You Cannot Afford To Offend My Woman

Chapter 91.1: The Supreme Overlord's helplessness 1/2

Ye Hua's breathing was a bit fast, are those random fishes even worthy of speaking to me! However, I have to learn to fit in with the humans, fit in... If I were to not be able to control my emotions later on, Qing Ya will have to carry the blame for it.

"Come over!" Ye Hua shouted out gravely.

The female employees were startled, and one of the female employees walked to the front of Ye Hua while trembling with fear, her face was a bit pale.

Qing Ya held onto her forehead, "Can you be gentler a bit, what are you being that fierce for, are you looking for a fight!"

"Shut up!" Ye Hua said petulantly.

Qing Ya snorted and walked to one side, intending to not care about Ye Hua.

Ye Hua rubbed onto his temple, I am going to get angered to death by this Qing Ya sooner or later.

"Qing Ya, come over."

Qing Ya who was currently pretending to be picking clothes snorted. However, she still walked over.

"I'm sorry, my husband has a disability, he has a problem with communicating with people." Qing Ya smiled lightly. To actually shout at me just now, see if I will give you a lesson or not, don't think that just because you are a cultivator, it means that you can bully me.

"Oh, so that is the case." The female employee was at ease now.

Ye Hua's mood right now was the same as the Jian Yuan from yesterday, seemingly like he was constipated.

"Beautiful lady, is there a couple outfit for this clothing?" Qing Ya asked curiously.

The employee smiled, "Miss, there is."

Qing Ya poked angrily onto Ye Hua.

"What is it."

"Go on and haggle." Qing Ya shook her head, this husband of mine is like a child, not knowing anything at all.

Ye Hua's brows were deeply wrinkled, have you ever seen before a Supreme Overlord haggling over price! This is not called haggling over price, this is called devaluing my status, if words of it were to be spread out, where would my face be!

"You have to converse more." Qing Ya said in a low voice.

Ye Hua took in a deep breath, then asked, "How much!"

The female employee was rather shy as she looked at the price tag, “489 rmb.”

I heard that humans like to give the lowest price possible when bargaining, Ye Hua had the answer in his mind as he said gravely, “It’s too expensive, 1 rmb!”

The female employee immediately became stupefied, and even Qing Ya was also dazed. Is this fellow messing around with me? But, looking at that serious expression on his face, it doesn’t seem like he is joking.

“Mister, although you are handsome, you can’t bargain like this...” The female employee was about to cry, even if you are a handsome guy, you can’t bully people like this!

Qing Ya was disappointed towards Ye Hua’s performance, how can you bargain like this!

“I will bargain instead, you watch and learn!” Qing Ya sighed. In the end, I am the one who has to lead again, it seems like Ye Hua has cultivated to the point that he became foolish.

Qing Ya could be seen picking up the clothes and feeling the clothes with her hand, then said faintly while wrinkling her brows, “489 rmb is too expensive. How about this, 488 rmb! 488 is such an auspicious number too!”

This time, it was Ye Hua’s turn to become dazed, can this even be counted as bargaining? Seems like this woman doesn’t know much about bargaining compared to me, and yet she kept trying to act as if she knows how to bargain in front of me. Look, even that employee is laughing now.

The female employee felt that the two were very strange.

“Of course, 488 rmb is fine.” The female employee replied.

Upon hearing that, Qing Ya raised her chin complacently, then looked towards Ye Hua and said, “Did you see that? This is what bargaining means!”

“It is truly a miracle that your company still hasn’t gone bankrupt.” Ye Hua shook his head helplessly, this woman is too stupid already.

“What do you even know, these two cannot be compared equally. Quickly go and imitate how I bargained just now and go and try bargain.”

“I can’t do it.” Ye Hua rejected.

“Why are you like this? You said that you were going to properly interact with other people.”

Ye Hua said faintly, “Just interacting with you is enough already.”

Qing Ya went into a daze, then pulled onto Ye Hua’s sleeve, “Where did you learn how to sweet talk like that, those words of yours are rather titillating.”

Ye Hua took a look at Qing Ya, “Interacting with you is vexing enough already, I don’t want to feel even more vexed.”

Chapter 91.2: The Supreme Overlord’s helplessness 2/2

"Quickly go and change your clothes, wearing black from up to down all day long, can't you dress brightly a bit!" Qing Ya said petulantly as she placed the clothes into Ye Hua's hand. If I didn't appear, you can prepare to be single for your entire life, who would even be able to endure this temper of yours.

Ye Hua did not reject as he walked into the changing room with the clothes. Meanwhile, Qing Ya also picked a set of clothing for herself and walked into the changing room to change.

When the two walked out of the changing room, no matter if it was the store's employees or the people who came to the store to buy clothes, they were all astonished by the two.

Ye Hua who changed into the sport clothes indeed looked much brighter and warmer, he looked less solemn and gentler now. Qing Ya was the same too, she seemed as if she had turned into a neighborhood big sister.

This is simply too childish!!! This was Ye Hua's inner thoughts right now.

"Tsk, ts, ts, look at how handsome you look right now." The one thing that Qing Ya felt glad was that, at the least, her husband looked good, this could be counted as a great fortune amongst all the misfortunes.

Ye Hua was very unnatural as he urged, "Let's quickly leave."

"Go and pay the bill first, I didn't bring any money out."

"Why didn't you bring any money out when you leave the house!" Ye Hua was speechless, this Qing Ya is definitely doing it on purpose.

"You are my husband, when we go out, it is definitely going to be you who will be paying. Of course, you are a cultivator, you can totally force me to do things with your cultivation strength if you want to."

Ye Hua simply did not have any bit of temper now. The biggest mistake of my life is last night. Originally, I only wanted to use the identity of a cultivator to give Qing Ya a shock, but in the end, it had the opposite effect.

Seeing that Ye Hua obediently went to the counter to pay the bill, Qing Ya was rather happy about it as she walked up to Ye Hua and held onto his arm. Men right, it is necessary to coax them after giving them the stick, if not, they wouldn't be obedient.

Although I am an ordinary person, and my husband is a cultivator, it is not a big deal at all, in the end, my Ye Hua is still well-behaved.

"I will settle you when we are back at home later on!" Ye Hua said deeply.

Qing Ya could be seen rubbing onto her stomach, "Baby, your daddy is going to hit your mommy, say, what should your mommy do."

My god, right now, Ye Hua was not only regretting last night, he was also regretting that particular night... This woman is simply my curse.

When the two walked back to the pedestrian street, Qing Ya looked at the gloomy Ye Hua and felt that it was very funny, and she asked lightly, "Ye Hua, last night, you stealthily kissed me..."

Here we go again! She has three things that she could use against me on her hands now, I simply want to die now...

"If you are not happy about it, you can kiss me back!" Ye Hua said gravely.

Qing Ya tipped on her toes and said lovably, "As long as you admit that you are a swindler, I will let you do whatever you want, just like during that night~"

Immediately! The heat within Ye Hua's body skyrocketed. This caused Ye Hua to become greatly startled, I am actually being controlled by this woman, how is this possible!

"The words that I Ye Hua have spoken out are definite!"

"Alright then, I will see how long your words will be able to be definite for~" Qing Ya blew towards Ye Hua, totally having Ye Hua firmly grasped within her hand.

Seeing that Ye Hua was angry to the point that he couldn't speak, Qing Ya said lovably, "How about we go on an adventure?"

"What do you mean?"

"We will sit on a random bus, and wherever that bus heads to, we will go exploring that place, how about it??" Actually, Qing Ya had a small wish, which was to go on a carefree trip.

"Boring."

"Come on, come on, let's go, let's go~"

"Qing Ya, when did you learn Qing Yutong's manner?" Ye Hua wrinkled his brows.

Qing Ya immediately changed her face as she shouted out coldly, "Are you going or not!"

"Actually, it is also good to learn a bit from Qing Yutong's manner."

Qing Ya had a face of disdain, and this guy is even a cultivator.

Chapter 92.1: I have a lot of essence in my body 1/2

Sitting on the public transport bus, Qing Ya fell asleep very quickly while lying on Ye Hua's shoulder. And only during this time, Ye Hua would feel that Qing Ya was very obedient. However, after she wakes up, in Ye Hua's eyes, she would turn into a little demon.

After half an hour of travel time, the two got off the bus and got on another bus, and who knows just where this bus was even headed to...

"Driver, please stop the bus." While looking at the scenery outside, Qing Ya couldn't help but shout out.

After getting off the bus, Qing Ya took a stretch and said comfortably, "The air here sure is fresh."

Ye Hua lighted a cigarette and expressed that he was very bored.

A truck that was transporting a bunch of pigs passed by them and brought along a strange smell. Immediately, Qing Ya's face which was filled with comfort turned black, and Ye Hua was the same too.

“This is the good place that you picked!” Ye Hua said petulantly.

Qing Ya was a bit embarrassed, “How would I know that we would arrive here, can’t you be a bit gentler toward me!”

“Hold onto my hand and close your eyes.”

“What for? Are you thinking of sneakily kiss me again?” Qing Ya’s heart was somewhat pounding.

“Who would want to kiss you? I’m just intending on changing another location only!” Qing Ya sighed lightly, I really do not know just what is going on in her head all day long.

“Tsk~ I will see what kind of tricks you are going to pull again.” Qing Ya snorted lightly as she held onto Ye Hua’s hand.

0.1 second later, Ye Hua said, “We are here.”

Qing Ya slowly opened her eyes, and everything before her eyes changed. From her eyes, a huge clear lake could be seen, and around her surroundings, there were a bunch of big and extremely tall trees. This was what that could be truly counted as an outer paradise world.

Ye Hua... Have we transmigrated?”

Ye Hua poked onto Qing Ya’s forehead, “What is this little brain of yours thinking all day long!”

