

Myth Beyond 1291

Chapter 1291 Rising Phoenix (1)

The Phoenix flames around Nantian Fengyu gradually dissipated, revealing her peerless appearance.

Yun Lintian could feel her temperament had undergone a huge transformation. The previously childish hint was still there, but the vibe she gave off was similar to the Divine Phoenix herself.

"Junior brother!" Nantian Fengyu flew over and jumped into Yun Lintian's arms happily, causing Qingqing and Linlin to snort in dissatisfaction.

"Congratulations, Fifth Sister. You have become a divinity now." Yun Lintian said sincerely.

"Mhm!" Nantian Fengyu responded happily. "However, my strength is still not enough to deal with those people you brought along."

"No hurry. You are still young. You shouldn't compare yourself to old monsters like them." Yun Lintian said.

Nantian Fengyu nodded gently and said. "I want to go back."

Yun Lintian naturally had no objection. He could still spare some time to visit the Southern Continent first before returning to the Northern Continent. After all, with Qingxuan over there, those invaders wouldn't be a threat unless a genuine Divine Emperor came.

Yun Lintian quickly left the Land of Beyond Heaven with Nantian Fengyu and returned to the Blazing Sun Divine City.

When he arrived, Yu Qiao and the others had already been waiting for him.

Glancing at the scattered corpses on the battlefield, Yun Lintian nodded slightly and said. "Good job."

"We didn't do anything much." Yu Qiao said gently. She glanced at a tavern on the street and asked.
"Can we go there for a while?"

Gu Wei and the others were also looked over. The meanings in their eyes were obvious. They wanted to take a break for a moment.

This couldn't be blamed on them. After all, they had been stuck in a ghostly place for thousands of years without any entertainment.

"I'll give you a day." Yun Lintian said.

"Good." Yu Qiao and the others immediately spread out and started visiting various stores in a good mood.

"In fact, I can invite them to a banquet." Yan Yaoting walked over and said.

Yun Lintian shook his head. "They don't like something too official like that."

As he spoke, he glanced at Yan Yingjun and Lei Yongzheng in the distance. From the look of it, the two seemed to know each other before.

"I didn't expect him to be the First Ancestor of the Divine Thunder Palace." Yan Yaoting looked at the two and said with a hint of disbelief.

"Maybe if you look into some ancient records, you will find out that those people I brought over were all renowned powerhouses in the ancient era." Yun Lintian said.

Yan Yaoting nodded slightly and asked. "Do you have a solution to this war?"

Yun Lintian thought for a moment and answered. "The only way to stop everything is to destroy the spatial tunnel beneath the Central Continent. As long as no further reinforcements are coming, we can slowly clean this place up."

He paused briefly and said with a serious expression. "But I have to tell you one thing. These devils are just a part of them. I haven't received the news about those people from the Divine Realm yet. They could appear here at any time."

"Their attitude will be the same as these devils that are to enslave or kill everyone here."

Yan Yaoting trembled slightly. His expression became unsightly as he spoke. "Just by these devils alone, we cannot resist anymore. I don't know what will happen if those people you said are coming later."

Yun Lintian took a deep breath and said. "I'll try my best to destroy the spatial tunnel as soon as possible."

"Be careful." Yan Yaoting said solemnly.

Yun Lintian looked around the place briefly and said. "If you can no longer defend this place, you can let them go to the Profound Sky Divine City. It will be much safer over there. When everything is over, you can let them come back."

"I will." Yan Yaoting nodded heavily.

"Are you going back to the Northern Continent?" Lei Yongzheng walked over and asked.

Yun Lintian shook his head. "I'll take a look at the Southern Continent first. If the situation is not bad, I will head straight back."

"Let me go with you." Lei Yongzheng said.

"Alright." Yun Lintian nodded and turned to Yan Yaoting. "I'll have to trouble Palace Master Yan to open the grand formation for me."

"Follow me." Yan Yaoting said and brought everyone away.

"Die!" A column of a Phoenix flame shot down from the sky as Nantian Jiyou sent her palm out.

Boom!

Accompanying by a deafening explosion, several devils below were directly burned into ashes.

"Kill!" In the far distance, countless sword flames appeared in the sky and rained down, exterminating numerous devils in one go.

Yang Chen slowly descended from the sky with a flame sword in his hand. His face was icy, filling with murderous intent.

After coming out of the seclusion, Yang Chen immediately plunged into the battlefield and constantly killed the invaders for a week now.

He swept his cold gaze over the battlefield, searching for the enemy's leader.

During this week, the strength of these devils was at most at the middle level of the Divine Ascending Tribulation Realm. He hadn't seen any Divine Foundation Realm's devil yet.

For some reason, he could smell a hint of conspiracy here. It was just that he couldn't figure it out.

"You should go back first." Nantian Jiyou flew over and said. Since Yang Chen joined the battle, he had never taken a rest until now. She was afraid that he would collapse later.

"It's fine, Second Elder." Yang Chen replied calmly. "I am worrying that something will happen soon."

Nantian Jiyou looked at the battlefield thoughtfully. "Indeed. The situation is too suspicious."

The devils that came here were blindly poured in as if they had no brains.

Just as the two were talking, the blood river on the floor gradually gathered together before spreading out, transforming into complicated ancient runes that looked like a somewhat formation.

"What is that?" One of the human practitioners pointed at the strange formation of runes on the ground and exclaimed in surprise.

His voice immediately attracted the other busy practitioners nearby, including Yang Chen and Nantian Jiyou.

Before everyone could comprehend the situation, the runes abruptly burst out with gloomy black light, forming a giant black wall surrounding the entire battlefield.

"Hehehe..." Cold laughter suddenly resounded as a middle-aged man in black appeared in the sky along with a dreadful pressure that covered the entire space...

Chapter 1292 Rising Phoenix (2)

The middle-aged man had a strange pattern on his face, and the horns on his head were in a different shape, more majestic than the others.

The aura he exuded was a thousand times scarier than any Divine Ascending Tribulation Realm expert Yang Chen and Nantian Jiyou had ever seen.

"Divine Foundation Realm's practitioner?" Nantian Jiyou frowned deeply. She could feel that her current strength was nothing but an ant in front of this person.

Without hesitation, she performed a complicated hand seal, trying to contact Nantian Xuanyu. However, she soon discovered that the connection couldn't go through.

Nantian Jiyou subconsciously glanced at the bizarre black wall with a deep frown. It must be something about this wall that blocked the connection.

"Let me introduce myself. I am one of the devil generals, Hui Yuan." The middle-aged man said leisurely.

He glanced at Nantian Jiyou and Yang Chen before continuing. "I have been observing the two of you for a while now. Both of you are truly extraordinary."

"How about serving me as my servants?"

As his voice fell, the originally frightening pressure abruptly became stronger, causing everyone on Yang Chen's side to kneel down uncontrollably.

Yang Chen was shocked to the core. With a casual wave of aura from Hui Yuan, his entire being was completely suppressed. What kind of strength was this?

Hui Yuan looked at Yang Chen and said. "What's that expression? Are you dissatisfied with my offer?... Heh. You must know that as long as I wave my hand, countless people will scramble over to be my servant."

