

## **Myth Beyond 1251**

### Chapter 1251 Reunion Of Two Lifetimes (1)

"How many times have they attacked us during my absence?" Yun Lintian asked.

"This is the third time," Yun Huanxin replied. "It's a lot lesser compared to the Central Continent."

"Have you ever found their base?" Yun Lintian asked further.

"I have been investigating, but nothing can be found so far. It's like they have a secret channel to send their troops over." Yun Huanxin said with a frown.

Yun Lintian glanced at the profound beasts below and expressed his opinion. "These beasts are nothing but ordinary soldiers. I don't think they have ever sent their main force over. Obviously, their goal is just keeping us busy here."

He paused briefly and said. "I think it's time for us to take the initiative to attack."

Yun Huanxin was surprised to hear this. Usually, Yun Lintian would be very cautious when he did things and rarely took a risk. Why did he suddenly want to let everyone plunge into the Endless Sea?

Yun Lintian waved his hand and said. "Let's go back first. We will talk with everyone and make a decision again."

Yun Huanxin nodded and shouted to Fu Tianya. "I'll leave this place to you."

Fu Tianya raised his head to look at her and then at Yun Lintian. A trace of astonishment could be seen in his eyes as he noticed Yun Lintian's strength. The last time they met, Yun Lintian was only at the Origin Profound Realm and could barely face Lei Jun... What kind of monstrous progress speed was this?

He came back to his sense and quickly said. "No problem, Elder Yun."

Yun Huanxin nodded and controlled the skyship toward the Moon Garden under Fu Tianya's gaze.

\*\*\*

The inland area was calm and peaceful compared to the coastal region as if the continent had never faced any profound beast tide.

Along the way toward the Moon Garden, Yun Lintian saw many villages, towns, and cities become more prosperous than the last time. It was even several times better than the past before the first round of invasion.

Moreover, Yun Lintian didn't see any bandit camps so far, which meant the livelihood of the people on this continent had reached an extremely high level that they were no longer interested in becoming a bandit anymore.

Soon, the Moon Garden appeared in Yun Lintian's line of sight. At this moment, Yun Qianxue and Han Bingling had already been waiting in the distance. When they saw the skyship approach, they quickly rushed over and landed on it.

"Sorry for making you worried." Yun Lintian said apologetically. He knew that they should be very anxious during his absence.

"Welcome back." Han Bingling said softly, looking at her man, who seemed to grow taller with affection.

On the side, Yun Qianxue didn't say anything, but her smile said it all. The worries in her heart completely disappeared at this moment.

Yun Lintian gave them a light hug and asked. "How's the situation? Has everyone settled?"

Han Bingling replied. "The Shen Clan has already settled down in the divine city, and because of them, the city has expanded again. At the same time, the Divine Phoenix Palace has sent people over to live here, preparing for the worst scenario."

Yun Lintian was surprised and hurriedly asked. "How's the situation over there?"

"Although a few Divine Ascending Tribulation Realm beasts had appeared, they were forced back by Senior Nantian herself. And with Lord Divine Phoenix standing behind, there should be no problem." Han Bingling explained.

"As for the Eastern Continent. Surprisingly, their situation is similar to ours. It seems the Poison Valley doesn't focus on them much."

"I see." Yun Lintian nodded slightly. Looked like there was no major event happening during his absence.

Soon, the skyship landed on the Moon Garden, and Yun Lintian asked while walking down. "Where's Xinyao?"

Yun Qianxue and Han Bingling were surprised to hear him call Lin Xinyao by her name. They glanced at each other, seemingly knowing what was going on.

"She should be nearby the waterfall at this moment." Han Bingling replied softly.

Yun Lintian grabbed her arm and said gently. "Sorry. I know that I have been away for a long time. I will make up for you later. I really have something important to talk to her about."

Han Bingling curled her lips and said. "Go. I'm not a clingy little girl. There's no need to worry about me."

Yun Lintian was taken aback and asked suspiciously. "Are you perhaps knowing something?"

Han Bingling patted his arm and said. "I don't know what's going on between you two, but I believe that she treats you as the most important person in her life. Even I, her master, cannot be compared."

Yun Lintian took a deep look at her and said. "I'll explain about it later."

Han Bingling nodded and waved her hand. "Go."

Yun Lintian didn't say anything and quickly walked toward the waterfall behind his residence.

"It seems he finally realizes it." Han Bingling said.

Standing on the side, Yun Qianxue stared at Yun Lintian's disappearing back with a trace of longings in the depths of her eyes.

\*\*\*

Yun Lintian impatiently walked toward the waterfall. With each step he took, his heartbeat was beating even faster. Countless scenes in the past kept replaying in his mind. His emotion and longings could not be controlled anymore.

Soon, he saw a beautiful figure sitting in the pavilion, looking at the waterfall in a daze. Warm sunlight reflected on her face, making her incomparably beautiful face even more radiant. It was a breathtaking scene that almost took Yun Lintian's soul away.

Although Lin Xinyao's appearance wasn't the same as the Xia Yao he knew, Yun Lintian could perceive the same feeling from her. It was something he had overlooked in the past.

Tat!

Lin Xinyao heard a sound from behind and turned to look over. Her eyes froze briefly upon seeing it was Yun Lintian before relaxing.

"You are back." She said softly.

Yun Lintian seemed to be spellbound by a simple sentence from her. However, his step didn't slow down in the slightest as he walked into the pavilion.

Lin Xinyao was startled by Yun Lintian's action and got up from her seat.

However, Yun Lintian had already pulled her into his arms before she could say anything, causing her body to stiffen.

"Yaoyao... Are you my Yaoyao?" Yun Lintian's choking voice resounded in Lin Xinyao's mind, making her eyes widen in shock.

Chapter 1252 Reunion Of Two Lifetimes (2)

"You... You know?" Lin Xinyao asked uncertainly. Her eyes darted from side to side as she couldn't bring herself to believe it.

"Yes. I know that you are my Yaoyao." Yun Lintian hugged her even tighter as he spoke. He thought that parting last time would last forever. It seemed heaven took pity on him, giving him a second chance to meet her again.

This time, he would never allow her to leave him again.

Lin Xinyao's stiff body relaxed immediately, and the confusion in her eyes also vanished. Tears gradually flowed along her cheeks as her hands grasped his back tightly.

"I miss you." She said in a trembling voice and buried her head in his neck.

"You have no idea how much I miss you in these twenty years." Yun Lintian said softly. "But it doesn't matter now. I would never let anything happen to you again."

"Mhm." Lin Xinyao responded with a hum and was immersed in the familiar warm embrace.

In the distance, Linlin, Qingqing, and Mumu looked at the scene with gusto. Especially Mumu, who seemed to understand this aspect more than the other two. She sighed softly and said. "Finally. No more taking turns left and right."

"Why are they hugging each other and crying? Is Big Brother Yun sad?" Qingqing tilted her head in confusion while stuffing sugar-coated fried dough sticks into her mouth.