Qing Ya stuck out her tongue, then ran to the lakeside and opened her arms. Meanwhile, Ye Hua unhurriedly followed behind her. While walking, Ye Hua waved his hand, and immediately, two chairs and one small table appeared out of thin air. On the small table, there was the dragon blood wine and the meat of star clean sparrow and gold delicate crane.

“Don’t keep standing, come over and take a seat.”

Qing Ya turned her head over and took a look. Towards those things that suddenly appeared, she was startled at first, then soon after, she mumbled, “It sure is good to have a husband who is a cultivator, to be able to bring along so many things.”

Cultivator again, Ye Hua wished he could throw Qing Ya into the lake to let her cool down for a bit.

Sitting on the chair, Qing Ya took a sip of the dragon blood wine, “We can save a lot of transport fee in the future.”

Ye Hua doesn’t want to converse with Qing Ya anymore.

“Ye Hua, are you able to teleport to another world?” Qing Ya asked curiously.

“Simple.”

Hearing that Ye Hua could teleport to another world, Qing Ya immediately became interested, “When are you going to bring me to another world to have fun.”

“We will talk about it after you gave birth to the child.”

"Hmm, you are right, we will talk about it after I gave birth to the child." Upon mentioning the child, Qing Ya caressed her flat stomach and asked curiously, "Ye Hua, will our child become like a superhero when he comes into this world?"

"Qing Ya, don't compare our child with those inferior races." Ye Hua said displeasedly.

Qing Ya mumbled. "I was just asking only, what is there to get angry about."

Chapter 92.2: I have a lot of essence in my body 2/2

While eating a small mouth of star clean sparrow meat, Qing Ya seemed to have thought of something, and her mood immediately became downcast. When Qing Ya's mood changed, Ye Hua was able to sense it.

"Ye Hua."

"En?"

"How long are you all able to live for?" Qing Ya asked gravely.

Ye Hua finally knew what Qing Ya was thinking about, this woman is actually worried about this, I might as well tease her for a bit.

"For a very, very long time." Ye Hua said leisurely.

"Then, in the future when I turned old, are you still going to remain this young?" Qing Ya's eyes were red right now. Just thinking that when I turned old, and Ye Hua still looks the same as he is right now, I really have the heart to want to die.

This foolish woman, to still worry about complexion problem when she is eating the star clean sparrow meat.

Ye Hua said faintly, "If nothing unexpected happens, that would be the case."

"I..." This time, Qing Ya was really heart-broken, and her tears helplessly fell from eyes. It would be great if Ye Hua was an ordinary person.

Ye Hua didn't expect that Qing Ya would have such a big reaction and was startled for a short while by Qing Ya's reaction. After a short while, Ye Hua said unhurriedly, "Of course, I have a method to solve that problem."

"Ah, what method is it, quickly teach me." Hearing that there was a method, Qing Ya was just like a drowning person grabbing onto her last hope.

"For people like us, our entire body is filled essence, thus..."

Qing Ya first went into a daze, then jumped onto Ye Hua's body and hit onto Ye Hua's chest with her little fist, "Ye Hua! I didn't expect that you were this shameless and perverted!"

Ye Hua lightly held onto Qing Ya's chin and laughed lightly, "Such a beautiful face, how would I be able to bear letting you turn old."

“You are teasing around with me again, Ye Hua, I hate you~”

“Truly a foolish woman.” Ye Hua involuntarily laughed out heartily as he casually held onto Qing Ya’s soft body. Hugging onto her feels very comfortable.

A few ripples appeared on the clear lake, and a light wind lightly blew onto Qing Ya’s gentle and beautiful hair. While stroking Qing Ya’s hair, Ye Hua said, “I say, everything would be great if you don’t talk back to me.”

While her eyes were closed, Qing Ya said, “I say, everything would be great if you don’t act cool all day.”
Slap!

Ye Hua couldn’t help but slap onto Qing Ya’s butt, “The person who is acting cool all day is you.”

Qing Ya opened her beautiful eyes and shouted out lovably, “You only know how to hit my butt!”

“The elasticity of this butt of yours is ample, it feels pretty good to touch with my hand.”

“Ye Hua! Right now, besides from acting cool, you also learn how to act like a hoodlum!”

Ye Hua tightened his embrace onto Qing Ya, “What is wrong with acting like a hoodlum towards my own wife.”

Qing Ya felt that things cannot continue on like this as she said towards Ye Hua, “I want to learn martial arts!”

“Oh? Why did you suddenly want to learn martial arts?”

“Because I want to defeat you! Then bully you afterward!” Qing Ya freed herself from Ye Hua’s embrace and sat on top of Ye Hua’s body. Their position was simply a bit too intense.

Ye Hua laughed lightly, “Your thinking is rather nice, but you won’t be able to succeed, in this lifetime, you are destined to be bullied by me.”

“Humph, who would really know if you don’t teach me martial arts. Or perhaps, you know that my innate talent for martial arts is extremely good, and you are afraid of me surpassing you.” Qing Ya expressed that she was unconvinced.

“Failure is not scary, what is scary is that you actually believed in what you just said.”

Qing Ya feigned anger coquettishly, “How would you know that I would definitely fail!”

“From the moment that you said you are going to surpass me, it was destined that you were going to fail.”

“Humph~ You are just stingy. Stingy Ye Hua, stingy Ye Hua.”

Ye Hua sighed as he held onto Qing Ya’s small hand and pointed to the infinity ring, “With this ring, you are already invincible.”

“En?” Qing Ya was lost. This ring that Ye Hua gave me, aside from it looking good, it doesn’t seem to have any other function.

“You will understand in the future. As my woman, there is no need for you to have to endure the hardships of cultivating. Just like playing games, we are the pay to win players, we will forever be in the lead of those free to play players, and going from level 1 to level 100 is a mere simple thing for us.”

Qing Ya touched onto Ye Hua’s forehead, “Your syndrome is acting up again.”

Ye Hua raised his hand and was intending on slapping onto Qing Ya’s butt, and upon seeing Ye Hua raised his hand, Qing Ya was startled as she jumped off from Ye Hua and immediately ran away.

“See if I will slap your butt till it blossoms or not today!”

“Humph~ You will have to catch me first~” Qing Ya’s child-like mood still did not die down yet as she made a face at Ye Hua. If Qing Yutong was to see this, she would definitely rub her eyes and think to herself, “Did my big sister get infected by me?”

“Slow down, don’t run so fast! Be careful not to slip!” Ye Hua urged gravely. This woman, running around like that when she is pregnant!

The Qing Ya today was much opened and relaxed today. Deep in Qing Ya’s heart, she also wanted to be just like a simple woman. Sometimes, Qing Ya would also envy how her sister was able to be so carefree and unconstrained.

Chapter 93.1: I beg you all to let me off 1/2

All of a sudden, a person could be heard crying for help from the woods, and in a short while, a man who was filled with blood from head to foot rushed out from the woods. The flustered expression on his face seemed as if there were fierce beasts chasing after him.

“Save me... Save me...”

The man ran towards Qing Ya who was currently absent-minded. But to the man’s surprise, his feet suddenly slipped, and his left foot was tripped by his right foot. After sliding on the floor for no less than 3 meters far, the man came to a stop in front of Qing Ya’s feet, and the man’s chin almost tore from rubbing on the ground.

Ye Hua snorted, my woman is not someone that a person like you is able to touch.

“Ye Hua, quickly come over and save the guy!!!” Qing Ya finally regained back her consciousness and shouted out loudly.

Ye Hua walked over unhurriedly and sized up the man. Upon sizing up the man, Ye Hua discovered that the man was indeed injured, but the man’s injuries were not as grave as what the man was currently displaying out, and even more, the man was pretending to have lost his consciousness.

Jian Yuan felt that he was very unlucky today. Hearing that the mountain range here is unordinary, I specially came here to have a look around the mountain range. In the end, I ran into Cloud Sect’s disciples while looking around the mountain range. Luckily, I ran away fast enough. But because I ran into Cloud Sect’s disciples, I discovered a secret that is not known to anyone. If I was to leak this secret out, it will definitely give the entire cultivation world a jolt, Cloud Sect was actually secretly digging a dragon vein.

However, I was injured by the Cloud Sect's disciples, and if this goes on, I will definitely be captured by them. Luckily, while running away from the Cloud Sect's disciples, I saw a couple camping at the lakeside, and after observing them for a while, I discovered that they are good people. After all, to show affection to each other like that, and that beautiful woman is even running around like a child and shouting out 'come and catch me', which shows that the woman is truly adorable and kindhearted. And that man is extremely doting towards that woman too, thus, I reckon that the man is also a kindhearted person. If the two saw a person like me who is in a difficult situation, they would definitely try to help me.

Take a look right now, this beautiful woman is anxiously shouting out to the guy to come and save me. I am really happy right now, quickly carry me to your car and drive me away from this place.

"What's the matter?" Ye Hua walked over and asked lightly.

"I don't know, he suddenly ran out from the woods and fell right in front of me. Quickly save him." Qing Ya pulled onto Ye Hua's hand and shouted out anxiously.

Ye Hua's expression was very serious as he said, "Qing Ya, be at ease, he is fine."

Jian Yuan who was lying down on the floor scolded out in his heart, "What kind of eyes do you actually have! I'm covered with blood from head to bottom and you actually said that I am fine! Only a fool would believe that!"

"If he is fine, I can be at ease then." Qing Ya pat onto her chest and let out a breath of relief.

Jian Yuan froze, how can you even believe in those kinds of words! Don't believe in a man's mouth, believe in your own eyes!

Qing Ya of course believed in Ye Hua, after all, Ye Hua was a cultivator.

"Why isn't he waking up then?" Qing Ya walked to Jian Yuan's side and asked curiously.

"It could be that he fainted when he fell onto the floor just now, go and get a bit of water and splash on him and he should wake up."

"That's right, why didn't I think of that." Qing Ya pat onto her forehead, I am really becoming more and more stupid.

Jian Yuan felt that he should wake up right now. There are injuries on my body right now, and my injuries cannot come into contact with water.