"You should be proud since you are the first one I genuinely invited myself."

Hearing this, Yang Chen gritted his teeth, and his aura abruptly burst out. His entire body was suddenly shrouded with a radiant flame that was not much different from the sun.

This scene immediately caused Hui Yuan's expression to change drastically. "Sun God power? No... How could it appear here?"

Hui Yuan immediately dismissed the idea of making Yang Chen his servant and waved his hand, aiming to get rid of the latter as soon as possible.

In that instant, the black wall shone brightly, releasing raging flames filled with sinister darkness to cover the entire battlefield.

Everyone on Yang Chen's side instantly turned pale. Their eyes were filled with horror as they watched the black flames rushing over.

"Hahh!" While everyone was horrified, Yang Chen fearlessly brandished the flame sword in his hand toward the incoming black flames.

Boom!

The flame sword exploded forward with flames that contained the strength of the Sun God. The radiant flames exploded against the black flames, producing an extraordinarily shrill and piercing cracking sound.

The aftershocks immediately swept everyone on the battlefield away as the radiant flames entangled with the black flames, allowing everyone to avoid being killed on the spot.

"Hmph!" Hui Yuan snorted coldly and reached his hand out. Massive dark energy quickly gathered, ready to shoot out at any moment.

Before he could do anything further, Hui Yuan's heart suddenly quivered as a sense of fatal danger rose.

At this moment, a thick golden sword beam suddenly shot down from the sky, breaking all the black flames and the radiant flames before going straight to the black wall, entirely destroying it.

Boom!

The space within was crazily collapsing in on itself, and the thunderous explosions sounded like they were being produced by a heavenly bell that was being repeatedly smashed by an enormous mountain.

Scree—

At the same time, streaks of Phoenix flames emerged from the depths of the sky, flying down toward Hui Yuan, accompanied by an ear-piercing Phoenix's cry.

Hui Yuan instinctively threw the dark energy ball he gathered onto the incoming Phoenix flames, but he soon witnessed the dark energy ball instantly burned by the unbearable heat brought by the Phoenix flames.

Hui Yuan's face turned ashen. He spat out black blood and hurriedly performed strange hand seals. His figure was abruptly shrouded with a black mist as if he was about to disappear from the place.

"Hmph!" A cold snort echoed throughout the sky as a petite figure emerged from behind the group of clouds. A pair of Phoenix wings behind her suddenly expanded as she raised her hand.

"Rise!"

In that instant, the ground shook violently, and several columns of magma abruptly shot out of the earth, taking Phoenix shapes before blasting into the black mist.

"Arghhh!" Hui Yuan's miserable cry reverberated throughout the entire space as the phoenix magma engulfed him entirely.

His entire body was melting at an unbelievable speed as if his body was made of ordinary iron.

A few seconds later, Hui Yuan, including the remaining devils on the battlefield, completely vanished from the world, leaving a pile of melting magma pool behind.

Nantian Jiyou and the rest stared at the scene in a daze. Their brains couldn't comprehend the sudden change in the situation.

When Nantian Jiyou came back to her sense, she subconsciously glanced upward and immediately blurted out. "Young Miss?"

Her eyes were filled with astonishment as she couldn't believe what she saw.

The newcomer was no other than Nantian Fengyu.

Nantian Fengyu slowly descended from the sky, followed closely by Yun Lintian, and landed on the ground a few meters away from Nantian Jiyou.

"Who else if it wasn't me?" Nantian Fengyu said haughtily.

"Your strength..." Nantian Jiyou was lost for a word. The last time she saw Nantian Fengyu, she was only at the first level of Divine Ascending Tribulation Realm, but now... How could her strength jump so fast?

"Brother Yun!" Yang Chen dragged his exhausted body over and smiled at Yun Lintian.

The moment he perceived the golden sword beam, he instantly knew it was Yun Lintian who had come. After all, Yun Lintian was the only one in this world that could release such a frightening and sharp sword intent.

Yun Lintian sent out a vine to help Yang Chen recover and said. "Not bad. Your strength has improved a lot since the last time."

Yang Chen shook his head. "It's still far from enough. If you hadn't come, I probably ended up dead here."

"You won't." Yun Lintian said with a faint smile while glancing toward the Divine Phoenix Palace.
"Someone has been preparing to intervene for all this time."

"It seems you have already obtained it... It's faster than I thought." A cold female voice resounded as the Divine Phoenix appeared in everyone's sight.

Chapter 1293 Apocalyptic Calamity (1)

Yun Lintian naturally understood that the Divine Phoenix's words referred to the Spatial Wheel.

"Show me." The Divine Phoenix landed a few steps away from Yun Lintian and said.

Yun Lintian didn't say anything. He raised his hand, and the space around the Divine Phoenix trembled before tearing apart, revealing a huge spatial rift.

Yang Chen and the others looked at the scene in shock. As top experts, they naturally knew how difficult it was to break the space and create a spatial rift.

If it was easy, they wouldn't need their escaping techniques anymore. They would just tear the space apart and escape through the void.

The Divine Phoenix glanced at it and said with a frown. "It's too weak."

She looked at Yun Lintian and asked. "Did something happen to it?"

Yun Lintian's brows raised slightly. "It's indeed weakened for many years. You seem to know it very well."

"How do you think it came to this world?" The Divine Phoenix said with a faint smile.

"What do you mean?" Yun Lintian asked in puzzlement.

"You don't have to know it." The Divine Phoenix said. "Although it's several times weaker than before, its power should be enough to allow you to destroy the spatial tunnel here."

"However, if you want to step into the Divine Realm with it, it's still far from enough."

Yun Lintian frowned in confusion. Why would he need the Spatial Wheel to get to the Divine Realm?

Seeing his expression, the Divine Phoenix took the initiative to explain. "Have you forgotten the Dragon Sealing Formation around this world? Do you want to destroy it in order to go to the Divine Realm? By then, everyone around you will definitely die."

Yun Lintian immediately realized the crux of this matter. If he destroyed the spatial tunnel, it meant no one in this world could go to the Divine Realm.

If he wanted to go, he needed to take the Dragon Sealing Formation off, which meant this world would be fully exposed to everyone in the Divine Realm.

"How to do then?" Yun Lintian asked.

"You need to create a spatial node between this world and the Divine Realm." The Divine Phoenix answered. "To do that, you must first grasp the spatial laws of the Divine Realm. However, as long as the Spatial Wheel is strong enough, you don't need to worry about this."

"So, all you need to do is to recover its power as much as possible."

She paused briefly and said further. "The only place with enough of the spatial power is behind the spatial tunnel itself... Do you see the problem now?"

Yun Lintian's eyebrows knitted together upon hearing this. If he wanted to recover the Spatial Wheel's power faster, he needed to go out of this world. At the same time, it would also mean putting the world into a riskier position.

However, Yun Lintian didn't struggle for too long. He immediately made a decision. "It doesn't matter. I will destroy the spatial tunnel first, and we can find a way later."

The Divine Phoenix took a deep look at Yun Lintian and said with a faint smile. "How kind... I am looking forward to seeing how your kindness will play out later."

