn’t move, they themselves also didn’t dare to move. And thus, all of them stood still and watched the two showed off their affection.

Qing Ya wished she could dig a hole and hide right now. In the first place, this outfit of mine was already very awkward to wear to an occasion like this, but I didn’t expect that, when I turned my head around just a while ago, those people would be following behind me.

Everyone remained silent. Qing Family is very influential within Long’an City, and right now, Qing Family is even preparing to take root at Zijin City. Although Qing Family is lacking in comparison to those families that are in Zijin City, in any case, Qing Family still managed to break into the ranks of the families.

As for this man, he seemed rather mysterious, and from the looks of it, it doesn’t seem like he is a gigolo.

Everyone all came to one of Qinghe Garden’s side rooms. Ye Hua and Qing Ya both took a seat, and Ye Hua said indifferently, “You all go on and chat.”

[You Cannot Afford To Offend My Woman](#)

Chapter 85.2: He is a cultivator! 2/2

Everyone also followed and took a seat. After letting out a breath, Jiu Ye said, “Everyone, for a thing like this to have happened, I also feel sorry about it, but the dead cannot be revived, and right now, since the culprit has already been captured, it should be able to appease your heart. As for Bai Family, in actuality, if the matter becomes escalated, it would not be good for both me and you guys.”

Li Qianyi disapproved, “Jiu Ye, our child was murdered at first-rate clubhouse, Bai Family have to take responsibility for it!”

“That’s right, what CEO Li said is right!” Jia Gaoao agreed.

“Jiu Ye, it couldn’t be that it is because you are afraid of Bai Family, that’s why you are trying to side with Bai Family right?” You Yusi said with a deep voice.

Jiu Ye said helplessly, “I understand how everyone is feeling right now, it is fine for you all to want Bai Family to take responsibility, but you all need to plan a time right, there’s no way you all are thinking of heading to Bai Family right away and ask them to take responsibility right?”

“Jiu Ye, no matter how strong Bai Family is, or how high Bai Family’s status is, for such a thing to have happened, Bai Family should give us an explanation!” Han Wei said with a cold face.

Ye Hua finally understood, all those people are afraid of Bai Family, and right now, they want to push Xiao Jiu out to act as the cannon fodder for them.

However, where did those puny rich merchants get their guts from, to actually have the guts to want to call out Bai Family. Although justice is on their side, it is still abnormal.

Humans are just precisely like this, always trying to hoodwink and outwit each other, scheme this, and scheme that, even when playing a computer game, they are also like that.

“That’s right, us southern people are not afraid of those northern people.” Li Qianqi said bold and unrestrainedly, seemingly as if he wants to start a war with the north.

Ye Hua held onto his chin and asked, “Qing Ya, how is this Bai Family?”

“Bai Family is very strong, especially Bai Family’s woman, that Wang Dabao from yesterday is precisely the one who married Bai Family’s woman.” Qing Ya said softly.

“How many wives does that Wang Dabao have?” Ye Hua asked.

“Why are you concerned about this for!”

“How many!”

Qing Ya said coldly, “That Wang Dabao is a very devoted person, he only has one wife.”

“This Wang Dabao is indeed a little interesting.” Ye Hua said faintly, those who have a bit of strength, which one of them doesn’t have a bunch of wives and concubines, just take a look at that Xiao Yi and Tang Wushuang.

Qing Ya mumbled, “That Wang Dabao also dotes on his wife very much.”

“What, are you saying that I don’t dote on you?” Ye Hua asked.

Qing Ya said with a grave look, “Have you ever doted me before!”

Ye Hua could be seen leaning towards Qing Ya’s ear and said softly, “During that night, I doted on you very much.”

“Scoundrel!” Qing Ya couldn’t help but shout out, then raised her little fist. Unfortunately, her little fist was grabbed onto by Ye Hua.

Everyone looked towards Ye Hua and Qing Ya, we are discussing about a big matter right now, and yet you two are flirting with each other right here, you two are truly trying to anger us to death!

“What are you all looking at, never seen a husband and wife quarrel before?!” Ye Hua said coldly.

Everyone was speechless, it was obviously you two who disturbed us, and yet now you are blaming it on us!

“Ye Hua, don’t be like this.” Qing Ya said petulantly, this fellow, every time after he finished acting cool, I would have to help him clean up his mess.

Qing Ya said with a light smile, “Everyone, I apologize, my husband didn’t hmmm, hmmm, hmmm....”

Before Qing Ya even finish speaking, Ye Hua covered Qing Ya's mouth, is there even a need for you to explain?

Jiu Ye was sweating, the boss sure is formidable.

"I mean what I said!" Ye Hua said indifferently, then let go of his hand, I will see just how you are going to smooth this matter out.

Qing Ya was very angry, can't you speak nicely? It's fine if you used this kind of tone to speak to me, but when we are outside, you are still using this kind of tone, do you know that you will make enemies very easily like this!

Everyone still wasn't clear about Ye Hua's background and thus didn't say anything yet, after all, even Jiu Ye himself also had to call him boss.

"Everyone, I arrived late!" A man who wore a green robe walked into the room unhurriedly, and behind him, there was a youngster, who also wore a green robe and had a long sword carried on his back.

If Qing Yutong was here, she would definitely be able to recognize the green robe man, this man was the cultivator who 'beat the dog till it spat out blood'.

"Executor Jian, you have finally arrived." Everyone quickly stood up to welcome the green robe man.

This Executor Jian is formidable, I heard that he is the executor of a certain sect within the cultivation world, and he himself is also Long'an City's contact person.

"Executor Jian, why were you tied up in the garden this morning?" Jia Gaoao truly touched a sore spot.

Jian Yuan's expression sunk, and soon after, he laughed, "I met with some problem while cultivating yesterday, which caused my cultivation strength to greatly decrease, and right after that, I met a fierce beast."

"You are the dog abuser who was tied up and hang on the tree this morning?" Qing Ya asked curiously. However, after asking, she immediately regretted it, that was very uncourteous of me.

The atmosphere immediately froze, and Jian Yuan face changed from white to red, and red to white, and even the little cultivator who was behind him also felt embarrassed.

"Qing Ya, why did you say that, do you know that he is a cultivator." Ye Hua said calmly.

Qing Ya was astonished, "Ah, he is a cultivator too?"