Right when Jian Yuan was pondering whether to wake up or not, a cooling splash of water landed onto his face and his entire body couldn't help but tremble for a bit.

"Ye Hua, he moved! He moved! But, why is he still not waking up yet?"

"Not enough water."

"Oh."

Jian Yuan was greatly startled, this cannot continue on, I have to wake up now!

“Cough, cough, cough...” Jian Yuan started coughing out heavily. It could be that, he wanted to make his coughing seemed a bit more real, and thus he used a bit more strength when coughing. But, who knew, because of that bit more strength he used, he even started to cough out blood. And from there on, the situation got out of hand and he couldn’t stop his own coughing.

Qing Ya was frightened by the bloody scene in front of her, “Ye Hua, is he going to die...”

“It’s fine, he is just coughing out stagnant blood, he will be fine in a while.”

Jian Yuan’s mind was collapsing, who the f**k coughs out stagnant blood like this, why do these two people not have even the slightest bit of common sense!

[You Cannot Afford To Offend My Woman](#)

Chapter 93.2: I beg you all to let me off 2/2

A minute later.

“Ye Hua, why isn’t he stopping yet.”

“It seems like there is a lot of stagnant blood. Qing Ya, go and lay his body flat.” Ye Hua said faintly.

Without waiting for Qing Ya to move, Jian Yuan lay his own body flat on the floor. Could it be that the woman is going to give me CPR. For such a beautiful woman to give me CPR, I am so happy.

“What do I do next?” Qing Ya asked curiously.

Ye Hua pointed to Jian Yuan’s chest, “The stagnant blood is all accumulated at the person’s chest. If it doesn’t get treated in time, he will die from suffocation.”

“Ah, so serious!!!” Qing Ya was greatly startled.

“En. Qing Ya, use your foot and step onto his chest for a bit. Use a bit of strength when stepping onto his chest. Like that, he will be able to cough out all of the stagnant blood.” Ye Hua said very seriously, and Qing Ya had never seen Ye Hua being this serious before.

Qing Ya wrinkled her brows, “Will this really work?”

“Qing Ya, look at how much pain he is in right now, go on and quickly do it.”

Jian Yuan couldn’t afford to care that much anymore, these two are practically not human, I am already coughing blood, and yet the man wants the woman to step onto my chest! Can you have a bit of common medical knowledge! And what is even more absurd is that, this beautiful woman actually believed that stepping on my chest would work!

“Cough! No! Cough, cough, cough! !!” Jian Yuan wanted to leave now and didn’t want to get stepped by Qing Ya.

Qing Ya took in a deep breath, “Mister, don’t be anxious, my husband will cure you.”

Cure your head! Your husband is not curing me, he is practically wanting my life! And you are acting as his accomplice right now!

“Mister, endure for a bit.” Qing Ya closed her eyes and raised her right foot.

“Cough, cough, cough, cough, cough, cough!!!” Jian Yuan was about to go mad. Even if you want to step onto my chest, you have to at least open your eyes too right! Why are you closing your eyes when you are trying to step onto my chest!

As expected, Qing Ya followed according to Ye Hua’s instruction and heavily stepped downwards with her right foot.

And as expected, the coughing came to a stop, and Qing Ya let out a breath of relief. Ye Hua’s method sure is effective.

Ye Hua couldn’t help but tremble. The position where Qing Ya’s right foot landed on is too savage. Don’t talk about cough, no matter how heavy your injuries are, you would also faint.

Opening her beautiful eyes, Qing Ya looked at the position where her right foot landed on. Upon seeing the position where her right foot landed on, Qing Ya gasped and immediately looked towards Ye Hua.

“Ye Hua... I didn’t mean it... I only wanted to save him...”

Ye Hua shook his head, “Quickly go and get some water and splash onto him.”

The embarrassed Qing Ya immediately went to get water to splash onto the person. When the person wakes up, I have to apologize to him, I really didn’t mean to do that.

Jian Yuan really fainted this time. Originally, Jian Yuan was still fine. and he only wanted to get Qing Ya and Ye Hua to help him and drive him away from this place. And yet, right now, he was currently really not far away from death.

Through Qing Ya’s untiring hard work, Jian Yuan suddenly woke up and took a big breath. And by coincidence, right when Jian Yuan was taking a big breath, Qing Ya splashed water towards him.

I’m finished, I am choking from the water...

“Cough, cough, cough!!! Cough, cough, cough!!!”

“I’m sorry, I’m sorry, I didn’t do it on purpose.” Qing Ya was anxious to the point that she was about to cry. Why is this guy coughing out blood again.

Jian Yuan opened his eyes wide, seemingly saying, “Don’t torture me anymore, please let me off and treat it as we have never met with each other before.”

Just that, when Qing Ya saw Jian Yuan’s expression, it completely changed into Qing Ya thinking that Jian Yuan was signaling to her for help.

“Be at ease, I guarantee that I will step onto the correct place this time.”

Ye Hua slowly turned his body around, this woman is too savage.

“Cough, cough, cough...” Jian Yuan was in despair. He tried his best to climb up and walk away, but he was immediately restrained by Qing Ya.

“You cannot leave now, you will die if you leave.”

F**k, if I don’t leave now, I am really going to die later on, you murderer...

Qing Ya immediately raised her right foot, and this time, she didn't close her eyes. After aiming at the correct position, she stepped downwards with her right foot.

Pfft!

Blood was spurt out from Jian Yuan's mouth like a spring, and his entire body went limp afterward. After his body went limp, his expression was not in that much pain anymore.

"Qing Ya, you saved his life." With his hands behind his back, Ye Hua said to Qing Ya.

Qing Ya let out a breath of relief, "What should we do next then?"

Jian Yuan who was already at his dying breath immediately gasped, there is still next?! I will really die if you continue on! This savage couple!

Chapter 94.1: Ye Hua's misgiving 1/2

At this moment, two green gown men ran out from the wood, and with a look, the two immediately saw Jian Yuan who was lying down on the ground.

And Jian Yuan seemed as if he saw his last hope appearing, not sure where he got his strength from, he crawled forward with all his strength, "Save me... Quickly bring me away from here..."

The two Cloud Sect disciples were dazed, wasn't this fellow running away from us with all his might just a while ago? How come, just after not seeing him for a few minutes, he suddenly became this spiritless, seemingly as if he rubbed out 10+ times.

Qing Ya apologized, "When I was trying to save him just a while ago, I accidentally stepped onto a wrong part of his body."

Eh... This is the first time that I have heard that someone tries to save a person by stepping onto the person. The Cloud Sect disciples were a bit dazed.

However, no matter what, we found the person who was running away from us. One of the men cupped his hands and said, "The two of you have my thanks, we will take our leave now."

Qing Ya learned from the man and cupped her hands too, "Erm... Take care."

Jian Yuan was crying out tears of regret right now. I won't believe in Douyin anymore, who said that if a person looks good, their heart would be good too. If god gave me another chance, I definitely won't ask this couple for help, I won't ask even if I were to die.

"Ye Hua, I really didn't do it on purpose." Qing Ya expressed her regret.

Ye Hua took out a napkin and wiped onto the sweat that was on Qing Ya's forehead, "Alright, wasn't the guy saved by you in the end?"

"But, I..."

“Don’t think too much about it, that accident belongs to a medical accident, and it wasn’t done on purpose by you.” Hearing Ye Hua’s explanation, Qing Ya felt reassured and relieved. That’s right, that was just a medical accident, and I didn’t mean to do it on purpose.

In actuality, this kind of medical treatment was actually indeed effective and was not malicious. Just that, Ye Hua wanted to punish the man for a bit. To actually dare to deceive me, the man can be counted lucky that I didn’t kill him.

The Cloud Sect disciples were currently carrying Jian Yuan and returning back to their sect, and while returning, one of the disciples shouted out in surprise, “Senior brother, he is bleeding...”

“Isn’t bleeding a very normal thing?”

“But the place that he is bleeding at is not normal...”

Jian Yuan was at the state where he could not feel anything, and after lowering his head to take a look, he immediately fainted... That woman is so frightening!

At the lakeside, Qing Ya seemed to have walked out from her trauma, and was currently eating the star clean sparrow meat that others would yearn for all day and night, “Ye Hua, is this really dragon meat?”

“Just eat it will do, it’s good for your skin.” Ye Hua lighted up a stick of cigarette and gaze at the sky that was gradually getting dark.

“Ye Hua, why do you treat me so well sometimes?” Qing Ya asked curiously.

Ye Hua turned his head around and took a look at Qing Ya, seemingly saying, “You this idiot, how were you even able to think of such a question like this. If I don’t treat you well, who should I treat well? Furthermore, no matter what is said, you are the child’s mom too.”

Suddenly, Qing Ya felt that asides from her beauty and money, she did not have any other things... Sigh... I feel so melancholy.

Looking at that high and mighty look on Ye Hua, Qing Ya felt annoyed and decided to ignore Ye Hua, and just lie down on the chair and rest.

Right now, Ye Hua was thinking of another matter. Tomorrow is the last day of the three days deadline. If that Xiao Yi doesn’t pay up, according to the past rules, he can be prepared to pay with his life. If he actually dares to even owe me money and not pay up, his guts can be counted to be pretty big.

Incorrect! The days now are no longer the same as in the past, exterminating an entire family is too malicious, it has to change! I will hand this matter over to either Wei Chang or Lie Gu to deal with it, I still have to educate this Qing Ya. Look at this sleeping posture of hers, my god, she is dripping saliva again.

“Ye Hua! I want to smack your butt!” Qing Ya who was dreaming suddenly shouted out.

Ye Hua shook his head and carried up Qing Ya from the chair, then disappeared from the spot in an instant. Along with Ye Hua and Qing Ya, the chairs and other items all disappeared too. When Ye Hua and Qing Ya appeared again, they arrived at the bedroom. After lightly placing Qing Ya onto the bed and covering her with the quilt, Ye Hua walked out of the bedroom.