She then glanced at Nantian Fengyu and said. "Come back with me. I will help you refine the residual power left in your body."

Nantian Fengyu pouted in dissatisfaction, but she knew it was for her own good. With her current strength, she was too weak to fight top experts like Hui Yuan earlier alone.

She bit her lips and looked at Yun Lintian pitifully. "Junior brother, it seems your Fifth Sister will have to part with you here."

Yun Lintian smiled and handed her a storage ring. "There are pastries you like inside. Just tell me if they are not enough. I will let someone send them over."

"Good junior brother." Nantian Fengyu smiled sweetly and happily took the ring away.

Afterward, she waved her hand and flew away with the Divine Phoenix.

"Brother Yun, are you going back to the Northern Continent?" Yang Chen asked.

"Yeah. Do you want to go back?" Yun Lintian asked.

"Yes. I have been away for too long. I don't know how my sister and father are now." Yang Chen said with a trace of worry on his face.

"Just your sister and father?" Yun Lintian teased.

Yang Chen's face turned slightly red as he waved his hand. "Wanru too."

Yun Lintian laughed and said. "Let's finish this first, and I will hold a wedding for you two."

Yang Chen nodded heavily. "Yes."

Although Yun Lintian made it sound like the current situation wasn't bad, Yang Chen knew in his heart that it was the worst calamity they had ever faced.

He didn't even know if everyone could go through this.

Yun Lintian turned to Nantian Jiyou and said. "There should be many others coming later. If something happens, be sure to contact me as soon as possible."

"I will." Nantian Jiyou responded with a serious expression.

Yun Lintian didn't say anything further and brought Yang Chen away. He was going to use the secret teleporting formation to reach the Northern Continent directly.

The Northern Continent, Ice Thread City.

Below the city wall, countless devils were trying to break the protective barrier, but none of them had ever succeeded in even making a crack in it.

Compared to the other continents, the situation here on the Northern Continent could only be described as heaven.

"It's amazing." On the city wall, Fu Tiangang looked at the scene with astonishment. "I didn't expect the formation Elder Yun set up this time to be this powerful."

"It should be a divine level, right?" On the side, Ding Jiangou said.

One had to know that there were many Divine Ascending Tribulation Realm experts among the devils below, yet they couldn't break the formation after attacking for a whole week.

At first, everyone in the city was nervous when they saw a horde of devils coming, but it was the opposite now. With this kind of protective barrier, they could take their time draining the enemy's strength before launching their full attack.

Fu Tiangang retracted his gaze and turned to look at a peerless woman on his right side. "What should we do next, Miss?"

The woman's face was covered with a white veil, but it couldn't hide her mesmerizing charm.

She was no other than Lin Xinyao.

Lin Xinyao looked at the sky and said. "They are coming."

Chapter 1294 Apocalyptic Calamity (2)

As Lin Xinyao's voice fell, a few figures in black appeared on the horizon, followed by an intense suppressive aura that caused everyone's heart to tremble.

"They are..." Fu Tiangang's expression changed drastically because he perceived that the auras of these people had already exceeded the peak of the Divine Foundation Realm.

Normally, a single peak expert at the Divine Foundation Realm was more than enough to suppress everyone here. And now, a group of people stronger than that actually appeared... What to do now?

Thinking of this, Fu Tiangang couldn't help saying. "Miss..."

Lin Xinyao didn't say anything. She watched as the group of five people flew over before stopping a few hundred meters away from the city.

"Oh? A tier 2 divine formation?... This world never stopped surprising me." The man in the lead said.

"Big brother, look at that woman." A tall man beside him pointed at Lin Xinyao.

"What a beautiful woman...Moreover, her bloodline..." The man in the lead, Hui Ming, squinted his eyes at Lin Xinyao. For some reason, her bloodline gave him a strong suppression, but he couldn't figure out what it was.

"Don't kill her." Hui Ming thought for a moment and said.

The tall man, Hui Yu, licked his lips and said. "Don't worry. It would be a pity to kill such a peerless baby."

Hui Ming was used to his younger brother's lustful nature and didn't say anything about it.

He glanced sideward and said. "Who wants to come?"

"Let me." A bulky man on his right suddenly stepped out and sent a punch.

Boom!

The space in front of him trembled violently as a wave of energy burst out of the bulky man's fist.

A black mist rose from his body, and the energy wave instantly turned darker until it turned completely pitch-black before shooting toward the barrier.

This scene immediately horrified everyone inside the city.

Just as the energy wave was about to hit the wall, Lin Xinyao suddenly raised her hand. A purple radiance abruptly burst out from her body as a gigantic purple moon appeared in the sky.

The entire space turned cold instantly, and the wave of energy from the bulky man gradually slowed down before completely freezing and dissipating.

Hui Ming's pupils shrank as he saw this scene. "Divine Moon Clan's royal bloodline!"

"Divine Moon Clan? She's a royal descendant of the Divine Moon Clan?" Hui Yu was shocked and then became excited. "Hahaha! We hit the jackpot!"

The Divine Moon Clan was well known among the Great Devil Realm as their noble bloodline's unique ability. Especially a royal bloodline one. It was said as long as any devil drank their blood, their Devil Core would instantly reach a state of perfection, making them fully compatible with the dark element.

All the devils would always look for people from the Divine Moon Clan. It could be said this was a passive goal everyone had in their mind.

A few years ago, Hui Yu heard that a royal princess of the Divine Moon Clan secretly sneaked out to gain experience and was found out by a top figure of the Great Devil Realm.

The hunt lasted for a few months, and the royal princess somehow successfully escaped with silvers of life.

Everyone camped around the Divine Moon Realm, waiting for her return, but she seemed to disappear into thin air.

Since then, no one had ever heard about her again.

Hui Yu looked at Lin Xinyao carefully and believed that she was the royal princess everyone was looking for.

Without thinking further, Hui Yu stepped forward with a black lance silently appearing in his hand. His aura surged as he threw the lance toward the barrier.

"Break for me!"

Boom!

The black lance seemed to travel across the void and arrived before the barrier.

As the black lance collided with the barrier, the entire space started rumbling as if the world was about to fall apart.

The barrier shone brightly, working hard to block the black lance, but its power continued to decline at a visible rate.

"Bring everyone away." Lin Xinyao said calmly while mobilizing the Divine Moon's power to help the barrier resist the black lance's might.

Fu Tiangang didn't hesitate to open the formation and started evacuating directly.

"Heh. Where are you going?" Hui Yu sneered and clasped his hands together.

All of a sudden, devilish, black flames burst out of the lance and blasted toward the barrier.

In that instant, the barrier finally reached its limit and shattered into pieces directly.

The expression of everyone changed drastically, and they urged everyone to get into the formation.

"Miss!" Fu Tiangang shouted and tried to pull Lin Xinyao over. However, the impact of the explosion immediately sent him flying.

Even Du Jiangou, who possessed a powerful movement technique, couldn't avoid it and was blasted away along with Fu Tiangang.

Amidst the explosion, Lin Xinyao looked at the incoming black flames calmly without any agitation.