Ye Hua laughed.

Jian Yuan was about to start bleeding internally soon.

Everyone was already scared out of their mind.

Jiu Ye had nothing say and he felt that he really had to give it to them, this married couple sure is sinister.

And Qing Ya wants to express that she was feeling very wronged, this is all because of Ye Hua who lead my tempo astray!

You Cannot Afford To Offend My Woman

Chapter 86.1: Qing Ya, do you want them to live or die 1/2

The scene's atmosphere was awkward to the extremity. Qing Ya wished that she could bite Ye Hua to death, the way I worded my words just now seemed like I was demeaning him, I really didn't know that he is a cultivator.

Qing Ya could be heard apologizing, "I'm sorry, I really didn't mean to demean you."

Jian Yuan, "....."

Everyone, "....."

Qing Ya opened her eyes wide, I felt like I spoke wrongly again, one truly become foolish for three years after they become pregnant. Wait, incorrect! I must have definitely been infected by Ye Hua, Ye Hua has to carry this blame on his back~

How could Jian Yuan possibly argue with an ordinary person, the cultivation world has its own rules, cultivators cannot harm ordinary people, if not they would definitely be met with punishment.

"Young lady, it's no matter." Jian Yuan did not know just what he was exactly feeling right now., it could possibly be the same as last night, feeling helpless and sullen.

Ye Hua reminded, "She's not a young lady anymore."

Qing Ya rolled her eyes at Ye Hua, does this fellow really want to anger me to death then would he finally stop!

Jian Yuan laughed awkwardly, then said towards everyone, "Everyone, please calm down and not be hasty, I have already reported this matter towards my sect, I believe that my sect would be able to give everyone a satisfying answer, after all, we southern are also not that easy to bully!"

"Executor Jian Yuan is indeed brilliant, you have my respect." Li Qianyi cupped his hands and laughed.

Jia Gaoao was unrestrained and generous as he said, "Executor Jian Yuan, I won't mention other things, but I will donate ten million to your sect to help replenish your sect's food!"

"Me too." You Yusi followed along and shouted out.

"Me too." Shen Tao too a look at Qing Ya, then followed along and shouted.

"Jian Yuan gives his thanks to all of you. As for the money, let's forget about it, I have another favor to ask of all of you instead." Jian Yuan placed his hands on his back and laughed, having the demeanor of an expert, and his temperament also became mysterious, there was no trace of him being the person that was hang onto the tree anymore.

Han Wei spoke, "Jian Yuan, you are being too courteous, if you have anything that you want to request from me, just say it, as long as I can do it, I will definitely give all my effort to help."

"Actually, it is not any big matter too, I heard that all of you bought a mountain and was prepared to open up the mountain for development, my sect also has the same intention as all of you. Of course, we

won't take advantage of you all, we will pay a sum of money to each of you, and our sect will also provide magical pills for each of you."

When everyone heard that, their expression immediately froze for a moment, however, as a bunch of wily old foxes, they immediately regained back their consciousness.

Ye Hua finally knew what Jian Yuan was planning, seems like the reason that those few people dare to be so arrogant is because of that mountain, and this Jian Yuan is intending of getting a part of the profits.

Jiu Ye was a bit confused, those people indeed formed a partnership together and were prepared to open a mountain for development, or to be more exact, it is a few mountain peaks. Back then I wasn't really optimistic about this decision of theirs, because those few mountain peaks were too far away. But, after hearing what this Jian Yuan said, I immediately understood those few people's thoughts. No wonder they dared to be so arrogant, they must have gotten some kind of treasures I suppose. Or perhaps, they want to create a diversion and create confusion, this way, they would be able to smoothly enjoy fishing up the benefits while sitting at one side.

However, how did this Jian Yuan come to know how this matter? Also, just what kind of treasures are within that mountain? Thinking back to Xiao Yi coming to Long'an City to invest, could it be that the reason he came to Long'an City was also for this mountain?

Immediately, Jiu Ye's curiosity was piqued.

Qing Ya sneakily sized up the two cultivators, in the past, I only saw before cultivators within shows and novels, and right now, a real cultivator is standing right in front of me. Why do I feel that everything seems so illusory? My world outlook has changed. Are they able to fly by using the sword that is on their back? If they could, wouldn't it be too formidable?

"What are you thinking about?" Ye Hua asked.

"Are they really cultivators?" Qing Ya still couldn't believe the fact that was in front of her eyes.

Ye Hua said faintly, "Actually, I am also a cultivator."

Qing Ya immediately rolled her eyes at Ye Hua.

"Qing Ya, your capability of rolling your eyes has improved by a bit."

"Ye Hua, your capability of talking big has improved too."

Ye Hua laughed lightly, "What if I am a cultivator?"

"You? I will start writing my name backward."

"You won't have to do that, you just have to guarantee that you will listen to me obediently, when I ask you to go west, you cannot head east." Ye Hua revealed out an ineffable smile, causing Qing Ya to feel flustered.

Qing Ya's eyebrows slightly wrinkled, what is this fellow planning again this time?

“Alright! But if you are not, you will have to listen to me, in the future, you have to peel crayfishes for me.”

“Alright.” Ye Hua agreed very straightforwardly, this woman actually dares to bet with me like this, she is truly adorably foolish.

You Cannot Afford To Offend My Woman

Chapter 86.2: Qing Ya, do you want them to live or die 2/2

Ye Hua could be seen taking out his phone and opened the sound recording app, “Considering that you would sometimes talk big, I have to record what you say to keep as proof.”

“You are the one who would talk big~” Qing Ya couldn’t help but raised the volume of her voice, causing the others who were within the room to have a headache.

Jian Yuan laughed lightly, “Madam, can you be softer a bit, we are currently discussing about some matters.”

“I’m sorry, I’m sorry.” Qing Ya hurriedly nodded her head and apologized.

Ye Hua said indifferently, “All of you better quiet down a bit, don’t cause trouble for me!”

Ye Hua was finally able to dupe Qing Ya into taking a bet with him, he could not let this bet of his get screwed up.

After finish adjusting the sound recording app, Ye Hua said, “You can speak now.”

Towards Ye Hua’s child-like action, Qing Ya couldn’t do anything about it as she said lovably, “If Ye Hua is really a cultivator, I, Qing Ya, guarantee that I will be obedient in the future, and Ye Hua will be my heaven. Will that do?”