Chapter 94.2: Ye Hua's misgiving 2/2

When Ye Hua arrived at the office, he shouted out gravely, "Wei Chang, Lie Gu, come over!"

Immediately, both Wei Chang and Lie Gu dropped whatever that they were doing and appeared in front of Ye Hua. When they appeared, they shouted out respectfully, "Your Honor."

Looking at Lie Gu, Ye Hua asked, "Are you used to the corporeal body?"

Lie Gu said with great happiness, "Thanks to Your Honor building a corporeal body for subordinate, subordinate was finally able to experience the pleasure of being a human."

"Actually, I like it more when you were a dog." Ye Hua lighted up a cigarette and said.

Lie Gu expressed that he was feeling very awkward, while a trace of arc appeared on the corner of Wei Chang's mouth.

"Wei Chang."

"Subordinate is here!"

"What is the meaning between you and that employee?" Ye Hua asked.

Wei Chang didn't dare to be careless as he said gravely, "Your Honor, subordinate is currently experiencing humans' feelings."

Feelings! This made Ye Hua felt a bit puzzled.

"Did you gain anything from experiencing it?" Ye Hua asked.

Wei Chang arched his body forward and said, "After interacting with Xiao Tang for a few days, subordinate has discovered that humans' feelings are very strange."

Ye Hua's interest was piqued as he asked, "In what way is it strange?"

"When Xiao Tang was not with subordinate, subordinate would feel a tiny bit absent-minded. And when Xiao Tang was with subordinate, that tiny bit of absent-minded would go away." Wei Chang was also very vexed about this matter, and he even thought that he was poisoned.

Ye Hua wrinkled his brows, why does this symptom that Wei Chang just described seem to sort of resemble my symptom right now...

"Lie Gu, tell us about your thoughts of those women of yours." Ye Hua asked.

Lie Gu paused for a moment, and after thinking for quite a while, he finally said, "Eh... They are... They are very impressive..."

Ye Hua, "....."

Wei Chang, "....."

"Wei Chang, if I were to order you to kill that employee now, what would you do?" Ye Hua's aura suddenly changed as he emitted out a severe murderous aura.

A trace of hesitation appeared in Wei Chang's gaze, however, the hesitation disappeared very quickly as he kneeled down with his right leg and said, "Subordinate would solemnly obey Your Honor's order!"

Ye Hua waved his hand, "Alright, you don't have to be so solemn about it. Wei Chang, it's fine for you to get a girlfriend to experience humanity, but you have to keep your real identity a secret. If your girlfriend was to find out about your identity, you should know how to deal with it."

"Subordinate understands!" Wei Chang lowered his head and responded.

"Lie Gu, same for you too!"

"Subordinate will do as you bid!"

Ye Hua lighted up another stick of cigarette and asked, "Want a stick?"

Wei Chang, "Subordinate does not smoke."

Lie Gu, "Smoking is not good for your lungs."

Wei Chang looked confusedly towards Lie Gu, do you even have lungs?

"Is there any news from the other five sins?" Ye Hua inhaled a mouth of cigarette, then blew out a mouth of smoke.

Lie Gu changed his frivolous manner and said solemnly, "There is still no news from them for the time being."

"Your Honor, it has been five years already! For the other five sins to have yet to come find us, I'm afraid that there is something going on." Wei Chang's tone was filled with murderous intent. Towards traitors, there is no sentiment to speak about, even if they were my comrades during the past.

Ye Hua let out a breath, "Each of the Seven Sins has their own trait, if they were to team up, the two of you also wouldn't be a match for them. On the other hand, one on one is still fine for the two of you."

Wei Chang and Lie Gu remained silent. The strength of the other five sins is indeed formidable. Not only is their strength formidable, their personality is also twisted.

Ye Hua and these two subordinates of his, their personality was also twisted too, just that, they had been learning humanity for the past five years, which helped improve their personality for a bit. However, who knows just what the other five sins have been up to during these past five years. Perhaps, their personality was still the same as it was back then.

Ye Hua extinguished the cigarette bud and a trace of red light flashed through his eyes. Those seven subordinates of mine are just like my child, if the other five sins really turned on us, should I kill them or not.

Furthermore, the strength of the other five sins is not something to belittle.

"We will place this question at the side for now and settle it in the future. For now, let's settle that Xiao Family who owes me money!" Sitting on the boss chair, Ye Hua said calmly.

"Your Honor, I can handle this matter." Wei Chang said respectfully.

You Cannot Afford To Offend My Woman

Chapter 95.1: Money has to be collected, and a person also has to be killed! 1/2

Lie Gu let out a breath, Wei Chang likes to deal with this kind of small matters the most, it would be better for me to just lie on the bed and relax.

“Lie Gu, how do you think this matter should be handled?” Ye Hua questioned.

The latter froze for a moment and swallowed his saliva. His Honor is giving me a test again, I cannot be sloppy about this.

“Your Honor, for a mere human to dare to owe you money and not pay up, that human definitely has to pay up with his life! We have to exterminate him and his entire family!”

Lie Gu is still the same as always, no matter what matter he comes across, he would choose to kill, “Wei Chang, how do you think that this matter should be handled?”

Wei Chang pursed his dry lips. According to the past, it would definitely be exterminating the person and his entire family. It is fine for us to not want the money, but our face cannot be lost.

However, His Honor definitely won't handle this matter with the methods in the past, that Long Aotian is a good example.

“Your Honor, owing money is one of the most malicious things, I recommend that we kill someone who is the closest to him!”

Ye Hua was sort of interested in Wei Chang's suggestion, this is a bit interesting, “Continue on.”

“Subordinate thinks that, the thing that humans are most afraid of is losing their love one. Back then when we campaigned in all directions, we have seen it too, but during that time, we didn't understand why. However, after learning about humanity for five years, subordinate has learned that, besides from caring about money, the other thing that humans care about is family!”

Lie Gu took a look at Wei Chang, where did this Gluttonous Monster get this fallacious reasoning from.

“Lie Gu, take a look at Wei Chang! When will you be able to be as sensible as Wei Chang!” Ye Hua was gratified, Wei Chang's intelligence is finally coming online now.

“Subordinate is incompetent, subordinate will properly learn about humanity from today onward.” After finish speaking, Lie Gu thought to himself in his heart, “I will properly learn about humanity on the bed.”

Ye Hua continued and asked, “Wei Chang, who do you think Xiao Yi cares about the most?”

His Honor is asking another question. Wei Chang guessed in his heart, “If it was me, besides from His Honor, the person that I care about the most next would be Xiao Tang. That's right! The person that Xiao Yi cares about the most would be his women!”

“Subordinate thinks that the person that Xiao Yi would care about the most would be his women!”

Ye Hua felt that what Wei Chang said made sense. In life, nothing can surpass losing your true love. After having that thought, Ye Hua went into a daze, what was I even thinking about, what true love...

“Wei Chang, I will hand over this matter to you then. The money has to be collected, and one person has to die!”

“Subordinate will solemnly carry out Your Honor’s order!”

“The time will be tomorrow 12 am. If he pays up before that time, then forget about it...” Ye Hua added.

Wei Chang and Lie Gu both went into a daze, then both of them kneeled down onto the floor and shouted out, “Congratulations Your Honor!”

“What is there to congratulate about?” The thing that these two fellows learned the most from humans is how to bootlick.

Lie Gu lamented, “Your Honor, you obviously could use your martial strength to settle everything, and yet, you are using your brain to deal with this Xiao Yi instead. As Your Honor’s subordinate, subordinate is truly far inferior compared to Your Honor.”

“What Lie Gu just said is right, if it was placed in the past, Your Honor would have long exterminated him, and yet, for Your Honor to actually decide to spare this Xiao Yi’s life if he was to pay up, from this, it could be seen that Your Honor’s control towards humanity has already reached great heights, subordinate is truly blushing with shame when compared to Your Honor.” Wei Chang was so stirred up to the point that his saliva was spitting out as he talks, and that expression on his face also didn’t seem like he was deliberately bootlicking Ye Hua.

Lie Gu who was at the side was completely stupefied, this Gluttonous Monster’s acting skill sure is good.

“You two...” Ye Hua laughed helplessly. Compared to the past, there is a warm atmosphere between us all now.

Knock, knock, knock...

“Ye Hua, are you inside?” Qing Ya’s voice rang out from outside the office.

“You two can go and carry on with your own matters.”

Both Wei Chang and Lie Gu bowed, took a step backward, and disappeared from the office. Just nice, right when the two disappeared, Qing Ya pushed open the door and entered into the office, “When did we come back?”

“Not long ago.” Ye Hua opened the window to get the smoke to scatter out of the office.

Although it was just a small action, Qing Ya still felt warm in her heart when she saw that.

“Ye Hua, let’s go and have a meal, and while we are at it, let’s go watch a movie, then take a stroll after the movie.”

“Okay.” Ye Hua let out a breath. Are the humans’ feelings that Wei Chang talked about really that profound? Could it be that, I have already started to care about this woman? This is truly unfathomable.

Feelings, the most mysterious thing within humans’ thoughts. Even a formidable expert like Ye Hua was also about to fall into the whirlpool that was called ‘feelings’.

However, the feelings between the two were still currently constantly rising, and even the two of them were not aware of it. Qing Ya's daringness was rather admired by Ye Hua, whereas Qing Ya was fond of the concern that Ye Hua shows for her. Although Ye Hua's temper was rather terrible sometimes, but overall, Qing Ya felt that it was still fine.

Chapter 95.2: Money has to be collected, and a person also has to be killed! 2/2

The sunlight in the early morning would always feel warm. Without the sister-in-law in the house, there seemed to be a bit less merriness in the house, but at the same time, the house was also much more peaceful now.

"Time to wake up, moaning monster."