"I don't think so. This should be something called a tear of happiness." Linlin said softly. Although she didn't understand the emotion of the two, she could guess something.

"Tear of happiness?" Qingqing was even more confused.

"Go, go. We shouldn't stay here." Mumu said and dragged Qingqing and Linlin away.

Yun Lintian and Lin Xinyao embraced each other for a long time before parting.

He wiped the tears out of her eyes and asked softly. "Why don't you tell me since we first met?"

Lin Xinyao smiled and said. "My memory hadn't awakened yet at that time. How could I possibly tell you?"

"Oh? When is it then?" Yun Lintian asked.

"It was during the Frozen Moon Mythical Realm's exploration." Lin Xinyao answered. "It was Princess Hongyue who awakened the memory inside me."

"I see..." Yun Lintian nodded gently.

Looking at her peerless countenance, Yun Lintian couldn't help kissing her directly.

Lin Xinyao was momentarily taken aback before closing her eyes and responding to him.

After a while, their lips separated, and the two continued to look at each other before Yun Lintian carried her into the house nearby.

\*\*\*

Inside a gorgeous hall made of multi-colored jades, Murong Xue was kneeling in front of an altar with a light curtain above it.

On the curtain displayed a woman with her facial features blurred. However, one could feel her majestic aura. Without a doubt, she was someone with a prestigious status.

The woman seemed to look at Murong Xue and said. "Your progress has improved a lot, Xue'er. It seems you are very diligent during this period."

"Thank you for the compliment, Your Majesty." Murong Xue responded respectfully.

"I told you before that you should call me grandmother when we are alone. I don't mind it." The woman said in a helpless tone.

Murong Xue smiled and said. "It's not appropriate. Please understand it, Your Majesty."

The woman displayed on the light curtain was the founder of the Endless Dream Dancing Hall as well as Murong Xue's genuine grandmother, Endless Dream God Emperor.

The woman sighed softly and didn't linger on this topic further. She asked. "How's he?"

Murong Xue lowered her head slightly and replied. "He's doing well. From our people, his strength has already reached the eighth level of the Divine Ascending Tribulation Realm. As for his power ceiling should be on the same level as the peak of the Divine Foundation Realm."

"Fighting across a whole realm while he hasn't shredded his mortal physique yet... As expected from his successor. He doesn't lose his master's face at all." The Endless Dream God Emperor said with a soft sigh.

She and the Beyond Heaven King could be considered close friends. In the past, both of them often drank and enjoyed the music together. Unfortunately, something had happened first, and the Beyond Heaven King had disappeared from then on.

However, before he left, he told her about this Azure World and entrusted her to take care of his future successor. Because of the Dragon Sealing Formation, it was impossible for her to enter this world by herself.

Ultimately, she managed to send her newly born daughter, Murong Ziwei, over along with her servants to establish the Endless Dream Dancing Hall and waited for his successor to show up.

As time passed, her daughter fell in love with a man and gave birth to Murong Xue. As for the man, he had unfortunately passed away before he could see his daughter.

Naturally, the Endless Dream God Emperor was enraged when she heard about the news. How could her daughter fall in love and even have a daughter with a man from the lower realm?

However, she managed to calm down in the end after seeing Murong Xue. After all, it was her responsibility as she selfishly sent her precious daughter to the lower realm without thinking of this aspect.

The Endless Dream God Emperor thought for a moment and said further. "The spatial tunnels are going to open soon. Those bastards have been preying on this moment for a long time. They will definitely send their people over as fast as they can."

"I will send our people to intercept them and take you and your mother back."

She paused briefly and continued. "From your report, I believe that there's someone from the Divine Realm guiding him by his side. Although I don't know who this person is, he or she must be my acquaintance. With this person by his side, he should be aware of what's coming already."

"However, you should remind him again that he has three months left at most. The tunnels could be opened at any moment from now on."

"Understood. I will tell him after this." Murong Xue said with a serious expression.

"I heard that you have a few close sisters. You can ask them whether they want to come here. I can provide them the best resources." The Endless Dream God Emperor said.

Murong Xue was surprised to hear this and quickly said. "Thank you, grandmother."

"You are willing to call me grandmother now?" The Endless Dream God Emperor teased.

Chapter 1253 Grateful

Murong Xue smiled and said. "Please don't tease me, Your Majesty. It's because I know that you are willing to take care of my sisters because of our relationship. That's why I said that to thank you on their behalf."

"What should I do? My granddaughter has learned to deceive me at such a young age." The Endless Dream God Emperor chuckled.

She changed the topic. "I also heard that old woman has been avoiding him recently. At least she knows her limit this time. Otherwise... Hehe."

Hearing this, Murong Xue didn't say anything. The woman her grandmother spoke of should be the Red Lotus Dancing Hall's founder, the Red Lotus God Emperor.

The relation between the two could be described as fire and water. They would clash every time they met.

Unlike the Endless Dream God Emperor, the Red Lotus God Emperor's purpose in sending people here was to find the Beyond Heaven King's legacy. That was why their hall master candidates like Li Na were sent to explore various mythical realms over the years.

However, they later learned that Li Na got into a conflict with Yun Lintian, whose suspected to be the Beyond Heaven King's successor. Instead of sending people to hunt him down, the Red Lotus God Emperor ordered them to avoid him as much as possible.

From her stance, the Endless Dream God Emperor knew that she was afraid of Yun Lintian's revenge, which was understandable. After all, the Red Lotus God Emperor knew how scary Yun Lintian's potential was. It was better to stay away from him so that she could avoid being attacked from both sides.

Buzz—

Suddenly, the light curtain shook slightly, and the image of the Endless Dream God Emperor blurred for a second before returning to its original state.

"Ah... This Dragon Sealing Formation is really annoying." The Endless Dream God Emperor said in dissatisfaction. She had spent a ton of resources to make this connection, but it could only last for a few minutes.

She looked at her granddaughter and said. "It seems we have to end here. Don't forget to remind him."

"Understood." Murong Xue responded calmly.

"Take good care of yourself. Someone will contact you as soon as the tunnel opens." The Endless Dream God Emperor said softly before the light curtain disappeared.

Murong Xue slowly got up from the ground, and her eyes turned sharp.

She took a transmission jade out and said. "Big sister, I'll have to trouble you to contact our junior brother. He should return to your side by now."

\*\*\*

Yun Lintian opened his eyes in a daze as the warm sunlight shone through the window and landed on his face.

When he glanced at his side, Lin Xinyao's figure was nowhere to be seen.

Recalling the crazy scene last night, a smile emerged on his lips. He was certain that she was the Xia Yao he knew.

At this moment, the door was opened, and Lin Xinyao walked in with a porridge tray in her hand.

Seeing Yun Lintian smirk at her, Lin Xinyao rolled her eyes and said. "What are you looking at?"

Yun Lintian chuckled and got into a sitting posture. "Why are you bringing the porridge to me? I'm not the one who lost blood last night."

Lin Xinyao wasn't embarrassed by Yun Lintian in the slightest, as they had known each other for two lifetimes. In any case, they were no different from an old husband and wife.