On her shoulder, Mumu glanced at her and said. "Done?"

Lin Xinyao said gently. "Yes. I know my current limit now."

Lin Xinyao came to the frontline because she wanted to test her limit against a powerful enemy. And with Mumu by her side, she had the confidence to get out of any predicament.

Mumu pouted. "You better cook me some good food later."

In Mumu's opinion, this was absolutely unnecessary for Lin Xinyao to come here just to test her limit. After all, she could do it against Qingxuan.

However, she could also understand that only in front of the enemy could Lin Xinyao release her power to the fullest without fear of hurting the opponent.

Mumu pointed her fluffy paw at the incoming black flames, and the purple jade on her forehead immediately shone brightly.

In that instant, the Divine Moon in the sky that was gradually dimmed suddenly burst out a brighter purple radiance, followed by a bone-freezing gust of wind.

The black flames, the lance, and all the devils below were instantly turned into ice sculptures before exploding into countless ice particles.

"Ugh..." Hui Yu let out a painful groan as his body slowly froze from his chest to other parts of his body.

Hui Yu himself and everyone watched as his body became frozen bit by bit...

Bang!

Hui Yu's body exploded in that split second, reducing into a pile of ice powder under Hui Ming's bewildered gaze...

Chapter 1295 Apocalyptic Calamity (3)

Hui Ming's brain seemed to freeze by the cold wind that he couldn't comprehend the situation. The power Mumu displayed was obviously at the peak of the Divine Foundation Realm, but its destructive strength was far beyond that.

One had to know that Hui Yu's profound strength was already at the sixth level of the Divine Spirit Realm, but he couldn't even block it.

Hui Ming returned to his senses, and his face was full of anger. His aura abruptly burst out as he didn't care about the world's restrictions anymore.

When his aura surged, the sky immediately darkened, followed by the heavenly might of the Heavenly Tribulation.

The faces of the three people behind Hui Ming turned pale instantly when they saw this. Once the Heavenly Tribulation was provoked, they would undoubtedly die.

After all, the stronger they were, the more powerful the Heavenly Tribulation became. Not to mention they possessed a devil bloodline that was weak against the heavenly might in nature.

The three of them glanced at each other and quickly executed their movement techniques, escaping without looking back.

Meanwhile, Hui Ming's mind was fully occupied by rage. All he wanted right now was to avenge his younger brother.

Rumble—

As Hui Ming's aura burst out, combined with the heavenly might, everyone on the Northern Continent could feel the entire world tremble as if everything was about to fall apart.

All the dark energy in Hui Ming's body swelled up as deep gray devilish markings lit up on his face.

In an instant, the roiling dark devilish energy formed an enormous black shadow behind him. This black shadow was tens of meters tall, and it had a shape of a coffin that threatened to bury everyone in this world.

A brutal and frenzied aura that promised pain leaked out from that shadow, causing all the energy in Hui Ming to grow frenzied as well. Clearly, he held nothing back.

"GO TO HELL!"

In the next moment, the coffin shadow expanded across the sky before dissolving into countless beams of dark energy and raining down upon the entire continent.

At the same time, densely packed thunderbolts carried the heavenly might stormed down, aiming to eradicate every living being under the sky.

"Hmph! This is not a place for a little devil like you to be presumptuous." Mumu snorted coldly at the scene.

She raised her paw slightly, and the Divine Moon in the sky burst out a divine radiance, swallowing all the beams of dark devil energy.

BOOM!

In that instant, the space above the Northern Continent completely shattered. The color of the wind changed as deafening energy explosions, and the extremely terrible shrill sound of something being devoured rang in the air for a long time.

"You!... Who are you...?" Hui Ming spat out a mouthful of blood as he glared at Mumu with deep hatred. He didn't understand why there was such an existence in this tiny world.

Before he could do anything further, his entire body was instantly bombarded by the heavenly thunderbolts and shattered into pieces—not a single trace could be seen left behind.

The Heavenly Tribulation seemed to hesitate briefly about whether it wanted to attack Mumu before slowly dissipating in the end.

The world gradually returned to its original state, along with countless sighs of relief from everyone.

However, Mumu didn't stop at that. She squinted her eyes at the three devils that were running away and waved her paw gently.

Several thousand kilometers away, the three devils were running for their lives, but the next moment, they suddenly felt something wrong and discovered their lower halves were covered with bone-chilling frosts.

"No... Master, save me!" One of them shouted in horror as he turned into an ice sculpture in the next breath before shattering into ice powder.

The other two were the same. Their bodies exploded into ice particles and dissipated along the wind.

In the far distance, Xue Jie looked at everything played out with a hint of surprise in the depths of his eyes. In these few days, he obtained a lot of information, but none of them stated that there was a guardian beast of the Divine Moon Clan here.

"Thankfully, I didn't show my face." Xue Jie was relieved inwardly.

Although he was a genuine Divine King, he was actually nothing in front of the Divine Moon Clan's guardian beast, especially in this lower world, where he couldn't exert his strength to the fullest.

"As expected from the Beyond Heaven King...." His eyes narrowed slightly. He seemed to understand now why the Beyond Heaven King chose to leave his legacy in this world.

This wasn't a treasure trove, but clearly a huge trap!

Xue Jie suddenly thought of Lou Jie and couldn't help wondering... He should be fine, right?

He inadvertently gazed toward the Heavenly Cloud Mountain's direction as he thought of this.

Since Lou Jie went to that place, he had never come out again.

Xue Jie shook his head and muttered. "Forget it. His life and death are not my business."

He took a deep look at the Northern Continent in the far distance before disappearing from the place.

"Oh?" Mumu noticed something as she looked at Xue Jie's location.

"What is it?" Lin Xinyao asked curiously.

"Nothing. Just a small fly is slipping away." Mumu said disdainfully.

She looked at Lin Xinyao and said. "Hurry up. Go back and cook me some good food."

Lin Xinyao ignored her and turned to Fu Tiangang. "I'll leave this place to you, City Lord Fu."

Fu Tiangang had just recovered from the shock and quickly responded. "Leave it to me."

Lin Xinyao didn't say anything further. She threw a purple skyship out and stepped onto it before setting off toward the Moon Garden.

"I-I didn't expect that harmless-looking rabbit..." Ding Jiangou swallowed hard when he spoke this. The astonishment on his face had never faded even now.

Fu Tiangang smiled wryly. "Come to think of it. I tried so hard to protect her from those Divine Thunder Palace people back then. It turned out she didn't need me at all."

Ding Jiangou patted Fu Tiangang's shoulder and said. "At least you formed a good relationship with her. That's enough."

Fu Tiangang suddenly thought of his son, Fu Tianya, and let out a sigh. "I'm afraid Tianya has no fate with her."

Hearing this, Ding Jiangou went silent immediately. Fu Tianya's admiration for Lin Xinyao was known to everyone in Thunder City... This was destined to be unrequited love, it seemed.

Chapter 1296 Apocalyptic Calamity (4)

In the depth of the starry sky where billions of stars could be seen everywhere, a group of ten men was confronted with a mysterious figure covered in a black robe from head to toe.

