

## Myth Beyond 1081

### Chapter 1081 He Weimin's Arrangement

Qin Wuji looked at the familiar desert and said with nostalgia. "This place hasn't changed in the slightest. Everything is the same."

"Where should we start first, Elder Qin?" Lei Zhenxiang asked.

Qin Wuji took the glass plate similar to the map Song Jiu showed Yun Lintian out and pointed at the Sand Wave Village. "It doesn't matter where to start. We will eventually arrive at this village here."

"Oh? Can you elaborate more?" Ren Mingzhu looked at the map and asked curiously. She had visited the Eastern Continent countless times, but this was her first time coming to this desert. She didn't understand why Qin Wuji was confident that everyone would arrive at the Sand Wave Village.

Qin Wuji began to explain. "You can treat this desert as a grand formation. The position inside will keep changing from time to time. And for some reason, any newcomers will be sent to the Sand Wave Village once you step into it... This is a mystery that no one has ever understood it."

He suddenly thought of something and added. "Oh, I forgot to tell everyone this. This desert is presided over by a giant force with the leader called himself Boundless Desert Emperor. I have never met him before, but he's definitely powerful. After all, an ordinary man certainly cannot conquer this mysterious desert. If I guess correctly, he should be a Divine Ascending Tribulation Realm expert."

He looked at Lei Zhenxiang and said further. "So, if we want to stay low-profile, we better not provoke him."

Ren Mingzhu snorted softly when she heard this. Her father was also at the peak of the Divine Ascending Tribulation Realm. What was there to be afraid of?

Seeing his daughter's expression, Ren Muiyang shook his head slightly. "One day, you will meet a disaster because of your thinking. Don't forget that this is not our territory. No matter how powerful you are, you will eventually be disadvantaged."

Ren Mingzhu pursed her lips and said nothing.

Meanwhile, Lei Zhenxiang studied the map and asked. "In your opinion, where should we settle in?"

Qin Wuji pointed at the village on the west side of the desert and said. "This Blue Oasis Village is the most suitable place to settle in. There's a large river and forest over there."

"A large river in the desert?" Gong Yanhong was surprised.

Qin Wuji nodded. "I had seen it with my own eyes back then. It somehow appeared from the ground... Among the four villages, the Blue Oasis Village is the best one to stay in. Although the environment is the best, most travelers still choose the two cities over it. After all, all the resources are flowing to the cities."

Lei Zhenxiang thought for a moment and said. "Let's go. We will decide again when we arrive at the Sand Wave village."

Everyone nodded and stepped into the desert altogether.

While Lei Zhenxiang's group entered the desert, Yun Lintian's group had already arrived at the village head office. To call it an office building was not right. This place was more like a luxury villa instead.

The decorations inside were several times higher than the tavern they had stayed in. It was to the point this building shouldn't exist in the desert.

Yun Lintian glanced around the place and gave a meaningful look to Han Bingling and the others. Without a doubt, this place was filled with monarch-level killing formations.

"Qingqing, big brother will have to trouble you to protect Yu'er later when the battle breaks out." Yun Lintian communicated with Qingqing, who was hanging on his neck like a koala, through a sound transmission.

Qingqing pouted slightly and replied. "I want two... No. Three portions of grilled meat."

Yun Lintian rubbed her head dotingly and said. "Alright. Big brother will give you ten later."

"Yay!" Qingqing was happy and kissed Yun Lintian's cheek.

Yun Lintian was helpless. As Qingqing's strength grew further, she became more clingy toward him.

Lauya explained that Qingqing was born from The Storm. The longer Yun Lintian merged with The Storm, the closer she would feel toward him.

Seeing this scene, Lin Xinyao's eyes flashed with a strange light. No one knew what she was thinking right now.

On the side, Fu Hui didn't think about it too much. He thought that Yun Lintian was merely playing with the little girl.

Soon, everyone arrived at a spacious dining hall, and a long table could be seen at the center.

"Please take a seat first. Village Head He will arrive in a while." Fu Hui said and sent a signal to a few servants nearby.

Yun Lintian exchanged glances with everyone and sat down according to the arrangement.

The funniest thing was Yun Lintian was arranged to the farthest seat while Yun Qianxue, Han Bingling, Mu Qiuxue, and Lin Xinyao's seats were the closest to the highest seat. Obviously, He Weimin didn't take Yun Lintian in his eyes at all.

Fu Hui observed the scene and was slightly surprised when he saw no dissatisfaction on Yun Lintian's face. This was clearly unusual.

While Fu Hui was thinking, He Weimin suddenly walked into the hall with a confident smile on his face.

When he saw Han Bingling and the others, his expression didn't change in the slightest, but his heart beat rapidly from the excitement. With a glance, he could see how beautiful these women were. Especially those curves. If possible, he wanted to tear their clothes apart and put them to bed immediately.

As for Yun Lintian, he simply treated him as an air.

"Please forgive me for letting everyone wait. As you probably know already. My name is He Weimin. The head of this village." He Weimin smiled broadly and sat on the highest seat.

"I roughly understand what you want to ask me from Uncle Fu, but before that, let's have a meal first. We can eat and talk slowly"

As he said, He Weimin waved his hand and let the servants serve the meal.

Soon, the table was filled with delicacies that made Qingqing drool.

He Weimin smiled at Han Bingling and asked. "Are you not going to take off the veil, miss?"

Han Bingling curled her lips and said. "Why bother to go through these acts, Village Head He? If you want to activate the formation, you should use it already."

As her voice fell, He Weimin's expression cooled down instantly...

Chapter 1082 Change In Attitude

"What do you mean, miss? I don't quite understand." He Weimin said calmly, but his heart was full of vigilance. Han Bingling dared to say this meant she had something to rely on. He wasn't naïve enough to believe that she wasn't aware of his strength.

Han Bingling laughed gently. "Your acting is really poor. Perhaps you have been here for too long, and no one can defy your power before. It makes you become like this."

She took a deep look at him and said further. "The moment we stepped into this place, you placed your people around the hall. You still ask what it does mean?"

He Weimin and Fu Hui exchanged glances, and the former sent a signal for the latter to stand by first.

He Weimin's attitude seemed to change drastically as he said politely. "I admit that I had an ulterior motive. I am apologizing to you for that."

He took a deep breath and asked. "I heard from Uncle Fu that you want to go to the Central Ruins? To tell you the truth, I cannot help you with this, but I can give you a spot."

"A spot?" Han Bingling said in doubt.

He Weimin nodded. "Every year, each village will send twenty people to the Boundless City to compete for twenty spots to enter the Central Ruins. The battle has no limit to the participant's strength. Hence, the winners have always been those in the Monarch Profound Realm."

"I can give you a spot, but whether you can enter the Central Ruins depends on your ability."