She placed the tray on a small table beside the bed and handed the porridge to him before saying. "Hurry up and eat it. Your senior sister is waiting outside."

"Sister Yingyue?" Yun Lintian drank a mouthful of porridge and asked.

Lin Xinyao nodded. "Where are you going next?"

Yun Lintian took another mouthful and replied. "I'm going to the Chaotic Sea Region next. Although it's not as dangerous as before, I plan to go there alone."

He finished the porridge and placed the bowl on the table. A trace of surprise appeared in his eyes when he looked at Lin Xinyao this time.

"Your strength...?"

Yun Lintian was surprised because Lin Xinyao's strength had somehow reached the sixth level of the Monarch Profound Realm, as she was only at the peak of the Saint Profound Realm last night.

Lin Xinyao smiled and said. "Should I say thank you for moisturizing me last night?"

Yun Lintian was taken aback and laughed. "I see. This is the so-called dual practice, huh?"

"Maybe," Lin Xinyao replied. "When I woke up, my strength had already become like this."

Yun Lintian nodded and grinned evilly. "It seems we have to practice diligently from now on."

Lin Xinyao rolled her eyes and said. "You should visit my master tonight. I can see that she misses you very much."

păndă Ёovê1,còM Yun Lintian suddenly felt guilty when he thought of Han Bingling.

Seeing this, Lin Xinyao patted his hand and said. "You don't have to feel sorry for me. I've told you before that you should take care of people who love you. Just like Yang Ningchang and Lynn back then."

"I am willing to share you with her."

Yun Lintian was relieved after seeing that she didn't mind about it. He said jokingly. "Why do I feel like I am a pretty boy raised by you all of a sudden?"

Lin Xinyao pinched him and said. "Go, go. Sister Jian has been waiting for a long time now."

Yun Lintian suddenly pulled Lin Xinyao over and kissed her deeply. He didn't forget to knead her elastic buttocks while doing so.

A while later, Lin Xinyao pushed him away and said annoyingly. "Get out!"

"Why are you so shy?" Yun Lintian teased before hurriedly jumping out of bed to avoid Lin Xinyao's slap and rush out of the room.

"This guy..." Lin Xinyao shook her head with a smile. Her eyes were full of love and affection as she watched Yun Lintian rush out.

A moment later, she took a deep breath and clasped her hands together while muttering in a low voice. "Thank you, God of Reincarnation. I don't know if you exist, but I am extremely grateful to you for giving me a second chance to be with him again."

#### Chapter 1254 Departure

Inside the pavilion, Yun Lintian poured cups of tea for Jiang Yingyue and Long Feiyan.

"Your strength has improved a lot." Long Feiyan took the teacup and said.

Yun Lintian smiled and said. "Congratulations for stepping to the sixth level of the Monarch Profound Realm, Big Sister, Third Sister."

Jiang Yingyue smiled and said. "We are still far from you."

She took a sip of tea and said further. "Your Second Sister told me to send you the news. It was said the spatial tunnel would open in three months. At that time, a lot of people from the Divine Realm will come."

"Three months? How did she know?" Yun Lintian asked in doubt.

"Have you ever been curious about her background?" Jiang Yingyue asked.

Yun Lintian nodded and said. "From what I know, both Endless Dream and Red Lotus Dancing Halls originated from the Divine Realm."

Jiang Yingyue and Long Feiyan were surprised to hear this.

"So it's true." Jiang Yingyue said to herself. "She has never told me about it, but I guess she has a very high status among them."

"The news she got should come from her people from the Divine Realm."

"I see..." Yun Lintian nodded slowly and asked in his mind. "Hongyue, do you know about these two dancing halls?"

Inside the Land of Beyond Heaven, Hongyue frowned slightly upon hearing the question. She thought for a moment and said. "I know."

"Oh? Why did you hide it from me all this time?" Yun Lintian asked.

"It's not something you should pay attention to at that time." Hongyue curled her lips. "The Endless Dream Dancing Hall was founded by the Beyond Heaven King's friend, Murong Wenxue. She's a genuine God Emperor."

"Similarly, the Red Lotus Dancing Hall is created by the Red Lotus God Emperor, Hong Lian. Both of them could be considered a rival."

"Why did they appear here?" Yun Lintian asked.

păndă Ёovê1,còM "Mostly entrusted by the Beyond Heaven King. As for Hong Lian, her goal should be his legacy." Hongyue replied.

Yun Lintian suddenly recalled Li Na, whom he had molested. She was a member of the Red Lotus Dancing Hall and should have reported his existence to her superior long ago.

Why didn't she come after him? It was impossible for her to believe he had died in the Frozen Moon Mythical realm, right?

Moreover, his name resounded over the place. Her dancing hall should have noticed it already... There must be a reason they didn't come to him.

As if she saw through his thought, Hongyue said. "Hong Lian is a cautious person. She is probably afraid of your potential. After all, she had suffered under the Beyond Heaven King's hands many times back then."

"However, it's impossible for her to give up entirely. She is likely to wait and see first and find the right moment to deal with you... That's her nature. It won't change easily."

Yun Lintian tapped on the table, pondering about it. Once the spatial tunnel opened, he was certain there would be countless people pouring into this world. At that time, it was impossible for people here to resist them... He must find a way to prevent it.

"I know that it's unrealistic, but can we count on the Endless Dream God Emperor to stop some of the incoming enemies?" Yun Lintian asked in his mind.

"She won't be able to do much. At most, she can send her people over to protect or bring you away." Hongyue replied calmly. "You should get the Spatial Wheel as soon as possible. With it, you don't have to worry about them."

"I will leave today." Yun Lintian replied with a serious expression.

Seeing Yun Lintian fall into contemplation, Jiang Yingyue and Long Feiyan didn't say anything.

"Junior brother, can you let me out? I want to see our sisters." Nantian Fengyu's voice suddenly resounded in Yun Lintian's mind.

"I'll bring them in." Yun Lintian didn't hide the existence of the Land of Beyond Heaven from Jiang Yingyue and Long Feiyan anymore.

He summoned the Gate of Beyond Heaven and said. "Big Sister, Third Sister. Follow me to a place."

Jiang Yingyue and Long Feiyan were stunned by the sudden appearance of the gate. When they came back to their sense, Yun Lintian had already walked into it.

They glanced at each other and quickly followed suit.

Soon, the two of them were immediately greeted by the paradise-like scenery. Their eyes widened open in astonishment as they looked around.

"Big Sister Yingyue, Third Sister!" Nantian Fengyu flew over and landed before them.

"Fifth Sister?" Long Feiyan was surprised. "Where is this place?"

"This place is called Land of Beyond Heaven. It's our junior brother's private space. Come, I will bring you around." Nantian Fengyu said and dragged the two away.

Meanwhile, Yun Lintian went to see Hongyue to discuss something.

An hour later, Nantian Fengyu walked into the villa with Jiang Yingyue and Long Feiyan. The latter two had a better understanding of this place now, but they still couldn't believe such a miraculous place actually existed.