The aura the group of men emitted belonged to the peak of the Divine King Realm.

"Do you know who we are? How dare you stop us?" A tall man in blue battle attire stared coldly at the mysterious figure.

Initially, he and his group were heading toward the Azure World under the command of their master, the Myriad Star Divine Emperor. However, this mysterious person in front of him popped up out of nowhere and stopped them from advancing.

Furthermore, the strength of this person was clearly far above theirs. At least, it must be the Divine Sovereign Realm. Even if they wanted to run, they wouldn't be able to escape the person's palm.

"Go back." The mysterious person said coldly.

The tall man's eyes narrowed slightly upon hearing the person's voice. Although it was well concealed, he was able to find a trace. "A woman?"

The mysterious figure didn't say anything further, but her aura gradually seeped out, completely suppressing everyone in the scene.

Facing the oppressive aura, the tall man gritted his teeth and said coldly. "I don't care who you are, but I can tell you that you will end up dying miserably for offending our Master, the Myriad Star Divine Emperor."

Just as the mysterious woman was about to move further, she suddenly noticed something and glanced toward the black space behind the group of men.

At this moment, the space there started to twist, and a blue light abruptly shot out, projecting a man with a dignified aura. His face was blurred with a white mist, but everyone could feel he was staring at the mysterious woman.

"Master." The tall man and the others quickly bowed their heads toward the projection.

The man in the projection was no other than the Myriad Star Divine Emperor.

"Endless Dream?" The Myriad Star Divine Emperor's ethereal voice resounded.

His words immediately startled the tall man and his comrades. Their expressions changed drastically when they thought of the meaning behind it... This woman was actually sent over by the Endless Dream God Emperor?

The mysterious woman didn't say anything and continued exerting the aura to further suppress the ten men.

"Although I don't know why your Master sent you here, you better stay out of it." The Myriad Star Divine Emperor said emotionlessly.

"Why don't you tell her to step back, and I will treat it like nothing has happened."

The ten men below trembled in fright. Although their master was a top Divine Emperor, there was still a gap between him and a genuine God Emperor like the Endless Dream God Emperor... Their master actually threatened her people!? No! He threatened her directly!

The ten of them felt their hearts almost explode. Once the Endless Dream God Emperor got angry, just a single thought from her, they wouldn't know how they die.

"Hehe. How about adding me?"

A leisurely female voice suddenly resounded from the depth of the starry sky, attracting everyone's attention.

When they looked over, they saw a giant skyship fly over, and on the deck, a charming woman in red could be seen standing there.

"Red Lotus?" The Myriad Star Divine Emperor's voice finally changed. "Why are you here? This doesn't seem to have anything to do with your Master."

"So what? I just want to mess with you. Isn't this reason enough?" The woman in red said with a chuckle.

She gently floated out of the skyship and landed beside the mysterious woman. "Long time no see, Sister Meng."

The mysterious woman with a surname Meng glanced at the woman in red and said nothing.

The woman in red was obviously sent over by the Red Lotus God Emperor.

"Two God Emperors... It seems both of your masters are not giving up, huh?" The Myriad Star Divine Emperor calmed down and said.

The woman in red squinted her eyes at the Myriad Star Divine Emperor and snorted coldly. "Do you think those God Emperors behind you are going to protect a loyal dog like you forever?"

The Myriad Star Divine Emperor said coldly. "You two better remind your masters that they should know who to mess with."

"How noisy." The woman in red waved her hand annoyingly, and the space around the Myriad Star Divine Emperor's projection shook violently before exploding.

"You will regret it..." The Myriad Star Divine Emperor stared at her and said coldly before his projection dissipated.

The woman in red curled her lips and glanced at the ten men. Her gaze was nothing out of the ordinary, but it sent a chill running down their spines.

Before they could do anything, their bodies were shredded into pieces directly.

The woman in red pinched her nose and waved her other hand to burn all the remains of the ten men. "Ugh. What a terrible smell."

After blowing the ashes away, she asked the mysterious woman. "Are you planning to go over there to pick your young miss up?"

The mysterious woman didn't say anything, but the woman in red wasn't angry. She said further. "How about going together? I heard that something is going on over there right now."

While she was talking, the mysterious woman's figure suddenly disappeared from the place.

The woman in red clicked her tongue and muttered. "This woman is still cold as an ice block. What a boring."

As she spoke, she jumped onto the skyship and headed toward the azure-colored star at the end of the starry sky.

Boom!

Inside a secret hall, Weilan Jian's aura burst out before calming down a few minutes later. His face was full of excitement as he clenched his fists tightly, feeling the newly gained power vigorously flow inside his body.

"Hahaha! Finally!... Finally!" He suddenly burst into wild laughter out of excitement.

After painstakingly refining the Azure Dragon Origin Blood for a whole year, he finally succeeded and stepped into the peak of the Divine Foundation Realm.

Moreover, he could feel that as long as the environment allowed, he could break through to the next realm with no problem.

He laughed for a good while before calming down and putting on a new robe.

He didn't forget to glance at Weilan Tian, whose appearance was no different from a corpse on the altar, and said calmly. "Thanks for the gift. Don't worry. I will keep your life for now."

Chapter 1297 Apocalyptic Calamity (5)

"Ugh..." Weilan Tian groaned weakly. His lifeless eyes fixated on his biological grandfather. He knew this man was cruel but had never experienced it. Now, everything was clear.

"Don't look at me like that." Weilan Jian arranged his robe and said with a faint smile. "If you want to blame, you should blame yourself for being too weak."

"Do you remember what I taught you before?... Heaven will never let a small kid bear a weight heavier than his capability."

He used divine energy to clean the dirt out of his body and continued. "And you're that kid."

Weilan Jian took one last glance at his grandson and turned around, preparing to leave. "I will do as I said. Your life is still useful for me."

"Heh... Hehe..."

Just as Weilan Jian was about to step out of the room, Weilan Tian suddenly let out hoarse laughter, making him halt his track.

Weilan Tian slowly lifted his head to look at Weilan Jian and said. "You're right. Heaven will never let you bear a thing that doesn't belong to you. Hehe... I hope you can remember this sentence when the time comes."

Weilan Jian furrowed his brows slightly as he turned around to look at his grandson. "What do you mean?"

Weilan Tian let out a chuckle and said nothing. His eyes were full of disdain, looking at Weilan Jian as if he was looking at a clown.

Pah!

Weilan Jian frowned slightly and released his power to slap Weilan Tian's face. Blood spurted everywhere, but Weilan Tian didn't seem to feel any pain. He continued to look at Weilan Jian without evading.

Weilan Jian took a deep look at his grandson for a long time before flicking his sleeve and walking out of the room.

After his grandfather left, Weilan Tian's head drooped slightly. His lifeless eyes gradually regained a firm determination.

I cannot die here... I have to take revenge...

As he thought of this, he slowly closed his eyes, trying to preserve his life force.

When Weilan Jian walked out of the room, he was quickly greeted by Weilan Tianjun. "Congratulations, father!"

Standing in front of Weilan Jian, Weilan Tianjun could feel a coercive force emitted from the former. It was a force that made his entire body and soul submit to Weilan Jian, and he had the urge to worship him.