Han Bingling leaned back slightly and turned to look at Yun Lintian. "What do you think, husband?"

He Weimin followed her gaze and landed on Yun Lintian, who was busy feeding Linlin and Qingqing currently. His expression changed slightly when he saw this. The food here was obviously poisoned. He wanted to say something, but it was too late.

"It's really troublesome. There is no other way?" Yun Lintian said without raising his head.

He Weimin shook his head. "I can tell you it is impossible to break into the Central Ruins by yourself because the sandstorms around that place are ridiculously strong. Without the Boundless Desert Emperor's token, you won't be able to go through it."

"Is that so?" Yun Lintian said and fell into deep thought.

"This grilled chicken is not bad... Ugh! Arghhh! It's poisoned!" Master Bai, who was happily eating a grilled chicken, suddenly turned pale and screamed out loud. He thought there was no poison since Yun Lintian and the others ate it as well.

He Weimin's body tensed up, and he sent a signal to Fu Hui, preparing to activate the formation at any moment.

Yun Lintian rolled his eyes at Master Bai. Was this really a former Divine Emperor?

He reached out and patted Master Bai's back gently. Instantly, the poison within the latter's body vanished under the wood energy.

Master Bai stopped screaming and said with relief. "Phew... I thought I would die here."

He turned to He Weimin, who was looking at the scene in shock and scolded. "Brat! You actually dare to poison this emperor! You are courting death. Boy Yun, kill him!"

Yun Lintian was speechless and ignored Master Bai. He raised his head to look at He Weimin and asked. "When is it?"

He Weimin returned to his sense and was relieved in his heart. Fortunately, he didn't attack them right away. Otherwise, he wouldn't know how he died.

One had to know that the poison he used on the food was deadly and could paralyze even a monarch. It was actually solved by Yun Lintian's casual pat... Who would have thought the man he had ignored for all this time was the most powerful one among them?

"The competition will start a week later." He Weimin said and glanced at Fu Hui. The latter quickly stepped forward and placed ten yellow tokens on the table.

"You can take this and show it to the guard of the Boundless City. They will bring you to the avenue." He Weimin said.

Yun Lintian took the tokens away and asked. "Can you tell me about the Central Ruins?"

He Weimin didn't hide anything. "I haven't been there once, but I know one or two things... The Central Ruins is surrounded by violent sandstorms all year round, and the environment is extremely harsh. Any profound practitioner who steps into the ruins can be swept away by a sandstorm without warning. Those without sufficient strength are basically courting death."

"However, many people are willing to go there because that place is rich in the earth element. Countless heaven and earth treasures can be found everywhere. This has been proven many times in the past."

"Furthermore, the profound energy inside is highly rich. It is suitable for anyone to practice there. Many people here even called it a holy land. In the past, a first-level Monarch Profound Realm practitioner had entered the ruins and came out with the sixth-level in two months."

"This is why the competition is very intense." He looked at Yun Lintian and said in a deep voice. "I know you are strong, but I think you should see the situation first before making a decision."

"What about the Boundless Desert Emperor? Who is he?" Yun Lintian asked further.

"This..." He Weimin hesitated briefly and said. "Forgive me. I cannot tell you this. All I can say is His Majesty is a god here. No one can go against his will. You should be careful when you reach the Boundless City later."

"A god?" Master Bai laughed and looked at Yun Lintian. "Look like you have found the most arrogant person in the world now."

Yun Lintian smiled and didn't comment on this. He nodded slightly and said. "Let's go."

Han Bingling and the others got up and prepared to leave.

Before Yun Lintian walked out of the hall, he turned around and pointed at the corner of the hall and said. "There's a flaw right there."

He Weimin and Fu Hui were puzzled.

Yun Lintian waved his hand, and a chopstick on the table suddenly floated into the air before shooting toward the corner he had pointed at earlier.

Boom!

As the chopstick pierced into the wall, the entire building trembled violently, and the surrounding killing formations gradually broke apart.

The scene immediately stunned He Weimin and Fu Hui, making them break into cold sweats...

Afterward, Yun Lintian smiled and left.

Chapter 1083 Encounter

Silence blanketed the dining hall for a long time after Yun Lintian left.

He Weimin wiped the cold sweats off his forehead and said. "Do you think we have a chance?"

Fu Hui forced himself to calm down and said bitterly. "Do you still ask this, Young Master? Once we start, undoubtedly, we will die in an instant. He can see the flaw of our formations at a glance. He must have a way to control it."

"Moreover, I suspect he hides his strength all this time. It should be a high-level concealing technique. I cannot see through it at all."

"Thankfully, I didn't do it right away." The fear still lingered in He Weimin's heart as he spoke this. Suddenly, he thought of something, and his face turned pale. "Do...do you think he will kill me later? After all, I am lusting after his women."

He Weimin felt uneasy when he thought of this. As a man himself, he naturally knew how angry a man could be when someone coveted his wife.

Fu Hui said uncertainly. "Probably not."

He Weimin swallowed hard and said. "No. I have to do something.... Let's take those treasures out."

\*\*\*

After leaving the village head office, Yun Lintian didn't return to the tavern right away but chose to stroll around the village.

"Do we really need to participate in it, Master?" Yun Chenyu asked curiously. She knew that her master didn't want to waste time, and participating in such a time-wasting competition wasn't a good idea.

Yun Lintian smiled and said. "We have to see the situation of the Central Ruins first. Unless we have no other choices, we can consider it."

"What about that He Weimin, Master? Are you going to let him live?" Yun Chenyu asked further. She felt that her master had a superb tolerance by letting He Weimin covet his women for a long time without doing anything.

"Him? How could your master let him go?" Han Bingling smiled faintly. "Your master is waiting for him to call someone over."

Yun Chenyu's eyes brightened up. "I see."

"Even though he's the village head, he's clearly the smallest pawn. There's nothing much for us to get from him. It's better to let him call the people behind him over." Han Bingling touched Yun Chenyu's head lovingly and explained. "Remember, do not let a temporary anger affect a chance to catch a bigger fish."

A strange light flashed through Yun Chenyu's eyes as she nodded her head heavily.

"There are so many high-rank treasures here. No wonder many want to come here." Mu Qiuxue said in surprise as she looked at various high-rank magical plants and materials on the street stalls.

"Hmm?" Yun Chenyu looked around and suddenly caught a glimpse of a familiar item.

Immediately, she rushed to the stall and grabbed a slightly rusted dagger with trembling hands.

An uncle stall owner saw this and quickly scolded. "Hey, don't touch it."

Yun Lintian and the others exchanged glances in confusion and quickly caught up with Yun Chenyu.

"Relax, uncle. I will pay for it." Yun Lintian said with a smile.

"Alright." Seeing that someone was with her, the uncle was relieved and introduced the knife. "Someone found this knife in the Central Ruins. Because its level is relatively low, it cannot be sold in the city... Although its value isn't high, it's, after all, something from the Central Ruins...."