Seeing they were coming, Yun Lintian asked. "Sisters, I will go to the Chaotic Sea Region alone later. Do you want to stay here or go back?"

"I'll stay here. I will take this chance to go back to the Divine Phoenix Palace too." Nantian Fengyu responded.

Jiang Yingyue hesitated briefly and said. "I will go back. Master needs me."

"I will go back as well." Long Feiyan said. "Although the environment here is good, the Moon Garden is not much inferior. I will go there when I want to practice."

"Alright. Let's go." Yun Lintian nodded and brought the two out.

\*\*\*

"Are you leaving again?" Inside the room, Han Bingling rested her head on Yun Lintian's chest and asked. Her face was rosy as they had just finished a special training.

"Yes. The situation is too urgent. I make a special trip back here just for you." Yun Lintian replied while caressing her slender waist.

"For me? Where were you last night, then?" Han Bingling curled her lips.

Yun Lintian smiled awkwardly and said. "I will explain it to you later."

"I'm just joking. You don't have to be nervous." Han Bingling chuckled and got off the bed before putting her clothes on.

Yun Lintian looked at her fiery figure tenderly and said. "I'll make it up for you when I come back."

Han Bingling arranged her hair and said. "Go. I will see you off."

Chapter 1255 Old Acquaintances (1)

"It seems the Southern Continent is doing well." Standing on the skyship, Yun Lintian looked at the vast territory below thoughtfully.

Although some places were destroyed, the majority of the inland areas were basically safe and sound. Obviously, the profound beast tides didn't make them suffer much.

"Yes." Nantian Fengyu nodded in agreement. She didn't show anything on the surface but was extremely relieved in her heart upon seeing this scene.

After leaving the Northern Continent, Yun Lintian went through the grand teleporting formation and arrived at the Southern Continent in one go. The two were currently heading toward the Divine Phoenix Palace.

"Hmm?" Suddenly, Yun Lintian saw a few familiar figures in the town below. They seemed to confront another group of people.

These people were the Plum Mountain Sect's Saintess Tong Liya and the Driftsnow Pavilion's Xue Lou'er. The one they were confronted with was Situ Yuanzhi, who was slapped by Yun Lintian in the past.

Yun Lintian was surprised to see Situ Yuanzhi here as he remembered he had destroyed his Yang Gate back then. It seemed the Great Earth Sect spared no effort to treat him in the past years.

"Situ Yuanzhi, you better stop making trouble here." Xue Lou'er said coldly.

Situ Yuanzhi smiled nonchalantly and said. "Xue Lou'er, which eyes did you use to see I am making trouble here? I am obviously helping everyone."

"Helping everyone? By robbing innocent people's food?" Xue Lou'er was furious and couldn't wait to punch the man before her.

Since the invasion from the Poison Valley started, everyone in the Southern Continent responded to the Divine Phoenix Palace's call and participated in the war. An army consisting of practitioners from the lowest realm to the Monarch Profound Realm was formed.

Because the practitioners below the Origin Profound Realm still needed food to maintain their bodies, the army's rations had become extremely crucial.

Since many coastal cities that played a great role in trading resources had been destroyed and would take a long time to recover. The Southern Continent's army started to suffer resource shortages over the year. Especially rations.

Now, Situ Yuanzhi tried to solve the problem by robbing food from ordinary mortals in the name of the army. This made Xue Lou'er and Tong Liya enraged when they knew about it.

"Why? Are they more important than the army?" Situ Yuanzhi chuckled. "Without us, they would have become those beasts' food by now. Don't you think they should contribute something?"

When the words came out, many ordinary people nearby were so angry, but they didn't dare to utter a sound. They could only place their hope on Tong Liya and Xue Lou'er.

"Also, don't try to act like you are a good person, Xue Lou'er. Do you want me to say about those nasty things you did back then?" Situ Yuanzhi said mockingly.

"You!" Xue Lou'er's face flushed red in anger and shame. She had done many bad things in the past but had completely changed her mind and behavior now. However, the past was the past, it was not a thing she could erase it.

Tong Liya looked at Situ Yuanzhi and said solemnly. "There's no need to take their food. The Divine Phoenix Palace will send ration over in a few days."

"Would they?" Situ Yuanzhi's eyes narrowed slightly. "Since the war started, they appeared a few times to take the hard-won credit and disappeared. They don't care about us at all."

"That's right!"

"Yeah! They have never come to the front line!"

Many people behind Situ Yuanzhi started to shout along as soon as he finished his sentence. A fool could see they were bought by him.

However, the effect was working well. The ordinary people nearby began to whisper one by one. With their strength, Tong Liya and Xue Lou'er could hear that they seemed to believe in Situ Yuanzhi's words.

This matter could not be blamed on them. After all, they rarely met people from the Divine Phoenix Palace during this period.

Seeing this scene, Situ Yuanzhi smiled coldly. He had already achieved the first step of ruining the Divine Phoenix Palace's reputation.

During these few months, he had been doing this in various places, and the results were pretty good. As long as he continued, people on this continent would soon distrust the Divine Phoenix Palace, and chaos would slowly emerge.

"Nonsense! They..." Xue Lou'er was about to retort, but she suddenly saw a man slowly descend from the sky. This person was naturally Yun Lintian.

Situ Yuanzhi's expression changed drastically when he saw Yun Lintian. A deep hatred flashed through his eyes as he glared at the latter coldly.

"Young Master Yun?" Tong Liya was surprised to see Yun Lintian here.

"It's been a while, Saintess Tong." Yun Lintian landed on the ground and greeted her gently.

He then turned to Situ Yuanzhi and said. "I didn't expect your Yang Gate to recover this soon. Your sect really loves you, heh?"

"Yun Lintian! How dare you appear in front of me again!?" Situ Yuanzhi said angrily. The uncontrollable hatred in his chest could no longer be suppressed.

"Capture him for me!"

As soon as Situ Yuanzhi shouted, the powerful practitioners behind him immediately rushed toward Yun Lintian. They were Situ Yuanzhi's bodyguards with the strength of the Monarch Profound Realm.

"Be careful!" Tong Liya and Xue Lou'er shouted and released their aura, trying to intervene.

At this moment, Yun Lintian chuckled and said. "I was thinking about an excuse I would use to kill you. Well, thank you for giving it to me."

Afterward, he simply waved his hand, and a golden cut immediately flashed in the air before him.

Rip—

The sound of blood splattering was so loud that it was nearly ear-piercing. The bodies of the seven people who rushed over split into four parts in the air. With their surging profound energy, all the blood in their bodies burst out like a fountain, and it rained down from the sky like a terrifying scene of bloody rain.

Bang bang...

A dull falling noise rang as several broken bodies fell in front of Situ Yuanzhi. A deathly silence immediately engulfed the scene.

Situ Yuanzhi, Tong Liya, Xue Lou'er, and the surrounding people were stunned on the spot, and their eyes gradually widened in horror.