Ye Hua was very satisfied as he kept his phone.

“You are also a cultivator?” Jian Yuan asked curiously, I wasn’t able to actually see the depth of this man’s martial strength.

Ye Hua nodded his head.

“Loose cultivator?”

“Self-cultivator.”

What Ye Hua said wasn’t wrong, Ye Hua learned everything by himself. If not, would an undead race even have the thought of thinking of entering into the human world to learn? If that was so, that undead race must have thought too much. Undead race was like the target of scorn, detested by all. Other races, including the human race, all look down upon the undead race.

“Sir, since you said you are a cultivator, how about showing off a few moves to us?” The youngster who followed along with Jian Yuan spoke, I could not bear seeing this guy since the start, forget it that he looks so handsome, even his wife also look that beautiful.

Ye Hua suddenly said coldly, "Considering that you all were rude towards my wife, I will properly give all of you a lesson today."

"Ye Hua, don't mess around already." Qing Ya shook onto Ye Hua's arm, it's fine when you are acting cool in front of your wife since we are a family after all, but right now... you are even trying to act cool when you are outside...

Ye Hua pat onto the back of Qing Ya's hand, "Qing Ya, remember what you said a while ago!"

Suddenly, Ye Hua stretched out his index finger and a purple flame appeared out from thin air. That enchanting color caused others to not be able to take their eyes off of it, and the light from the flame that shined onto Ye Hua's face cause the others to exclaim.

Flinging out his finger, the purple flame landed onto the floor. The purple flame did not extinguish, and also did not melt the floor, seemingly as if it was just an illusion only.

Qing Ya who was at the side was already completely in a daze, Ye Hua couldn't be doing magic now right... But this is also too strange already right!

A stranger thing could be seen happening, that purple flame actually started to slowly distort, and formed a head and four limbs. Just that, why was there a calabash on its head...

That's right, what Ye Hua formed out from the flame was a Calabash Brother, the incarnation of justice, the embodiment of what it means to root out the strong and support the weak.

The purple color Calabash Brother seemed as if it has its own life as it looked towards its left, then looked towards it right, sizing up its surroundings, it seemed just like a super adorable small house pet.

However, it was much smaller compared to a rabbit.

"Qing Ya?" Ye Hua looked towards Qing Ya, seemingly saying, do you admit your defeat?

Qing Ya was dumbstruck while looking at Ye Hua. Beat her to death and she also wouldn't believe that her own man was actually a cultivator. How is this possible! Thinking back to the things during these past few days, so he wasn't acting cool, what he was saying was true...

You Cannot Afford To Offend My Woman

Chapter 87.1: Mister, spare my life 1/2

Qing Ya's mind wasn't able to operate normally, and it was currently under server crash state. Don't say Qing Ya, even Jiu Ye himself was also stupefied.

And even Jian Yuan was also stupefied too, to be able to create a soul that possesses life so easily, how is this possible!

The youngster that was behind Jian Yuan had a face of disbelief on his face, how could this guy be a cultivator, this must definitely be fake!

"Evil sorcery, watch my sword!" The youngster drew out his sword and thrust towards the Calabash Brother. The youngster's thrust was quick, ruthless and accurate, not intending to leave any trace of leeway at all.

I will expose his lie and let everyone here know that he is a gigolo, and even more, I will let that beautiful woman know that, this guy is a swindler!

The purple color Calabash Brother stood still and looked curiously at the long sword that was thrusting towards it.

The long sword that had a white light on its tip easily pierced through the Calabash Brother's body, and everyone couldn't help but let out a breath of relief.

Complacent appeared within the youngster's eyes as he looked towards Ye Hua, seemingly saying, this little thing of yours is nothing much at all, it was killed by me without any effort.

Ye Hua poked onto Qing Ya's forehead, "Turned foolish?"

Qing Ya regained back her consciousness as she said lovably, "You are the one that is foolish."

"How do you want to deal with them, I will listen to you." Ye Hua said faintly. In any case, I am not the one that will be dealing with them, thus it doesn't count as breaking the rule.

Qing Ya petulantly gave Ye Hua a punch, "What do you even mean by how I want to deal with them, that Calabash Brother of yours has already been stabbed to death."

"Stabbed to death?" Ye Hua said with a smile.

The purple color Calabash Brother touched the long sword, seemingly like it was very curious about it, but this small action of the Calabash Brother caused everyone to be unable to help but gasped and have their hairs stand on its end, the fire thing didn't die!

The youngster also turned pale from fright as he exerted strength into his right hand, wanting to pull his sword out from the Calabash Brother's body. However, the Calabash Brother grabbed onto the sword's blade and seemed to be not very happy, this thing is my toy, why are you trying to take it away.

"Step back!" Jian Yuan shouted lightly.

"Executor, I... I can't pull out the sword." The youngster was feeling very helpless, just what the hell is this thing.

Suddenly, a purple light appeared out from the Calabash Brother's hands, and the sword was immediately covered by the purple light. Shock appeared from the youngster's eyes, and without thinking much, he immediately let go of the sword.

The Calabash Brother swung its small hands, and the purple color long sword floated on the air, appearing extremely dazzling.

"Qing Ya, do you want them to die or live?" Ye Hua held onto Qing Ya's chin and asked Qing Ya who was currently absent-minded.

Qing Ya looked towards Ye Hua with a dazed look, I feel like I can't clearly see through Ye Hua anymore, just what kind of person is he.

Knocking onto this foolish woman's head, "This endearingly silly dazed look of yours looks rather nice."

“You, why did you knock on my head for!” Qing Ya said petulantly as she rubbed onto her head.

“You still haven’t answered my question.”

“Answer what?”

“Those people offended you just now.”

“It’s not like they did it on purpose, forget about it, forget about it.” Qing Ya said with a low voice. In the end, she was just a delicate woman.

Upon hearing that, Ye Hua sighed, “Qing Ya, you have to know that, when they offended you, it means that they have offended me, have you thought of that before?”

Upon hearing that, Qing Ya remained silent.

“Forget about it this time, don’t make the same mistake next time.” Ye Hua said faintly, as the Supreme Overlord’s wife, not only does she have to consider for herself, she also has to consider for her husband’s face.