Before the uncle could finish his sentence, Yun Lintian interrupted him. "I'll give you one thousand high-grade Profound Stones."

The uncle smiled brightly and said. "Deal!"

Yun Lintian paid the money and looked at Yun Chenyu, who was standing still like a wooden statue, before asking. "You have seen it before?"

Yun Chenyu took a deep breath and said. "It's my father's knife."

Yun Lintian's brows raised slightly. He had never asked about Yun Chenyu's past experience as it wasn't important to him, but it seemed he couldn't ignore it further. The fact that her father could enter the Central Ruins indicated he must be at least the Monarch Profound Realm's level.

It was as he had speculated before. Yun Chenyu's background wasn't simple.

However, Yun Lintian didn't ask anything further and waited for her to speak out by herself.

Yun Chenyu raised her head and asked the uncle stall owner. "Uncle, who found it?"

The uncle smiled wryly. "How could I know? I bought it from another merchant... I don't know what happened to you, kid, but if you want to find the person, you can go to the Boundless City."

"Thank you, uncle." Yun Chenyu said in a deep voice and turned to Yun Lintian.

Without waiting for her to say anything, Yun Lintian spoke first. "We will go there tomorrow."

"Thank you, Master. And please forgive me. I cannot tell you about it right now." Yun Chenyu bowed deeply.

Yun Lintian helped her up and said. "What are you talking about? Even though you are my disciple, I won't force you to do or say what you don't want to. You just remember that I will stand by your side no matter what."

Yun Chenyu's eyes reddened when she heard this. Although something terrible happened to her in the past, she was fortunate enough to meet her master. Without him, she would have died in that alley long ago.

"Let's go back first." Yun Lintian said and prepared to go back to the tavern.

"Bingling?" Suddenly, a male voice resounded behind, causing Yun Lintian and the others to turn around.

A trace of surprise appeared on Han Bingling's face as she said. "Lei Zhenxiang? Why are you here?"

The person who called her was no other than Lei Zhenxiang, who had just arrived in the village.

Yun Lintian was surprised as well to see Lei Zhenxiang here. As far as he knew, something had happened to him, and he had gone missing since then. Moreover, Lei Feifei and the Black Wing group's elders were also here.

"It really is you!" Lei Zhenxiang was delighted to see Han Bingling here. He then turned to look at Yun Lintian and said in surprise. "Little Brother Mu?"

Lei Feifei and the others were staring at Yun Lintian in surprise. They didn't expect to see him here. Furthermore, he was clearly in the same group as Han Bingling... What was going on here?

"It's been a while, Big Brother Lei." Yun Lintian greeted him with a smile.

Chapter 1084 Thunder Struck (1)

Lei Zhenxiang said with a smile as he walked over. "I didn't expect to meet you here."

Yun Lintian responded. "I heard something happened to you...."

Before Yun Lintian could finish his sentence, Lei Zhenxiang waved his hand and said. "It's a long story. Let's find a place to talk about it."

Yun Lintian nodded and led everyone back to the tavern.

Along the way, Lei Zhenxiang kept asking Han Bingling a few questions. The most important thing for him was to see her safe and sound. He was relieved to know that she was slowly regaining her strength.

Lei Zhenxiang might not notice something wrong with her, but Lei Feifei was different. She could see the way Han Bingling stood close to Yun Lintian was entirely different from an ordinary relationship. There must be something between the two.

Thinking of this, she couldn't help looking at her brother in sympathy. Everyone knew how affectionate Lei Zhenxiang was to Han Bingling. Lei Feifei didn't know whether he could take a blow later.

Meanwhile, Ren MUYANG looked at Yun Lintian attentively. The moment he saw him, he felt something extraordinary coming out of him. This person might possess the strength of the Saint Profound Realm, but he could somehow feel a threat from him.

"What's wrong, dad?" Ren Mingzhu whispered when she saw her father's expression.

"It's nothing." Ren MUYANG said with a smile. "Do not offend this young man. It's better to befriend him."

"Oh?" Ren Mingzhu looked at Yun Lintian in doubt.

Returning to the tavern, Yun Lintian booked more rooms for the Blue Moon Whale's people and ordered food for them.

"So, why are you here?" Han Bingling was the first to speak after sitting down.

Lei Zhenxiang took a deep breath and explained the ins and outs of the matter. Basically, he was betrayed by his people under Lei Yubai's arrangement and was imprisoned for a period of time. It wasn't until the Divine Thunder Spark awakened allowed him to leave.

"Where is your grandfather?" Han Bingling asked the same question as Ren MUYANG when he first heard this.

Lei Zhenxiang smiled wryly. "I don't know. The fact that Lei Yubai didn't seem to be afraid of my grandfather has me doubting about it as well."

"He must encounter a mishap for sure." Lei Feifei spoke. "Although he's recovering from his past injury, it is impossible for him to not notice Lei Yubai's movements. The only possibility is something truly happened to him."

Lei Zhenxiang opened his mouth and said nothing in the end. As much as he didn't want to believe it, it was the only thing that could explain the situation.

"So, your plan is to stay here and wait until merging with the Divine Thunder Spark fully before returning?" Han Bingling asked.

"That's right. This is the only place I know that can avoid Lei Yubai's pursuit and is rich in resources." Lei Zhenxiang replied.

Divine Thunder Spark?... Yun Lintian looked at Lei Zhenxiang deeply. When he first saw Lei Zhenxiang this time, The Thunder within his body seemed to have a reaction. At first, he thought it was because Lei Zhenxiang possessed the lightning energy, but it didn't seem to be the case now.

The Divine Thunder Spark must be an enormous lightning energy container!

However, Yun Lintian wasn't shameless enough to rob Lei Zhenxiang. He was merely curious about it.

"I forgot to introduce them." Lei Zhenxiang suddenly said and turned to Ren Mingzhu and Ren MUYANG. "This is Uncle Ren MUYANG and his daughter, Ren Mingzhu. They are coming from the Blue Moon Whale

tribe. We happened to meet each other on the way. It's because the Endless Sea has been suffering from Abyssal Energy. They have no choice but to leave."

"Please forgive us. My name is Han Bingling." Han Bingling quickly greeted Ren Muyan and began to introduce everyone to him.

"Senior Ren, can I ask when it has started?" Yun Lintian asked after exchanging courtesy.

"Just call me Uncle Ren." Ren Muyan said with a kind smile. "It started around five months ago. Its spreading speed is too fast, and none of us can react in time. When we know it again, it's already too late."

"Five months ago..." Yun Lintian and Han Bingling glanced at each other. It seemed to be the same time as the Northern Continent's invasion.

On the side, Lei Zhenxiang looked at Yun Lintian and asked. "Little Brother Mu... Your true name is Yun Lintian?"