Chapter 1256 Old Acquaintances (2)

"Y-You..." Situ Yuanzhi's entire body trembled as he looked at Yun Lintian in disbelief. He knew that Yun Lintian was strong, but no matter how strong he was, it was impossible for him the fight against seven high-level Monarchs at once.

However, the pile of flesh in front of him was the undeniable truth.

"Yes. What about me?" Yun Lintian said with a faint smile, but in Situ Yuanzhi's eyes, it was a smile of a devil.

"Don't come here!" Situ Yuanzhi subconsciously retreated upon seeing Yun Lintian walk over. "M-My master won't let you if you do something to me!"

"Your master? Why don't you call him over then?" Yun Lintian chuckled.

He didn't care about Situ Yuanzhi and looked at everyone. "Brother and sisters, this person acted on his own and has nothing to do with the Divine Phoenix Palace. His goal is obvious to all. He just wants to discredit them."

"Let me compensate everyone here." Yun Lintian waved his hand, and piles of wheat and other crops appeared in the vacant space nearby.

The surrounding people were shocked and then became overjoyed when they saw this. From now on, they won't starve anymore.

Yun Lintian turned to Tong Liya and said. "I'll have to trouble Saintess Tong to distribute them equally."

Tong Liya came back to her sense and hurriedly said. "Leave it to me."

Yun Lintian nodded and turned to Situ Yuanzhi. "Hurry up and call your master over."

Situ Yuanzhi was startled for a moment and became hesitant as he saw the confident look of Yun Lintian. However, he would undoubtedly die here if he didn't ask for help.

Gritting his teeth, Situ Yuanzhi took a transmission jade out and quickly contacted his master.

At this moment, Xue Lou'er walked to Yun Lintian's side and said with a serious expression. "You must be careful, Young Master Yun. Since Situ Yuanzhi has recovered, the Great Earth Sect's Supreme Elder has accepted him as a true disciple. According to the rumors, this person's strength has already reached the middle level of the Divine Ascending Tribulation Realm."

Yun Lintian smiled and said nonchalantly. "Thank you for telling me, but it doesn't matter. Even if his ancestor comes, he won't be able to escape death today."

Xue Lou'er was stunned by Yun Lintian's high confidence. She wanted to say something, but no word came out in the end.

In her impression of him, Yun Lintian wasn't a person who acted recklessly. Since he was so confident, it meant he had a trump card to deal with them.

Because Yun Lintian concealed his aura well, Xue Lou'er and the others had no idea about his realm. They could only guess that he was at the peak of the Monarch Profound Realm.

A while later, Yun Lintian noticed something and looked toward the sky. A white-haired old man clad in dark green appeared in his sight. With a glance, Yun Lintian could see his realm directly. This person was a fifth level of the Divine Ascending Tribulation Realm's expert.

This person was the Supreme Elder of the Great Earth Sect, Situ Xiang.

"Master!" Situ Yuanzhi shouted excitedly upon seeing the old man.

Situ Xiang didn't look at him. He frowned slightly and said to Yun Lintian. "You are Yun Lintian? Why did you kill my people?"

Yun Lintian chuckled. "Didn't your precious disciple tell you about it? They attacked me first, and I just protected myself."

Situ Xiang's face darkened when he heard this. Just as before he could say anything, his entire being was enveloped by a terrifying force.

"Also, I don't like someone talking while standing on my head. Get down." Yun Lintian said and waved his hand.

All of a sudden, Situ Xiang was pulled down from the sky and smashed heavily onto the ground with a bang.

This scene immediately shocked everyone.

Situ Yuanzhi's mouth opened wide in shock. He didn't expect his master to get defeated in one strike.

Xue Lou'er and Tong Liya were no different. They looked at Yun Lintian in astonishment. Previously, they thought Yun Lintian's strength was already powerful, but they discovered they still underestimated him.

"I thought your Great Earth Sect disappeared a long time ago. It seems the Divine Phoenix Palace is neglected on this matter." Yun Lintian said calmly.

"Ugh..." Situ Xiang got up from the ground. His current appearance was miserable beyond words.

He looked at Yun Lintian and wanted to say something. However, Yun Lintian had already pointed his finger at him, and a thick golden beam immediately shot out.

Situ Xiang's reaction was insanely fast. His entire body was instantly covered with earth armor before the golden beam could reach him.

Seeing this scene, Yun Lintian curled his lips and waved his hand, releasing a yellow light. In that instant, the earth armor on Situ Xiang's body decomposed and fell off.

Puff!

Situ Xiang's eyes widened in disbelief as the golden beam pierced through his heart, leaving a huge hole in his chest.

"You..." He looked at Yun Lintian in shock before falling to the ground with his last breath.

A deathly silence immediately blanketed the scene.

Indescribable shock and fear appeared on the faces of everyone. Everyone stared widely, and their pupils shrunk to their tiniest.

Situ Xiang... Great Earth Sect's Supreme Elder, the legendary figure of the Southern Continent... had died just like that!?

"You..." Situ Yuanzhi pointed toward Yun Lintian. Anyone could see his whole body shaking uncontrollably, and his pant was soaking with a yellow liquid.

"You what? Is that the only word you can say?" Yun Lintian turned to look at him and asked with an annoyed look.

"Finish him already, junior brother. We have to go back soon." At this moment, Nantian Fengyu descended from the sky with Linlin and Qingqing.

Her appearance immediately brought Xue Lou'er and Tong Liya back to their sense.

"We greet True Successor Nantian." The two quickly saluted.

Nantian Fengyu casually nodded at them and looked at Situ Yuezhi in disgust. "He's actually peeing his pants?"

Yun Lintian chuckled and said. "Well. Let's finish this joke."

He was willing to waste time here because he wanted to bait a big fish like Situ Xiang out. Now, the goal had been completed. There was no need to waste time further.

Afterward, he casually waved his hand and cut Situ Yuezhi in half.

Chapter 1257 Chaotic Sea Region (1)

When Tong Liya returned to her sense, she quickly said with concern. "Be careful, Young Master Yun. I know you're strong, but the Great Earth Sect has existed for many years. Their foundation is very solid. I'm afraid they will come after you soon."

"That's what I am waiting for." Yun Lintian replied with a smile. "If they are coming, tell them to find me directly. I'll be waiting in the Divine Phoenix Palace for a day."

Tong Liya went silent for a while and said. "Understood."

Yun Lintian didn't say anything further. He turned around and left with Nantian Fengyu under everyone's gaze.

"His strength... I really don't know how he did it." Xue Lou'er muttered as she watched Yun Lintian fly into the sky.

"I know that the gap between him and I is huge, but I don't expect it to be this massive." Ton Liya said in a helpless tone.

During this year, Tong Liya had been practicing diligently every day. She thought she could catch up to Yun Lintian from a distance, but the reality was entirely different... It was impossible to catch up to him in this lifetime.

\*\*\*

"Your strength... I can't find a word to describe it." Inside the spacious hall, Nantian Xuanyu looked at Yun Lintian with a soft sigh.

The scene where she met Yun Lintian for the first time was still vivid in her mind, like yesterday. And now, his strength had already surpassed her by miles. She didn't know how to feel anymore.