Qing Ya bit onto her lips, not sure just what she was thinking about right now.

However, when everyone heard the married couple’s conversation, they felt that Ye Hua was acting cool to the extremity, what do you mean by us having offended your wife, and thus also offended you, do you think that you are an emperor!

However, those words, they would also only dare to just think about it to themselves and wouldn’t dare to say it out. If anyone of them spoke, that purple sword that was floating in the air would mostly like stab through their heart. During the afternoon, those bunch of youngsters were wiped out completely, the people here weren’t interested in being the next bunch of people to die right after those bunch of youngsters.

Jiu Ye finally understood the words of advice that his big brother gave to him right before dying, the boss is actually a cultivator, and his strength is even stronger compared to Jian Yuan, the boss is truly formidable.

Chapter 87.2: Mister, spare my life 2/2

The purple color Calabash Brother lightly jumped and landed on top of the purple sword, then began flying around in the air. The posture of that Calabash Brother seemed as if it was skiing, and it wants to express that it was feeling very happy.

“Mister’s strength sure is formidable.” Jian Yuan cupped his hands and said.

Ye Hua said, “Didn’t you want me to show off a few moves, why not step up and come exchange a few blows with this Calabash Brother of mine?”

Jian Yuan’s heart sunk, although this Calabash Brother looks very childish, its strength is definitely on a complete other level, I would be courting death if I were to step up and try to exchange blows with this Calabash Brother!

“Mister’s strength is out of the ordinary, we are not a match for mister at all, if we have offended mister in any way just now, please forgive us.” Jian Yuan let out a breath, a man knows when to advance and when to retreat, when to bow and submit, and when to stand tall, what use is there in trying to show off for a moment of grandeur.

Ye Hua felt that Jian Yuan’s words were pretty good, if it was based on my temper in the past, I would definitely disregard his begging for forgiveness, but looking at it from a human’s perspective, it would definitely be better for me to let him off and seek to achieve a much bigger benefit from him.

“Since you lowered your head and begged me for forgiveness earnestly and sincerely, I will spare this life of yours.” Ye Hua said indifferently.

Jian Yuan seemed as if he had just eaten a fly, where was I even begging, I was only praising you only. Alright, fine, I was indeed begging for your forgiveness in a roundabout way, but can’t you at least give me a bit of face?

Right now, everyone did not even dare to gasp, even Executor Jian Yuan himself also lowered his head and apologized, what do we even count as in that guy’s eyes then? The purple sword that was floating in the air was like a death talisman, if anyone dared to anyhow speak, they would immediately be pierced through the heart by the sword.

“Executor Jian Yuan, since the boss has already spared your life, you should laugh and smile, don’t keep having such a miserable look on your face.” Jiu Ye suddenly stood up and laughed, totally having the intention of hugging onto Ye Hua’s thigh.

How could I possibly have the mood to even laugh now, I won’t beg for forgiveness anymore in this life of mine, this will be the last time that I begged for forgiveness, there will definitely not be a next time! Definitely! There won’t be a next time!

“Why did you all want to take part in opening up the mountain for development?” Ye Hua asked curiously.

Jian Yuan went into a daze, then began to act stupid, “What do you mean?”

Whoosh!

The tip of the purple sword appeared right in front of Jian Yuan’s forehead, and the Calabash Brother was lying down on the sword and looking at Jian Yuan while propping its head with its right hand.

If not for there being something wrong with the situation, Qing Ya would have definitely laughed out.

Not sure why, Jian Yuan felt that he was no longer able to control his body anymore, this sword might is too enormous, and yet, this sword might is only something that was released out from the Calabash Brother that is lying down on the sword, and furthermore, this Calabash Brother was only something that the man flung out with his finger.

“You can slowly think about just what I mean.” Ye Hua said unhurriedly as he played around with Qing Ya’s fingers, her fingers are quite tender and smooth.

“Mister, this...”

“I don’t care what reason you have, when I ask questions, you just bother with answering my questions. Moreover, there are many more people here who are smarter compared to you!” Ye Hua said coldly, if not for Qing Ya having a soft heart, I would have long pierced through this guy’s forehead. In any case, it also wouldn’t be me who personally did it, thus it doesn’t count as me having killed a person.

Jian Yuan started sweating cold sweat, why am I so unlucky during these two days, sailor moon and Calabash Brother, I was actually f**king bullied by two cartoon characters, can’t we all just play together nicely? Why are there such powerful beings within Long’an City? After I return back to the sect, I must report it to the sect. Even if I get beaten to death, I also won’t want to continue staying at Long’an City anymore.

“Mister, below the mountain that they bought, there is a dragon vein!”

“Dragon vein!” Ye Hua slightly went into a daze, and I thought that it would be something great, for all of you to actually fight with each other for it. For a mere dragon vein, is there even a need to make such a big fuss over it?

“Under the dragon vein, there are a lot of treasures, pills, and martial techniques.” Jian Yuan felt like crying right now, I have spoken out everything that I know of.

Ye Hua waved his hand and the Calabash Brother immediately dissipated. Also, the purple sword recovered back to its original look and fell onto the floor.

And those rich merchants had their eyes open up wide, there are pills and martial techniques under the dragon vein, no wonder his Cloud Peak Sect would want to take part in opening the mountain for development!

We handed so much money to your sect every year, and yet your sect still wants to come and share a portion of our profits, you all are simply shameless!

Chapter 88.1: You took medicine during that night right 1/2

There was no more reason to continue staying here anymore, pulling onto the absent-minded Qing Ya, Ye Hua said to Jiu Ye, “Xiao Jiu, call the car over.”

Jiu Ye immediately stood up, “I will go and arrange it right away, please wait for a while boss, the driver will come right away.”

Ye Hua nodded his head, Wei Chang’s and Lie Gu’s temper are very weird, as long as someone is disrespectful towards me, they would not say anything and immediately kill the person. This Jiu Ye can be kept for the time being, he can be used to handle trivial miscellaneous tasks.

If Jiu Ye was to come to know of Ye Hua’s thoughts, he would definitely feel very complicated, on one hand, he wants to hug onto Ye Hua’s thigh, and on the other hand, he wants to hug onto the thigh while still having his face...