It was at this moment did Yun Lintian remember that Lei Zhenxiang didn't know his true name before. He smiled apologetically. "Please forgive me for deceiving you back then. Yes. My real name is Yun Lintian."

Lei Zhenxiang shook his head slightly. "I understand... Are you the one who is rumored to turn the tide on the Northern Continent?"

"It's him." Han Bingling answered on Yun Lintian's behalf.

A look of admiration appeared on Lei Zhenxiang's face as he said. "When I heard about it for the first time, I somehow thought of you. I didn't expect it to be true... You are definitely the most talented young man I have ever seen."

"Thank you for your compliment." Yun Lintian smiled faintly.

The feast went on, and they continued to discuss the next plan. During this period, Yun Lintian also brought up the Central Ruins topic, and Lei Zhenxiang's group was interested in it.

In the end, Yun Lintian shared half of the tokens with Lei Zhenxiang's group and decided to go to the Central Ruins later.

When the banquet ended, everyone separated and returned to their respective room.

"Can we talk a moment, Bingling?" Lei Zhenxiang stopped Han Bingling and asked sincerely.

Han Bingling frowned slightly and nodded.

Lei Zhenxiang smiled and said. "I'm sorry that I could not help you back then."

"It's okay. You didn't have a good time either. There's no need to apologize. Besides, I have never expected your help, to begin with." Han Bingling said calmly.

Lei Zhenxiang sighed softly in disappointment. He was disappointed in himself for not being able to be there for her when she needed him the most.

"If there's nothing, I will see my husband first." Han Bingling said.

Her words instantly stunned Lei Zhenxiang. His eyes widened in disbelief as he asked. "Your...Husband?"

Han Bingling smiled softly. "Yes. I am Lintian's woman now."

Chapter 1085 Thunder Struck (2)

It was as if he was struck by thunders. Lei Zhenxiang stared at Han Bingling's peerless face in a daze, unable to recover. He didn't know what he felt anymore. Angry? Regret? Sad? Everything seemed to swarm toward him at once.

Han Bingling looked straight into Lei Zhenxiang's eyes and said calmly. "I know you have good feelings for me, but I have also told you countless times that it is impossible between us. I hope you understand it."

As she spoke, she turned around and prepared to leave.

"Is it because I'm not strong enough?" Lei Zhenxiang suddenly said. His voice was low as if he was talking to himself.

Han Bingling paused her step and said without looking back. "You're wrong. It has nothing to do with your strength... Just like how the way you feel for me. I feel the same for Lintian, but not for you. I always treat you as a friend."

With that, she stepped forward and disappeared from the corridor, leaving Lei Zhenxiang in a daze.

A while later, Lei Feifei walked over and sighed softly. "When a woman likes someone, it has nothing to do with strength, status, or wealth. It's just a feeling without reason."

She looked at her brother and said further. "This doesn't mean that you are inferior to Yun Lintian or anything. I hope you don't think like that."

Lei Zhenxiang's unfocused eyes gradually turned to their original calm. He took a deep breath and said. "Don't worry. I'm not that kind of person... In fact, deep down in my heart, I always know that it's impossible between us."

Lei Feifei was slightly surprised to see her brother recover faster than she had expected.

"Her status as the Frozen Moon Palace Master alone already makes it impossible for us to be together. Even if she did feel the same way as me, her Master and the people in our Divine Thunder Palace would certainly oppose it." Lei Zhenxiang said calmly.

"She has always kept her distance and been clear on this matter. It's my delusion, thinking I still have a chance."

He let out a long breath and said with a smile. "This is good as well. I can finally put it down."

It was because Lei Zhenxiang was calmer than she thought. Lei Feifei couldn't help asking again. "Are you really okay?"

Lei Zhenxiang laughed and said. "I'm really fine. At least I know it's Yun Lintian, not someone else. He is worthy of her, in my opinion."

Without waiting for Lei Feifei to say anything further, he waved his hand. "Let's go back."

He turned around and left. His steps were calm. Evidently, the incident didn't affect him much as Lei Feifei's thoughts.

Lei Feifei watched her brother disappear from the corridor and turned to look in Yun Lintian's room direction while muttering to herself. "Unfortunately, my good brother's opponent is him. If it's other, perhaps he might have a chance."

She knew very well how deadly Yun Lintian's charm was toward women. He was mysterious and calm beyond his age. Once any woman was curious about him, their heart would be quickly occupied by his shadow, just like Han Bingling.

\*\*\*

"You told him?" In the bedroom, Yun Lintian was surprised to hear it.

Han Bingling sat on the bed and leaned against his chest. "Why? You don't want me to tell him? I didn't know before you have such a strange taste?"

Yun Lintian's mouth twitched slightly. He suddenly thought of a certain N tag and laughed it off. He certainly didn't have such a taste.

"Why are you laughing?" Han Bingling tilted her head slightly to look at him.

"It's nothing." Yun Lintian patted her elastic butt and said. "I suddenly feel like I am a villain who steals a heroine from him."

Han Bingling laughed upon hearing this. She had read a lot of novels during her stay in the Land of Beyond Heaven and naturally knew what Yun Lintian was talking about. She suddenly felt the same way.

"Well, I hope he can take a blow." Yun Lintian said softly. It wasn't that he felt bad for Lei Zhenxiang or something. After all, there was no right or wrong about love. It was just that he didn't want this matter to affect the relationship between the two groups.

"He's stronger than you think." Han Bingling said.

"Oh? You seem to know him very well, huh?" Yun Lintian pretended to be jealous.

Han Bingling laughed and slipped her hand into Yun Lintian's crotch. "I definitely know you better. After all, I know every inch of your body."

As she spoke, she licked her lips seductively and lowered her head.

"Hiss..." A warm sensation suddenly invaded his bottom part, making Yun Lintian suck in a cold breath.

Soon, the room was filled with heavenly melodies.

"Are they fighting again?" In the side room, Qingqing said in doubt while having pastries with Linlin.

Linlin snorted in dissatisfaction and elected a sound isolating barrier before saying. "Just ignore them."

"Oh." Qingqing nodded and stuffed a cheesecake that Yun Lingwei personally baked for her into her mouth.

\*\*\*

The following day, Yun Lintian woke up and gently patted Han Bingling's smooth back to wake her up before going to the dining hall. He would leave the village and head to the Boundless City today.

When they arrived at the hall, everyone had already waited for him. Lei Feifei's gaze toward Yun Lintian and Han Bingling was strange, as if she knew something had happened between the two last night.

Meanwhile, Lei Zhenxiang was calm. He greeted them with a smile and told them to sit down.

"We plan to go to the Blue Oasis Village first to send Uncle Ren's people there. Do you want to go with us or go to the city directly?" Lei Zhenxiang asked.