"Hmmm, hmmm, hmmm~"

To speak the truth, Ye Hua much preferred when Qing Ya acts coquettishly. While gently caressing onto Qing Ya's gentle long hair, Ye Hua felt that this kind of life was not too bad. This is a bit much better compared to the loneliness in the past.

Seeing that Qing Ya was not waking up, Ye Hua had no choice but to carry out coercive measures as he straightforwardly carried Qing Ya all the way to the washroom. Qing Ya of course didn't like it and the sound of quarreling immediately rang out. Just a normal daily routine only.

With her mouth pouted, Qing Ya who lost the quarrel left the house to go and buy breakfast, and on the other hand, Ye Hua came to the sister-in-law's bedroom and opened the computer, preparing to play computer game. I have to train my skills, no matter what is said, I have to bring my wife and sister-in-law to eat a round of chicken, and not just listen to them complain about not being able to eat chicken.

After Qing Ya came back, upon seeing that Ye Hua was secretly playing computer game, she naturally joined in with him, and in the end, the two ended up duo-queueing, and for lunch and dinner, they ordered food delivery. Ye Hua had led his wife astray...

"Ye Hua, let's play one more round~ I want to eat chicken~" Qing Ya pulled onto Ye Hua's sleeve and pleaded pitifully.

Ye Hua pointed to the clock, "Look at just what time it is now, it's already 11.30 pm, are you not intending to sleep!"

"Please, please, just one more round."

"You have been saying that since 10 pm, do you know that you are someone who is going to become a mother soon!"

"Really, this will definitely be the last round, after finishing this round, we will go to sleep~" Qing Ya opened her big watery eyes up wide and even imitated the way her sister would act when acting coquettishly, totally reconstructing Ye Hua's understanding towards her.

This was also only under the situation where Qing Yutong was not in the house. If Qing Yutong was in the house, Qing Ya would definitely act with the bearing of a big sister. Ultimately, no matter what was said, Qing Ya was currently slowly accepting Ye Hua.

Ye Hua let out a breath, "This is the last round!"

"Thank you my husband, muacks, muacks."

"Your saliva is all on my face."

"Tsk, ts, ts, for such a beautiful woman like me to be willing to kiss you, and yet you even still complain."

"You can play yourself then."

"Don't, don't, don't, husband, I understand my mistake..."

A man who was able to bring his wife to eat chicken was a man who was capable.

And meanwhile, Ye Hua had forgotten about the proper matter. But luckily, Wei Chang still remembered!

At the first floor, Wei Chang took a look at the clock. It's about to be 12 am soon, what that has to be collected, has to be collected. Walking into the toilet and closing the toilet door, Wei Chang summoned, "Death Mage!"

At the first floor of a villa in Long'an City, Death Mage was currently drinking beer and watching Germany versus South Korea. Isn't it obvious that Germany is going to win? Death Mage decided to bet for the last time and placed a bet on Germany winning.

Just that, right when the match just began, Death Mage received his master's summoning.

This was one of the hardest decisions to choose in life, and Death Mage chose his master. Just that, where is my sickle at...

Finally, he found his sickle lying at the corner of the kitchen. This sickle of mine is a bit dusty, I have to clean it for a bit, I cannot let master discover that I have been lazing off. According to master's order, I am currently keeping watch on that Long Aotian.

After Wei Chang waited for half a minute, Death Mage finally appeared in the toilet, and on the Death Mage's body, there was actually the smell of alcohol...

Chapter 96.1: Collect money 1/2

"Master..." Death Mage knelt down on the floor and shouted out respectfully. I hope master quickly tells me what he summoned me for, I still have to go back home to watch the soccer watch, especially when I betted with my family property this time.

Wei Chang wrinkled his brows, but did not probe on the matter regarding the alcohol smell coming from Death Mage, "There is a family called Xiao Family in Zijin City. The family head, Xiao Yi, owes His Honor 50 billion. So this time, your task is to go and collect the money that Xiao Yi owes! And asides from that task, you also have another task, which is to kill a woman who is the most important him. As for how you go about completing the tasks, you can do as you see fit."

"A mere random small fish also dares to owe money to His Honor and even cause His Honor to be vexed about this matter, how could killing just one person be able to appease His Honor's anger, may I be so bold as to request to kill this Xiao Yi's entire family!"

The corner of Wei Chang's mouth twitched. Aren't these the lines that are specially used by me back then? Seems like I am indeed no longer as blood-thirsty as I was back then.

"Is His Honor's order even something that you can change as you wish!" Wei Chang shouted out lightly. This subordinate of mine sure is unruly.

"Subordinate ought to die..."

"When midnight reached, you can start to carry out your tasks."

Death Mage did not dare to ask too much. Why do I have to wait till midnight before I can start to carry out my tasks, this is truly strange.

"The strength of the opposite side is not bad." Right before opening the door, Wei Chang reminded.

"Master, you can be at ease, subordinate will definitely retrieve His Honor's 50 billion, and also collect the life of one person!"

"You can leave."

"Yes!"

Wei Chang walked out of the toilet, and just nice, he saw Tang Wei walking over to him.

"Uncle Wei~" Tang Wei shouted out sweetly and her face started to blush.

"Xiao Tang, after we closed the bar, Uncle Wei will treat you to supper." Wei Chang smiled lightly.

"En~"

Ye Hua thought that Wei Chang would personally handle this matter, but who knew that Wei Chang actually had a date tonight and thus called over his subordinate and handed the matter over to his subordinate. And in actuality, Death Mage had planned to watch the soccer match between Germany and South Korea tonight. If not for Wei Chang saying that the target was not weak, Death Mage would have definitely called his own subordinate over and handed the matter over to his subordinate.

Chapter 96.2: Collect money 2/2

Zijin City's Xiao Family was located at the north suburb, and Xiao Family's house was an extremely large manor! The manor was not like the typical modern manors and was like the manors where nobles in the past lived in, the buildings were all Chinese style. Small bridges, streams, and a graceful environment, this was pretty much equivalent to enjoying life like an emperor.

At Xiao Family East Courtyard, Xiao Yi was currently lying on a big bed, and by his sides were his two beautiful wives. One of the wives was the Nangong Xinyi from that day, and the other was a woman called Yu Qi. Back then, Yu Qi was a school belle, and was plucked by Xiao Yi. However, that was something that happened 10 years ago.

Although it had been 10 years, all of Xiao Yi's wives still looked the same as they do back then, not having the slightest trace of aging. Of course, them being able to look the same as they do back then was all thanks to Xiao Yi.

"Brother Xiao, you are finally willing to come and accompany me tonight~" Yu Qi stretched out her white tender hand and drew circles on Xiao Yi's sturdy chest with her finger.

Nangong Xinyi laughed tenderly, "Brother Xiao, Sister Yu is already at the point where she cannot hold back her thirst anymore, you will have to feed her till she is full tonight~"

"Big Sister Xinyi, why do you have to tease me every time~"

Nangong Xinyi held onto Yu Qi's chin, "Because I like you~"

"Annoying~"

Xiao Yi laughed lightly while watching the soccer match on the television. However, his state of mind was currently a bit uneasy. I keep having the feeling that something big is going to happen tonight, it has been a very long time since I had this kind of feeling.

"Brother Xiao, what's the matter? Are you not feeling well? How about I go and call Sister Shu Nan over to take a look at you."

Xiao Yi shook his head, "There's no need for that. Moreover, Shu Nan's medical expertise is taught by me too, I'm clear about the condition of my own body."

"Brother Xiao, how about we rest early today, you still have to bring Yun'er to sign up for the child soccer team tomorrow. The little fellow has been excited about tomorrow all day long today, Big Sister Xinyi even had to coax him for quite a while before he was willing to sleep." Yu Qi said tenderly, then caressed onto her own stomach with a smile that was brimming with happiness.

"Oh? Was Yun'er that excited about tomorrow?" Xiao Yi laughed. Although I have many wives, it is very hard for my wives to be able to get pregnant with my child. Up to this day, only one of my wives was able to give birth to a son for me, and the name of that son of mine is Xiao Yun! Of course, the Yu Qi who is by my side right now is currently pregnant with my child, and she has been pregnant for 3 months already. Also, the child within her stomach is a daughter.

As a matter of fact, she had been enduring for a total of 3 months, and today, she is resolute on getting me to hand over some tax to her tonight.

Nangong Xinyi laughed, "Yep. Recently, the little fellow is even saying that he wants to enter into the national team, and even wants to enter into the World Cup and help win glory for the country.

"Not bad, knowing to obtain glory at such a small age!" Xiao Yi was very gratified, and was currently greatly looking forward to his daughter arriving into this world.

After pausing for a moment, Xiao Yi said, "Xinyi, I will begin to go into closed-door cultivation during the day after tomorrow. Recently, I keep getting a kind of feeling that something big is going to happen."

"En, you can go into closed-door cultivation at ease, the company will be fine with me looking after it." Nangong Xinyi said.

“Big Sister Xinyi, I also want to go to the company and help you out.” Yu Qi said pitifully.

“You can just stay at home and wait to go into labor with ease. If not, someone is going to say that I am mistreating a pregnant woman again.” Nangong Xinyi poked onto his husband’s arm.

“Husband~ Let’s go to sleep, it’s already 11.50 pm.” Yu Qi nibbled onto her lips, expressing that she was unable to bear waiting anymore.

Xiao Yi laughed, “Let’s watch for another 10 minutes. If Germany doesn’t score, we will go to sleep, and I will properly feed you full.”

“Annoying~”

Nangong Xinyi laughed helplessly, “You two are the main lead today, I am just here to cheer on you two.”

“Nanyi, don’t think about running away, come and bear another child for me.” Xiao Yi said forthrightly.

“Don’t, the other sisters are all going to be jealous of me to death.”

“Haha...”

Xiao Yi’s haughty laughter immediately rang out in the room. This was pretty much the peak of life, hugging left and right, and yet everyone was still joyous and harmonious, tsk, tsk, tsk...