Jiu Ye’s Rolls-Royce Phantom arrived very quickly. The driver opened the car door with a respectful expression on his face, and Ye Hua pulled onto the absent-minded Qing Ya and walked out of the side room. The things that they are discussing are too childish, I’m not interested in knowing what they are

going to discuss further on, and I also wouldn't want to know. Right now, I'm very curious as to just what Qing Ya this fool is thinking about. After knowing my strength, she became completely stupefied. I will see if you still dare to be so mischievous in the future.

Qing Ya was indeed stupefied, I didn't expect that a man that I casually found was actually a cultivator. I really don't know if it can be counted as my luck being good or my luck being bad. Is the temper of cultivators all so bad? To let their own woman peel crayfishes and buy Chinese crepe for them at the drop of the hat?

On the journey back, the two did not speak with each other at all, and Ye Hua sort of couldn't stand it anymore, has this foolish woman really been scared stupid or something?

"Stop at the side." Ye Hua said coldly.

The driver didn't dare to speak much, even if I were to get fined, I also have to stop the car at the side.

Pulling the foolish Qing Ya out of the car, Ye Hua walked to the riverbank and looked towards the distant.

There were quite a few couples taking a stroll along at the riverbank, and also quite a lot of old people dancing at one side. The main reason that there were so many people at the riverbank was because the riverbank was windy, the wind that blows over time to time was able to let one free carefree and relaxed.

Ye Hua took out a stick of cigarette and leaned onto the protective railing with his back, while Qing Ya stood at one side, lost in her own thoughts.

After finish smoking the stick of cigarette, Ye Hua was a bit jittery, could it be that this woman really got scared foolish?

"Speak." Ye Hua said in a deep voice.

Qing Ya took in a breath, then asked, "Ye Hua, do you know any absorption technique?"

"Why?" Ye Hua slightly wrinkled his brows.

"If I were to learn it, I would be able to absorb your inner strength."

Ye Hua, "....."

"What about three flowers congregation?"

Ye Hua's brows became more wrinkled.

"You don't know that? Then, do you know Nine Yin Scripture?"

Ye Hua has the thought of wanting to smack onto Qing Ya's butt.

"Ah, you don't know that too? What about North Underworld Martial Technique then?"

"You don't even know this too?! What about Buddha's palm then?"

"Sigh, Ye Hua, could it be that you cultivated the Sunflower Scripture?"

Ye Hua couldn't stand it anymore as he held Qing Ya into his embrace, "Whether if I cultivated the Sunflower Scripture or not, don't you know the answer yourself!"

Qing Ya let out a breath, I just wanted to mess around with Ye Hua just now, after discovering that he is still the same as he was in the past, I feel relieved. In the end, he basically just has another identity right now, which is that he is a cultivator. Not sure if I were to tell others about it, would it be able to give me face?

For example, when other people said, "My husband's net worth is 10+ billion, what about your husband huh?"

And Qing Ya would be able to straighten her back and shout out proudly, "Your husband is nothing at all, my husband is a cultivator!"

If Ye Hua was to come to know of Qing Ya's current thoughts, he would definitely give Qing Ya a lecture, to actually compare me with those inferior humans.

[You Cannot Afford To Offend My Woman](#)

Chapter 88.2: You took medicine during that night right 2/2

"Are you really from the cultivation world?" Qing Ya asked.

Ye Hua didn't know how to answer that question. The cultivation world is nothing at all, but if I were to deny it now, will she go back on her words? After all, what I betted with her was whether if I was a cultivator or not.

But, if I were to admit that I am a cultivator, it would be like I am lowering my status. However, for the sake of training Qing Ya, it is fine for me to lower my status. Seems like, for this woman, I have started to become more and more shameless.

"Yes." Ye Hua said faintly.

"Then, are you very powerful? The kind that is able to destroy a car with one punch and also able to fly."

"Yes."

"Then, are you able to control a sword and fly around using the sword? Are you able to fly all the way to outer space? But, there is no oxygen in outer space. Ye Hua, do you have to breathe in oxygen?"

A few black lines appeared on Ye Hua's forehead.

"No wonder during that night, you were so... So it is because you are a cultivator... Or, did you took medicine during that night?"

Ye Hua was really angered by Qing Ya as he said coldly, "You can come and try me tonight!"

"Tsk, dream on, I won't be duped by you. Don't think that just because you are a cultivator, I will have to hug onto your thigh and listen to you!" Qing Ya pushed Ye Hua away, then raised her chin up and said boldly and confidently.

Ye Hua said in a deep voice, "Did you forget about your oath!"

“What oath? I don’t know what you are talking about.”

“I knew that you would be like this!” Ye Hua took out his phone and played Qing Ya’s voice recording.

“If Ye Hua is really cultivator, I, Qing Ya, guarantee that I will be obedient in the future, and Ye Hua will be my heaven. Will that do?”

Hearing her own oath, Qing Ya immediately understood, I was duped by this Ye Hua again!

“I refuse to accept it, you duped me!” Qing Ya raised her little fist, but unfortunately, her wrist grabbed by Ye Hua.

Ye Hua knew that Qing Ya would go back on her words. While holding onto Qing Ya’s wrist, Ye Hua said coldly, “Do you think that this little fist of yours will be able to do any harm to me?”

Qing Ya’s expression immediately sunk as she said, “I know, you are a cultivator right now, you are very powerful, and I, on the other hand, am just an ordinary woman, I am totally not a match for you at all. If you want to beat me, go ahead, in any case, there is no one that cares about me in this world.”

Upon finish hearing what Qing Ya said, Ye Hua was immediately stupefied, why do I feel that I am the one who is in the wrong now, if I really wanted to beat you, you would have long ascended to the heaven.

“Look, your expression is showing that you are angry right now. You can go on and beat me then. In any case, I also don’t have the strength to retaliate.” Qing Ya said faintly. Her grievance was soaring high up to the sky, and even the people who were walking past her was able to feel that heavy grievance that was emitting out from her.

Ye Hua resisted his urge of wanting to smack onto Qing Ya’s butt, “Do you really think that I won’t dare to beat you!”

“You are a cultivator, you are the biggest, whatever that you say is right.” Qing Ya spread out her hands and said helplessly.

“Don’t compare me to a cultivator!” Ye Hua shouted lightly, cultivators are nothing at all, I am able to kill them with even just a fart.