Yun Lintian thought for a moment and said. "According to the information I got, we must pass through all the four villages, anyway."

"Oh, really? I see." Lei Zhenxiang nodded slightly. "Then we can go together."

Yun Lintian nodded and was about to say something. Suddenly, he saw He Weimin appear in the hall with Fu Hui, walking straight to his table.

He Weimin and Fu Hui were surprised to see Lei Zhenxiang's group, but they didn't think about it too much.

"I heard that you are going to leave today, so I come to send you off." He Weimin handed a storage ring to Yun Lintian and said. "Please accept this."

Chapter 1086 Overall Situation

Yun Lintian looked at a pile of treasures inside the ring, including a detailed map, with a smile and said. "I will receive this favor."

He Weimin was relieved in his heart upon hearing this. He smiled and said. "I wish you a pleasant journey."

Suddenly, he thought of something and quickly said. "I almost forgot this. I have to remind Young Master of one thing. It's about my personal grudge. Since you have taken my tokens, you are bound to be targeted by Zuo Jinlang."

"Tell me more." Yun Lintian said calmly.

"Like me, Zuo Jinlan is a village head of the Blue Oasis Village. She's a woman with a vicious heart and loves to scheme. Back then, we had competed for the Blue Oasis Village Head spot, and I lost miserably. However, it didn't prevent her from holding a grudge against me as I forced her to pay a high price." He Weimin said with a serious expression.

"She is definitely targeting you if she knows that you are representing me."

"I see." Yun Lintian nodded slowly. He looked at He Weimin deeply and asked. "I thought you were going to call your backer over."

He Weimin smiled wryly. "You have misunderstood me. I indeed have a backer, but they aren't interested in getting into a conflict with no benefit. After all, they are not lustful as I am."

"You are quite honest, huh?" Han Bingling laughed gently.

He Weimin's expression was bitter. "Please don't tease me, miss. I was wrong. I don't dare to think with a lower part anymore."

He thought as what he said. This time, he kicked an iron plate and almost died without knowing. Thankfully, he changed his face fast enough.

"What's her strength and background?" Yun Lintian asked.

Since the Blue Moon Whale's people were going to settle in the Blue Oasis Village, it was better to know about Zuo Jinlan more.

"Zuo Jinlan's current strength is around the sixth level of the Monarch Profound Realm. However, her strength mostly lies in her subordinates. There are four people under her, and each one of them has already reached the peak of the Monarch Profound Realm." He Weimin explained.

"Her trump card is the backer in the Boundless City... Well, I need to introduce you to the overall situation of the Boundless City first."

He Weimin organized the words and explained. "There are four major forces under the Boundless Desert Emperor, namely, Desert Wanderer Group, Sandstorm Group, Leisure Oasis Group, and Nether Flame Group."

"Among them, the Nether Flame Group is the strongest, followed by Leisure Oasis, Sandstorm, and Desert Wanderer group. My backer is the Leisure Oasis Group. Their strength lies in business."

"As for Zuo Jinlan's backer, it is the Nether Flame Group. This group has occupied more than half of the two cities in terms of influence. No one dares to offend them. They also have a few Divine Ascending Tribulation Realm experts."

"The Blue Oasis Village has the most beautiful scenery and is best in all aspects. Everyone naturally wants to occupy it. In the end, the Nether Flame Group was forced to pay a huge price to win it."

Yun Lintian nodded slightly and asked. "Have you ever met the Boundless Desert Emperor? What kind of person is he?"

He Weimin shook his head. "To tell you the truth, no one among the people I know has ever seen him. From what I know, he's currently practicing in seclusion. All the management is done by people under him. However, he would send his voice out from time to time."

"Send his voice out?" Yun Lintian was puzzled. Was it an announcement or something?

"When he spoke, everyone in this desert would hear him. His voice can penetrate every corner of this place. This is why we don't dare to say anything rudely about His Majesty, as we believe he could hear us." He Weimin said solemnly.

"Oh?" Yun Lintian immediately understood why he claimed to be an emperor of this desert. It seemed there was something tricky here, and it should be related to something inside the Central Ruins.

At the same time, he thought of The Earth. Perhaps this so-called Boundless Desert Emperor had found The Earth and done something to it.

"Hongyue, is it possible for someone besides me can control the Beyond Heaven Relics?" Yun Lintian had never thought of this question before.

"It's impossible. At most, they can take advantage of the relic's weakened state and borrow some power." Hongyue replied confidently. "You suspect that the Boundless Desert Emperor is now controlling The Earth?"

"Yes. This desert is obviously created by The Earth's power, and he's someone who can control everything here... The problem is, I don't know to what extent he could do with it." Yun Lintian frowned slightly. It would be troublesome if someone used The Earth's power to fight against him.

"You are overthinking on this matter, My King." Lauya suddenly interjected. "The Beyond Heaven Relics were personally created by the Beyond Heaven King himself. They were like a part of his body. Even if someone stole them away, he wouldn't be able to fully control it."

"You are saying that if I showed up, The Earth would recognize me right away?" Yun Lintian asked.

"Yes," Lauya said confidently.

"How convenient." Yun Lintian was relieved.

He turned to look at He Weimin and asked. "What would happen if I killed her and occupied the village by myself?"

He Weimin was taken aback by the question. Upon seeing that Yun Lintian was serious, he took a deep breath and said. "The Nether Flame Group won't sit by for sure. They will definitely come for you."

Yun Lintian nodded and turned to Ren MUYANG. "What do you think, Uncle Ren?"

He Weimin and Fu Hui looked at Ren MUYANG in doubt. Perhaps this person was the strongest one here?

Ren MUYANG used a concealing technique to hide his profound strength. It was naturally impossible for He Weimin and Fu Hui to see through it.

He thought for a moment and said. "If possible, I'd rather choose a peaceful way... Well, unless they provoke us first."

Yun Lintian smiled and said. "Then there's no problem."

Chapter 1087 Feelings

After breakfast, Yun Lintian's group immediately set off toward the Blue Oasis Village under He Weimin's gaze.

According to He Weimin, they would have to stay in the desert for a few days and wait for the location shifting. Since there was nothing to do, and the desert was full of sand without anything else, Yun Lintian simply set up a camp and continued to practice.

Boom!

Yun Lintian was struck by Lei Zhenxiang's lightning fist and was sent flying into the distance. He somersaulted in the air a few rounds before stabilizing himself on the ground.

Lei Zhenxiang nodded and said with a smile. "Your physique is unbelievably tough. No one in the Saint Profound Realm could withstand my punch before. You are the first one."

"Your punch is indeed tyrannical. If I hadn't anticipated it, I would have already been injured by this punch." Yun Lintian said sincerely.

Compared to the other monarchs he had fought before, Lei Zhenxiang was on another level. Looked like his reputation wasn't just a decoration.