At this moment, outside of Xiao Family’s perimeter wall, Death Mage was leaning onto the wall. While hugging onto his ‘Sickle of Death’ with one arm, the five skeleton fingers of his other arm was holding onto a phone, and the phone was held horizontally too... From the phone, the passionate voice of the commentators could be heard coming out from it.

At a hundred meters away from Death Mage, there were a few scouts observing Death Mage with their night vision device.

“Look at the wall over there, there is a fool there.”

“Quickly let me take a look. F**k! You weren’t lying. To not go to sleep when it’s so late at night and actually come all the way to Xiao Manor to cosplay. Furthermore, he is even cosplaying as a grim reaper... Formidable.”

“He seems to be watching the World Cup. It’s Germany versus South Korea tonight, did you bet on either of them?”

“Of course, Germany is the defending champion, I even used the money that I was planning to buy a house with and betted it all on Germany winning.”

“Me too. If I win, I will visit the clubhouse’s tender models every day, and if I lose, I will go to sea and work.”

“Haha, the one who knows me well is you, my brother.”

“However, we have waited for a few days already, and we didn’t even spot anything at all.”

“That’s right, there are only those damned mosquitos!”

Death Mage naturally knew that there were some humans around him. However, he didn't have the interest to go and bother himself with them. Right now, the thing that he was concerned about was the soccer match.

Germany, come on and quickly score! I still have 8 minutes until I have to start working. If you all cause me to lose the bet, I will castrate all of you... F**k sake, this Xiao Family is really sick of living, to actually dare to owe money to His Honor and not pay up, which in turn caused me to not be able to watch the soccer match at midnight. It is a pity that His Honor only demanded to kill one person, this family is truly so f**king lucky.

Looking at the time on the phone, 11.59 pm!

And Germany still hasn't scored a goal yet, f**k!

00.00!

Death Mage let out a breath. After I finished settling this Xiao Family, I will cheat one more time. I swear! This will be the last time and I won't cheat ever again!

Keeping his phone away and holding onto his sickle, Death Mage walked step by step towards the main gate. As for sneakily entering through the back gate? That was out of the question, that would never ever happen...

"Who!"

Xiao Family naturally had their own security measures. A person who wore a black gown and was holding onto a sickle that was taller than an ordinary person, and the blade of that sickle was even flickering a silvery light under the moonlight. The attire of this person had explained everything to the security guards.

Xiao Family's enemy has shown up.

You Cannot Afford To Offend My Woman

Chapter 97.1: You totally do not know just what kind of person you have provoked 1/2

Just that, Xiao Family's security guards truly did not expect that a person would dare to single-handedly come to Xiao Family and find trouble with Xiao Family. This person's aura is not bad. Not sure where he borrowed that prop from too.

"Jiejie..." Death Mage of course did not know how to speak, and only Wei Chang was able to understand what Death Mage says.

Imperial translation: "I'm here to collect debt!"

"Where did this mental person come from? Quickly scram! If not, I am going to beat you!" One of the security guards took out his stun baton with one hand and lightly hit onto the palm of his other hand.

"Jiejie..."

Imperial translation: "If not for His Honor demanding to kill only just one person, all of you would have long turned into dust."

“Oh, give you face and you don’t want it, and you still keep on jiejiejie, see if I don’t beat you to death!”

Two black lights were shot out from Death Mage’s hand, and the security guard who was arrogant just a while ago, along with the other security guard immediately couldn’t move their bodies anymore. The two security guards couldn’t shout or move, and fear could be seen revealing out from their eyes.

The jaw of those scouts who were squatting outside of Xiao Manor almost dropped onto the ground. F**k! This person is not here to joke around, he is f**king here to look for trouble with Xiao Family!

“Quickly, quickly, quickly! Quickly go and report this side’s situation!”

Very quickly, this side’s situation landed into the ears of each of the respective big families, and Zijin City’s sky was suddenly covered by a layer of dark cloud, causing Zijin City to be filled with a heavy atmosphere!

Death Mage walked past the two security guards and easily pushed open Xiao Family’s big gate with both of his arms. When the security guards inside Xiao Manor saw the big gate was pushed open by a stranger, and was even dressed like a grim reaper, without out any hesitation, they took out their guns and shot at Death Mage.

Bang, bang, bang!

The sound of gunshots sounded evidently ear-piercing in this quiet night.

Right when Xiao Yi just turned off the light, and Yu Qi’s pants were taken off down to her knees, the sound of gunshots suddenly rang out. How many years has it been! When have so many gunshots ever rang out in Xiao Family!!!

The two wives were startled as Nangong Xinyi immediately turned on the light, “Brother Xiao!”

Xiao Yi wore his nightclothes and wrinkled his brows, “Both of you stay inside and don’t come out, I will go and take a look.”

“You be careful.” The two women reminded Xiao Yi as they thought to themselves, “Just who is it that is breaking through Xiao Family right now! This person is really extremely daring!”

However, the sound of gunshots became less and less, and very quickly, the sound of gunshots came to a stop, and it was peaceful again. The two women took a look at each other, then let out a breath of relief. Seems like Xiao Yi has settled the matter.

“Let’s go out and take a look.” Nangong Xinyi said.

“En.” Yu Qi wore her nightclothes and followed behind Nangong Xinyi. After the two left the house, four other beautiful women could be seen walking over to them. Seems like they were all Xiao Yi’s wives, this Xiao Yi’s luck with women was truly not light.

Chapter 97.2: You totally do not know just what kind of person you have provoked 2/2

The six wives unhurriedly walked to the front courtyard, and when they arrived at the front courtyard, the strange scene caused them to gasp. All of the security guards seemed as if they were frozen in time,

not being able to move at all. However, their eyes were still able to move, and currently, the eyes of all of the security guards were filled with fear.

And within the middle of all the security guards, a black gown person who was holding onto a super large sickle could be seen standing there. Because the person was covered by the black gown, his looks couldn't be clearly seen!

Xiao Yi's face was grave, this person's strength is perhaps equally matched to my strength! Where did a person like this even come from! Why do I totally have no recollection of this person at all? And furthermore, for what reason did he come to Xiao Manor for, just what animosity does this person has towards me!

"May I ask, what is the reason that you pay me a visit this late in the night for!" Xiao Yi shouted out gravely, and his aura began to rise up.

"Jiejie~"

Death Mage let out a strange sound once again, and it caused the six beautiful women to not be able to help but feel shivers in their backs.

"It's inappropriate for you to mess around with me like this right!" Xiao Yi was a man who has a temper, and furthermore, in his past life, he was an immortal emperor, and was revered by tens of thousands! Although his martial strength still had not completely recovered, he still has his own dignity as an immortal emperor!

Death Mage suddenly raised the sickle that was within his hand, and upon seeing that, Xiao Yi thought that Death Mage was going to begin to fight with him and thus condensed out a cyan color long sword. The name of this sword was Broken Emperor Sword, and it was personally forged by Xiao Yi himself. The sword was cyan color, and various kinds of talisman writings were carved onto the blade. When the talisman writings were prompted by martial strength, it would release out a dazzling light. This Broken Emperor Sword was Act Cool King Xiao Yi's most used weapon.

However, when Xiao Yi saw that the enemy wasn't intending to fight with him and was instead just taking out a phone, the expression on his face became uglier. This is making me look bad, especially when I was even startled to the point that I took out my weapon.

Suddenly! The voice of the World Cup's commentators rang out from the phone. I was also watching the World Cup just now! Could it be that, he is also watching Germany versus South Korea? Why would an expert of this level act so weirdly!!!

Death Mage took a look at the phone. F**k, it's still 0 to 0, I should just deal with the matter on hand first!

Stretching out his skeleton hand, Death Mage began to tap multiple times on the phone screen, who knows just what Death Mage was doing.

On the other hand, Xiao Yi saw the skeleton hand! This is not a human!!! However, the six wives that were far away from the Death Mage did not saw it.

When Death Mage lighted out his phone screen towards Xiao Yi, the words that were on the phone screen were very big, and the words were even moving around the screen. There weren't many words, but it was enough to make Xiao Yi feel incomparably astonished, and even the six wives were stupefied too.

On the phone screen, two words could be seen moving around the screen.

Pay money!!!

And behind the two words, there were three exclamation marks, expressing that Death Mage was very angry.

Xiao Yi tightly held onto the Broken Emperor Sword that was within his hand. This individual is here to collect debt, but when did I even owe money to anyone, what a joke!

No, incorrect! On that night four days ago, that man!!!

Could it be that it is that man who ordered this individual to come and collect the money! Counting back to the time when Qing Yutong gave me a call, the three days that she spoke about has precisely just passed! If it is that man, then everything makes sense now!

50 billion! The money that that prodigal earns is all in cash, and as for me, where do I even have 50 billion cash. With a few days, It is indeed possible for me to gather 50 billion cash, but my capital flow would snap, and my company would definitely be met with others' suppress.

This is also the reason why I refused to pay up this 50 billion. It would be fine if it was 5 billion...

Nangong Xinyi also thought the same as Xiao Yi did. However, I did not think that us refusing to pay up would in turn cause the other side to send someone over to collect the money, and the person that they send, even my husband is vigilant of him!

"Sisters, let's go inside, don't cause Brother Xiao to get distracted." Nangong Xinyi said. Towards my husband, I have a lot of confidence in him! It could be said that, my husband has never suffered a defeat before!

The other women had all experienced this kind of situation before. Although they were worried, they did not want to cause their husband to get distracted, and thus all of them headed to the backyard to wait for their husband to return in triumph!

Xiao Yi's gaze was deep, and at the same time, a thirst that had been submerged for a very long time was ignited. It is lonely to be unequaled, it has been a long time since I have felt this excited. It is hard to find an opponent these days, it would always either be that the opponent would have some misgivings, or that they don't dare to fight against me. However, the man in front of me is different! No, incorrect, he is not a human!