Weilan Jian glanced at his son and asked. "How's the situation?"

Weilan Tianjun took a deep breath and said solemnly. "It's not good, father. Countless devils are coming through the spatial tunnel and wreaking havoc everywhere right now."

"Devils?" Weilan Jian frowned slightly. "Is their goal the world's core as well?"

Weilan Tianjun shook his head. "Apparently, no. According to the investigations, they are looking for a legacy of a top powerhouse from the Divine Realm called Beyond Heaven King."

"Beyond Heaven King? What a domineering name." Weilan Jian muttered to himself.

He glanced at Weilan Tianjun and asked further. "What do you know about it?"

Weilan Tianjun quickly said. "I have been looking into this matter during this period and found some clues about it... If I'm not mistaken, the appearance of the mythical realms around the world has something to do with this powerhouse."

"And the only one person that comes into contact with the mythical realm the most is...."

Before Weilan Tianjun could finish his sentence, Weilan Jian spoke out first. "Yun Lintian."

Weilan Tianjun nodded slightly. "It's him. I believe that he has obtained the legacy. His abnormal strength explains it all."

"I knew it..." Weilan Jian said expressionlessly. "What about them?"

Weilan Tianjun naturally understood what "them" meant. He said with a solemn expression. "They contacted us a few days ago, but I don't know why they haven't arrived yet."

Weilan Jian's eyebrows raised slightly as he seemed to think of something.

A moment later, he said calmly. "Find Yun Lintian's location for me."

"Understood." Weilan Tianjun responded readily and went out.

Weilan Jian's eyes flickered a few times as he muttered to himself. "It's time to leave this lowly world."

"He came out?" In the plum blossom garden, Xing Tengfei listened to the report and asked in surprise.

"Yes, father." Xing Yongnian replied respectfully.

"It seems he has successfully refined the dragon blood." Xing Tengfei took a sip of tea and said calmly.

"Father..." Xing Yongnian hesitated as he didn't think it was good news.

Xing Tengfei waved his hand and said. "You can leave. No need to worry about it."

Xing Yongnian reluctantly replied. "Understood."

Just as he was about to walk out, Xing Tengfei said further. "Those people are not reliable. It's time to use the second plan."

Xing Yongnian was surprised and quickly replied. "I will make an arrangement now."

With that, he turned around and left.

Xing Tengfei slowly savored the tea for a while and talked to himself. "The stage is set, and the actors are ready... Let's see what kind of show you can give me."

His eyes reflected the starlights, seemingly filling with unfathomable wisdom.

Heavenly Cloud Mountain.

At this moment, Lou Jie was floating above Heavenly Cloud Mountain, looking at Yun Xia, who was standing opposite him.

"I didn't expect the famous Cloud Reaper in the past to actually hide here." Lou Jie said calmly. "Your concealing technique back then is truly marvelous to successfully deceive everyone like this."

"However," Lou Jie's eyes narrowed slightly as he said further. "I wonder if you are still the cold face fairy who reaps countless Divine Emperor's life in the past."

"You should leave here." Yun Xia said expressionlessly. Her eyes were tranquil as if Lou Jie, the peak Divine Emperor in front of her, was nothing but air.

Lou Jie evoked an evil smile as he asked. "I know that you are worrying about people here... But are you sure that you can protect them?"

Yun Xia's face was still as calm as ever. She merely glanced at him and said. "Leave while I'm still in a good mood."

Lou Jie's face gradually turned cold. He abruptly raised his hand, and massive dark energy swiftly gathered.

However, before he could do anything further, he felt a cold sensation on his neck, followed by Yun Xia's cold voice that seemed to resemble a devil from hell.

"So, you choose death?"

At the same time, a blade-shaped white mist could be seen pressing against Lou Jie's neck. With a single thought, Yun Xia could reap his life directly...

Chapter 1298 Apocalyptic Calamity (6)

Lou Jie's heart shook violently as he looked at the cloud blade on his neck in disbelief. His mind went blank as he couldn't comprehend how Yun Xia did it.

One had to know that both of them were on the same level regarding the profound realm. No matter how powerful the enemy was, it was almost impossible for Lou Jie to fail to notice the enemy's move.

Lou Jie quickly calmed down and said coldly. "You won't dare to kill me here. After all, once my blood spills here, nothing good will happen to the people in this world."

Yun Xia looked at Lou Jie calmly and moved her hand gently, causing the cloud blade to sink into his neck.

"You..." Lou Jie was shocked by Yun Xia's move. Without a doubt, she dared to kill him here.

"Your devil emperor bloodline is indeed harmful, but it's not difficult to deal with." Yun Xia said expressionlessly. "Have you forgotten where this place is?"

Lou Jie's pupils shrank as he thought of something. That was right. This world possessed the Beyond Heaven King's legacy. With the Beyond Heaven King's power, dealing with his devil blood was as easy as flipping hands.

Realizing this, he took a deep breath and said. "I'll go back... However, I cannot guarantee that my master will give up."

"At least you have some brains." Yun Xia said calmly and retracted the cloud blade.

Lou Jie took a deep look at her. "The Beyond Heaven King is truly worthy of being the most powerful God Emperor. Everything is within his godly vision from the beginning to the end."

"I'm looking forward to seeing what kind of monster his successor could become."

His figure vanished from the place before reappearing in front of the spatial tunnel and disappearing into it.

Yun Xia went silent momentarily and waved her hand, conjuring a thick barrier that could not be seen through to cover the entire mountain range.

After leaving the tunnel, Lou Jie floated in the starry sky, looking at the azure-colored world with killing intent. He indeed did what he said to leave the Azure World, but he didn't mean to let it go.

"Since I couldn't get it, all of you should disappear." Lou Jie's aura surged, and massive dark energy quickly spread, shrouding the Azure World.

"Oh? And here I thought who makes some noises. It turns out to be a little devil."

Just as Lou Jie was about to make a move, a lazy female voice suddenly resounded from the depth of the starry sky.

In the next moment, the skyship with the woman in red on it slowly appeared in Lou Jie's vision, causing his expression to change drastically.

This woman was undoubtedly the peak Divine Emperor like him, but it couldn't prevent the sense of danger from rising in his heart.

Lou Jie's instinct screamed madly, telling him to run as soon as possible, and he didn't hesitate to comply.

Instantly, his figure vanished into a dark mist and disappeared from the place.

"Tsk. All the devils are the same. They are good at running." The woman in red clicked her tongue in dissatisfaction.

At the same time, a vast red lotus emerged in the place where Lou Jie had stayed earlier. If he was a split second slower, she could have successfully captured him.

The woman in red glanced around the place briefly and muttered to herself. "This is weird. Where did Sister Meng go? How could she let a little devil slip away?"

She shook her head slightly and controlled the skyship toward the Azure World.

On the Western Continent, countless devils were stationed here. They simply took it over from the Poison Valley and made it their base.

At this moment, Tianqi Junlai knelt on the ground with an ugly expression. He thought he could borrow the Poison Valley's power to fight the world, but these devils suddenly came out of nowhere and ruined everything.