"Continue?" Lei Zhenxiang asked.

Yun Lintian smiled and said. "It's my turn."

As his voice fell, his figure blurred and reappeared before Lei Zhenxiang. The latter seemed to expect it beforehand. He quickly sent out another punch to meet Yun Lintian's fist.

Boom!

The impact produced by them instantly created powerful sand waves, causing the air to fill with sand dust.

In the distance, Lei Feifei looked at the two and murmured. "He didn't take it personally, right?"

She was afraid that her brother would use this chance to beat Yun Lintian out of his personal feeling.

On the side, Han Bingling laughed gently. "I thought you didn't care about your brother."

Lei Feifei glanced sideways and said. "Did you expect this?"

Han Bingling curled her lips. "Actually, I know his obsession with me is not that deep. It's because we have grown up together, and I am the first woman he came into contact with. It makes him think he loves me in a man and woman way. In fact, it's more like a sister and brother... Perhaps he realized this a long time ago. That's why he can accept it this fast."

Lei Feifei shifted her gaze back to the battle and said. "Why did you like him?"

Han Bingling's eyes were filled with tenderness and affection as she stared at Yun Lintian. "Honestly, I don't know as well. He's the first man who made my heart fall into chaos... Our interactions are very short, but I can't get rid of his shadow out of my mind. Whenever I can't see him, I always think of him like how is he now? Is he living well?"

She turned to look at Lei Feifei, who happened to turn toward her as well and said. "This is love, I guess?"

Lei Feifei went silent for a while and said. "I have never experienced it before, but it seems troublesome."

Han Bingling smiled and said. "I heard that you had met him before and stayed with him for a period of time. Tell me honestly. Have you fallen for him?"

Lei Feifei's eyes widened slightly. "No way. He might be attractive, but I didn't feel anything as you said earlier toward him."

"You sure?" Han Bingling stared straight into her eyes as if she wanted to see something.

Lei Feifei was flustered as she was being stared at by Han Bingling. The scene where Yun Lintian disregarded his life and threw her out of the cave emerged in her mind.

The feelings at that time had returned to her heart as well. The worries and anxiety when she woke up and found out Yun Lintian didn't come out together were still vivid in her mind.

Seeing Lei Feifei's eyes blur slightly, Han Bingling curled her lips and said seductively. "Do you want to try? My man is very strong on that. You know? I alone cannot handle him."

Her voice was like a devil bewitching Lei Feifei. She returned to her sense, and her face immediately flushed red. "You... You. What are you talking about? I don't like him."

As she finished, she turned around and fled without looking back.

"How cute." Watching Lei Feifei running away, Han Bingling was amused. In the end, this girl was still a little girl.

"Is it fun?" Yun Qianxue unknowingly appeared beside Han Bingling. Her eyes fixated on Yun Lintian in the distance.

Han Bingling wasn't surprised. She turned to look at Yun Qianxue and said softly. "In fact, you shouldn't have restricted yourself. You are not his real mother, anyway."

Yun Qianxue went silent for a while and said calmly. "You don't understand."

Han Bingling frowned and asked. "What's there more than this?"

From the first time she met Yun Qianxue, she always knew what kind of feeling Yun Qianxue had for Yun Lintian. It was more than a mother and son for sure. However, it was difficult for them to overcome it, even though there was no such prohibition here in this world.

It had been a long time, and Han Bingling believed that one day, Yun Lintian and Yun Qianxue would end up as a couple. However, looking at Yun Qianxue's current appearance, it seemed like there was a giant wall blocking her way from reaching Yun Lintian... What was it?

Yun Qianxue remained silent. Her mind recalled the "dream" she had seen during her stay in the Eternal Frozen Cave. It was the scene where she found Yun Lintian as an infant and raised him before sacrificing herself to protect his life.

She didn't know if it was genuinely a dream or a reality...

While the two were talking, Lin Xinyao was looking at them thoughtfully. Her eyes flickered slightly when she heard Yun Qianxue's words. It was as though she knew what she was talking about.

A week passed, and everything inside the camp was roughly the same every day. They would either eat or spar to pass the time.

Rumble—

While everyone was having breakfast, an earthquake suddenly occurred. The surrounding sea of sands was quickly shifting and drifting around. It was exactly the same when Yun Lintian arrived at the Sand Wave Village.

A while later, everything returned to its original calm. The only thing that changed was the appearance of a village at the end of everyone's line of sight. Undoubtedly, this was their destination, the Blue Oasis Village!

Chapter 1088 Surprised Deal

Compared to the Sand Wave Village, the Blue Oasis Village's atmosphere was more cool and pleasant. Small rivers formed a vast lake around the village, and dense forests could be seen everywhere. It gave off a feeling this place shouldn't exist in the desert.

At the same time, the populations here were also several times higher. When Yun Lintian's group walked into the village, they could feel as if they had entered a huge city instead of a village.

"No wonder everyone was fighting for this village. I would, too." Han Bingling said softly while looking around. Although she had been to several more prosperous places than this village, it didn't prevent her from liking it.

Yun Lintian nodded in agreement. This village gave him a vibe of a scenic coastal spot on Earth. If there was nothing for him to do, he would definitely spend leisure time here.

He turned to Ren MUYANG and asked. "How is it, Uncle Ren?"

Ren MUYANG nodded in satisfaction. "The profound energy here is rich enough, and the environment is good for my people."

He felt he had made the right decision to come here with Lei Zhenxiang. Although the lake was still small compared to their size, it was much better than staying in the Endless Sea further. At least they could live in peace here.

"We will stay here for a few days, waiting for the next round of location shifting. If that Zuo Jinlan didn't come to us on her own, we wouldn't do anything to her." Yun Lintian made a decision, and everyone agreed with him.

"I'm afraid she has already come." Lei Zhenxiang suddenly said, and everyone immediately noticed a group of people walking toward them.

The one in the front was a woman clad in a light blue robe, and her appearance could be described as an elegant beauty. Without a doubt, she was Zuo Jinlan.

"You must be Yun Lintian." Zuo Jinlan halted her step a few meters away from Yun Lintian and seized him up and down before saying.

Yun Lintian was surprised slightly. Looked like there were a few moles beside He Weimin.

He smiled and said directly. "I am. What do you want from me, Village Head Zuo?"

Zuo Jinlan revealed a charming smile and said. "Don't be nervous. Perhaps you have listened to He Weimin's nonsense too much. In fact, I have no intention of becoming an enemy with you."

"On the contrary, our Nether Flame Group would like to befriend you."

"Please get to the point." Yun Lintian said calmly.

"I like a straightforward person like you." Zuo Jinlan curled her lips. "It's not good to talk about it here. Why don't you follow me to my place?"

She paused for a second and said. "Don't worry. I won't play such a stupid trick like He Weimin."