No matter what he came here to do today, a fight will definitely have to be fought, and furthermore, I have to win the fight! If not, within the entire north, Xiao Family will become a joke, and that is something that is absolutely not allowed to happen! I reckon that, right now, there are lots of eyes watching what is happening here!

Xiao Yi took in a deep breath, "Let's change a place to fight at!"

Death Mage waved his left hand, indicating to Xiao Yi to do as he pleases.

Upon seeing such an action that was filled with disdain from the opponent, Xiao Yi sneered. You totally do not know just what kind of person is standing in front of you! Would I, the immortal emperor, be afraid of you!

If Death Mage was to know just what Xiao Yi was thinking of right now, he would have definitely mocked, “You totally do not know just how big the trouble you are in right now is, and you also don’t know just how strong the man that you have provoked is! And as for me! I am just the subordinate of His Honor’s subordinate!”

Chapter 98: .1 - All parties are moving 1/2

The two immediately disappeared from Xiao Manor, and when they appeared again, they were at a mountain range that was 10+ km away from Xiao Manor. This place was desolate and was very suitable for the two to fight at!

For such a thing to happen to Xiao Family, just as Xiao Yi expected, the family head of each of the respective big families in Zijin City came to know about the matter moments after it happened. I originally thought that Qing Yutong was joking around with me and I didn’t expect that she was actually being serious about it!

At the other side of Zijin City’s north suburb, there was a very modernized manor there. Various kinds of mechanisms were hidden under the appearance of the modernized manor, and all of the mechanisms were personally designed by Tang Wushuang. That’s right! This manor was Tang Wushuang’s house!

At this moment, Tang Wushuang had also gotten the news from his underling, and he felt very unexpected towards the news. Someone actually really dares to find trouble with Xiao Family! Is that person confident, or is he just ignorant?

“Peng!”

“Gang!”

“Winning tile!”

Tang Wushuang let out a heavy sigh. I married 10+ wives, and only after I married them and brought them home, then did I discovered that all of them are experts in gambling. There was a time where I even had to give my golden desert eagle to one of my wives after losing in a gamble to her.

Standing up, and with his hands placed behind his back, Tang Wushuang let out a long sigh. Why are all the people with the surname Tang so tragic, could it be that I am the reincarnation of Tang Bohu...

“Wushuang~” Quan Anrong walked over with a smile.

Tang Wushuang was gratified, at the least, there is still one wife who is obedient.

“Quan Anrong, you...”

“Wushuang, I’m out of money, transfer a few million to me first.”

Tang Wushuang's entire person came to a froze.

"Wushuang, I am just joking with you~"

Tang Wushuang couldn't help but rubbed onto his wife's nose, "You mischievous thing~"

"I'm scared that a few million wouldn't be enough, transfer me 10 million instead."

"....."

Tang Wushuang was about to spat out blood.

"Alright, alright, I won't joke around anymore, did something happen at Brother Xiao's side?" Quan Anrong pinched onto her husband's face and said with a smile.

Tang Wushuang laughed helplessly "En, I just received the news. If the guess isn't wrong, the reason that the person went to Xiao Manor was to collect debt."

"Wushuang, since Brother Xiao is that formidable, I'm sure that he should be able to solve this problem easily."

"Anrong, are you trying to tell me not to get involved in the matter?" Tang Wushuang wrinkled his brows, not being able to tell if there was any deeper meaning in his wife's words.

Quan Anrong held onto Tang Wushuang's arm, walked out of the mahjong room with him and arrived at the garden outside, "Firstly, Brother Xiao's strength is formidable, even if you were to go and help him, it wouldn't have any effect at all. We won't do things like adding flowers on a brocade. If we want to help, we should provide help only when Brother Xiao is in his hour of need."

"Provide help only in his hour of need?" Tang Wushuang's brows were wrinkled very deeply.

"Brother Xiao's prestige within the social circle is very huge, and even so much that, his prestige is bigger than yours. Wushuang, although you don't say anything, I am able to see that you still mind it!"

Quan Anrong took a look at her husband's expression, then continued and said, "If Brother Xiao came out unscathed tonight, we will take it as I didn't say anything, but if Brother Xiao was to meet with any mishap tonight, then, Wushuang, your chance is here!"

"But..." Tang Wushuang was in a predicament and he didn't know what to choose.

"Wushuang, if Brother Xiao was to really fall tonight, you will really have to plan ahead for the storm that will be coming. Within Zijin City, there will another big shuffle amongst the big families, seclusion families, sects, cultivation world, ability power world, and all the powers that are living under Xiao Family's wings!"

"But... but, I don't want to betray Brother Xiao! After all, he saved my life before!"

Quan Anrong let out a sigh. How would I not know about that, but to help my man rise up to the peak, there are a lot of sacrifices that have to be made!

"Wushuang, I'm not telling you to betray Brother Xiao, all you have to do is act as the good guy!"

Tang Wushuang immediately understood his wife's thoughts. If Brother Xiao was to suffer a defeat tonight, the entire Xiao Family would be a group of dragons without a head. And as the identity of Xiao Yi's brother, I can obtain benefits by helping to support Xiao Family in their time of need. Furthermore, by doing that, my reputation wouldn't be harmed, and others would even praise me for being loyal.

"Wushuang, don't think too much. Brother Xiao's strength is formidable. There are countless people who want to topple him, but none of them were able to succeed. This matter that we are speaking about is very difficult to happen. But if it does happen, it would be your chance. Of course, you can also choose to not take this road, after all, I am just giving you a suggestion." Quan Anrong kissed onto her husband's cheek, then walked back towards the house. However, she suddenly came to a stop as she seemed to have recalled something.

"Wushuang, you still have a master too, and that is something that Xiao Yi doesn't have!"

Tang Wushuang's entire body shook. Master! That's right, I completely forgot about master. But, to be honest, how would I not know that this is a hard to come by chance for me to annex Xiao Family? And if I do annex Xiao Family, at that time, Bai Family and all those other families would be nothing to me at all!

However, the precondition is that, Xiao Yi has to die! And for Xiao Yi to die, the probability of it happening was even lower than winning a lottery!

Chapter 99.1: Kill! 1/2

Wang Dabao's fingers trembled subconsciously, and even his legs trembled too. Why did she suddenly ask me, she is not acting by the plot!

"How can my wife's forethought be understood by us men, my wife's thoughts are as fine as needle, how would I ever dare to anyhow guess my wife's intentions. In any case, anything that my wife said is correct. And even if it is wrong, it is still correct!" Wang Dabao felt that he had never felt so refreshed before, to be able to bootlick so smoothly without any pause at all.

Bai Qi couldn't help but gave Wang Dabao a thumb up, brother-in-law's desire to be able to live is actually able to make his speech so much more incisive, formidable.

Bai Cixin lightly tapped onto her husband's forehead and said faintly, "When did I say that I was really going to give them this 50 billion?"

"Ah?"

"Ah?"

"The usefulness of this 50 billion will be shown tonight, and whether if it would be worth it to give them the 50 billion, we will also be able to see it tonight. If it isn't worth it, we will just take back the money, and there won't be a Qing Family in Zijin City. If it's worth it... then it would be great."

The two men were stupefied!

"Wife is brilliant!"

“Big sister is formidable!”

Two bootlickers.

“The sky is perhaps going to change tomorrow, although Xiao Family and Tang Family seemed to be in an alliance, but neither of them is willing to lower their head to the other, things are really getting more and more interesting.”

Bai Cixin shook her head and lightly rubbed her thumb onto her index finger, “We will just wait for tomorrow morning’s result. Bai Qi, you should go and sleep early. Husband, let’s go back to our room.”

“Alright~” Wang Dabao said happily, there is nothing greater than pressing down onto my wife.

Seeing his big sister and brother-in-law leave, Bai Qi wasn’t able to understand, why did big sister like Wang Dabao? I’m so confused...

However, not only were Tang Family and Bai Family discussing about this matter, lots of big shots had to wake up from their sleep and wait for the result, so that they could prepare for just what to do next.

The debt collecting matter this time was not just a money problem, it was also related to the benefits of lots of people, this matter was not just 50 billion only. The drip of water that Ye Hua casually flung had caused a billow to appear on the calm lake, and the billow was currently forming into a huge wave.

The air temperature at the mountain range was a bit low, but the murderous intent that was emitted out from Xiao Yi’s body caused the air temperature to become even lower. The atmosphere was becoming more and more heavy, and a murderous aura swept all around the mountain range.

Although the Broken Emperor Sword that was within Xiao Yi’s hand was not unsheathed yet, there was a sharp sword might pressing on towards Death Mage. Although Xiao Yi was only wearing a nightgown, he looked just like a monarch, and it seemed like as long as he brandished the Broken Emperor Sword that was within his hand, heads would drop, and an ocean of blood would appear. However...

However, this kind of aura did not have even the slightest effect on Death Mage at all...

However, Death Mage belonged to long-range combat, and Xiao Yi belonged to close-range combat, thus, Death Mage was evidently the one that was at a disadvantage. Adding on to the fact that Xiao Yi was not an ordinary person and was very experienced in combat, Xiao Yi could easily find his opponent’s weak point, then progress to give his opponent a fatal blow.

However, Death Mage was not one to be estimated too. Although he had formed the bad habit of gambling, his strength was not something to belittle. In the past, Wei Chang even said that, the number of experts that died in the hands of Death Mage was uncountable, because those experts would always make a mistake, which was to underestimate their enemy.

However, Death Mage’s opponent this time was an immortal emperor! Although Xiao Yi’s strength still had not recovered back to his peak, it was still enough to give Death Mage a hard time.

Moreover, this time, it was not the opponent who was underestimating their enemy, and it was Death Mage who had began to underestimate his enemy. And the reason why Death Mage was underestimating Xiao Yi was because Death Mage felt that there was no one formidable on this planet at all, and the Xiao Yi that was in front of him was no different too!