Furthermore, his Sky Qilin Clan had now become their slaves, unable to raise their heads.

Sitting in the highest seat, Dai Ling didn't care about Tianqi Junlai's feelings. He glanced at him and asked. "So you're saying this Yun Lintian will likely be the Beyond Heaven King's successor?"

Tianqi Junlai lowered his head slightly and replied. "Yes. From the information you gave me, he's perfectly fitting the profile."

"Where is he now?" Dai Ling asked further.

Tianqi Junlai shook his head. "I don't know."

"Trash." Dai Ling snorted coldly and gave a kick at Tianqi Junlai, sending the latter flying.

He turned his gaze toward Jue Kong, who sat on his right and asked. "Can you find him?"

"It's not difficult." Jue Kong said calmly. Although he was dissatisfied with Dai Ling, he didn't show it on the surface.

"His people are living on the Northern Continent. As long as you attack them, he will definitely appear."

"Oh?" Dai Ling nodded slightly. "Let's do it."

On the side, Pan Zongying interrupted. "Since he isn't there to protect his people, it means he has prepared something around them. Have you forgotten the previous lesson?"

Dai Ling's expression froze as he thought of the terrifying figure inside Heavenly Cloud Mountain.

"You... You are right. He must have something." Dai Ling said with a lingering fear. "What should we do now?"

Pan Zongying glanced at Jue Kong and said. "You seem to know him very well. What is your opinion?"

Jue Kong slowly turned toward Tianqi Junlai, who struggled to get up from the ground and said. "Let him go."

Hearing this, Tianqi Junlai's heart trembled. Sending him to Yun Lintian was no different from sending him to die.

However, no matter how unwilling he was, he had no choice here.

"I am willing to go." Tianqi Junlai took a deep breath and said. "However, Yun Lintian's people are very powerful. I want to bring my people along. Naturally, it will be even better if you can give me some of your people."

Dai Ling frowned in dissatisfaction and wanted to give another kick at Tianqi Junlai but was stopped by Pan Zongying first.

Pan Zongying nodded slightly and said. "I will send a hundred Divine Ascending Tribulation Realm's people to accompany you. Do it well."

Tianqi Junlai cupped his fists and said. "Thank you."

Afterward, he turned around and left directly.

Dai Ling frowned and looked at Pan Zongying questioningly. "What if he wants to play a trick?"

Pan Zongying curled her lips. "He won't dare."

Jue Kong looked at the two and secretly sneered in his heart. He couldn't wait to see how they died under Yun Lintian's hand later.

Chapter 1299 Apocalyptic Calamity (7)

Above the Central Continent, Xue Jie witnessed everything between Lou Jie and Yun Xia. He didn't expect there would be a powerful Divine Emperor hiding here.

Moreover, Lou Jie, the right-handed man of Mo Tian, was actually defeated in a single move.

Without thinking further, Xue Jie quickly contacted his master, Jun Rong, and reported everything.

A while later, a cold female voice resounded from the other side. "Have you found it?"

"Yes. His name is Yun Lintian." Xue Jie replied respectfully. "His strength is indeed abnormally high. He can fight across the realm. He's at the first level of the Divine Foundation Realm now, but I feel he can even fight any Divine Spirit Realm's expert."

"Then it must be him." Jun Rong said.

The Beyond Heaven King was well-known for the overwhelming strength that allowed him to fight across the realm, and Yun Lintian fit the description.

"Do everything you can to bring him back. If you can't, just kill him." Jun Rong said further.

"Understood. I'll try my best, Master." Xue Jie knew that it was extremely difficult to deal with Yun Lintian even though he was a genuine Divine King, but he had no choice since it was an order.

"Don't worry. Regardless of the result, I won't treat your family badly." Jun Rong said.

"Thank you, Master." Xue Jie said gratefully.

Xue Jie took a deep breath and glanced at the Central Continent below. A sinister light flashed across his eyes as his aura surged.

"All of you shall tremble forever in the darkness."

In that instant, it was as if all the lights in the world had vanished, making the world plunge into absolute darkness.

Seeing this scene, Xue Jie glanced at the sky briefly before returning to the spatial tunnel. Instead of going out to find Yun Lintian, he planned to wait here, as he believed Yun Lintian would eventually come.

Moreover, if something happened, he could use the chance to slip away through the tunnel.

However, when Xue Jie returned to the spatial tunnel area, he was stunned to see a mysterious figure covered from head to toe standing there.

Under the figure, countless remains of Xue Jie's people could be seen.

"You..." Before Xue Jie could say anything further, his vision suddenly turned upside down.

With a plop sound, his head fell to the ground and rolled a few times. His vision slowly faded into a forever darkness.

Until his death, he still couldn't comprehend how he died.

The mysterious figure was no other than the woman with the surname Meng. She had just arrived here and proceeded to kill every single devil in this area.

She glanced around briefly before her figure vanished from the place.

After she left, the skyship slowly emerged from the spatial tunnel with the woman in red on it.

"Oh?" The woman in red glanced at the corpses on the ground in surprise and muttered. "This should be Sister Meng's doing... Alas, she's always a half step ahead of me."

With that, she slowly steered the skyship out.

Swoosh!

On the Moon Garden, the grand formation suddenly lit up, and Yun Lintian, Linlin, Qingqing, Lei Yongzheng, and Yang Chen slowly emerged.

"You're back." The moment Yun Lintian appeared, Yun Qianxue immediately came over.

"Sorry for making you worry again." Yun Lintian looked at her and said apologetically.

Yun Qianxue shook her head and said gently. "I know that you will be safe and sound."

"Greetings, Fairy Yun." Yang Chen bowed his head slightly.

Yun Qianxue nodded at him and said. "Welcome back. Your family is currently residing inside the city below."

"Thank you for taking care of them during this period." Yang Chen said gratefully and quickly left after giving Yun Lintian the nod.

"How's the current situation?" Yun Lintian asked.

Yun Qianxue glanced at Lei Yongzheng and remained silent. She could feel an oppressive aura from this person. Without a doubt, he was a top expert.

"This Senior is the founder of the Divine Thunder Palace, Senior Lei Yongzheng." Yun Lintian quickly introduced him.

"Senior, this is my sect master, Yun Qianxue."

Lei Yongzheng normally didn't care much about a junior, but when he knew her identity, he quickly cupped his fists and said politely. "Greetings, Fairy Yun. You're very talented."

Yun Qianxue cupped her fists. "Junior Yun Qianxue greets Senior Lei. Please forgive me for my poor manner."

Lei Yongzheng smiled and asked. "I heard that my grandson and granddaughter are here. Can you show me the way?"

Yun Qianxue replied. "They are currently living in the courtyard behind the blossom garden."

Lei Yongzheng looked in the direction Yun Qianxue pointed at and said. "Thank you."

With that, his figure disappeared from the place, as he couldn't wait to see his grandchildren after so many years.

"Everything is good. Those devils were already gone, including their leaders." Yun Qianxue said.

"However, I just got a piece of news that Weilan Jian has come out of seclusion. As for Xing Tengfei and Du Shoushan, there are no movements from them."