Yun Lintian smiled and said. "Since you seem to know it very well, you should also know that I'm not afraid of your trick."

"Naturally. That's why I am very interested in you." Zuo Jinlan winked seductively and made a gesture. "Please."

Yun Lintian nodded and followed Zuo Jinlan to her residence.

To Yun Lintian's surprise, Zuo Jinlan's residence was more ordinary than he had expected. The place was big, but the decoration was simple and neat. There wasn't any unnecessary antique or painting for show.

After everyone took a seat, Zuo Jinlan went straight to the point. "We will provide you a Central Ruins spot without going through a competition. What we need in exchange is information about the center area of the ruins."

Yun Lintian took a sip of tea and asked in puzzlement. "Why are you confident that I can reach there? From what I know, no one except for the Boundless Desert Emperor himself could enter it."

Zuo Jinlan smiled meaningfully. "Of course, we are confident in you. After all, you are someone who has singlehandedly repelled the Poison Valley."

When her voice fell, the expressions of Yun Lintian and the others changed slightly, but they weren't surprised much. Yun Lintian's deeds on the Northern Continent weren't a secret. Anyone with a good network could inquire about it by now.

"Looks like your Nether Flame Group is indeed powerful." Yun Lintian said with a faint smile.

"Although the resources here are not bad, it's a single piece of land in the end. We cannot rely on this place alone to develop." Zuo Jinlan laughed gently.

"So, what do you think?"

"How many spots can you give us?" Yun Lintian asked.

"How many do you want?" Zuo Jinlan asked back.

"Ten." Yun Lintian replied after thinking for a moment. Including Lei Zhenxiang's group. There were around ten people who were capable enough to enter the ruins.

"No problem." Zuo Jinlan replied instantly.

"In addition, I hope his people can stay here. You should know what I mean." Yun Lintian opened his hand toward Ren Muyang.

Zuo Jinlan glanced at Ren Muyang thoughtfully. When she first saw this person, she immediately knew he wasn't ordinary. His strength was unfathomable. This was also the reason she didn't use a hard approach from the beginning.

If she knew that Ren MUYANG was at the peak of the Divine Ascending Tribulation Realm, she would definitely thank herself for making the right decision.

"No problem. We can promise you that even if you can't enter the center of the ruins, no one will find trouble in them." Zuo Jinlan said with a rare serious expression. She turned to Ren MUYANG. "Senior can stay here at ease. If you want anything, you can come to me right away."

"Many thanks." Ren MUYANG said with a smile.

"Deal." Yun Lintian now understood why He Weimin lost to this woman. Compared to him, Zuo Jinlan was smarter and knew how to read the situation well.

Zuo Jinlan smiled brilliantly and clasped her hands. "Serve the dishes."

\*\*\*

Somewhere deep in the desert. This place was filled with violent sandstorms to the point one couldn't see anything. Amidst the sandstorms, a figure of a man covered with black clothes from head to toe was sitting peacefully, as if everything that happened around him had nothing to do with him.

Suddenly, he opened his eyes and muttered to himself. "He finally comes?"

Chapter 1089 Common Enemy

Just like that, Yun Lintian stayed in the Blue Oasis Village for two weeks straight. After all, he didn't need to rush to the Boundless City anymore. What he needed was waiting for the Central Ruins to open.

During this period, his life was leisurely. Aside from teaching Yun Chenyu and sparring with Lei Zhenxiang, he would go shopping and taste various delicacies around the village.

At this moment, Yun Chenyu was sitting nearby the lake and stared blankly at the rusted knife in her hand. This scene had happened often since she got the knife.

"Are you thinking of your parents again?" Yun Lintian walked over and sat down beside her.

"Master." Yun Chenyu hurriedly got up and greeted him.

Yun Lintian waved his hand, beckoning her to sit down. During this period, Yun Chenyu still didn't tell him about her past, but one thing Yun Lintian was sure of was that her family must be proficient in alchemy. After all, the knife in her hand was obviously an alchemy knife.

Furthermore, Yun Chenyu's alchemy talent was better than other aspects. She could learn the Record of Life very quickly. It could be said her talent was not inferior to Yun Qingrou's at all.

"I don't know what happened to you and your family, and I won't force you to tell me. However, I want you to know that you're not alone anymore. No matter what happens to you in the future, remember that I am your backer. I will always stand by your side." Yun Lintian looked at his first disciple and said sincerely.

Yun Chenyu was moved when she heard this. Her heart was touched by an inexplicable feeling she had never felt for a long time.

Immediately, tears welled in her eyes, and she threw herself into her master's arms, crying wholeheartedly.

Yun Lintian was slightly surprised and gently patted her back. He had forgotten then she was a young girl after all. It must be very hard for her to hold it until now.

He didn't speak and let her cry her heart out while thinking about his past. After he lost Xia Yao and his brothers, he was still lucky to have Lei Hao accompany him afterward. To say that he was lonely wasn't entirely correct.

When he came to this world, he was fortunate enough to have Yun Qianxue and the others by his side. Compared to Yun Chenyu, who lost her parents since young, he was much luckier.

A while later, Yun Chenyu stopped crying and left his embrace. "I'm sorry, Master."

Yun Lintian patted her head and said. "What are you apologizing for? There's nothing wrong with it. If you want to cry, just cry."

Yun Chenyu pursed her lips, and an entangled look appeared in her eyes. She was hesitant for a while and said. "My enemy is the Myriad Pill Palace. Especially Du Xiaotian."

Yun Lintian's brows raised slightly. It was as he had expected. Her family must have something to do with alchemy.

He smiled and said. "So, you want to take revenge?"

Yun Chenyu nodded with a hint of deep hatred flashing through her eyes. "I want to kill him by myself."

"You will." Yun Lintian said confidently. How could his disciple be inferior to Du Xiaotian? In the near future, she could certainly kill him with a flicker of her finger.

He paused for a moment and asked. "You suspect that your parents are still alive?"

Yun Chenyu nodded and then shook her head. "I am not sure myself. Back then, they hid my brother and me in a slum outside the Azure Ancient City and went missing. My brother was too young and couldn't endure the illness..."

As she spoke to this point, tears welled up in her eyes once again.

Yun Lintian pulled her over and hugged her gently. "It's okay. You are still alive. You will definitely avenge your brother later."

"Mhm!" Yun Chenyu replied firmly while sobbing.

"Myriad Pill Palace, huh? It's just happened that your master also has grudges against them." A cold glint flashed through Yun Lintian's eyes as he said this.

Du Huanfeng kept harassing him many times, and he missed a chance to kill him every time. When they met again next time, he would do everything to ensure he could kill this cockroach completely.

"Oh? You don't even spare your little disciple? Are you that hungry?" Suddenly, a teasing voice resounded from behind, and Zuo Jinlan walked over.