“Sigh, my husband is using his identity to pressure me, sigh~”

Ye Hua suddenly felt that it was a mistake to tell Qing Ya that he was a cultivator and show her how formidable he was. If I had known that this would be the outcome, I would have just kept everything a secret. To actually say that I used my identity to pressure her, it was obviously you who is not willing to admit defeat after losing the bet!

Seeing that Ye Hua remained silent, Qing Ya rubbed onto her ankle and said lightly, “I can’t walk anymore.”

“Go and hail a cab yourself!” Ye Hua said petulantly, then lighted up another stick of cigarette.

Qing Ya snorted and said, “Not sure who was the who said that, as long as my leg hurts, he would carry me. That person is even a cultivator too. In the end, he is only able to talk big.”

Cough, cough, cough...

It was the first time that Ye Hua choked from the cigarette smoke. Originally, I wanted to use the voice recording to educate Qing Ya, but I didn't expect that, my identity would instead become something that she could use against me! And what I told her was just merely that I was a cultivator, if I were to tell her my true identity, who knows just what would happen.

"Forget it, forget it, I will slowly walk back to the bar myself. The cultivator's identity is precious and honorable, how could he carry his wife, if words were to spread out, it would be very faceless for him." Qing Ya added on suddenly.

Ye Hua was angered to the point that his forehead's veins were bulging out.

Chapter 89.1: The feeling of heartbeat 1/2

"Come up!" After quite a while, Ye Hua suppressed the urge within his heart and shouted out coldly.

A trace of smile appeared on the corner of Qing Ya's mouth as she turned around and said, "Really? You won't throw me into the river, right?"

"Come up! I won't repeat again!" Ye Hua really wanted time to reverse back, this woman is really much smarter than I imagined.

Qing Ya immediately came to Ye Hua's back and pat onto Ye Hua's back, "Squat down a bit."

As the mighty Supreme Overlord, Ye Hua felt exhausted and helpless as he slowly lowered his body, this is the first woman who dares to be so arrogant towards me!

Qing Ya suddenly jumped onto Ye Hua's back, and her spotless white arms embraced onto Ye Hua's neck. Afterward, Ye Hua began to walk forward, and the image immediately became comical.

Because Ye Hua did not hold onto Qing Ya's legs, it made Ye Hua seemed like he was carrying a corpse. Qing Ya who was on Ye Hua's back immediately shouted out, "Ye Hua, if you don't want to carry me, just tell me!"

"What do you want again this time!" This can't be blamed on Ye Hua, after all, he had never carried a person on his back before.

"Do you not know how to hold onto my legs? Are you intending on dragging me back home instead?"

Ye Hua took in a deep breath, "You are the first woman who dares to demand so many things from me!"

"What's the matter, did I hurt the cultivator's pride?"

"Don't mention cultivator with me!" Ye Hua hated cultivators to death right now, I really want to kill all cultivators now, because of cultivators, it caused me to continuously get teased by this woman!

Qing Ya pouted her mouth and did not continue on provoking Ye Hua anymore, because she discovered that Ye Hua was currently walking towards the river...

Unknowingly, Ye Hua arrived at the main street, and Qing Ya became the target of every woman's envy.

“Look at other people, he know how to carry his girlfriend, why do you not know to carry me too!”

“Can’t you take a look at the person’s girlfriend’s figure? If I were to carry you, you would have to give me artificial respiration.”

“Annoying, you are thinking of taking advantage of me again~”

“.....”

The thin man was in despair, you say that I am thinking of taking advantage of you? I am saying that you are heavy alright! My god, I feel so despair!

Qing Ya leaned onto Ye Hua’s wide and sturdy back and felt a great sense of security. Towards the envy gazes that were directed towards her, she accepted all of it happily. If you all have the capability, you all can go ahead and find yourself a cultivator husband too~

“Ye Hua.” Qing Ya called out lightly.

“En.” Ye Hua responded, while in his own heart, he was thinking, “I hope that Lie Gu and Wei Chang doesn’t see this scene.”

“Will you really beat me?”

Ye Hua’s footsteps came to a stop, then he immediately slapped towards Qing Ya’s butt, “What do you think!”

Qing Ya was stupefied, this fellow actually slapped my butt in public, he is shameless~

Without waiting for Qing Ya to begin scolding him, Ye Hua took the initiative and spoke, “I have your sound recording as proof, you better be a bit more obedient in the future, if not I will beat your butt till it swell!”

Qing Ya pouted her small mouth, “Humph, you are a cultivator, of course you would only know how to rely on your martial strength.”

Ye Hua remained silent, I swear! I have to properly give Qing Ya a lesson tonight and let her know the consequences of going back on her vow.

Without long, Ye Hua carried Qing Ya and arrived at Leisure Bar. Under everyone’s astonished gaze, Ye Hua carried Qing Ya and walked upstairs. Upon seeing that, Wei Chang swore, “I definitely have to tell Lie Gu what I just saw.”

Chapter 89.2: The feeling of heartbeat 2/2

Bang!

The bedroom door was heavily closed by Ye Hua, and Qing Yutong of course heard it, as she immediately came over to the bedroom door to eavesdrop on them, brother-in-law and big sister are truly passionate with each other every day.

As expected, within a few seconds, the sound of Qing Ya's panting emitted out from the bedroom door, and Qing Yutong immediately couldn't stand it. Brother-in-law is simply too savage, big sister is not even panting, she is already at the point where she is shouting for help. Their taste is really too heavy, they are so perverted~

On the wide and spacious bed, Ye Hua was currently giving Qing Ya a lesson. Don't think too much, Ye Hua just merely placed Qing Ya onto his leg and began slapping onto Qing Ya's sexy butt. Ye Hua controlled his strength very well, however, Qing Ya's screams were simply over-exaggerated by her.

"Ah! Ye Hua, I have finally seen through you, you only know how to beat your wife! Ah! Ye Hua, let me tell you, if I were stronger than you, I will use the same position to beat you! Ah! You scoundrel, have you beat my butt till you become addicted! Ah! I am a pregnant woman! You cannot beat me like this!"

Suddenly, Ye Hua recalled that Qing Ya was still carrying his child in her stomach, and he immediately stopped.

"Go ahead and continue! Why did you stop! Cultivator!" Qing Ya shouted out coldly.