You Cannot Afford To Offend My Woman

Chapter 99.2: Kill! 2/2

“No matter if you came to collect debt, or to collect my life! Today, you will die under my sword!”

Xiao Yi was not someone to be trifled with, and he wouldn't wait for his opponent to take the first move. A strong energy light erupted out from Xiao Yi's eyes, and a sword light was thrust towards Death Mage in a blink of an eye. The sword light was soundless, just like a ghost, and the sharp end of the sword light was pressing on towards the middle of Death Mage's brows.

Experts wouldn't use their true strength at the start of a fight, and would instead be trying to probe out their opponent first, just like what Xiao Yi was doing right now! Don't see that it was just a small thrust, if it was Tang Wushuang who had to go against this small thrust, Tang Wushuang would have to deal with it attentively!

Although Death Mage looked down on Xiao Yi, he also didn't dare to recklessly take on this attack. What master said is right, this man's strength is outstanding, no matter if it was his strength or his speed. Even more, I can already see the next sword attack that will be followed by this sword attack!

Xiao Yi's gaze congealed, as expected, this guy is an expert! Giving up on thrusting towards Death Mage, Xiao Yi turned his body around and slashed from up to down!

Broken Emperor Sword immediately emitted out a dazzling light, formed a sword qi, and slashed towards the air. The air immediately started boiling, and big trees after big trees were split into half, and even a long trench was made. This slash was truly formidable!

Death Mage who was behind Xiao Yi's back gradually disappeared and appeared at a spot not far away from Xiao Yi. When Death Mage appeared, his body could be seen to have been slashed into half by the sword qi.

In actuality, during a split second just a while ago, Xiao Yi felt that the Death Mage in front of him was fishy, and thus decisively turned around and slashed with his sword, and as expected, his attack landed onto Death Mage!

Looking at the Death Mage who was split into two, Xiao Yi once again felt the solitude of being unequaled. This person is counted as the strongest that I had met in those few years. He almost swindled over a thrust from me, but luckily, I reacted fast enough, if not I would have made a fool of myself.

In the end, this debt collector is nothing much too. However, tomorrow, it is going to be my turn to go and collect debt! And this debt will be much more than 50 billion!

Qing Family! You all can prepare and wait to receive my fury!

Pew!

Right when Xiao Yi was fantasizing about how he was going to destroy Qing Family, a black lightning struck towards him. Xiao Yi did not have time to dodge it. Pointing his sword towards the black lightning, a talisman writing that was on the sword hilt emitted out a light shield!

The black lightning immediately struck towards the light shield.

There was no whatsoever brilliant light beam. When the black lightning and light shield collided, the two disappeared at the same time, seemingly having canceled out each other.

Xiao Yi's expression was cold and gloomy as he looked towards the black figure that was not far away from him. He is raising his arm and pointing his index finger at me, and his mouth is emitting out that disgusting sound again. From the looks of it, it seems like he is mocking me!!!

However, I was indeed played by him! The thing that I killed a while ago was his phantom image. I totally did not found his real body just now, and furthermore, a layer of talisman writing that is on my Broken Emperor Sword has been used by me!

Suddenly! Xiao Yi's nightgown started fluttering, and Xiao Yi's aura began to rise continuously. The tree leaves that were on the ground even began to float.

While looking at Xiao Yi, Death Mage's interest was piqued. This is the strongest human that I have come across in those five years. Just that, the scent on his body makes me feel sick.

"Heaven Punishment Sword Technique – Destiny Nirvana!" When have Xiao Yi ever been deceived like this by his opponent? Thus, he decided to just use his killer move right away and end the battle quickly!

Broken Emperor Sword seemed like it had sensed it's master's anger and it soared towards the sky. Within this pitch-black night, Broken Emperor Sword was just like a dazzling star, and more often than not, beauty was accompanied by death!

The tip of Broken Emperor Sword condensed out a frightening power, and the color of the sky immediately changed. The sound of an explosion suddenly rang out through the mountain range!

While raising his head and looking at the Broken Emperor Sword, Death Mage suddenly pierced his 'Sickle of Death' into the ground.

Bang!

This loud sound caused Xiao Yi's expression to become graver. This guy's strength is actually this strong too, when he pierced his sickle into the ground, the entire ground actually shook!

Death Mage stretched out five fingers, and a black thread emitted out from each of his fingers. Soon after, the black threads congealed together.

"Jiejiejie..."

Imperial translation: "Cave of Darkness!"

In a flash! The congealed black threads spread out like a spider web, forming into a black hole which's depth could not be seen. This black hole revolved around Death Mage's surroundings, and Xiao Yi was totally unable to make sense of just what kind of technique Death Mage was using.

[You Cannot Afford To Offend My Woman](#)

Chapter 100.1: Shot and absorbed 1/2

However, no matter what kind of technique you are using, and no matter if you are human or ghost, you are still going to die under my sword!

Xiao Yi shouted out lightly and began to rapidly form seals with his fingers.

The Broken Emperor Sword that was within the air emitted out a dazzling light, and that dazzling light brought along a frightening power and struck towards Death Mage who was on the ground. Before the dazzling light even came into contact with the ground, the strong wind that it emitted out destroyed the trees that were on the ground, and immediately leveled the ground. From just this alone, it could be seen just how strong this dazzling light was!

Furthermore, a tremendous sound wave attack was accompanied along with the dazzling light. However, Death Mage doesn't seem to have... eardrum...

"Go to hell you garbage! No matter who it is, don't ever think about acting cool in front of me, Xiao Yi! The people who had all acted cool in front of me had all been sent to hell by me, and you are going to be no exception too!"

Death Mage really could not speak. If it was possible, he would definitely want to trash talk Xiao Yi. Someone like you also dare to act cool? See if I don't beat you to death~

Looking at the frightening dazzling light that was coming towards him, Death Mage controlled the 'Cave of Darkness' and straightforwardly placed it in front of him, then secretly took out his phone to take a look at the soccer match's current result.

"The first half has come to an end, the goal between Germany and South Korea is currently still 0 to 0. I'm not sure just who will be the first to score in the next half, I am truly looking forward to watching the next half!"

The sound that was emitted out from the phone was not big, but Xiao Yi heard it!

He! He! He still has the mood to watch the World Cup now! He is disregarding me, disregarding my aura, disregarding my technique, and even more, he is disregarding me acting cool. Then, there will only be two results today, it will either be you who die, or I who die!"

Death Mage quickly kept away his phone after taking a look at the result, then acted like he was currently seriously taking on Xiao Yi's big technique. After all, I have to show respect to others, I cannot trample on other's dignity, and even more, I cannot secretly watch World Cup when I am currently taking on my opponent's big technique.

"Go to hell!" Xiao Yi shouted out very loudly. It seems like he was really angered by Death Mage's action.

However, right after... right after the dazzling light struck into the black hole... nothing else happened... and everything returned back to normal.

A cold wind blew onto Xiao Yi's nightgown and Death Mage's black gown, causing both Xiao Yi's nightgown and Death Mage's black robe to flutter. Right now, there should be a melancholy erhu music playing in the background, then would it be able to completely describe how dumbfounded Xiao Yi was right now.

"This is not possible! Just who are you!" Xiao Yi shouted out gravely.

"Jiejie~"

Imperial translation: "Your father."

Upon hearing that, Xiao Yi's expression changed between white and red, this person is still making fun of me by jiejiejie-ing. Xiao Yi's gaze congealed and he rapidly formed seals with both of his hands, "Congratulations, you have successfully angered me!"

"Heaven Punishment Sword Technique – Buddha's Fury Nine Lotus!"

The light that was emitted out from the Broken Emperor Sword that was floating within the air became much brighter, and the sword was trembling frantically.

Bang!

The sword split into two swords. And followed on, the two swords split into more swords.

In a split second, nine Broken Emperor Swords floated above Death Mage, and all nine of the swords were locked onto Death Mage. Each of the nine swords were currently individually condensing a power that was even frightening compared to the previous power. And when those power were formed, the air started to distort violently, just like Xiao Yi's handsome face which was currently distorted to the point that it was incomparably malevolent!

This 'Heaven Punishment Sword Technique – Buddha's Fury Nine Lotus' had not been used by Xiao Yi for a very long time. I feel that there is no one in this world who is able to withstand this technique. I used this technique before back when I was an immortal emperor, and the enemy vanished completely. From this, it could be seen just how strong this technique of mine is!

However, Xiao Yi's opponent this time was Death Mage! Wei Chang's formidable underling!

Death Mage stretched out all ten of his fingers, and a black fog was emitted from each of his fingers.

"Jiejiejie~"

Imperial translation: "Nine Caves of Darkness!"

Nine bottomless abysses that looked like round mirrors appeared at Death Mage's surroundings. Upon seeing that, Xiao Yi was completely stupefied. Because this guy summoned a mirror-like thing that absorbed my technique just now, I intended to attack him continuously nine times in a row.

And yet, he actually also summoned nine of that mirror-like things now! Just what is that mirror-like thing, why is it able to absorb my technique! That mirror-like thing is just like some kind of black hole!

However, this time will be different, the power of each of the swords right now is even stronger than the power of my previous technique. No matter how deep those black holes of yours are, my swords will still be able to pierce through them!

Nine light beams shot down from the sky, and the entire sky seemed like it was in the daytime. The spectacle was rather spectacular, and even the few people who were floating within the sky that was 10 km+ away from the battlefield, they couldn't help but gasped. As expected from the head of Xiao Family!

However... however...

The thunder was light, and the rain was small. After the nine light beams shot down, the night was still night, the chirping of the crickets still had to continue, and the people who were going to be stupefied still had to be stupefied.

Xiao Yi rubbed his eyes. The nine light beams shot into those holes, and yet, not a single one of them was able to pierce through either one of the holes, how is this possible! Even if this was the weakened version of Buddha's Fury Nine Lotus, those nine light beams are not weak!