On the side, Nantian Xiulan was relatively calm. Although she was surprised, she found it easier to accept.

"Are you planning to enter the Chaotic Sea Region?" She asked.

Yun Lintian took a sip of tea and replied. "Yes, Senior. I plan to go there alone. It would be better if I could find Yin Weizhe."

Nantian Xiulan nodded and said. "You must be careful about him. Yin Weizhe in the past might not be your opponent, but we have no idea how he is right now. After all, he's someone who can live inside a place full of spatial turbulences this long."

"Understood." Yun Lintian responded with a serious expression. Of course, he wouldn't underestimate Yin Weizhe just because his strength had reached this level.

"Can I go with you, Brother Yun?" Sitting on the side, Yang Chen asked.

His strength had already reached the first level of the Saint Profound Realm in just one year. It all thanked the perfect environment the Divine Phoenix prepared for him. Coupled with the Sun God Divine Art he practiced and his True Fire Physique, it would be strange if his progress speed was slow.

Yun Lintian shook his head. "It's not that I am looking down on you, but your current strength is far from enough. Stay here and practice more. We only have two or three months left at most. At that time, I don't think you will have free time like this."

Yang Chen took a deep breath and nodded firmly. "I understand."

"Tell me. What you've got from the Golden Mountain?" Sitting in the main seat, Divine Phoenix asked. "Your bloodline has improved drastically. This is completely out of my expectation."

As she spoke, she also glanced at Nantian Fengyu, whose strength had already reached the second level of the Divine Ascending Tribulation Realm. Moreover, her bloodline's purity was almost comparable to hers.

"We met a Senior from the Divine Phoenix Clan. I don't know her name." Yun Lintian replied.

"Show me." Divine Phoenix asked impatiently.

Yun Lintian flicked his hand slightly, sending a profound light toward her.

The moment Divine Phoenix caught the light, a picture immediately emerged in her mind.

"It's her..." She muttered to herself. Everyone in the hall could perceive a trace of sadness in her voice.

Yun Lintian looked at her briefly and got up. "The situation is urgent. I will leave now."

"Oh, right. I have killed the Supreme Elder of the Great Earth Sect on the way. Maybe they will come knocking on the door later. Of course, if they have the gut."

Nantian Xuanyu frowned slightly and said. "I planned to eliminate them back then, but the profound beast hordes happened first."

Yun Lintian nodded understandingly. "It's fine to leave them for a while. Although they are not helping much, they still have some uses. Just keep an eye on them."

"Don't worry. I know what to do." Nantian Xuanyu said solemnly.

Yun Lintian looked at Nantian Fengyu and asked. "What about you, Fifth Sister?"

"I will go with you, of course." Nantian Fengyu wanted to come back here to see her hometown after being absent for a period of time. And now, she had already fulfilled her wish. She wouldn't stay here any further.

"Alright." Yun Lintian handed a few storage rings to Nantian Xuanyu and said. "There are various precious materials inside. You can use them at ease."

Nantian Xuanyu glanced at the storage rings, and her eyes widened in shock when she saw piles of rare resources inside. These things were definitely unable to find in this era.

She recovered and said. "Thank you."

Yun Lintian smiled and left with Nantian Fengyu, Linlin, and Qingqing.

Watching them leave, Nantian Xuanyu sighed. "I don't know why I feel at ease. With him here, it's like we will never lose, no matter what is coming."

Nantian Xiulan said with a smile. "That is a charm of a heaven-defying figure like him. His current strength is several times higher than Senior Yun's back then. It's normal for you to feel like this."

Nantian Xuanyu nodded and asked. "What's your opinion of the Great Earth Sect, Second Ancestor?"

A cold glint flashed through Nantian Xiulan's eyes as she said calmly. "It's time to clean the weed in our backyard."

\*\*\*

"So, this is the entrance?" Deep in the Endless Sea, Yun Lintian was floating in front of a black portal that was like a giant black hole.

In the past, this place was filled with spatial turbulences, and it wasn't easy to approach here. Now, they had disappeared entirely, leaving a calm sea behind.

"Young Master Yun." At this moment, two beautiful figures floated over and greeted Yun Lintian respectfully.

Yun Lintian looked at them in doubt. "You two are...?"

"Let me introduce ourselves. My name is Jin Ying. And she is Jin Yu. We came here to assist you under Hall Master Murong's instruction." The woman in blue said softly.

"Hall Master Murong? You mean my Second Sister?" Yun Lintian was slightly surprised.

Chapter 1258 Chaotic Sea Region (2)

"Yes." The woman in blue, Jin Ying, replied softly. Her soft and gentle voice could easily soothe one's soul. Even Yun Lintian's heart was disturbed slightly.

It could be seen how powerful her soul technique was.

On the side, the woman in white, Jin Yu, didn't say anything. Her magnificent eyes kept fixing Yun Lintian as if she wanted to see through him.

"How is she now?" Yun Lintian asked with concern. He hadn't seen Murong Xue for a long time and didn't know what she was doing.

"Hall Master is doing well. However, she has many things at hand currently." Jin Ying replied.

Yun Lintian nodded. "You two can go back and tell her I appreciate her goodwill, but I prefer to go alone."

Before Jin Ying could respond, Jin Yu frowned and said in dissatisfaction. "Aren't you too arrogant? Do you think you have become invincible after reaching level eighth of Divine Ascending Tribulation Realm?"

Yun Lintian's brows raised slightly as he looked at her. "Why did you think like that?"

Jin Yu scoffed. "It's all written on your face. You clearly think of us as burdens."

Yun Lintian shook his head with a faint smile. "I have never thought like that. I prefer to go alone because it's more convenient for me."

"Stop talking! Defeat me first, and I will leave." Jin Yu said coldly, and her aura erupted.

The air was violently torn apart as an eerie glow flashed, shooting toward Yun Lintian.

Yun Lintian frowned slightly. Jin Yu's aura obviously belonged to the second level of the Divine Foundation Realm. It was no wonder she was confident of beating him.

He pointed his finger at the incoming attack, and a sharp golden beam immediately shot out.

BOOM!

The attacks from both sides collided midair, causing the surrounding space to shake violently.

Clang!

In that instant, Jin Yu drew a long purple sword out as it seemed to crackle with purple lightning. The hum of a sword immediately reverberated throughout the space.

With the sword in her hand, Jin Yu's bearing changed dramatically. She was even more imposing and indifferent as her aura expanded around him, quickly filling the entire area.

Her towering momentum burst forth with the low, reverberating hum of her sword.

Woosh!

The purple sword in her hand stirred up a long illusory purple sword shadow, which shot ahead, piercing through the darkness like a sudden crack of thunder.

Seeing this scene, Linlin and Qingqing were dissatisfied and wanted to make a move, but they were stopped by Yun Lintian.

"Leave it to me." Yun Lintian said calmly. His eyes were full of composure without the slightest of agitation as he watched the purple sword shadow rush over.

Instead of dodging, Yun Lintian just stretched out and swept his right hand.