Ye Hua sighed as he propped Qing Ya up and said seriously, "Qing Ya, can you be a bit more obedient and not be so mischievous."

Qing Ya looked at Ye Hua in disbelief and straightforwardly pushed Ye Hua down onto the bed and said lovably, "What do you mean, how am I mischievous! You better explain it clearly to me!"

Ye Hua was a bit absent-minded, looking at the face that was right in front of him, and that bright red lips too, he suddenly recalled of that night and that soft feeling. Ye Hua wants to express that he wants to try it again now.

As expected, under Qing Ya's endearingly silly expression, Ye Hua kissed onto Qing Ya's lips. While kissing onto Qing Ya's lips, he thought to himself, "It is the kind of softness as I recalled from my memory, and it is also a bit sweet."

Bang!

At this moment, the bedroom door was suddenly pushed open by Qing Yutong, and Ye Hua and Qing Ya who were on the bed immediately coldly looked towards the Qing Yutong who suddenly barged into their room.

"I... I... I heard that there was no sound coming out anymore from the room and thought that you two took each other down, thus I came in to check on you two. You two continue on, don't care about me, bye bye..." Qing Yutong immediately left the room. Brother-in-law's and big sister's expression are so scary.

Ye Hua pushed Qing Ya aside and said calmly, "I will go and take a shower." In actuality, Ye Hua's heart was not calm at all.

"Oh..." Qing Ya who was still angry just a while ago also calmed down as she sat on the bed with her legs crossed and went into a daze.

The atmosphere between the two immediately became awkward. Even after Ye Hua finished showering and came out, Qing Ya didn't say anything and immediately rushed into the bathroom to take a shower.

Afterward, the two lied down on the bed, with each of them lying down on one side of the bed, and none of them took the initiative to speak first.

“Did you off your phone?” Ye Hua asked lightly, in the end, he wasn’t able to hold himself back from remaining silent anymore.

Qing Ya’s tone was not that cold anymore, “I offed it already.”

However, after the two spoke one sentence each, it immediately became silent again.

After about half an hour, Qing Ya finally couldn’t bear it anymore and she asked lightly, “Are you asleep?”

“if you want to come over, then come over.” Ye Hua said faintly, this woman really just dead on want to keep her face.

Qing Ya snorted, then lightly shifted her body. Afterward, she closed her eyes and hugged onto Ye Hua, seemingly as if, by closing her eyes, she wouldn’t know that she had hugged onto Ye Hua.

However, Ye Hua’s heartbeat is beating a bit fast today, and it is causing my heartbeat to beat faster too. This fellow is indeed anyhow leading my tempo astray!!!

“Ye Hua, you are a cultivator, and I am just an ordinary people, will you...”

Without waiting for Qing Ya to finish speaking, Ye Hua cut her off and said with a deep voice, “I won’t.”

This was the tacit understanding that a married couple should have, some words do not need to be said completely, and the other would be able to know what the person was trying to say. Ye Hua was just like this, he had more or less thoroughly understood Qing Ya’s behavior. To speak it more simply, Qing Ya was a hedgehog, a hedgehog that did not have any sense of security at all.

Before today, Qing Ya felt that the gap between her and Ye Hua wasn’t really big. In any case, Ye Hua is also the boss of a bar, and I myself am also a boss, thus we are both bosses, and yet, things have changed now, Ye Hua is now not only a boss, he is a cultivator too, and within novels, cultivators all have the chance to ascend into immortality!

The huge sense of loss caused Qing Ya to feel very melancholy, she felt that Ye Hua was suddenly very far away from her, which was why she shot off her mouth just now to make Ye Hua get angry. And by doing that, she had confirmed that Ye Hua was still the same as before. However, it still feels like I would lose Ye Hua. Perhaps, during the day that the child arrives into this world, it would be the day I lose Ye Hua. After all, the agreement that we made during that day is still clear in my mind.

No wonder he was so excited when he heard that I was pregnant with his child, so it is because he is a cultivator. Sigh. Seems like even cultivators could suffer from infertility too, this is a rather good business opportunity...

[**You Cannot Afford To Offend My Woman**](#)

Chapter 90.1: Don’t call me a cultivator!!! 1/2

Carrying along this uneasy feeling, Qing Ya gradually fell asleep. Sleeping while hugging onto Ye Hua really feels very comfortable, if suddenly the day comes where I can no longer hug onto him while I sleep, I would most probably suffer from insomnia.

Currently, Ye Hua was also blindly thinking about things, however, he was not that emotional and sentimental like Qing Ya, and right now, he was thinking about how to recover back the face that he lost. Could it be that, I have to show off my might as a man in front of her? I don't know if killing a million people would be enough or not. If I killed a million people, she would be willing to acknowledge allegiance to me, right? However, something feels wrong... Just where is it that is wrong... This is truly vexing!

Just like this, while carrying along their own respective thoughts, the two gradually fell asleep. All the way until the sound of knockings on the door rang out in the morning, then did Ye Hua and Qing Ya woke up.

"Brother-in-law~ Big sister~" Qing Yutong stood outside the door and shouted out lovably. Listening to her tone, one would immediately know that she was going to ask for a favor.

Ye Hua pat onto Qing Ya's shoulder, "Go and open the door."

Qing Ya scratched her hair, what does this sister of mine wants during this early in the morning!

"What is it?" Qing Ya opened the door and asked angrily.

Qing Yutong could be seen to have already changed her clothes, and she also wore a big round hat and a pair of sunglasses. This could be counted as being fully equipped.

"Big sister, didn't you told to me to go to High Ocean City today? It would be dangerous for me to go to the airport alone, are you and brother-in-law not going to see me off to the airport~" Qing Yutong blinked with her beautiful eyes while she pulled onto Qing Ya's arms and act coquettishly.

Qing Ya wrinkled her brows, "You are such a big person already, is there even a need to see you off? Can't you just drive yourself to the airport?"

"Big sister~ You don't even care about your sister anymore, my heart feels so pain~"

"....."

Ye Hua was not sleepy anymore as he got off the bed and said, "We will see her off then, and while we are at it, let's eat breakfast."

The corner of Qing Yutong's mouth twitched, it seems like I will have to give my thanks to breakfast...

Since the man had spoken, what else could Qing Ya say, time to go and wash up my face and rinse my mouth.