"Weilan Jian?" Yun Lintian's eyebrows raised slightly. He had almost forgotten about this person. Since he came out, perhaps it was the right time for Yun Lintian to deal with him.

"I heard that there's a Divine King appearing here." Yun Lintian said in doubt.

"He was scared away by Mumu." Yun Qianxue replied.

"Oh?" Yun Lintian was stunned. He didn't expect Mumu to be this powerful.

"I don't know why, but Mumu said she has regained some of her power." Yun Qianxue explained.

Yun Lintian nodded slightly and was about to say something. Suddenly, he perceived something unusual in the sky.

Rumble—

At this moment, the sky darkened, and the world started to tremble. The air gradually filled with a dark aura several times stronger than the usual Abyssal aura.

"What is this...?" Yun Lintian frowned deeply.

"This is an aura of a Divine King." Hongyue's voice resounded in Yun Lintian's mind.

"An aura?" Yun Lintian was taken aback. Just an aura could actually cause the world to tremble. How powerful was that?

"More precisely, it's just a one-tenth of his aura," Hongyue explained. "The world has its own ceiling. You cannot release a power beyond the peak level of the Divine Foundation Realm. Otherwise, it will provoke the Heavenly Tribulation."

"However, it is a Divine King, after all. A tiny portion of his power is more than enough to destroy this lower world."

Chapter 1300 Apocalyptic Calamity (8)

Yun Lintian looked at the dark sky briefly before flying up and releasing his aura.

The night sky was immediately illuminated with a sea of golden brilliance. However, the brilliance only lasted a few minutes before disappearing into the darkness.

This scene made Yun Lintian frown deeper.

"What's going on, Hongyue?" He asked in his mind.

"As I told you earlier, this is an aura from a genuine Divine King. And it's a devil with a strong bloodline. Your power may be able to resist it, but to cleanse it, you need an opposite elemental power, that is the light element." Hongyue explained.

"Unless your power is far stronger than it. You won't be able to remove it easily."

"I see." Yun Lintian nodded slightly.

"Lintian, all the profound beasts on the Northern Continent go berserk now." Yun Ruanyu suddenly flew over and said.

Yun Lintian glanced downward and saw many profound beasts start to make a fuss as if they had lost their minds.

"The problem is we cannot kill all of them this time. Otherwise, the ecology here will be completely broken. There won't be any profound beast in the future." Yun Ruanyu said further.

Million of profound beasts died in the previous profound beast horde events. Although the Northern Continent wasn't affected much, it could no longer afford to lose more.

Yun Lintian thought for a moment and said. "Let's try to use the Profound Spiritual Liquid first."

As he spoke, his figure vanished from the place and reappeared in a forest not far away from Misty Cloud Peak.

"Roar!"

As soon as profound beasts saw Yun Lintian, they immediately let out violent roars as if they encountered a mortal enemy and charged toward him.

Yun Lintian raised his hand gently and froze the profound beast's legs, making them unable to move further.

At the same time, he threw a bucket of the Profound Spirit Liquid toward them.

Immediately, the rampaging profound beasts froze where they stood as the confusion in their eyes faded away quickly like extinguished flames.

A moment later, the profound beast returned to being confused but peaceful.

"It works." Yun Lintian said in relief.

However, before he could completely relax, the peaceful profound beasts began to change again. Their confused eyes gradually turned red, brimming with killing intents.

"Roar!"

Yun Lintian was startled for a second, and his heart turned heavy.

He raised his hand and restrained all the profound beasts before pouring the Profound Spirit Liquid into their mouths, forcing them to swallow it.

In the next moment, the profound beasts returned to their original peaceful appearance once again. This time, Yun Lintian didn't let them go. He continued to observe them.

As he had expected, a few minutes later, the profound beasts started berserk again, and they even became more violent.

Yun Lintian's brows involuntarily knitted together. It seemed the only way to save them was to use the light elemental... But where could he find it?

"Can it end by killing the culprit?" Yun Lintian asked.

"Unfortunately, no," Hongyue replied calmly. "He has fused his aura into the world's energy flow directly. Unless you purify it, you won't be able to stop it even if you killed him."

Yun Lintian's expression became unsightly upon hearing this.

"There's no other way?" He asked.

"There is," Hongyue said. "Go beg Qingxuan."

Yun Lintian was taken aback.

"However, I doubt she would help you. After all, you haven't dealt with Weilan Jian yet." Hongyue said calmly.

"What about Grandma Yun?" Yun Lintian asked.

"She... You can try." Hongyue paused for a moment and said. "But are you sure? You are her master's successor, and now you want her to deal with your problem. Don't you feel ashamed about it?"

Yun Lintian opened his mouth, and no words came out in the end. It wasn't that he wanted to ask for help, but he felt this matter should be dealt with as soon as possible before everything got worse, and he simply had no quick solution for it.

"Calm down." Yun Qianxue slowly flew over and landed beside Yun Lintian. "Took a deep breath. Every problem has a solution. It's just that you need to calm down first."

Yun Lintian took a deep breath and said. "You're right."

Just as Yun Lintian was about to say something further, he suddenly perceived a familiar aura approaching him.

When he looked at the sky, a group of more than a hundred people quickly flew over, led by Tianqi Junlai.

Yun Lintian's eyes narrowed slightly because he noticed everyone behind Tianqi Junlai was all devil.

"Long time no see." Tianqi Junlai paused midair and said to Yun Lintian. However, his voice didn't seem to have any hostility.

"You are Yun Lintian?" A tall man clad in black behind Tianqi Junlai said coldly. "Come with me obediently, and I will spare everyone around you."

He glanced at Yun Qianxue and saw her profound strength was only at the peak of the Monarch Profound Realm. He didn't take her to heart at all.

Although he couldn't see through Yun Lintian's realm, it was impossible for him to be stronger than the peak of the Divine Ascending Tribulation Realm. That was why he was so confident like this.

Yun Lintian looked at the tall man weirdly and glanced at Tianqi Junlai. "You are coming here to capture me?"

Tianqi Junlai said firmly. "Yes."

At the same time, he sent a sound transmission to Yun Lintian. "I was forced to come by two high-ranked devils named Dai Ling and Pang Zongying. They held my clan hostages."

Seeing that Yun Lintian ignored him, the tall man was angry and released his aura, trying to force Yun Lintian to kneel down.

However, he soon discovered something wrong. Yun Lintian was completely fine as if his aura was nothing but a spring breeze.

"Done?" Yun Lintian glanced at him and asked. "It's my turn... Get down."

Yun Lintian's aura quickly spread, and all the devils behind Tianqi Junlai immediately trembled in fright. Their eyes were full of terror as they looked at Yun Lintian.

Before they could do anything further, they were immediately dragged to the ground by an absolute force.

Boom!

All the hundred devils were smashed onto the ground, and their bones, muscles, and internal organs were shattered by the impact.

Buzzz—

In that instant, countless golden sword beams shot out of spatial rifts and went straight toward the hundred devils, reaping their pitiful lives directly.

This scene immediately made Tianqi Junlai's entire body turn cold...