His movement looked simple and understated, yet it was as miraculous as if he'd swept aside the clouds and revealed the sun.

Roar—

At that moment, a powerful dragon's cry rang out as a water dragon emerged from Yun Lintian's hand, rushing toward the incoming sword shadow.

"Hmm?" Jin Yu's pupils constricted as she saw her sword shadow being swallowed by the water dragon.

She immediately changed her stance. If her earlier stance was like lightning streaking across the sky, her current stance was like a densely layered mountain range. It swept through the sea with no obvious weaknesses to exploit. Completely unshakeable!

However, Yun Lintian's hand moved just as before, with only one subtle change. This time, the pale skin of his fingertips emitted a dazzling golden light.

Clang!

A massive, deafening boom echoed when the sword and fingertip collided as the surrounding water stirred fiercely.

The seemingly invincible sword force from Jin Yu burst apart and disappeared as if it were made of soap bubbles.

Immediately afterward, Yun Lintian's palm opened and grabbed onto Jin Yu's wrist.

Crackle—

It was obviously just a light pull, as gentle as a drizzle in spring, yet Jin Yu felt like she was pulled away by a spatial rift. Her arm was instantly broken, producing a bone-breaking sound.

The purple sword was immediately blown away from her hand by the sea current.

Jin Yu groaned in pain but didn't completely lose her composure. While being grabbed by him, she quickly swept her leg toward Yun Lintian's abdomen. Her action was extremely swift and precise, to the point her leg left several afterimages behind.

Yun Lintian's eyes frosted when he saw this scene. This woman obviously wanted to cripple him.

His aura burst forth as he sent out a kick toward her incoming leg. His movement was twice faster and stronger, causing the surrounding water to burst apart.

BOOOM!

Jin Yu's face turned pale as Yun Lintian's kick landed on her leg. She could feel that all the bones in it were shattered into pieces directly.

At the same time, the momentum brought by Yun Lintian's kick sent her flying into a distance like a broken kite. Blood could be seen trailing behind.

Yun Lintian glanced at Jin Ying and said coldly. "Want to intervene?"

Earlier, before his kick landed, Yun Lintian could feel a strange force pressed down on his arm, causing him to let Jin Yu's wrist go. Otherwise, he could pull Jin Yu over and give her another blow instead of sending her flying like this.

Jin Ying waved her hand to help Jin Yu and then bowed her head toward Yun Lintian. "Please forgive her. She has always been dissatisfied with this mission, and her ignorance made her believe she could beat you."

"Now, she has been taught a lesson. I hope Young Master could Yun show kindness and let her go."

"You obviously saw what she tried to do earlier. If it wasn't for my Second Sister's face, she would be long gone by now." Yun Lintian said coldly. "What if I was weaker than her? Wouldn't I become a cripple by now?"

Jin Ying still didn't raise her head as she said. "I had prepared a countermeasure before she could land her attack."

"Do you think this is a satisfied answer?" Yun Lintian laughed coldly. He waved his hand and said. "Forget it. Go back and tell my Second Sister what I said before."

As he spoke, he immediately flew into the black portal, disappearing from Jin Ying's sight.

"Sister..." Jin Yu coughed up blood and said weakly.

Jin Ying looked at her miserable younger sister and said calmly. "Now you know there will always be a higher sky."

Jin Yu lowered her head immediately.

"Let's go back."

Chapter 1259 Chaotic Sea Region (3)

After passing through the black vortex, Yun Lintian found himself in an open space. Incomparably heavy and ancient, the air and aura within this place were completely different from that of the outside world.

With a single glance, they could see that the sky and the ground in this place were all shrouded in a gloomy shade of ash gray. This spread as far as the eye could see, painting a bleak picture of desolation that was hard to put into words.

"This place..." Yun Lintian's brows furrowed as he looked around. It was called the Chaotic Sea Region, but there was no water in this place. It was as if he had just stepped into a whole new world.

Just as Yun Lintian scanned the place curiously, the empty world abruptly lit up with a cluster of profound light. In the next instant, that profound light drew even nearer as it swiftly approached him.

It was a figure covered in a hazy black mist, making Yun Lintian unable to see that figure's face or body shape.

It seemed as if that figure was carrying a long thin spear in its hand, and even that spear was completely concealed within the black mist, so it was not possible to see its true appearance.

The black figure arrived a few meters away from Yun Lintian and didn't come to a halt. In fact, it didn't even slow down. Instead, a black afterimage trailed it as it flashed by, the spear in its hand directly thrusting toward Yun Lintian's heart.

In that instant, that still and silent space had completely transformed into an abyss of hell.

This attack was far too sudden, and it was as swift as a passing comet. Following the rapturing of a beam of black light, Yun Lintian was instantly thrown backward by tens of kilometers.

A cold glint flashed through Yun Lintian's eyes, and a storm rose up from his body before hurtling toward the black figure.

The black figure didn't defend or dodge that attack, instead it rushed straight into the heart of the storm. Following that, a huge black beam, which was several times more powerful than the previous one, flashed, and that storm was blasted away directly.

At the same time, the black beam pierced through space and smashed against Yun Lintian's body, once again throwing him backward fifty kilometers.

"Ugh..." Yun Lintian groaned slightly as he stabilized himself in midair. His white robe was torn and dyed red as blood seeped out of the wound on his chest.

"Big Brother Yun?" Qingqing and Linlin looked at him worriedly.

"I'm fine." Yun Lintian said while looking at the black figure in the distance with a frown.

The attack earlier had already reached the fifth level of the Divine Foundation Realm. And he believed this person's true strength was even stronger than that... Who the hell was he?

At this moment, the spear in the black figure's hand pointed toward Yun Lintian, and a black light flashed. That flash of light caused the surrounding space to tremble as an aura so cold it cut at one's heart firmly locked onto Yun Lintian.

Seeing this scene, the Heaven Piercing Sword immediately appeared in Yun Lintian's hand.

Clang!

Yun Lintian swung the sword in his hand toward the incoming black light. It was a simple attack, but the Heaven Piercing Sword arced like a golden ray of the sun, bursting with terrifying power beyond imagination.

BOOM!

The golden ray blasted the incoming black light away and continued to travel across space toward the black figure that was twenty kilometers away.

The black mist around the black figure suddenly shook and expanded out, forming a huge barrier.

However, the black figure had clearly underestimated Yun Lintian's attack. When it saw the golden ray pierced through the mist like a hot knife cutting through butter, it hurriedly brought the spear forward, trying to block it.

Rumble—

The impact crazily tore the space around the black figure as the golden ray blasted into it. The deafening collision echoed throughout the area as the black figure flew backward, then landed stably on the ground.

However, before it could do anything further, Yun Lintian had already arrived beside it while swinging his sword down toward its head. A golden brilliance trailed along, producing a beautiful golden arc.

The black figure hastily dodged, but Yun Lintian's sword was too swift, and the powerful suction force carried along the sword prevented him from moving away.

Puff!