15 minutes later, the two were prepared to leave. Qing Ya was very happy right now because she did not need to put on make-up now. This face of mine is truly breathtaking. Thinking back to the meat during that day, Qing Ya was extremely curious, could that meat really be dragon meat?

"Yutong, drive the car." Qing Ya tossed the car key to her sister.

Qing Yutong knew it would be like this. These two are straight up big bosses, especially brother-in-law, that bearing of his is as if he is an emperor that is currently leaving from his palace.”

Sitting in the Audi A8, Qing Yutong successfully received the identity of being a driver, while Qing Ya and Ye Hua sat at the back leisurely like big bosses.

Qing Yutong who was driving the car thought to herself, “They evidently had a big quarrel with each other last night, and yet, when I pushed open the bedroom door to take a look, they were actually kissing with each other on the bed. The two of them truly changed the definition of having a ‘quarrel’.”

“Yutong, properly cooperate during the next few days you understand, don’t create any problems.” Qing Ya reminded, I understand the temperament of this sister of mine very well.

Qing Yutong said puzzledly, “Didn’t you said that it was only a day?”

“Don’t bother if it is one day or two days, in any case, you have to settle your task well.”

“Alright, in any case, the two of you are determined on chasing me out of the house. When will my little nephew come out? When that time comes, I can leave home together with my nephew...”

“Qing Yutong! Can you set a good example!” Qing Ya was melancholy, seemingly as if she had already saw her own child left home together with her sister.

On the other hand, Ye Hua didn’t think like that, as my child, he should be independent and have his own thinking and judgment, he can’t just live under my wings forever, and there will come a time where he will have to grow up and be independent.

“Both of you, quiet down a bit, what is there to even quarrel about.” Ye Hua said with a deep voice, this Qing Ya, quarreling every day, my head really hurts.

The two fairy-like women pouted their mouths and quieten down.

Half an hour later, Qing Yutong finally reached the airport, “Aren’t you two going to see me off?”

Ye Hua and Qing Ya straightforwardly disregarded Qing Yutong, and Qing Ya even went ahead and sat in the driver seat, then stepped onto the pedal, leaving behind the Qing Yutong who had an endearingly silly look on her face.

“Ah... These two are simply angering me to death, they don’t have even the slightest bit of sympathy! Humph, let me tell you two, I am going to leave home for half a month! Eh... Half a month seems a bit too long, I will leave home for a week then! I will see if you two will be anxious or not!”

Qing Yutong who was having a temper walked into the airport, and when she walked into the airport, she immediately attracted gazes. Although she was fully equipped, that temperament of hers was unable to be changed. Don’t see that Qing Yutong was always carefree and casual when she was in front of Ye Hua and Qing Ya, when she runs into strangers, her demeanor would change. After all, Qing Ya and Ye Hua were her kin, and the strangers were not.

Chapter 90.2: Don’t call me a cultivator!!! 2/2

In the car, Ye Hua said faintly, "We will go outside and walk around today."

"Cultivator, are you asking me on a date?" Qing Ya teased, and the corner of her mouth raised up unconsciously.

"Can you stop mentioning cultivator with me, can't we even have a chat properly now!" Ye Hua felt that telling Qing Ya that he was a cultivator was a complete mistake. If I had told her that I am a Supreme Overlord, who knows what would even happen.

Qing Ya laughed lovably, "Fine, fine, fine, I will stop mentioning cultivator."

After remaining silent for a while, Ye Hua asked, "What do you think of my temperament?"

Qing Ya was very confused, this fellow is not normal today, "You have temperament? If one didn't know you, they would have thought that you were an emperor, having a cold face on your face every day, and even have problem with the most basic social interaction. Ye Hua, could it be that you have some sort of disability? Perhaps, autism? Oh, that's right, you are a cultivator after all, you have to conceal your identity."

"Qing Ya!" Ye Hua shouted deeply. This woman can't stop bringing up the word 'cultivator' now whenever she speaks! And to even say that I have some sort of disability, her guts have truly gotten bigger and bigger.

"Take a look, take a look, I only speak a bit about you and you immediately became agitated. As a human, you have to learn how to be tranquil and even-tempered, don't think that just because you are a cultivator, it means that you are a cut above others, you have to learn how to fit in with ordinary people."

Cultivator again! She is bringing up cultivator again! Right now, Ye Hua really regretted to have ever admit that he was a cultivator...

After taking a few deep breaths, Ye Hua asked 'calmly', "What ways are there to solve it?"

"You really want to solve it?" Qing Ya was in disbelief, Ye Hua did not have a high fever today right?

Qing Ya thought too much, Ye Hua just felt that, to properly learn humanity, he can't just study about humanity, he has to put his studies into practice too. However, to speak with those inferior creatures, it makes me feel very uncomfortable, I don't know just how Wei Chang was able to do it.

"En" Ye Hua responded lightly and felt that it was very faceless for him.

"I will bring you to a place, I guarantee that you will be able to change those bad habits of yours when we are there." Qing Ya felt that today was very wonderful, Ye Hua is finally being obedient...

"Bad habits!" Ye Hua said deeply. This is the pride of a Supreme Overlord, and yet, when it comes out of her mouth, it turned into bad habits!

"Humph, if not, do you think those habits of yours are good habits?" Qing Ya snorted.

Half an hour later, Qing Ya brought Ye Hua to an overly crowded place, Long'an City's pedestrian street. During the previous time, they even came here to eat skewers.

“What did you bring me here for?” Ye Hua asked faintly.

“Don’t ask that many questions, just follow me.” Qing Ya held onto Ye Hua’s big hand and walked into an Adidas shop.

Within the store, most of the employees were female. Upon seeing such a handsome person coming into the store, they immediately ran towards the handsome person. But, when they saw the woman that was beside him, they immediately stopped their footsteps.

Qing Ya sized up the sports clothing, then looked at the western suit that Ye Hua was currently wearing, “Don’t wear so solemnly all day long, when it’s time to relax, you should relax.”

Ye Hua remained silent.

“What are you being in a daze for, go on and ask one of the employees to recommend to you what clothing to buy.” Qing Ya pushed onto Ye Hua, wanting Ye Hua to be a bit more initiative and speak to the employee.

Because, every time when we leave the house, it would always be me who would be leading, and Ye Hua would often remain silent.