Yun Chenyu quickly left Yun Lintian's embrace and looked at the newcomer coldly.

Yun Lintian turned around and asked. "Is it time?"

Zuo Jinlan clicked her tongue. She had tried to seduce this man during these two weeks, but he always gave her an unapproachable stance. This made her wonder why those beauties around him were willing to be with such a boring man.

She nodded and said. "It's time. This time, you don't have to pass through the other two villages."

Yun Lintian's brows raised slightly in surprise, but he didn't ask anything. After all, she must have the means to go directly to the Boundless City.

"My people have already waited for you over there. You don't have to do anything when you reach the Boundless City." Zuo Jinlan said and led Yun Lintian to her residence. "However, I must remind you of one thing. Do not offend the guards of the Central Ruins."

"Why?" Yun Lintian asked.

"They are the Boundless Desert Emperor's direct subordinates. In the past, many people tried to bypass or bribe them. All of them ended up dead mysteriously." Zuo Jinlan explained. "I know you are strong, but it's unnecessary to be enemies with them."

"Why would I?" Yun Lintian shrugged slightly.

"Just in case." Zuo Jinlan smiled faintly.

Soon, everyone gathered inside the hall, and Zuo Jinlan immediately tapped on a bookshelf on the side. Instantly, the bookshelf moved to the side, revealing a passage behind it.

"Follow me." Zuo Jinlan said and walked into the passage, followed by Yun Lintian's group.

They walked for a minute and arrived at a spacious hall with a teleporting formation at the center.

Zuo Jinlan gave the nod to her people and said. "It's time. Everyone get inside."

Yun Lintian didn't say anything and brought everyone into the formation.

"I wish you good luck." Zuo Jinlan said with a charming smile and activated the formation.

Immediately, Yun Lintian and the others were enveloped with white light and disappeared from the place.

Chapter 1090 Suspicion

The white light disappeared, and everyone in Yun Lintian's group found themselves standing in a simple hall with four men waiting for them.

"Welcome to the Boundless City. Follow me." One of the four men, who had a bulky build stepped forward and said to Yun Lintian.

Yun Lintian and the others didn't say anything and followed the four men out.

Soon, they were led to another spacious hall with a long table in the center. A middle-aged man with a calm expression was sitting there, looking at Yun Lintian's group while nodding slightly.

"Please take a seat." The middle-aged man said and beckoned everyone to sit down. "My name is Dong Linwu. The deputy leader of the Nether Flame Group."

Yun Lintian and the others sat down and waited for Dong Linwu.

"I have long heard about you. Look like the rumor is not exaggerated at all." Dong Linwu said calmly. He said this because his intuition told him that Yun Lintian was extremely dangerous, and he was always right when it came to this.

Yun Lintian smiled and asked. "I wonder when I can go to the Central Ruins?"

"You have to wait for the competition ends." Dong Linwu replied. "This cannot be helped. It's a rule, after all."

He said further after a slight pause. "I have arranged a place for everyone. You can rest here with peace of mind. If you're bored, you can go to the arena later. The winners will be your opponents in ruins. There's no harm in getting to know them first."

Dong Linwu glanced at the four men and said further. "These four will go with you. Oh, please don't misunderstand us. We are not monitoring you or something. They have entered the ruins a few times, and we believe they can provide you accurate information than us... It's also fine if you don't want them."

The four men looked at Yun Lintian calmly, but a trace of disdain could be seen in the depths of their eyes. Especially the bulky man. This person was openly looking down on Yun Lintian's group from the beginning until now.

"Then we don't need their help." Yun Lintian replied instantly.

"Arrogant." The bulky man snorted coldly. "I want to see how long you can survive inside."

Yun Lintian looked at him with a faint smile. "Whether I am arrogant or not, it has nothing to do with you. On the contrary, if you're really that good, your leader won't have to come to me in the first place."

The four men's eyes flashed with anger upon hearing this. They were about to say something but were interrupted by Dong Linwu first.

"It's settled." Dong Linwu said and clapped his hands. Immediately, two female servants walked in and stood on the side.

"They will bring everyone to your room."

Yun Lintian nodded and followed the servants out without giving the four men a second glance.

Watching them leave, the bulky man's face darkened as he said. "Vice-leader, I don't understand why we have to flatter them like this. What's more, those rumors are the rumors, after all. No one knows the truth."

His name was Tao Zhen, a top expert of the Nether Flame Group.

"Zuo Jinlan has confirmed it already during this period. And I can feel a threat from him as well. Moreover, don't you think the man in the gray robe looks familiar?" Dong Linwu said calmly.

The bulky man, Tao Zhen, frowned slightly, and suddenly, his eyes widened in shock. "He's..."

Dong Linwu nodded. "I just got the news that something was going on inside the Divine Thunder Palace."

Zuo Jinlan suspected Lei Zhenxiang's identity when she first saw him. After a round of investigation, she was certain he was the Divine Thunder Palace Mater, Lei Zhenxiang.

Meanwhile, Dong Linwu had met Lei Zhenxiang before, but the latter probably couldn't remember or see him. Such a person actually followed a young man named Yun Lintian. This could explain a lot of things.

Dong Linwu glanced at Tao Zhen and said with a serious expression. "So, you should restrain your temper. At least you have to wait until everything is done."

"I understand." Tao Zhen took a deep breath and said.

"I hope so." Dong Linwu said and got up, walking out of the hall.

\*\*\*

"He looks familiar. I think I have seen him somewhere before." After arriving at the room Dong Linwu prepared for everyone, Lei Zhenxiang spoke in doubt.

"Honestly, I have never heard about a group called Nether Flame before. They must have another name in the outside world." Lei Feifei expressed her thoughts.

Her Black Wings Group was famous and had a wide range of connections. If the Nether Flame Group was that powerful, she must have heard about them, but this was her first time hearing this name.

"They should be a newly established group. I had never heard about them during my visit a hundred years ago." Qin Wuji said. "The Boundless Desert Emperor has existed for thousands of years from what I know, but this is the first time I heard about the so-called competition."

He was puzzled as he spoke. "And I only know now there is such a place called Central Ruins. There wasn't anything about it back then. No matter how I think of it, this matter is too strange."

Gong Yanhong frowned slightly and said. "Could it be the so-called Boundless Desert Emperor encountering a mishap inside the Central Ruins, and he wants people to help him get out? Anyway, only he can reach that place."

Yun Lintian had also thought about this before, but he denied it. He didn't think someone who could control this place stuck inside the ruins. It was more like he was waiting for someone to find him.

During this period, Yun Lintian talked with Lauya and Hongyue about the possibility of The Earth giving birth to a spirit body like Qingqing, but both denied it confidently. As for what reason, they didn't tell him directly.

This meant this emperor was a person who had nothing to do with The Earth in the first place. Perhaps he was just a lucky guy.