The destructive power of the strike was too strong that the black figure was cut in half directly with no way to resist. With a plop, two piles of flesh immediately fell to the ground.

The black mist around the figure slowly disappeared the next moment, revealing a middle-aged man clad in black. Looking at his skin which was pale as a corpse, it was as if he hadn't touched the sunlight for ages.

"Human?" Yun Lintian looked at the corpse with a frown. He thought this person was a profound beast, but it didn't seem to be the case now.

"Do you feel something in this place? The aura here is different." Hongyue's voice resounded in Yun Lintian's mind.

Yun Lintian raised his head slightly and said. "Indeed... There's divine energy mixing in it. And its purity is very high."

"It should be brought out by the spatial turbulences here," Hongyue said. "Since this place is influenced by the Spatial Wheel, it's normal that the spatial rifts that had occurred here could connect to other worlds."

She paused briefly and said further. "I think I know how Mo Tian comes here now."

"You mean he's here?" Yun Lintian asked.

"Very likely. I can feel a trace of the ancient devil here." Hongyue replied.

Yun Lintian's face gradually turned solemn upon hearing this. He glanced at the corpse again and said. "His strength is not low, and it should be no problem for him to leave this place. Why would he stay here?"

"Moreover, the way he started to attack me. It was like he had no consciousness."

Thinking of this, Yun Lintian regretted it a bit. He should have crippled this man instead of killing him. Perhaps he could find a clue.

Chapter 1260 Unexpected Encounter

"There should be many people like him here... This is a good place for you to practice your hand." Hongyue said calmly.

"Can you locate the Spatial Wheel?" She asked.

Yun Lintian quickly closed his eyes and tried to capture the connection. However, he soon discovered the connection between him and the Spatial Wheel kept going up and down. It was as if the Spatial Wheel kept changing its position all the time.

"Did the Spatial Wheel have its own consciousness? I can feel that it seems to change its position constantly." Yun Lintian asked.

"No," Hongyue replied confidently. "Among the relics, the Spatial Wheel and the Crown are the only relics without a spiritual consciousness."

"As for why it keeps changing positions all the time, it's because of its nature."

"Its nature?" Yun Lintian was puzzled.

"That's right," Hongyue explained. "The Spatial Wheel is the ultimate artifact that can control the spatial element. It will constantly absorb and release the spatial element, which makes it travel from place to place."

"I see." Yun Lintian nodded slightly. "Wouldn't this mean there's a chance it may appear in front of me?"

"Mhm," Hongyue responded. "However, it should be weakened by something for a long time. Otherwise, this place wouldn't be this calm."

A strange light flashed through Yun Lintian's eyes as he said. "Perhaps it's Yin Weizhe or Mo Tian."

Just as Yun Lintian finished his sentence, a sense of danger arose in his heart, and he quickly executed the Shadow Step without hesitation.

As he disappeared from the place, a black thunder abruptly descended from the sky and struck his original position. The middle-aged man's corpse nearby was instantly burned into ashes.

Yun Lintian reappeared twenty kilometers away and glanced at the sky.

A pale old man who resembled a dried corpse came into Yun Lintian's sight. His entire body was covered with black lightning sparks, making him look devilish.

The old man slowly turned toward Yun Lintian, looking at the latter with his wholly black eyes. In that instant, several black lightning bolts abruptly struck down from the sky toward Yun Lintian.

Boom! Boom! Boom!

Yun Lintian swiftly dodged the lightning bolts with his Shadow Step while startling inwardly. Each strike of these lightning bolts seemed to threaten to destroy the world. It could be said this was the most powerful thunder strike he had ever seen so far.

"This... Divine Thunder Art?" Inside the Land of Beyond Heaven, Nantian Fengyu said in surprise as she looked at the scene.

"Divine Thunder Art? The Divine Thunder Palace's profound art?" Yun Lintian asked in his mind while constantly changing his position.

"Without a doubt." Nantian Fengyu replied firmly. Although she didn't care much about other things, as a true successor of the Divine Phoenix Palace, it was normal for her to learn the other palace's profound art.

"So, this old man might be the Divine Thunder Palace's member in the past, huh?" Yun Lintian said while stabbing his hand out. His aura surged as countless purple lightning sparks appeared around him.

Rumble—

All of a sudden, several purple lightning bolts shot down and immediately nullified the black thunders.

At the same time, Yun Lintian quickly arrived behind the old man and sent a punch toward the latter's head, aiming to knock him unconscious.

However, before his fist could reach the old man, a powerful burst of black lightning abruptly emerged around the old man and blasted Yun Lintian away.

In that instant, the old man turned around and reached his hand out. A black thunder claw suddenly emerged from the void behind Yun Lintian, trying to tear him apart.

Just as the claw was about to touch Yun Lintian, his figure suddenly disappeared from the place, leaving an afterimage behind.

The old man shook slightly and moved sideways, trying to escape.

Swoosh!

A ray of sword light shot toward the old man's back as Yun Lintian reappeared behind him while swinging the Heaven Piercing Sword forward.

The old man felt a chill run down his spine as the back of his original tattered robe tore open.

The attack didn't cleave his body, however. The sharp edge of the attack merely swept across his back. A faint, bloody line appeared, spreading directly down the curve of his spine.

"Argh!" A painful cry escaped the old man's mouth as he was sent flying by the following impact.

Before the old man could smash onto the ground, Yun Lintian had already appeared behind him and sent a punch toward his back.

Crackle!

The old man's spine was entirely shattered by the punch before crashing onto the ground. Blood continued flowing out of his mouth as his body kept twitching from pain.

Yun Lintian appeared beside him with a swoosh and asked. "Can you talk?"

The old man didn't seem to hear it. He continued to struggle, trying to run for his life. This scene made Yun Lintian frown.

Yun Lintian stretched his hand out to grab the old man's wrist and said. "His soul has been damaged."

He thought for a moment and injected the wood energy into the old man's body. The latter gradually stopped struggling as time passed. The wounds and his broken bones had also recovered slowly.

At the same time, Yun Lintian stuffed a few soul-recovery pills into the old man's mouth while helping him digest.

An hour later, the old man's injuries were eighty percent recovered, and he seemed to lose the "crazy" state completely.

"Do you understand me?" Yun Lintian retracted his hand and asked.

The old man got up from the ground, staring at Yun Lintian for a while before asking. "Who are you? And how did you appear here?"

The old man clearly noticed Yun Lintian's age and was puzzled by the latter's realm. How could a mere twenty-year-old boy reach such a high realm?

Seeing the old man regain his clarity, Yun Lintian asked. "Are you a member of the Divine Thunder Palace?"

The old man stared straight into Yun Lintian's eyes and replied. "Indeed. My name is Lei Yongzheng. Thank you for helping this old man."

"Ah!" Nantian Fengyu suddenly cried out when she heard this. "Lei Yongzheng? Isn't that the name of the Divine Thunder Palace's founder?"

A trace of surprise flashed through Yun Lintian's eyes upon hearing this... No wonder this old man didn't come out to help Lei Zhengxiang all this time. It turned out he was stuck in this place.
